

## The Schoolgirl Secret Agent - Chapter 2675 - 2700

2675 Chapter 2673: Captain for Life -GrandrFinalenale 3[ bottom ])

At this time, Yun Jian was already holding the butterfly knife that was assembled from three god-tier artifacts and god-slaying blades in her hand. She did not hesitate much and did not even greet si yi. With the butterfly knife in her hand, she took the lead and dashed towards the mysterious man!

“Chi! ! !”The sound of sharp blades could be heard in the air that the butterfly knife passed by.

Si Yi had known that Yun Jian would do this. He quickly moved in front of Yun Jian and did not even need to talk to Yun Jian. He cooperated with Yun Jian and kicked the abdomen of the mysterious man in the distance.

At this moment, the subordinates of the mysterious man had already started to fight with Yun Jian’s subordinates.

Those who were involved in the incident and did not have the slightest bit of strength retreated again and again. They retreated to the edge of the barrier where they could not retreat anymore. All of them were shivering, but they did not dare to say a word, they were afraid that they would be discovered and killed by the mysterious person or the mysterious person’s subordinates.

On the other side, after the mysterious person was kicked by Si Yi, he was violently forced back a few steps.

Before he could react, Si Yi turned his body. Yun Jian, who was behind him, kicked in the air. With the butterfly knife in his hand, Yun Jian and Si Yi worked together quite well to stab at him!

“Bang, Bang, Bang!”The mysterious person used his arms to block Yun Jian’s god-destroying blade.

In an instant, he was forced back a few steps.

Just as he stabilized his feet, the mysterious man suddenly felt blood spurting out of his hands that had been cut by the cloud paper. In the next moment, an earth-shattering scream echoed through the sky, “Ahhhhh!”

However, the mysterious man’s hands that had just been cut by the cloud paper’s Butterfly Blade were directly broken!

The two hands separated from the mysterious man’s body and flew far away!

It was only a light cut, but because the handle of the butterfly knife was formed from three divine weapons, the blade was the legendary god-destroying blade. The two combined into one, producing an enormous amount of energy.

It was only a light cut, but this cut directly cut off the mysterious man's hands!

The sharpness of this blade was imaginable!

"Ah, ah, ah! DAMN YOU, damn you! Everyone, die!" The mysterious man never thought that this butterfly knife could make him so miserable, just now, he even felt that his soul was about to be shattered by that butterfly knife!

At this rate, the destruction of the body was a small matter. It could be repaired, but the destruction of the soul, to an immortal cultivator, was the destruction of the soul, never to be reincarnated.

"Bang, Bang, Bang, Bang, Bang!" The Mysterious Man was furious. A series of blades appeared on the ground.

These blades attacked Qin Yirou and the others one after another.

If the ones who were attacked were not Qin Yirou and the others, but Lin Mengyu and the others, Yun Jian would definitely not turn around to save them.

However, Qin Yirou, Zhou ran, and the others were in danger. Yun Jian did not hesitate to turn around.

Seeing Yun Jian turn around to save them, the mysterious man shouted at Liu Shiyun, "Retreat! Let's Retreat!"

He wanted to escape!

And just as he said, the mysterious man only trusted him, trusted the old him.

He didn't even want his own subordinates anymore!

Obviously, the situation had developed to a point where the mysterious man couldn't control it!

Moreover, he Si Yi's attack had injured the mysterious man!

When Liu Shiyun saw this, he retreated to the mysterious man's location as fast as he could.

“Sorcerer God, divine lord, I will not let you off! Just you wait! I will not rest until I destroy you all! !”After the mysterious man finished shouting, he turned around and was about to quickly retreat with Liu Shiyun.

Yun Jian stopped the mysterious man’s attack on Qin Yirou and the others at this moment. It was already too late for her to stop the mysterious man from escaping.

Si Yi, however, stood still and did not move.

He watched as the mysterious man turned around to follow Liu Shiyun and leave as quickly as possible.

However, the moment the mysterious man turned around, Liu Shiyun suddenly hugged him from behind.

“You... What are you doing! !”When the mysterious man realized Liu Shiyun’s actions, his eyes widened and he looked at him in disbelief, looking at himself in the past.

An immortal cultivator could detonate his body on the spot, exuding a strength that was ten thousand times stronger than his own!

It was commonly known as self-detonation!

The center point of the self-detonation would be the point where not even a blade of grass would grow, and there would be no survivors!

Just when the mysterious man suddenly realized Liu Shiyun’s actions, the self-detonation point had already been activated in Liu Shiyun’s body.

Liu Shiyun turned his head to look at Yun Jian and the other members of the King’s team. The ferocious look that he had originally revealed, which was no different from that of the mysterious man, gradually faded away.

He suddenly revealed a faint smile to everyone. It was so gentle that it made Yun Jian and the other members of the King’s squad recall the first time they met Liu Shiyun. He was calm and steady.

The self-destruct in Liu Shiyun’s body was quickly activated. He glanced at the members of the King’s squad and suddenly turned his gaze to Yun Jian. He opened his mouth and said the last tough sentence that he had said in the mortal world, as if he was relieved of a heavy burden:

“Everyone, I’m sorry. It seems that I still can’t accept my future like this, but I’m also afraid that he will be lonely if he leaves alone.”.

“The captain of the King’s squad, Liu Shiyun, hereby applies for retirement today. I hope that you will approve of his resignation as the captain of the King’s squad for the rest of your life!”

2676 Chapter 2674 Zhang Feng took him away for a short life (Grand Finale 4)

The words that came out of Liu Shiyun’s mouth were awe-inspiring, just like his righteous and mature life.

Liu Shiyun’s life might not have been grand or awe-inspiring, but his awe-inspiring military posture and his heart to protect the king’s squad would not change even until he died.

Because he was the captain of the King’s squad.

Even if his future self had turned into the appearance he loathed, the current Liu Shiyun had never thought of betraying everyone.

Never.

He had done it. He had done his duty as the captain of the King’s squad. He had done it since he had promised GE Junjian to become the captain to protect everyone in the King’s squad.

That faint smile was just like when Yun Jian had just entered the army and met the six members of the King’s squad. The captain, Liu Shiyun, smiled at Yun Jian.

This smile was so plain that it didn’t have any ups and downs, but it was deeply imprinted in the hearts of the members of the King’s team.

“No wonder captain told me that if he passed away, he would pass the position of captain to Yun Jian. She is the most suitable person... so captain had already...”he planned to make such a decision today.

The Silent Vice-captain, Hongfan, shed tears that could not be wiped away. Hongfan, who was the closest to Captain Liu Shiyun, turned his gaze over and revealed a kind smile, it was a young man in his twenties who was counting down on the self-detonation.

However, just as Liu Shiyun finished speaking and the self-detonation in his body was about to start, he suddenly heard Hongfan recount Liu Shiyun’s previous words. Yun Jian stood in front of thousands of people and suddenly curled his lips and smiled.

His smile was so bright and beautiful.

Yun Jian looked at Liu Shiyun, who was hugging the mysterious person tightly, and said the last thing that Liu Shiyun had heard before he died:

“I will not take over the king’s team.

“The captain of the King’s team can only be you, Liu Shiyun.

“The king’s team will always be a team of seven people. Without any one person, it will not be established.

“The king’s team will be disbanded today. From now on, there will be no more kings!”

The King’s team was disbanded for Liu Shiyun’s sake!

This was a way to reminisce, and Yun Jian used another method to convey to Liu Shiyun a law that would never change.

The king’s team couldn’t be lacking in any way. Without him, the king’s team would no longer exist.

No matter what he did in the future, everyone in the King’s squad would acknowledge his existence and his identity.

His identity as the leader of the King’s squad would never be shaken!

Hearing Yun Jian’s words, Liu Shiyun laughed and cried.

Flowing water flowed down from the corner of his eyes, causing his vision to blur.

However, Liu Shiyun’s smile was full of pride.

“Boom! ! ! Long Long! ! !”

Just as Liu Shiyun smiled and shed his most sincere tears, the self-destruct from Liu Shiyun’s body exploded.

The sky was covered by a huge beam of light. Everyone’s eyes couldn’t help but close, and they couldn’t open them for a long time.

When everyone opened their eyes, the place where Liu Shiyun was was covered by a thick layer of dust.

“Captain! ! !”

The members of the King’s squad howled, and tears filled the corners of their eyes.

Yes, Yun Jian was right. Without Liu Shiyun, the King's squad, which was made up of seven people, would no longer exist.

He wasn't wrong. What he was wrong about was this cruel and realistic world.

The wind blew gently and swept up the dust on the ground, taking away Liu Shiyun's dull and short life.

2677 Chapter 2675 "I'm not worthy of the excellent you"-GrandFinalenale 5)

The dust in the sky swept across the sky and gradually dissipated in front of everyone's eyes.

Everything was over.

The mysterious man's subordinates, the group of black-robed men, were also subdued by Yun Jian's subordinates and killed at the scene.

Corpses were scattered inside and outside the barrier.

Strange thoughts flashed through the hearts of the thousands of people present.

At this moment, everyone fell into complete silence.

The barrier began to crack and gradually disintegrate.

In the end, it disappeared with the wind as if nothing had happened.

At the moment when everyone's hearts had completely calmed down, a mocking laugh that seemed to be tearing through their throats was heard from the gradually dissipating dust:

"Hahaha! hahaha! Why! Why Can't even my past self understand my current pain! Why! Why must I encounter such a thing! What did I do wrong! hahaha!"

The wind blew down the sand dancing in the air, and the dust in front of them could not be seen clearly. Gradually, a phantom appeared in front of the crowd again.

Liu Shiyun was already in the midst of self-destruction, and not even his bones were left.

This phantom was the mysterious person!

"He, he, he, Liu Shiyun is dead. As the future him, why isn't he dead yet!" When someone saw this, he was so scared that he hugged the person in front of him, and his expression suddenly changed drastically.

The former Liu Shiyun was dead, which meant that everything in the future should change! Why was the mysterious person still alive? !

Everyone's hearts were tightly clenched at this moment.

When Yun Jian's subordinates, the members of the ancient kill mercenary group, saw the mysterious person who hadn't disappeared with Liu Shiyun after Liu Shiyun self-destructed, they were 100% alert again.

"He's just an illusion. He's already dead. It's just that his obsession is too deep and the resentment in his heart can't be dispersed. The knot in his heart hasn't been resolved, so he can't be dispersed for a long time," Yun Jian suddenly spoke when everyone was 100% alert again.

As expected, the illusion of the mysterious man didn't seem to see Yun Jian and the others. He staggered to a corner and took two steps to the left and right in a sorry state. He kept muttering words that made people feel extremely sad:

"Why... Why did you let me encounter such a thing... I could have lived a good life, Hehe, there's no turning back, there's no turning back... was I wrong? Why did I betray myself even in the past..."

"Did I not deserve to live... Why! Why did you do this to me! !!"

The series of roars was just like asking the injustice of the heavens, filled with despair and pain.

No one was willing to become a bad person.

But unfortunately, this was a cruel and realistic world.

It was just like no one was willing to commit suicide, but unfortunately, he had encountered too many facts that he could not bear and face.

You could never imagine, and you should never judge anyone from a moral point of view, because you did not know about the life of others.

Yun Jian's eyes narrowed slightly, and his vision followed the mysterious man's swaying footsteps as he chased after him.

Just as the mysterious man staggered two steps forward, a clear singing voice that was as clear as a magpie's cry suddenly came from the side of the forest near this open area.

...

There was despair and desolation in the singing voice. The voice was so clear that people could not help but want to explore what kind of past they had encountered to be able to make such a young girl with such a clear voice that seemed to be able to wake up the earth.., to release such a clear and cold voice.

This voice that made people fall silent caused Ben to stagger forward. He hesitated for a mysterious person who did not have his own puppet and walked forward expressionlessly. He stopped in his tracks.

The voice was very beautiful and crisp. It was pure and clean as if it was an angel from heaven.

However, when the mysterious person's phantom heard the voices, he suddenly covered his face and squatted down. He hugged his head and cried loudly:

"Why... Why did you betray me... Why! !! Why did you leave me when I needed you the most! Why..."

The female voice that was singing softly finally appeared in front of everyone.

The young girl who could produce such a beautiful voice really had a pure and clean face.

She smiled slightly and slowly walked over.

When she arrived in front of the mysterious person, she lowered her head gently and placed her hand on the mysterious person's head, but she did not touch his head.

She was also an illusion!

She was just like the mysterious person, long dead.

When two illusions touched each other, they would never be able to touch each other.

The young girl suddenly smiled at the mysterious person in front of everyone. This smile was filled with desolation:

"I'm sorry. I was the one who asked Sister Yunjian to refuse you to save me when you asked her for help. Because I'm not worthy of such an outstanding person like you."

2678 Chapter 2676: towards Azure, soaring freely (Grand Finale 6)

This was the mysterious person, the woman Liu Shiyun would fall in love with in the future.

This simple-looking woman was only 16 or 17 years old. Her beautiful face and exquisite voice made people involuntarily sink into her beautiful singing voice.

However, it was this angelic woman who unintentionally ruined Liu Shiyun's life, causing Liu Shiyun to fall into the Devil and crazily take revenge on Yun Jian.

"Sister Yun Jian, I'm sorry. It was me who harmed you. I didn't think that he would be so persistent with me. Perhaps my birth was a tragedy."

The woman that Liu Shiyun loved deeply looked at Yun Jian with her hands behind her waist and smiled apologetically at Yun Jian.

The words that came out of the woman's mouth were as pure as her beautiful singing voice, giving everyone an unforgettable experience.

"Oh right, Sister Yunjian, you don't seem to know me now. Then, let me introduce myself again. My name is Xiang Weilan. My Dream is to one day be like the clouds that soar in the blue sky, Pure and flawless."

Xiang Weilan smiled as she happily introduced herself to Yunjian.

She smiled as she turned to face azure and extended her clean little hand to the mysterious person, the future Liu Shiyun:

"Shiyun, it's time for us to leave. Let's go to a place where no one knows us. "This time, I don't want to let go of your hand again. I want to be as Pure and flawless as the clouds in the sky. Even if I'm too dirty to accept, it's just like what you said before.

"I'm the purest person in the world. I believe in you. In the future, I don't want to let go of your hand again."

The Mysterious Man's Phantom Ben held his head and squatted on the ground. After hearing what Xiang Azure said, he slowly put down his ears and slowly stood up.

The moment he placed his hand on Xiang Azure's palm, the two hands that would never be able to hold each other again. Xiang azure held the mysterious man's hand and the mysterious man slowly stood up.

The wind blew past this place once again, bringing with it a thick fragrance.

Dandelions that came from God knows where were lingering around Xiang azure and the mysterious person.

The figures of Xiang azure and the mysterious person gradually disappeared under the lingering dandelions. Finally, they transformed into two ordinary dandelions that couldn't

be any more ordinary. They flew towards the blue sky together with the dandelions that floated past the horizon.

Xiang Weilan, she yearned to fly toward the blue sky, and she did it.

She told herself that in the future, she could also be as white as the clouds floating in the sky.

...

The story of Xiang Weilan and the future Liu Shiyun was learned from the notebook left by Liu Shiyun in 2004.

Liu Shiyun had always been in the habit of writing notes.

From the notebook left by Liu Shiyun, Yunjian learned that the future Liu Shiyun had found the current Liu Shiyun early in the morning and told him everything that would happen in the future.

Xiang Weilan was a prostitute. When the future Liu Shiyun first met her, she sang in a bar.

Her crisp and beautiful voice attracted Liu Shiyun.

Xiang Weilan also fell in love with Liu Shiyun, who took good care of her, but she didn't dare to tell Liu Shiyun about her lowly status.

She was very dirty, very dirty, so dirty that even she despised herself.

But in order to survive, in order to eat a mouthful of rice, in order to survive, she betrayed herself.

Later, Liu Shiyun found out about her past. He did not despise her, but she despised herself.

Later on, Xiang Weilan refused to accept any more clients for Liu Shiyun. She unknowingly offended a big shot and was beaten up countless times. But she did not dare to tell Liu Shiyun, afraid that he would feel sorry for her.

She was afraid that she would harm Liu Shiyun, so she left Liu Shiyun in the name of betrayal. She even begged Yun Zhi to not save her if she passed away in the future.

This was because she could no longer face Liu Shiyun.

Later on, Xiang Weilan died and was raped and killed by those big shots. He was stabbed to death with a knife.

Liu Shiyun knew that Yun Zhi had superb medical skills. He hugged azure blue and begged Yun Zhi for help, but was cruelly rejected by Yun Zhi.

Men in love were usually irrational. He hated the cloud note because of this and felt that the cloud note was intentional.

The name Azure Xiang was given to Azure Xiang herself. She hoped that one day she would be able to soar into the blue sky, as white and flawless as the clouds floating in the sky, as clean as her singing.

She did it.

She soared into the Blue Sky, and she did it.

2679 Chapter 2677 bleak and beautiful, love story -Finalenale 7)

...

The story of Liu Shiyun and Xiang Weilan is both beautiful and bleak.

It was the summer of 2015, and Liu Shiyun was on his way home from the Military District when he passed by a bar street near his home.

He was in a hurry to get home, but as he passed by, he was attracted by the melodious singing of a warbler.

Humans were emotional animals, and they would be involuntarily attracted to things that could attract them.

Liu Shiyun stepped into the bar and saw a young girl sitting at the front desk of the bar, exuding a vicissitudes of life.

The girl's eyelashes were very long, and under the neon lights, her slender figure was extremely beautiful.

The moment Liu Shiyun felt that he had stepped into the bar, the girl gently raised her eyes and glanced back at him.

She did not know that this glance had completely changed the fate of the two of them.

From then on, Liu Shiyun could not help but step into this bar every day just to look at the girl.

Over time, it had become a habit.

But the two of them had never spoken a word.

Until one day, when the girl finished singing the beautiful melody and turned to leave.

The girl put down the microphone and rushed out of the bar. She took out a wallet from her pocket and handed it to Liu Shiyun:

“Sir, this is the wallet you accidentally dropped yesterday. When I found it, you were already gone. I’ll return it to you!”

The girl lowered her head the entire time.

Only then did Liu Shiyun get a closer look at the girl’s face.

Just like the girl’s singing voice, the girl’s face was as small as a palm.

Liu Shiyun took the wallet, but before he could thank her, the girl turned around and ran away.

From then on, Liu Shiyun still came to watch the girl sing every day, but the two of them never knew each other.

Until one day, after Liu Shiyun listened to the girl’s singing, he turned around and was about to leave.

Suddenly, there was a burst of noise behind him.

“Let go of me! Let Go of me!”The Girl’s cry for help immediately sounded.

More than ten burly men rushed forward and dragged the young girl out.

One of the burly men raised his hand and slapped the young girl, causing her ears to ring. A heavy bruise immediately appeared on her face.

“Bitch, what are you trying to do? If you don’t listen, I’ll strip you naked on the spot!”

The burly man roared and raised his hand, wanting to throw another heavy slap.

But before this slap landed in the girl’s hand, it was grabbed by a large palm.

It was Liu Shiyun.

“Yo, you little brat, why aren’t you letting go of me? Be careful, I’ll find someone...”I’ll kill you!

But before the last three words could come out of the burly man’s mouth, Liu Shiyun didn’t even glance at the burly man. He raised his hand and placed a document in front of the group of burly men:

“Police.”

After seeing the clear handwriting on the document, the group of burly men were stunned.

“Consider yourself lucky!” When the burly man saw this, he broke his lips at the young girl and left with his men.

Liu Shiyun personally sent the young girl back to her residence — a dilapidated slum building that could not be any more dilapidated.

“Well, thank you.” Just as Liu Shiyun was about to leave, the young girl who had been silent the entire way spoke.

After two seconds of silence, the girl suddenly turned around and smiled at Liu Shiyun:

“My name is Xiang Weilan. I came up with this name myself. My Dream is to one day be like a cloud that soars in the blue sky, Pure and flawless.

“What About You?”

The Girl’s smile made Liu Shiyun Blush.

From that day on, Liu Shiyun and the girl got to know each other, understood each other, and were attracted to each other. In the end, they could not escape the word ‘love’.

Xiang Weilan kept telling herself that she was just lusting after his good qualities. After a while, she would leave. He was a soldier, and she should not delay him. A dirty girl like her was not worthy of him.

Xiang Weilan was sold into a brothel by her mother since she was young, and she was forced to receive clients.

She named herself Xiang Weilan because she wanted to one day be like the clouds in the blue sky, white and flawless. She longed for a clean life.

After falling in love with Liu Shiyun, Xiang Weilan used the money she had accumulated over the years to exchange for a chance to redeem herself. Although she was beaten up by her mother in the brothel, she was able to escape.

Liu Shiyun did not know about it. He introduced her to Yun Jian and his team of kings. She also got to know Yun Jian, who stood at the peak of everyone.

That was the happiest day of Xiang Weilan’s life.

She was carefree, as if she had truly lived the life of her dreams.

However, the good times did not last long. In the winter of 2017, the leader of the group of burly men who had dragged her out of the bar came looking for her again.

He was an international figure, but Xiang Weilan was unwilling to accept any more customers. She was unwilling to betray Liu Shiyun.

However, the other party threatened her. If she did not go, Liu Shiyun's future, bright future, and bright future would be ruined in an instant.

Xiang Weilan agreed, but she did not dare to tell anyone. She only secretly found Yun Jian and told him that if one day she was about to die, she would beg him not to save her.

This was because an unclean person like her did not have the right to spend the rest of her life with Liu Shiyun.

Other than these words, she did not say anything else.

Xiang Weilan knelt and kowtowed to Yun Jian. Yun Jian only agreed to her after she kowtowed until her head bled.

The innocence that she had lost could never be returned. No one was willing to fall. Her wish to azure blue was very small. She only hoped that her body could be as white and flawless as a cloud. However, she would never have the chance in her entire life.

2680 Chapter 2678: his son, Shiming, makes his debut (Finale 8)

In order to completely disappear from Liu Shiyun's world, he found all kinds of men to "Make out" with azure blue in front of Liu Shiyun.

However, after Liu Shiyun and Xiang Weilan argued for a while and left in anger, Xiang Weilan chased away the men who pretended to be "Customers" with her and hid in his room to cry bitterly.

In order to make Liu Shiyun give up on her, Xiang Weilan even belittled him loudly. "You're just an ordinary person. You can't even compare to the money I earned under mother sang! How Can You Feed Me? !"

"What I want is a high-quality life, but what can you give me?"

"I'm just playing with you because I see that you're good-looking. Do you really think that I've Met Love?"

Xiang Weilan made it very clear that she had to pretend to be herself in front of the big bosses in the past, so her words and expression made Liu Shiyun unable to find any flaws.

When she walked out of the room, Xiang Weilan dragged her luggage and squatted not far from Liu Shiyun's house. She cried silently for an entire night.

The next day, she went to the place where the big shot was.

Who knew that the big shot had a special quirk? He had just been coerced into the big shot's house. There were more than a dozen friends of the big shot waiting for her.

Yes, the Big Shot's quirk was that he liked to have group sex.

Xiang Weilan refused to comply. In the end, she swallowed a glass shard and attempted to commit suicide by piercing her intestines.

This group of people lost their sanity. After Xiang Weilan tried to commit suicide by swallowing a glass shard, they forced a gang rape.

On the other side, when Liu Shiyun received the news and rushed to the scene, Xiang Weilan was already lying on the ground on the verge of death.

Liu Shiyun loved Xiang Weilan too much and carried him to seek help from the cloud tablet.

Xiang Weilan could barely speak, however, he raised his voice and said to him, "I've never loved you. I just regret taking their clients today. I didn't think that they would let me eat the glass shards. Otherwise, with my ability, I would definitely be able to... live a life of Supremacy..."

This sentence caused Liu Shiyun to be hurt both physically and mentally.

When he found Yun Jian and asked for help, Yun Jian did not even look at it and decisively refused.

For Liu Shiyun, when Xiang Weilan betrayed him, his family had just died in a car accident. However, he had been betrayed by the woman he loved.

There was no way to seek medical help.

Liu Shiyun knew that Yun Jian had the ability to save Xiang Weilan, but she did not do anything.

Perhaps it was because he loved Xiang Weilan too much, but after Xiang Weilan's death, Liu Shiyun became completely dispirited. He became silent and didn't say a word.

Finally, in 2018, those big shots who raped and killed Xiang Weilan were suddenly killed in a bar. These big shots were badly mutilated and dismembered. They died a horrible death.

The police found out that the person who killed these people was Liu Shiyun.

When they fully arrested Liu Shiyun, Liu Shiyun was already missing...

...

The truth of all these facts gradually faded away as Xiang Weilan and Liu Shiyun turned into dandelions and left with the wind.

But at the last moment, the two remaining phantoms of the two of them hugged each other and left. They were happy.

Back then, in the future world, which was the big incident that happened in Longmen City in 2019, Liu Shiyun killed those big shots and dismembered them.

Because the perpetrator was Liu Shiyun, and he checked the suspect files given by Zhou Yiran, Yun Jian guessed that the mysterious person was Liu Shiyun.

...

After his soul returned to reality, the Phantom image of azure and Liu Shiyun completely disappeared in front of Yun Jian and the others.

Everything was over.

The enchantment had been broken. Apart from the thousands of people who were still standing there, everything that happened just now was like a nightmare.

"Mother!"

At this moment, a tall and handsome figure rushed out from the forest next to them.

It was none other than Shi Ming.

He was Shi Ming who had been imprisoned by the mysterious person after he grew up, which was also Xing Feng.

Xing Feng was very handsome and inherited Si Yi's looks.

When Xing Feng appeared, he rushed to the front of Yun Jian almost instantly and reached out to hug Yun Jian.

However, just as he shouted "Mother" and hugged his long-lost mother.

Si Yi suddenly tripped Xing Feng and hugged the cloud paper into his arms. He glared at Xing Feng fiercely.

Xing Feng: "..."

2681 Chapter 2679: If a word doesn't agree, his son will beat him up

"UH..." Xing Feng trembled when he saw Si Yi.

He touched his head and stopped in his tracks.

Ever since the creation of the God continent, Xing Feng had gone through so many years to change the fate of his parents. He had almost forgotten how possessive his father was towards his mother!

With him around, as his son, he did not even want to touch his mother, not even once!

"Cough!" Xing Feng helplessly touched the bridge of his handsome nose, then glanced at Si Yi, "Father..."

Towards Si Yi, Xing Feng still had an instinctive fear.

Because when they were young, Xing Feng and Zhou Yiran had been thrown into the Amazon forest by Si Yi, and they had suffered a lot.

"Young master, we have successfully completed the task that you asked us to do!"

Xing Feng was rushing over here. Adam, Molson, Xue Ying, and Ling Wei followed behind Xing Feng.

When the four leaders of the dark soul organization appeared, Adam took the lead and announced to Si Yi that they had completed the task.

In return, Si Yi softly replied, "En."

The four leaders of the dark soul organization did not arrive at the scene of the battle between Yun Jian and Si Yi. Even the blood doll organization's Di Lin and Leng Mei did not arrive because Si Yi had given them a mission.

That was to rescue Xing Feng.

After Xing Feng was rescued, Xing Feng used his last bit of spiritual power to summon the Blue Phantom of the future that had already passed away.

Phantom was the collective name of an immortal cultivator for a person without a body or soul.

It was just a lingering obsession in the world, nothing more.

That was why the scene of Xiang Lan and Liu Shiyun turning into dandelions and flying into the blue sky took place.

At least their phantoms were together.

At the last moment, they left with a smile.

“Hahaha! Let’s call it a day! Mother, how long has it been since I’ve eaten your cooking? Let me have a free meal tonight. Mother, why don’t You Cook for me?”

Xingfeng touched the bridge of his nose and took the lead to walk forward.

After taking two steps, he suddenly turned around. His handsome face was filled with anticipation.

When he heard that Xingfeng had requested Yun Jian to cook for him, his expression instantly darkened.

Yun Jian knew everything except hula hoops and cooking.

In the end, Xingfeng mentioned that he had eaten Yun Jian’s cooking before.

Even if the future Yun Jian had cooked for Xingfeng before, this matter made Si Yi’s handsome face look even more displeased.

“Hey, I say, mother, why don’t you make me something that I loved to eat when I was young today! When I recall, it was that...”

After Xingfeng said that, he turned around and walked in front of Yun Jian and Si Yi.

He even used his hand to support his chin solemnly as he recalled the name of the dish that Yun Jian made for him.

However, Xingfeng took two steps in front of Yun Jian and Si Yi. As he walked, a slender leg suddenly stretched out from behind him and hooked onto Xingfeng’s leg.

This sudden attack made Xing Feng fall to the ground.

The ground was full of grass mixed with the mud that had been moistened by the rain. Not to mention Xing Feng suddenly falling to the ground, the mud on his face had been moistened.

Xing Feng stood up and angrily cursed, "Who! Who! who has the guts to trip my foot!"

Xing Feng's eyes swept across the scene. Finally, when his eyes swept across Adam and the other three, he suddenly saw Xue Ying's eyes glancing to the side.

This must be the murderer who told him to trip him and deliberately made him fall into the mud!

Xing Feng glared at the direction where Xue Ying indicated, only to see a face that was 80% similar to his own, with a more distinct outline of a handsome face...

2682 Chapter 2681 waking from a dream is real -GrandrFinalenale 10)

When he realized that the person who tripped him just now was actually his biological father, Xingfeng even wanted to die.

"Er, father? Why did you trip me all of a sudden, father? Look, my clothes are stained with mud..."

Although xingfeng had lived for so many years and had an 80% similar face to Si Yi, the difference in personality between him and Si Yi could be said to be heaven and earth.

Si Yi was the kind of person who was so cold that people would not dare to approach him or talk to him.

Other than the woman he loved, he would not speak to anyone else.

Although Xingfeng had a handsome face that was no different from Si Yi's and even inherited his cold appearance, he was completely different from Si Yi. He was the kind of person who liked to talk and be humorous.

When he realized that the person who tripped him was actually his father, Xingfeng was stunned.

After he was stunned, he immediately acted coquettishly.

However, Xingfeng's coquettishness was met with Si Yi's cold and merciless words, "Scram to the side."

Xingfeng naturally understood his father. The corners of his mouth twitched, and finally, he turned around and ran away dejectedly.

...

The next morning.

Mo Bufan, the vice president of the martial arts club, scratched his head and slept on his big single bed. He turned over.

Although the single bed was big, Mo Bufan slept on the edge of the single bed. With this turn, he rolled on the ground.

“Awoo!” Mo Bufan let out a wail.

After the wail, his consciousness gradually became clear.

“Hiss... why do I feel like... I had a very terrifying dream? What kind of dream was it? Why do I feel like I can't remember it... hiss... In my dream, there seemed to be a cloud note?”

Mo Bufan scratched his scalp and muttered to himself.

As he muttered, he stood up and put on his clothes. Thinking that this was just a dream, he decided not to think about it.

After eating breakfast, he took a bus from home to school.

As soon as he entered the classroom, he heard his classmates discussing animatedly.

The one who led the discussion was Cai Huiling, who had a dispute with Yun Jian in university.

“How did that little slut appear in my dream! I really saw a ghost! I don't want that little slut to appear in my dream at all! And it seems like...”

“She is that whatever international spy ranking Number One Sha God! What Gu Sha mercenary group Boss? In My Dream, I seem to have dreamt that there were a few people who claimed to be Gu sha mercenary group standing behind that Little B \* Tch.

“Pfft, I'm puzzled. She actually appeared in my dream in such a manner. She thinks she is a transformer, an armored warrior!”

...

Cai Huiling was talking about the dream she had yesterday to some girls who didn't know about it. She was ridiculing and laughing at the same time.

Mo Bufan scratched his head and walked past Cai Huiling.

Strange, why did he seem to have achieved her dream as well?

However, Mo Bufan didn't think too much about it.

"Look, a transformer and an armored warrior are here!" Cai Huiling pointed at the stairs with a mocking tone.

However, she saw a young girl with a full chest and a slender figure, who had been moistened by a man, walking toward them.

Yun Jian happened to pass by at this moment.

Hearing Cai Huiling and the others mocking her, Yun Jian only curved his lips. When he passed by Cai Huiling and the others, he showed a strange smile to Cai Huiling.

This smile made Cai Huiling laugh even more mockingly at Yun Jian. She shouted at the back of Yun Jian,

"Hey! You're a transformer, right?"

She had a mocking smile on her face.

But just as Cai Huiling finished speaking, she suddenly saw a butterfly knife appear in the cloud paper's hand that was originally holding nothing.

This was nothing.

But looking at the shape of the butterfly knife, Cai Huiling suddenly recalled a scene.

It was the scene of the cloud paper combining the three artifacts into the butterfly knife handle...

When Cai Huiling came back to her senses, she suddenly screamed in fear, causing the surrounding girls who heard her joke to be at a loss:

"Ahhh! That's it! That's it! That Dream isn't a dream! It's real! It's real, real, real..."

2683 Chapter 2682: request from the goddess, set me free -GrandrFinalenale 11[ bottom ])

Cai Huiling sat on the ground as if she was paralyzed. She held her head as if she was frightened by something.

The girls were shocked. When they raised their heads to look at the cloud paper, the cloud paper had already put away the butterfly knife that was formed from the three divine weapons and the god-slaying blade.

“There’s nothing in her hands? Huiling, are you seeing things?”

The girls exclaimed in surprise.

It was early in the morning, and Cai Huiling was promoting the dream that she had yesterday. She even compared the cloud paper to an armored warrior, saying that everything in the dream was really hilarious.

How could someone like the cloud paper be the number one on the international spy rankings.

What ancient kill mercenary group BOSS.

After seeing cloud paper, he suddenly went crazy and shouted.

But at this time, cloud paper had already gone far away.

...

After confirming that everyone treated this as a nightmare, cloud paper returned to Longmen City.

Xingfeng and Yuan Purlin came from the future. They should have left this era through the space-time gate.

However, the two of them refused to leave for a long time.

Furthermore, Xingfeng and Yuan Purlin stayed in Longmen city for a few days.

At this time, Xue Ying and Si Luo had not given birth to the future Yuan Purlin.

In the next few days, the Yuan Purlin did not move at all. It spoke to Xue Ying and Si Luo in front of everyone:

“When are you two going to give birth?”

He was anxious. In his previous life, he was about to be born, but Si Luo’s stomach was still not moving.

Si Luo covered his face and left.

...

“Don’t Stop Me! I have to make him cry! Brat! I let you bully me every day when I was young! You even stole my beloved sister, didn’t you? You Little Brat!”

Xing Feng was dragged by Mo Sen and Lin Wei. His eyes were fixed on Little Zhou Yiran who was playing happily on the bed.

The Little Zhou Yiran was only four years old. He had no idea that Xingfeng had been bullied by him in the future.

At this moment, Zhou Yiran was holding a photo of him with the little guy and the little girl.

In front of xingfeng, the Little Zhou Yiran looked at the photo and giggled. As he laughed, he suddenly smacked the little girl in the photo.

At the moment when Xingfeng almost spat fire, Little Zhou Yiran turned his head and smacked the little girl in the photo again.

The little girl was Xingfeng himself.

“Brat, let go of your mouth!”

Xingfeng’s roar was heard clearly by everyone in the villa.

...

On the day that Xingfeng and Yuan Purlin left, Yun Jian met Shenji again in the space-time forest.

She was from the future, the year 2019.

Shen Ji had specially rushed here from the future.

In the dark part of the forest, Yun Jian and Shen Ji looked at each other.

“You are looking for me?” Looking at the enchanting and charming Shen Ji in her thirties, Yun Jian curled his lips.

“Yes.” Shen ji revealed a graceful smile and nodded slightly at Yun Jian.

“What’s the matter?” The way the two of them interacted was always to talk less if they could. Yun Jian asked again.

“Yes.” Shen Ji nodded.

Finally, Shen Ji raised her eyes and looked at Yun Jian. “006, Promise me one thing. Don’t refuse.”

“HMM?” Yun Jian raised his eyes.

She had thought that Shen Ji had deliberately rushed to 2004 from the future to remind her not to forget to save her.

After all, Yun Jian now had the butterfly knife. Under certain circumstances, it could bring the dead back to life.

And Yun Jian could just save Shenji, who was already dead.

However, Shenji only raised her eyes slightly and revealed a bitter smile. "Don't save me. I know you have this ability, but please don't save me."

"Why?" Yun Jian was not surprised after hearing it.

"006, after so many years, I'm tired. Let Me Be Free."

...

2684 Chapter 2683 Yuan Lin's confession, saying that I will marry you - GrandrFinalenale 12)

Compared to her in her twenties, Shen Ji, who was in her thirties, had an additional sense of maturity and indifference.

If the former Shen Ji was like a wild rose with thorns, then the current Shen Ji standing in front of the cloud tablet was like an old man in indifference.

After listening to Shen Ji's words, the cloud tablet fell silent.

She was silent because if she hadn't met Si Yi, reincarnated into the Yun Jian, and a series of things didn't happen, then her choice would have been the same as Shen Ji's.

No one in this world could understand Shen Ji better than her.

"Okay." A plain word was gently pressed out from the Yun Jian's thin lips.

Hearing the Yun Jian's words, Shen Ji smiled, her smile enchanting and playful.

"Then, if we meet again in the next life, I will definitely defeat you before you grow up!"

"006, I, Shen Ji, have not forgotten that I want to surpass you! Forever and Ever!"

Shen ji stretched out her hand towards Yun Jian. Tears reflected in her sharp eyes. She suddenly laughed out loud and said these words very smoothly.

"I will wait." Yun Jian's hand grabbed Shen Ji's hand. She smiled indifferently, just like how she and Shen Ji had been enemies for half of their lives when they were in the dark soul organization, the light was bright and beautiful.

"You must be happy!" Shen Ji patted Yun Jian's shoulder. She looked at the little girl who was holding her in her arms and the little girl. Then, she turned around and walked toward the space-time forest.

The wind blew up the fallen leaves on the ground and swept them up into the sky.

In less than two seconds, the wind stopped without any warning. All the fallen leaves that flew into the sky fell to the ground.

The Fairy Maiden was like this dancing fallen leaf. The moment it was swept up by the wind, it was magnificent, and then the fallen leaves returned to their roots, leaving no trace behind.

Her fiery red clothes fluttered in the wind, and the fairy maiden left in a swift and fiery pace, like a heroic heroine.

She took away her mortal enemy who had competed with Yun Jian for a lifetime.

This was the last time Yun Jian saw the fairy maiden.

...

Yun Jian stood where he was and watched Shen Ji leave for a long, long time. It was not until the hem of his clothes was pulled by someone that Yun Jian came back to his senses.

"Mama! Mama Bao Bao, Bao Bao!" It was the little guy that Si Yi was holding in his hand that grabbed the hem of Yun Jian's clothes. Because Si Yi was holding it in his hand, the little guy swayed left and right as if he was swinging on a swing.

The little guy blinked his big eyes when he said "Bao bao" instead of "Hug." He was so cute that people wanted to pinch his face.

The Yun Jian turned his eyes and saw the little guy who suddenly giggled when he saw something interesting. Her heart moved.

She reached out and hugged the little guy, gently rubbing his head.

When she looked up, she saw Si Yi looking at her lovingly.

That's right, she and Shen Ji already had a different life, a home filled with color and love.

She still had the family that she cared about the most, the dearest, waiting for her to return home.

So she was not alone.

For the first time, Si Yi let the little girl stay in the arms of the cloud paper.

After the cloud paper sent Shen Ji Away, Xingfeng and Yuan Purlin were also leaving.

After all, they were not people of this era.

And the most important point was —

“Liu Shiyun of this world is dead. He is dead. The future should have changed, and it should have returned to a period where the mysterious person never appeared.”

Xingfeng stood outside the space-time forest, analyzing the conclusion.

The current Liu Shiyun was dead. Logically speaking, the future Liu Shiyun would not have the chance to return to the beginning of the God continent, and then everything would not have happened.

This also meant that Yun Jian, who was the sorcerer God, and Si Yi, who was a divine lord, would not come to Earth.

Everything should have returned to the time when everything had not happened.

“But don’t worry. I’ve investigated. Because of the mysterious person’s disturbance, time and space have been distorted. Even if there is no mysterious person in the future, nothing will change now.

“But there is something bad that I have to tell everyone...”

Xingfeng paused.

Finally, he continued, “The space-time gate suddenly began to gradually disappear. I estimate that in twenty minutes, the space-time gate will no longer be able to be used. In other words, if we return to the future this time, we will never be able to return to the year 2004.”

At this point, Xingfeng was not worried that he would not be able to meet Yunjian Siyi again. He turned his eyes to Yuan Lin. “Yuan Lin, if we don’t do something now, we won’t have a chance.”

Xingfeng knew that Yuan Lin was very special to Yezhi.

At this moment, Yezhi was trembling as she hid behind the cloud paper. She revealed one of her eyes as she looked at Yuan Lin who was standing beside Xingfeng.

Hearing Xingfeng's words, Yuan Lin's deep eyes twitched.

Just when everyone thought that Yuan Lin would say something that would make Yezhi wait for him for more than ten years, Yuan Lin suddenly walked up to Yezhi, grabbed her wrist, and pulled Yezhi toward Xingfeng. "Follow me."

After a pause, Yuan Lin was afraid that Yezhi would not agree, so he suddenly said in public, "I'll marry you."

2685 Chapter 2684 engagement ceremony, Yun Jian's appearance (Grand Finale 13[ Part II ])

Yuan Lin's sudden confession shocked everyone around him.

Even Xingfeng did not expect that Yuan Lin, who had always been by his side and had always placed great importance on important matters, would even let a woman he knew fall in front of him, he could even watch as Yuan Lin was beaten to death and paid no attention to him.

How could he say such explosive words!

Xingfeng had thought that Yuan Lin only treated Yezhi differently.

He had thought that Yuan Lin would say to Yezhi that he would wait for her for more than ten years.

But he did not expect that the moment he said it, he would marry her!

"Cough!" Xingfeng put his fist to his mouth and coughed lightly. He forced out an unnatural smile.

Yezhi was timid to begin with. She was a puppet created by the mysterious man to deal with Yunjian. She was an existence that even heaven and earth disapproved of.

However, being confessed in front of everyone like this, Yezhi was completely caught off guard.

Her wrist was tightly encircled by the Yuan Purlin. His eyes stared at her face, as if she was a python that would swallow her alive if she dared to refuse.

Yezhi shivered and turned to look at Yun Jian, asking for help. "Sister Yun Jian..."

“Follow your heart. If you want, we’ll see each other in more than ten years.” Yun Jian slightly pursed his lips and snatched the words that Yezhi was about to say.

“Follow your heart...” Yezhi gently placed her other hand that was not held by Yuan Purlin on her heart and closed her eyes.

After meditating quietly for a few minutes, ye Zhi finally opened her eyes and looked at Yun Zhi. “Sister Yun Zhi, Will I be able to see you again after I Leave?”

“Yes.” Yun Zhi nodded.

Ye Zhi had gone to the future, which meant that she had traveled more than ten years to the future, so she could naturally meet Yun Zhi in the future.

However, for Yun Zhi and the others, they would have to meet ye Zhi who had traveled to the future more than ten years later.

Hearing that they would be able to see Yun Jian immediately after they left, ye Zhi decisively agreed. “Alright, I...”

“The space-time gate is about to disappear. If we don’t leave now, it will be too late.” Xingfeng used his spiritual power to sense for a moment and frowned.

Hearing this, Yuan Lin grabbed ye Zhi’s hand and walked toward the space-time forest.

“Father, mother, everyone, we’ll meet again in the future!” Xingfeng revealed a handsome smile that looked like Si Yi’s. He nodded at the others and then turned around to catch up with Yuan Lin.

...

After sending off Xingfeng, Yuan Lin, and Ye Zhi, Yunjian returned to normal life.

However, after this, Yunjian still had a very important thing to do.

One month later.

Longmen city, the Chen family.

Chen Xinyi had been locked up at home by her father for several days. Especially today, it was worse than death for her.

Because this afternoon, Zhang Shaofeng was going to get engaged to a rich young lady whom he had known for less than half a year.

Zhang Shaofeng's family and Chen Xinyi's family found out that the two of them were in love.

Cousins were in love. This was simply an incestuous matter that heaven and earth could not tolerate.

Chen Xinyi was locked up at home and could not get out. She was impatient. Just when Chen Xinyi was so anxious that she wanted to smash her head, an incense packet was suddenly thrown in from outside the window.

She was stunned. Then, she quickly untied the incense packet and took out the things inside.

When she saw the familiar words and the key inside the incense bag, Chen Xinyi was delighted.

It was her! It was Yun Jian!

...

At a luxurious five-star hotel in Longmen City.

Zhang Shaofeng was forced by his parents to change into an engagement suit.

The engagement party was currently being held.

Zhang Shaofeng's father, Father Zhang, dragged Zhang Shaofeng and stood in the middle of the hotel. He raised his glass and clinked it with the woman's father, Guo Hong. "In-laws, from now on, we are a family. Please bear with us in the future!"

"That's a must!" Guo Hong smiled with narrowed eyes and clinked his glass with Father Zhang's.

The two of them looked at each other and drank.

Zhang Shaofeng stood at the side and rolled his eyes.

If it weren't for his mother holding a knife to his neck and threatening him to change his clothes, he wouldn't have come here even if he died.

Standing next to Guo Hong was a shy girl who glanced at Zhang Shaofeng. She was about 18 years old and looked average.

The girl's name was Guo Youting. She was the engagement party with Zhang Shaofeng this time.

It could be seen that if Zhang Shaofeng was not in a hurry to break off the relationship between Zhang Shaofeng and Chen Xinyi, Zhang Shaofeng's father would not have let Zhang Shaofeng be in such a hurry to get engaged.

"Ahem, thank you all for coming. Today is my son's engagement party with Guo Youting, the Miss of the Guo family. Thank you for coming. Then, the engagement ceremony begins now..."

Father Zhang said with narrowed eyes.

But just as he said this, a clear and melodious female voice suddenly sounded, "Wait!"

This voice suddenly sounded, causing the surrounding people to be shocked.

This is? Just like in a TV series, someone is snatching the wedding?

Everyone was stunned.

But just as everyone was thinking this, a figure suddenly jumped down from the second floor.

This figure jumped down from the second floor, and his actions were so swift that everyone around was stunned.

When Zhang Shaofeng saw this, his eyes lit up.

Yun Zhi, who was suddenly standing in front of everyone, turned his head and looked at Zhang Shaofeng, who was standing in front of the engagement ceremony. With a contemptuous smile, he said something to Zhang Shaofeng that made everyone's heart jump:

"Why aren't you inviting your master to participate in your engagement ceremony, Kid? HMM?"

2686 Chapter 2685 doesn't welcome you, please leave -GrandrFinalenale Partpart 2])

These words sounded like a conversation between an ordinary person and an ordinary person, but the hearts of everyone present jumped when they heard these words.

"She jumped down from the second floor just now and was actually fine!!! and she even claimed to be the male side's master, who on Earth is this woman?!"

Some of the guests who were invited to the venue saw Yun Jian jumping down from the second floor. They were so shocked that they were dumbfounded. At the same time, they could not help but ask in shock.

“Could this person be the clown who was invited to perform acrobatics?”

Another person spoke up, but their eyes were fixed on Yun Jian’s face.

“It shouldn’t be! How could a clown be so beautiful? !”Someone immediately refuted.

For a moment, everyone said that it was all over the place.

Guo Hong had just moved his company and business to Longmen City a year ago. As Guo Hong’s daughter, who was the one who was engaged to Zhang Shaofeng today, Guo youting had also just arrived at Longmen City recently.

She had fallen in love with Zhang Shaofeng from the first moment she met him.

She liked Zhang Shaofeng’s skills and drive that were different from that of ordinary boys. Zhang Shaofeng would keep exercising every day, including because he had learned his skills from Yun Jian for so many years, his strength should at least be comparable to that of a high-level assassin.

Guo youting only met Zhang Shaofeng about half a year ago.

It was a party. They were robbed on their way home in the middle of the night.

A group of young men and young women was having a party. On their way home, they were accidentally robbed by a group of armed robbers. Under normal circumstances, they had no choice but to hand over the money obediently.

The robbers they met that day saw that there were a few girls in the group, and they became lustful.

If it was an ordinary person, they would probably have been robbed and raped that day.

The girls were extremely scared.

The boys were so scared that their legs went soft.

But at that moment, Zhang Shaofeng stood up.

Not only did Zhang Shaofeng stand up, he even took care of the group of robbers with his bare hands!

In the end, he was sent directly to the police station and was greatly praised by the police.

They said that this group of gangsters were repeat offenders, but because they were cunning and powerful, they were also armed with guns and knives, so it was very difficult to catch them.

In the end, Zhang Shaofeng caught this group of gangsters by himself.

From that day on, Guo Youting was moved by Zhang Shaofeng.

Later, Zhang Shaofeng's relationship with his cousin Chen Xinyi was exposed. Although it was suppressed, Guo Youting still learned about it from various sources.

And because Zhang Shaofeng's parents wanted to completely cut off the relationship between Zhang Shaofeng and Chen Xinyi, they began to arrange blind dates for Zhang Shaofeng. They wanted Zhang Shaofeng to have a family as soon as possible so that they could completely cut off the relationship between him and Chen Xinyi.

Guo Youting took advantage of the loophole to have today's engagement party.

The engagement party was going well initially, but a woman suddenly appeared. It was obvious that she was here to cause trouble. She even claimed to be Zhang Shaofeng's master. Guo Youting immediately frowned.

"Hey, it's sister Yunjian! Zhang Shaofeng, how dare you let Xinyi down. As Xinyi's good friend, I, Sister Yunjian, will not let you off the hook. I'm here to look for you!"

Although Ling Yichen was a playboy himself, he was also very optimistic about Chen Xinyi's happiness. In Ling Yichen's heart, he already regarded Chen Xinyi as his sister.

Originally, when Zhang Shaofeng was engaged to another woman, he sat at the side and let out a sigh. He was very unhappy.

The moment the Yun Jian appeared, Ling Yichen was the first to stand up and shout at Zhang Shaofeng.

These words, however, changed when Guo Youting heard them.

Guo Youting was dressed in a gown. The moment the Yun Jian was about to reach Zhang Shaofeng, she stood in front of the Yun Jian and acted like a hostess. She spoke to the Yun Jian:

"Are You Chen Xinyi's friend? I advise you not to cause trouble. If you're doing this for your friend's sake, then please leave this place!"

"Also, Shao Feng doesn't have any master! You are not welcome here!"

2687 Chapter 2685 was given by me, and I take it back

Guo youting spoke to Yun Jian word by word.

Guo youting completely disagreed with Yun Jian's claim that he was Zhang Shaofeng's master.

After all, after Guo youting got to know Zhang Shaofeng, the Zhang Shaofeng she saw was trained by himself.

Those abilities were definitely learned by Zhang Shaofeng himself.

Moreover, even if he had a master, he would definitely not be Chen Xinyi's friend in front of him!

Regarding the fact that Yun Jian claimed to be Zhang Shaofeng's master, Guo youting thought that it was probably because Yun Jian, Chen Xinyi, Zhang Shaofeng, and Ling Yichen were fooling around with each other.

After all, at their young age, the students were bored in school and would often refer to each other as "Grandpa", "Grandma", "Big brother", and "Little Brother".

There were also such terms as "Master".

As for Yun Jian, he was definitely one of those who did not have actual strength. He was merely addressing Zhang Shaofeng as "Little brother".

The few sentences that Guo youting said to Yun Jian were not very harsh.

After all, Guo youting was also from a famous family. She would definitely have learned some of the etiquette that she should have.

"F \* ck!" Ling Yichen grabbed a handful of his hair. He looked like an emperor who was not anxious but a eunuch who was anxious.

"Zhang Shaofeng, if you get engaged to this woman today, I will marry Xinyi and leave with Xinyi. I will never see you again for the rest of my life!" Ling Yichen was holding a glass of red wine. At this moment, he threw the red wine on the ground, he did not care about his face anymore. He shouted at Zhang Shaofeng on the spot.

"How dare you!" Zhang Shaofeng was anxious when he heard that Ling Yichen was going to take Chen Xinyi away. He shouted back.

Guo youting was displeased when she saw Zhang Shaofeng's reaction.

At this moment, Yun Jian had already walked to a table with all kinds of desserts and wine before the engagement party.

She sat down at the table and crossed her legs. She poured herself a glass of red wine leisurely and looked at Zhang Shaofeng.

Father Zhang Knew Yun Jian's ability. He ran down and walked to Yun Jian. He looked at Yun Jian with an anxious and embarrassed expression and hurriedly said,

"Miss Yun, about my son and Xinyi, could you please not get involved..."

His tone was extremely respectful.

"No," Yun Jian rejected him directly.

After that, she picked up the red wine glass, put it to her lips, and took a sip.

"Bang!" After Yun Jian finished the mouthful of red wine, he threw the red wine glass and the red wine on the ground. The glass shattered and made a sound that made one's heart tremble.

"Who the hell are you? Uncle Zhang asked you to leave so politely, but you treat uncle Zhang like this. If you don't leave now, I'll call for Help!"

Guo Youting grabbed her gown and walked down the stairs. She walked up to Yun Jian and glared at him with her round eyes, threatening him loudly.

However, just as Zhang Youting threatened Yun Jian loudly in front of everyone, Yun Jian suddenly slid down from the dining table and stood on the ground.

Seeing Yun Jian's action, Zhang Youting heaved a sigh of relief. She thought that Yun Jian was afraid, so he had to compromise.

Just as Zhang Youting thought so, Yun Jian hooked his right foot backward. She suddenly turned 360 degrees and hooked a red wine bottle behind her. Then, she kicked it.

The red wine bottle actually smashed into the wall behind Zhang Shaofeng in front of Zhang Youting and everyone present.

The red wine bottle was smashed and the red wine inside poured out.

The speed and distance of the pouring red wine just happened to pour onto Zhang Shaofeng's body, staining Zhang Shaofeng's engagement suit with red wine.

"What are you doing..." Zhang Youting frowned when she saw this and shouted at Yun Jian.

After Zhang Youting said this, Zhang Shaofeng, who was standing on the stage, suddenly looked up. He suddenly shouted at Yun Jian with a blank expression, "Master..."

This "Master", coupled with Yun Zhi's exquisite skill just now, shocked everyone present.

Zhang youting also suddenly trembled.

Just as everyone present suddenly trembled, they saw Yun Zhi take two steps forward. She looked coldly at Zhang Shaofeng and did not have the slightest intention of joking in front of everyone present, she said something to Zhang Shaofeng that shocked everyone present:

"I taught you the killer move so that you can protect Xinyi and not flirt with her. If you dare to betray Xinyi today, I will break all your veins and tendons. I gave you your strength. Today, I will take it back!"

2688 Chapter 2686: Yun Jian reveals the truth and conceals the truth -GrandrFinalenale 16[ bottom ])

'your strength was given by me. Today, I will take it back!'

This simple word came out of Yun Jian's mouth and shocked everyone present.

If at first everyone thought that Yun Jian was here to cause trouble, then the words that came out of Yun Jian's mouth after Zhang Shaofeng called Yun Jian "Master" and Yun Jian's exquisite kick that sent the wine glass flying.

The guests who were originally here to attend Zhang Shaofeng and Guo youting's engagement party were all stunned.

Not to mention that this teenage girl claimed to be Zhang Shaofeng's master, just the words that came out of her mouth were enough to shock everyone present.

Why did she have to sever all of Zhang Shaofeng's meridians?

"Uncle Zhang, this woman is clearly here to cause trouble. She said that she wanted to sever brother Shaofeng's meridians! Then how will brother Shaofeng be able to live in the future?" Guo youting was the first to react, she turned around and ran in front of Father Zhang, shouting loudly.

Because she ran too fast, Guo youting almost tripped over the gown she was wearing.

Guo youting's heart was now completely focused on Yun Jian's intention to lay his hands on Zhang Shao Feng.

Father Zhang, on the other hand, knew Yun Jian's capabilities. He did not order people to chase Yun Jian away like Guo Youting had expected. Instead, his eyelids darkened slightly. He raised his feet and slowly walked in front of Yun Jian, begging,

"Miss Yun, please let Shao Feng Go. I can answer to you for anything else, but this matter... This matter itself was a mistake from the beginning! Shao Feng and Xinyi can not be together, you..."

Father Zhang walked to the front of Yun Jian and spoke to Yun Jian in an extremely soft voice. When he said this, the beads of sweat on Father Zhang's forehead dripped down.

It was clear that he was afraid of the cloud paper.

"Bang!"

Just as Father Zhang said this, the sound of a beer bottle falling to the ground was heard.

It was Zhang Shaofeng who suddenly picked up a beer bottle and smashed it on the ground.

The noisy engagement party instantly became silent.

At this time, Zhang Shaofeng slowly walked down the steps. As he walked, he yanked off his suit jacket and threw it on the ground.

"Master, I'm not the one who willingly came to today's engagement party." As Zhang Shaofeng spoke, he suddenly turned to look at his mother who was forcing him:

"Mom! You Heard It! If you threaten me with death to get engaged to Miss Guo again today, I'll beg Master to send me to hell! Without Xinyi's life, I'd rather go to hell!"

Zhang Shaofeng's words entered the ears of everyone present, word by word.

His firm words made all the guests stand up abruptly.

"TSK, it's just as the rumors say! This is simply the misfortune of the family and incest!"

"Exactly! I thought this kid was willing to get engaged to Miss Guo because he knew his mistake and changed it. I didn't expect... Tsk Tsk!"

...

The surrounding public opinion spread out.

Hearing this, Zhang Shaofeng's expression did not change at all.

“If I can’t be with Shao Feng, I, Chen Xinyi, will go to hell with Shao Feng today. Even if we can’t be together in life, we must be together in death!”

Right after Zhang Shaofeng said this, a young girl walked out from the corner.

The young girl bit her lips and said firmly.

The person who came was Chen Xinyi.

“Xinyi, you... !” Father Zhang suddenly saw Chen Xinyi and his expression changed.

“Zhang Shaofeng, I, Chen Xinyi, will follow you for the rest of my life! I will never leave you! Since we can’t be together, then we will die together!” Chen Xinyi grinned and walked towards Zhang Shaofeng.

These words sounded ordinary.

However, how much courage did it take to say such words.

How many people in this world could do this?

“You! Impossible! Ridiculous! Ridiculous! Even if the two of you work together to threaten me, I will absolutely never agree to your ridiculous request!”

Zhang’s father felt a pain in his heart. He held his heart in a daze and said loudly.

The moment Chen Xinyi appeared, Guo Youting panicked and hated her even more. She looked at Zhang Shaofeng anxiously, then looked at Chen Xinyi, and said loudly to Chen Xinyi,

“You’re going to get Shao Feng killed! Do you really love Shao Feng? I’m the one who is engaged to Shao Feng! You and Shao Feng are cousins! Cousins! Your marriage is incest! You’ll be punished by the heavens! ! !”

Guo Youting was scared. She was afraid that Chen Xinyi would snatch Zhang Shao Feng away.

Just as she finished her sentence, a heavenly female voice that had been silent for a long time suddenly sounded. However, she said something that made father Zhang, all the guests present, including Zhang Youting, Zhang Shao Feng, and Chen Xinyi stunned on the spot:

“Who told you that they’re blood-related cousins?”

2689 Chapter 2687: Yun Jian Defile, I Want You -GrandrFinalenale SecondcPartpart ])

Yun Jian's words were like an earth-shattering secret message, causing all the guests present, including Guo Youting, Guo Youting's father, Guo Hong, and Zhang's parents, to be stunned at the same time.

Even Chen Xinyi's biological parents, Chen Zhenchuan and he shiya, who had chased after Chen Xinyi after discovering that she had escaped, were shocked by Yun Jian's sudden words and were unable to regain their senses for a long time.

"Miss, Miss Yun, what are you talking about... .. Why don't I understand ? Shao Feng and You Ting's engagement party is about to begin ! Please don't spout nonsense at the engagement party ! Otherwise, even if you are.. ... I will also invite you out of the engagement party... .."

When Father Zhang heard Yun Jian's words, his first reaction was to be startled. It was as if the secret that had been hidden for many years had been discovered by Yun Jian. He began to chase away the guests in a fluster.

"Dad!" Before father Zhang could finish his sentence, the first person to interrupt father Zhang was not Yun Jian, but Zhang Shaofeng.

At this moment, Zhang Shaofeng was staring at Father Zhang with his bulging eyes. After shouting loudly, he questioned father Zhang with a questioning tone. His tone was slightly trembling. If one listened carefully, one could feel his trembling tone, there was also a trace of ecstasy:

"Tell me! Is It True!"

When Father Zhang was questioned by Zhang Shaofeng, he was suddenly stunned. His eyes darted around, trying to change the topic. "Shaofeng, how can you believe this... It's better to complete the engagement ceremony with Miss Guo as soon as possible..."

"Dad! I'll ask again. is what my master said true? I want you to tell the truth!" The last three words were shouted by Zhang Shaofeng through gritted teeth.

"Yes." Father Zhang lowered his head and nodded in response to Zhang Shaofeng's shout.

"It's not worth it to kill two people who are in love for the pride of a wealthy family. It's not worth it to lose your son and daughter-in-law at the same time. You will regret it." Yun Jian suddenly spoke to father Zhang the moment he lowered his head because of Zhang Shaofeng's question.

When he said this, father Zhang's expression suddenly froze.

It was not that he was surprised that Yun Jian would say such a thing.

It was that he was shocked by Yun Jian's words. Why did it seem like he had heard it somewhere before?

However, Yun Jian turned around and walked out of the door as soon as he heard Yun Jian's words.

Zhang Shaofeng would handle the rest of the matters.

If he could not even handle such a small matter, then he deserved what would happen to him in the future.

...

What Yun Jian said wasn't wrong.

She had been to the future world.

In 2019, she heard about the future experiences of Zhang Shaofeng and Chen Xinyi.

The two of them weren't blood-related cousins, but because they were born in a rich and powerful family, people from rich and powerful families valued reputation very much. Therefore, even if Zhang Shaofeng and Chen Xinyi weren't cousins, they weren't allowed to be together.

Later on, Zhang Shaofeng and Chen Xinyi died and died for love.

Father Zhang and Chen Xinyi's parents had always thought that the words that the two children said, "We can not be together in life, we must be together in death" were just words.

They did not expect the two of them to really do it.

The future father Zhang was filled with regret. He was reprimanded by his conscience every day and could not fall asleep.

As for how things developed later on, this was no longer the focus of Yun Jian's attention.

After watching so many life and death situations and dying for love, Yun Jian only wanted to do one thing.

And that was —

In the villa.

Si Yi was sitting in the study reading.

The two children had just gotten Qin Yirou to help them fall asleep.

Just as they finished reading the entire book on weapons, the door to the study was opened.

When he saw Yun Jian wearing clothes that were as thick as dumplings, si yi instinctively thought that he wouldn't be able to eat meat tonight.

"I just went..."but just as Si Yi was about to ask, his expression suddenly changed and his eyes suddenly became sharp!

Yun Jian took off this long and thick heavy coat that was like a dumpling in front of him.

She was only wearing a pair of underwear that could not cover up the seductive area...

"I want you."

2690 Chapter 2688: The King's squad is disbanded forever (Grand Finale 18)

Yun Jian's words could be said to have completely fueled Si Yi's ambition.

Si Yi was stunned when he heard Yun Jian's words.

In the next moment, he didn't even bother to walk around the desk in the study. He stood up, stepped on the desk, and arrived beside Yun Jian within three seconds. He held onto Yun Jian, who was in the midst of spring, and grabbed onto the little mouth that made him think about it.

"Oh—"yun Jian was kissed so hard that he couldn't help but raise his head and close his eyes.

Si Yi pressed the yun jian against the wall and kissed it. At some point, he came to the desk. He pushed away the miscellaneous items on the desk, and his thin lips never left each other.

The stars at night were very beautiful. They were reflected in the sky outside the window, twinkling.

At this time, the two stars gradually came together. Recently, they were intimately intertwined together, forming a beautiful piece of music.

Just like the two people in the room, they had long lost themselves in the joy of each other.

In their eyes, there was only each other.

...

Yun Jian was not at the scene, so she did not know what happened to Chen Xinyi and Zhang Shaofeng later.

She only knew that the two of them overcame all kinds of difficulties in the end and stayed together.

Ling Yichen also stopped being a playboy and started to focus on getting a girlfriend.

Days passed quickly. In the blink of an eye, almost a year had passed.

It was worth mentioning that Zhang Shaofeng and Chen Xinyi completely resisted the elders in the family. Not long after they got together, Si Luo became pregnant.

Si Luo's child, needless to say, was a boy. It was Yuan Lin.

However, Yun Jian had never mentioned this in front of Si Luo, so Si Luo was very curious about whether the child he was pregnant with was a boy or a girl. He talked about it every day.

Yun Jian just smiled and did not say anything.

March 31, 2005.

On the eve of Yun Jian and Si Yi's marriage.

Yun Jian took the No. 57 bus alone from the city center of Longmen City to the cemetery on the outskirts of Longmen City.

Liu Shiyun's parents often went out and rarely returned home, and although Liu Shiyun's parents had not yet filed for divorce, they had been separated for many years and each had their own children and new families.

Liu Shiyun was just a dispensable existence to them.

Therefore, even if Liu Shiyun passed away, no one would come to the cemetery to see him.

Liu Shiyun was still very sad when his parents passed away in the future world.

Liu Shiyun's parents died in a car accident because the two of them finally got the chance to go to the civil affairs bureau to get a divorce, so they rushed over without stopping.

Liu Shiyun's father was also a soldier, so a military marriage could not be easily divorced.

Liu Shiyun's feelings on the future day were complicated. In addition to his betrayal to azure, Liu Shiyun's already depressed mood had reached a low point.

People had a bottom line. If one crossed the bottom line, they would go berserk.

Liu Shiyun's future was indeed a tragedy, but he was not alone.

Yun Jian had just arrived at the cemetery when he saw the former King's team cleaning the weeds around Liu Shiyun's grave.

"Yun Jian." Chu Xiangnan saw Yun Jian and nodded.

Seeing this, Yun Jian nodded and replied, "Yes."

He took out some incense and candles and paid his respects to Liu Shiyun in front of the grave. Yun Jian was just about to leave quietly.

"King's team, are they really going to disperse just like that?" The moment Yun Jian walked down the mountain, Chu Ning did not call out Yun Jian's name and spoke suddenly.

There was a sense of desolation in her voice that was hard to detect.

The King no longer had Liu Shiyun. Everything that happened in the past had become history.

Yun Jian stopped in his tracks and did not manage to utter a single word.

When Yun Jian lifted his foot and was about to walk down the mountain again, Chu Ning did not give up and continued to ask Yun Jian. Perhaps she just wanted to hear Yun Jian admit to the fact that their team leader, Liu Shiyun, had really passed away:

"Team king, is it really going to end just like that?!"

This time, Chu Ning's question was met with a gentle reply from Yun Jian. "Yes."

Chu Ning burst into tears.

She cried for King's disbandment and Liu Shiyun's death was a foregone conclusion.

2691 Chapter 2689 the ultimate wedding, the things you love to do -Finalnale PartII ii  
J)

Everything that had happened before was like a dream that you could not wake up from. Chu Ning, Chu Xiangnan, and everyone in team king wanted to be trapped in that dream forever.

But sometimes, reality was just so cruel. It would tell you that when you wake up, everything that had happened would be trapped in memories and illusions forever.

The next morning, Yun Jian was dragged up by Qin Yirou at three in the morning. She had not seen Si Yi for a week.

According to Longmen City's local customs, Yun Jian and Si Yi could not meet on the eve of marriage.

And the longer they could not meet, the better.

When people got married, the bride and groom could not see each other for a whole month.

Si Yi naturally could not help it. Seven Days, a whole week of not seeing Yun Jian, this was his limit.

He got up at three in the morning, then got up to take a bath, brush his teeth, clean his face, and change into his wedding clothes.

At four o'clock, he was dragged to the front hall to put on makeup.

He put on makeup for three whole hours.

Yun Jian fell asleep three times Midway.

But the effect of the makeup was very good, coupled with Yun Jian's perfectly straight and slender figure, no one could tell that this was the mother of two children.

April 1, 2005, was Yun Jian's 20th birthday.

The people who had just arrived on that day were all here.

And in order to celebrate the wedding, Si Yi directly released the news that all the restaurants and restaurants in the world were open for 10 days free of charge!

All the expenses, he would pay for it!

For 10 days, the whole world was shrouded in a joyful atmosphere.

Every restaurant that benefited from the food and drink, in front of their own door, wrote the words "2005.04.01 wishing Mrs. Yun Jian and Mr. Si Yi a happy marriage."

Si Yi married Yunjian in the midst of the scene.

The wedding was held in the church. Everyone was present.

This was definitely an unprecedented wedding.

The upper echelons of the dark soul organization, the elders of the Gu Sha mercenary group, the leader and leader of the Blood Doll Organization, the President of the Rong Yao Company, and so on.

Everyone came to congratulate them.

Even the priest of the church was shocked by this scene.

It was said that some of the underworld bosses in the world would hold a grand wedding.

The priest was also a knowledgeable person. He had seen a lot of things.

However, the priest had never seen a wedding like this.

Apart from Yun Jian and Si Yi's subordinates, anyone who could name a name in the world would come to the wedding.

Forget about the gangs, big and small. Even the major killer organizations were all mobilized.

Those who did not know would think that they were going to form a gang to do something.

At this moment, the priest was standing on top of the church. He cleared his throat and finished all the ceremonies. Then, he asked Si Yi in front of everyone present,

"Now, let's invite the groom to express his thoughts. May I ask what the groom wants to do most right now?"

Hearing this, Si Yi did not even look at the priest. He only grabbed the cloud paper's small hand with one hand and curved it. Without even thinking, he said, "Ten days and ten nights."

The priest did not hear clearly, but in order to maintain order, the priest cleared his throat and first presided over the order, then, he used the same words to ask the cloud paper, "So our groom wants to kiss our bride! What about the bride? If I give you a chance, what is the thing you want to do the most?"

She thought Yun Jian's reply would be shy and bashful, but she didn't expect Yun Jian to say so openly in front of everyone:

"I want to have sex with the person I love."

2692 Chapter 1691: The Sky is the quilt, the Earth is the bed

"Oh, so our bride wants to have sex with the groom..."

The priest held a book in one hand and pointed in the air with his other hand. He repeated what the cloud note had just said out of habit.

But when the priest said this, he suddenly stopped.

Why was this sentence so explicit?

"Ahem, ahem, ahem! It seems that our groom and bride are very much in love, so now the most exciting moment has arrived! The groom can kiss you..."

The priest was indeed knowledgeable. After he realized how explicit that sentence was, he changed it with just a few words.

People in Western countries were more direct. Unlike in Z country, kissing was usually done by a couple hiding in a small room.

Of course, many couples who pursued fashion chose to get married in the Western wedding ceremony.

Yun Jian and Si Yi chose to get married in the Western wedding ceremony. This meant that Si Yi kissing Yun Jian in public was just a normal ceremony.

Before the priest could finish saying, "The groom can kiss your bride," Si Yi had already bent down and kissed Yun Jian's mouth in front of everyone.

He was making an oath. He was making an oath to everyone in the world that this woman in front of him would forever be his private property.

"Okok!" The priest saw Si Yi Kiss Yun Jian's mouth before he could finish his words. Three black lines crossed his eyes, and he had no choice but to silently cooperate with him.

After he finished speaking, the priest could not help but mutter in a low voice. He used the z nation's words to describe it, "Actually, you can enter the bridal chamber."

So impatient! Really!

What the priest didn't know was that Si Yi was indeed impatient. He hadn't seen the cloud memo for a week.

This kind of unbearable rule could only be comforted by being in bed with the cloud memo for ten days and ten nights.

...

On the day of the wedding, even everyone from the imperial dragon continent — Gu Nian, Li Nong, Huang Yan, the main god, and Baili Yan — had arrived.

However, on the second day of the wedding, the main God took Baili Yan to explore the greater world of Earth. He only left behind a letter with five large words written on it:

“I, Old Sun, am leaving.”.

The main reason the main god used such a tone to write the letter was because he had recently watched too many classic television dramas shot on earth, “Journey to the west” and “Beautiful Monkey King.”.

Although the main god still looked like a young man in his twenties on the outside, he was like an old child on the inside, very childish.

...

After the wedding, Yun Jian and Si Yi disappeared for a full ten days.

By the time everyone saw Yun Jian on the tenth day, she was almost unable to get out of bed.

However, a full month after the wedding, Yun Jian and Si Yi suddenly disappeared. No matter how hard the Gu Sha mercenary group and dark soul organization tried to find them, they were unable to find any trace of them.

Hulunbeier grassland.

The grassland stretched as far as the eye could see, and there was no one around. Because the grassland was too big, even if there were people, they would not be able to see each other for miles.

In a corner of the grassland, there was a warm tent.

Si Yi held onto Yun Jian and sat on the green grassland where the air was very fresh.

“Ring, Ring, Ring — it's a phone call, it's a phone call —“the childish ringtone of the phone that was accidentally set by the little guy suddenly rang.

Yun Jian remembered that today was the fifteenth day since they had gone missing a month after their wedding. Thinking that she and Si Yi had gone missing for too long and would be worried, Yun Jian reached out to grab the phone.

“Ignore it, a bunch of annoying people.” Si Yi kicked away the annoying phone.

In the next moment, his eyes that looked at Yun Jian were no longer pure.

Those burning eyes seemed to want to Swallow Yun Jian down.

“Xiao Jian, give me another child, Hmm?”

Si Yi’s burning eyes looked straight at Yun Jian. In the next second, he wrapped his arms around Yun Jian’s arm and his feet also hooked onto Yun Jian’s slender legs. He brought Yun Jian into the tent and began another round of love.

The Sky was the quilt and the Earth was the bed.

It was great that there was no one in the wilderness within a hundred miles.

The next time he went back, it was time to give the little girl and the little guy a litter of wolf cubs. HMM, that would be great.

With that thought in mind, Si Yi worked even harder...

“Yes... gently... gently... yes...”

[ the author has something to say: this is the end of the main text. I will write a little more on the other side. The main text is not very comprehensive. I will try my best to fill in all the loopholes. Thank you for your love all the way. I am very, very touched! ]! This book is the one that I spent the most effort on. I will make sure that it ends in the most perfect situation! The book will be finished in about three to four months. You can choose the couple that you like to watch or the storyline to watch the book. I love you! In addition, the female lead of the new book is the killer and Reaper. She is still acting cool, slapping the face, abusing the dregs, and sweet-loving. The opening date of the book is July 11,2019, which is the summer vacation this year. The reason why it is so long is because I want to finish the book and prepare the new book. I love you all! ]

2693 Chapter 1692 the beginning of the Assassin’s group

July 11,1987.

Myanmar, Southeast Asia.

At the bazaar, many people displayed all kinds of street goods, shouting at the passing crowd in the language of their own country.

Myanmar was not a rich country.

At the street corner of the bazaar, there were countless corners and no one in the dark.

Twenty to thirty Ragged Burmese men sat on the ground in various positions.

This group of people were all street hooligans without exception. They couldn't afford to live in a room and were even willing to do unconscionable things just for a mouthful of food.

"Ta ta ta" at this moment, a skinny man ran over from the shadows.

"Brothers, we have work to do! Someone on the street is buying children at a high price! It's just that the risk is a little high and the price is extremely high. Do you want to do it?"

Once they heard that there was work to be done, the group of men who could sit in the corners and even sit in the smelly gutters stood up. They did not mind the filth at all.

"Brothers, you can't even eat your fill. If you're late, you'll starve to death. Let's not talk about the risk. Even if you get a gun pressed against your head, if you have money, you'll definitely do it!"

...

In Z country, there were endless streams of roads and streets. Occasionally, when they passed by the downtown area, they could hear the beautiful female announcer's voice coming from the speakers:

"Hello, everyone. I'm Xiao Xiao from the radio and television station. Recently, there have been several cases of missing children in z country. There have been endless cases. I hope that all parents can take good care of their children and not leave their children alone in an unattended place..." "..." "

..."

At the edge of Country M, on a certain archipelago.

A group of five, six, and seven-year-old children were being escorted to this island.

Looking at the number of people, there were a total of fifty of them. The children were being escorted to this archipelago. They looked around, some were afraid, some were crying, and some were silent.

The people who were escorting these children were the twenty to thirty Myanmar men.

This group of Myanmar men handed over the money to the person in charge of the archipelago, then they took the money and left.

When they left, they even turned to look at the group of children and let out a hearty laugh.

“Little Babies, uncle will send you all here.”

After saying this, the Myanmar Man laughed and left with the other group of Myanmar men happily.

The fifty children who were brought into the archipelago all cried and screamed.

“Mommy! I want Mommy! I want to go home!”

“Daddy, Grandma, Where Are You? where is this place? SOB, sob, sob, sob, sob, sob, sob...”

“Sob –”

Fear, panic, screaming, and crying. The cries of the 50 children who were not even 10 years old resounded throughout the entire place.

The entire island was filled with the cries of the children.

However, in contrast to this group of wailing children, there was a five-year-old little girl in the crowd.

The little girl was exquisite and beautiful. She had a pair of sharp and deep large eyes. Her eyelashes were long and narrow. The moment they fluttered up and down, it made one's heart melt.

She shut her mouth and did not cry or make a scene. She was neither afraid nor panicking. She just stared fixedly at the 20 to 30 Burmese men who had tricked them into abducting them into the archipelago and abducting them into this hellish and cruel island.

“Ahhhhh! Mommy! I want Mommy!”

A child next to her cried and shouted as she accidentally bumped into the little girl's body. The little girl seemed to not feel anything and just stood there from the beginning until the end, she stared at the 20-30 Burmese men who had taken away the reward and hugged each other as they cheered and left.

She memorized all the faces of the 20-30 Burmese men who had kidnapped them into the archipelago!

[ the author has something to say: This is the first story of the growth of a spy. It's about how the heroine and god Ji grew up in an assassin organization. Mo Mo, I love you all ]

2694 Chapter 1693: Omen of a nightmare

The little girl stared at the 20-30 Burmese men as they left, until they disappeared before her eyes.

Except for the little girl, the rest of the group of children just kept crying.

Some of the children were fine. They just stood there and threw their heads up into the sky, crying and howling.

Usually, when they came to a strange place, disobedient children were like a group of tadpoles looking for their mothers. As long as they were placed in a spacious place, they would run around.

There were fifty children, both male and female. They were like tadpoles looking for their mothers. They ran wildly from east to west and north to north. As they ran, they raised their heads to the sky and screamed like headless flies.

One of the fastest children had already arrived at the shore of the island and was madly rushing into the sea.

"I want to find my mother! Bring me home! I want to find my father! Wa-wa-wa! Wu-wu! I..."

"Bang! Bang! Bang!"

As the child rushed into the sea while crying and shouting, three gunshots suddenly sounded.

The three gunshots hit the head, heart, and thigh of the child who was running towards the sea.

A second later, the child suddenly stopped breathing and fell to the ground with a bang.

Although the child was still young and did not know what death was, when they saw this scene, all the children instinctively stopped and shut their mouths.

"Clap Clap Clap!"

At this moment, applause came from the side.

The person in charge of the island who was talking to the 20-30 Burmese men smiled and came to the center of the group of children.

“What a group of cute children.” The person in charge laughed and then slightly lowered his head to look at the group of children. Suddenly, he said,

“Let’s get to know each other. My name is J. You can call me by my name — J.”

J was the name of the person in charge.

The group of children huddled together and blinked, not understanding their current situation.

“J, don’t scare the children.” A tall and burly man walked over. He had a full beard and looked western.

“Hehe.” J laughed and retreated to the side.

The Man with a full beard walked in front of all the children at this time. He suddenly stretched out his arms and made a welcoming gesture:

“Welcome to the dark soul organization. I’m your instructor. Just call me Czechoslovak.”

After Czechoslovak finished speaking, he suddenly clapped his hands.

Someone immediately handed a number plate to Czechoslovak from the side.

Czechoslovak waved the number plate in his hand. “Now let’s play a game. I have 1 to 50 number plates here. The number plate that you get will be your names in the future.”

After Czecla finished speaking, he got someone to hand out the number plate.

Seeing that all the children were seriously looking at the number plate in his hand, CZECLA narrowed his eyes.

“CZECLA, what are you doing?” J walked in front of Czecla and grinned fiercely.

“Brother, I’m helping you.” Czecla patted J’s shoulder and secretly whispered into J’s ear:

“The children have just arrived here, so of course we have to hold a welcoming ceremony. The real game will only start tomorrow.”

After saying that, Czechoslovakia patted J’s shoulder again and walked away with a smile.

Just now, in a group of children who came to an unfamiliar place, the little girl, who was the opposite of the other children, took her number plate and glanced at it lightly.

The number plate was very simple and was made of very ordinary material.

The little girl glanced at the number plate and saw the number of words that represented her name —

006!

2695 Chapter 2694: the Inhuman Way of life

A group of children, regardless of gender, were brought into a large field.

The field was only covered with simple shutters. On the large field, there were many double beds.

The double beds were bunk beds. The beds were not strong, and people stood on them and swayed.

After the group of children was arranged to come here, they quickly picked their own beds.

006 stood in place without saying a word. After everyone had chosen their own beds, he walked to a remote upper bed that no one had chosen and went to sleep.

“Tick, Tick, Tick.”

At night, the only clock hanging in this shabby residence was turning.

All the children were sleeping soundly.

...

The next day, before four o'clock, before dawn, a group of children were forced to get out of bed.

It was the Czechoslovakian instructor, with a thick whip in his hand, who ran at the end to whip the children who could not run, who could not run fast.

Early in the morning, the children's screams echoed throughout the island.

But no one paid any attention.

The children did not even know why they had been whipped.

They ran in the morning, in the afternoon, and in the evening.

And so, half a month passed.

Some of the children who ran slowly were covered with injuries.

No one treated them.

Some of the children were so tired that they couldn't run anymore. Because of the whipping, they got up from the ground and continued to walk.

In a month, nearly ten of the fifty children died.

The children realized that as long as someone in the crowd did not move, they would be pulled out and the child would never come back here again.

"Tonight, I want to play a little game with you."Czechoslovakia picked his nose and laughed loudly before suddenly speaking.

"All of you go back, all of you go back!"After Czechoslovakia said this, he waved his hand.

The children swarmed back to the nest.

All of the children were in groups of two or three. Only the children who were sleeping on the bed in the corner, 006, was alone. She had no friends and did not speak.

"What game will the Czechoslovakia instructor play with US Tonight?"A little girl asked her playmate.

"I don't know. If we perform well, we should have meat to eat tonight,"the little girl's Playmate said to her.

As he spoke, the little girl's Playmate suddenly glanced at 006 and said to the little girl,

"She doesn't have any friends. Is she sick? My mother said that sick children can't find friends!"

The little girl listened to her Playmate's words and nodded. "I think so."

"Then should we play with her?"

"I don't think so! She'll spread the disease to us!"

...

006 sat on the bed and heard the conversation between the two girls clearly.

At this time, the door was opened and a group of people brought the children who were sitting on the bed out of the door.

A large iron cage appeared in the empty space.

The people outside the iron cage could clearly see the scene inside the iron cage.

Czechoslovakia was sitting on a high bench at this time. He leaned back and squinted his eyes at the iron cage.

At this moment, 001 and 002 were brought into the iron cage.

“Children, let’s play a little game. Those who play the game well will have meat to eat tonight!”

Czechoslovakia put his hands on the chair and leaned forward. He narrowed his eyes and looked at 001 and 002 who were brought into the iron cage.

“The rules of the game are very simple –”

Czecla spoke again.

As he spoke, he pursed his lips with his tongue.

Immediately, one of CZECLA’s men took two daggers and handed them to 001 and 002, who were locked in the iron cage.

At this moment, Czecla leaned back and suddenly spoke out the rules of the game:

“Take the knives in your hands and stab the person standing opposite you to death like I did this afternoon when I showed you how to stab a big dog, okay?”

“Stab the person standing opposite you to death and I’ll give you meat tonight.”

2696 Chapter 2695: the first encounter with 095, the confrontation between the two parties (foreign: History of the growth of an agent 4)

Eating meat was definitely a very attractive thing for children.

Even if the children did not understand what death was, as a person, they still had a faint understanding of death.

“If I stab her to death, will she not play with me and sleep with me?”001 grabbed the unstable dagger in his hand, looked at 002 in front of him with a trembling face, and asked Czechoslovakia.

“Playing with you and sleeping with you are so boring. As long as I stab her to death, you will have meat to eat and you will be able to see your parents.”Czechoslovakia curled his lips and smiled coldly. He moved his body slightly backward.

“But... But...”001 was still hesitating.

With a “Chi” sound, 002 had already stabbed 001’s body with a knife. His mouth was still emitting a trembling cry:

“I want to eat meat, I want my father and mother, I want to eat meat...”002 stabbed 001’s body, and he was so scared that he sat on the ground, repeating this sentence over and over again.

“Clap Clap Clap!”Czechoslovakia clapped his hands, squinted his eyes, and said, “Awesome! Good job!”

After Czechoslovakia said this, someone immediately dragged 001’s body out of the iron cage.

002 was brought out.

The next opponents did not come in the Order of numbers.

However, the next children were either crying or screaming, but in the end, they were all forced to kill their opponents.

When 006 stepped into the large iron cage, Czechoslovakia’s eyes suddenly narrowed.

When this group of children had just entered the island, he did not forget that this little girl was in a group of children. She did not cry or make a fuss. She was very quiet.

Czechoslovakia narrowed his eyes. Just as he was about to speak, he saw 006 turn around. Before he could announce the start of the game, he stabbed the opponent who had followed her into the cage.

When Czechoslovakia saw this, he sat up straight.

The group of children from before had been forced into a corner. They cried and stabbed the opponent’s body.

But this child...

“You started the game before I even called for it to start,”said Czechoslovakia. He narrowed his eyes at 006 and continued, “Aren’t you afraid of breaking the rules of our game?”

“Will you die if you break the rules?”006, who had always been silent, suddenly asked this question.

"I won't die."Czechoslovakia was suddenly stunned by the question of a five-year-old child. He was a little surprised by this child's IQ.

006 only glanced at Czechoslovakia before walking out of the iron cage.

"Hahaha!"Czechoslovakia sat on the spot and laughed.

The remaining forty children were instantly reduced by half in a one-on-one kill, becoming twenty.

006 was still a man of few words in the group.

Three months later, another batch of children was sent to the dark soul organization.

This batch of children who were sent to the dark soul organization repeated the training methods of 006's batch of children.

Days passed quickly. In the blink of an eye, this group of half-grown children had grown by one year.

During this period of time, nothing had happened.

The battle in the Iron Cage a year ago was organized by this group of people who had lost their minds in order to eliminate the useless weaklings.

The fittest survived, and the weaklings were eliminated. Those children who did not dare to raise their daggers in the beginning should have been eliminated at the very beginning without any reason.

A year later, 006 had just turned six.

On this day, 006 sat on her bed with her eyes closed.

With a bang, she heard someone kick the bed pole under her bed.

She opened her eyes and looked down.

She saw an eight or nine-year-old little girl with her hands on her waist. She looked at the note with a murderous gaze. "Get down here! I like this bed. It's Mine!"

006's eyes moved. She looked at the number plate on the little girl's chest and saw that there was a number written on the number plate on the little girl's chest that she would never forget for the rest of her life

095!

2697 Chapter 2696 has been targeted, the way to survive (foreign: History of the growth of special agents 5)

“What are you looking at! 006, right! ? If you’re not convinced, come and fight!”

095 saw 006 poking her head out from the top bunk to look at her, and she puffed out her small chest even more arrogantly, looking like a small adult.

After staying in this cruel and heartless world for a year, 006 had seen all kinds of things. She pressed her hand on the railing of the top bunk, and her small figure directly jumped down from the top bunk.

The moment she jumped down from the top bunk, 006 kicked at 095.

After a year in the dark soul organization, more than 30 of the 50 children died.

Although there was a new batch, in this place where the fittest lived, no one could guarantee that they could live until the next day.

Death was the most normal thing here.

Seeing this, 095’s pupils slightly flashed. She dodged to the side and learned the technique that the instructor had taught her two days ago. Her hands were arched like an eagle’s claw, and her technique was not mature as she clawed at 006’s neck.

006 slapped off 095’s Eagle Claw. She kicked 095’s chin and suddenly kicked 095 to the ground.

However, 095 quickly stood up.

The brutal one-on-one fight a year ago had eliminated all the weak who didn’t even dare to hold a knife.

This was a place where the fittest lived. No one would sympathize with you. Even if you were killed by your companions here, no one would care.

At most, they would drag the body out of the room and feed it to the big dog.

After 095 stood up, shock appeared on her childish face.

“You... actually defeated me?”095 clenched her fist and shouted.

“Defeated opponent.”006 glanced at 095 and walked to her bed.

“006, I Will Remember You! I will definitely defeat you!”095 looked at 006’s figure and suddenly shouted in the next second.

She, 095, had never failed to challenge anyone before! Never!

But she had met her opponent here alone! She was not resigned!

...

At night, the surroundings were quiet.

Other than the sound of the children who had been kidnapped into the organization falling asleep, nothing else could be heard.

006 was not asleep yet.

Suddenly, there was a rustling sound, followed by the sound of someone turning over from under the bed to make the bed on 006's bed.

006 opened his eyes.

He saw a seven or eight-year-old little girl take out a steamed bun from her arms and stuff it into her hands.

"Here you go." After the little girl finished speaking, she turned around shyly and crawled under the bed.

Ever since 006 entered the organization, she had been very quiet. A five-year-old little girl knew where she was better than anyone else.

This little girl had been secretly stuffing some delicious food into 006 since a year ago in the middle of the night. She often stuffed some delicious food into 006's hands before turning around and running away with a red face.

006 had never spoken to her either.

For some reason, 006 opened his mouth today. His voice was still like a child's, but it was pleasant to the ear. "What's Your Name?"

The little girl was about to climb out of bed when she heard 006 talking to her. She climbed back up and looked at 006 under the dim light. She shyly took 006's hand and wrote two letters on 006's palm

My.

After writing this letter, the little girl ran away.

For the next few days, the little girl named MY came to look for 006 every day and gave her steamed buns. Sometimes it was a bun, but from this day on, the little girl would tell 006 some stories that made her laugh.

Whether 006 listened to her stories or not, the little girl would arrive on time.

Sometimes, 006 would hug her knees and sit on the bed. The little girl thought that she was afraid, so she would hug her every day and tell her, "We have to be fine. We will definitely be able to go home!"

...

Just like that, another month passed.

That day, the little girl picked up a white stone from somewhere. The front of the white stone was engraved with the letter "MY" and the back was engraved with the letter "SS." She said to 006:

"My Is Me, SS is you. It will bless US and bring us home. I must take good care of it so that we can go home."

"Okay." 006 did not have much of a reaction when he heard that.

However, 006 remembered this sentence for the rest of his life.

...

The children who could survive this year's battle were not weak.

006 was powerful, but she could win one-on-one, but one-on-many, 006 was still a child.

The children here matured very early. After surviving here for a year, they all understood the way of survival.

If any child's individual fighting ability was particularly outstanding, then it would definitely pose a threat to their survival.

Just like the one-on-one battles in the past, if they encountered 006, they would be finished.

Therefore, on this day, a group of children gathered together and thought of a way to deal with 006.

"Isn't it too bad for us to do this? Mother said we can't be bad children..."

"If we don't kill her, we will die! If we die, how are we going to find mother! How are we going to return home!"

"006 is too strong. We have to get rid of her!"

...

2698 Chapter 2697 MY's murder, the Omen of Darkness (foreign: History of the growth of agents 6)

On this day, 095 stayed in an empty room. A group of five, six, and seven-year-old girls walked up to her.

The oldest of them was twelve years old.

This plan was organized by the oldest girl.

"095, do you want to win against 006?" The oldest girl surrounded 095 with a group of people and asked.

"Of course!" 095 slapped the bed and stood up angrily.

"Then kill her with us!" The oldest girl revealed a vicious smile.

095 heard the little girl's words and decisively refused, "No! I want to rely on my own strength! Win against 006!"

"You don't know what's good for you, HMPH." The oldest girl in the lead, Ben, crossed his arms in front of his chest and snorted coldly at 095. He turned around and left with a group of girls who surrounded 095.

...

The group of little girls was fully prepared to deal with 006, but at that time, 006 was just called out by the Czechoslovakian instructor.

In a small lawn of the organization.

Taking advantage of the absence of the instructors, the little girl who delivered delicious food to 006 every day, hugged 006, and told her that we would definitely find the way home, was sitting on the lawn with a little boy.

The little boy put a flower on MY.

She lowered her head shyly.

The Little Boy's code name was 056.

The little girl who called herself MY's code name was 018.

The relationship between 056 and 018 was very good, and this was known to all.

"I'm leaving first. I'm going to the cafeteria to see if there's anything delicious left." 018 stood up, gave the little boy a sweet smile, and turned around to run away.

As usual, 018 avoided everyone as soon as she arrived at the canteen. She sneaked into the canteen and wanted to steal tonight's supper for 006.

However, 018 had just secretly taken a steamed bun from the canteen. The moment she turned around, she was surrounded by a group of people.

The leader was the oldest girl who was looking for 095 to deal with 006's failed attempt.

"Hehe, look, look what you've stolen. Naughty children will be punished..." the oldest girl said as she walked toward 018 step by step...

...

"Rumble..."

It was night. The Thunder was so loud that the sky seemed to be torn apart.

006 sat on her bed and didn't wait for 018.

However, it was her sworn enemy, 095.

"Someone wants to deal with you." 095 just walked past 006 and said this in a contemptuous tone.

After saying this, 095 left.

After taking two steps, 095 turned around and looked at 006, saying, "Don't die."

006's eyes suddenly flashed after 095 said this.

"Boom! !!"

At this moment, a huge lightning bolt flashed by the window.

006 suddenly flipped over from the bed, landed on the ground, and ran out.

006 had indeed found 018.

But when she found 018, what she saw was this scene —

The rain dripped onto the ground and formed a river against the current. 018's body had already been torn apart. All of 018's limbs had been dismembered, his heart had been dug out, and he was exposed. He was just soaking in the rain, allowing the storm to rain down.

006's heart suddenly contracted at this moment.

After staying in the organization for a year, she was used to seeing life and death.

But at this moment, she felt an unknown pain in her heart.

The little girl who had given her snacks at night, the little girl who had hugged her and told her that "We will find the way home", the little girl who had spoken softly, she would never appear again.

018 was still holding a white stone tightly in his hand.

The lettering on the front of the white stone was gradually becoming clearer under the impact of the rain.

The words "My" were engraved on it.

006 seemed to have heard that night. 018's words still lingered in his ears for a long time:

"It will bless US and bring us home. I must take good care of it so that we can go home."

But before they could go home, 018 lay on the cold ground, never to speak, never to hold her, to comfort her, to tell her 'we will definitely go home'.

2699 Chapter 2698 Special Agent Sha Shen goes to Hell

Soon, the organization dragged 018's body away and fed it to the big wolfhound.

When people died here, the bodies were dragged away and fed to the big wolfhound.

This was the organization telling them that if they didn't want to be dragged away and fed to the big wolfhound after death, they had to survive in the strongest way possible.

Even if they had to kill their most valued friend.

At all costs!

006 was silent for many days.

At the age of six, she didn't know what death meant. She only knew that 018 would never appear again. No one would bring her food in the middle of the night and hug her with their warm arms.

...

Six years later.

006 was twelve years old.

The group of people who killed 018 were all killed by 056, the boy who often met 018. 006 only later learned 056's code name — Mad Dragon.

After 018's death, 006's strength improved by leaps and bounds. She could learn the most accurate killer move in the fastest time possible and kill her opponent in the fastest time possible.

Every year, there would be a new batch of children entering the organization. Then, the first batch of children that entered the organization that were still alive would play a survival of the fittest game with the new batch of children.

Until now, out of the thousands of children, only 50 had survived.

And 006 was one of them.

"Today will be a big day for all of you. If you want to go home, today will fulfill your wishes!" J looked at the 50 survivors who had eliminated all the weaklings in the past few years with his hands behind his back and smiled with narrowed eyes.

After laughing, J clapped his hands in the excitement of the group.

Immediately, someone brought the remaining fifty people and sent them into a large iron cage.

"Alright, children, you can choose any weapon in front of you.

"After you get the weapon, you can use the weapon in your hands to kill anyone you see!

"Because in this game, only three people will survive until the end!"

J's words drifted into the ears of the fifty people who walked into the iron cage.

A large-scale battle!

The fifty people held the weapons in their hands and killed anyone they saw!

Until the last three people who survived could walk out of the island!

This was a game, and it was also a battle for life and death.

They might be able to survive in the organization for a few years, but whether or not they could make it to the end would depend on today's decisive battle!

“What! Only three people can live! ? Then wouldn't we have no way of surviving! Then wouldn't our efforts all these years have been in vain! ?”

When someone heard J's words, their expressions changed drastically. They just looked at J and voiced out their dissatisfaction.

“This isn't fair! I don't have any friends! They are ganging up on me! If they gang up on me with their friends, then I'll definitely die!” Someone immediately voiced out their thoughts.

J listened carefully to everyone's complaints.

Then, he revealed a harmless smile:

“Not Fair? You're complaining, right?”

When J said this, his face suddenly became ferocious. Then, he laughed sinisterly:

“Those who don't take weapons, die now!”

As soon as J finished his sentence, thirty snipers immediately appeared in the air around them.

The thirty snipers aimed their sniper rifles at the fifty people in the large iron cage from different angles.

As long as they didn't obey, they would die!

Just as most of the fifty people in the iron cage were complaining about it.

006 walked to the pile of weapons, from which picked a butterfly knife, turned around and dashed forward two steps, swinging a butterfly knife to stab the death of three hesitant unwilling to move companions!

“Chichi-chichi!”

Blood, splatter!

095 also quickly grabbed a long knife from a pile of weapons and joined the game of life and death.

This battle was about speed! It was about life and death!

Whoever was one second slower would die!

While the other group of people were dawdling, complaining that it was unfair, or whispering in each other's ears that they wanted to deal with people together, 006 had already grabbed the butterfly knife and killed a series of his companions!

In this life and death game where there was no process and only the outcome was determined, only those who were quick, accurate, and ruthless had the chance to live until the end!

When the large iron cage was surrounded by corpses and only three people were left standing on top of the pile of corpses holding their weapons and panting, J reached out his hand and clapped. He said to the three of them,

“Congratulations on becoming the final king and joining the dark soul organization. Tomorrow, someone will send you to sign a five-year agreement. If you work for the organization for five years, you will be able to obtain your freedom.”

...

Southeast Asia, Myanmar.

The group of people who sent a group of children into the organization had obtained a large amount of wealth. After that, they accompanied beautiful women day and night.

At this moment, in a large bar.

“Brothers, have you heard? The Dark Soul Organization recently sent out three assassin agents. Their strength is astonishing and they have swept through a large number of international bigwigs. Do you think there will be the group of children that we sent in?”

“How could it be such a coincidence, Heh!”

“What if there is? What if they come looking for us to seek revenge?”

“How is that possible? How Old are those children? They don't even remember what we look like, right? This joke isn't funny at all!”

...

In the bar, a short and Fat Burmese man was holding a beautiful woman's chest with an indifferent look on his face.

However, just as they finished speaking, the door was suddenly opened.

A twelve-year-old girl with disheveled hair and a dark aura all over her body appeared in front of everyone.

"Where did this little girl come from? Go, Go, Go!" When the Burmese man saw this, a look of disdain appeared on his face.

However, just as he finished speaking, a butterfly knife suddenly flew out from the girl's hand and directly cut off the Burmese man's head. She stepped forward one second and stepped on the head of the Burmese man who had been killed, her other foot kicked the butterfly knife from the ground and held it in her hand. She looked up, and the murderous intent reflected in her sharp eyes was so cold that all the Burmese men present were suddenly frightened:

"Dark soul organization, Special Agent Sha Shen, one of the children that you sent into the organization seven years ago. You should go to Hell."

2700 Chapter 2699: early in the morning, I fell in love with Yun Jian (foreign: History of the growth of special agents 8)

As soon as Sha Shen said this, he sat in the private room of the bar, holding a beauty in his left hand and a beauty in his right hand. When they suddenly saw Sha Shen enter and cut off the head of one of their brothers, all of them screamed in panic.

"What! What! What! You're still alive! You, you're still alive!"

The group of Myanmar men were so scared that they threw the beauty in their arms in front of Sha Shen. Some of them were so scared that they stepped on the seats of the private room and jumped back and forth on the seats. Sha Shen was blocking the door, they could not walk out of the door of the private room, but they were afraid of being assassinated.

"Knock, Knock, Knock." At this moment, there was a knock on the door of the private room. The person who knocked on the door did not know the situation in the private room. He opened the door of the private room and sent a message in a gentle and beautiful voice:

"Hello, Gentlemen. I am the number 39 waitress of our shop. I have brought you the drinks that you ordered just now..."

These words had just sounded.

The waitress who called herself number 39 was dragged into the private room.

As soon as she was dragged into the private room, a bunch of Emei Thorns appeared out of nowhere and pierced into the neck of the waitress, completely burying all the words that the waitress was about to say.

The female attendant rolled her eyes and fell to the ground silently.

The emei thorns were a type of killer weapon.

Assassin agents from the dark soul organization were proficient in any kind of killer weapon. Moreover, they would not let anyone see their appearance clearly. If there was one, they would kill it.

In the world of the Shakyamuni, there was only the definition of dead and alive.

“Ah! You –”

When the group of Myanmar men in the private room saw this, they were so scared that they were about to shout out loud.

“Chi Chi Chi!”

However, they only saw the flash of a knife. Three seconds later, Sha Shen passed by everyone in the private room. At this moment, she was looking at the door of the private room, and she was holding a shiny butterfly knife in her hand.

Behind her, everyone in the private room was terrified and trembling. They fell to the ground with all kinds of death forms.

With a Whoosh, a bloody poker card slipped out of the god of Shapeshifter’s hand and was impaled on a wooden table.

The two words “God of Shapeshifter” were clearly written on the poker card. It meant that she, god of Shapeshifter, had killed this group of people!

After doing all this, she put away her butterfly knife and pushed open the door of the private room with an expressionless face. Taking advantage of the fact that no one had discovered all the corpses in the private room, she left the door of the bar and flashed into a Shabby Alley, she quickly disappeared without a trace.

The twelve-year-old Sha Shen, who had just debuted in the circle of assassin agents, was already 1.63 meters tall. His standard figure and perfect body were enough to make men drool.

Not long after Sha Shen left, two figures suddenly walked out from the darkness.

The leader was a youth. The youth was so handsome, and his cold eyes were mixed with a hint of unfathomable light.

He watched Sha Shen leave indifferently, and a subtle light flashed in his eyes.

“Young Master.” The man standing next to the young man lowered his head and spoke to the young man with a respectful gaze and tone.

“A newly trained special agent of the organization, Sha Shen?” The young man looked at the street where Sha Shen had disappeared and suddenly revealed a meaningful smile. That smile was enough to make heaven and earth lose their charm.

“Yes!” The man nodded.

After the man finished speaking, he was silent for two seconds before suddenly adding, “Young Master, you?”

Before the man finished speaking, the youth turned around and took two large steps forward before suddenly stopping.

The youth, who was still underage, was already 1.8 meters tall. At this moment, he stopped and used a magnetic voice to instruct his subordinate, which was this man:

“She just entered the circle. Protect her well. She, I have my eyes on.”
