

The Schoolgirl Secret Agent - Chapter 2579 - 2600

2579 Chapter 2579 I am Yun Jian, her daughter

Yun Ni walked into the house and glanced at Yun Jian who was sitting in the house. Then, he asked Zhou ran, "Is there a guest?"

After saying that, Yun ni didn't avoid it. He took out a big stack of Red Grandpa Mao from his briefcase and handed it to Zhou ran. "Ran, take the money!"

Seeing the money, Zhou ran shed tears again. However, she still reached out her trembling hand to take the money from Yun Ni.

Compared to Zhou ran and Yun shinning, Yun Ni's clothes were much better.

That was because Yun ni was an old employee of a company in Qu Zhou and his income was not low.

The clothes he was wearing were issued by the company, so it was naturally not too bad.

In fact, Yun Ni's clothes were usually very simple and crude.

"Take this money and ask Old Zhang to send someone out to look for it. Don't be afraid, we still have a long life ahead of us. The child will definitely be found! If we can't do things without money, the child will come back one day..."

Yun Ni placed his hand on Zhou ran's shoulder and said these words. At the end of his sentence, even his own voice sounded a little hoarse.

Yun ni wiped away his tears and revealed a smile. He turned around and walked out. Before he left, he glanced at Yun Jian and said, "Then, please treat the guests well. If I don't go back, I will be discovered."

Although Yun ni and Zhou ran divorced, he had been saving money for Zhou ran.

Zhou ran took the money and begged people to find Yun Jian and Yun Zhu. It had been fifteen years.

For fifteen years, they had been living like beggars, wearing old and tattered clothes. Even food and clothing were a problem for them, but they had never given up on looking for their children.

"Dad! Be careful on the way back!" Yun shinning said to Yun ni.

"Okay!" Yun ni nodded.

Just as Yun ni was about to leave, two figures suddenly appeared at the gate.

One of them was old, and the other was young.

The old lady was in her fifties or sixties. Her clothes were average, and in this slum, she should be considered a rich person.

In fact, she was just dressed up as a well-off family.

The one who was missing was a woman in her thirties or seventies, and she was dressed gorgeously.

The moment this old lady appeared, she glared fiercely at Zhou ran and started scolding her:

“Good! You Slut! You’ve divorced my unfilial son for so many years, and you’re still pestering him! What are you doing with our family’s money? What are you doing?”

The old lady was Yun Ni’s mother, who was also the mother-in-law who tried to commit suicide by swallowing sleeping pills and forced Yun ni and Zhou ran to divorce.

“You are letting yourself go and living a good life. All these years, you have been harassing my Ni’er! You Bitch! Ni’er will marry Wenwen next month! You Bitch, Mistress! Die as soon as possible!”

As the old lady spoke, she pulled the 36-year-old woman who was standing beside her and scolded Zhou ran.

This 36-year-old woman was the Wenwen whom the old lady had mentioned who was going to marry Yun ni next month.

Shentu Wen was an employee of the same company as Yun ni, but her position was lower than Yun Ni’s. As a result, the old lady liked her and insisted on forcing Yun ni to marry her.

Yun Ni did not agree, and this delay had dragged on for so many years.

“Since ancient times, mistresses have caused trouble! Lowly servant! You Dare to take my family’s money after getting a divorce! I’ll beat you to death!”The old lady stared at the pile of hair in Zhou ran’s hands. She was so angry that her hair stood on end.

She rushed over and wanted to grab Zhou ran’s hair and beat him up. She wanted to snatch the money.

However, just as the old lady’s hand was about to land on Zhou ran, a pair of beautiful hands grabbed the old lady’s collar.

“Who, who are you! This is my family’s matter. You are an outsider. Get lost!”The old lady saw the cloud slip suddenly stand up. She spat at the cloud slip and cursed.

At the moment when Shentu Wen looked at Zhou ran with pride, everyone thought that Yun Jian would cower.

However, Yun Jian pointed at Zhou ran in front of everyone and expressionlessly said something that shocked everyone:

“I was separated from her 15 years ago. I am her biological daughter, Yun Jian!”

2580 Chapter 2580 tutted non-stop as she began to lecture

“If you want to talk about outsiders, you should be the outsider. To Flaunt your might in my house, who do you think you are?”

Yun Jian grabbed the old lady’s hand and said these words, which were extremely calm to her, without any expression.

The moment she said those words, Zhou ran, who was holding a stack of Grandpa Mao’s clothes, rushed forward to stop the old lady when she was about to attack Zhou ran. There was also Shentu Wen, who was carrying a branded bag and wearing a professional outfit that matched Yun ni’s, as well as Yun ni and the old lady.

Everyone present was completely stunned at the spot after Yun Jian said that.

“You, you, you, you! What did you say! ?”The first person to react was not Zhou ran, but the old lady.

The old lady stared at her pair of black eyes as a look of horror flashed across her face.

“Jian... Jian ‘er? You Are... you are Jian ‘er! ?”After Zhou ran heard Yun Jian’s words, she stared at her without moving. Her eyes were fixed on Yun Jian. Her voice was extremely soft and her words were heavy. Every word seemed to come out with all her strength.

Yun Ni was instantly dumbfounded. The briefcase in his hand fell to the ground with a “Pa-ta” sound.

“Didn’t you say that you have been lost for fifteen years! How could you find it back! ?”Shentu Wen had naturally heard of Yun Ni’s family background. She spoke in disbelief.

The old lady’s expression was terrifyingly dark.

"Are you my elder sister... You Are My... elder sister! ?" Yun Lian was stunned. The next second, she suddenly rushed in front of Yun Jian and threw herself into his arms.

"Elder sister! Elder sister! Elder sister!" She was 18 years old, she was five centimeters taller than Yun Jian. She had short hair and looked just like Yun Lian, who was dressed like a boy. She used all her strength to cry. She had not shed a single tear for more than 10 years and her face was filled with tears.

Yun Jian was only three years old when she left.

Yun Jian was already more than ten years old when her younger brother was kidnapped.

Yun Jian was no longer around, so she was her elder sister.

On the day her parents divorced, Yun Jian cut off the long hair that she had loved for more than ten years. She swore that she would protect her mother, just like a boy.

She would be the pillar of the family!

She would protect her mother from being bullied! That was why she forced herself to live like a boy!

After witnessing Yun Jian's skills at Ximen market, Yun Lian's face was filled with envy. If she had such skills, she would not have been bullied all the time.

When she found out that Yun Jian was her biological sister, she recalled how Yun Jian had protected her. Yun Lian burst into tears on the spot.

She, too, had her sister to protect her!

In response to everyone's shock, Yun Jian calmly said, "I am."

"If you say so, then it is? What if it isn't? How can you prove that you are the Yun Jian who was lost fifteen years ago?" When the old lady heard that Yun Jian was her long-lost granddaughter, not only was she not excited, she even glanced at Yun Jian.

To the old lady, other than the boy, no one else had anything to do with her.

Before Yun Jian came out of Zhou ran's stomach, the old lady treated Zhou ran very well. She looked as if she wanted to rip out her own heart and liver.

After Yun Jian came out of Zhou ran's stomach, she glanced at it. It was a girl. The old lady rushed home from the hospital in a huff overnight and never went to the hospital to see Zhou ran again.

After knowing Yun Jian's identity, the old lady was not surprised. Instead, she loathed her even more.

"She is! She must be my Jian 'er! From the first time I saw her! I knew she must be! I can feel it! She is my Jian 'er!"

Zhouran's body trembled. The pile of fur in her hand fell to the ground. She rushed over and hugged Yun Jian.

Money was never more important to Zhou ran than her child.

She opened her mouth. Happiness came too suddenly, and Zhou ran wanted to say something.

She had thought of the words countless times in her dream, but after seeing Yun Jian, she could not open her mouth.

"Can... You Call Me Mom?" Zhou ran asked. She raised her eyes and looked at Yun Jian.

Yun Jian looked back at her. When Zhou ran and everyone else thought Yun Jian would not open his mouth, she pursed her lips and said expressionlessly, "Mom."

"What Mom! Stay away from My Yun family! and take my son's money! So what if I find my daughter! Don't think that my unfilial son will raise your daughter for you! The woman who lost my eldest grandson! If you have the guts, find my eldest grandson!"

The old lady pounced on Grandpa Mao and picked him up from the ground. She glared at Zhou ran and lectured her incessantly.

2581 Chapter 2581 whether it was enough or not, I will lend you the money

The Old Lady was afraid that Zhou ran would ask her son for the living expenses of the cloud note if it came back.

She also hated Zhou ran for letting her eldest grandson Yun Zhu, whom she had obtained with great difficulty, be kidnapped.

"Mom!" Yun ni listened to the old lady's words and shouted loudly.

"What's the matter? Did you turn against your mother? Ni'er, are you going against your mother for a woman who has nothing to do with your divorce? Don't forget that you are going to marry Wenwen next month! Wenwen, is it?"

Before Yun ni could finish his sentence, the old lady had already picked up Grandpa Mao, who had slipped from Zhouan's hands onto the ground. She stuffed him into her arms as if she was afraid that he would snatch him away.

Her round eyes stared fiercely at Yun Jian and Zhouan, as if she was afraid that Yun Jian and Zhouan would come forward and Snatch Grandpa Mao from her arms.

"Auntie, I suggest that we get her to do a DNA test. Then, we will know if she is Ni'er's daughter. After all, in our company, Ni'er is already a prominent figure."

"You must be wary of others."

Shentu Wen walked to the old lady's side and held her hand. As though she was obeying the old lady's words, she said.

"You still call me Auntie! Next month, you and Ni'er will be married! Call Me Mom!"The old lady's attitude towards Shentu Wen was nothing compared to how she treated Zhouan, it was like heaven and earth. She patted the back of Shentu Wen's hand affectionately and said.

With that said, she looked at Zhouan with a look of deep disgust, "Did you hear that? I told you to bring this person who calls herself your daughter to do DNA! Also, don't even think about getting a penny from my family!"

"Bam!"After the old lady said that, Yun ni punched a wooden table.

"Clang Clang Clang Clang!"The wooden table emitted a huge shaking sound.

Along with the loud shaking sound, Yun ni roared at the old lady angrily and hoarsely, "Enough! Don't tell me that I can't tell if my daughter is my daughter! Is there a need for her to do something like DNA? !"

"I have never agreed to the wedding next month! If you want to marry me, you can do it yourself! Other than tainting, I will never marry anyone in my life!"

"Scram! Scram! Get the hell out of Here!"

Yun Ni was usually an honest and honest person. Shentu Wen had taken a liking to Yun ni for this reason.

If she were to marry Yun ni in the future, with Yun Ni's personality, wouldn't all of Yun Ni's money be under her control?

However, the furious Yun ni was a stranger to the old lady and Shentu Wen.

The old lady and Shentu Wen were shocked by Yun Ni's sudden turn of events.

“You are rebelling! All of you are rebelling! Darn woman, you better remember this. Don’t think that I don’t know how much money my unfilial son has borrowed from you! That sum of money should be at least a hundred thousand! If you do not return this money, I will sue you in court tomorrow!”

The old lady took a few steps back in fright after being scolded by Yun Ni. She looked at Zhou ran and shouted like a crazy woman.

“100,000?” Just as the old lady was shouting like a crazy woman, Yun Jian raised his eyes. Her eyes were cold and her lips moved slightly as she spoke.

“That’s right! 100,000! This money, your mother will never be able to save up even if she worked her whole life! After the divorce, she still pestered my unfilial son. The mistress is talking about your mother!” The old lady stared at her eyes and made up nonsense.

Just when the old lady thought that Yun Jian would use words to refute her, or when she was surprised that Zhou ran owed her family so much money, Yun Jian’s lips moved slightly. “Oh, 100,000.”

The next moment, everyone saw Yun Jian walk to the side and take the travel bag that she had left at the main entrance.

Then, in front of everyone present, she opened the zipper of the travel bag and put it on its head.

Everyone saw piles and piles of dollar bills being thrown out of the travel bag.

At that time, Yun Zhi was half-squatting. She picked up a pile of dollar bills from the ground and waved it in front of the old lady. She still said expressionlessly,

“This pile of 10,000 dollars is equivalent to more than 60,000 RMB. I have 500,000 dollars and more than 3,000,000 RMB. Old Lady, is it enough to pay you back?”

2582 Chapter 2582, where did it go? She opened her mouth and confessed

Although it wasn’t the red-colored Grandpa Mao, the people present had never seen so much money in their lives. At this moment, they were all stunned.

The old lady’s eyes were wide open. Her black eyes turned left and right. Her face was as white as ice as if she had eaten shit.

“Enough... enough, enough, enough...” the old lady seemed to have been possessed by a ghost as she walked towards the cloud note.

Her eyes were filled with the pile of dollar bills in front of the cloud note.

The moment the old lady appeared in front of the cloud note in an infatuated manner.

The cloud note curved coldly. Unknowingly, a lighter appeared in the cloud note's hand.

This scene made Shentu Wen, the old lady, Yun Ni, Zhou ran, and Yun Biliao's eyes widen in shock.

"What are you doing? What are you doing, child! ? No!"The old lady rushed over.

However, the cloud note was one step faster than her. In front of the old lady, it burned the pile of dollar bills into ashes.

Just as the few people present stopped breathing in a daze and looked at the scene in front of them in disbelief, the cloud note's cold laughter sounded, "Unfortunately, I won't give you a single cent of this money even if I burn it to Ashes."

So much money was instantly burned to ashes by Yun Jian!

The expressions of the old lady and Shentu Wen were the most interesting.

It was equivalent to three million RMB! Money that they could never earn in their entire lives!

Just like that... It was burned by Yun Jian ... It was burned...

"Money..."the old lady was angered by Yun Jian. She rolled her eyes and fainted in front of everyone.

"Sis! You are too domineering!"Yun Lian clapped and looked at Yun Jian with admiration.

"But SIS, how do you have so much money?"Yun Lian asked what Zhou ran, Yun Ni, and Shentu Wen wanted to know.

The money belonged to Yun Jian himself. Furthermore, Yun Jian had been separated from them for fifteen years, so Zhou ran and Yun ni would not say anything about Yun Jian burning the money.

After all, they were biological mothers. Yun Ni had already helped the old lady to the hospital.

Shentu Wen had also left.

"It's fake."After Yun ni helped the old lady to the hospital and Shentu Wen left, Yun Jian said calmly.

“PFFT! SIS, you still have the habit of carrying fake money on you! That old lady was scared out of her wits just now. I have long disliked her! I’m going to anger her to death! She deserves to be angered to death!” Yun Tao said with a laugh.

“Huan ‘er, mom is going to cook dinner. You should take Huan ‘er out for a walk!” Zhou ran looked at Yun Zhi with excitement.

“I know, Mom! Let’s go out for a walk. We’ll be back in a while!” Yun Zhi knew that Zhou ran was going to cook something delicious tonight. She excitedly pulled on Yun Zhi and walked out.

...

The residences in the slums were all close to each other. The surroundings were also very messy. It was simple and ordinary. There was even a pungent smell coming from some places. It was extremely unpleasant.

Yun Lian simply took Yun Zhi out of the slums and went to a similarly simple but relatively clean school.

“Sis! This is my high school! I’ll take you to have a look! There’s no one in school today!” Yun Lian called out “Sis” smoothly. As she spoke, she held Yun Zhi’s arm and walked into the simple and crude school gate.

“Oh right, SIS, what have you been doing outside all these years?” Yun Lian pulled Yun Zhi excitedly into the school gate. She suddenly thought of something and turned to ask Yun Zhi.

Yun Zhi’s eyes flashed when she was asked. Under Yun Zhi’s expectant gaze, she opened her mouth and confessed, “I...”

2583 Chapter 2583, Yun Jian’s words, Type 64 pistol

“Yun Tao! It’s You!”

Before Yun Jian could finish his sentence, a male voice came from the entrance of the small high school.

When Yun Jian heard this, he turned his head to look.

He saw a group of more than ten boys walking over with a basketball.

The boy who spoke was the one who walked in front of the group.

He had short, messy hair and was dressed in a basketball jersey. He was 1.85 meters tall. He was not the most handsome boy in the group, but he was a very attractive type.

Behind the group of boys was a group of girls who were infatuated with him.

Even if this high school was not famous, there were always boys and girls who were not bad looking. This was inevitable.

“Zhou Zao, are you guys training basketball here again?” Yun Ling looked at the boy and asked.

Yun Ting clearly saw Yun Ting’s face blush when she asked the boy, Zhou Zao.

“Yes! Do you want to come with us?” Zhou Zao seemed to only treat Yun Ting as a boy. He walked over and put his hand on Yun Ting’s shoulder naturally and asked.

Zhou Zang saw Yun Zhi. He nodded at Yun Zhi and smiled. He asked Yun Zhi, “Who is this? I’ve never seen him before.”

“This is my sister!” Yun Zhi answered quickly.

Yun Zhi showed a happy expression as he spoke.

“Your sister? Your Sister Is Back? Haha, I Wish You The Best!” Zhou Zang obviously knew Yun Zhi’s family background. He laughed and said.

“Hello, Sister Yun Jian. My name is Zhou Zao, and I’m a member of our school’s basketball team!” Zhou Zao took the initiative to express his goodwill to Yun Jian.

“Hello,” Yun Jian replied for the first time.

“Zhou Zao, it’s time to continue practicing basketball! We’ll have to play in the game soon!” A brother of Zhou Zao called out to Zhou Zao in the distance.

“Okay!” Zhou Zao replied. He said a word to Yun Jian and Yun Jian and walked over there.

...

Yun Jian accompanied Yun Zhi to watch Zhou Zao and the others practice basketball for half an hour.

At six o’clock, the sun was about to set.

Zhou Zao wiped the sweat off his face with his clothes and walked over to Yun Zhi.

Yun Zhi was holding a water bottle in his hand. Yun Zhi knew that Yun Zhi prepared this for Zhou Zao.

“Zhou Zawa, I prepared water for you!” Just as Zhou Zawa was about to walk over to Yun Zhi, a girl suddenly spoke.

As she spoke, the girl took the initiative to pass her water bottle to Zhou Zang.

“Yun Shinning, why are you fighting with me for water? You’re not a girl! What if people see you passing water to Zhou Zang? What if they think you’re a Girl?” The girl glanced at Yun shinning with contempt, then, she took the initiative to pass her water to Zhou Zang.

“No, I’m not thirsty.” Zhou Zang smiled awkwardly when he saw this.

Actually, it was not that Zhou Zang was not thirsty, but he did not want to put cloud in a difficult position.

“Okay.” The girl also took back her water when she heard this.

The girl’s name was Wan Youyou.

“Bro! Come on! Guess what I found for You! ?” At this time, a boy came over with a bunch of things in his hands mysteriously.

“What is it? Why Is It So Mysterious?” Someone sat on the steps and asked while drinking water.

“It’s a gun! A buddy of mine stole it from his house. I heard it was used during the war in the last century. Now the parts are all scattered, but I can enjoy it!” The boy walked to the front of the crowd, he showed the parts in his arms to the crowd.

Seeing this, everyone surrounded him.

“When these parts are combined, they are the pistols that are often used in the Movies! ?” Wan You, the girl who was fighting with Yun shinning for the water, looked at the parts in the boy’s arms with surprise.

“Yeah! Just looking at these parts, I wonder what kind of gun this gun is and what the gun’s name is.” The boy who was holding the parts nodded when he heard Wan You’s words.

Just as everyone was looking at the parts in the boy’s arms curiously, a girl who was as beautiful as the sound of nature suddenly rang out. Her words were like a huge clap of thunder, causing everyone to freeze on the spot and glare fiercely:

“This is a Type 64 pistol, the first pistol that Z country developed on their own. It was designed in 1964 and produced in 1980. It is a more ideal self-defense weapon.”

2584 Chapter 2584 guns were said to be made in foreign countries

The sound that came out of Yun Zhi's mouth resounded throughout the hall. As soon as the words left his mouth, everyone was stunned.

Everyone slowly turned their necks to look at Yun Zhi. Their eyes were filled with shock.

"You, you know guns?"

When the boy who was holding a bunch of gun parts in front of everyone for everyone to admire heard Yun Zhi's words, he revealed a trace of shock that could not be concealed.

Wan Youyou, the girl who had fought with Yun Zhi to pass water to Zhou Zang and claimed that Yun Zhi was a man, was also looking at Yun Zhi in shock.

The girls present were not bad-looking, and Yun Zhi was considered the most outstanding among the girls. Everyone was a high school student who had never been out of a big city, so they did not have too many distracting thoughts, so no one paid much attention to Yun Zhi.

Although the people here were poor, they had never been out of society, so everyone's thoughts were relatively simple.

"Interested,"yun Jian said under everyone's eyes.

"Interested? Even if you are interested, your family probably doesn't have the funds to let people read information about firearms, right?"Wan you said after Yun Jian finished speaking, as if she was eager to interrupt Yun Jian.

As soon as she finished speaking, Wan Youyou immediately turned her head to look at the boy holding all kinds of gun parts and added, "Mu Zixi, other than playing basketball, I often see you guys reading about firearms after class, right?"

"She's just a girl, so her understanding of firearms is definitely not as profound as you guys. Moreover, Mu Zixi, the pistol you brought has already become a part, how could she still recognize it?"

Wan Youyou did not Hate Yun Jian from the first glance, and she had no reason to Hate Yun Jian.

However, between girls, they usually held hostility toward women who were not their friends. At least, in their words, they wanted to have an absolute advantage.

Wan Youyou was like that.

“Wan Youyou, she’s Yun Biao’s elder sister!”Zhou Zang reminded Wan Youyou, who thought she was very smart, a little awkwardly.

Hearing this, Wan Youyou’s face stiffened.

That’s right, she had forgotten that Yun Jian did not live with Yun Biao since she was young!

Yun Biao’s elder sister had separated when she was five years old. This was a well-known fact!

Then what she said just now was not true!

Now, no one knew where Yun Jian had gone and what he had done in the fifteen years that they had been separated!

“Cough! We only know a little bit about it. Later, my buddy will come over. My Buddy has a deep understanding of handguns. He can answer anything that we don’t understand.”

“I also fished this gun from my buddy. I plan to teach everyone a lesson first!”

Mu Zixi broke the awkward atmosphere. He opened his mouth and laughed out loud.

Actually, no one believed what Yun Jian said.

After all, she was a lady. was she really interested in guns?

But the others wouldn’t be like her and make it sound so dead.

Yun Jian naturally saw it, but she didn’t say anything after she said that.

It was obvious that she didn’t care about what others thought.

“Sister, I believe you!”Yun Ling suddenly whispered into Yun Jian’s ear.

When Yun Jian heard this, he looked up at Yun Ling.

Yun Ling blinked at Yun Jian the moment Yun Jian looked at him.

“Hey! My Buddy Is Here!”Mu Zixi saw a boy walking over and stood up excitedly.

“Dog, come here quickly. What kind of gun is this? Tell us!”Mu Zixi saw his buddy and raised the pile of gun parts in his hand from afar.

Hearing this, everyone pricked up their ears as if they were waiting to hear a show.

While everyone pricked up their ears and listened, Mu Zixi's brother blushed as he touched his mouth under the gaze of so many people. Then, he said,

"It's said that this pistol was snatched from a foreigner's hand..."

The moment he said this, everyone shot a doubtful glance at the cloud paper.

If it was stolen from a foreigner, then it definitely wasn't a Z country pistol! It definitely wasn't called a Type 64 pistol! It was a foreigner's pistol, a pistol named after a foreigner!

Just as everyone looked at Yun Jian, Mu Zixi's brother spoke again, saying something that stunned everyone present:

"The pistol model is Type 64, a pistol developed by Z country. It's a type of self-defense weapon."

2585 Chapter 2585 could recognize it by feeling

If everyone had mistakenly thought that the pistol belonged to a foreigner when they heard Mu Zixi's brother say, "The pistol was snatched from a foreigner's hand," then it must have been made by a foreigner, they definitely wouldn't have named it after a model similar to the Z country pistol.

Then what Mu Zixi's brother said afterward was like a giant slap to the face of everyone who had questioned the cloud note.

"What? What did you say, dog? Repeat it for us!" Mu Zixi's expression suddenly changed when he heard his brother's words. He looked at his brother and said loudly.

A huge question mark flashed across Mu Zixi's heart. He frowned slightly and swept his eyes across the scene as if he didn't understand. He was stunned for a moment before he said,

"I said the model of this gun is type 64... a handgun developed by Z Country? Why? Did I say it wrong?"

Just as Mu Zixi and his brothers finished speaking, Mu Zixi had already jumped down the stairs and walked towards the cloud paper. At the same time, his stunned words were softly transmitted from Mu Zixi's mouth towards the cloud paper:

"F * ck! You really know how to use a gun! Awesome! Just looking at these scattered dozens of parts, you recognized the model of the gun! I almost thought you were in the army before!"

After Mu Zixi said that, his brother finally understood what was going on.

Mu Zixi's brother also looked at the cloud paper in shock. In front of everyone who was shocked, he said to the cloud paper,

"I have studied guns for so many years, but this gun is scattered. I couldn't recognize the model of the gun at a glance. May I ask, how did you recognize the model of the gun at a Glance?"

Mu Zixi's brother was called Jing Cheng. He was a very casual person. Other than understanding his hobbies, he didn't like to talk to others. If he was asked a question in public, he would blush.

After hearing Mu Zixi's words, Jing Cheng knew that the cloud memo could recognize the model of the gun with a glance. Jing Cheng immediately became interested and rushed to the cloud memo as if he was taking advantage of it.

In fact, this question was not only what the people around wanted to know, even Yun Lian was full of doubts.

What had her sister Yun Jian encountered in the past fifteen years?

"Did she just happen to guess it?" Wan Youyou still did not believe it. She glanced at Yun Jian and was silent for two seconds before she spoke.

Sure enough, after Wan Youyou said this, Yun Jian said, "It was a feeling."

He recognized the model of this pistol based on a Feeling?

To put it nicely, he recognized the pistol based on a feeling, but to put it bluntly, wasn't it just a coincidence?

Wan Youyou spread her hands and made an expression that said, "You see, this is the truth."

People lived in the poorest slum in Qu Zhou, and Wan Youyou was also a frog at the bottom of a well. She didn't know about pistols, so naturally, she didn't know that there were many models and varieties of pistols in the world.

For people who didn't know about pistols, it was simply impossible to guess the type of pistols blindly.

If someone who didn't know about pistols got it right one day, then congratulations, you could immediately buy a lottery ticket to win five million dollars.

"Coincidence? You Don't know how many types of pistols there are in this world!" Jing Cheng defended Wan Youyou.

Later, when Wan Youyou's expression changed, he asked Yun Zhi again, "Then how do you use your senses to identify the type of pistols? Can you teach me?"

Jing Cheng changed the way he addressed Yun Zhi from "You" to "You".

Unexpectedly, after Jing Cheng asked this, Yun Zhi patted her pants that were stained with dust on the steps and pulled up the clouds to walk down the steps.

Everyone thought that Yun Zhi was going to leave without paying any attention to Jing Cheng.

However, when Yun Zhi was halfway there, she suddenly turned around. Her beautiful eyes flashed sharply and left a sentence for Jing Cheng that everyone present seemed to understand, but their bodies trembled:

"When you have to hold all kinds of guns in your hands one day and fight the enemy, you will naturally be able to recognize the types of guns based on your senses."

2586 Chapter 2586 Zhou ran's aunt came looking for her

Yun Jian's words were very subtle, giving people a feeling that they didn't really understand.

But if you thought about it carefully, it wasn't hard to understand what she said.

The knowledge learned from books was far less clear than the knowledge gained from an hour of actual practice.

For example, if you studied English in books for six years in primary school, three years in junior high school, three years in senior high school, a whole twelve years of study, it was definitely faster and better to throw you into an English-speaking country to study for two years.

All the knowledge Jing Cheng knew about firearms came from books.

This kind of knowledge could only be considered memorizing by rote at best.

The meaning of the Yun Jian was practical operation.

When you could actually operate all kinds of firearms and play with them skillfully and skillfully, then even if you didn't know the type of firearms and didn't even notice it yourself, you would have already deeply imprinted it in your mind, it won't go away.

"Let's go home and eat."

Everyone around was stunned by Yun Jian's words.

Not only was Yun Jian able to say such profound words, but more importantly, since Yun Jian could say such words...

Did that mean that she knew guns so well, just like she said.

She had once had to hold all kinds of firearms in her hands to fight the enemy! ?

After all, Z country was a country that explicitly forbade the use of firearms, and Yun Jian was Yun Lian's biological sister who had been lost for fifteen years before she found her.

If this was compared...

Then where had Yun Lian's biological sister, Yun Jian, gone all these years! !

Everyone present was full of doubts in their hearts, and they were very eager to know the answer.

However, by the time they wanted to ask, Yun Jian had already gone far away with her.

"Zhou Zang, see you tomorrow!"

After Yun Jian and Yun Jian walked more than ten meters away from everyone, she turned around and waved at Zhou Zang.

"See you tomorrow." Zhou Zang nodded at Yun Jian. Her short black hair was very dazzling under the setting sun.

...

Yun Jian had thousands of questions she wanted to ask Yun Jian herself, but she still chose to ask them after dinner.

When she got home, Zhou ran had already prepared a very sumptuous dinner — a small fish the size of a hand, a plate of home-grown vegetables, a pot of pickled meat with bamboo shoots, and a plate of stir-fried glutinous rice sausage.

The last two dishes were produced during the Lunar New Year. Because Zhou ran's family raised pigs, she was given some pork. She developed the pork and made glutinous rice sausage.

If it were in the past, so many dishes would have been Zhou ran's and Yun Shinning's food for five days.

But today, Yun Jian came back. Zhou ran compared what she made at night to what she used to make. It was many times more sumptuous.

“Jian ‘er, I don’t know what kind of life you’ve been living outside these years... I’m Sorry!”As she said this, Zhou ran’s tears fell again.

“It’s okay, I’ve been living very well these years.”Yun Jian pursed her red lips, pulled out a napkin from the table, and handed it to Zhou ran.

Zhou ran quickly wiped her tears.

“Eat! Although this dish isn’t very good, try it! Try Mom’s cooking skills!”

Zhou ran stood up and picked up some food for Yun Jian.

Yun Jian ate all the food that Zhou ran picked up.

To Yun Jian, their relationship was not that strong. After all, they had not been together for long.

However, Zhou ran was also a person that Yun Jian treasured very much.

“Clang! Clang! Clang!”Just as Yun Jian and Zhou ran were in the middle of their meal, a woman in her forties rushed in from outside the door.

This woman was holding an iron pot in her hand. When she saw Zhou ran, the woman placed the iron pot in front of Zhou ran and started to curse loudly:

“Good for you, Zhou ran! You’re so capable! You actually made my mother faint and sent her to the hospital! Do you have a conscience? !”!

“In the past, when we were at the Yun family, none of us abused you! Do you have any shame? ! My brother has already divorced you! And you’re still pestering my brother!”

2587 Chapter 2587 actual actions, tell you

The person who came was none other than Yunni’s biological sister, spruce.

Spruce was Yunni’s biological sister, which was also Zhou ran’s former sister-in-law.

And in a certain sense, she was still the aunt in name of the cloud paper.

After Yunni and Spruce’s mother, the old lady, were sent to the hospital by the cloud paper, spruce heard the news and rushed here with the iron pot at home.

Spruce was furious. She heard that her mother was sent to the hospital because of Zhou ran’s eldest daughter. She didn’t even have time to loosen her apron, which was tied in front of her while cooking dinner, she ran over here to demand an explanation.

“What and what? That old lady was sent to the hospital by her own anger. What does it have to do with my mother?”?

“Also, when my mother was in your house, how much anger did she suffer from you? You should be the ones who are Shameless! My father and my mother are in love! You had to force my father and my mother to get a divorce! Old Woman!”

Yun Lian was not the kind of person to be scolded. She looked at spruce who had rushed into her house and retorted impolitely.

“You...”spruce was angered by Yun Lian and took a deep breath.

Just as he was about to speak, Zhouran pulled the cloud over and said to spruce, “You know what kind of life I have in Your Yun family. I, Zhouran, don’t owe you anything!

“You don’t have the right to interfere in the matter between me and Ni! He, Yun Ni, is not married yet, and I, Zhouran, am not married yet. Even if we get divorced, which law won’t allow us to remarry?

“This is my home now. If you don’t Leave Now, Don’t blame me for being merciless and suing you for trespassing!”

Zhou ran was different from Qin Yirou. Zhou ran could tolerate the Yun family’s anger because she had married into the Yun family back then and treated the Yun family as one of her own.

But now that the Yun family had gone so far, Zhou ran naturally wouldn’t stick close to them.

“You! Zhouran, you! ...”spruce couldn’t say a word.

This was a slum, and the people who lived here were all from relatively poor families.

In Qu Zhou, except for the slums, the housing prices were all very high.

Therefore, whether it was Zhouran or the Yun family, they all lived in the slums and were very close to each other. They didn’t have the money to move to other places to live.

Therefore, regardless of whether it was the classmates Yun Jian had met at Yun Shen High School, the Yun family, or the old lady, they all lived near the slums.

Yun Shan was about to speak when he suddenly heard a commotion outside.

Then, a “Bang Bang Bang” sound suddenly sounded from a very far distance.

When Yun Jian heard this, his already slightly narrowed eyes suddenly flashed sharply.

“What’s going on?” Yun Jian was shocked.

Qu Zhou’s public security was not stable. The Z country prohibited the use of handguns, but there were still many gangsters with guns.

Compared to Longmen City, Qu Zhou’s gangsters were more gangsters.

Therefore, it was not strange that there were occasional gunshots.

“Yun Shan! Your Xiang Zi is being chased! I told you that it’s not good for your Xiang Zi to hang out with the people from the black market! Hurry down and take a look!”

The residents of the slum knew each other. At this moment, a resident rushed to Zhou ran’s house and spoke to spruce.

Hearing this, Spruce’s face turned green with fear and she hurriedly ran downstairs.

This resident obviously knew many people. She glanced at Zhou ran and hesitated for two seconds before speaking to Zhou ran anxiously:

“Although you and Yun ni are divorced, I can see that the two of you still love each other as before. I just saw Yun ni with her Xiangzi outside. Now, they are probably being hunted down together...”

As soon as he said that, Zhou ran stumbled and rushed downstairs.

Yun Lian and Yun Jian immediately followed him.

They went around two intersections and were getting closer and closer to the gunshot.

Yun Jian saw Zhou Zao, Wan Youyou, Mu Zixi, and Jing Cheng, who he saw at school just now, standing there after hearing the sound.

They were still some distance away from where the gunshot came from. When they heard the sound, all the neighbors in the neighborhood came out to see what was going on.

It was common knowledge that spruce’s husband was a gangster.

“What’s going on? !” Zhou ran rushed over to ask.

“From the sound of it, the situation is not good! I heard that your family’s Yun ni sent his mother back to the hospital. How did this happen? !” An old man leaned on the ground with a cane and said anxiously.

“Then what should we do?” Zhou ran’s face turned purple.

“I’ve already sent someone to contact the police station. I just don’t know if we can make it in time,” someone said at this moment.

As soon as he said this, everyone suddenly saw a slender figure walking past them.

Yun Jian was walking around the crowd towards the place where the gunshots were fired.

“Jian ‘er! What are you going to do? !” Zhou ran saw this and quickly walked over to stop him.

“Sis! I know you’re anxious and I’m anxious, but there’s nothing we can do to help!” Yun shinning also said. Her flustered expression betrayed her calm appearance.

Just as everyone thought that Yun Jian was frightened by such an accident, they saw Yun Jian taking out a shiny silver pistol from her waist, in front of Zhou Zang, Wan Youyou, Mu Zixi, Jing Cheng, and everyone else present.

Everyone’s faces froze. At this moment, Yun Jian turned to look at Yun Jian. She raised a red arc in front of everyone and said something that caused everyone present to be stunned:

“Don’t you want to know what I’ve been doing outside all these years?

“I’ll tell you with actual actions now!”

2588 Chapter 2588 ‘If you dare to touch my father, I’ll blow your head off.’

Yun Zhi had just finished speaking when she stood in front of everyone. Her slender and tall figure, which no one could find a single flaw in, attracted everyone’s attention.

Coupled with the words that flowed out from her red lips, Yun Zhi, who was standing at the very front, stared at Yun Zhi with her dark eyes!

That Shiny Browning silver pistol was very light. Just looking at it gave people the desire to reach out and touch it.

Jing Cheng, who at least loved guns, widened his eyes. While he was surprised that Yun Jian had a pistol, he also envied the pistol in Yun Jian’s hand!

“That! That’s a Browning pistol made in M Country! It’s very popular on the market, and it’s also one of the handguns that are very difficult to get!”

Just when everyone was shocked that Yun Jian actually had a gun in her hand, be it wan youyou, Mu Zixi, Zhou Zawa, Yun Biao, Zhou ran, or Yun Jian's aunt, Yun Shishan in name.., all of them widened their eyes after Yun Jian said that.

Jing Cheng's shocked words also rang out.

At the end of the sentence.

Everyone was once again stunned by Jing Cheng's words. They were both shocked by Yun Jian's words and shocked by the gun in Yun Jian's hand. They even questioned who exactly was Yun Jian! ? She could actually get the most sought-after gun on the market, a gun that was extremely hard to get! ?

This was not something an ordinary person could do!

As expected of a young man who loved guns to the bone. At this moment, he thought of the model of the gun.

Yun Jian curved her lips.

Less than twenty seconds had passed since Yun Jian had taken out the silver pistol and said those words.

After listening to Jing Cheng's words, she took out another Beretta 92F pistol from her waist, which was so hidden that she could not see the pistol hidden in it, and threw it at Jing Cheng.

The cloud note suddenly threw the pistol at Jing Cheng, but Jing Cheng had no idea why. He hurriedly took the Beretta 92F pistol that the cloud note threw at him. When he raised his head, the cloud note was already gone.

He only left a sentence that made Jing Cheng's blood boil:

"Protect my sister and my mother for me. I'll give you this pistol."

The group of people who were left behind blinked their eyes fiercely. Their hearts were complicated and changeable.

Wan Youyou's expression was especially changeable.

Yun Jian was as lively as a boy. She even fought with boys and groups. She did not look like a girl at all.

This was the point where Wan you had been mocking Yun Lian.

When she first met Yun Zhi, she thought that Yun Zhi, as Yun Lian's elder sister, should be gentle and virtuous.

But...

She actually carried such a dangerous pistol with her at all times!

The girls of the Yun family were each fiercer than the other. were they all like boys? No, more manly than men!

...

In an alley at the entrance of the slum.

Yun Hua's husband, Xiang Zi, dragged Yun ni and hid in an alley.

The two of them hid behind a five-meter-tall pile of garbage at the entrance of the alley.

Yun Hua's husband, Xiang Zi, was called Wen Zhengxiang. Unlike his wife, Yun Hua, Wen Zhengxiang was a very upright person.

In the early years, because his family was poor and could not afford to eat, he could not even afford to raise his family's children. Wen Zhengxiang joined a black market gang in Qu Zhou.

After working in the gang for a few years, Wen Zhengxiang was now a well-known figure in the gang of Qu Zhou.

However, because of this, he had many enemies.

The one who suddenly chased after him this time was his mortal enemy.

"Yun ni, you go first! Go around the back of the alley! Run!" Seeing that the road was blocked, Wen Zhengxiang pushed Yun ni and shouted loudly.

"Hehehe! Run? No one can run!" As soon as Wen Zhengxiang said this, four to five pistols aimed at Wen Zhengxiang and Yun ni from different angles.

A man with a big "X" scar on his face appeared in front of Wen Zhengxiang and Yun Ni.

He laughed sinisterly.

"Wen Zhengxiang! This time you're caught by me! You're dead for sure! You're going to die by yourself! And you want to drag a relative into the water, how Nice!" The Man glared fiercely at Yun Ni, he waved his hand at his subordinates and shouted, "Shoot! Shoot them into a hornet's Nest!"

“Bang Bang Bang Bang Bang Bang!” Just as the man finished his sentence, a series of gunshots rang out.

The five men on the man’s side, accompanied by the sound of gunshots, aimed their guns at Wen Zhengxiang and Yun Ni’s hands, and their wrists were pierced one after another!

When the guns fell to the ground, the men clutched their wrists and shouted!

When the man saw this, he was so scared that his face turned pale and he quickly turned his head to look.

Ten meters away, a young girl was standing on a balcony on the second floor of a house. She calmly put away her gun and looked at him coldly. She immediately said something that would send people to Hell:

“Anyone who dares to touch a single hair on my father’s head! I’ll blow your head off!”

2589 Chapter 2589. Exterminating the root of the problem. He deserved to die

The man’s expression changed drastically when he saw his five subordinates being hit by Yun Jian on their wrists.

While the man was still in shock, Yun Jian had already held onto the balcony on the second floor, which was more than ten meters away. She jumped from the simple balcony, which was three meters high from the ground, to the flat ground with ease.

Then, she swayed her long ponytail around her waist and walked over like the wind.

Yun Jian was wearing a black top and loose black pants. She was holding a shiny silver pistol in her hand. She looked like the king of the night, as the sun was about to set in the evening, her graceful figure was reflected.

“Jian... jian... Jian ‘er! ?”

Yun ni stared at the silver pistol in Yun Jian’s hand in disbelief. His face was terrifyingly deep.

“Yun ni, is this your daughter who found her way back home? !”Wen Zhengxiang’s eyes bulged in disbelief. He was stupefied.

As someone from the black market, how could he not understand such an aura? !

Yun Ni’s daughter who had been separated for 15 years. In these 15 years, could it be?
!!!

“F * ck! Count Yourself Lucky! It Won’t be so simple next time!”

The man with a big “X”scar on his face saw that the time was not right, so he turned around and ran after saying this.

When his subordinates saw this, they also ran after the man with a big “X”scar on his face.

When Wen Zhengxiang and Yun ni saw this, they let out a huge sigh of relief.

“Yun ni, your daughter is amazing! If it wasn’t for your daughter, we...”Wen Zhengxiang held his arm that was grazed just now and said to Yun Ni.

However, he had just finished speaking.

“Bang!”The sound of a gunshot startled the birds on the telephone pole as they flew away. Just as Wen Zhengxiang was speaking to Yun ni, a sudden sound rang out.

The Man with a scar on his face, who had wanted to run away, had just run halfway when his head, right in the middle of the back of his head, was pierced by a bright bullet.

The Man with a scar shook his body and stopped in his tracks. The next second, he fell to the ground with a thud and did not make another sound.

“F * ck! Yun Ni, your daughter... Your Daughter...”

When Wen Zhengxiang saw this, he stood up in shock. He covered the graze on his arm and ran towards the spot where the man with a scar had fallen to the ground.

In this era, killing people was naturally illegal.

However, in places like Quzhou, there were more hooligans and hooligans. If one had someone to protect them, it wouldn’t be a big deal.

The black market often had incidents of people dying in a fire.

However, Wen Zhengxiang did not expect that Yun Jian would actually kill people!

She was just a teenage girl!

What had she encountered in the past!

She killed people without even blinking!

“Carry your boss’s body back and tell your gang members that if they want revenge, they should look for me, Yun Jian, at 309 Jindongqiao Road in the slums!”

Before Wen Zhengxiang could speak, Yun Jian put away his gun and spoke coldly to the dead man’s men.

When the men heard this, they were stunned. In the next second, they carried the man’s body and left the place as if they were fleeing.

When everything around them had quieted down, Wen Zhengxiang looked at Yun Jian. He scratched his scalp with a headache and said to Yun Jian,

“How could you... how could you kill him? ! He’s going to jail!”

Yun Ni also walked over with his whole body trembling.

He was trembling because Yun ni was afraid that his daughter would be forcibly arrested and sent to jail the moment she returned.

It was all his fault! It was all because he, his father, did not do his part to reprimand and educate her properly! Yun ni also scratched his scalp.

Just as Yun ni and Wen Zhengxiang were looking anxious, Yun Jian suddenly opened his mouth. His words were as cold as ice:

“Cut the weeds and get rid of the roots. He deserves to die!”

2590 Chapter 2590 Wild Dragon’s wound was discovered

What kind of environment was it that caused the current cloud paper? ?

Yun Ni and Wen Zhengxiang didn’t understand. They hurriedly brought the cloud paper back to Zhou ran’s house.

The neighbors who were standing at the intersection and didn’t dare to go forward after hearing the gunshots had already returned home.

Only Yun Biao’s schoolmates, Zhou Zang, Wan Youyou, Mu Zixi, Jing Cheng, and Yun Shan followed them into Zhou ran’s house.

“Dad, What’s wrong with you guys being so flustered? Also, you guys should be fine just now, right? Dad, did sister Save You Guys? Sister is also a gangster like uncle, right?”

Yun Tong looked at Yun ni and asked curiously.

As she spoke, she even looked up at her uncle, Wen Zhengxiang.

Yun ni glanced at Zhou Zang and the others and said to Yun Tong, "Feng 'er, let your classmates go home first!".

"Uncle, we won't talk nonsense! We just want to hear how Yun Ling's sister saved you and Uncle Yun Ling just now!" Wan you said after Yun ni finished speaking.

Such an interesting thing, of course, everyone wanted to know what happened at once.

So, none of them were willing to leave.

"You guys... Hey, nothing happened just now, nothing happened!" Yun Ni said against his heart.

As he said that, Yun ni pressed his finger on his forehead, revealing a helpless expression.

Once this happened, the gang that the man who was executed by Yun Jian would definitely come looking for him.

That man did want to kill Yun ni and Wen Zhengxiang just now, but that man must have someone protecting him, so he dared to do it.

Now that Yun Jian killed him...

"Yun ni, come here for a moment." Wen Zhengxiang waved at Yun ni.

After Yun ni came over, Wen Zhengxiang leaned over Yun Ni's ear and said softly, "I'll go to Our Gang and beg our boss to see if I can protect your daughter."

As he said that, Wen Zhengxiang ran out of the door.

"Xiangzi, Please!" Yun Ni rushed towards Wen Zhengxiang and shouted.

The two of them thought that Yun Jian had killed that man and that he had no power or influence. Without anyone to protect him, he would be doomed for the rest of his life.

However, they did not know that while the two of them were extremely anxious, Yun Jian was sitting on the bench with a calm expression on his face. He did not seem to be panicking at all.

...

Zhejiang province, Min City.

Mu Ying's house.

After eating the medicine that Yun Jian had concocted for her, Mu Ying was completely fine.

Even if the current Mu Ying lived for a few more decades, it would not be a problem.

The feeling of her body rejecting her soul had completely disappeared.

Mu Ying and Mad Dragon once again began to live a sweet little life.

However, Mu Ying discovered that after she had given her body to MAD Dragon, although the two of them had secretly eaten a lot of forbidden fruits, mad dragon refused to take off his shirt every time they did that.

Moreover, even when she had the courage to ask him to take a bath with her, Mad Dragon still refused.

This made Mu Ying very uncomfortable.

However, she insisted on taking a bath with him!

HMPH!

“Crash –“mad dragon’s shower sound came from the bathroom.

Mu Ying took the key to the bathroom door and quietly walked to the bathroom door. She then inserted the key into the lock of the bathroom door.

With a “Kacha” sound, the bathroom door was opened by her!

However, after entering the door, Mad Dragon had already put on his bathrobe. He was looking at her with his arms crossed.

Seeing this, Mu Ying pouted and turned around to walk out. “Break up! Break Up! I want to run away from home!”

Just as she turned around and took two steps, mad dragon rushed over and hugged Mu Ying from behind. “No! Even if you die, you can only die in my arms!”

Mu Ying took advantage of the moment when mad dragon reached out to hug her back to pull off the lace on Mad Dragon’s bathrobe.

She turned around and looked at Mad Dragon’s upper body with a look of success.

However, what she saw were clearly the deep and shallow marks that had been imprinted not long ago. It was as if someone had deliberately tortured her chest. The wounds were shocking... ..

2591 Chapter 2591 was the name of the gang

These marks and wounds were all imprinted on Mad Dragon after he found out about Mu Ying's physical condition and sought medicine from the abnormal doctor's son. He was burned thoroughly by the abnormal doctor's son with iron.

That kind of punishment was similar to the torture in ancient times. Even very brave people with thick skin could not stand it. However, mad dragon endured it for the sake of the woman he loved.

He could have avoided this punishment. Based on Mad Dragon's own strength, he could have beaten the son of that abnormal doctor hundreds of times, but for Mu Ying, he didn't say a word and forced himself not to use his strength, he suffered this punishment.

"This... This is?" Mu Ying saw the fierce scar on MAD Dragon's chest and instantly burst into tears. She carefully caressed mad dragon's chest and said with a panicked look,

"This... could this be the medicine that you and SS sought for me last time..."

Mu Ying was very smart and revealed everything in a single sentence.

However, just as Mu Ying's words fell and her tears were about to flow out of her eyes again, mad dragon suddenly bent down and kissed her eyes. He forcefully kissed the tears that were about to flow out of her eyes dry.

"Therefore, you can never say the words to leave me again in this lifetime. Otherwise, I will personally kill you and go to Hell with you!"

Even if he went to hell, the Mad Dragon would never let go of her hand!

She could only be his woman!

Otherwise, they would go to Hell together!

...

Black Province, Quzhou.

Wen Zhengxiang hurriedly went to find his gang leader and rushed back to Zhouran's house.

As soon as he entered Zhouran's house, Wen Zhengxiang couldn't care less about Zhou Zang, Wan Youyou, Mu Zixi, and Jing Cheng who were his classmates. He rushed into Zhouran's house and said to Yun Jian anxiously,

“Our boss agreed to save you! But he wants to know which gang you’re from! What’s your code name in the gang?”

Wen Zhengxiang looked anxious when he said this.

To Wen Zhengxiang, Yun Jian’s accident was caused by him.

So he had to take responsibility for this.

“Gang? Code name? I’m really a gangster?” Yun Jian was shocked and said in a daze.

When Yun Jian went to save Yun Dan, he said to Yun dan, “I don’t want to know what I’ve been doing outside all these years. I’ll use my actions to tell you now.” From the start, whether it was Yun Dan or everyone present..., they all thought that Yun Jian had been a gangster all these years.

Now that Wen Zheng Xiang asked Yun Jian this, everyone present was even more certain of this.

“He’s already a gangster at such a young age? He’s so powerful...” Mu Zixi said in a slightly stupefied manner when he heard this.

Although they didn’t know what Wen Zhengxiang meant when he said that he wanted to save Yun Zhi, everyone’s attention was now completely focused on Yun Zhi’s identity.

Seeing that Yun Zhi hadn’t spoken for a long time, Wen Zhengxiang immediately spoke up:

“Our Gang is also a big and reputable gang in country Z! Although there’s still a huge gap between US and the first ranked Falcon Palace, we’ll definitely be able to protect you! There’s absolutely no problem!”

The first ranked gang in country Z was now the Falcon Palace that was controlled by Xu Zetian.

The first ranked gang was already the Falcon Palace.

Speaking of the Falcon Palace, it was simply a legend.

The leader of the Falcon Palace was an unfathomable woman, and the current leader of the Falcon Palace, Xu Zetian, was an extremely powerful character.

“Wow! Yun Tao, your uncle-in-law is actually a member of such a powerful gang!”

After hearing Wen Zhengxiang’s words, Jing Cheng opened his mouth and said in surprise to Yun Tao.

“So Powerful!”Wan Youyou couldn’t help but be stunned.

Wen Zhengxiang’s eyes, however, had been staring straight at Yun Jian.

Just when everyone thought that Yun Jian wouldn’t open his mouth, or refute Wen Zhengxiang’s claim that he was a member of a gang.

Yun Jian suddenly said, “Do you really want to know?”

“Yes! Because only by knowing this, the boss of Our Gang will be willing to send people to protect you!”Wen Zhengxiang said solemnly.

Everyone’s gaze shifted to Yun Jian.

Yun Jian raised her red arc. She saw Zhou ran, Yun Ni, and Yun Biliao looking at her with expressions as if they wanted to know what she had done all these years.

Yun Jian pursed her red lips and spoke coldly in front of everyone. However, she said the words that swept up the hearts of everyone like a tsunami:

“The gang that I belong to is Falcon Hall...

“Codename is...

“Raksha!”

2592 Chapter 2592: A Villa as a welcome gift

When they heard about the Falcon Palace, everyone gasped.

Yun Jian was actually from the Falcon Palace!

No wonder she had such strength!

The Falcon Palace was indeed a legendary gang!

Even a young lady like Yun Jian could be trained so well!

When they heard that Yun Jian was actually from the Falcon Palace, everyone’s eyes widened and their mouths gaped.

After all, a gang like Falcon Hall isn’t a place where you can just join whatever you want.

If say”Falcon Hall”three words, let the present crowd mistook that cloud note joined Falcon Hall to become an unremarkable character.

Then the back of the “Raksha”two words, then all the people’s heads are ruthlessly smashed, so that the present people frowned at the original place, for a long time did not react!

“What... Did you say! ?”Uncle-in-law Wen Zheng Xiang’s eyelids could not help but roll up. He stared at Yun Zhi and stared at her with extremely incredulous eyes as he asked sharply.

“Raksha... isn’t that the woman who led the Falcon Palace to become the number one gang in Z country in just a few short years! Isn’t she supposed to be a legendary young woman in her late thirties! How...”

How could she be so much younger than the legends? !

Mu Zixi looked at Yun Zhi in astonishment as well. He licked his dry lips and completely lost his bearing in front of his classmates.

It was obvious that the Quzhou gang had many attributes and the security here was not good.

Therefore, the people of Quzhou were more muddled, especially those who lived in the slums. They were completely different from Qin Yiruo and the others who had lived in Longmen City’s Xinjiang Town.

Everyone knew about these gangs.

Mu Zixi looked at the back of Yun Jian in front of him and cried out in shock. However, he saw Yun Jian slowly turn around. Her ponytail tied up at the back of her head was elegant and natural, giving people a sense of boldness in her handsomeness.

The surroundings were terrifyingly quiet.

Yun Ni, Zhou ran, and Yun Lian were so shocked that their faces trembled slightly.

Aunt Yun Shan was so frightened that her face turned pale.

Aunt’s husband Wen Zheng Xiang’s face changed slightly, but he was also slightly shocked.

As for Yun Tang’s schoolmates, Zhou Zang, Wan Youyou, Mu Zixi, and Jing Cheng, when they first heard that Yun Jian, who was so young, was actually the famous leader of Falcon Palace in the country..., his entire person was no longer online.

After a long while, Yun Jian, who was standing in front of everyone, slightly turned his body and suddenly raised a shocking red arc. He did not deny it and nodded:

“That’s right, the Falcon Palace is mine.”

...

Ten minutes later, Yun Jian was sitting on one of the few stools in the Zhou family. He was surrounded by more than ten pairs of big eyes.

“Damn, I really can’t believe it! The Falcon Palace was founded by Yun Biao’s sister!” Zhou Zawa scratched his short hair and asked Yun Jian.

“The legendary boss of Falcon Palace, Raksha, is a woman with talent, strength, and looks! It seems that she really lives up to her name!” Mu Zixi picked up his glasses and said with a knowledgeable look.

“I was worried for nothing!” Wen Zhengxiang wiped the sweat from his forehead and said with a smile.

At this moment, Yun Jian ignored everyone’s stunned gazes. She stood up and scanned her surroundings. Then, she shifted her gaze to Yun Ni, Zhou Ran, and Yun Bian and said,

“I can’t tell you all about the things that have happened in the past 15 years. However, since I’ve returned, I won’t let you live like this anymore.

“I bought a villa worth 30 million yuan in the forest of modern villas on the outskirts of Quzhou. Take it as my gift to you.”

2593 Chapter 2593 my younger brother was kidnapped because of me

The poorest people in Quzhou lived in slums.

The richest people in Quzhou lived in the modern villa forest in the suburbs.

The modern Villa Forest in the suburbs was worth at least five million yuan before it was possible to move there.

A villa worth more than thirty million yuan was already the kind of large courtyard that was often shown in TV dramas.

It would take three to five minutes to drive from the entrance of the villa to the Shen family’s courtyard.

Yun Jian’s words undoubtedly gave everyone a huge blow.

“F * ck!” Mu Zixi was so shocked that he slammed the table hard and immediately stood up.

Because he was too shocked, Mu Zixi accidentally tripped when he stood up. He fell to the ground with a bang, but he didn't even care about the pain. He suddenly raised his head and looked at Yun Jian. "F * ck! Rich people!"

"Brother, quickly check if my heart is still in my chest. Aiyo, Mom, I'm so scared that I'm about to Pee!" Mu Zixi grabbed his brother Jing Cheng's hand with an expression that showed that he was scared and instantly aged.

"Stop it!" Jing Cheng added insult to injury and used his finger to press mu Zixi's forehead.

Wan Youyou's entire body was stiff like a stone statue, and she didn't move at all.

Yun Shan was so envious that her saliva almost dripped to the ground, but Wen Zhengxiang's expression didn't change.

Logically speaking, Zhou ran and Yun ni, as Yun Jian's biological parents, should have been very happy.

After all, Yun Jian was able to give them a villa worth 30 million as a welcome gift. It could be seen that she had been doing well these years.

However, after hearing Yun Jian's words, Zhou ran instantly sensed it. Under everyone's gaze, she rushed to the front of Yun Jian and grabbed Yun Jian's hand as she loudly asked Yun Jian,

"Jian 'er, are you still going to leave? Aren't you going to stay by our side?!"

As expected of her biological mother. Zhou ran could tell the meaning behind Yun Jian's words at a glance.

"Sis... aren't you going to live with us?" Yun Lian also looked at Yun Jian with an expectant expression and asked.

The hearts of the surrounding people slightly creased.

Just now, everyone didn't realize it, but now, everyone had realized it.

Since Yun Jian's identity was the leader of Falcon Palace, Raksha, it meant that her future life was completely different from the rest of the people here.

Her life naturally couldn't be fixed in the small black province of Quzhou.

Under the expectant gazes of Yun Ling, Zhou ran, and Yun Ni, the Red Arc on the Yun Jian was slightly smoothed out. As usual, she expressionlessly said something that shocked everyone present:

"I'm sorry, I Won't stop moving forward for anyone. Staying here isn't suitable for me.

"From the moment I was abducted and stepped into the world I lived in, the ordinary life of an ordinary person had already left me.

"If I take a step back, what I face is a bottomless abyss.

"I don't have any other choice.

"So, this is all I can do for you."

Yun Zhi's words made people feel like they didn't understand.

The identity of the leader of the Falcon Palace, Raksha, meant that Yun Zhi was extraordinary.

However, everyone understood the other meaning behind Yun Zhi's words.

Could it be that her identity was far more than that?

Everyone present couldn't help but feel doubtful.

At the moment when everyone present had doubts, Yun Jian, who was sitting on the bench in front of everyone, stood up.

She pursed her red lips slightly. Under everyone's gaze, she spoke to Yun Ni, Zhou ran, and Yun Billow. She said something that caused everyone to boil with anger:

"Back then, when my younger brother was kidnapped, it was because of me. In order to control me, those people kidnapped my younger brother and used it to threaten me."

2594 Chapter 2594. If you want to take him away, defeat me first

Originally, Yun Ni, Zhou ran, and Yun Lian were still in grief over Yun Jian's unwillingness to live an ordinary life with them.

Yun Ni and Zhou ran even hated that they had lost the Yun Jian back then. That was why they were in a dilemma now.

The leader of Falcon Palace must have experienced many hardships to be able to sit in his current position.

However, Yun Ni, Zhou ran, Yun Lian, Wen Zhengxiang, Yun Shan, Zhou Zhe, Wan Youyou, and the others still underestimated Yun Jian.

They originally thought that the leader of the Falcon Palace was already an incredible thing.

However, everyone knew that a mere leader of the Falcon Palace was not enough to make people go through so much trouble to dig out Yun Jian's family background. Then, he came all the way to Qu Prefecture to kidnap Yun Jian's younger brother, Yun Zhu, to threaten Yun Jian!

In that case, did Yun Jian have any other identity!

Wen Zhengxiang widened his black eyes and stared straight at Yun Jian.

"What! Zhu 'er, he..."hearing Yun Jian's words, Zhou ran recalled how Yun Zhu looked when she was deliberately captured by someone. She never expected that her son was abducted because of her lost daughter!

Before Zhou ran could voice out the doubts in her heart, an unpleasant voice that was even more hoarse and coarse than a rooster's voice was heard first:

"What? ! My precious eldest grandson was lost because of a woman like you who didn't live up to her expectations!"

This voice was practically a roar. Listening to this unpleasant voice, one could not even tell if the owner of the voice was a man or a woman.

Yun Jian glanced over and saw that her nominal grandmother, the old lady, had rushed into the house after being angered by her earlier.

She even used the local language to swear.

The old lady loathed Yun Jian because she was her granddaughter.

Just before entering the house, the old lady happened to hear Yun Jian say that she lost her grandson because of Yun Jian's words.

Therefore, the old lady's loathing for Yun Jian instantly exploded to the extreme.

When the old lady entered the house, everyone saw that there were many people following behind the old lady.

When Zhou ran saw the group of people following behind the old lady, his expression changed.

"Speak clearly! How did my grandson get lost because of you! Return my grandson! Otherwise, our Yun family will not let you off!"

The old lady widened her eyes and stared at Yun Jian with a fierce expression.

Behind the old lady were all the seven great aunts and eight great aunts of the Yun family. All those who had some connections with the Yun family had come.

Everyone lived in the slums, so even the ordinary people formed cliques.

Whoever had the most family members would be able to do whatever they wanted in the slums.

“Everyone, Look! Look! This is my unfilial granddaughter! You must have heard it too! My poor grandson was harmed because of this woman who couldn’t even grow up!”

“I wonder who she offended! She even caused my poor grandson to be taken away!”

The old lady addressed Yun Jian as a woman who couldn’t grow up. Just by thinking through the gaps between her toes, one could imagine how stubborn the old lady’s preference for sons was.

The old lady and the others didn’t hear Yun Jian calling himself the boss of Falcon Palace. At this moment, the old lady took the lead and rushed into the house to surround Yun Jian, Zhou ran, and the others.

“Mom, how did you get out of the hospital so quickly?” Yun ni glanced at the old lady.

“What? ! You unfilial son, do you still wish for me to die in the hospital? !” The old lady placed her hands on her waist, her face full of arrogance.

After she finished speaking, the old lady pointed at Yun ni and said to the big family of the Yun family that she had brought with her:

“Everyone, quickly help me catch this unfilial son! For the wedding next month, he, Yun Ni, has to agree to it no matter what. I have worked so hard to drag you all the way here, don’t tell me I won’t Touch You!”

The group of Yun family members brought by the old lady were all relatives of the Yun family.

Two of them were the old lady’s sons other than Yun ni, and a few of them were the descendants of Yun Ni’s father’s brothers. All of their relatives had come.

After the old lady said this, the adults of the Yun family immediately rushed over fiercely, wanting to catch Yun ni and make him submit.

Yun Ni’s eyelids twitched.

Zhou ran's heart ached.

Back then, the old lady had forced Zhou ran and Yun ni to get a divorce.

However, just as the large group of people from the Yun family was about to approach Yun ni, a petite figure blocked in front of Yun Ni.

The beautiful young lady in front of her raised her eyes slightly. When she faced a dozen tall and strong men from the Yun family, she did not show any signs of fear. On the contrary, she raised her lips to provoke with an expressionless face:

"If you want to take my father away, you have to defeat Me First!"

2595 Chapter 2595 was much more than what was reported

Yun Jian had actually thought of letting Yun ni, Zhou ran, and Yun Lian move to Longmen City.

But this was completely unfeasible.

Humans were sentient creatures. They had lived in a place for half their lives. No matter how difficult it was, no matter how hard it was, they were unwilling to leave.

Zhou ran and Yun ni were naturally like this.

But here, the old lady would force Yun ni to marry a woman she did not like.

The Yun family still retained the old marriage contract and listened to their parents' thoughts.

So these uncles of the Yun family all helped the old lady.

A group of tall and strong people surrounded Yun Jian, Yun ni, Yun Bian, and Zhou ran, as if they were people crusading against evil thieves.

Logically speaking, even if Yun Jian was the leader of Falcon Palace, it should be a little difficult for Yun Jian to face so many people, right?

However, Wen Zheng Xiang did not think so much.

"Stop! Quickly stop! She is..." Wen Zheng Xiang was afraid that the people of the Yun family would really attack Yun Jian, so he quickly stepped out to stop them.

Yun Jian, she was...

“Xiang Zi, don’t meddle in this! Get out of the way! Otherwise, I will beat you up too!” A tall and fat middle-aged man from the Yun family pushed Wen Zheng Xiang away and shouted.

As he spoke, the tall and fat middle-aged man even glared at Yun Jian.

“Little girl, you’re so arrogant! I’ll give you one more chance. If you don’t get out of the way, I’ll kill you!”

The tall and fat middle-aged man used the sound of an argument to shout out these words.

Hearing this, the people sitting at the side all trembled and trembled.

This tall and fat middle-aged man was 1.95 meters tall. His name was Yun Zhou, and he was the strongest person in the Yun family. At the same time, he was very obedient to the old lady.

Yun Zhou was the other son of the old lady. In terms of seniority, he was ranked below Yun ni. Strictly speaking, he was Yun Jian’s uncle.

Seeing this, the old lady showed a smug expression.

At this time, Yun Zhou also stretched out his burly arm in front of everyone and waved at Yun Jian.

How could Yun Jian’s small body withstand this wave of his hand!

“Jian ‘er...”

“Jian ‘er!”

Yun Ni and Zhou ran shouted at the same time that they were about to rush forward to protect Yun Jian.

However, before Yun Zhou could smash Yun Jian’s arm, which was three times as thick as Yun Jian’s thigh, onto Yun Jian’s body, Yun Jian’s petite figure moved slightly to the side.

In the next second, her nimble hands, which were as agile as a snake’s body, coiled around Yun Zhou’s arm, which was three times as thick as her thigh, and clawed fiercely.

In an instant, everyone saw Yun Zhou being flung up by Yun Jian and smashed onto the round table not far away.

The Shabby Round Table instantly collapsed!

The newspapers, bowls, and chopsticks on the Round Table all fell to the ground.

“Ah!”By the time Yun Zhou reacted, he had already been flung away by Yun Jian, and he let out a pained cry.

“Zhou ‘er! You, you! You actually!”The old lady looked at Yun Jian. She was both surprised at Yun Jian’s strength and loathed the fact that Yun Jian actually dared to touch her precious son.

“Aunt, where is your precious grandson now? Aren’t you going to ask?”A woman who came with the old lady reminded the old lady.

Hearing this, the old lady came back to her senses. She didn’t even care about her son. She looked up at the cloud tablet and said to the cloud tablet with a cold expression,

“You touched my son and caused my grandson to be kidnapped. Now you tell us clearly why those people kidnapped my grandson and what you did! “Let us find my grandson. Then, I can let bygones be bygones!”

The old lady was still full of confidence. She would not shed tears until she saw the coffin.

Hearing the old lady’s words, everyone’s hearts sank. They all turned to look at Yun Zhi.

Even Yun Ni, Zhou ran, Zhou Zang, Mu Zixi, and the others, who had heard Yun Zhi say that she was the boss of Falcon Palace, all looked at Yun Zhi. Their instincts told them that Yun Zhi’s identity was much more than that!

They had thought that with the old lady’s threatening face, Yun Zhi would definitely use words to fight back, or that she would never say what she had done in the past to attract people to kidnap Yun Zhu and threaten her.

However, who knew that Yun Zhi would step on the newspaper that had fallen to the ground from the table and kick it in front of everyone.

On the newspaper, a headline titled “Many young children were kidnapped and sent to an assassin’s organization to be trained for many years to become killing machines, killing 1,009 people in three years!”Attracted everyone’s attention.

When everyone saw this, their hearts suddenly trembled.

If they were not wrong, Yun Jian from 15 years ago was also captured...

Just as everyone was puzzled and vaguely had an answer in their hearts, in front of everyone present, Yun Jian's slightly lowered eyes were slightly raised.

Under her bangs, her pitch-black eyes were instantly dyed red with blood. Under everyone's gaze, she said something that nearly made the old lady faint and scared everyone in the Yun family half to death.., Yun Ni, Zhou Ran, Zhou Zang, and the others spoke in a flat tone that was filled with fear and shock:

"Over the years, I've killed many people, so naturally, I have many enemies. If you touch my father again, I don't mind killing a few more.

"After all, the number of people I've killed is much more than the number of third-rate killers reported."

2596 Chapter 2596: Welcome back to the wedding ceremony

"After all, I've killed more people than the third-rate killers reported in the news."

The last sentence fell quietly from Yun Jian's red lips.

The old lady who was originally full of killing intent toward Yun Jian, Yun Zhou who was grabbed by Yun Jian and smashed the round table, and more than a dozen people in the Yun family, including Yun Ni, Zhou Ze, and the others.., all of them looked at Yun Jian, whose entire body was emitting a cold aura.

Their hearts could not help but tremble slightly.

Yun Jian's words were clearly flat and narrow, without the slightest fluctuation. However, the charm in his words made people think about it with great horror.

When Yun Ni heard this, he rushed forward and reached out to grab the newspaper in front of the more than a dozen members of the Yun family who had been kicked by Yun Jian to the old lady. His hand was like a spring as he pinched the newspaper and read the leading words of the big news in the newspaper with a trembling voice:

"Have you ever seen a killing machine that is even more powerful than the killer agents in the movies? According to the confession of the ten captured killers, they were kidnapped into the killer organization nine years ago and were undergoing inhuman killer training with thousands of children.

"In the end, there were only twenty people left... They were on a mission for three years and killed a total of 1,009 people!

"According to the news, more than half of the children who were kidnapped like them more than ten years ago were sent to the killer organization..."

After reading this, Yun ni looked at the news report in the newspaper and could not continue.

Coupled with Yun Jian's self-accusation just now, all these years...

"Plop –"the old lady was so scared that she fell to the ground.

Everyone in the Yun family avoided the cloud as if they were avoiding a fierce tiger.

Zhou Zang, Wan Youyou, Mu Zixi, and Jing Cheng's faces were pale.

Zhou ran's expression was the same as Yun Ni's and Yun Shinning's. There was not much change in her expression.

"Call the police... call the police... call the police..."the old lady sat on the ground, her eyes listless from the threat. She turned over with a trembling body and crawled out of the door.

The meaning of Yun Jian's words was not obvious.

But everyone present could hear it.

In the fifteen years that she had been kidnapped, she had probably been kidnapped into an assassin's organization!

How could someone who could survive an assassin's organization be weak? !

Just hearing that Yun Jian was an assassin from an assassin's organization, the old lady was already scared half to death and kept crawling out of the door.

Unfortunately, she did not know that Yun Jian was also the king of the Assassin's Secret Service World!

"HMM? Call the police?"

The crowd suddenly heard three words coming out of Yun Jian's throat.

Yun Jian's voice made the old lady panic, and she climbed out of the door at an even faster speed.

Just as the old lady was about to climb out of the door.

A dagger that was shining with white light flew over the old lady's head with a whoosh. The dagger borrowed the momentum and nailed onto the half-open half-closed door. It actually closed the half-open half-closed door with a bang using the momentum.

“Ah! Ah Ah Ah!”The old lady straightened her body, rolled her eyes, and felt a chill down her spine.

Before everyone could react, Yun Jian had already come to the old lady’s side. She held a small blade against the old lady’s chin and used the cold blade to lift the old lady’s chin, forcing the old lady to look straight at her.

Under everyone’s stare, she curved her lips and said in a strange voice, “What police are you going to call? I know a lot of people in the army. Do you want me to introduce them to you?”

“Ah! Ah! Ah!”The old lady was so terrified that she could only make up for her fear by screaming. She never thought that Yun Jian would actually know people in the army!

Moreover, the cold blade was pressed against her chin, giving the old lady a feeling of terror that made her whole body tremble.

The others did not dare to make a sound at all.

As for the fact that Yun Jian did not admit or deny her identity, everyone present had already tacitly admitted it.

Then, to them, this kind of cloud note was quite dangerous.

The old lady was so terrified that she rolled on the ground.

Other than using words to stimulate her, the cloud note also gave the old lady some hypnosis, causing her to collapse even more.

Seeing the old lady’s entire body shaking uncontrollably, the cloud note half-squatted and stood up.

She curled her lips into a red arc and smiled at everyone as if nothing had happened:

“It seems that my dear ‘grandmother’is too excited because my father and mother are about to remarry.

“Everyone, tomorrow at the Dream Hotel in Quzhou City, my father and mother’s remarriage ceremony, let’s have a small meal together. Welcome.”

2597 Chapter 2597 was explained, and it was like swallowing vinegar

From the beginning, the old lady had been hypnotized by Yun Jian. As a result, she was constantly frightened.

Taking advantage of this opportunity, Yun Jian wanted Zhou ran and Yun ni to remarry.

The Yun family members who had been forced to marry Yun ni and Shentu Wen at the old lady's request did not dare to make a sound.

"Then, everyone, see you at the Hotel Tomorrow!"

Yun Jian opened the door and ordered his guests to leave.

At that moment, she was smiling innocently. If not for the fact that she had seen Yun Jian, everyone would have thought that Yun Jian was just an innocent girl.

"Definitely! I'll definitely come tomorrow! Hahaha, definitely..." a relative of the Yun family grinned. He sniffed and frowned. He pulled his wife and said with a fake smile as he left.

"Ni, Happy Marriage..."

Another member of the Yun family imitated this person. He patted Yun ni's shoulder, pulled out a smile, and fled with his family.

After a while, the more than ten distant relatives of the Yun family who were called by the old lady disappeared.

Seeing this, Yun Ni's younger brother, Yun Zhou, also rushed over and grabbed the old lady, supporting her and quickly leaving the Zhouran family.

Once the Yun family left, Zhouran's house didn't seem so crowded anymore.

Zhou Zang, Wan Youyou, Mu Zixi, and Jing Cheng had seen the whole thing from the beginning to the end. They still couldn't figure out Yun Jian, who was clearly the same age as them, Yun Jian actually had the ability to scare so many people from the Yun family by himself before he reacted.

However, at this juncture, if they didn't leave now, they would be a little thick-skinned.

Therefore, they all took their leave.

"Jian 'er, do you have any way to investigate..." once everyone left, Yun ni anxiously looked at Yun Jian and asked.

After knowing Yun Jian's identity, almost everyone was afraid of her, but Yun ni, Zhou ran, and Yun biling did not.

Of course, Yun Jian revealed his identity as an assassin, and it was not purely to scare the old lady.

“My Brother is not dead. Tomorrow, after you go to the Civil Affairs Bureau to register your remarriage, I will bring you to find my brother.” Yun Jian already knew that Yun ni wanted to ask, so she spoke first.

After that, Yun Jian paused and said with a slight red arc, “I will bring you to the city where I have lived all these years as a vacation. I believe that you will like it.”

...

He left just like that. That night, Yun ni stayed at Zhou ran’s house. The next day, the two of them listened to Yun Jian’s arrangements and went to the Civil Affairs Bureau to register their marriage. They even held a small remarriage banquet in a hurry.

The old lady did not agree, so she did not have the chance to refute.

Yun Jian confessed some things to Zhou ran, Yun ni, and Yun Lian.

For example, Little Yun Zhu was once killed, but he was reborn into this body. He also had his current mother.

Another example was Qin Yiruo and GE Junjian’s relationship with her.

Other than his identity as the number one spy on the international spy rankings, and his identity as the witch God of the Imperial Dragon continent, Yun Jian basically did not hold anything back.

Yun Jian dared to say that it meant that Zhou ran, Yun ni, and Yun Lian were all low-key people who kept secrets.

As expected, after the three of them heard Yun Jian’s words, they did not say anything. Zhou ran and Yun ni insisted on rushing to the fruit store to buy some fruits for Qin yiruo, GE Junjian, and Little Yun Zhu’s mother after her rebirth.

Moreover, for the sake of Little Yun Zhu’s future, Zhou ran and Yun ni would not bring little Yun Zhu to Qu Prefecture no matter what.

The feudal ideology of the Yun family was too serious. Yun Ni did not want little Yun Zhu to follow his old path. He could not even control his own marriage.

...

That night, Yun Jian, Zhou ran, Yun Ni, and Yun Biao arrived at Longmen City.

As soon as they arrived at their home, Yun Jian saw Si Yi standing at the entrance, waiting for her.

“Ah! This is... This is...”cloud has never seen such a lovely baby, she stretched out her hand helplessly and gently tapped the little girl’s cheek like a spring. Then, she pulled her hand back in fear of hurting the little girl.

“Giggle, Giggle, good!”The little girl cried out to Yun Lian indistinctly.

Of course, Yun Lian did not understand what she said, but Yun Lian still asked Yun Zhi happily,

“Is she calling me? Is she calling me? She’s really so cute! How can there be such a cute child! I want to snatch her away and make her my daughter!”

Yun Lian’s voice was a little rough to begin with. Coupled with her face, which was as delicate as a boy’s, it was difficult for outsiders to tell whether Yun Lian was a boy or a girl.

Si Yi’s face gradually darkened.

“Jian ‘er, is this where you live? Quickly bring us to your parents!”

At this moment, Yun Ni, who was carrying all kinds of fruit baskets, shouted excitedly.

He looked as if he was here to propose marriage to Yun Zhi for his son.

Si Yi’s expression became even darker.

The worst part was that the little girl was still laughing and hugging Yun Zhi.

When Yun Zhi took the little girl from Yun Zhi’s embrace, his hand actually brushed against Yun Zhi’s chest!

Chest!

This time, above Si Yi’s handsome face, there was a look of displeasure on his sharp, knife-like face. He walked over.

He threw this man, who dared to touch his chest, out of here and hacked him to death.

This was what Si Yi was going to do next.

Si Yi had always been a person who did whatever he wanted. He walked over with a gloomy face and came to Yun Jian’s side in two or three steps.

But just as Si Yi was going to do what he wanted, Yun Shan carefully hugged the little girl and said to Yun Jian, which suddenly entered Si Yi’s ears, making Si Yi’s heart thump:

“Sis! This is your daughter, right? What’s her name! She’s really too cute! Ahhh! Why Don’t you let your daughter acknowledge me as her godmother! Alright!”

2599 Chapter 2599: Yiran Shiming, causing trouble

In the next second, all of Shiming’s actions were halted by the words “Elder sister”and “Godmother”from Yun Zhi.

At this moment, Yun Zhi hugged the little girl and tried to make her happy with all kinds of strange expressions.

“Hehehe!”The little girl was also giggling.

“Elder sister! How Wonderful! You gave birth to such a beautiful daughter! My heart is melting!”Yun Zhi’s face was full of excitement. Her maternal heart was about to be stimulated.

“It’s a dragon-phoenix pair.”Yun Tong added when she heard that Yun Tong had mistakenly thought that she had only given birth to one girl.

“Ah! Dragon-phoenix pair! That’s great! Giving birth to a boy and a girl is the best! A Daughter is treasured, and a son is used to play with! How Great is that!”Yun Tong said seriously.

“What nonsense are you talking about! A daughter and a son are all spoiled!”Zhou ran rushed to say this with a smile.

At this moment, Yun Lian was still unaware that she had narrowly escaped death. She held the little girl in her arms, unwilling to let go of the little girl due to her overflowing maternal love.

...

Zhou ran and Yun ni met up with Qin Yiruo and GE Junjian, and soon began to chat.

The two families were like a family, and they got along very well.

In the end, if it weren’t for the fact that their family was in Quzhou and they had lived in Quzhou all their lives, Zhou ran and Yun ni would have wanted to move to Longmen City.

...

Yun Tao liked the little girl too much. She carried the little girl and walked around. In the end, she decided to stay in the living room and teach the smart little girl how to play rock-paper-scissors.

At this time, Yun Jian and Si Yi left the house.

Qin Yirou and Zhou ran were chatting too happily. Both of them could be considered as Yun Jian's mother, and both of them unceremoniously sent Yun Jian to the market to buy vegetables.

Yun Jian went to the market to buy groceries, so Si Yi naturally had to follow him.

He also went to Lan Su's house to pick up the little guy.

The little guy insisted on staying at Lan Su's house in the morning, so Si Yi did not force him.

They arrived at Lan Su's house at this moment.

As soon as they entered Lan Su's house, Yun Jian saw Leng Mei, Gu Nian, and Qing Yan scrounging for food at Lan Su's house.

When they saw Yun Jian, the three of them stood up and called out to Yun Jian, "Sister Jian!"

"Yes," Yun Jian replied softly.

"Where did that guy go?" Si Yi asked.

That guy was obviously talking about the little guy, Si Ming.

Hearing Si Yi's tone, it was likely that he was going to carry the poor little guy home with one hand again.

"Cough! Over There!" Leng Mei pointed at the small room of Zhou Yiran in Lan Su's house and said.

Yun Jian put down the vegetables he had bought from the market and walked towards the small room.

"The two of them are playing games. Why don't we go in later? These two guys are finally friendly enough not to fight." Gu Nian smiled and suggested.

Hearing this, Yun Jian stopped Si Yi and did not go forward.

"Eat a bowl of mung bean soup that I made!" Lan Su took out two bowls of mung bean soup from the kitchen and handed them to Yun Jian and Si Yi.

"Hehe, I find that sister Lan Su is becoming more and more like a housewife!" Leng Mei hugged the pillow on the sofa and rolled around before leaning on Gu Nian.

“Of course!” Gu Nian giggled in agreement.

“Mine!” At that moment, Zhou Yiran’s high-pitched voice suddenly came from Zhou Yiran’s small room.

“Oh!” The little guy’s babbling voice could be heard immediately.

“Mine, Mine, Mine!” Zhou Yiran seemed to have quarreled with the little guy. His loud voice sounded from the room.

“Oh, OH, OH, OH, oh!” The little guy was not willing to be outdone.

Afraid that the two of them would fight again, Yun Jian and Si Yi, as well as Lan Su and Leng Mei, hurried to the small room.

When they opened the door of Zhou Yiran’s small room, they saw Zhou Yiran grabbing the collar of the little guy. The little guy was learning to grab the corner of Zhou Yiran’s shirt. The two of them pulled each other and rolled around on the bed.

Then...

Zhou Yiran’s lips and the little guy’s lips were intimately pressed together...

2600 Chapter 2600 returned to the campus and introduced the cloud notes

A loud thud was heard from the moment the little guy and Zhou Yiran’s lips met.

The two of them had kissed in front of everyone!

They had kissed!

“Oh my God!” Leng Mei slipped and almost fell on Gu Nianzhi. She covered her eyes in embarrassment and turned around. She forced a smile that even she herself felt was stiff.

“I didn’t see anything! I didn’t see anything!” Leng Mei said as she grabbed Gu Nian and ran out the door.

At that moment, Zhou Yiran was being ridden by the little guy. He blinked his big eyes and reacted in an instant. He frowned and pushed away the little guy who was riding on him.

After that, Zhou Yiran stood up and spat at the side of the bed. He even said in front of Si Yi, “It tastes terrible. It doesn’t have my wife’s lip fragrance.”

The Little Guy was pushed onto the bed by Zhou Yiran like a lively little turtle. He looked at the ceiling without saying a word or moving, like a little wife who had been bullied.

Yun Jian walked over and picked up the little guy with a smile. Si Yi ran walked towards Zhou Yiran with a deep expression...

"I just bought a lively fish at the market. It will definitely smell good when cooked! Haha! I'll have a good appetite tonight..."

At this moment, Adam walked into the house with a big fish in his hand.

As soon as he entered the house, he saw Si Yi's displeased handsome face. He slowly stopped talking.

Before he could figure out what was going on, Adam heard the sound of a disaster coming from Si Yi's thin lips:

"Adam, bring your son with you. In ten minutes, you must board the car heading to Amazon. If you are even a second late, the latest tracking missile developed by the organization will blow you all to death."

Si Yi had issued a death warrant this time.

Adam shouted, "F * ck!" He threw the big fish in his hand into the sink accurately. He rushed into Zhou Yiran's small room and cursed, "What have you done, you little brat!" He picked up Zhou Yiran and rushed out of the door.

After a while, he disappeared.

Before he left, Adam left a message for LAN Su, "Darling, wait for me to come back!"

It was hard for Adam to work for Si Yi.

Leng Mei, Gu Nian, and Qing Yan all curled their lips.

"Ya Ya Ya!" The little guy did not seem to realize that he had kissed Zhou Yiran. He saw that Zhou Yiran had been taken away by Adam, and his hands and feet lightly touched each other, as if he was applauding like an adult.

Yun Jian lovingly rubbed the little guy's head, not letting the little guy get out of her arms.

Si Yi walked over and directly grabbed the back of the little guy's collar from Yun Jian's arms and left.

After saying goodbye to Lan Su and the other three, Yun Jian also left with them.

...

She stayed at home for two days. Because Yun Lian was about to take the college entrance exam, she had to return to school to study.

Zhou ran and Yun ni also had to return to Qu Zhou with Yun Lian. When Yun Lian returned home, Zhou ran still had to cook for Yun Lian.

However, when the three of them returned, Yun Jian asked them to move to the villa that she had bought for them. After making sure that the old lady and her group would not harass them again, she left.

Yun Jian returned to Jiang City University of Electronics and technology to continue her studies.

Si Yi returned to the dark soul organization.

The New Year had passed. Because Yun Jian had only taken a year off from school, she had no choice but to return to school.

Previously, Yun Jian had mentioned that he had gone to hidden Dragon Mountain to find the third divine artifact left behind by the creator of the divine continent. Yun Jian had to understand the situation of Hidden Dragon Mountain before he set off.

The moment Yun Jian returned to school, Mo Bufan, Zhou Juntao, Zhou Dun, and the other members of the Martial Arts Club organized a welcoming party for Yun Jian.

The one who insisted on treating Yun Jian to a meal when he returned to school was Brother Kai, whose family was extremely rich.

Brother Kai was Mo Bufan's brother. Usually, he would give the girls extravagant gifts such as diamonds and gold rings. His family was quite wealthy.

Brother Kai treated Yun Jian differently from ordinary girls. He treated Yun Jian as a friend.

Brother Kai called a large group of people and went to a nearby bar to welcome Yun Jian.

"Here, this is Yun Jian, the president of our school's martial arts club! She took a year off from school and is back today!" In the large private room, brother Kai introduced Yun Jian to some of his junior brothers and sisters who had just entered school.
