

The Schoolgirl Secret Agent - Chapter 2601 - 2610

2601 Chapter 2601 the late-night bar was very dangerous

During the time that Yun Jian left, Jiangcheng University of Electronics and technology had also admitted many new students.

Yun Jian was no longer a first-year student. She was now in the second semester of her second year.

Yun Jian's university career was almost two years old.

Of course, if the one-year suspension didn't count.

Brother Kai had a wide circle of contacts in university.

Some freshmen were very playful. They could easily get to know and hook up with anyone. The people they hooked up with liked to brag in front of them. They even introduced each other to so-called "Awesome people." They quickly used their connections to hook up with brother Kai.

There were at least a dozen freshmen present. They had just entered the university.

All of them were dressed luxuriously.

A few of the girls with better figures were wearing half-breasted short pants. Their upper bodies were wearing tights that revealed their cleavage, revealing their slim waists and belly buttons.

The boys were wearing branded clothes and branded sports shoes.

A few of the boys were wearing imitation branded sports shoes.

At a young age, for the sake of being cool, most of the boys, if they were not from rich families, would buy imitation branded shoes to wear.

Only Yunjian was wearing casual clothes. The clothes were not bad, but to the average girl who loved to look beautiful, they were too ordinary.

"Brother Kai, this is the president of the martial arts club! She's so beautiful!" A freshman who was proud of knowing brother Kai shook her butt and walked over to Yunjian in half-exposed short pants.

To her, Yunjian was a big star beside brother Kai, so this freshman came to Yunjian and handed him a cigarette. "Do you want a cigarette?"

“No.” Yun Jian refused decisively.

The girl put the cigarette into her mouth and skillfully lit it with a lighter.

“Hey, Jiajia, I heard that you broke up with your boyfriend. Is It True?” At this time, a girl sitting not far away raised her red fingernails and asked the girl who handed Yun Jian a cigarette.

“Yes.” The girl took out the cigarette from her mouth and blew lightly on the smoke. She said indifferently.

Song Shijia was this girl’s name.

Soon, the crowd’s attention shifted from Yun Jian to another place.

The bar was very messy. There were people dancing everywhere. Fortunately, this was a private room.

Whether it was outside the bar or inside the private room, the lights were always dim, giving people a depressing feeling.

The bar usually opened very late, and this bar usually closed at 2:30.

Brother Kai and his group played until 1:30 am, but they were still unwilling to leave.

“I heard that there will be a big shot coming here tonight, so everyone can play a little later!” Brother Kai told everyone the gossip he had received.

When everyone heard it, they were happy.

By 2 am, the people outside the bar had already left in twos and threes, but the people in the private room were still very clear-headed.

“Guests, these drinks and drinks are free from our shop. Please enjoy!” At around two in the morning, a few people dressed as waiters walked into the private room and placed some drinks and drinks on the table, then they left the private room.

“Hey, this bar is not bad. They know that we spend a lot, and they even brought free drinks!” Zhou Juntao from the martial arts club complained. After the waiters walked out of the private room, he poured a glass of orange juice, he was about to lower his stomach.

However, before Zhou Juntao drank the glass of orange juice, the crowd suddenly heard a sentence that was not eye-catching, but had a beautiful voice like that of nature. It suddenly sounded:

“You can’t drink it. The drink is mixed with knockout drugs.”

2602 Chapter 2602 said that she was crazy and that he was the mole

The bar was usually closed at 2:30 in the morning. It was already 2:10 in the morning. If a group of people came to the bar late, it would not be enough for them to play, so they might as well play until very late.

There were the most people in the bar at midnight. However, once it was past 2:00 in the morning and the night was quiet, and there were only a few people left in the hotel, anything could happen.

Always remember that 90% of the things in this world would only happen if they came to the door themselves. Free things were poison, and you should never touch them.

Yun Jian’s eyes flashed sharply. After she finished speaking, she stood up.

Zhou Juntao had already put the Teacup to his mouth, but when he heard Yun Jian’s words, he quickly moved his mouth away and spat out a little orange juice on the ground.

“I’ll go, this...” Zhou Juntao did not have time to consider whether Yun Jian’s words were true or not, and he shouted in shock.

“Knockout... knockout drug! ?” Song Shijia, who had just handed Yun Jian a cigarette, was shocked.

The surrounding people were so scared that their faces turned pale.

At this moment, Yun Jian walked forward. She opened the bottles of free alcohol and drinks one by one and placed them on the tip of her nose to sniff them.

“These complimentary drinks and drinks are all mixed with knockout drugs. The concentration is not high, but if you finish them, you will be able to knock everyone out.” After sniffing all the drinks and drinks, Yun Jian spoke.

“You, you know this! ?” Song Shijia asked in fear.

Yun Jian did not reply to Song Shijia. She walked to the door of the private room and pressed her ear against the door in front of everyone. She closed her eyes for three seconds.

“What is she doing?” Song Shijia suddenly heaved a sigh of relief and asked the person standing next to her.

Most of the people present were also puzzled.

"The door of the bar has just been closed. The lobby of the bar is empty. This bar should have closed at two o'clock in the morning." Yun Jian opened his eyes and turned to look at the crowd.

"What! Closed at two o'clock in the morning? Then?" Everyone was shocked when they heard that.

They closed at two o'clock in the morning, but no one in the private room of the bar realized that.

Moreover, the soundproofing in the private room was very good, so no one could hear the noise outside.

"You mean! This hotel is a black shop? They are ready to knock us out!" Brother Kai's face turned pale for a moment, and he immediately reacted and asked.

"Then, then what's their purpose? !" Song Shijia also had a look of fear on her face.

The people in the private room were all students, so it was obvious what the purpose of this bar was.

Yun Jian glanced at Song Shijia at this time, "I don't know."

She walked toward Brother Kai and Mo Bufan.

"Yun Jian, can you think of a way?" Mo Bufan looked at Yun Jian and asked with a frown.

This happened because they played too late.

But it happened. How should they solve it? ?

"I have no way." Yun Jian walked past Brother Kai. The moment she walked towards the sofa, she suddenly said.

When everyone heard this, their hearts trembled.

But at the same time when Yun Jian said "I have no way", she suddenly flashed behind Brother Kai. In front of everyone, she kicked an unremarkable boy on the side of his face, causing him to fall to the ground, she grabbed the boy's jacket and tied him up.

At the same time, she used toilet paper to block the boy's mouth.

"Wen Ling! Wen Ling! Why did you tie Wen Ling up? ! Are you crazy? !" Song Shijia suddenly saw this and shouted at Yun Jian in shock.

Just when everyone thought that Yun Jian was scared crazy, Yun Jian curled his lips coldly and looked at the suppressed boy named Wen Ling in front of everyone present. Then, he said to him,

“The people from the union bar drugged us. What is your purpose?”

2603 Chapter 2603: A Gift, begging her to let it go

Wen Ling and Song Shijia knew each other, and they were both freshmen. Not long after they entered the school, they had already gotten into a scuffle.

Usually, he looked like an outstanding and helpful boy.

“What do you mean by that?” Song Shijia looked at Yun Jian and asked in surprise.

Yun Jian did not explain to Song Shijia. When the surrounding people were so surprised that their expressions changed, she turned around and kicked a stool in the private room.

The stool with four legs that were not connected bounced up and down for a while in front of everyone present. It was thrown three meters away and then firmly landed on Wen Ling’s head, which was facing the ceiling.

“Wu Wu Wu!” Wen Ling was stuffed with toilet paper and could not speak.

Song Shijia and her group of freshmen, as well as everyone present, were all shocked by Yun Jian’s kick. The stool actually landed on Wen Ling’s head without any deviation.

If there was even the slightest deviation from the four-legged stool, it would have smashed into Wen Ling’s head. Furthermore, if it had been thrown from such a distance, Wen Ling’s head would probably have been badly injured.

“Yun Jian, why did you identify him?” Mo Bufan frowned and asked Yun Jian.

“He went to the toilet three times midway,” Yun Jian replied.

“You remembered all of this?” A male freshman asked Yun Jian in surprise.

In the end, the freshman added, “But even so, you can’t accuse Wen Ling of collaborating with the people in the bar to knock us out. What are you trying to do by saying that?”

Yun Jian also ignored the guy.

She just turned to brother Kai and asked, “Was it your idea to come to this bar?”

Brother Kai replied, "No, it was Wen Ling who introduced me."

"Playing until two in the morning?"

"This... I think it was also student Wen Ling who suggested that since everyone was having such a good time, we should go back later..."

...

Brother Kai had not paid attention to this before, so he thought for a long time before giving an answer.

When everyone heard this, their eyes widened.

However, all of them looked at Yun Jian in shock.

How did she know that Wen Ling had betrayed everyone!

His observational skills were too shocking!

"Haha, I didn't expect that I would be discovered!" At this moment, the door of the private room was opened. A middle-aged man with a broken arm walked in under the protection of a group of people.

"Wu Wu!" Wen Ling saw the middle-aged man and called out twice.

"What a waste! You Can't even fool a group of students your age! Do you still want money to treat your mother's illness? !" The middle-aged man with a broken arm glared at Wen Ling and laughed.

"Big Brother Hao, the injection is ready!" At this moment, a subordinate standing behind the middle-aged man spoke.

This middle-aged man, who was called Big Brother Hao, was a big shot in the bar.

Moreover, Big Brother Hao was an expert in the drug trade. He had long set his eyes on the students of River City University Town. This time, he planned to make a fortune by using Wen Ling's hand.

"Inject drugs into them forcefully! I don't believe it..." Big Brother Hao instructed his subordinates with a majestic expression.

However, just as Big Brother Hao finished speaking, a group of armed men dressed in black night clothes suddenly rushed in from outside the door.

This group of people appeared here without any warning, just like an emissary of the night.

When Song Shijia and the others saw this, their eyelids twitched.

When they saw the leader of this group of people dressed in black, armed with firearms, Brother Hao's expression changed. He immediately lowered his head towards this person and cried out in public, "You! Why are you here!"

Brother Hao was also a person who had experienced the world. When he saw the person who came, he was shocked and his expression changed.

The surrounding people were all surprised to see who the person that Brother Hao was afraid of was, Big Brother Hao had already said respectfully to the leader of the armed men, "I have already transferred the previous batch of firearms to you. Why are you still looking for me..."

Big Brother Hao had not finished speaking to the leader of the armed men.

The leader of the armed men suddenly walked towards Yun Jian.

In less than two seconds, in front of everyone present, he directly knelt down towards Yun Jian. At the same time when everyone was so shocked that their eyeballs were about to pop out, he fiercely kowtowed towards Yun Jian and begged for mercy:

"Miss Yun! I was the one who didn't have foresight in the past and offended you! I beg you to be merciful and let my Cold Pavilion Go!

"The Cold Pavilion is an arms family that has been around the world for nearly a hundred years. It has been passed down from my grandfather to this day. It can not be destroyed by my hands! If you want to kill me or cut me into pieces, come at me! But with just one sentence from you! My Cold Pavilion can be saved! Please! Please let me go!"

2604 Chapter 2604 gives you time to tell me the reason

The person who came was not an outsider. He was Si Yi's biological father on Earth, Si Chu.

He was also the head of the Cold Pavilion, an arms family.

Ever since Si Chu tried to force Si Yi into marriage a few years ago, Si Yi had already broken off his father-son relationship with Si Chu.

The Cold Pavilion was an international organization with a shocking amount of arms. The cloud note had been stolen for a long time.

A few months ago, it had been given the opportunity to take down the cold pavilion in one fell swoop. Before the cloud tablet was sent out, it had asked Si Yi if he had any feelings for the cold pavilion, and had received a reply of three words: "If you like it, it's yours."

A few days ago, the cold pavilion had been completely disintegrated by the cloud tablet, and its military power had fallen into the hands of the cloud tablet.

It was just that it had not expected Si Chu to actually come here to beg for mercy.

"What, What's going on? What's going on! ?" Big Brother Hao's face was filled with terror.

When the people at the scene saw this scene, they all turned their heads and stared at Yun Jian without exception.

Big Brother Hao was such a powerful figure that even powerful people feared, yet he actually knelt down and begged Yun Jian for mercy! ?

"Senior sister, this is..." song Shijia looked at Yun Jian in a daze and was about to speak.

"I don't know him." Yun Jian interrupted song Shijia and glanced at Si Zhu.

After she said that, she turned to si zhu and added, "I'm just an ordinary female student at Jiang City University of electronic technology. You must have mistaken me for someone else."

It turned out that they had mistaken him for someone else. Everyone heaved a sigh of relief.

"Yun Jian, I thought you went to be a gangster! You actually hooked up with an arms family!" Zhou Juntao heaved a sigh of relief.

When everyone heard Yun Jian's words, they were relieved.

Yun Jian glanced at Si Chu and saw that he was stunned. She did not say anything and walked out of the private room.

Mo Bufan, Brother Kai, and song Shijia saw Yun Jian leave the private room in front of brother Hao and the others. They were afraid that brother Hao would not let them go, so they quickly chased after Yun Jian.

Brother Hao was afraid of Si Chu, so he didn't dare to send anyone to chase after them. Thus, he just watched Yun Jian and the others disappear before his eyes.

After Yun Jian and the others left, brother Hao fiercely swallowed a mouthful of saliva. He looked at Si Chu and said in a slightly fawning tone to Si Chu,

“She’s gone. You... Should I send someone to bring her back to confirm it for you?”

To brother Hao, Si Zhu was an existence that he could not afford to offend.

Who knew that si zhu maintained the posture of kneeling before the cloud memo, and in his hand was a note.

Other than Si Zhu, no one else saw that the note was thrown to him by the cloud memo.

“This... is...”brother Hao originally thought that si zhu had found the wrong person, but when he saw the note in Si Zhu’s hand, he suddenly remembered that si zhu did not seem to stop anyone when the cloud memo left.

In that case, that teenage girl just now was really someone that even a big shot like si zhu would be scared to kneel down when he saw her!

Big Brother Hao’s heart trembled.

Fortunately!

Fortunately, he didn’t make a move on that group of people!

...

After leaving the bar, Mo Bufan, Brother Kai, and the group of people ran to the dormitory building of the school at lightning speed.

On the way, everyone did not dare to stay for even a moment, afraid that the group of people from before would come looking for them again.

“Phew! Phew! I was scared to death just now! Fortunately, Yun Jian was here, otherwise, we... would not have dared to imagine it!”Zhou Juntao led the group to the dormitory building of the school. He took a few deep breaths and spoke.

“That’s right! We should properly thank Yun Jian... Yun Jian? Where did Yun Jian go?”Zhou Dun replied. He was just about to find Yun Jian and say a word of thanks, but when he looked around, he did not find any trace of her.

“She said that she went back to the dormitory first,”a girl explained as if she had been relieved of a heavy burden.

...

In the bar.

Brother Hao had just lowered his head and led Si Zhu and the others to the entrance of the bar when he saw a petite figure standing at the entrance of the bar.

This petite figure suddenly appeared at the entrance of the bar, which made brother Hao and the others panic.

In the next moment, the owner of the figure turned her head sideways and changed her posture from that of a female student. She looked at Si Chu and sneered in a completely different arrogant tone in front of everyone:

“I’ll give you one minute to tell me the reason why I don’t kill you and why I don’t Destroy Your Cold Pavilion.”

2605 Chapter 2605, life-saving letter. The contents of the letter

She wanted to kill Si Chu!

Brother Hao’s medium-sized and fat body trembled violently. He took two steps back abruptly, but his eyes were fixed on Yun Jian.

Should such words really come from the mouth of a young girl who was not even twenty years old? !

Who exactly was this young girl? !

“You still have thirty seconds. My Blade doesn’t have any extra time for you to think.” Brother Hao had just recovered from his shock when Yun Jian’s cold voice sounded again.

If Si Chu hadn’t come looking for him, the cloud paper wouldn’t have deliberately found him and killed him.

But Si Chu came looking for him, so he should blame himself.

At this time, even brother Hao, who had nothing to do with this matter, felt his heart tremble violently.

“There are still 10 seconds left. I forgot to tell you. My Blade told me that it wants to suck more people’s blood, so I’ll use all of you to feed my blade.”

Yun Jian was originally standing in a dark place. It was unknown when she was holding a shiny butterfly blade in her hand. When she said this, she was expressionless, but her words were so cold that it made people scared.

That strange figure made everyone feel like they were in a suspense movie. Brother Hao's face was already starting to turn pale.

Originally, brother Hao thought that this matter wouldn't affect him, but who would have thought that Yun Jian actually wanted everyone to die together with Si Chu! ?

"That... I suddenly remembered that I have some urgent matters at home..."brother Hao turned around and wanted to leave.

However, just as he turned around, a blade brushed past his ear with a 'whoosh'and pierced a bottle of wine on the bar counter.

With a 'ping pong'sound, the bottle of wine fell to the ground with a shocking sound.

Brother Hao hurriedly walked back to his original place. "That matter, I don't need to go home if it's done..."

Before he could finish the word "Done."

"3...2..."the cloud note had already started counting down with her beautiful voice that sounded like a call to death.

Brother Hao and the group of people standing beside him felt their hearts almost stop breathing.

How could they provoke this terrifying female devil!

They had to go all out! At worst, they would both die here!

However, just as Big Brother Hao and the others were so frightened that their faces turned green, they thought that Si Chu would definitely not be able to give an explanation.

"Do you want to know about the secret of the wooden sandalwood box and wooden fan among the three divine artifacts left behind by the creator of the God continent, Xing Feng?"

At the last second, Si Chu spoke. At this moment, he spoke with a solemn tone.

Hearing this, Yun Jian narrowed his eyes.

After pausing for two seconds, Yun Jian sheathed his blade.

"Speak."Yun Jian went straight to the point.

“Return the Cold Pavilion to me! Otherwise, you will never be able to find out the information left behind by the creator of the God continent, Xing Feng!” Si Zhu said loudly.

“Okay.” Yun Jian narrowed his eyes and replied word by word.

Hearing this, Si Zhu seemed to heave a sigh of relief.

“What? What is the God Continent?” Big Brother Hao and the others were at a loss.

At this moment, Si Chu no longer looked as weak as before. He turned around and waved at the cloud paper. “Come with me.”

...

He returned to the private room.

Si Chu was not trying to stall for time. He handed a letter to the cloud paper and said, “This is a letter.”

“When Si Yi was born, an expert gave it to me. That expert told me that my cold pavilion would be taken away by a teenage girl in the future. If there was such a day, he would give this letter to her.

“At first, I didn’t believe it, but now...”

Si Chu opened his mouth and finally spoke.

When she heard this, the cloud paper’s expression changed. She immediately took the envelope and opened it to take out the letter.

However, when she saw the contents of the black words on the white paper in the envelope, the cloud paper’s pupils constricted.

On the letter was written...

2606 Chapter 2606 who was the Yuan Purlin? The Yuan Purlin appeared

The letter’s appearance was very ordinary. There was nothing special about it.

However, the black words on the white paper made Yun Jian’s eyes widen.

This was because this letter did not come from Earth, nor did it come from the imperial dragon continent, nor did it come from the God continent.

It came from another world. It was a handwritten letter left behind by Xing Feng, the creator of the God continent!

After reading the contents of the letter, the cloud note looked up at Si Zhu and asked, "Who is the person who gave you this envelope?"

"I don't know... I only know that the person is wearing a ghost mask and is dressed very ordinary. I don't know anything else..." Si Zhu replied.

The words "Ghost mask" were engraved in the Cloud Note's heart.

She had once heard Ye Zhi mention that the Yuan Purlin that sent her a letter was wearing a ghost mask all year round!

If that was the case, could it be that the person called Yuan Purlin had something to do with the style of the creator of the God continent? ?

Perhaps he would know more about the style of the creator!

Holding the letter in her hand, the cloud paper turned around. She took two steps forward, then turned to look at Si Zhu and asked, "Have you read this letter before?"

"No, no, no. I don't know why, but I just can't open this letter." Si Chu quickly replied.

Hearing this, Yun Jian turned around and left without saying anything.

...

After Ye Zhi was taken away by Yuan Purlin, she was sent back to Qin Yiruo's home.

But now, in order to overcome her fear of this world, Ye Zhi had gone to school again.

And she was a resident student.

Therefore, Yunjian had not seen Ye Zhi during this time.

Now, she went to Ye Zhi's school to look for her. When Yunjian came to Ye Zhi's class, all the students in Ye Zhi's class looked at Yunjian in surprise.

"Ye Zhi, someone is looking for you!" In self-study class, a student who was sitting on the podium and watching the students called out to Ye Zhi.

Hearing this, Ye Zhi stood up and walked out.

"Come with me." Yunjian glanced at Ye Zhi, grabbed Ye Zhi's hand, and walked out.

“OH ~ ~”at this time, when the students in Yezhi’s class saw Yunjian holding Yezhi’s hand, they all looked as if they knew a secret.

However, Yunjian ignored them.

Yezhi lowered her head in fear. She was grabbed by Yunjian and brought to the most hidden and empty place in the school.

“Do you know where the person who sent me the letter is?”Yun Jian asked.

Yezhi paused, then shook her head. “He hasn’t appeared in front of me for a long time.”

To Yuan Lin, she was just a passerby in his life, a person who had nothing to do with him, so of course Yuan Lin would not follow her around.

Because even if she had been bullied before, Yuan Lin had always just stood aside and watched.

She was not important to him at all.

Ye Zhi’s words made yun Jian narrow his eyes.

“Close your eyes,”yun Jian suddenly said to Ye Zhi.

“Huh?”Ye Zhi was stunned, but she still closed her eyes.

She believed everything Yun Jian said.

As soon as ye Zhi closed his eyes, yun Jian raised his hand and gave ye Zhi a heavy slap on the face.

If this slap landed on Yezhi’s face, she would definitely fall to the ground.

Yun Jian did not show any mercy in this slap.

However, just as Yezhi felt a gust of wind on her face, her hand was suddenly pulled.

The next second, Yun Jian saw a tall man with a ghost mask on his face appear and drag yezhi to his chest from behind Yezhi...

2607 Chapter 2607 we come from the future world

Yeats was suddenly dragged to the back. By the time she realized what was happening, she had already crashed into the chest of the man wearing the ghost mask.

Suddenly, she felt the flesh behind her as hard as the wall. Yeats was startled and opened her eyes as if it was a reflex.

She looked up and saw the side profile of a man wearing a ghost mask.

“Yuan Purlin! ? Why are you here?”Ye Zhi saw the man wearing the ghost mask. She moved her red lips slightly and frowned in surprise.

After all, ever since the Yuan Purlin took her away and sent her back to Qin Yiruo’s home, she had not seen the Yuan Purlin for a long time after she entered the school.

Why would it appear today?

“He has always been by your side.”Yun Jian looked at the Yuan Purlin wearing the ghost mask, drew a red arc, and chuckled.

Finally, Yun Zhi paused, narrowed his eyes, and stared at Yuan Lin. He said firmly, “You are a man of style.”

Yuan Lin was a man of style, the creator of the God continent!

Ye Zhi didn’t know anything. She blinked and came out of Yuan Lin’s chest.

At this time, Yuan Lin touched ye Zhi’s head. Under the mask, her lips moved slightly under the face that had no expression.

“Go to class,”Yuan Lin said to Ye Zhi.

“Oh...”ye Zhi did not get a reply from Yuan Lin. She scratched her hair that had been touched by Yuan Lin and walked to the classroom with a confused look.

...

“You like her.”As soon as ye Zhi left, Yun Zhi had a nice and flirtatious smile on his face as he looked at Yuan Lin from the side.

His vision followed ye Zhi all the way until ye Zhi disappeared in front of him. He then looked away from Yuan Lin’s mask and slightly pursed his lips.

He looked away and replied to the cloud paper, “I don’t hate him.”

That meant he liked him.

The cloud paper didn’t say much. She just pursed her lips and smiled.

Returning to the main topic, the smile on the cloud paper's face suddenly disappeared. She turned around and walked to a tree with thick branches and leaves. She took two steps forward and then stopped.

She had no idea when she was holding the letter that Si Chu had given her. The cloud paper turned to the side and looked at the Purlin. It couldn't help but retort:

"If I'm not wrong, as the creator of the God continent, he has the ability to predict the future."

Yun Zhi's words made Yuan Lin's feet move, and his eyes darkened.

The surroundings were silent.

Silence.

It was so quiet that even the sound of breathing could be heard clearly.

It was so quiet that the school bell was about to ring.

"Yes." A nod sounded from Yuan Lin's mouth.

Since Yuan Lin had given this letter to Si Zhu when Si Yi was born on Earth, he told Si Zhu that there would be a day when the cold pavilion would be taken away by a girl. He asked Si Zhu to give this letter to Yun Jian on that day.

This meant that there must be someone who had the ability to predict the future between Yuan Lin and Xing Feng.

The person who had this ability was definitely Xing Feng!

"So Next, it's time to tell me what you know," Yun Zhi said as he shook the envelope between his index and middle fingers.

After being seen through, Yuan Purlin moved two steps to the side. He turned around and shifted his eyes to where ye Zhi was.

"Since you already know, I won't hide it anymore." Yuan purlin paused and suddenly grinned.

Just as the Yun Zhi was staring at him, Yuan Lin reached out his hand and removed his ghost mask from behind. His slender fingers gently removed his mask.

However, the face under the mask was extremely handsome. There was even a hint of elegance in his handsomeness.

This was not what the Yun Zhi was paying attention to. What the Yun Zhi was paying attention to was...

This face was actually similar to Xue Ying's! !

"You Are! ?" Yun Zhi frowned.

Yuan Lin looked up at Yun Zhi. When Yun Zhi frowned, he said:

"Let me reintroduce myself. My Name Is Yuan Lin. My father is Xue Ying and my mother is Si Luo.

"As for Xing Feng... He is the child of you and your husband, Si Ming!

"We are from the future world!"

2608 Chapter 2608, the unprecedented wrath of Yun Zhi

'We are from the future world'.

These words caused Yun Zhi's expression to change in surprise.

That's right, she had guessed Yuan Lin's identity and Xing Feng's identity.

She was even certain that Xing Feng had the ability to predict the future.

But she never expected that.

Yuan Lin was the child of Xue Ying and Si Luo.

And the Xingfeng was actually... ! ... The child of her and Si Yi! It was also the child of a grown-up!

Yun Zhi pinched the envelope in her hand. Her face was gradually turning pale.

The wind slowly blew past the side of the Yun Zhi. The melodious spring warm wind blew past the Yun Zhi and tied it up high. Its long hair reached its waist in a ponytail.

Its messy long hair was casually flowing. It looked extremely beautiful.

If one looked at it closely, one could see that the cloud paper was on the white paper of the envelope in his hand. These two words were written in black ink:

"Save me."

The signature was the words "Xingfeng" that flowed like water.

Obviously, Xingfeng had been captured by the mysterious person!

“I still have one thing that I don’t understand.”The cloud paper held the envelope in his hand. He raised his eyes slightly and looked at Yuan Lin.

“Please speak!”Yuan Lin said.

Towards Yun Zhi, Yuan Lin was still quite polite.

Because to Yuan Lin, Xing Feng was his master.

Just like how Xue Ying was working under Si Yi.

In a certain sense, as Xing Feng’s mother, Yun Zhi could be considered half his master.

“In the future, will we meet with any mishaps?”Yun Zhi asked.

When she asked this question, she did not hesitate at all.

Yuan Lin lowered his head slightly and looked at the leaves on the ground.

Two seconds later, Yuan Lin suddenly raised his head and told Yun Jian the truth without any hesitation:

“Yes! In the future, you, your husband, my parents, Uncle Linwei, Aunt Ye Ling, and everyone else...

“They are all dead! They were plotted against by the mysterious person and forced to perish together with the mysterious person. Their souls were scattered!

“In the end... only xingfeng and I were left.”

Therefore, in order to change this situation, as the child of Si Yi and Yun Jian, Si Ming changed his name to Xingfeng. He used all of his spiritual energy to forcefully open the space-time door and arrived at the God continent, which was even earlier than the birth of the sorcerer God and Divine Lord.

If the normal course of history was followed, the God continent would also appear. The king of the God continent would also exist. The Divine Lord, the main god, and the father of the main God would all exist.

However, Xingfeng came to the God continent, where everything had yet to begin. He became the creator of the God continent. In the long river of history, he added that he was the creator of the God continent.

Previously, it was said that Xingfeng had unintentionally discovered the god continent and created the God continent for his own selfish reasons. This saying was half true and half false.

Xingfeng indeed came to the God continent for his own selfish reasons. However, in order to hide his identity, he had no choice but to mold himself into another person.

There was only one point. He had come from a world other than Earth and the God continent. This point only meant that Xingfeng had come from a future world.

And his goal was very simple. He wanted to change all of this!

He had crossed time and space, cut through thorns and thorns, and came here just to find the person he wanted to protect!

The three divine artifacts left behind by xingfeng were the key to defeating the mysterious person!

Yuan Lin told Yun Jian that Xingfeng and he had just arrived at the God continent and created the God continent. Not long after, they met the mysterious man from that time.

At that time, the mysterious man already had the speed doubling potion, which could increase the strength of his subordinates by several times.

At that time, Xingfeng was no match for him, so he brought the woman he loved and went into seclusion.

Before Xingfeng went into seclusion, he adopted an adopted son from the God continent, allowing him to become the ruler of the God continent.

This adopted son was undoubtedly Si Yi's ancestor.

Xingfeng had already gone into seclusion, secretly looking for a way to deal with the mysterious person. Who knew that the mysterious person would find his residence and capture Xingfeng and the others in one fell swoop.

Only Yuan Lin, who had brought this secret and received Xingfeng's instructions, came to Earth. There was no need to explain what happened after that.

Hearing this, Yun Jian's eyes were cold. Her eyes that were filled with killing intent revealed an unprecedented coldness. She was still expressionless, but the words that came out of her mouth were so cold that it could freeze the world:

"So, you mean that the mysterious person has taken my son from the future!"

2609 Chapter 2609 immediately went to the Dragon Shelter Mountain

Although he did not want to say this out loud, Yuan Lin still clenched his fists and nodded. "Yes!"

Xingfeng had been captured by the mysterious person!

As the child of Yunjian and Si Yi, Xingfeng, who was also Si Ming, was a little kid from the future. He could have lived peacefully with Yuan Lin in the future world.

That was because the mysterious person in the future had already been sacrificed by Yunjian and the others. The mysterious person was already dead!

All the dangers had disappeared after Yunjian, Si Yi, and the others died with the mysterious person.

Xingfeng did not have to come back. He did not know if he was dead or alive after being captured by the mysterious person.

However, he chose to give up on the safe haven and used all his spiritual power to tear open the space-time door and bring Yuan Lin and Si Yi back to the present.

After Yuan Lin replied to the cloud note, he suddenly remembered Xingfeng's request and hurriedly said to the cloud note, "Xingfeng doesn't want you to save him immediately. He..."

"I understand." Four simple and flat words came out from the thin lips of the cloud note. Her eyes were lifeless, and even her facial expression did not change much.

However, Yuan Lin could see a hint of bloodlust and killing intent from the cloud note's words and expression.

It was the expression of the Sha God, the witch God, who would do anything to achieve his goal in the bloodthirsty battlefield!

"Ring, Ring, Ring—"the school bell rang.

The bell rang for the end of class for less than half a minute before Ye Zhi ran out of the classroom, panting.

Yuan Lin put on the ghost mask. He took one last look at Yun Jian and said to him,

"Please, keep it a secret. I don't want my parents and everyone else to be under a lot of pressure before that day comes."

Yuan Lin's words received a response from the cloud paper: "Okay."

“Yuan Lin, um, I remember your birthday is next week. Can you tell me your home address? I . . .” Before Yezhi could even catch her breath, she put her hands on her knees, half bent down, and said as she exhaled.

“No need.” Yuan Lin did not even look at Yezhi. He walked past Yezhi and only left these three cold words.

After a while, Yuan Lin left.

“Ah, I feel sorry for him. I only want to celebrate his birthday because I’m alone. I haven’t seen anyone else around him for so many years...”

Yezhi looked in the direction where Yuan Lin left, confused.

“He’s everywhere,” Yun Jian said.

Yuan Lin had been following ye Zhi, but he didn’t show up. Ye Zhi didn’t know anything about this.

“AH? Oh...” ye Zhi didn’t understand what Yun Jian meant, but she pretended to understand what Yun Jian said and nodded.

“I’ll come to see you next time and study hard.” After Yun Jian said this to ye Zhi, he turned around and left the school.

After leaving the school, Yun Jian returned to Jiang City University of electronic technology.

She was expressionless, and her footsteps were silent. When she arrived at the martial arts club, everyone was shocked.

“Yun Jian, you?” Mo Bufan asked in surprise.

But before he could finish, Yun Jian spoke first, “Is there a tour group near the school?”

Upon hearing this, MO bufan nodded, “That’s right, Yun Jian, don’t tell me you want to go on a tour with a tour group? Haha, I Know Someone From a tour group. Where are you going? Report to his family’s tour group and they will bring you to your destination.”

“Where are you going?”

After Mo Bufan finished asking, he looked at Yun Jian.

Yun Jian narrowed his eyes.

After pausing for a moment, Yun Jian spoke in front of everyone in the martial arts club,

“Dragon-shielding Mountain.”

2610 Chapter 2610 selling arms, top-tier equipment

“Hey! Dragon-shielding Mountain? I heard that place is not allowed to climb to the top of the mountain. The environment is elegant and beautiful, but if you climb to the top of the mountain, you are not allowed to enter. I heard that the top of dragon-shielding mountain is occupied by a true dragon from ancient times!”

“I don’t know if it’s true or not, but many adventurers like to go to dragon-shielding mountain for adventures. A tour guide I know is going to take a group of people there in two days. When the time comes, he will tell you where to go and where not to go.”

“Then, shall I sign you up?”

Mo Bufan was very concerned about the matter with the Yun Jian. As he spoke, he immediately took out his phone from his trouser pocket and looked at the contact number.

“Thank you.”The Yun Jian replied to Mo Bufan, then turned around and left the martial arts club.

“Hehe! Our president is going to go on a tour in the Dragon Hiding Mountain. How about we go on a tour with the entire tour group of our martial arts club in the future?”Zhou Juntao stood out and shook his butt, he suggested.

“Forget it! You organize it!”A girl laughed and replied to Zhou Juntao.

“Sure! It’s a deal!”Zhou Juntao replied.

...

There was a restricted area halfway up the Dragon Shield Mountain because at a certain place in the Dragon Shield Mountain, there were dangerous groups of ferocious beasts, piranhas, wolves, poisonous snakes, giant lizards, and so on.

It was a very difficult thing to go to the top of the mountain.

You had to go through many dangers to reach the top of the mountain.

Most of the adventurers who had ventured into the mountain all year round died there.

Yun Jian planned to follow the tour group to the mountain and enter the forbidden area alone!

She followed the tour group because the tour group led the way. She could reach the destination directly without taking any detours.

...

The biggest casino in Jiang City.

The casino was filled with the smell of smoke. Yun Jian raised her feet and walked in.

Most of the people in the casino were greasy uncles. Some of them were so excited that they put their feet on the table, not caring about their image at all.

The smell of smoke filled the sky.

Yun Jian had just walked in with a backpack on her back when she was stopped by the person in charge of the casino.

“Hey, little sister, this is not the place for you to come. Leave quickly!”The casino’s manager was obviously trying to persuade Yun Jian to leave for his own good, but his tone was not pleasant.

“Is this little sister also fond of gambling? Or is it because the family is short of money, so she used herself as a bet! ? Hehe, if she used herself as a bet and wants to bet with us, then I will be the first to go!”

A greasy uncle with his feet on the table and ten gold rings on his hands looked at the cloud note and said lazily.

“Count me in!”

“Me Too!”

Someone in the crowd immediately followed.

After all, there were all kinds of people in the casino.

The world was big, and there were all kinds of strange things. In the casino, one could see many faces that one would not normally see.

“Don’t fight with me! Little Sister, BET with me!”The greasy uncle, who wore a gold ring on all ten of his fingers and was obviously a rich man, clicked his tongue and teased.

While everyone was laughing and laughing, as if they were watching a joke on Yun Jian.

Yun Jian expressionlessly opened the backpack on his back and threw the backpack onto the greasy uncle's face.

With a crash, Grandpa Mao slid down from the backpack and landed on the oily uncle's face, stunning everyone present.

However, they heard Yun Jian's suddenly trembling voice:

"I know that this casino sells weapons behind the scenes. With this money, buy the best weapons that you have here. In three minutes, call your head out and negotiate with me."

Yun Jian came to this casino in Jiang City with only one purpose, which was to buy the best weapons as fast as possible.

She wanted to go to the forbidden area of the dragon-concealing mountain alone.

Kill God, Kill Demon!

Kill anyone who stands in her way!

"Good talk! Good girl! Haha!" Just as Yun Jian finished speaking, a burly man of 1.78 meters walked over from the side of the casino.

This middle-aged man who was 1.78 meters tall, wore a gray vest, and his arms were so muscular that it was obvious that he had a long beard. He looked even older than his actual age.

After the middle-aged man came to the front and back of the cloud note, he immediately said to the cloud note, "Then young lady, what do you want to buy from me?"

After that, the middle-aged man narrowed his eyes and looked at the cloud note.

"It depends on what you have here!" The cloud paper's expression did not change at all.

After she finished speaking, she raised her leg and kicked the stool in front of her. The empty stool crashed into the greasy old man who was sitting on the stool that had been hit by Grandpa Mao's backpack.

"Bang!" The two stools collided with each other.

The greasy uncle had not recovered from the shock just now.

At this moment, the bag that contained Grandpa Mao had not even been emptied by Grandpa Mao before it was accurately thrown in front of the middle-aged man.

From the moment Yun Zhi kicked the stool until now, she had not even moved her eyes away from the middle-aged man.

However, she had grasped the strength of her leg to the extreme. Without any deviation, she had used the stool to throw Grandpa Mao to the feet of the middle-aged man!

When the surrounding gamblers, including the greasy uncle and the middle-aged man, saw this, their pupils constricted and they were shocked!

“This money is all yours. Bring me the best equipment you have here.”

Yun Jian’s cold words made the middle-aged man blink his eyes.

Her backpack was half the size of her body. The total amount of Grandpa Mao in this backpack should be at least a million.

The middle-aged man used his right thumb to lightly press his lips together. He smiled and his sharp gaze was fixed on Yun Jian. However, he spoke to his subordinate standing behind him:

“Go, take out the best guy in the warehouse!”

The middle-aged man’s subordinate immediately agreed and turned around to run towards the warehouse.

When the casino’s gamblers saw this scene, especially the group of gamblers who were teasing Yun Jian led by the greasy uncle, they were all stunned with all kinds of shocked faces.

First of all, how did this teenage girl know that this casino sold equipment privately? ?

Second of all, she was just a little girl. What was the use of using so much money to buy guns? ?

Just as everyone was puzzled, the middle-aged man’s subordinate had already returned from the warehouse. At the same time, he placed a large pile of weapons on an empty chess table.

“You can choose for yourself.”The middle-aged man gestured to the cloud paper.

All the gamblers in the casino stopped in their tracks and stared at the cloud paper.

If the cloud paper could differentiate between the best weapons among so many, then it must be someone who knew a lot about firearms.

Everyone was waiting to see the cloud paper's decision.

Who knew that the cloud paper would walk in front of this pile of guns and pick out two handguns and some other scattered things. Without saying anything, it turned around and left.

A group of gamblers who didn't know anything about guns saw this and were all shocked.

Suddenly, they saw the middle-aged man looking at Yun Jian's back as he left. He shook his head and said in a funny tone, "Yun Jian..."

"The only two high-performance handguns that I have here were taken away by her just like that. Back then, in order to bring these two things back to the country, I spent a lot of effort..."
