

The Schoolgirl Secret Agent - Chapter 2739 - 2770

2739 Chapter 2738 he is your biological father (Shiming Caitang 9)

Outside the house, it started drizzling. After a while, the raindrops gathered together and became heavier and heavier.

Inside the house, after the two of them entered, Caitang cried out in surprise. Shiming maintained this posture and did not move.

Caitang also used her small arms to hug Shiming's strong chest.

Tears flowed down without any gaps.

She maintained this posture.

"I thought you would never come back..."her face was full of tears.

"Silly, these four years have been hard on you."I will never let go of your hand. Si Ming hugged Cai Tang's small body and let her bury her head into his chest.

Just as the two of them were closely connected and everything was about to start.

"It's raining. Mother said we can't play in the rain. We'll catch a cold. Let's go and play with mother."

At this moment, Liang's voice suddenly came from outside the house.

Liang was the child of Si Ming and Cai Tang.

Liang's name was changed by Si Ming to Si Zuo. Cai Tang gave Liang the name. Since she changed her name to Si Zuo, Liang became his nickname.

"Mother, mother, open the door. I'll bring uncle here to play with you."Xiao Liang led Yuan Lin to the door of the house where Cai Tang and Si Ming were and knocked on the door.

Cai Tang and Si Ming were hugging each other in a shy manner.

Cai Tang's face turned red at the same time.

She pushed Si Ming.

At this moment, if Cai Tang turned into Yun Jian and Si Ming turned into Si Yi, then si yi would probably be the king and continue to do so.

Although Si Ming's personality was very similar to Si Yi's, they were not the same person.

She withdrew from Cai Tang's body.

The two of them tidied up their clothes.

Cai Tang was afraid that she would be seen. She ran to the window and opened it. She used her cold hands to hold her face and opened the door.

The moment the door was opened, Liang rushed onto Caitang like a happy magpie.

"Mother, I was playing games with uncle just now. Uncle is so smart and amazing..." as Liang spoke, he suddenly stopped.

In the next moment, Liang saw Si Ming standing in his mother's house.

Although Liang was only three years old, his face suddenly changed color.

In the next second, Xiao Liang looked at Shiming with a fierce gaze and grinned at Shiming:

"Bad uncle! Bad Uncle! Why are you in Mother's house! The great-grandfather of the village chief said that other than father, no other uncle can enter! Bad Uncle!"

Xiao Liang was still young. He did not realize that he looked like Shiming, nor did he realize the relationship between him and Shiming.

Liang Liang looked at Si Ming fiercely as he struggled to get out of Cai Tang's arms. Then, his small figure rushed to Si Ming. He patted Si Ming with one hand and held Si Ming's hand with the other, he wanted to Drag Si Ming out of the house.

Liang Liang had never had his father's company since he was young. He was so desperate that when he saw Si Ming in Cai Tang's house, he rushed over to beat him up.

Only his father could enter his mother's house!

All the uncles who wanted to enter his mother's house were bad people!

"I'll beat you to death! I'll beat you to death! Bad Uncle! Bad Uncle!" Xiao Liang said as he tugged at Si Ming.

He tugged at Si Ming's hand. There was something called tears that was about to flow out from Xiao Liang's wet eyes.

At that moment, Cai Tang was the first to react. She quickly walked over and grabbed Liang Liang's hand to Drag Si Ming. She lifted Liang up and said to Liang Liang,

"He is your father! Liang Liang, haven't you always missed your father? He is your biological father!"

2740 Chapter 2739 who said there was no father

Liang was a child, but he was exceptionally intelligent.

He probably followed the Si family's tradition.

Children usually had to hear direct words in order to understand the root of a matter.

If you used indirect words to communicate with a child, not only would the other party not understand, sometimes they would even push you away impatiently.

But if you directly said, "I'll buy you a lollipop to eat," then the other party might directly stretch out both hands to hug you.

Just now, Ziming only said to Liang, "I'm your father."

The child did not know what a father was.

Now that Cai Tang directly said that Ziming was his father, Liang Liang understood.

All the anger, when he learned that Ziming was his father, was thrown to the back of his mind.

Xiao Liang looked at Si Ming, looking and looking.

Finally, Xiao Liang looked at Si Ming and asked carefully, "Are you really my father?"

"Yes." Si Ming answered lightly.

"Are you really my father?" Xiao Liang asked again, as if he did not believe it.

"Yes." Si Ming was not tired of it.

"I have a father, I really have a father! Wah! Woo Woo Woo! Daddy Hug, Hug!" Xiao Liang threw himself into Si Ming's arms.

Si Ming's heart skipped a beat, but he also hugged Xiao Liang.

Yuan Lin walked out of the house voluntarily, reuniting the family of three.

Cai Tang saw this scene and covered her mouth. She was so touched that she could not speak.

...

Although the people of thousands of continents knew how to cultivate immortality, just like on Earth, the children here also needed to go to school.

It was just that the children did not learn the language, mathematics, English, and so on on Earth. The children on the continent learned spirit energy and the path of cultivation.

Here, the best student who learned how to master spiritual power was the best student.

Xiao Liang had a full day of classes in the school today, and he was full of energy.

“La la la la la la —“when school was over, Xiao Liang shook his little head and walked back home.

Thousands of children on the continent had to go to school when they turned two years old.

This was because two-year-olds were the period of time when their spiritual roots could be inspired the most.

If they were older, they might not even be able to inspire their spiritual roots. They wouldn't be able to circulate their spiritual energy and become immortal cultivators.

If they weren't immortal cultivators, then they would be ordinary people. They would only have a short lifespan of a few decades.

Xiao Liang jumped and jumped as he headed home.

He had just walked out of the school when he saw Cai Tang.

“Mother! Mother!”Xiao Liang stretched out his hands and pounced over.

Cai Tang smiled and picked up Xiao Liang.

A few children who were three or four years older than Xiao Liang passed by.

The schools here were divided into classes according to the strength of spiritual power.

Although Xiao Liang was three years old, his strength was already comparable to a normal child who was at least six or seven years old. Therefore, the children in his class were all much older than Xiao Liang.

“Cailiang, didn’t you say that your father came back and gave you a name? Where’s your father?” A few children who passed by walked to Liang Liang’s side, and one of them asked.

After asking, another child who looked rather mischievous added, “He missed his father so much that he had a dream about it. After all, Cailiang also had a dream about his father coming back last time!”

The group of children laughed loudly.

Although Xiao Liang was still young, he could still understand these words.

“My Daddy is really back! Really! Mother, quickly say yes!” Xiao Liang tugged at Caitang, not convinced.

No matter where they were, whether it was on Earth or the mainland, children who had no father since they were young were always looked down upon by others.

These children were still laughing loudly.

However, just as these children were giggling loudly, they seemed to have thought of something and were about to roll on the ground from laughter.

A few children were suddenly picked up one after another and thrown to the side.

By the time everyone reacted, they saw Si Ming standing on the spot with a dark expression on his face. He cast a sidelong glance at the children who had been thrown out by him and said coldly,

“Who said my son doesn’t have a father! You Bunch of brats, Scram!”

2741 Chapter 2740 those who were bullied came looking for them (Si Ming, Cai Tang, 11)

Perhaps Si Ming’s expression was too terrifying.

After the group of brats who were thrown out by Yuan Purlin got up from the ground, they all burst into tears, as if they had seen a terrifying scene. They all ran away in a swarm.

“Daddy! Daddy, daddy!” When they saw Si Ming’s Little Liang reach out to Si Ming to hug him, they were extremely happy.

Si Ming curled his lips and hugged Xiao Liang.

Cai Tang stood at the side, both happy and relieved.

She had always known that Xiao Liang really wanted her father's company.

Now, her wish had finally come true.

...

After returning home, Si Ming let Yuan Lin return to the God continent first.

Si Ming had just become the first ruler of the God continent.

In this era, even in the thousands of continents, there were countless strong people who ran amok and committed crimes.

This was a world without rulers, ruthless, and where the strong ruled.

And to the people of the tens of thousands of continents, the God continent, which was regarded as a legendary place, had even more experts.

Si Ming had just ruled the god continent, so naturally, countless experts would stand out to express their dissatisfaction.

Si Ming let Yuan Lin go back first to stabilize the situation.

As for him, he wanted to stay here for a period of time.

He planned to bring Cai Tang and Xiao Liang back to the God continent together.

...

When he told Cai Tang and Xiao Liang about his plan to bring them out of the desolate spirit continent, Cai Tang fell silent.

Xiao Liang clapped and said in confusion, "Wherever father goes, I will go too!"

After all, Cai Tang had stayed here for so many years.

There were village chiefs who took good care of her, villagers who loved and cared for her.

They could be considered her family.

Now that she had to leave the place where she grew up, Cai Tang naturally felt conflicted.

"If you don't want to leave, that's fine. I..." Seeing Cai Tang's hesitation, Si Ming was about to say something.

“No!” Cai Tang shook her head.

She paused, then raised her head to look at Si Ming, and said to him word by word,

“I’ll go wherever you go. Cai Tang will follow you for the rest of her life!”

For the rest of her life, she would never leave him.

Si Ming smiled, and in the next second, he stretched out his other free hand and pulled Cai Tang into his arms:

“Then it’s a deal.”

He, Si Ming, would not let go of her hand.

Although he had a mission, as long as she was around, he would definitely succeed.

Definitely!

...

“You dare to bully my son, Cai, Get the hell out here!”

At this moment, a particularly coarse female voice came from the main entrance.

After this female voice sounded, it was followed by a few curses.

“Yes! Come out!”

“How Dare You Bully Our Children! Do you want to die or something? !”

“If you don’t come out right now, I’ll let my man raze your house to the ground!”

...

Curses sounded from outside the house.

Hearing these voices, Cai Tang’s eyes suddenly moved.

Si Ming’s eyes flashed.

The next second, he held his son, Liang, and walked out of the door with Cai Tang’s hand.

He only saw five or six parents standing at the door.

These five or six children who were hiding behind their parents were the children who had mocked Xiao Liang at the school entrance and were later thrown out by Si Ming.

“Mother, it’s him! He was the one who bullied us just now!”

At this moment, a child who was hiding behind his mother pointed at Si Ming as if he had the courage to speak up.

The child’s mother was a woman who looked to be in her forties. She glanced at him and put her hands on her waist as she shouted,

“You’re the one who bullied my son! ? Do You Want to die? !”

2742 Chapter 2741, Shiming, killed the expert on the spot (Shiming Cailang 12)

When this woman spoke, her tone was high-pitched, with a sense of confidence.

Although the parents of the other children were also dignified, they all hid behind this woman.

Not to mention, this woman was rather good-looking, and her name was Ji Tong.

Everyone knew that Ji Tong’s husband’s name was Han Shisan. On the desolate spirit continent, he was one of the top experts in spiritual power.

In this world, the God continent was a world in the legends of thousands of continents. The God of the God continent was an existence that could sweep the entire world.

Not to mention the ruler of the God continent. To the people of thousands of continents, he was simply a legendary figure who did not know if he existed or not.

And in thousands of continents, in this world where strength was the most important, it depended on the fist to speak.

Whoever’s fist was strong enough would be respected.

Furthermore, whoever dared to disobey, even if there was a reason, it would be useless. They would have to bow to the fist!

This was the rule of the cultivation world!

Ji Tong’s husband, Han thirteen, was one of the top experts in the desolate spirit continent. His strength was shocking and he was almost able to become the number one guard under the king of the desolate spirit continent. It was a pity that he did not grasp the opportunity back then.

In this place, Han Shisan could be said to be a tyrant.

When Ji Tong heard that his son was thrown by someone, he was angry on the spot. He immediately found his husband to support his son.

Seeing this scene, Xiao Liang was instinctively afraid and shrank into Si Ming's arms.

Not long before Si Ming returned, Xiao Liang was found at home because she accidentally broke a classmate's things.

In the end, Cai Tang hugged Xiao Liang and kneeled down to beg for forgiveness. Only then was she forgiven.

Cai Tang's strength wasn't bad, but she was alone with her child.

So in order to protect her child, she was forced to kneel down to someone.

In the end, someone smashed her scalp with something. Fortunately, she was fine.

This was the fate of being alone with her child and not having any men in the family.

Ji Tong must have heard of this matter, so she brought the parents of her children and came looking for them.

When Ji Tong finished his story, he saw that Cai Tang and Si Ming were silent, so he thought that Cai Tang and Si Ming were afraid.

He rolled his eyes at Si Ming in his heart.

Ha, he didn't expect that Cai Tang, this husband who hadn't returned for many years, was just a guy with no ability and only a body of skin!

"Cai, I heard that the last time you offended someone, you held your son and knelt before someone. You were even knocked on the head before you were forgiven!" Ji Tong looked at Cai Tang and laughed coldly.

After laughing, she relied on her husband's strength to raise her eyebrows at Cai Tang and said with disdain,

"Take it off. If you strip naked and kneel in front of us today, we can forgive you."

The more Ji Tong spoke, the more outrageous he became.

Si Ming's expression also became darker and darker.

“Wife, don’t talk nonsense with them. As long as you are happy, I will strip that woman’s clothes and let you be happy!” Ji Tong’s husband, Han thirteen, was almost staring at Cai Tang.

As he spoke, he moved forward and approached Cai Tang at the speed of the children’s parents who were behind Ji Tong and cried out in surprise!

Cai Tang’s expression suddenly changed.

However, just as Ji Tong’s husband, Han Shisan, was about to approach Cai Tang...

Si Ming suddenly stretched out his hand!

However, Si Ming raised his hand and directly circulated his spiritual power across the air, lifting Han Shisan’s body into the air in front of everyone present. He lifted Han Shisan to a height of more than ten meters above the ground.

“This, this, this...” seeing this scene, the faces of everyone present turned pale.

Han thirteen’s spiritual power was unrivaled in this area.

And this man, he actually!

At the moment when everyone was looking at this scene in horror.

Si Ming controlled his spiritual power to lift Han thirteen up into the air, causing him to turn 160 degrees backwards, causing Han thirteen’s head to fall to the ground.

After that, he released the spiritual power in his hand.

“No!” Ji Tong cried out in terror.

At this time, Han Shisan’s head had already smashed down heavily on the ground. A bloody hole was directly created on the top of his head, and he died on the spot!

At this time, Si Ming covered Xiao Liang’s eyes and sneered. He looked at Ji Tong and the parents of the children standing behind Ji Tong and sneered in public:

“You’re bullying my wife and children, right? Since you’re here, don’t even think about escaping!”

2743 Chapter 2742, the expert from the God continent (Si Ming Cai Tang 13)

Si Ming’s actions and actions were taught by Yun Jian and Si Yi. In addition to the genetic inheritance, there were more or less traces of Yun Jian and Si Yi.

However, what was shocking was not Si Ming's words, but Si Ming's strength and methods!

Han thirteen was lifted up from the ground by Si Ming, his head facing the ground, and a bloody hole was directly created! He died on the spot!

"Xiang, Hubby... Hubby... Ahhh! I'll fight it out with you! Return My Hubby to me! !!"

After Ji Tong saw that his husband, Han Shisan, had died at Si Ming's hands, it was as if he had rabies. He rushed towards Si Ming, Cai Tang, and Xiao Liang.

As he rushed, he screamed crazily.

"Waah! Waah Waah Waah! Wuwu Wuwu!" Ji Tong and Han Shisan's son, who had been standing behind their parents with a smug look on their faces just a moment ago, stood on the spot and wailed loudly.

It was unknown when, but Cai Tang had already hugged Xiao Liang from Si Ming's hands. She was also shocked by the shocking scene just now. At this moment, she squatted down gently on the ground and let Xiao Liang lean against her chest. One of her ears was pressed against her body and she covered it.

She covered Xiao Liang's eyes and covered her ears with her other hand.

Before Ji Tong could rush in front of Si Ming and the other two, Si Ming grabbed his throat with one hand across the air and dragged him off the ground.

Ji Tong's son was still squatting on the ground and crying loudly.

"... Let, cough! Let... let... Cough Cough Cough, I'm going to kill all of you! Ahhhhhh!" Ji Tong, who was grabbed in the air, did not even have the strength to fight back.

Her throat was grabbed tightly by an unknown force. She rolled her eyes and her face instantly turned red due to suffocation.

The children and their parents who saw this scene, other than Ji Tong's family, were all scared beyond recognition.

Cai Tang was a woman who was famous for being abandoned by men in the nearby villages!

But who knew that the man who abandoned Cai Tang had returned!

Looking at this scene, not only did Cai Tang's man return, he was also an unfathomable expert!

Seeing this scene, the parents of the children present were so shocked that they didn't dare to leave. They were also shocked and didn't know what to do.

Just as the parents of the children were scared and didn't know what to do, a hurried voice suddenly sounded:

“Stop! Stop, stop, stop, Stop!”

Everyone looked to the side and saw an old man and a group of people behind him hurriedly running over.

When they saw the old man, the parents of the children heaved a huge sigh of relief. At the same time, their eyes revealed deep respect for the old man.

In the desolate spirit continent, there were a total of three regions.

The eastern region, the western region, and the middle region.

This was the western region, and this old man was the respected elder who maintained discipline in the western region.

The strength of the respected elder was something that even Han thirteen could not compare to, and he could be considered as the strongest powerhouse at the pinnacle of the desolate spirit continent's pyramid.

Therefore, the appearance of the respected elder caused everyone present to immediately quieten down.

Cai Tang was also stunned when she saw the respected elder. She was afraid that the respected elder would deal with Si Ming, so she hurriedly stretched out her hand to pull on Las Ming. She looked at Si Ming and shook her head.

If it was someone else, Si Ming would not have cared at all.

Seeing Cai Tang now, Si Ming withdrew his hand in a second.

Ji Tong fell to the ground like a kite with a broken string. It took him a long time to regain his senses.

“Respected elder! He... he killed my husband! You must avenge me!”

Ji Tong coughed a few times after regaining his senses. He looked at the respected elder and spoke loudly, hoping to receive the protection of the respected elder.

It would be best if he could make Cai Tang's man pay with his life!

However, Cai Tang never expected that after the respected elder rushed to Si Ming, he would kneel in front of Si Ming and kowtow a few times. Then, in front of everyone present, he spoke to Si Ming:

“I heard that someone witnessed it with his own eyes. You are a powerhouse from the legendary land, the God continent, right?”

2744 Chapter 2743 her man, avenging her (Shiming Cailang 14)

God continent!

There was a saying before.

God continent was a place that millions of people on the continent recognized as a legendary place, a place where gods lived.

If a single person from there appeared, it would be able to stir up huge waves on millions of continents.

Elder ZUN's words were like a splash of pig feces pouring on Ji Tong and the other children's parents besides Ji Tong.

“What! A powerhouse from the God continent!” One of the children's mother heard elder Zun's words and was so frightened that her eyes were bigger than a dead fish. In the next moment, she fell to the ground and fainted.

“God... God! The God continent!” A child's father, who had been aggressive just now, let out a sharp scream and knelt down where Si Ming was.

Everyone, including the group of people brought by the elder, knelt down in front of the wooden house and worshipped Si Ming, who was standing on a high place like a superior person!

Along with the people brought by the elder, dozens of people knelt down in front of Si Ming.

If anyone saw this scene, it would definitely cause a huge wave.

Cai Tang was stunned.

She had never thought that Si Ming was from the God continent!

Desolate spirit continent was the lowest grade continent in thousands of continents.

However, any God in the God continent could roam freely in any corner of thousands of continents. No expert in thousands of continents would dare to compete with them!

And she and he were simply the difference between heaven and earth.

Cai Tang hugged Xiao Liang and lowered her head. It was unknown whether it was due to the intimidating aura or the atmosphere, but just as she was about to change from squatting to kneeling, like all the people on the desolate spirit continent, she knelt down towards Si Ming.

Si Ming reached out a hand and wrapped it around Cai Tang's hand. He pulled Cai Tang up from the ground and hugged her into his embrace.

Xiao Liang was brought to the middle of Si Ming and Cai Tang. He blocked his parents from hugging each other. He struggled uncomfortably twice and pouted his lips.

"She is my wife, and this is my son. She has suffered a lot in the past few years in your desolate spirit continent. Return them to me one by one today!"

Si Ming was like a cloud tablet. He would always take revenge and return kindness.

Cai Tang and Xiao Liang had suffered a lot in the desolate spirit continent because they did not have a husband and a father to accompany them.

Hearing Si Ming's words, everyone present was shocked.

At this moment, everyone recalled whether they had bullied Cai Tang and Liang Liang before.

Those who had never done it before, their hearts relaxed.

Those who had done it before, their expressions changed drastically.

Cai Tang, who was pulled into Si Ming's arms, was already filled with shock.

He was actually a god from the God continent...

Xiao Liang was actually the child of the god of the God continent...

Just as Cai Tang raised her head to look at Si Ming's chiseled jaw and exquisite facial features, Si Ming suddenly stretched out his well-defined hand and gently lifted Cai Tang's pink little face, he made her pink lips meet his eyes.

The More Si Ming looked at Cai Tang's exquisite face, the more he loved her.

He loved her so much that he could not put her down. He wanted to rub her into his bone marrow and stay in her body for the rest of his life. He did not want to leave.

Cai Tang's face became even more pink after being stared at by Si Ming.

At this moment, Si Ming lowered his head and kissed Cai Tang's lips in front of everyone who was kneeling on the ground. He licked the young girl's fragrance on his lips and smiled evilly:

"Tell me, who bullied you? Today, your man will send those who bullied you to hell one by one!"

2745 Chapter 2744, Shi Ming teased Cai Tang in public (Shi Ming Cai Tang 15)

"Or should I say, let the entire desolate spirit continent be destroyed to wash away their sins?"

Shi Ming's words were enough to decide the fate of the desolate spirit continent!

A powerhouse could decide the life and death of a continent!

"No! Cai Tang! Please! Please! Don't! Please persuade your man! We were wrong! We were wrong!"

"Please! Please!"

...

A lot of begging sounds came from below.

In fact, most people had never dealt with Cai Tang.

Except for the last time, when Cai Tang kneeled down to be forgiven, most people had only verbally attacked her when they met.

Besides that, no one had ever attacked her.

Most of the people did not even verbally attack her.

Even if it was not because of this, Cai Tang was still a person from the desolate spirit continent.

Moreover, there were her most respected elders, the village chief, and the villagers in her village who treated her extremely well.

Cai Tang shook her head at Si Ming and grabbed his hand. "Don't..."

Cai Tang's reaction made Si Ming instantly feel no sense of punishment towards the group of people kneeling in front of him. He caressed her delicate cheeks, and the lips under her handsome face curved slightly. "Don't you want them to pay the price?"

“No.” Cai Tang shook her head.

Under the watchful eyes of everyone, there was a beam in the middle. This one-million-volt light bulb, Si Ming reached out his hand and caressed Cai Tang’s tender cheeks. In front of everyone present, he spoke to Cai Tang:

“But I think they provoked me.”

If it wasn’t for the fear of Si Ming, the elder kneeling on the ground would have rolled his eyes.

At first, elder Zun’s face was filled with shock. He broke out in a cold sweat after hearing Si Ming’s words.

However, looking at Si Ming’s expression, it seemed like he was trying to coax or tease Cai Tang.

Or to put it another way, even if Cai Tang wanted the sun in the sky, he would forcefully pluck it and give it to her.

The life and death of the desolate spirit continent was probably in Cai Tang’s hands now!

Just as elder Zun thought of this, Si Ming caressed Cai Tang’s cheek and said the next sentence. Whether it was his tone or his words, they all revealed his strong possessiveness towards Cai Tang:

“If I don’t kill them, I can not destroy the desolate spirit continent. But how are you going to compensate me?”

Si Ming looked like a very serious person, but the words coming out of his mouth made people shy.

But at this moment, no one could do anything about it.

Furthermore, the women present were extremely envious of Cai Tang!

What kind of dumb luck did she have to be able to marry a god and become the woman that the god adored!

The people who were scared pale by Si Ming just now all heaved a sigh of relief at this moment.

Ji Tong was so scared that he broke out in cold sweat. His eyes were absent-minded and he did not dare to say another word.

Cai Tang took a deep breath. She looked at Si Ming with her big eyes. Finally, she mustered up her courage and covered the eyes of the Little Liang between her and Si Ming with one hand. She stood on Tiptoe and took the initiative to Kiss Si Ming, who was bending down.

She kissed him lightly. Under the eyes of so many people, Cai Tang's face was completely red.

Si Ming curled his lips. He licked his thin lips, which still had the scent of a young girl.

The people below were all kneeling on the ground. They clearly felt Si Ming's actions and caught a glimpse of it from the corner of their eyes. However, they did not dare to raise their heads.

At this moment, Cai Tang also knew that Si Ming was teasing her in front of everyone. She blushed and lowered her head.

The moment Cai Tang lowered her head, Si Ming bent his body and moved his thin lips to her ear. Using words that only the two of them could hear, he said something that was completely shameless:

"Do you think you can make it up to me with a kiss like that? Come with me tonight and try out the other new positions in the atlas. I'll listen to whatever you say now."

2746 Chapter 2745, the ancestor appeared in shock (Shi Ming Cai Tang 16)

Killing these people who had bullied her, or directly destroying the desolate spirit continent, was a simple matter for Shi Ming.

And what he was most interested in now was not this group of people who could send them to hell at any time, but his little wife.

He lowered his head and saw Cai Tang's face turn red after hearing his unreasonable request. Shi Ming had an impulse to continue teasing her.

She was so cute that he wished he could hide her in the house and never let her appear in front of outsiders for the rest of her life.

Of course, Cai Tang naturally did not know what Si Ming was thinking.

When she heard Si Ming's words, her brows were tightly knitted together. She was like a deer that was flustered and afraid after being targeted by a hunter.

This made Si Ming love her dearly.

“Mother, what is the new position that uncle mentioned?” Just as the group of people who were kneeling below heaved a sigh of relief, Xiao Liang suddenly raised his head to look at Si Ming and blinked his big eyes at Cai Tang.

Si Ming whispered those words into Cai Tang’s ear, so no one else should have heard it clearly.

Including Liang.

Who knew that Liang’s hearing was so amazing that he actually heard what Si Ming said to Cai Tang.

Cai Tang’s cheeks, which were already red, instantly turned red.

The group of people who were kneeling down naturally heard it clearly, but no one dared to speak at this moment.

“Call me daddy!” Si Ming hit Xiao Liang on the head with a chestnut.

“Awoo!” Xiao Liang cried out softly. Then, he raised his head and glared at Si Ming:

“No! Unless uncle doesn’t bully my mother!”

Xiao Liang actually already knew the word ‘daddy’ very well in his heart.

But as a three-year-old villain, he also had his own pride!

...

In the end, Cai Tang shook Si Ming’s arm, acquiescing to his request shyly.

Si Ming no longer cared about the people under him.

However, in the near future, those who had bullied Cai Tang, including the parents of those children, as well as Ji Tong and Ji Tong’s children.

Si Ming secretly ordered the people of the Yuan Lin sect to eradicate the roots of the problem.

This was what Yun Jian had taught him.

If you didn’t eradicate the root of the problem, the spring wind would blow again.

Since he wanted to be the king of a region, he shouldn’t let go of anyone who was dissatisfied with him but didn’t have the strength to resist.

This kind of person was like a fierce tiger hiding in the dark to peek at you.

When the time came, there would be endless trouble in the future.

Therefore, before this, he would kill all those people!

...

At this time, Si Ming had already brought Cai Tang to the God continent.

Cai Tang also knew Si Ming's current identity — the creator of the God continent, the first ruler!

...

Last time, Cai Tang had agreed to try out the new positions in the illustrated books with Si Ming, but she regretted it not long after she agreed.

After she got out of bed, her legs had been weak and numb for the past few days. Even her walking legs had almost turned into circular legs.

That evening, when Xiao Liang returned to the Divine Hall from his trip near the continent of gods, he saw his father pressing his mother on a round table and biting his mother with his teeth!

“Ahhh! Let Go of mother! Don't bully mother! I'll call you father! I Won't call you uncle!” Xiao Liang was angry and anxious.

Cai Tang didn't expect Liang to see this scene. She was so embarrassed that she could crawl into the ground.

Because Liang was there, Si Ming didn't do anything. When he turned his head, Si Ming suddenly saw another little boy who walked into the temple with Liang.

When he saw this little boy, Si Ming's eyes that were originally looking at him from the corner of his eyes suddenly became as sharp as an eagle!

His eyes widened in that instant!

At that moment, Liang Liang saw that Si Ming had seen the little boy he had brought back. He skipped to the side of the disheveled little boy and said to Si Ming,

“Father, look at him. He looks like me, doesn't he? Hehe, I think he looks very similar to me, and I don't have a home to go back to, so I brought him back...”

2747 Chapter 2746 all cause and effect starts from here (Si Ming Cai Tang 17)

When she fixed her eyes on him, she saw that the dirty little boy was actually 60% similar to Xiao Liang!

Although it was not 80% or 90% similar, and it was not as similar as Si Ming and Si Yi, she could tell that the two of them were father and son at a glance. However, if she fixed her eyes on him, she could still tell immediately.

Seeing Si Ming staring at the boy, Cai Tang also took a look with suspicion.

When she saw this, she was also stunned.

“Why do they look so alike...”Cai Tang asked while she was in a daze.

“I will tell you this question in the future.”Si Ming held Cai Tang’s hand, turned his head to the side, and called the Purlin.

“Take him to wash it,”Si Ming said to the Purlin.

If his guess was correct, this little boy was his ancestor!

As for the little boy’s identity and origin, Si Ming did not know.

He only knew that the creator of the God continent was the ancestor of his Si family.

However, because of his intervention, this time and space had been distorted.

If the normal course of history was followed, even if Si Ming did not use a pseudonym, this little boy, his ancestor, would rule the entire God continent in the near future!

...

In the next few hundred years, Si Ming poured all his spiritual energy into creating a divine weapon to deal with the mysterious man.

Finally, five hundred years later, he created three divine weapons to deal with the mysterious man!

However, using these three divine weapons required a huge amount of spiritual energy.

At his peak, Si Ming’s spiritual energy was not enough, not to mention the fact that he did not have much spiritual energy left to create these three divine weapons.

Just as Si Ming was planning to focus on cultivating his spiritual power, the mysterious man led his people and attacked the God continent!

The mysterious man wasn't dealing with the god Lord, nor the God's temple, only Si Ming.

Si Ming knew this very well.

At night, he called the little boy that Xiao Liang had brought back, Xiao Liang, Cai Tang, and Yuan Lin to the god's temple.

At this time, the little boy and Xiao Liang had already grown up for nearly five hundred years, and their strength was astonishing.

He poured all of his spiritual energy into the body of the little boy and Yuan Lin after he grew up, and Si Ming directly handed the future of the divine continent to the little boy.

Xiao Liang did not express any dissatisfaction.

"Yuan Lin, Listen, you take these three divine artifacts and return to Earth. You must hide these three divine artifacts in a place that no one can easily find them!

"Also, you must remember to leave some things about me on Earth. Use the words of the god continent to carve them on a stone in the great purple Cherry Garden of Country Z.

"My Mother Yun Jian will go to this place called the Great Purple Cherry Garden in the future!

"And the Great Purple Cherry Garden is now in the territory of Country Z..."

Si Min handed everything over to Yuan Lin.

He was prepared to fight the mysterious mermaid to the death.

However, he was fully prepared for the future. His mother, Yun Jian, and his father, Si Yi!

He hoped that the things he left behind could help his parents defeat the mysterious man! Change the future!

"I, Yuan Lin, swear to the sky that I will complete the mission!" Yuan Lin looked at Shi Ming and waved his hand. A ghost mask appeared in his hand. He put the ghost mask on his face, turned around, put away the three artifacts, and left the temple without looking back.

"Tang Tang, you..." Si Ming looked at Cai Tang and his son, Liang Liang, and was about to say something.

Cai Tang held the wind in one hand, and her other hand held her son, Liang Liang. She said to Si Ming, "We are a family. We will walk together in life, and we will share the same acupoints even in death. Don't think of leaving us behind!"

After listening to Cai Tang's words, Si Ming curled his lips. He also grabbed Cai Tang with the other hand and said to Cai Tang and Liang Liang,

"I will protect you well! Even if we die, we will be together!"

...

2748 Chapter 2747 the child in the belly (Main God bailiyan 1)

The little boy who was brought back by Liang really did rule the entire God continent after that, and he was the ancestor of the main god and the Divine Lord!

However, because of the long history, other than knowing that his father was the ruler of the God continent, the main God had no way of knowing who his grandfather was.

This was because the gods of the God continent all had an endless lifespan.

Unless they were killed, they would not die.

The Little Boy did not know the whereabouts of Si Ming, Cai Tang, and Xiao Liang. He only knew that the three of them were taken away by the mysterious person. The three of them did not die. They were just imprisoned somewhere.

As for where they were imprisoned, only Si Ming, Cai Tang, and Xiao Liang knew.

...

After Si Ming, Cai Tang, and Xiao Liang disappeared, God continent had experienced countless years.

It was so long that the birth of the main God's father dominated God continent, until the fall of the main God's father, and the main god dominated God continent.

The birth of the Divine Lord Si Yi was a coincidence, but it was also an ill fate.

At a temple gathering, the main God took a fancy to Baili Yan, who was known as the number one beauty of God continent.

In private, the main God had confessed his love to Baili Yan, but Baili Yan had tactfully rejected him.

Later, on the day of the Baili family's patriarch's 10,000 th birthday, the main God had raped Baili Yan on an uninhabited artificial mountain in the Baili family's back garden.

Who would have thought that Baili Yan would be pregnant with the main God's child on one occasion.

Baili Yan had originally intended to hide from the main god, and had even gone to the mountain to steal herbs that could be used for abortion. However, the main God had mistakenly thought that she wanted to jump off the god extinguishing rock to commit suicide.

Later on, the main God had angrily stripped her of her clothes, wanting to force her again.

However, he saw her abdomen that protruded out from her five-month-old belly.

Seeing that Baili Yan was pregnant, although the main god was happy in his heart, he couldn't help but want Baili Yan again.

The second time, Baili Yan had indeed felt great, but she was still unable to forgive the main god.

She was pressed onto the bed in the bedroom of the Divine Hall by the main god.

She let him work.

SHAME!

It wasn't an ordinary shame!

"... Don't... Let Go of me! Get lost! Get lost!"

Baili Yan pushed the main god while crying and accepting his love.

After that, Baili Yan put on her clothes and ran out of the Divine Hall.

Her speed was so fast that the main god couldn't catch up in time.

...

Ever since her child was five months old, Baili Yan had been staying in her own bedroom, sleeping in her own bedroom and not being chased out of the door.

But paper can not hide fire. Two months later, Bai Li Yan's stomach was already seven months old, so big that it was about to give birth.

On this day, the head of the Bai Li family brought the people of the Bai Li family to Bai Li Yan's room to visit her illness. She had always claimed that she was seriously ill, lying in bed for two months without getting out of bed, eating and drinking in bed.

The seven great aunts and eight great aunts of the Bai Li family all came to visit Bai Li Yan.

But just as everyone was about to leave...

A five-year-old child, mischievous, suddenly ran over and pulled away the blanket that Baili Yan had wrapped tightly around her before she could react.

Under the blanket, Baili Yan's stomach had already become a rubber ball.

The patriarch of the Baili family, as well as everyone in the Baili family, all saw it.

And Patriarch Baili's face instantly turned pale.

"You, your stomach... Yanyan, your stomach..." her brother Baili Feng, who usually doted on her the most, saw that she was so big that it was obvious that she was about to give birth to a bulbous belly, and was immediately stunned. For the first time in his life, he stuttered.

"Nonsense! Nonsense! So it turns out that being sick is all an Act! Baili Yanyan! How did your Father Educate You! Get Out! Get off the bed! Quickly tell me! whose is this bastard child in your stomach?!"

As Baili Yan's father, Patriarch Baili had always been proud of Baili Yan's dignified elegance. But when he saw Baili Yan's protruding belly, his face was extremely pale.

The daughter that he thought highly of suddenly did an unforgivable thing.

Patriarch Baili rushed to Baili Yan's bed. As he dragged her, he wanted to drag Baili Yan off the bed in front of everyone in the Baili family!

"Speak! Which Wild Man's bastard is it? You Don't want to speak, right? ! You actually dared to deceive your father and family. If you don't speak, then get the hell out of the Baili family. My Baili family doesn't want a daughter like you!"

The patriarch of the Baili family refused to pay attention to Baili Yan's explanation. As he spoke, he wanted to drag her out of the door.

No One's explanation was of any use.

Just as Baili Yan was being dragged to the door by the Patriarch of the Baili family with tears streaming down her face, forcing him to ask who the wild man who knocked her up was, a tall figure walked in from outside the door.

The person who came was the current ruler of the God continent, the sovereign!

The sovereign walked to Baili Yan's side in a few steps, saved Baili Yan from the Baili family head's hands, rubbed her chest, and spoke to the Baili family head in front of everyone present:

"It's not her fault. I couldn't hold it in and forced her on the day of your 10,000 th birthday.

"So the child in this belly is mine!"

2749 Chapter 2748, Baili Yan's extreme stage (main god Baili Yan 2)

This male voice had just sounded out, and even though he had done something bad, he still spoke in an upright and upright manner. The Baili family head almost reflexively wanted to turn his head around and strangle the male voice's owner to death.

But when he saw that the person who had come was none other than the current ruler of the God continent, the Lord Sovereign, even the Baili family head, who had lived an honest and upright life and had a clear distinction between right and wrong, had to put his anger to the back of his mind.

"Lord Sovereign!"The Baili family brought the dozens of people in the Baili family's house and forcibly suppressed their anger, bowing to the Lord Sovereign.

The Lord Sovereign, who had been prostrated by the Baili family's people, had one hand wrapped around Baili Yan. He was just about to open his mouth and bring up the matter of marrying Baili Yan.

Baili Yan suddenly lowered her head in front of everyone present, and bit heavily on the Lord Sovereign's wrist.

Baili Yan's pupils were covered in red blood. If one didn't look closely, it was as if the vicious eye of a wolf was fiercely biting on the flesh of its prey, and even its gums were buried in the flesh of the sovereign's wrist.

Needless to say, the person being bitten should be in a lot of pain.

But no matter how deep the bite was, the sovereign still wouldn't let go of Baili Yan's hand.

Baili Yan angrily raised her eyes. She had always been elegant, but in front of the patriarch of the Baili family, as well as the dozens of people present in the Baili family, she shouted:

“It’s not him! This child isn’t his! He’s talking nonsense! The child’s father is already dead. It’s my fault for being indecent, that’s why I have a child. It has nothing to do with Lord Sovereign!”

But with so many people staring at her, everyone could see that after the appearance of the sovereign, Baili Yan’s emotions were abnormally agitated, as if she was afraid of being found out about something that shouldn’t be found out.

Baili Yan knew that once she admitted it, then being forced to marry the main god would definitely be a done deal.

But she didn’t want to!

She didn’t want to marry a rapist!

A man who forced her!

So even at the last moment, Baili Yan still had to fight for a chance to resist!

But who knew that the main god would give a cold snort, his hand tightly wrapped around Baili Yan, and said a sentence that completely broke Baili Yan Down:

“Who would believe your words? From the moment you had my flesh and blood in your belly, your future was mine.

“I insisted on marrying you. From the very beginning, you had no room to refuse!”

This was the first time the main God had revealed such a serious expression in front of Baili Yan.

Yes, just as he said, from the very beginning when she was taken in by him, she already had no room to refuse in her life.

Baili Yan’s eyes turned pale, and she collapsed in the arms of the main god like a porcelain doll.

The Baili family dared to be angry, but did not dare to speak.

In the end, the Baili family still married Baili Yan to the Divine Hall.

...

Three months later.

Baili Yan gave birth to a boy, named Divine Lord.

Divine Lord was the future successor of the Divine Continent.

But as long as she saw the Divine Lord who was just born, Baili Yan would think of the main god. Therefore, once the child was born, Baili Yan would throw the divine lord far away. As long as she saw the child, she would cover her ears and shout.

Perhaps to many people, Baili Yan was pitiful and hateful. She actually abandoned her own child.

Even the future Baili Yan herself felt that she was too extreme in the past.

However, people always had their youth.

At this time, Baili Yan was equivalent to an Earthling's puberty.

Her life had just begun, and she was already imprisoned. This feeling made Baili Yan collapse.

"I don't want to Eat! I don't want to Eat! All of you get lost! Get lost!" Baili Yan knocked over all the food that the main god of the Divine Hall had brought over.

The main God had just come in from outside the bedroom, and the first thing he saw was this.

Almost in a flash, the main God had arrived behind Baili Yan, and he picked her up from behind.

Baili Yan was frantically struggling, and she even used her fingernails to scratch the main God's handsome face:

"I don't want to see you. Get lost! If you have the ability, let me go home. What is this using your identity to oppress people! ..."

2750 Chapter 2749 circling the Baili family for three days and three nights (main god Baili Yan 3)

Baili Yan was hugged by the main god, crying, screaming, and hitting him.

He silently endured it.

As long as she stayed by his side, no matter what, it was fine.

At this time, the main god even thought that as long as he didn't let go, one day Baili Yan would forgive him.

So after Baili Yan beat and scolded him, and calmed down, the main god still let her continue to stay here.

After causing a ruckus over a hundred times, Baili Yan had become a walking corpse.

If it was during the period of time when she had just finished her confinement, as long as the main god touched her, she would frantically slap the main god. She would even use her fingernails to scratch the main god. She would absolutely not let the main god touch her at all.

But now, Baili Yan had become much more obedient.

If he fed her, she would eat. If he pulled her out, she would follow.

But there was no longer a smile on her face.

No matter how much the main God teased her, she did not smile.

Two days after she had given birth, the main God wanted to touch her and have sex with her. Baili Yan was like a wild dog on the battlefield.

But after she realized that it was useless no matter how much she made a fuss, even if the main god wanted to have sex with her, she did not nod or refuse. She allowed the main God to pin her to the bed like an inflatable doll. She did not say a word.

When the Divine Lord was two years old, there was a day when the main god had sex with Baili Yan more crazily than any other time.

Even Baili Yan, who had good endurance and did not say a single word during sex, could not help but moan out loud.

She was nearly knocked out of the bed by the main god several times.

After that, the main God threw her a piece of white paper.

Baili Yan did not look at it.

But the sovereign's words had attracted the attention of Baili Yan, who hadn't shown the slightest interest in the outside world for so many years:

"This is a letter of divorce. You can leave."

The sovereign's heart turned cold.

Only now did Baili Yan slowly turn her head to look at the sovereign. Her tightly shut upper and lower lips twitched for a moment, then she looked at the sovereign in disbelief. "What did you say...?"

"Leave before I change my mind. Otherwise, you won't be able to leave." The sovereign glanced at Baili Yan, and a hint of gloom flashed through his eyes as he walked out of the bedroom door.

Baili Yan watched as the sovereign left.

The moment the sovereign left the bedroom, she practically clutched that piece of white paper and dashed out of the room at high speed.

Baili Yan finally returned to the Baili family.

Everyone in the Baili family kept quiet about this matter.

And after this, thousands of years had passed.

In these thousands of years, Baili Yan had never seen the sovereign again. Instead, she often saw her son, divine lord.

Later on, it was said that her son, divine lord, had inherited the position of ruler of the divine continent and had left the divine continent for some unknown reason.

Baili Yan only knew that the Master God had retired. He had even changed his appearance to that of an old man in his sixties or seventies.

In fact, at that time, Baili Yan no longer hated the Master God.

If it could be said that she hated the master God to the bone when she was young, then at this age, when she thought back, she would never have another man in her life. If she had stayed like this with the master God for the rest of her life, it would have been fine.

However, she had long since been unable to return.

Baili Yan had always thought this way, until her son brought the cloud note back to see her.

The Divine Hall had been attacked by a mysterious person, and the sovereign had been heavily injured.

She hadn't expected that after a few thousand years, the reunion would be when he was heavily injured. At that time, Baili Yan had an indescribable feeling.

“Once you recover from your injuries, get the hell out of the Baili Family!” This was the first sentence Baili Yan had said after agreeing to let the sovereign temporarily stay in the Baili family.

But who knew that after living there, the sovereign asked her if she wasn't lonely after not having a man for so many years and wanted to... .. when Baili Yan had a cheap mouth, she actually agreed.

From then on, the sovereign directly stayed in the Baili family.

“Yanyan, you say that at your age, you can already be an old witch of Earth. Come back with me, HM? I know that I was wrong in the past. On account of our daughter-in-law being so outstanding and marrying our son, forgive me!” Early in the morning, the sovereign blocked the door to Baili Yan's room.

“Get lost!” Baili Yan couldn't help but shout.

“Yanyan, if you don't come back with me, I'll... I'll... I'll lie here and not get up. If I shout, I'll shout. If I shout, you'll Bully Me...” the sovereign began to act shamelessly.

Baili Yan rubbed her forehead, wanting to ignore the sovereign.

Who would have thought that the sovereign would shout at her from behind:

“Baili Yan, do you know that you're very ugly, so ugly that apart from me, who else would dare to have an old woman like you?”

Because of these words, Baili Yan chased the sovereign around the Baili family for three days and three nights.

2751 Chapter 2750: Yunjian Siyi, returning to the continent (main god Baili Yan 4)

“Huhu, damned old man, if you have the guts, then stop right there. If you don't stop right there, I'm going to kill you today!”

Baili Yan placed her hands on her waist, so tired that she lowered her head and let out a loud gasp. She raised her head to look at the main God who was standing on a high slope not too far away. Seeing that she was so tired that she couldn't catch up, she stopped and looked at the main god who was panting from exhaustion.

“If you have the guts, Don't Run!” Baili Yan stomped her foot angrily, then violently wiped away her tears and charged up the steep slope.

Baili Yan had been chasing after the sovereign for three days and three nights.

This matter had already been made known to everyone in the Baili clan.

Even her older brother Baili Feng, who had been bullied by the sovereign and held a grudge against the sovereign, couldn't help but shake his head after hearing this matter, then followed Baili Yan and the sovereign.

"Fine. I Won't run."The sovereign stood there on the high slope, watching as Baili Yan caught up to him, panting heavily. She really didn't run any further.

After chasing him for three whole days, perhaps Baili Yan was tired, but when she saw that the sovereign really wasn't running any further, she ran as fast as she could.

In her heart, she had thought that the moment she caught him, she would use her hands to viciously twist his face red!

But when Baili Yan was running towards the main God's side, as she was running, her foot suddenly tripped on a big rock and twisted.

Because she had just run to the high slope, if she fell down, although she wouldn't die, Baili Yan didn't have the strength to use her spiritual power now. If she fell down, the fall would definitely hurt.

Who knew that the main god was just a dozen meters away, when he suddenly saw this, he flashed to Baili Yan's side, pulled Baili Yan, and pulled her into his embrace.

"Damned old man, you actually dare to say that I'm Ugly! and an old woman! How Am I Old! You're the Old Man! Don't you like to become an old man! Haven't you used the appearance of an old man for the past few thousand years! ?!"

"You're the one! You're the one! You're the Old Man!"

After Baili Yan was pulled into the sovereign's embrace, she was still like an old lady. She stood on Tiptoe and stretched out her hand, pinching and pinching the sovereign's handsome face, pinching the sovereign's handsome face until it was swollen and purple.

The terrifying thing was that when the sovereign saw this, not only did he not retaliate, he instead looked at Baili Yan and smiled foolishly.

"Yanyan, to be honest, if you can come back to the Divine Hall with me, you can even ruin this face of yours."The sovereign suddenly became serious and serious.

On the contrary, when Baili Yan heard the sovereign's suddenly serious words, her face turned red. She withdrew her hand, turned around, and was about to leave. She even said something to reject him. "Impossible, I've never had this in my entire life..."

The word opportunity had yet to be spoken.

The main God suddenly hugged Baili Yan from behind Baili Yan, leaned back, and rolled on the ground with Baili Yan like a child. He howled loudly:

“Aiyo! Aiyo! Yanyan, how many things have you eaten in these past few thousand years? You must be around 500 to 600 pounds, right? Waist, waist, waist, waist was broken by you. You have to compensate me! If you don’t take good care of me, I won’t accept it!”

The sovereign howled, his back leaning against the ground, letting Baili Yan lie on his body. He even narrowed his eyes to look into the distance.

He had seen that his son had brought his daughter-in-law and grandchildren back to see him!

“Aiyo Aiyo! Someone’s going to die!”The sovereign hugged Baili Yan tightly, not letting her leave. He was acting shamelessly.

In the distance, Si Yi held onto his hand. When Yun Jian, who was walking over, saw this scene, his eyelids suddenly twitched, and three black lines streaked across his eyes.

“Mommy, are Grandpa and Grandma playing in Circles?”At this moment, the little girl, who was held in Yun Jian’s hand and wearing a patterned dress, looked into the distance and turned her head to ask Yun Jian.

At this moment, the little girl and Little Guy were already three years old.

2752 Chapter 2751’Rogue Sovereign’, you’re all wet (sovereign Baili Yan 5)

“No.”Yun Jian rubbed the little girl’s head. He didn’t explain too much.

“Oh…”

The little girl watched as the distant sovereign desperately hugged Baili Yan, and Baili Yan desperately struggled to stand up. She tilted her head and stared in amazement for a few more times.

The little girl suddenly turned her head to look at the Little Fellow. She excitedly suggested to her brother, who was also three years old, “Big Brother! Big Brother! Let’s do the same thing as Grandpa and Grandma. Let’s roll around, shall we?”

The little guy rolled his eyes at the little girl’s suggestion. “Heh, idiot.”

The three-year-old little guy already disdained playing such a childish and boring game with the little girl.

After being scolded as an idiot by her brother, the little girl's face immediately fell. She grabbed Yun Jian's hand and suddenly said,

"If Big Brother Yi ran was here, he would definitely play with me!"

The little guy listened to the little girl's words and was instantly unconvinced. He was just about to threaten his sister when he was suddenly hit on the head by Si Yi.

The little guy touched his head and turned to the side with a snort, not saying a word.

On the high slope in the distance, Baili Yan had already seen Yun Jian and Si Yi's family of four. Helplessly, she was tightly held by the sovereign and refused to let go. She said in a flustered and exasperated manner,

"Alright, Alright, Alright, let go first! The children are back, you damned old man, what do you think you're talking about!"

Baili Yan's helpless words caused the main god to instantly come back to his senses. He quickly let go of her hand and said something that he was afraid Baili Yan would not admit to:

"Yanyan, you've never gone back on your word! Then it's a deal!"

Yun Jian and Si Yi, who were standing in the distance, naturally knew that the main god was chasing Baili Yan.

But they didn't know that the Master God's way of chasing Baili Yan was like this... .. scoundrel.

...

Because of the arrival of Yun Jian and Si Yi, the Baili family became much livelier.

What really made the Baili family livelier was the arrival of the little guy and the little girl.

Even the Master God, thanks to Yun Jian and Si Yi, once again moved into the Baili family. However, it was arranged by Baili Yan to be in the Baili family, the furthest place from where she lived.

These few days, Baili Yan had received love letters that the main God had asked the little girl to hand over.

The words written on them all told Baili Yan one thing — the main God had no culture.

What "Ah, you are the clouds in the sky. I love you. I want to pluck the clouds in the sky and hold them in my arms", or "Lonely, hug me. Let us live forever."

The most shocking sentence was: "I love Yanyan. Even if you become the clouds in the sky and the Dog Sh * t on the ground, I still love you! Even if the rice is snatched away by the mouse, I will get the rice back and give it to you, the one I love the most!"

The mouse loved the rice and was defended like this.

Baili Yan seriously suspected that these love letters were copied by the Lord God from somewhere.

He even copied them indiscriminately.

But when she saw these love letters, Baili Yan was indeed secretly happy, laughing while covering her mouth.

The little girl was bribed by the main god, and every day, she would punctually send a love letter written by the main god to her hand.

Because it was the little girl, her own granddaughter sent it to her. Baili Yan couldn't refuse it, but in her heart, she thought of the main god with hatred, this sinister man!

"Yanyan is imagining that a sinister man like me should be beaten to death by a random stick, right?"

Just as Baili Yan sat in front of her dressing table, hatefully thinking of the main God's actions, thinking that this kind of hateful and detestable man should be pulled out and beaten to death, a familiar hateful male voice suddenly rang out from behind her.

Baili Yan was so frightened that she flipped over her seat and stood up.

She was just about to shout, "Why are you here!" But before she could say anything, the sovereign covered her mouth. "Yanyan, don't make a sound."

It would be strange if she didn't make a sound!

Who knew what strange things he was going to do again!

After the sovereign let go, Baili Yan opened her mouth and wanted to shout again.

Who knew that the sovereign would place a finger in her mouth, blocking her mouth from speaking.

His other hand wrapped around Baili Yan's waist, and in two moves, he brought Baili Yan up to the edge of the bed.

He even left behind a sentence that could be compared to a hooligan:

“Yanyan really likes kites, right? Then let’s have a few more. A few more are more beautiful than kites. They’re even more handsome than that smelly brat, ‘just one look at him and I want to grab him and beat him up. He’s not cute at all.’”

“Don’t tell me not to. Look, you’re already wet...”

2753 Chapter 2752 the main God fell into the god exterminating rock (main god Baili Yan 6)

Baili Yan was once again tricked into bed by the main God’s glib words.

But after the event, Baili Yan regretted it.

“You get up, Get Up! You better forget about what just happened, or else don’t even think about stepping into Baili’s house again!”

Baili Yan clutched the clothes on her chest. She was only wearing a thin pair of underwear, and her other hand tightly grabbed the main god’s ear, pulling him up from the bed.

If it was a thousand years ago, Baili Yan really wouldn’t have been able to do this kind of action.

On one hand, it was because Baili Yan was timid at that time. On the other hand, it was probably because the position of the ruler of the God continent had fallen into her son’s hands.

In other words, Baili Yan was no longer afraid of the main god.

“Aiyo! Aiyo aiyo, be gentle. Your Ear and ear are about to be torn off by you!”

Although the sovereign was muttering, he followed the posture of Baili Yan pinching his ears and stood up. However, he didn’t stretch out his hand to pull Baili Yan’s hand away from his ears.

“You still know how to feel pain! You Shameless Old Man!”Baili Yan angrily grabbed the sovereign’s ears, wanting to drag the sovereign out of her room’s main door.

She originally thought that after the sovereign was dragged off the bed by her, he wouldn’t be willing to leave.

Who knew that after the sovereign got off the bed, she would obediently walk out of the door.

Baili Yan was stunned. She didn’t react for a long time to what he was doing.

But Baili Yan knew that the sovereign definitely wouldn't obediently leave.

As expected, the sovereign's hand was on the door. Just as he was about to open it, he suddenly turned his head to look at Baili Yan and smiled devilishly. "My son and daughter-in-law are outside. Yanyan, if you want me to leave, then I'll leave."

As he spoke, his hand had already latched onto the door and unlocked it...

"No! Don't open it!" Baili Yan's face changed. She hurriedly ran forward and grabbed the sovereign's hand that was about to open the door.

"You... Don't leave. Sleep in my room tonight." Baili Yan retorted, urging him to stay.

It was already very late. If the sovereign really walked out of her room in front of Yun Jian and Si Yi, anyone with a discerning eye would know what the sovereign had done to her in her room.

"Since Yanyan can't bear for me to leave, then I'll sacrifice myself to stay here with you." The sovereign walked arrogantly and confidently to the side of Baili Yan's bed, and then fell asleep on Baili Yan's snow-white bed.

No one saw that the moment the sovereign's back was turned towards Baili Yan, a devilish smile appeared on his face.

Baili Yan pursed her lips. There was nothing she could do about the sovereign. In the end, she leaned against the bed beside the sovereign and fell asleep.

As soon as she slept on the bed, the main god openly hugged her waist, like a normal couple, falling asleep.

Baili Yan shook her body. Seeing that the main god was tightly hugging her and not letting go, she helplessly shook her head. Fortunately, she also fell asleep.

...

Early the next morning, Baili Yan stretched her waist. As soon as she opened her eyes, she looked to the side and saw that there was no trace of the main god.

She didn't care at first.

Who knew that after a while, the door of the house was knocked by the little girl. The sound was mixed with the Little Girl's frightened sobs:

"Grandma, Grandma opened the door. They said Grandpa accidentally fell into some rock. They said Grandpa will never come back and can't play with us anymore. Kite is

so scared. Mom and dad went to look for Grandpa. No one cares about kite, grandma!
I'm Scared

What Rock!

There was only one god-exterminating rock in the God continent!

Moreover, the god who fell into the god-exterminating rock, even as the previous ruler of the God continent, couldn't escape the fact that his soul was scattered!

A loud bang sounded in Baili Yan's head. At the same time, she rushed out of the house. She didn't even have time to bend down to hug the crying little girl and asked in surprise,

"What did you say! !!"

2754 Chapter 2753. Throwing her life away, she threw herself into his arms (sovereign Baili Yan 7)

Baili Yan's face turned pale from the sudden news that a sovereign had fallen into the god exterminating rock.

"WUUUU! Grandma, don't be angry at kites. Kites are so scary!"The little girl was stunned by Baili Yan's slightly louder voice. As her tears fell, she took two steps back.

She seemed to be very scared.

"Grandma didn't do it on purpose. Go find your brother..."Baili Yan said something to the little girl that even she didn't know what she said. Then, she took a big step and ran out.

It was noisy outside the Baili family. When everyone woke up, they all heard one thing — the main God had accidentally fallen into the god-exterminating rock. There was an 80% chance that he had died in the god-exterminating rock.

When Baili Yan heard this news, her heart suddenly jumped up and down. She grabbed one of the people who were discussing animatedly, she shouted loudly, "What main god fell into the god-exterminating rock? What nonsense are you talking about! How could he have fallen into the god-exterminating rock!"

"Miss, this is true. I heard that the main god fell into the god-exterminating rock because he wanted to... uh, to pick a flower that only blooms once every tens of thousands of years for you. He said that he wanted to give you a surprise, so he fell into the god-exterminating rock..."

The servant of the Baili family who was caught by Baili Yan for questioning spoke to Baili Yan with a sigh.

If the sovereign had lied to her, this matter wouldn't have blown up so much. At least the sovereign wouldn't deliberately create panic.

Baili Yan used the fastest speed she had ever run in her life to run to the side of the cliff where the sovereign fell off the god exterminating rock.

Yun Jian and Si Yi, including the people of the Baili family, all stood here.

Yun Jian and Si Yi planned to go down to the god-exterminating rock at the bottom of the cliff to see the situation.

When Baili Yan had just run here, her hair was messy, and even the buttons on the front of her clothes weren't buttoned properly. She looked like a crazy woman.

"He's fine, he's fine, right? He..." Baili Yan's first reaction when she ran here was to ask about the main god's situation.

But she saw that her father, who never lied, suddenly raised his tired head and looked in her direction.

In the next second, her father, the Bai Li family head, suddenly shook his head.

"No! It's not like that. It shouldn't be like this! He won't fall from the God exterminating rock. He won't!" Bai Li Yan's tears flowed like water.

Thinking carefully about these thousands of years, other than the first time they met and forced her to marry him, he had always doted on her to the best of his ability.

Perhaps the main god had done something that a woman couldn't forgive.

But he had given her a pampering that even her father didn't have.

To say that he didn't love her, that was a lie.

"Can you come out? Don't scare me. I'm scared. As long as you, as long as you come out, I really will listen to everything you say. I'll marry you one more time, okay? I just want you to come back..."

Baili Yan leaned against the cliff and slowly squatted down.

Her tears blurred her eyes.

She recalled the bits and pieces of kindness the main God had shown her. As long as she thought about how there was no one else in this world who was like the main god, as long as she wanted it, even her heart was willing to be taken out and given to her.

Baili Yan's heart was in so much pain that she couldn't breathe.

Ten seconds passed...

Nothing happened.

Just as Baili Yan lifted her leg, wanting to take advantage of the moment when no one was paying attention and jump off the cliff together with the main God to die together at the god-exterminating rock.

One hand climbed from the bottom of the cliff to the edge of the cliff.

The next second, the main god came before Baili Yan with a precious flower in his hand. His entire body was dirty, but he handed the flower that wasn't stained with the slightest bit of dust to Baili Yan and said,

"Yanyan, I heard it just now. You said that you are willing to marry me again, and you are not allowed to go back on your words!"

This flower was what Baili Yan had once said to the main god when she had been imprisoned by the main god in the Divine Hall.

At that time, she had only spoken out of anger. She clearly knew that this flower was near the god exterminating rock, and that it was extremely dangerous. Even if the main god wanted to obtain this flower, his life would be in danger at any moment.

But he didn't forget.

He didn't forget her unintentional words.

Baili Yan was so angry that she hit the main god, but in the next second, she pounced into his embrace and cried out loudly:

"You're Crazy! What if you die? What do you want me to do?!"

A man who was willing to risk his life for her words, she had missed out on for over a thousand years. In the future, she naturally wouldn't miss it again.

...

2755 Chapter 2754 Yunjian Si Yi, anonymous photo (Yunjian Si Yi)

June 1,2005.

Children's Day.

It had been exactly two months since Yunjian and Si Yi's epic wedding on April 1,2005.

This meant that the king's team had been disbanded for two months.

Yunjian was 21 years old in 2005.

From 1998 to 2005, seven years had passed since Yun Jian's rebirth to Xinjiang Town.

The last time Yun Jian and Si Yi suddenly disappeared after attending the church's wedding, Qin Yirou, GE Junjian, and the others were so scared that they broke out in cold sweat.

On April 2nd, Yun Jian and Si Yi suddenly disappeared without saying goodbye. For two whole months, the elders of the Gu Sha mercenary group, the four leaders of the dark soul organization.., they joined hands with the blood doll organization to search the entire world for traces of the cloud memo and Si Yi.

At this moment, in the conference hall of the Dark Soul Organization.

The ancient kill mercenary group, the Dark Soul Organization, and the blood doll all gathered together. They were holding an internal meeting.

"If you ask me, young master must have brought young madam to a place where no one is around for her honeymoon!"Adam patted the table and spoke.

"Then are we still looking for her?"Xue Ying asked.

"It's been two months, and sister Jian is still not back yet. You Don't need to spend so much time on your honeymoon, right?"Leng Mei crossed her arms.

After saying that, Leng Mei stomped her feet and glanced at di Lin beside her. Then, she said in a complaining tone,

"It's the same thing, but a certain person didn't even spend a day with me on my honeymoon. Humph!"

As soon as Leng Mei finished speaking, Diana, the leader of the intelligence team of the Gu Sha mercenary group, who had been using her laptop to track the address of the mobile phone that she couldn't get through, stood up, closed her laptop, and shook her head:

“Sister Jian’s mobile phone’s ID address has been reinforced with a high-level firewall. I . . . Can’t track sister Jian’s mobile phone’s location.”

“There’s no need to look for it. Young mistress will be fine.” Seeing that the senior executives of the Gu Sha mercenary group, the Dark Soul Organization, and the Blood Doll Organization had an emergency meeting for more than an hour and didn’t even have a fart to discuss., ling Wei, who had always been quiet, suddenly said something.

“That’s right. Young Master and Young Madam definitely don’t want us to disturb them. When it’s time to come back, they will naturally come back. Moreover, young master and young miss are still in Longmen City.” Molson also responded to Ling Wei at this time.

Not only were their personalities quite similar, but their thoughts were also very similar.

“Alright, Alright, I won’t look for her anymore!” Adam grabbed a handful of his hair and took the lead to kick the door and walk out of the meeting room.

Then, they all left.

...

At this moment, Yun Jian and Si Yi, who were being discussed by the top executives of the three largest organizations in the world, were on their honeymoon trip around the world.

This stop was the curling cave in J City, Zhejiang province, Z country.

The Curling Cave In J City, Zhejiang Province, was a very beautiful scenic spot.

The curling cave was located between a mountain and a cave in the ground. It was 580 meters above sea level and the depth of the cave was about 120 meters.

The caves here were all formed naturally. With some late-stage neon lights, it was simply beautiful.

Yun Jian and Si Yi had just bought tickets to enter.

It was very dark inside the cave. Other than the neon lights, there was nothing else.

“Hey! Sister, can you help me take a family photo with my camera?”

Yun Jian and Si Yi had only entered the venue for less than ten minutes when someone patted yun Jian’s shoulder from behind.

Yun Jian turned his head and saw a sixteen or seventeen-year-old girl. The girl turned her head and smiled at her. When she smiled, the two dimples on her cheeks and lips were very charming.

“Okay.” Yun Jian agreed.

After taking the family portrait for the girl’s family of four, the girl suddenly raised her camera, she said to Yun Jian, “Sister, let me take one for you too. You can give me your home address. I’ll mail it to you. Thank you for taking the photos for me just now!”

...

Three days later, the dark soul organization received an anonymous letter from City J. In the letter was a photo of Yun Jian and Si Yi.

Yun Jian and Si Yi had disappeared for two months. Whether it was the dark soul organization, the Gu Sha mercenary group, or the blood doll organization, the three organizations had accumulated a lot of things that should not have been handled by the higher-ups of the three organizations.

This was the reason why Yun Jian and Si Yi had left without saying goodbye.

After getting the address of the anonymous letter, the higher-ups of the dark soul organization, the ancient assassin mercenary group, and the blood doll organization did not even have time to eat before they rushed to J city in Z country’s Zhejiang province...

2756 Chapter 2755 Si Yi gave her the big cloth doll (Yun Jian Si Yi)

At this moment, Yun Jian and Si Yi did not know that the group photo had already aroused the agitation of the higher-ups of the Dark Soul Organization, the ancient assassin mercenary group, and the Blood Doll Organization.

Three days later, Yun Jian and Si Yi had already arrived at the little girl’s hometown under the recommendation of the little girl who took the photo for them that day.

Lu city, Hai Province.

The girl who had taken photos for Yun Jian and Si Yi was a beginner photographer who was studying photography at a higher vocational school. Her name was Han Mingming.

That day, she had met the girl’s family by chance at the curling cave. When she learned that Yun Jian and Si Yi were out on a trip, the girl had recommended her hometown — Lu city.

She had heard that Lu city had many famous scenic spots, and the scenery was beautiful. It was very suitable for tourism.

Of course, for Yun Jian and Si Yi who had experienced global tourism, no matter how beautiful Lucheng's scenic spots were, they were not as attractive as running from Zhejiang province to Hai Province.

What really attracted Si Yi was the Yuanyang valley that Han Mingming mentioned.

It was rumored that couples who had been to Yuanyang Valley could be together for a lifetime.

Of course, most of these rumors were legends. It was possible to deceive a three-year-old child.

However... .. when he heard that there was such a place, he immediately brought the cloud tablet and set off.

...

"Sister, you and brother can stay at my house for a few days before you go to the Mandarin Duck Valley. You have to make an appointment in advance to go to the Mandarin Duck Valley because the Mandarin Duck Valley on our side is very effective.

"Most of the couples who have been there have not been separated. For example, my grandparents went there when they were young. Now That My Grandfather is eighty years old and my grandmother is seventy-five years old, they live in the countryside and are still very loving!"

After arriving at Hai Province, Han Mingming suggested very amicably.

However, when he said this, Han Mingming's voice suddenly became a little sobbing. "Grandfather and grandmother are old. I don't know how long they will be able to love each other..."

After a pause, Han Mingming suddenly turned his head and wiped away his tears. He said to Yun Jian, "Ha, I'm sorry, Sister. I've gone too far."

Han Mingming's mouth was very sweet. He kept calling her "Sister" and "Brother." Yun Jian actually liked this little girl.

"Thank you." Yun Jian agreed to stay at Han Mingming's house.

Han Mingming's parents both welcomed the arrival of Yun Jian and Si Yi.

...

Han Mingming had nothing to do at night. Coincidentally, Han Mingming was going to the city center to find a place with his classmates to shoot the weekend photography assignment assigned by the teacher, so he called Yun Jian and Si Yi together.

When they arrived at the square, Yun Jian was sent away by Han Mingming for a few minutes.

Taking advantage of Yun Jian's absence, Han Mingming walked to a meter away from Si Yi and quietly pointed at a gift shop near the night market square:

"Brother, there's a gift shop over there that you can buy for your sister. You can go buy it, Hehe."

Han Mingming's words made Si Yi's eyes move.

In the next second, without saying anything, he walked into the gift shop over there.

A minute later, he walked out of the shop with a 1.5-meter-tall doll in his hand.

Yun Jian just happened to be back at this moment.

She had just turned around when Si Yi stood behind her.

"Little Jian, this is for you." Si Yi handed the 1.5-meter-tall doll to Yun Jian.

Yun Jian took the 1.5-meter-long doll in a daze, his face full of black lines.

"Brother, why did you take this..." Han Mingming touched his forehead, she was dumbfounded.

She wanted Si Yi to give Yun Jian a beautiful hairpin or something like that. It was small and beautiful, and she wanted to say a few words of love to Yun Jian. It was simply a match made in heaven.

But who knew that he actually took it...

Si Yi replied with a matter-of-fact expression, "The shop owner said that all girls like this."

...

2757 Chapter 2756 human body art, take them down (Yun Jian Si Yi)

Although this big doll was extremely heavy, Yun Jian still revealed a sweet smile on his face.

As expected, leaving everything behind and coming to a strange place to travel with him was a good choice.

“Ah, my classmate is here.” Just as Si Yi handed this big doll to Yun Jian, Han Mingming suddenly waved his hand in the distance and shouted excitedly.

What entered his eyes was a group of 16 or 17-year-old boys and girls who were about the same age as Han Mingming.

Only the man standing in the middle looked to be almost 30 years old. He had a face full of black beard, and his entire person had an artistic aura.

“Mingming, this is my uncle. He graduated from Yale Photography University and returned from overseas. He is now a famous photographer in the domestic photography world! Today, I invited my uncle to teach us photography!”

A male student named Jin Mumu pointed at this man who was almost 30 years old and had a big beard. He looked very artistic.

“Mu Mu’s classmate, right? Hello, Hello!”

Jin Mumu’s brother-in-law, Ben, crossed his arms in front of his chest. He ignored everyone and didn’t say anything.

At this moment, his eyes suddenly caught sight of Si Yi and Yun Jian. A bright light flashed in his eyes. He suddenly put down his high and mighty attitude and shook hands with Han Mingming.

Although he was shaking hands with Han Mingming, this man with a big beard and full of artistic aura had his eyes fixed on Si Yi and Yun Jian.

Jin Mumu’s uncle was called Jin Cheng.

Yun Jian and Si Yi naturally felt Jin Cheng’s gaze, but the two of them didn’t care.

Jin Cheng quickly brought Han Mingming and the others nearby and taught them photography skills.

However, after seeing perfect people like Si Yi and Yun Jian, Jin Cheng no longer had the heart to teach Han Mingming and the others photography skills.

...

At that time, Si Yi and Yun Jian were walking on the street.

The 1.5-meter-tall cloth doll in Yun Jian's arms, which was only 15 centimeters shorter than her, was very eye-catching to passersby.

Holding it in her arms, Yun Jian fortunately stuffed the large cloth doll into Si Yi's hands.

"You bought it. You have to take it back for me." Yun Jian raised his head and looked at Si Yi, who was holding the big doll with one hand. He raised his eyebrows.

Si Yi, who had always been calm and collected, looked like a man who had been seduced by a vixen in front of Yun Jian. Above his handsome face, his sharp black eyes stared straight at Yun Jian.

He could not help but say the word "Yes" softly from his thin lips:

"Okay."

After saying that, he stretched out his well-defined handsome hand and pressed it on Yun Jian's head. After gently rubbing it twice, he said,

"As you wish."

...

Han Mingming was still learning photography from Jin Mumu's uncle, Jin Cheng.

Halfway through teaching, Jin Cheng suddenly patted Jin Mumu's shoulder. While his classmates were seriously using their cameras to aim at the surrounding people or beautiful scenery to find an angle to shoot, he called his nephew, Jin Mumu, to the side.

"Uncle, why did you call me to the side?" Jin Mumu lifted a camera and was very puzzled.

"Do you know the two people just now?" Jin Cheng asked in puzzlement.

"Which two people?" Jin Mumu frowned in puzzlement.

"The two people who stood next to the female classmate you introduced to her last time," Jin Cheng said.

"Oh, I don't know them. I didn't hear Ming Ming mention them before. They are probably some new friends," Jin Mumu replied.

When Jin Cheng heard this, he suddenly looked left and right. Then, he whispered into Jin Cheng's ear,

“That couple is too beautiful. I’ve never seen such a handsome man and such a beautiful woman in my life.

“I’m going to participate in the international human body art photography competition next month. Nowadays, there are too few perfect models who are willing to take their clothes off to take pictures.

“If I can get these two to cooperate with me in taking human body art photos, my international photography competition will definitely win!

“Mu Mu, how about this? Help your uncle take them down. In the second half of the year, your uncle will help you submit an application for admission to Yale photography university overseas...”

...

2758 Chapter 2757 Travel Group, another ghost (Yun Jian Si Yi)

Yun Jian gave Han Mingming a call Midway and went back to Han Mingming's house first.

Han Mingming was also a well-behaved girl and returned home on time before eight o'clock in the evening.

As soon as he returned home, Han Mingming knocked on the door of Yun Jian and Si Yi's bedroom.

Si Yi was in the bathroom.

Yun Jian walked out of the room.

Standing in the corridor, Han Mingming said excitedly to Yun Jian, “Sister, I have a male classmate tonight. He said he knows a tour group and can take you and your brother to sign up for a tour group Tomorrow Night.

“The Mandarin Duck Valley is really too big. Since sister and brother are going there for fun, let’s leave finding the way to the tour group. We don’t have to think about anything else.

“Sister, if you think it’s okay to go with a tour group, I’ll tell my male classmate that you guys agreed to go!”

Yun Jian and Si Yi had never gone with a tour group before, but Yun Jian agreed.
“Sure.”

There was indeed a benefit to traveling with a tour group, and that was that they did not have to find the way themselves.

From the start of this global trip, Si Yi had been leading the way. Yun Jian was only responsible for following.

When traveling, it was a very happy thing to follow someone and not have to find her own way.

During this period of time, Si Yi was even reluctant to let Yun Jian drag a suitcase with her.

It was said that the itch of seven years. Some couples were fresh in their first few years together. By the seventh year, it was very likely that they would grow tired of each other.

Although Yun Jian and Si Yi had just registered their marriage, they had known each other for more than a thousand years in their previous lives.

Si Yi might be different from any other man.

The seven-year itch did not exist for him at all.

The more he spoiled Yun Jian, the more he loved her. Up until now, he could not wait to spend every moment with her.

...

The next night, Si Yi held Yun Jian's hand and followed Han Mingming to a bridge near Han Mingming's house.

The male classmate that Han Mingming was talking about was Jin Mumu.

If Jin Mumu didn't introduce himself to Yun Jian and Si Yi the night before, then today, he introduced himself to Yun Jian and Si Yi:

"Hello, my name is Jin Mumu. It's like this. My uncle, the man with the long beard that you saw yesterday, is going to Yuanyang Valley as well. Moreover, my uncle is going to Yuanyang Valley for filming work.

"Coincidentally, I'm on vacation, so I plan to go with him. The purpose is to learn photography with my uncle!

"Also, I know a tour group. Then, we can set off together tomorrow. Now, I'll take you to register with the Tour Group I know!"

Hearing Yun Jian's words, Jin mumu replied softly, "Okay."

On the contrary, Han Mingming, who introduced Jin Mumu to Yun Jian and Si Yi, was stunned. He turned to look at Jin Mumu and asked him, "Jin Mumu, you're going to Mandarin Duck Valley Too? Didn't you say that you're going to introduce a tour group to my friend..."

"It just so happens that I'm going. It's not like you don't know that Yuanyang Valley's beautiful scenery is the most suitable for filming. Haha, Mingming, Do You Want to go with me?" Jin Mumu scratched her head and replied.

Jin Mumu's gaze was a little fluttering as she spoke.

Naturally, she could not escape the eyes of Yun Jian and Si Yi.

However, Yun Jian and Si Yi did not say anything.

"I won't join in the fun..."

Han Mingming shook his head. Then, she suddenly grabbed Jin Mumu and walked to a place where Yun Jian and Si Yi couldn't hear her. She reminded Jin Mumu,

"Mumu, when we get to the Mandarin Duck Valley, you must remember to give my friend some privacy..."

Han Mingming was still a very meticulous person. She didn't go to the Mandarin Duck Valley with him because she wanted to give Yun Jian and Si Yi some privacy.

"Okay, okay, okay. I will pay attention to this." Jin Mumu nodded in front of Han Mingming, but his eyes were moving left and right. Obviously, he had other ulterior motives.

2759 Chapter 2758 Jin Cheng's conspiracy is heinous (yun Jian si yi)

The next morning, the tour group gathered dozens of people and was ready to set off.

Yun Jian and Si Yi arrived here very early. Like ordinary tourists, they got on the bus under the guidance of the tour guide.

There was a total of 24 people on the bus. Including the driver, there were 25 people accompanying them.

The tour group recommended by Jin Mumu was indeed good. The tour guide would not force tourists to buy tourist items.

In some places, in order to make money, the tour guide would force tourists to buy expensive jade, diamonds, and so on. The value was at least tens of thousands of

yuan. If the tourists did not buy them, they would either be sarcastic or not let the tourists leave, or they would threaten them.

It was still necessary to be cautious when traveling with a group.

The Yuanyang Valley was located at an altitude of more than 1,000 meters above sea level. It took more than an hour by bus to go up the mountain.

When they reached the mountain, the tour guide took a bus full of people to roughly tour the tourist attractions.

The attractions in the morning and the afternoon were not very spectacular.

In fact, the Yuanyang Valley was dominated by the hot springs of the Yuanyang Water Theater here.

Therefore, at night, the tour guide brought everyone to the hot springs.

For one night, everyone could take a bath in the hot springs. After the bath, they could directly go to the hotel provided by the Hot Springs restaurant. This was the plan.

After arriving at the Hot Springs, Jin Mumu and his brother-in-law, Jin Cheng, disappeared.

No one knew where they went, but they knew that Yun Jian, who had been instructed by Han Mingming, thought that Jin Mumu had avoided them and intended to let her and Si Yi be alone together.

Unfortunately, the outdoor hot springs here were only for men and women, and there was no private hot spring. Therefore, there was naturally no such thing as Yun Jian and Si Yi being able to bathe together.

“Xiao Jian, I’ll wait for you in the room.”

Standing at the intersection of the men and women’s hot springs, Si Yi brushed the hair that Yun Jian left by her ear behind her ear. Standing at the place where the men and women’s hot springs were frequented by tourists, she suddenly lowered her head and bit Yun Jian’s ear.

Her numb words made Yun Jian’s entire body tremble. She pushed Si Yi’s sturdy chest and replied softly, “Yes.”

After saying that, she turned around and walked into the hot spring women’s soup.

...

Inside the hot spring women's soup, there were a few large open-air hot springs as well as places to shower.

It could be considered that the facilities were quite abundant.

Generally, when entering the hot spring, one had to strip naked. At least, most of the women in the hot spring women's soup were walking around naked.

Yun Jian wrapped himself in a bathrobe and walked into the innermost hot spring.

He lifted his bathrobe and stepped into the hot spring, soaking himself in the hot spring water.

Although there were a few women around the hot spring, the strange thing was that there were not many.

The woman who was soaking in the same hot spring as Yun Jian brought her child with her.

The woman raised her hand and suddenly tied her hair.

However, her child accidentally missed her step. The child was already small, and with a slip, her entire body slipped into the hot spring.

Yun Jian closed his eyes at that moment and did not even look at her. He reached out his hand and pulled the child out of the hot spring.

The woman's child was pulled out of the water in time by her.

When the woman saw this, her expression changed in fear. She quickly walked over to hug her daughter and thanked Yun Jian repeatedly, "Thank you, thank you! Thank you!"

"No need," Yun Jian replied softly. He did not open his eyes from the beginning to the end.

The woman thanked Yun Jian again.

The woman lowered her head and pursed her lips as she finished thanking Yun Jian. She thought about it and finally glanced at Yun Jian as if she had something on her mind.

In the end, she could not help but move closer to Yun Jian's ear. She said anxiously to Yun Jian, "Miss, why don't you leave quickly? Don't come here to soak in the hot spring again. Otherwise..."

At this moment, a male voice suddenly sounded, "Leave? Since you've entered the hot spring, then don't leave. Isn't it good to be my mannequin here?"

After saying this, Jin Cheng swaggered into the hot spring with a group of men.

Behind Jin Cheng was Jin Mumu, who had done something shameful.

At this moment, Jin Cheng looked at Yun Jian with a determined expression, thinking that Yun Jian, like all the women in the hot spring, must be naked in the hot spring. Thinking of this, he suddenly burst into laughter:

"Haha! Your Name Is Yun Jian, right? I have taken a fancy to you since a long time ago! That figure, that look, TSK TSK! It's such a pity that you don't contribute to the human body arts of Z Country!

"Now, I'll give you a chance to be my human body model here!"

"Believe me, I'll help you take a beautiful picture of yourself naked, and let your most perfect female side be revealed in front of everyone!"

2760 Chapter 2759: Giant Slap, a counterattack (Yun Jian Si Yi)

Jin Cheng wanted Yun Jian to be his mannequin!

Yun Jian's eyes flashed sharply as he soaked in the hot spring.

Jin Cheng's men were all around him.

It was clearly the territory of the hot spring, but the group of men led by Jin Cheng swaggered in directly from outside the door.

One had to know that around the hot spring, whether it was the women sitting on the benches, bathing in the shower, or soaking in the hot spring, all of them were naked!

The hot spring, of course, had to be naked!

But the strange thing was, all the women sitting around the female hot spring, including the woman who had been sitting in the same hot spring pool with Yun Jian and anxiously asked her to leave as soon as possible.

All the women were naked. However, after Jin Cheng rushed into the hot spring with a group of men, they seemed to be used to men looking at their bodies and had no reaction at all!

In addition to the appearance of Jin Cheng and his group, Yun Jian pursed her cold lips, and the expression on her face changed from indifference to indifference.

“This is my business card. The Opportunity I’m giving you today is not something an ordinary person can have!”

Seeing the indifference in Yun Jian’s eyes, Jin Cheng, who was dumbfounded, took out a business card from the pocket of his suit, threw it in front of Yun Jian, and said arrogantly.

“Let me formally introduce myself. My Name Is Jin Cheng, a top photographer in the country. I’m currently participating in the Milland international human body art photography competition.”

Jin Cheng raised his head, looked down at Yun Jian with a proud face, and said proudly.

That’s right, this hot spring hotel had been bought over by Jin Cheng at a high price.

These women in the hot spring who didn’t know how to flirt in front of men were all Jin Cheng’s body art models.

These female models were obviously used to such a scene, so they wouldn’t be shy in front of men or cover their important parts at all.

As for what Jin Cheng said about giving Yun Jian a chance, Yun Jian agreed and didn’t agree...

Jin Cheng and the others were certain that Yun Jian was currently soaking naked in the hot spring.

If she didn’t agree, then they had to force her into submission!

Even if Yun Jian was extremely capable, now that she was soaking naked in the hot spring, even if she wanted to put on her clothes, she should at least do it in front of everyone present.

By then, Jin Cheng and the dozen or so male photographers behind Jin Cheng would have long gone up to hold her down.

Moreover, after being stared at by a naked man, it was too late for a woman to reach out to block him, so there was no chance for her to resist.

Therefore, even if Yun Jian had strong combat strength, he simply couldn’t use it!

This was Jin Cheng’s ultimate conspiracy.

The woman who kindly reminded Yun Jian to leave quickly knew it was too late. She sighed lightly, hugged her daughter, and retreated to the side.

Jin Cheng saw that Yun Jian ignored him and did not look at his business card. He chuckled and pretended to be kind:

“Don’t worry. As long as you cooperate with me obediently, I will let you and your man leave immediately after the photography is over.”

If it were any other woman, Jin Cheng would have already agreed in despair or crying.

Just when Jin Cheng thought Yun Jian would compromise, Yun Jian held the stone beside the hot spring with one hand. With the help of his hand, he turned over from the hot spring and stood on the flat ground!

Seeing this, Jin Cheng thought all the men behind Jin Cheng widened their eyes.

But just when everyone thought they would see Yun Jian naked! They only saw —

Yun Jian was supposed to be naked, but she was wearing a very conservative waterproof swimsuit.

This waterproof swimsuit was on her body, but it didn’t reveal any of the parts that shouldn’t be exposed.

Seeing this scene, Jin Cheng and all the men present widened their eyes in horror!

“You, you, you, how can you take a bath without taking off your clothes!” Jin Cheng’s trick was broken. He looked at Yun Jian in shock and exclaimed.

Just as Jin Cheng, Jin Mumu, and all the photographers were staring at the cloud note, she suddenly stepped on the ground barefooted and walked towards the crowd.

At the same time, a crisp female voice sounded from her mouth. It was the same as Jin Cheng’s self-satisfied self-introduction. It was like a huge slap to Jin Cheng’s face:

“Let me formally introduce myself. My Name Is Yun Jian, the chairman of Z country’s new start company, the BOSS of Z country’s black market Falcon Palace, Raksha, the BOSS of the international ancient kill mercenary group. Currently, I happened to pass by Yuanyang Valley during my global tour.”

2761 Chapter 2760, giving you 50,000 is flattering you (Yunjian Siyi)

These words of the Yunjian were similar to Jin Cheng’s proud words when he threw his postcard to the Yunjian just now!

As soon as these words were said, Jin Cheng’s face instantly turned terrifyingly dark!

“Little, uncle... the chairman of the new Start Company, the BOSS of Falcon Palace, and the BOSS of the Gu Sha mercenary group, they seem... they seem really young...”

Jin Mumu, who was standing behind Jin Cheng, was already a little flustered and afraid when she heard Yun Jian’s words.

Jin Mumu looked at Yun Jian in fear and retreated out of the female hot spring.

“What are you flustered about! Didn’t the teacher mention during class that she should rationally escape from a kidnapping? What’s the difference between this and a smart student being kidnapped shouting ‘the police are here’ to the kidnapper!”

“The women in today’s society are very shrewd. It’s not the first time I’ve met a difficult woman.”

“You want to agitate me with such a small trick? Then you want me to let her go obediently? I’ve been in the photography circle for more than ten years, and it’s not for nothing!”

Jin Cheng was much more experienced than Jin Mumu. He reached out his hand and grabbed Jin Mumu’s hand, who was retreating, without turning his head or turning around.

“Old Cheng, there are a few women who don’t like money these days. Get her man here and give her and her man some money. Let them take pictures for us. Isn’t that the best of both worlds? We don’t lack money!”

A photographer standing behind Jin Cheng raised the high-definition pixel camera in his hand. Because of the pursuit of artistic sense, he couldn’t wait to take pictures of the cloud paper naked after seeing it.

Jin Cheng turned his head and cast a sidelong glance at the photographer. The photographer immediately shut up.

As a graduate of Yale Photography University and a national first-class photographer, Jin Cheng still had some prestige.

“Name a price. Don’t talk about such nonsense. What about the new start company, the Hunting Eagle Hall ancient killing mercenary group, the group of disobedient women I met before, what tricks haven’t they used.

“There’s a woman who even said that she’s the President’s daughter! Do I believe it? Can I believe it? Isn’t this nonsense!

“One million. Just take a photo tonight with your man. Don’t be so shameless. One photo is worth one million. It’s not like I’m going to F * ck you.”

Jin Cheng spoke to Yun Jian. At this point, he took out a bank card from the pocket of his suit and threw it to Yun Jian:

“There is only 50,000 yuan in the card now. After you and your man cooperate with me to take a photo tonight, I will transfer the remaining 950,000 yuan into this card.”

As he spoke, Jin Cheng touched his head with a noble look. Those who didn't know him would think that he was an overbearing president.

“One million yuan, huh?” After Jin Cheng said this, Yun Jian raised his eyes and glanced at him. His red lips curled slightly as he spoke.

“Yes! That's right. As long as you're with your man, this money is all yours!” Jin Cheng thought that Yun Jian was asking him a question in return and was about to agree, so he quickly spoke.

“No need for one million.” After Jin Cheng finished his sentence, words that made everyone present even more surprised suddenly came out of Yun Jian's mouth.

No need for one million, then...

“Fifty thousand is enough.” Yun Jian stepped on the bank card that Jin Cheng had just given him. He stomped his foot on the ground, and the bank card bounced up and was firmly held in her hand.

Hearing this, Jin Cheng's eyes lit up:

“Fifty thousand is enough? Ha Ha, should have done so long ago, filmed you and your man's body art photography, that is to show the world, at that time, you will be popular, give you 50,000 is already very good, you can think it is good... .”

Jincheng narrowed his eyes, smiled and nodded, just want to ask cloud quickly undress, Cloud suddenly big step forward, she came forward to Jincheng a fierce horizontal kick.

At the same time, the butterfly knife in her hand appeared out of nowhere! The butterfly knife directly cut through Jin Cheng's shirt and pants!

In the next second, all of Jin Cheng's clothes instantly disintegrated and broke apart!

Everyone present had no time to react!

By the time everyone reacted, Yun Jian had already put away the butterfly knife.

At this moment, Jin Cheng was also kicked into a nearby hot spring by Yun Zhi, splashing water all over his body.

Suddenly, without waiting for Jin Cheng to react, Yun Zhi held the 50,000 bank card that Jin Cheng had thrown to her and threw it into the hot spring that Jin Cheng had fallen into.

The card just happened to hit the top of Jin Cheng's head in a sorry state. Instead, she lowered her head coldly to look at Jin Cheng. The words that she said to Jin Cheng had already arrived as promised and spread throughout the entire scene:

"I'm already flattering you by giving you 50,000 yuan for your body art photo!"

2762 Chapter 2761: Fighting Back, human body photos (Yun Jian Si Yi)

Yun Jian's words rang in Jin Cheng's ears as he was kicked into the hot spring. He struggled twice in the water under the gaze of a group of female body art models and the dozen or so male photographers he brought along, including his nephew Jin Mumu, he stood up.

The bank card that he had just thrown to Yun Jian was already smashed on the top of his head by Yun Jian's backhand.

Humiliation!

This was an insult to him as a man and a top international photographer!

"Ahhh! You Woman, you actually... you actually dare... you actually dare to do this to me! Ahhh! !!"

Jin Cheng stood up from the hot spring with his body drenched. With the hot spring water in his hands, he stretched out his hand and fiercely slapped the hot spring water. His face was filled with anger as he shouted out loud.

That face that was filled with artistry had a frightening and ferocious expression.

"All of you, Attack! Attack! Attack! There are so many of us, can't we even hold down a woman? All of you, Attack!"

Jin Cheng stood in the hot spring pool and patted the water waves. He shouted at the dozen male photographers who were looking at Yun Jian and the group of female body models around him.

This group of people were undoubtedly Jin Cheng's people.

After being yelled at by Jin Cheng, the people around them stopped in their tracks.

However, this group of male photographers surrounded Yun Jian in the circle.

The sound insulation effect of this hot spring hotel was very good. Moreover, because it was a natural hot spring, the women's hot spring was very far away from the men's hot spring.

In other words, the male hot spring room was hundreds of thousands of meters away from the female hot spring room where Yun Jian was.

In addition, Jin Cheng had already bribed the restaurant, so if Yun Jian was an ordinary woman, it would be useless even if she screamed her lungs out.

“Master Jin, that's enough. I think it's enough. She's still a little girl in her early twenties. Don't force her anymore. It's not kind. Moreover, our country has national laws. It's illegal to force her like this...”

Seeing the dozens of male photographers surrounding Yun Jian after listening to Jin Cheng's words, the kind woman whose young daughter accidentally fell into the hot spring couldn't help but speak to Jin Cheng.

This woman, including her daughter, was Jin Cheng's human body art model.

“I'm contributing to the art of our country Z to the whole world! Is it illegal? Illegal! ? Can the police arrest me? Is there any justice in this?”

When Jin Cheng heard the woman's words, his temper flared up, and he shouted at her.

He did not feel that he was in the wrong at all.

He even thought that even the law should be on his side after he had done such a thing.

Jin Cheng had already gone mad.

He even thought that kidnapping someone to force them to submit to him based on the premise of art was above morality and the law.

He was beyond redemption!

Hearing Jin Cheng's words, the dozens of male photographers were about to pounce on Yun Jian.

However, at this moment, Yun Jian suddenly stepped on the ground, flipped in the air, and leaped over the head of one of the male photographers, almost two meters high.

In the next second, she steadied herself and was already outside the encirclement of the group of male photographers.

She was exactly where Jin Cheng was about to lift his leg to get out of the hot spring pool.

He stretched out his leg and stepped on the top of Jin Cheng's head, who was trying to climb up from the hot spring pool. Yun Jian stepped on his head and directly pushed Jin Cheng's head and body into the hot spring pool.

"Wu Wu Wu!" Jin Cheng immediately felt suffocated when Yun Jian stepped on his head and pushed his head into the water. He struggled with all his might, but he couldn't get out.

The bubbles that came out from Jin Cheng's nose, which was buried in the water, bounced up and down.

Just when Jin Cheng was about to suffocate, Yun Jian pulled back her leg and kicked Jin Cheng's body, which had just regained its breath and stood up, directly kicking Jin Cheng onto the shore.

Then, under the terrified gaze of a group of photographers and women, she curved her red arc and smiled faintly at the group of male photographers:

"Take a human body art photo for him. Whoever takes a good one, I'll pay five million!"

2763 Chapter 2762 the men found her and followed her back (Yun Jian Si Yi)

This group of male photographers were all hired by Jin Cheng.

The purpose of the group was to get Yun Jian and Si Yi to compromise. After that, more than a dozen male photographers took photos of Yun Jian's naked body from different angles.

Whoever took the best photos would take them to the international mirand human body art photography competition.

All for the trophy and money of the Inter Milan human body art photography competition!

Of course, Jin Cheng did it for the trophy and money.

This group of hired male photographers only did it for the money!

Therefore, after listening to Yun Jian's words, this group of male photographers raised their cameras one after another and started shooting crazily at Jin Cheng, who was kicked ashore by Yun Jian.

"Kacha — Kacha —"

Jin Cheng suddenly changed from a photographer to a “Human body art model.” As soon as he caught his breath, he stretched out his hand and blocked his most important parts with all his might, shouting,

“Don’t take photos of me! Go and take photos of her! Don’t take photos! No, no, don’t take photos... if this kind of photo were to be spread out, how am I supposed to be a human? ! Stop taking photos! Don’t take photos! ! !”

Jin Mumu stood at the side. Because of fear, she didn’t dare to go forward to rescue her uncle Jin Cheng.

The group of female body art models at the side all widened their eyes.

“You even know that if you take this kind of photo, you won’t be able to live if it’s spread?” Yun Jian chuckled as if he had heard something interesting.

Among the group of female body art models around, some were forced by their family circumstances to do this line of work.

There were also some who heard Jin Cheng’s flowery words and the benefits of brainwashing the body art models.

In order to brainwash them.., jin Cheng even said in front of them, “If I had the same body and opportunity as you guys, I definitely wouldn’t have to consider being the first to stand up and contribute to the national body art.”.

But Jin Cheng’s words just now were heard by these female body art models...

“Liar!”

“Jin Cheng, you ruined our lives, but you lied to us about how noble this industry is. I have endured the eyes of so many family and friends over these years, you damn liar!”

“Go to hell!”

...

This group of female body art models who were originally obedient to Jin Cheng rushed forward one after another, throwing all kinds of things that could hit Jin Cheng at Jin Cheng.

For a moment, the situation was completely reversed.

Jin Cheng, who was enduring all of this, begged for mercy while thinking in his heart that he must kill that B * tch, Yun Jian!

But just as Jin Cheng was thinking this...

“Master Jin! Master Jin! A group of people rushed in from outside! No matter how hard I tried, I couldn’t stop them! They said that they are... people from the international ancient killing mercenary group! ! They...”

A man in his thirties and forties rushed in from outside the door, shouting as he rushed in.

However, just as the man entered the door, a teenage girl appeared behind him and kicked the man to the side.

Then, a few dignified and elegant women came into view. All of them had extraordinary figures and skills.

“F * ck, how Dare You Stop Me! Be careful or I’ll poison you to death!”The one who kicked the man was none other than Qing glaze.

After Qing Yan kicked the man away, she followed snake lizard, Diane, and the others over.

Jin Cheng was still thinking about how to deal with Yun Jian, but when he heard the words of the man who was kicked away, his face turned green.

At that time, Qing Yan and her group, known as the ancient killing mercenary group, had already arrived in front of Yun Jian.

In front of all the female body art models, male photographers, Jin Cheng, and Jin Mumu, Qing Yan led the way and shouted at Yun Jian respectfully,

“Sister Jian!

“You’ve made it so easy for us to find you over the past two months! And you’ve even strengthened the firewall of your ID address. Even sister Diane can’t Track Your ID address!

“There are a lot of things waiting for you to deal with in the organization. Come back with us!”

2764 Chapter 2763 played them, and sister Jian ran away (yun Jian Si Yi)

Three black lines appeared in front of Yun Jian’s eyes when he saw Qing Yan, Snake Lizard, and Diane.

“You broke the firewall that I set up?” Yun Jian frowned slightly and asked Qing Yan and the others in front of Jin Mumu, Jin Cheng, a group of female body art models, and a group of male photographers.

“How is that possible! ?”! “Sister Jian, I’ve broken through the firewall that you set up for two whole months, but I have no clue at all. If it weren’t for the address written on the group photo envelope that you sent us two days ago, we wouldn’t even know where you went!”

Diane looked at Yun Jian with a defeated expression, wailing like a ghost.

As the leader of the Gu Sha mercenary group’s intelligence team, she didn’t even have the slightest clue to break through the firewall that Yun Jian set up!

If word of this got out, it would be extremely embarrassing!

As the leader of the Gu Sha mercenary group’s intelligence team, Diane’s hacking skills were at least the strongest among the GU sha mercenary group!

She could even stand firmly on the international stage!

“En.” Yun Jian only responded lightly before she walked out.

“HMPH, you actually dare to scheme against my sister Jian? Do you know who she is? ! Unfortunately, I have to tell you, the organization that went against my Gu sha mercenary group last time, everyone in the organization was executed at the waist!

“How do you want to Die?”

Qing Yan put her hands in her pockets and her fingers moved the poison in the container in her pockets.

The poison in the container was the most poisonous in the world that Qing Yan had developed exclusively.

“You, you are really the BOSS of the Gu Sha mercenary group!”

Jin Cheng, who was lying on the ground, stared at her with his eyes wide open. He stood up and picked up his torn clothes to cover himself as he crawled toward the door in fear.

He tried to leave.

“Why are you leaving? My Sister Jian hasn’t said anything yet!” Qing Yan saw that Jin Cheng was about to run, so she stepped on his head.

“Sister Jian, what should we do with these people?”Qing Yan stepped on Jin Cheng’s head. No matter how Jin Cheng rolled, Qing Yan stepped on his head.

“I’ll give them to you as test products for the poison that I developed not long ago,”yun Jian said indifferently without looking at Jin Cheng who was stepped on by Qing Yan.

As soon as she finished speaking, she walked out of the female hot spring as usual.

“Hehe, then I won’t stand on ceremony!”Qing glaze rolled up her sleeves and glanced at Jin Cheng and the others as if she was looking at a dead person. She said to Diane, Snake Lizard, and the others,

“Sister Diane, sister snake lizard, come over and do me a favor. Help me hold them down...”

...

Qing Yan used this group of people as living test subjects. After making them so miserable that she could die, she clapped her hands, pulled Diane and snake lizard, and went outside.

“Let’s Go and gather with the dark soul organization. Bring sister Jian and the others back.”Qing Yan clapped her hands and was the first to walk out of the women’s hot spring while humming a song.

Diane, Snake Lizard, and the others followed her out.

However, as soon as they walked out of the hot spring, they saw the four leaders of the dark soul organization walking toward them.

Molson took the lead, and Ling Wei took the rear.

“Where’s the young madam?”Molson asked Qing Yan and the others after meeting them.

“Sister Jian has come out. She’s waiting for us outside,”Qing Yan replied.

At this moment, the faces of the four leaders of the dark soul organization, Diane, and snake lizard changed drastically.

Qing Yan didn’t react at first.

Suddenly, she heard the shrewd snake lizard behind her exclaim:

“Oh no! Sister Jian ran away when we weren’t paying attention!”

2765 Chapter 2764. Gao Tian was cautious and had a toothache (yun Jian si yi)

“Huh?”

Qing Yan didn't react to what the snake lizard said at the first moment.

It wasn't until Adam reminded her that Qing Yan came back to her senses. “Young master ran away when we weren't paying attention. Is it too late for us to chase after her now?”

“Uh... Sister Jian and brother Yi have such a tacit understanding...”that was the first thing Qing Yan said after she reacted.

“We won't be able to catch up to her. Based on my understanding of sister Jian, if she were to escape, I'm afraid that no one in this world other than you would be able to catch up to her...”Diane covered her head and scratched her scalp with a dead look on her face.

At some point in time, Mosen, who had quietly left, returned to the crowd.

Mosen took out a piece of white paper and placed it in front of the crowd. “The words written on the paper were left to us by the young Madam.”

Hearing that it was left by the cloud paper, the hearts of everyone present tensed up and they looked over.

However, they only saw a sentence written on the white paper:

Go back, children. I'll leave the matters of the organization to you.

Molson, Adam, Xue Ying, Ling Wei, Qing Yan, Snake Lizard, Diane, and the others:”...”

...

On the other side, the cloud paper and Si Yi did not need to make an appointment. Not only were they found by their respective subordinates, but they also left in tacit agreement. They even met up at the same place at the same time.

This was a tacit agreement that didn't need to be said.

Because this place was the best place to escape from the hot spring restaurant.

“Little Jian, are you ready?”Si Yi Strode to the front of Yun Jian, held the little hand of Yun Jian, and said calmly.

"I will follow you in life and death, and never abandon you." She held Si Yi's big palm and looked at Si Yi's handsome face, which made people crazy, and said firmly.

Si Yi's handsome arc slightly raised to the highest point. His hand that held the cloud paper disappeared into the moonlight in a short while.

...

There was a long-standing legend in the Mandarin Duck Valley.

According to the legend, there was once a couple. The woman's father was a high-ranking official in the capital while the man was just a poor scholar.

The two of them fell in love bitterly, but they did not end up together. They eloped and came to a valley to settle down.

However, not long after, the woman's father sent people to chase them to the canyon. In order to save their lover, the woman and the man were forced to the peak of the canyon. The woman took a sword for the man.

The man saw his lover die and died on the spot.

Three years later, two giant trees grew on the peak of the canyon.

Every time the trees opened, the branches and leaves of the two giant trees would intertwine together.

Some people said that it was the crystallization of love between a woman and a man.

From then on, the canyon was named Mandarin Duck Valley.

Every time a couple successfully eloped in Mandarin Duck Valley, they would never be separated.

This was the origin of Mandarin Duck Valley.

...

At this moment, Yun Jian and Si Yi, who successfully eloped, were living in a place not far from Mandarin Duck Valley.

Regardless of whether it was the leader of the dark soul organization or the members of the Gu Sha mercenary group, no one would have guessed that Yun Jian and Si Yi were living nearby, the easiest place to find them.

At that time, Yun Jian had just finished showering and was lying on the bed. Her hands were resting on the bed, and her front body was facing the bed. Her legs were turned back, and she was only wearing her underwear.

She was reading the newspaper.

Suddenly, Si Yi, who came out of the bathroom, got on the bed. From above, Yun Jian's back hugged her.

Yun Jian dropped the magazine in his hand.

Si Yi turned her over and bit her earlobe.

"Itchy, don't bite..."that was where her sensitive spot was. Yun Jian's body shrank.

"What did you call me?"Si Yi bit her earlobe and his handsome arc continued to expand.

Her face turned red and she turned her head.

Suddenly, Si Yi kissed her.

When he kissed her until she was almost suffocated, he put her down and said charmingly, "Good girl, Little Jian, call me."

Yun Jian looked at him with his big eyes. He opened his mouth but did not make a sound.

He blocked her mouth again. After a while, he let go. "You're not going to call me? Then I'll do it until you call me."

When he said this, he was about to make a move.

After Yun Jian heard this, he quickly hugged him back and rested his head on his shoulder. He called out in a low voice, "Old Eunuch."

2766 Chapter 2765: Si Yi's embarrassment, Ge Xuan's girlfriend (Ge Xuan's appearance)

This delicate voice came from Yun Jian's mouth. Hearing it in Si Yi's ears, it was as if he had plucked a string in his heart.

He licked Yun Jian's earlobe lovingly, causing Yun Jian to tremble in pain. Si Yi placed his large palm on the side of Yun Jian's neck. His slender fingers caressed her cheek, moving her face to face him.

"Little zhi..." si yi lowered his magnetic voice. His flawless skin, his handsome face, was approaching Yun Zhi.

"I'm a little tired. Go to sleep early." Yun Zhi pressed Si Yi's body against his, rolled to the side, pulled the blanket, and pretended to sleep.

After two months of honeymoon, he had not had a proper night.

He had to drag her to do shameful things every day!

Many times in a day!

If she were an ordinary person, she would probably be squeezed dry.

Even so, after these two months, her waist could not hold on much longer.

But he seemed to be fine.

Seeing Yun Jian turn over, closing his eyes tightly and pretending to sleep, Si Yi revealed a charming and handsome face as he looked at her slim figure.

She was his, from the beginning to the end.

This thought almost drove si yi crazy.

Yun Jian closed his eyes tightly and breathed softly, afraid that Si Yi would see that she was pretending to be asleep.

But just when Yun Jian thought Si Yi would let her go tonight, he stretched out his long arm and grabbed her waist, wrapping her under his body again.

Yun Jian was shocked.

At this moment, he felt a chill on his body.

The bathrobe had already been lifted by a certain someone without hesitation.

"Xiao Jian, you sleep on your own, I'll do mine." Above his head, his extremely demonic voice could already be heard.

The stars were twinkling in the sky, and the night was still very long.

In a hotel with a sound insulation effect, waves of sounds rose and fell.

...

Another two months later.

At GE Junjian's house.

Qin Yirou was so busy today that she couldn't even leave the work at hand.

She was cooking.

She made a table full of good food.

Today, GE Junjian's biological son, Ge Xuan, was coming back for dinner. He even brought his girlfriend back with her parents.

It was the first time the elders of both sides met. It was to the point of discussing marriage.

Although Ge Xuan was not Qin Yirou's biological son, but the child of GE Junjian and his ex-wife, Qin Yirou already regarded Ge Xuan as her own son.

Therefore, today, when Ge Xuan brought his girlfriend and her parents back, Qin Yirou paid special attention to him.

Originally, Qin Yirou couldn't handle it by herself, but fortunately, she had green glaze's help.

When the dishes were almost done, the door opened and Ge Xuan dragged a woman in her early twenties, who was wearing light makeup, in.

"You're here? Coincidentally, the dishes have just been prepared. Hurry up and take a seat. It Won't taste good if it gets cold later." Qin Yirou wiped her apron with her hand and walked over with a smile.

"Mom, this is my girlfriend, Jing Liao Yan." Ge Xuan pulled his girlfriend and walked to Qin Yirou to be the first to introduce her.

"It's the Yan Yan that Xuan Xuan has been talking about. Come, come, don't stand on ceremony. Just treat this place as your home. Come in quickly!" Qin Yirou smiled at Jing Liao Yan.

"Hello, Auntie!" Jing Liao Yan was very polite. She greeted Qin Yirou politely.

"Hey, Yan Yan, where are your parents? Why aren't they here yet?" Qin Yirou replied. She poked her head out and asked.

"They're parked outside and will be here soon." Jing Liao Yan smiled sweetly, but she held Ge Xuan's hand the whole time, as if she was afraid that Ge Xuan's parents wouldn't like her.

She was a well-educated and sensible girl.

2767 Chapter 2766: wedding ceremony, Grand Finale (Ge Xuan)

After Ge Xuan's girlfriend, Jing Liao Yan, said this to Qin Yirou.

On the second floor, Yun Yi walked down holding Qing Yan's hand.

Yun Yi nodded to Ge Xuan and Jing Liao Yan, then quickly walked past them with Qing Yan. When he walked to Ge Xuan's side, Yun Yi even gently moved to Ge Xuan's ear and said, "Brother, you can do it!"

After saying that, Yun Yi pulled Qing Yan out of the door and explained to Qin Yirou, "Mom, we went out to eat. It's a date, so we won't be eating at home."

Yun Yi had already graduated from university. Previously, with the help of Yun Jian, he had set up a mobile phone marketing store.

Now, business was at its peak.

"Hey, be more worried!" Qin Yirou didn't stop him when she heard that. She only reminded him softly.

Not long after Yun Yi left, Jing Liao Yan's parents also arrived.

Jing Liao Yan's father was a businessman, and his business was very big. He was close to becoming one of the top ten multinational corporations in the world.

And Jing Liao Yan's mother was originally an ordinary woman, but she had gotten to where she was today because of her husband.

GE Junjian also returned home at this time.

After both parties met, they were very polite at first.

After all, there were very few people in this world who did not give a good impression on their first meeting.

However, when it came to some issues, people were very realistic.

Halfway through the meal, because they were here to discuss the marriage between Ge Xuan and Jing Liao Yan, Mother Jing asked Qin Yirou,

“Since My Yan Yan is interested in your son, it’s like this. There are some things that I need to clarify. If Yan Yan marries him, how much will the betrothal gift be?”

Mother Jing didn’t feel embarrassed at this point. She continued:

“As you know, My Jing family is an internationally renowned large corporation. Yan Yan is our husband and wife’s only daughter and the future successor of the Jing Corporation.

“We won’t make too many demands. Of course, your family has to fork out at least 100 million for Yan Yan’s wedding. Otherwise, I think we should wait for the wedding!”

Mother Jing’s words made Qin Yirou and GE Junjian embarrassed.

Although Yun Jian and Si Yi were rich, they were their own.

Yun Jian and Si Yi were rich, so it was impossible for them to give all the money to Qin Yirou and GE Junjian.

Qin Yirou and GE Junjian only had tens of millions in savings.

When mother Jing said this, she didn’t know Ge Xuan had a sister like Yun Jian.

That was because Ge Xuan never went out to show off.

Otherwise, if mother Jing knew Yun Jian’s identity, she would never say such things here.

“Mom! What are you talking about!” Jing Liao Yan’s expression changed when she heard mother Jing’s words, and she quickly said.

“Let’s get down to business! Yan Yan, don’t meddle in this matter. It’s not something a child like you can interrupt!”

Mother Jing patted her daughter Jing Liao Yan’s outstretched hand, turned her head to look at the crowd, and continued to speak:

“Our Jing family has settled abroad and rarely comes back to the country. Don’t blame me for my harsh words. I Can’t Say Anything Nice, so I’m here to apologize.

“As parents, we naturally hope that our children will live well. If you can’t give US 100 million as a betrothal gift, then our family’s situation is too different. Let’s forget about this marriage.”

When mother Jing said this, Jing Liao Yan stood up immediately with an anxious look on his face:

“Mom, that’s not what you said before you came! Mom, how can you be like this! I don’t care. Anyway, I’m going to marry Ge Xuan. Other than him, I’ll never marry again in my life!”

“I’ve already said it. Yan Yan, don’t interrupt me in this matter. I have my own plans!” Mother Jing was very unhappy when she heard her daughter’s words.

Qin Yiruo and GE Junjian also looked troubled.

Ge Xuan frowned.

Although Ge Xuan had just graduated from college, he was obsessed with car racing and had already obtained results and rewards in many car races. He had saved a few million in total.

After all, he was a young man who had just come out of society. It was already considered a miracle that he had saved so much money with his own abilities.

However, this was not what mother Jing had expected at all.

Just as the atmosphere of the group had reached its lowest point, the door was suddenly pushed open.

A young girl dressed in plain clothes stepped through the door.

The moment the young girl entered the hall, she attracted everyone’s attention.

Just as Father Jing, mother Jing, Jing Liao Yan, and the others were all staring at the young girl, they saw her red arc slightly curved. In front of Mother Jing and the others, she calmly spoke and caused an uproar:

“How can 100 million be enough for My Brother’s wedding? I’ll pay five billion. This money will be directly transferred to my brother and my future sister-in-law!”

2768 Chapter 2767 GE Xuan’s racing team (Ge Xuan)

The words came out of Yun Jian’s mouth easily, but it shocked a lot of people at the scene.

Especially father Jing, who didn’t talk much, and mother Jing, who was obviously good at talking and arguing in the Jing family, as well as GE Xuan’s girlfriend, Jing Liao Yan. They were all shocked on the spot.

“Five billion! Five billion, this, this, this...” when mother Jing heard this, she was completely flustered. While she was shocked, she pulled the corner of her daughter Jing Liao Yan’s clothes and forced her, who had just stood up, to return to her seat.

Although the head of the Jing family was Father Jing, and the chairman of the Jing Group was also Father Jing, the Jing group was able to get to where they were today because of mother Jing's idea.

Mother Jing was obviously a glib talker.

"Aiya, mother-in-law, how, how can you be so embarrassed..."after mother Jing sat down, she glanced at the cloud note, then turned her eyes to meet Qin Yirou's eyes, and immediately changed her words.

It took less than a minute to go from "My Jing family"to calling Qin Yirou "Mother-in-law."

"By the way, mother-in-law, this is..."seeing Yun Jian walking over, mother Jing acted as if nothing had happened. She held her daughter's hand and looked at Yun Jian with a smile.

If it were any other woman, she would probably think that Yun Jian was talking nonsense.

Five billion! In this day and age, daydreaming was not an option!

Moreover, these words came from a young girl in her early twenties!

However, mother Jing was different. She was a knowledgeable person, so she chose to believe the other party before confirming that the other party was lying.

With the appearance of Yun Jian, mother Jing's attitude became very good. She even asked Jing Liao Yan to stay at the Ge family for a few days, saying that she had agreed to the marriage.

It was inevitable to meet some people who were unhappy or unhappy in life. Of course, it was impossible for them to kill all of them.

Moreover, Jing Liao Yan was a very good girl herself.

Of course, to Jing Liao Yan, Mother Jing was her heaven.

As long as Ge Xuan really liked Jing Liao Yan, it was enough.

...

After Father Jing and mother Jing left, Ge Xuan led Jing Liao Yan to the side of the Yun Jian.

"This is my sister! Yun Jian!"GE Xuan proudly pointed at Yun Jian.

“You are Yun Jian. I’ve heard Xuan mention you often!” Jing Liao Yanlai grinned at Yun Jian.

After smiling, she pulled Ge Xuan and then suddenly bowed deeply to Yun Jian. “My mother was rude just now. I apologize to her. If it weren’t for you, my matter with Xuan might have been...”.

“Don’t worry. Xuan and I won’t take your money for free. At most, we can fool my mom. My mom is actually worried that I’m not living well. Don’t mind her!”

Jing Liao Yan explained it clearly to Yun Jian.

“No problem.” Yun Jian nodded.

At this time, Ge Xuan walked to Yun Jian’s side and put his hand on Yun Jian’s shoulder with a smile:

“Sister, I’ve established a racing team in Longmen City. There’s a race tonight at Longmen City’s racing field. Are you going to cheer for me?”

When he said this, he winked at Jing Liao Yan.

Not to mention, he had chosen today to meet the parents of both parties because he wanted to bring his girlfriend, Jing Liao Yan, back from abroad to see his racing team.

Ge Xuan had met Jing Liao Yan when he was studying abroad.

After graduating and returning to China, he had focused on racing and even started a racing team.

“Okay.” Upon hearing Ge Xuan’s request, Yun Jian immediately agreed.

...

At night, there was a sea of people near Longmen City’s racing track.

In 2005, smartphones were still not popular in this era, so people’s fun was still in these outdoor activities.

Yun Jian, Ge Xuan, and Jing Liao Yan came here together.

“Come, come, sister, let me introduce you to the members of my racing team. This is the vice-captain of my racing team, Idiot Zhang!” Ge Xuan smiled and put his arm around the shoulder of a handsome boy, introducing him seriously.

The handsome boy slapped Ge Xuan's hand away, glared at GE Xuan, and nodded politely at Yun Jian. "My name is Zhang Chi."

Obviously, Zhang Idiot was just a nickname Ge Xuan randomly picked.

2769 Chapter 2768 invites Yun Jian to create more glory (King Team)

After Zhang Chi greeted Yun Jian, Ge Xuan's team also greeted Yun Jian and Jing Liao Yan.

Ge Xuan had just returned to China, and the team had just started, so there were only five people in the team.

After some introductions, Zhang Chi and the others wanted Yun Jian and Jing Liao Yan to go to the spectator stand to watch their race.

At this moment, GE Xuan said, "Hey, don't look down on my sister. Let alone our Longmen City, her racing skills are unsurpassed internationally! Let's just let them stay here!"

As soon as GE Xuan said this, Zhang Chi nudged Ge Xuan with his arm. "Xuan, look, it's from the Longmen Racing Team."

The Longmen Racing team was the largest racing team in Longmen City. There were a total of 50 racers in the team.

When Ge Xuan set up the racing team, the captain of the Dragon Gate Racing team wanted to recruit GE Xuan, but Ge Xuan refused.

This refusal completely offended the dragon gate racing team.

Therefore, every time the Dragon Gate Racing team saw Ge Xuan and the others, they would come over and say a few sarcastic words.

Today was no exception.

The group of people came over in an imposing manner.

"I was wondering who it was. So it's the Cheetah Racing team that hasn't even received the national certification of the racing team!"

The captain of the Dragon Gate Racing team, Qiao Zhengqi, came over with a large group of people. Just as Qiao Zhengqi was about to say something sarcastic, a voice suddenly sounded:

"Yunjian, it's you."

A voice attracted GE Xuan, Qiao Zhengqi, and Qiao Zhengqi's younger sister, Qiao Zhengpei, who was standing next to Qiao Zhengqi.

"Yes, it's me." Yunjian had already seen the owner of the voice, so she nodded at him.

The person who spoke was none other than Hongfan from the King's squad.

Hongfan was the vice-captain of the King's squad back then. He had a shrewd mind and was very knowledgeable about technology, but he didn't speak much. He had once been called a "Big Nerd" by Chu Xiangnan, but he had the best relationship with the former captain, Liu Shiyun.

The King's squad had completely disbanded a year ago. Everyone in the King's squad knew that the moment the captain, Liu Shiyun, passed away, the King's squad would never be able to return to how it was before.

Now, the six surviving members of the King's squad had gone their separate ways.

However, they didn't expect to meet Hongfan here.

Looking at the situation, Hongfan had already joined the Dragon Gate Racing team.

He was once a comrade, but now he was a stranger.

Hongfan's status in the Dragon Gate Racing team wasn't high, but because everyone in the Dragon Gate Racing team knew that Hongfan was once a member of the King's squad, they respected him.

Hongfan didn't say it himself, but Qiao Zhengqi's sister, Qiao Zhengpei, found out about it.

Qiao Zhengpei was interested in Hongfan.

"Do you know each other?" Qiao Zhengpei heard Hongfan ask Yun Jian, so he spoke in public.

Hongfan didn't pay attention to Qiao Zhengpei.

This made Qiao Zhengpei dislike Yun Jian, who was already on Ge Xuan's side.

"Fan, you used to be a member of the King's team. Tell me, why did your King's team disband back then?" Qiao Zhengpei glanced at Yun Jian, Ge Xuan, Zhang Chi, and the others and said to Hongfan.

She suddenly said these words for no other reason than that the king team was too popular back then, so popular that it became the idol of Z country's youths.

However, it was unknown why they disbanded.

The youths nowadays were all very eager to know the reason.

To Qiao Zhengpei, this was a very good reason to show off.

Her brother's racing team had one person who was a member of the King team! Then, what had happened back then was naturally the one in charge!

However, Hongfan was never willing to mention team king. Qiao Zhengpei said this just to show off in front of Yun Jian and the others!

When she saw Zhang Chi, Zhang Chi and the others widened their eyes after hearing her words. Obviously, they were shocked. Qiao Zhengpei turned her head to look at Yun Jian with some pride.

After Qiao Zhengpei's words, the members of the Dragon Gate Racing team were all feeling smug.

However, just as everyone in the Dragon Gate Racing Team was feeling smug, Hongfan suddenly asked Yun Jian a shocking question that stunned everyone present. It took them a long time before they could regain their senses:

"Yun Jian, Chu Ning and the rest are still waiting. The same goes for me. I don't believe that our team king would just disperse just like that, even if the captain is no longer around..."

"Since I see you again today, I would like to express our wishes to you."

"We all want to reorganize team king. I think if the captain is still around, he will definitely recognize us. So today, I will ask you one last time as a member of Team King, Dark Night."

"Asura, are you willing to return to team king with us and bring along the captain's lifelong dream to create more glory!"

2770 Chapter 2769 requested Yun Jian to be the new team leader (King Team)

Hongfan joined the Dragon Gate Racing Team and became a member of the Dragon Gate Racing team. However, in the Dragon Gate Racing team, Hongfan didn't have much of a presence.

He was a computer genius and had super-fine brain circuits. However, in terms of strength and outdoor games, his performance was ordinary.

Simply put, Hongfan wasn't a good racer.

But now, all the members of the Dragon Gate Racing team, including Captain Qiao Zhengqi, his sister Qiao Zhengpei, and Ge Xuan, his racing team's Zhang Chi, all turned their eyes to Hongfan, and then to Yun Jian.

"Fan... what is... Asura... you said she is Asura! ? The strongest king of the former King's team, Asura!"

Qiao zhengpei recovered from her proud expression. She mechanically turned her head and stared at this beautiful girl with disbelief — yun Jian.

Back then, the battle results of the King's squad had become the object of admiration and respect for many z nation youths. Even some of the examinees who had applied for the exam had applied for the military academy. They were determined to become an outstanding soldier who would bring glory to the country!

It had also caused the high school entrance examination to be filled in by too many people who had applied for the military academy. For a time, it had caused a drastic change in the Military Academy's High School Entrance Examination scores.

It could be said that back then, the king's team had enjoyed unlimited glory in Z country.

Later on, they had disbanded for no reason, breaking the hearts of many people.

Originally, his racing team had Hongfan, a member of the King's Team!

This was a matter that was very worth showing off and showing off to Qiao Zhengpei and the others.

But who knew that Yun Jian was the strongest killer of team king in the past!

This fact shocked everyone.

Jing Liao Yan and Ge Xuan had been studying abroad, so they didn't know much about team king.

At this moment, Yun Jian looked at Hongfan in front of everyone and didn't speak for a long time.

At this moment, although the Dragon Gate Racing team members who knew Yun Jian's identity were shocked, they all held their breaths and looked at Yun Jian without exception.

They wanted to know Yun Jian's answer.

This would be a matter that would shake the whole country!

Just as everyone was completely silent, Yun Jian's red lips moved slightly and he opened his mouth, wanting to say something!

"Please think carefully. Don't reject US so quickly. We have been waiting for you to come back!"

Just as Yun Jian was about to say something, a familiar yet unfamiliar magnetic male voice sounded.

Then, two men and two women walked out from the side.

The one who spoke was none other than the boy who was walking at the front, Chu Xiangnan!

It had been a long time since they last met, and Chu Xiangnan's voice had become much rougher than before.

The three people who followed Chu Xiangnan were Chu Ning, Jiang Weiwei, and Fang Xiaoran.

Apart from the team leader, Liu Shiyun, all the members of Team King were present!

Chu Ning's eyes turned red at the thought of Liu Shiyun.

"Wang... could it be that all of you are from Team King?!" Qiao Zhengpei, Qiao Zhengqi and the rest of the Dragon Gate Racing team widened their eyes so much that words could not describe them.

But at this moment, no one paid any attention to Qiao Zhengpei, Qiao Zhengqi and the rest.

"Asura, we promise that we will no longer be a burden to you!" Chu Ning, who had always been lively and cheerful, also looked at Yun Jian and spoke to him in the most solemn and solemn tone of her life.

Just as she said this, Chu Ning and the others had already arrived in front of Yun Jian.

"During this period of time, we have never stopped training ourselves. Captain may have left, but he is still alive in our hearts.

"We don't want to give up on the king's team. Because when everyone is together, we can feel that captain truly existed.

"The seven of us got to know each other because of the king's team. I don't want it to become a part of history.

“So...”

“Team king member Yan Hua, I strongly recommend team king member Asura to return to King and replace the former captain, Nirvana, as the new captain of Team King! Please approve!”
