

The Schoolgirl Secret Agent - Chapter 2701 - 2706

2701 Chapter 2700: The Night of the blood, the omen of a major event

“Why! ?”Hearing his young master say this, the man’s eyes suddenly widened in confusion.

Although his young master was young, he was a famous existence in this field.

The leader of the dark soul organization!

Although he was young, he had an exquisite brain and ruthless methods.

The man had never expected that the young master, who had lost his mother when he was young and had an instinctive aversion towards women, would actually say such a thing!

Moreover, the other party was only twelve years old!

Was he planning to raise him in captivity! !

However, in the near future, the man would soon realize that his young master did not intend to raise the agent named Sha Shen in captivity.

“Ling Wei, you have too many questions.”After the man asked in shock, he saw the sharp eyes of the youth cast a sidelong glance at him and indifferently interrupted his question.

“Yes! Young Master!”Ling Wei lowered his head and quickly stopped asking questions.

After a short while, Ling Wei left this place with the young man.

Not long after Ling Wei and the young man left, an earth-shaking loud noise came from the bar.

Not long after, the crowd’s boiling screams, police sirens, and cries filled the entire sky.

...

Two years later.

The name of the spy God, Sha Shen, had already spread all over the world, causing countless international bigwigs to stare at him covetously and be terrified upon hearing the name.

However, he had not been able to enter the secret agent killer rankings for a long time.

In this path, it was useless to only have strength. You also had to have power.

No matter what line of work you were in, your ability would be outstanding, and you would be praised. But please never forget that when you were praised to the highest point, you would also be envied and schemed by your peers.

The Secret Agent Killer Circle was the same.

It was night.

Country M, on a famous island.

In the waters around the island, countless yachts carried international business politicians, the richest people in the world, arms tycoons from all over the world, international top-ranked spy killers, anyone who had a bit of international fame..., the invited people were all invited here.

This was a large-scale international black-and-white party.

In the horizon, a streak of red light streaked across, the red light shrouded the Moon at night as if it was wrapped in blood, blood-like night.

Sha Shen, who had just turned 14, stood at the large ball on the island that had been built by the top international engineers.

Her beautiful figure was wrapped in a dark blue evening gown. Under the moonlight, her smooth long hair fell to her shoulders, giving off an indescribable sense of beauty.

She gently held her wine glass and placed her hand on the dinner table. It was enough to make all the men who passed by stop in their tracks.

Tonight was the makeup party.

There were more people from the white path forces.

In short, there weren't many people like Sha Shen who came from the background of an assassin agent.

"Luoluo, you have everything now, but Lingling only has me. If I leave Lingling, she won't be able to live on!"

"Then do you have the heart to abandon me!"

...

Sha Shen's eyes were looking ahead, and a good show was playing out.

At this moment, Sha Shen placed his hands on the dining table and picked up the desserts on the table. He was feeding himself one by one and watching this emotional drama.

He saw a man in front of him holding a woman's hand and talking to another woman who was dressed like a rich young lady.

"Good! Good! I will make you regret it!" The rich young lady cried and shouted at the man and woman. Then, she ran towards Sha Shen.

Because she ran too fast, the young lady almost bumped into Sha Shen.

However, Sha Shen dodged to the side.

"Are you Xia Luo, the daughter of the Xia Family?" Sha Shen held her. His exposed red lips slightly curved under the mask.

"You are?" Xia Luo wiped her tears and asked.

"Your father hired a bodyguard." Sha Shen stood up and crossed his arms over his chest.

2702 Chapter 2701 ranked in the Top Ten, Secret Agent Killer (foreign: Secret Agent Growth History 10)

Sha Shen did not come to such an international banquet because he was bored.

Secret agents and assassins would accept any mission as long as the employer gave them enough money.

This included protecting people.

Xia Luo's father gave her enough money and hired her, so Sha Shen appeared here.

"You're the bodyguard my father hired?" Xia Luo asked loudly after hearing Sha Shen's words.

Because Sha Shen was wearing a mask, this was originally a makeup party. Many international bigwigs or people from the underworld were unwilling to show their faces, thus attracting some unnecessary trouble, so they would definitely wear a mask to attend.

Sha Shen was the same.

"Yes." Sha Shen nodded.

“That’s good! Since you’re the bodyguard my father hired, then help me kill that Woman!”

When Xia Luo heard Sha Shen’s words, she seemed to suck in her snot. She turned around with an angry look and pointed at the woman beside the man who had just carried her. Then, she spoke to Sha Shen in a commanding tone.

Xia Luo clearly did not know that Sha Shen’s identity was that of a secret agent. An agent who made international bigwigs tremble in fear upon hearing her name. Currently, she had the highest reputation in the world of secret agents and there were people who predicted her strength and battle results, one day, she would help her rise to the top of the international ranking list of agents, Sha Shen!

An agent who had just debuted two years ago could be called such an astonishing title by the international reputation.

Agent Sha Shen was undoubtedly a very powerful person with potential!

Xia Luo ordered Sha Shen as if she was a young lady. However, Sha Shen stood still with his arms crossed in front of his chest. When her temper flared up, she suddenly shouted at Sha Shen:

“Did you hear what I Said? I told you to kill that woman! Kill her! If you don’t do it, I’ll Have My Father Fire You!”

Xia Luo’s words were met with a sneer from Sha Shen. “My mission is to protect your personal safety.”

“You...”when Xia Luo heard this, her expression suddenly changed.

However, after Xia Luo said this, the lights in the venue suddenly went out.

“What, what’s going on! ?”

All the people became restless at this moment.

The gate was opened and the crowd retreated as fast as they could.

“Ah! Don’t hit me! Ah Ah –“Xia Luo was knocked back and forth by the crowd and soon followed the crowd out of the venue.

It was night.

For some reason, the moon was covered by a thick layer of blood.

It was a bright red moon.

This was a scene that no one present had seen before!

Because the lights at the venue had been extinguished, the bright red moon was very bright when they walked out of the venue.

“Where’s the staff? What’s going on! Why did the lights suddenly go out halfway through the evening?”

It was the voice of the person in charge reprimanding the staff.

“We don’t know either. It’s being repaired as soon as possible, but for some reason, the circuit can’t turn back no matter how hard we try. It’s as if it was deliberately cut off...” a staff member replied.

Sha Shen had been following Xia Luo the whole time. She didn’t pay any attention to Xia Luo when she saw her being knocked around.

As she said, she only cared about Xia Luo’s safety.

At the moment when everyone was panicking and then letting out a sigh of relief.

Xia Luo, including everyone present, suddenly saw twenty figures holding all kinds of weapons appear in front of them.

This group of people stood in front of everyone. On the large rocks on the island, they looked down at the people below with contempt.

“Where is Sha Shen!” The leader of these 20 people shouted with a sharp tone.

“You are?” An international big shot standing at the front asked.

“Number one on the international list of agents, codenamed Flying Snake! Agent Sha Shen, we know you are here, cowering. Do you dare to come out and fight with us!”

The woman in the lead shouted loudly.

They were none other than the 20 special agents in the top 10 of the International Spy Killer Rankings!

2703 Chapter 2702. That’s why you’re here to die

The woman in the lead was dressed in a fiery red robe because her face couldn’t be seen clearly under the moonlight. However, just from her fiery red robe, it could be seen that the woman was definitely not ordinary.

And this woman was the number one flying snake on the international spy rankings!

Speaking of flying snake, she was truly a legendary figure.

The 70s and 80s were the era when flying snake grew up.

Flying Snake had debuted since the late 70s and had ascended to the number one position on the international spy rankings as a female!

Some people had once said that flying snake would be the most outstanding female spy killer. Throughout history, no one could surpass her achievements as the Queen!

This was because of the top 10 of the 20 international secret agent killer rankings.

Only two of them were women!

And aside from flying snake who occupied the first place on the international secret agent rankings!

The other woman was only able to occupy the tenth place on the international secret agent rankings!

She was not even qualified to be compared to flying snake!

Flying Snake's words made all the business politicians and high-ranking officials of the Whiteway Force present to be so scared that a line of sweat dripped down their foreheads.

Flying Snake, who was ranked number one on the international list of agents!

It was said that ever since this woman debuted, she had only failed a few missions!

Such a terrifying woman actually appeared here!

Why was he still looking for that agent Sha Shen, who had just recently been walking on the streets?

"May I ask... behind you, could it be?" An international big shot reacted very quickly, he quickly realized that the group of people standing behind flying snake were probably not small fry, so this international big shot wiped the sweat from his forehead and asked flying snake in a low voice.

"Haha! They are the top ten international agents, and they are the top ten international assassins! Okay, now let Sha Shen come out!"

Flying Snake was quite straightforward. She pointed at the group of people standing behind her and said these words loudly, then changed the topic.

Her snake-like eyes swept across the group of people, trying to catch the agent named Sha Shen.

“What Sha, Sha Shen? You are my father’s bodyguard, so you must protect me...”after Xia Luo found Sha Shen, she hid behind Sha Shen with a terrified face.

However, just as Xia Luo hid behind Sha God and grabbed his evening gown tightly with her fingers, Sha God suddenly shook off her hand that was grabbing his clothes. Under everyone’s gaze, she faced the blood-red moonlight, she walked fearlessly to the person with flying snake as the leader.

“You are Sha God! ?”When flying snake saw that the person in front of him was actually a fourteen or fifteen-year-old girl, he was suddenly stunned and said.

At this moment, Sha Shen raised his eyes and coldly glanced at flying snake. “Why are you looking for me?”

“Heh, you are indeed Sha Shen! Then listen carefully. In this path, you have debuted several decades later than us. You actually dared to steal our name. Today, we will definitely make you regret living in this world!”

Flying Snake suddenly sneered in front of everyone and made his intentions clear to Sha Shen without any reservations.

The 20 Top 10 international assassin agents ganged up to kill a mere two-year-old agent, Sha Shen! ?

This was already giving her enough face!

All the business politicians present were so scared that their faces turned pale.

However, just when everyone thought Sha Shen would back off, they saw Sha Shen suddenly meet everyone’s gaze. Her sharp eyes, which were hidden under her bangs, suddenly looked up, two butterfly knives suddenly appeared in her hands. Then, she used her most arrogant and terrifying words to counterattack the flying snake:

“So, the twenty of you are here to die?”

2704 Chapter 2703 was waiting for a long time. Let’s go together

The 20 people standing in front of them were not ordinary people.

They were the top existences in the world on the International Spy Killer Rankings!

The 20 people in the top 10 of the International Spy Killer Rankings!

If any one of these 20 people went to the international arena, they would announce their names to the entire audience!

And now, these twenty people were gathered together to deal with a newbie who had just debuted in the assassin circle for two years!

Did this agent named Sha Shen really have the ability to need the top twenty people on the international assassin list to gather together in order to defeat her! ?

“Ha! You’re really conceited!” Flying Snake looked at Yun Jian with contempt.

“Flying snake, stop talking nonsense with her and attack directly!” A man standing next to flying snake, who was holding a large iron hammer in each of his hands, collided the two large iron hammers in his hands with a sizzling sound, a bloodthirsty tooth was revealed under the blood-red moonlight.

The international business politicians, the bosses of the major multinational corporations, and countless big shots of the black and white factions all retreated to the side at this moment, leaving the scene to Sha Shen and the 20 people on the first list of international secret agent assassins!

This was undoubtedly a contest between the kings who were the most powerful!

If the others were to approach, only death awaited them!

Xia Luo, who had been pushed to the side by the collision, was also afraid. After being pushed to the side, her entire body trembled.

She had never expected that the person her father had sent to protect her was actually a secret agent!

Moreover, it was a secret agent who could attract such a terrifying lineup to surround and kill her!

Just as Xia Luo was scared to the point of cowering in a corner, her entire body was trembling. Everyone present was certain that Sha Shen was dead for sure.

Suddenly, in front of everyone present, Sha Shen placed his hand on the hem of the evening gown and tore it from the bottom to the top.

“Chichi Chichi” sounds continuously rang out. The clothes on Sha Shen’s body were completely torn apart by Sha Shen himself, and the evening gown was thrown to the ground by Sha Shen.

Just as everyone was shocked by Sha Shen’s action.

They only saw Sha Shen, who was wearing a tight-fitting black shirt and a pair of leather shorts that looked very similar to the agent killer in the movie, appear in front of everyone in shock.

Although she was only 14 years old, her slender thighs were so perfect that it was impossible to ignore them.

However, all of this was not the main point. The main point was that under the tuxedo, Sha Shen was wearing all kinds of assassin weapons!

She seemed to have known that someone was going to attack her openly!

“You?” Flying Snake and the others were about to attack, but when they saw that Sha Shen seemed to have known that they would appear and had prepared all the weapons in place, flying snake used one arm to stop the group of people behind her who were about to attack, his brows were tightly knitted together.

After all, he was the number one agent on the international list of agents. Flying Snake was not one of those brainless idiots.

“I have been waiting for you here for a long time. Since you are already here, let’s attack together!”

Just as flying snake’s brows were tightly knitted together and he cried out in shock, Sha Shen had already grabbed two butterfly knives and was sprinting towards them.

It was night, and the blood-like moonlight covered the sky.

As soon as he said this, Sha Shen flashed behind flying snake and the others. In front of everyone present, he used his fast, accurate, ruthless, and crippled skills to grab the weakest assassin who was standing at the back.

One butterfly knife resisted the assassin’s reaction and slashed towards him. The other butterfly knife pierced through the assassin’s head!

2705 Chapter 2704: a life-and-death battle

“Puchi!”

However, the Sha God used a speed of 0.5 seconds to Pierce through the assassin’s head and pulled the butterfly knife out of the assassin’s head.

Blood splattered everywhere and the sound of blood dripping could be heard.

One of the top 20 assassins on the international list of secret agents had died just like that!

Don't think that flying snake and the others would mourn the death of their comrade.

For flying snake and the others, getting rid of the special agent, Sha Shen, was the reason why they had agreed to become temporary companions.

The Special Agent Assassins on the international assassin list were all from the same ruthless assassin organization as Sha Shen. In their eyes, human lives were like grass.

However, after Sha Shen killed one of the assassins, the nineteen people led by flying snake widened their eyes. They were shocked that Sha Shen had attacked so quickly.

However, even though they were shocked, this group of people led by flying snake were all kings who had survived from the brink of death!

After Sha Shen killed the first assassin with one strike, almost at the same time she attacked, someone held a long knife and slashed at Sha Shen's neck.

Someone held a long knife and slashed at her from the front while someone from the back attacked her heart.

Someone from the side threw a dart that was covered in poison.

Being surrounded by such a group of people! Being attacked from all sides, Sha Shen was still a fourteen-year-old child!

However, Sha Shen moved to the side and chose to avoid the attacks from the back and the side. She leaned back and used her hand to grab the long knife in the hand of the agent who had attacked first.

The long knife was very sharp. The blade brushed past Sha Shen's hand that was holding the long knife. Blood dripped out from Sha Shen's hand.

Just looking at it was enough to scare her.

"It's over! Agent Sha Shen is done for!" In the crowd, some people were so scared that they covered their eyes and exclaimed.

The moment everyone thought that Sha Shen was done for, the hand that was holding the long knife seemed to not know pain at all. She allowed the blade to crush her and blood dripped out.

She held the long knife and leaped from the ground, making a 180 degree somersault. Using her hand that had been cut out of blood, she held the long knife and directly went around the agent's neck.

"Pu Pu Pu!"

The agent's neck was cut off with a single slash, and she directly fell to the ground!

"Oh my God! Her hands are all covered in blood! Doesn't she feel pain? !" A rich young lady in the crowd could not help but shout.

"Is this the battle between the secret agents... This is... the battle between a king and a King!" An international business bigshot couldn't help but hold his head and looked at the scene in front of him with the most astonished gaze in his life.

"Pu Pu Pu!"

At this moment, Sha Shen took out four darts from his waist and threw them at the four secret agents who were attacking her at lightning speed!

The four assassin agents rolled on the ground, but they did not have enough time to get scratched by the four darts that Sha Shen threw.

The four assassin agents did not care about the scratch on their arms. Just as they were about to walk towards the cloud parchment, the four of them suddenly spat out white foam and convulsed on the ground. Three seconds later, they stopped inhaling deeply.

These four darts were coated with the poison specially made by Sha Shen!

As long as there was a tiny scratch on their skin, they would definitely die!

"It's time to end this childish battle!"

Just as Sha Shen avoided the pursuit of this group of people, flying snake led the six strongest assassins on the international assassin agents ranking list to attack Sha Shen at the same time!

As soon as he said this, flying snake rushed to the front of Sha Shen.

Sha Shen rolled back and the man with the Big Hammer smashed down on Sha Shen's head!

Facing both positive and negative enemies, this group of agents were the best agents in the world. Sha Shen, who was only 14 years old, was overwhelmed!

At this moment, the Big Hammer was already in front of Sha Shen and was about to smash his head.

Just when everyone thought that Sha Shen was just a newbie and that he would definitely die from this series of attacks...

A shocking scene appeared

2706 Chapter 2705 she was once known as the king of the Shakyamuni (Fanwai: History of the growth of special agents 14)

However, the moment the sledgehammer was about to hit her, the Shakyamuni suddenly turned her body around, raised her legs, and used her beautiful legs to fiercely block the two sledgehammers!

With a “Kacha” sound, the two sledgehammers fiercely smashed into the Shakyamuni’s ankles. The intense pain caused the people beside her to feel a chill down their spine just by hearing the sound of bones breaking.

As expected, Sha Shen’s ankles were broken!

However, Sha Shen did not care about this at all. She only frowned slightly and forcefully endured the intense pain. She half-bent her body and the moment the man holding the hammer smashed her ankles.., the ring in her hand suddenly swung upwards.

This was not a ring, but a finger knife!

The outside of the finger knife was a ring. A small blade was installed inside and a mechanism was designed.

Normally, a small knife could be hidden inside the ring. When it got close to the target, it would appear after pressing the mechanism.

The moment the man broke the ankle of Sha Shen, she did not even let out a groan of pain. She swung the small blade inside the finger knife and cut the man’s throat!

No one present had ever seen such a terrifying woman!

She could turn around and kill her opponent while enduring the immense pain!

No one was born strong.

The experience of a strong person was something that an outsider could never understand in their lifetime!

“Pu!”

Just as the man landed on the ground, the dagger in the flying snake’s hand had already stabbed into Sha Shen’s thigh.

If the man's attack had shattered the bones on Sha Shen's ankle, then the flying snake's attack was enough to make a living person suffer a pain that was more unbearable than death.

"Die! Die!" The flying snake laughed sinisterly as he stabbed the dagger into Sha Shen's thigh one after another.

The fourteen-year-old Sha Shen was actually able to kill so many people when he was surrounded by the top ten assassins on the international assassin rankings!

Moreover, the man holding the huge hammer was the number one assassin on the international assassin rankings!

She actually killed him!

He had only debuted for two years and already had such achievements. If the future Sha Shen was allowed to grow up!

It wouldn't even take long. In another two years, Sha Shen would definitely become an existence that would replace them!

The flying snake couldn't allow such a thing to happen!

Hence, she stabbed Sha Shen's thigh with her knife.

"Kill her! Quick!" After the flying snake stabbed Sha Shen's thigh, it shouted at the assassin standing behind it.

The group of assassin agents following closely behind were about to make their move.

Unexpectedly, at this moment, Sha Shen's hands were bent into eagle claws. Both his left and right hands ruthlessly attacked the flying snake's eyes.

He dug into the flying snake's pupils, grabbed inside, and dug out the flying snake's eyeballs.

"Ah! Ah Ah! !!" At this moment, the flying snake's eyeballs were suddenly grabbed by Sha Shen. She let go of her hands and screamed loudly.

At this moment, Sha Shen did not even blink. She pulled out the dagger that the flying snake had stabbed into her thigh, and directly flew the dagger into the flying snake's heart.

Ten seconds later, the flying snake struggled twice and fell to the ground with a bang. It was no longer breathing.

The flying snake that was ranked number one on the international list of agents and the Big Hammer that was ranked number one on the international list of assassins were dead!

The strongest of these two groups of people had died! They had died at the hands of this agent Sha Shen who had just debuted two years ago!

Everyone was stunned at this moment.

The remaining twelve special agent assassins behind suddenly stopped in their tracks and did not dare to go forward!

Regardless of whether Sha Shen would die today or not, today's life-and-death battle was enough to make Sha Shen famous all over the world!

However, just when everyone thought that Sha Shen would not be able to stand up again, the scene that caused Xia Luo's eyes to widen and everyone's terrified expressions to change suddenly appeared!

They saw the Sha God tear off the white clothes on the flying snake's corpse and wrap the white clothes like bandages. He skillfully tightened his bleeding thigh.

He tied up the leg that was almost crippled and stood up again in front of everyone!
