

The Schoolgirl Secret Agent - Chapter 2771 - 2800

2771 Chapter 2770-yun Jian's final decision (Team King)

When Chu Ning said this, she gave a standard military salute to Yun Jian. Her voice was filled with a heroic aura that was as firm as iron.

Previously, Hongfan called himself dark night. That was Hongfan's code name in team king.

And Chu Ning's code name was Yan Hua.

The former team king captain, Liu Shiyun's code name was Nirvana.

In their team, using a codename as an oath and a military salute was the most solemn and serious way of pleading.

"I, leiting..."

"I, Haitang..."

"I, Red Flame..."

After hearing Chu Ning's codename, Chu Xiangnan, Jiang Weiwei, and Fang Xiaoran gave a military salute to Yun Jian while reporting their names in front of the dumbfounded Qiao Zhengpei, Qiao Zhengqi, and Zhang Chi, then, they spoke in unison, breaking through the horizon:

"We sincerely request for the king's team Asura to return to the king and become the new captain of the King's team! Please allow us to do so!"

The loud and heroic voice that broke through the horizon attracted the attention of countless passersby in the racetrack.

The passersby could not help but stop in their tracks. They were attracted by the shocking words "King's team", "Captain", and "Return".

This was clearly longmen city's race track. It was supposed to be a venue where the cheers of the spectators broke through the horizon and the drivers were racing desperately.

All the spectators and even the drivers were completely shocked and terrified by the scene in front of them. They stopped in their tracks.

This was the boundless glory that belonged to the members of team king who had once stood at the peak!

Everyone present had heard of the word 'Asura'.

That was the name of a young girl who could decide the future of the King's squad!

And now, whether or not the former King's squad could return was in the hands of this seemingly ordinary-looking girl who stood in front of everyone!

"Heavens, I caught up with such an exciting scene... speaking of which, Xuan, why didn't you ever mention that your sister was the asura of the King's squad?"

"Also, what exactly did the king's squad disband for back then..."

Even Zhang Chi, who seemed like a gentleman, took the initiative to put his arm around Ge Xuan's shoulder and ask him a question.

"Heh, about that... I won't say." Ge Xuan kept him in suspense before refusing to speak.

His voice was extremely loud, and when it reached the ears of Qiao Zhengpei and the others, it could be considered as a direct blow to Qiao Zhengpei in the way that Qiao Zhengpei had been showing off just now.

Qiao Zhenpei's expression instantly turned extremely ugly.

"Is this all the members of your King's squad can do? Just because of this small matter, they're disbanded? If Liu Shiyun saw this, he would feel terrible."

Just as the scene fell into silence once again and there was no response from the cloud tablet, a ruffian voice sounded.

Then, a group of more than ten people walked over from the side.

The person who spoke was the captain of the most powerful squad, Zhu Yao, who had once been at loggerheads with the King Squad!

Zhu Yao looked at the members of the King squad with a mocking expression. However, after he finished mocking them, he said,

"Hurry up and come back. What the hell are you dawdling for? My most powerful squad wants to openly trample your king squad under Our Feet!"

Dong Lijie, who had previously viewed Yun Jian as a thorn in her flesh and looked down on the king squad, also glanced at Yun Jian and the others. In front of everyone who didn't know what was going on and were already dumbfounded, she said to the King squad,

"King Squad, instructor Liu Cheng has been waiting for you guys to come back."

Instructor Liu Cheng was the new instructor who had returned from overseas and replaced the retired GE Junjian and looked down on Yun Jian and the others.

The Tyrannosaurus squad captain, Tian Shuai, who had always been kind to the king squad, also said to Yun Jian:

“Your captain Liu Shiyun once told me that if one day he wasn’t around, I hope that the King squad would still be as glorious as before!”

Liu Shiyun hoped that the king’s team would still be as glorious as before without him!

The appearance and words of this group of people made Chu Ning, Chu Xiangnan and the others’ eyes turn red.

At this moment, everyone was looking at the cloud note in unison.

Including Qiao Zhengpei and the other spectators who were completely dumbfounded.

At this moment, a gust of strong wind blew past.

There were no flowers or fields around, but two snow-white dandelions intertwined with each other like a magpie in heat with its lover. They flew past the cloud note and in front of everyone present.

Then, they flew away with the wind.

These two snow-white dandelions were exactly the same as when Liu Shiyun and Xiang Weilan disappeared into each other’s embrace.

The cloud tablet suddenly looked up and saw the two dandelions already intertwined with each other and swept up into the blue sky along with the wind.

When they left, one of the dandelions lingered in front of her eyes for a long time, as if saying to her, “Please.”

With a jolt of her heart, Yunjian spoke the final and frightening words of return before the eyes of the Kings, the best, the tyrannosaurs, and everyone present

2772 Chapter 2771 only had one captain, Shiyun (team King)

“Yun Jian ‘er!”

Seeing Yun Jian’s red lips moving and about to say something, Chu Ning panicked and shouted out the intimate words that she had been saying to Yun Jian when they were most intimate.

Ever since Liu Shiyun passed away and team king disbanded that day, the other six members of team king had not seen each other for a long time.

Even if they did see each other, they would still look like strangers.

This feeling made Chu Ning wake up from her sleep several times in the middle of the night.

Standing in front of her was her former comrade-in-arms, as well as her former sworn enemy. From the moment everyone appeared, Yun Jian already had an answer in her heart.

She slowly raised her head and spoke to Chu Ning, Chu Xiangnan and the rest, as well as the crowd around her who were watching the show. Everyone was looking at her expectantly:

“Since you’ve chosen me, Yunjian, to be your new team leader, it means that you will no longer have the leisure time you once had in team king.

“No one is allowed to be a burden on my team. If you can do it, you can join team king again.”

What she meant was...

Yunjian agreed! ?

Chu Ning, Chu Xiangnan, Jiang Weiwei and the rest did not have any expectations. But when they heard Yun Jian’s words, they suddenly raised their heads. Chu Xiangnan’s eyes widened and he rushed to Yun Jian in front of all the onlookers:

“Really, really? Yun Jian, is what you said true? !”

Yun Jian took a step back and said calmly, “You can choose not to believe me and not join my team.”

“No, no, no, how can I not believe you? I still want to join our king’s team...”Chu Xiangnan suddenly sobbed.

The dignified 1.8-meter-tall man suddenly waved his tears in front of everyone and said, “Captain will be happy for us!”

This voice came from Chu Xiangnan’s mouth. From his voice, even a slight carelessness could make a man like him cry.

Everyone in the King’s squad was silent.

It was as if they were recalling their captain, Liu Shiyun.

The seven of them hadn't spent a long time together, but it wasn't short either.

The seven of them fought together, worked hard together, grew up together, and even ate skewers together.

But now, they were missing an indispensable person.

Everyone in the king's team knew that even if the king's team was reorganized, they would not be able to go back to how they were before.

With the departure of the team leader, Liu Shiyun, many of the things that had happened in the past could never be repeated again.

Just as the few of them were silent, Yun Jian suddenly took out six medals from his pocket.

These were the medals that represented the status of the seven members of the King's team.

He handed the six medals to Chu Ning and the rest while leaving one for himself, except for Liu Shiyun.

The moment they caught the medals, Chu Ning and the rest lowered their heads and held the medals tightly in their hands.

They looked at the medal that had followed them for many years but was taken back by the military due to the disbandment of the King's team.

Perhaps Yunjian had already planned to return to the king's team. She took back the medal from the military, but she never mentioned it before.

Once, the seven of us had traveled together, but now we've lost one of them forever.

Chu Ning and the others did not dare to ask where Liu Shiyun's medal had gone.

Just as the few of them were silent, and the surrounding onlookers were also silent, Yunjian suddenly took out the medal that belonged to Liu Shiyun from her pocket and placed it in front of everyone.

After two seconds of silence, she said the words that made the members of the King's squad cry:

“This is a medal that belongs to the captain. I will not replace it. In the King’s squad, there is only one captain, Liu Shiyun. He will always be the captain. As for me, I am only a temporary substitute captain. That is all.”

2773 Chapter 2772 ye Ling found, unable to give birth (Lin Wei ye ling)

Yun Jian was born to not be outdone, but because of Liu Shiyun, she was willing to say that she was the substitute captain, and that she would be like this for the rest of her life.

Perhaps in this world, the only person who could make Yun Jian say this was Liu Shiyun alone.

Although Liu Shiyun’s life was short and dull, there were so many people who supported him in this world.

Regardless of whether others were dead or not, this belief would never change!

The members of the King’s team wiped away the tears that outsiders did not understand. They walked to the front of the cloud paper and revealed a smile that rekindled hope in their lives.

The king’s team, after going through wind and rain, had once again returned!

...

Captain, you did not stand on high ground. The future is for us to continue to pursue with the medal that symbolizes you.

May You, and the beloved hand of the world, wind back, regardless of wind and rain, brave forward.

Do not worry about us, do not worry about us, thank you for accompanying US, led from the beginning of what we do not know, to grow into today we can take charge of one side.

Go, go to the life you want, we are here to protect everything.

But no matter where you fly to, don’t forget that you are the only captain of our King’s team.

The king’s team will always be proud of you!

...

In front of Liu Shiyun's grave, Chu Xiangnan put away the envelope. He stood in front of Liu Shiyun's grave and gently read the contents of the envelope. Then, he lit the envelope with a lighter and burned it into ashes.

The ashes spiraled up into the sky, as if they were chasing after their captain, Liu Shiyun, who had gone away before them. They were trying to catch up with him and deliver the letter.

This was an envelope with no reply. However, everyone in the king's team firmly believed that the envelope that was sent out would one day reach Liu Shiyun's hands.

...

After going to Liu Shiyun's grave with the king's team, Yun Jian returned home early.

After learning that Ge Xuan was the brother of the King team's brake god, the team captain, Qiao Zhengqi, took the lead to apologize to GE Xuan.

What the Dragon Gate team didn't know was that Ge Xuan's team would leave Longmen City from Zhejiang province and rush out of country Z, becoming a famous racing team in the world.

Of course, this was something for another time.

...

Ever since she returned from her four-month honeymoon with Si Yi, and Si Yi was dragged back to the dark soul organization by the four leaders of the dark soul organization, Yun Jian would talk to Si Yi every night.

Compared to the dark soul organization's matters, Yun Jian's Gu Sha mercenary group's matters were much less.

She sat on the bed and chatted with Si Yi via video chat. After talking for only two hours, the doorbell rang. Yun Jian and Si Yi hung up the video chat first and went to open the door.

When the door opened, the first thing that entered his eyes was Ye Ling.

Ye Ling was the girl that Yun Jian met when he went to the hunting school. Now, she was Ling Wei's woman.

Before Yun Jian could say anything, Ye Ling raised her head and looked at Yun Jian. With a crying face, she said to Yun Jian,

“Yun Jian, I have nowhere else to go. I don’t dare to go home. I’m afraid that he will come to my house to look for me. The only place I can think of and the only person I know is you. Can you let me stay for a few days? I’ll leave as soon as I find a place.”

He was naturally referring to Linwei.

“Sure.” Since Si Yi was not around, Yunjian agreed.

Hearing this, Ye Ling finally revealed a smile that was uglier than crying. She followed Yunjian into the house.

After drinking a cup of hot water and holding it in her hands, Ye Ling finally revealed the reason why she did not want to be found by Linwei:

“Two days ago, I went to the gynecology department for a checkup. The Doctor said that I had exercised too much in the past when I was in hunting school. In the future, if I want to have children, there is only a 1% chance.

“I know. He doesn’t love me, and he won’t fall in love with me in the future. He can give me a perfect wedding and future, but he won’t give me love.

“Originally, as long as I stay by his side, he would only have me. As long as I love him, that’s enough.

“But I... But I can’t have children. This 1% chance, even the doctor said it’s the same as not being able to have children.

“You know, he doesn’t love me, but he wants to have children. I Can’t have children. I’m afraid that he will despise me, so I plan to... .. leave him first ... “As long as he finds another woman who can bear his children, he should forget about me.”

2774 Chapter 2773 junior high school classmate, a gathering (Yun Jian)

Ye Ling’s thoughts were more delicate, and Lin Wei was someone who often talked about the topic of having children.

Yun Jian’s love history was only limited to Si Yi alone. Besides that, she did not want to, and would not flirt with any other man.

Therefore, in this regard, Yun Jian could not judge Lin Wei’s thoughts like a relationship expert.

After Ye Ling lowered her head and finished her sentence, Yun Jian did not say anything. Yun Jian only said something that was not comforting at all. “You can stay at my house for a few more days.”

“En! Thank you, Yun Jian.”Ye Ling’s wounded heart finally warmed up.

...

Si Yi had left dark soul organization for four months. Naturally, there were a lot of things waiting for him. He would not be able to return in a short period of time.

Therefore, Ye Ling stayed at Yun Jian’s house for a few days and did not disturb Yun Jian and Si Yi’s lives because Si Yi was not at home.

On the weekend, Yun Jian stayed at home. Zhang Shaofeng, Chen Xinyi, and Ling Yichen came to look for Yun Jian. They said that a junior high school classmate had held a class reunion and wanted everyone to attend it together.

Not only could he attend, but he could also invite his family and friends along. The location and activity of the class reunion was a barbecue in the wild. The more people there were, the more lively it would be.

After Yun Jian was reborn in Xinjiang Town, he transferred to Grade 12 Class A of Longmen first high school not long after. It could be said that he had not spent much time with this group of students. It had been less than a year.

Other than Zhang Shaofeng, Chen Xinyi, and Ling Yichen, he only had some impression of a few students who had targeted each other before.

The other students who did not talk much usually did not know each other.

Initially, Yun Jian didn’t plan to attend, but Chen Xinyi held her hand and acted coquettishly for quite a while, and Yun Jian agreed.

She even brought ye Ling along.

...

There were many people at the third grade class reunion, but it was estimated that there were only about 20 people who used to be Yun Jian’s classmates. The rest of the people who came were the relatives and friends of the former classmates.

They looked different from the students who were supposed to be in school. Most of the students who came had changed their appearance.

Whether it was their clothes or their dressing, they were very different from the teenagers.

The place for the picnic this time was a small hill called the Back Hill Pavilion. There was a place in the back hill pavilion that had a beautiful scenery. It happened to be

along the shore of the lake. If a fire was accidentally lit during the barbecue, the fire could be put out immediately.

Therefore, the location for the picnic was chosen here.

And now, everyone was standing at the foot of the Back Mountain Pavilion.

“There’s still one more person left. Zhang Meihan isn’t here yet. Everyone, wait a little longer.”

The organizer of this class reunion was a male classmate who didn’t like to talk much in the past. His name was Zhang Shaorong.

After hearing Zhang Shaorong’s words and thinking of Zhang Meihan from the past, the former classmates started to discuss among themselves.

“Do you know that I saw Zhang Meihan last year? Her weight of 150 pounds actually dropped to 100 pounds! She is tall and has a good foundation. She was fat in the past, but now she is really beautiful!”

“Really? That fat girl actually lost weight successfully? 100 pounds, she is even thinner than me by two pounds! ?”

...

Zhang Meihan, who was the topic of discussion among the students, was once a famous fat man. Because she was too self-abased, she usually walked with her head lowered and ignored everyone.

Usually, at a class gathering, the former students would undergo drastic changes. The changes would be so great that one would be amazed.

“Coming, coming!” At this moment, someone shouted and looked in that direction.

They saw a woman wearing a short skirt that exposed her thighs and buttocks. She was wearing a female t-shirt that revealed her figure. She was holding onto the arm of a mature man in a suit and leather shoes as she walked over.

This woman’s figure was really not bad. She was the student that her classmates called Zhang Meihan.

This was a beauty that was completely different from the 150-pound female fatty of the past.

Zhang Meihan had been holding the man's arm since the beginning of time as she walked in front of everyone. From the inside out, she exuded a strong sense of confidence.

When she arrived in front of Yun Jian and the others, she glanced at the people around her and spoke with a rather proud tone:

"It's been a long time since we last met. In order to show our sincerity, all the BBQ equipment and barbecued meat used for today's student gathering will be reimbursed to my husband's account.

"My Treat."

2775 Chapter 2774: A Certain Man came looking for her (Ling Wei Ye Ling)

When Zhang Meihan said this, the faces of the surrounding students were a little ugly. After all, Zhang Meihan was once fat and was looked down upon and bullied by many students.

At that time, Zhang Meihan's family was poor.

Now that the students were gathering, she was tall and slender. She also said that she would treat them to a meal with ease just now. In addition, there was a handsome and rich husband who looked to be in his thirties next to her, many of the students were silent.

"Hey! Yun Jian! Chen Xinyi!" Zhang Meihan glanced around, she raised her head high and looked at everyone with disdain. After seeing Yun Jian and Chen Xinyi, she let go of her husband's hand and ran over.

"Can you give me a hug?" Zhang Meihan looked at Yun Jian and Chen Xinyi and asked excitedly.

Zhang Meihan's presence in the class was very low in the past. Yun Jian didn't remember her name.

Although Zhang Meihan's appearance had changed a lot, Yun Jian could still follow her outline to find her figure in his memory.

She had once unconsciously helped Zhang Meihan with Chen Xinyi.

On a class Sunday, Zhang Meihan was on duty with several classmates to sweep the floor during the week. Those classmates said that Zhang Meihan didn't have a boyfriend anyway, so they gave all the work to Zhang Meihan, she couldn't help but retort.

Later, Chen Xinyi found Zhang Meihan sobbing and sweeping the floor in the empty classroom after school. She asked Yun Jian to help.

After cleaning, Zhang Meihan didn't thank Yun Jian and Chen Xinyi. She just ran home with her head down.

This was several years ago.

Yun Jian had long forgotten her name.

To Yun Jian, this might be a small matter that didn't matter whether she mentioned it or not, but to a person who was in despair at that time, it was a ray of hope that God had given her.

"Let's not. Look at your husband staring at us." Chen Xinyi waved her hand without a care in the world.

She refused the hug.

But Zhang Meihan wasn't angry.

She walked to Yun Jian and Chen Xinyi's side and went up the mountain together very intimately.

...

Yun Jian did not feel uncomfortable with Zhang Meihan's familiarity.

On the other hand, Chen Xinyi quickly got together with Zhang Meihan.

Even when Zhang Shaofeng walked beside her, Chen Xinyi ignored him.

"Master, look at her. She forgot her old love when she had a new one!" Zhang Shaofeng put on an angry look and joked with Yun Jian.

"Then do you still love her?" Yun Jian stopped Zhang Shaofeng with one sentence.

Zhang Shaofeng looked helpless.

Ye Ling, who was following him, did not speak from the beginning.

Especially when she heard that Zhang Shaofeng and Chen Xinyi were showing off their love, her expression was very gloomy.

"Yun Jian, I want to walk here alone," ye Ling suddenly said to Yun Jian.

“Okay.” Yun Jian acquiesced when he heard this.

Ye Ling followed another deserted path and gradually walked further and further away.

She came to the other end of the lake and stood on the shore, looking at her reflection on the water. Her heart slightly shivered.

It had been so many days. He should have found a woman who could bear his child by now, right?

But when she thought of the possibility that he might be with another woman... ... Her heart throbbed.

After standing by the lake for a long time, Ye Ling wiped away her tears. Just as she turned around, she suddenly bumped into a sturdy chest.

When Ye Ling raised her head and saw who it was, her expression suddenly changed.

However, she saw that the person standing behind her without saying a word was actually Ling Wei, who she thought had gone to find another woman to give birth to a child!

2776 Chapter 2775 — Yun Jian — she was, once, number one (Lin Wei, Ye Ling)

Lin Wei's sudden and silent appearance gave ye Ling a huge shock. She took a step back, and her feet felt empty, almost falling into the lake.

“Be careful.” Fortunately, Lin Wei's hands were quick. He wrapped his arms around ye Ling's slender waist and pulled her into his embrace, which prevented ye Ling from falling into the lake.

Ye Ling's heart pounded in Ling Wei's embrace.

It was as if there was a voice in her heart that was screaming wildly. She did not want to push him away. She wanted to be with him for the rest of her life.

She really wanted to continue like this for the rest of her life and never let go of his hand again.

But she could not.

Pressing her hands against Ling Wei's chest, Ye Ling struggled for a while. Then, with a violent force, she struggled out — Ling Wei did not use all his strength to hug her.

After ye Ling struggled out of Ling Wei's embrace, she glanced at Ling Wei and ran towards the mountain where Yun Jian and the others had gone first.

After running for a few hundred meters, Ling Wei did not catch up to her. Ye Ling was a little disappointed. She quickly continued to run towards the place where Yun Jian and the others had disappeared.

What Ye Ling did not see was that after she looked behind her and did not see Ling Wei following her, she ran towards the mountain where Yun Jian and the others had gone. Not long after, Ling Wei followed her from the foot of the mountain around the corner.

From the moment he appeared until this moment, he did not say a word. From the corner of his brows, one could not tell whether he was happy or worried at this moment.

But seeing Ye Ling running up the mountain, he did not wait for his expression to change as he followed her.

...

Yun Jian and the others had already arrived at a place that was more suitable for a picnic and barbecue in the pavilion at the back of the mountain.

There were a lot of rocks here, and the trees were relatively rare. The rocks were also closer to the lake, so it was most suitable to be used as a barbecue site.

The boys had already assigned jobs, and they arranged the barbecue grill and barbecue utensils neatly.

The girls sat in their respective territories, comparing each other's recent developments.

People like Zhang Meihan were the best.

Therefore, when Zhang Meihan first appeared, she was very confident.

Some of the girls who were jealous of Zhang Meihan simply stopped talking, and those who wanted to get close to Zhang Meihan surrounded Zhang Meihan.

Yun Jian was sitting next to Chen Xinyi, and he saw Ye Ling running toward him in a hurry.

"Yun Jian, he's here," Ye Ling said to Yun Jian anxiously.

Judging from Ye Ling's appearance, she didn't expect that Linwei would come here to look for her.

She thought that Linwei would find another woman after he found out that she couldn't have a child.

He had said that he could give her anything except love.

What she wanted to do was very simple. She wanted to have children for him, but she could no longer have children.

Now that Ling Wei had come looking for her, everything had exceeded ye Ling's expectations.

"Follow me." Yun Jian did not say anything else but said calmly.

These words made Ye Ling nod her head fiercely.

"Yun Jian, we remember that you gave up going to the best high school in the city and went to a military school outside the city. How are you doing now?"

Just as Yun Jian whispered to Ye Ling, a girl in a floral dress asked Yun Jian.

When they parted that year, none of the students in grade three class knew how Yun Jian was doing now.

After all, they had not seen each other for several years.

"I'm Alright," Yun Jian said humbly after hearing the girl's question.

However, this girl thought that Yun Jian was really not doing well. She said somewhat sourly,

"Your academic results were so good in the past, yet you had to go to some military academy. I already said that it was a place for men. What can you do if you go there as a Girl?"

"Are you regretting it now? Sigh, women should be more responsible. Why are you making a fuss about going to a military academy..."

The girl's words carried a sour aura that came from nowhere.

Yun Jian's eyes darkened slightly.

Before he could reply, Zhang Shaofeng was already unhappy. He was the first to pick up a stone and smash it on the ground. He stomped his feet and stood up to fight back against the girl:

"What are you talking about?" "Back then, my master was the only student who won the first place in Z country's special forces selection competition as a military academy student. He replaced Z country to go to the internationally renowned hunting school to further his studies! "What are you talking about? What do you know? !"

2777 Chapter 2776 face-smacking Ling Wei, real fragrant scene (Ling Wei Ye Ling)

Zhang Shaofeng's temper was a little hot-tempered, especially when outsiders spoke ill of the cloud paper in front of him. He was the first to show his temper.

This roar gave the girl in the floral dress who had spoken a big fright.

This girl's mouth was also not clean. After she was shocked by Zhang Shaofeng, she glared at Zhang Shaofeng. "You're saying it so loudly as if I can't hear you. Isn't it just the first place? What's the big deal about it?"

Zhang Shaofeng was angered by this girl's words. He wanted to clench his fist and throw it at her. In the end, he was stopped by Ling Yichen. "Why are you being so calculative? Quickly sit down."

This girl was obviously the type of person with a big mouth. Seeing that Zhang Shaofeng was stopped by Ling Yichen and sat down without saying anything else, she wanted to say something that she thought she was good at:

"It's not like she went to a place that would kill people. Didn't she still sit in front of us and have a gathering with our classmates? She didn't bring glory to the country. She acted like a big hero."

These words were spoken by Yun Jian.

After she finished speaking, the girl even lifted the corner of her skirt and spoke to Yun Jian with a very reasonable and good-natured tone that only targeted Zhang Shaofeng. It was as if she had never said anything bad about Yun Jian:

"Yun Jian, I'm not targeting you. It's just that someone used an abusive tone to speak to me. No matter what, I can't be scolded and not retaliate, right?"

There was a type of person in this world who said very unpleasant words. Coincidentally, the person who heard these words was also very hot-tempered, just like Zhang Shaofeng.

The hot-tempered person was accused of being a troublemaker.

This troublemaker who spoke harshly actually said that he was a reasonable person.

If he had a temper like Zhang Shaofeng's and had a conversation with this girl, even if he could not get over his anger, in his words, the girl would definitely occupy a high position.

Even if Zhang Shaofeng could not get over his anger, he had to hold it in until his stomach returned.

However, just as the girl finished speaking and gained the upper hand, Ye Ling suddenly spoke in public:

“I grew up in the hunting school. Every year, a large batch of the most powerful special forces from all over the world would enter that place. Yun Jian is the only woman I’ve seen enter the hunting school in so many years.

“In that place, the people who are sent in have all four limbs intact when they enter. The probability of a skeleton leaving is as high as 80% . I’ve seen too many of them.

“Those who were able to persevere until the end were definitely elites from all over the world. That kind of glory was enough to change the world’s view of the country where the strong were.

“As for Yun Zhi... if it wasn’t for her sudden disappearance back then, Yun Zhi should have been the undisputed number one!

“But even so, the publicly acknowledged number one in the hunting school, as well as z country, which had nurtured such a talent, had their status in this world increased by more than a little bit.

“Yun Jian, she’s really a heroine!”

After ye Ling said this, the girl who had won the argument with Zhang Shaofeng just now instantly swallowed her breath and felt deflated.

Ye Ling’s words caused the girl’s face to turn green and purple. She did not even have the chance to counterattack.

...

Of course, this topic quickly jumped over.

Not long after Ye Ling finished speaking, she suddenly caught a glimpse of Lin Wei, who had followed her up from the foot of the mountain not far away. Her heart tightened.

“Go, tell him clearly.”At this moment, Yun Jian patted ye Ling’s shoulder and said indifferently.

“I. . . Okay.”Ye Ling mustered up her courage and walked towards Ling Wei.

After walking past Ling Wei and leading Ling Wei all the way to a small bamboo forest, ye Ling finally turned around and spoke to Ling Wei. When she spoke, she used all the strength in her body:

“That... I’m sorry, I can’t give birth to your child. Anyway, you won’t have any feelings for me. I think it’s better to make things clear. Let’s just do this...”

Before he could finish his words, Ling Wei hugged her.

Fiercely, tightly.

Ye Ling could not struggle.

Just as Ye Ling’s heart was throbbing fiercely, Ling Wei suddenly said, “Don’t go.”

Finally, Ling Wei added another sweet sentence that he had slapped himself in the face:

“I can’t Leave You. Adam said it’s because I’ve fallen in love with you.”

2778 Chapter 2777 children are not as important as you (Lin Wei, Ye Ling)

Lin Wei himself had a serious air about him. Any way he spoke, he could make it sound extremely serious.

Therefore, the moment he opened his mouth, Ye Ling was stunned on the spot. She was so shocked by his words that she could not move.

“So, don’t go.”

Just as Ye Ling was frightened by Ling Wei’s words, Ling Wei let go of Ye Ling. He changed his hands and placed them on Ye Ling’s shoulders as he continued to shout at Ye Ling.

Someone once said that he could give her anything other than love.

This sentence was engraved in Ye Ling’s heart, and she understood her position.

He would never fall in love with her, so from the beginning, Ye Ling had never thought of this possibility.

She felt that she only liked him unilaterally, and had never longed for his love.

So when she heard Ling Wei’s words, Ye Ling still had the illusion that she could not regain her senses for a moment.

“You... you really... but didn’t you say that apart from love, you can give me anything, as long as I give birth to your child...”Ye Ling could not help but feel her pounding heart. She raised her head to look at Ling Wei and asked.

At this moment, a flash of warmth flashed through Ye Ling's heart. It was that sweet feeling.

Ling Wei did not like to talk. At this moment, he reached out and grabbed ye Ling's slender hand. He placed it on his face and spoke very directly:

"Fight as you wish. Forgive me."

In Ling Wei's mind, the only way to resolve a matter was to win or lose in a decisive battle.

That's right, to put it bluntly, it was a fight.

But against Ye Ling, even if she hit him, he would definitely not fight back.

Ye Ling was suspended in midair by Ling Wei's hand on his handsome face, her face full of surprise.

"If you don't feel relieved, use this. Forgive me!" Ling Wei raised his voice. As he said this, he pulled out a dagger from his belt and handed it to Ye Ling's other hand.

Ye Ling was shocked by Ling Wei's action. She raised her head and looked at him in a daze.

However, she saw Ling Wei's face full of killing intent.

Obviously, the killing intent on Ling Wei's face was directed at her. He had bullied her until she ran away from home. He even wanted to kill her.

However, Ye Ling was instinctively frightened by Ling Wei's killing intent. She held the dagger that Ling Wei had stuffed into her hand and took a big step back.

She was not afraid of Ling Wei, but was frightened by the murderous look on Ling Wei's face.

He had never been like this in front of her before.

At this moment, it was as if he had become the chief instructor of the Dark Soul Organization's assassin training camp in front of her.

Ling Wei's directness startled Ye Ling. She had just taken a step back when Ling Wei tightly grabbed her hand that was forced to hold the dagger. He wanted to drive her hand to stab the dagger into her body without hesitation!

This was the most direct way for Lin Wei to admit his mistake to Ye Ling!

He did not know why Ye Ling wanted to leave, but his instinctive first reaction was that he had done something wrong!

So he had to beg for forgiveness.

“What are you doing!” Ye Ling was shocked when she saw this.

After all, she had grown up in the hunting school. Ye Ling was the woman who had used a dagger to kill a lion back then. Her hand that was holding the dagger fiercely resisted the stab towards Lin Wei. Her other hand also held the hand that was holding the dagger, she pulled the dagger back.

Fortunately, Ling Wei did not use his full strength.

Ye Ling grabbed the dagger back and threw it on the ground. She grabbed Ling Wei's clothes with both hands and anxiously said to him,

“You didn't do anything wrong. It was my own fault that I left. I Can't give birth to your child. The Doctor said that the probability of me being able to give birth is only 1% , so...”

Ye Ling's words were a little rushed.

But just as she said this, Ling Wei covered her mouth and spoke first:

“The child isn't as important as you. I'm not giving birth.”

2779 Chapter 2778 letter from a fairy, I love you (Fairy)

To the former Ling Wei, love was something that he would never touch in this world.

Finding a woman to give birth to a child was the most important thing. Other than that, he could not give a woman any so-called love, so giving birth was the first priority.

But now, to make Ye Ling leave his side forever, this was even more unacceptable than not being able to give birth to a child.

“You...” Ye Ling raised her head to look at Ling Wei in shock. The astonishment on her face could no longer be described with words.

“Then you... then you really... Don't mind that I can't have a child...”

Ye Ling was still in disbelief for a moment. She raised her head slightly to look at Ling Wei and asked this question that she was afraid and wanted to know at the same time.

“Is there a difference between being able to have children?” Unexpectedly, Ling Wei said such a thing.

“Then will your parents dislike me...” Ye Ling asked nervously.

Just as she finished asking, she paused and raised her head to look at Ling Wei again.

Ling Wei still said, “I don’t have parents.”

Hearing this, Ye Ling realized that she had asked the wrong question. She was about to apologize to Ling Wei, but Ling Wei did not give her a chance to speak. He continued, “You are enough.”

Ling Wei was indeed a person who did not know how to say romantic words, but these few words, in Ye Ling’s ears, were more moving than any glib-tongued and sweet-tongued boy’s words.

“En...” Ye Ling was enveloped by Ling Wei’s tall figure. She lowered her head slightly, but her cheeks were pink and rosy. At the same time, she nodded.

“In two years, when the two of you have recovered, you can be IVF babies. Children, as long as you have money, it won’t be a big problem.”

Just as Ye Ling seemed to be nestled in Ling Wei’s arms, so shy that she couldn’t help herself, a female voice suddenly came from the side.

Ling Wei wasn’t too shocked, but Ye Ling directly turned her head to look.

She didn’t know when, but Yun Jian was already standing there.

“AH, Yun Jian! When did you stand here!” Ye Ling was so scared that she quickly got out of Ling Wei’s arms.

“From the beginning to the end.” Yun Jian curled his lips, and at the same time, he stretched out his hand and snapped his fingers.

After he did that, she turned around and said these words to Ling Wei, then left the place:

“Treat her well.”

...

Ling Wei took Ye Ling away.

The class reunion ended after a lively barbecue.

Zhang Shaofeng and Chen Xinyi were living very happily now. Because of Yun Jian's intervention, Zhang Shaofeng and Chen Xinyi's parents revealed the fact that they were not blood-related cousins.

Only Zhang Shaofeng and Chen Xinyi knew the details of the truth.

After returning home, Yun Jian received a letter.

She did not care at first, but when she opened the envelope, she was attracted by the signature.

It was a letter from Shen Ji.

But it was not sent by Shen Ji herself.

The letter was sent by one of Shen Ji's subordinates. It said that Shen Ji had told them to find an opportunity to send this letter to her after she died.

The content of the letter was very simple, only a few short sentences.

However, the words had the style of Shen Ji:

'006, when you see this letter, I will no longer be alive.

'you are the goal that I have worked hard and pursued all my life, but I'm sorry, it is not to surpass you.

'in order to find a reason for my life to continue, I could not sleep until I met you.

"006, I said all this to let you know that I don't value you that much.

"But, thank you for appearing in my life. Without Me, I have to continue working hard.

"And, 006, I love you."

2780 Chapter 2779 asked, "Who does little jian love (Yun Jian Si Yi)?"

Yun Jian clenched the letter tightly with his right thumb and index finger. He only released the letter when the knuckles of his two fingers turned white. He chuckled and spoke to the air as if he was speaking to the deceased divine concubine:

"I know, I've always known."

I've always known that you wanted to surpass me. You never wanted to become stronger. It was just your spiritual support to survive.

But, Shen Ji, I worked so hard to become stronger so that I wouldn't be surpassed by you. Because I didn't want you to return to your former self, who was a walking corpse.

...

The light drizzle outside the open curtains carried a slight breeze as it blew the curtains.

The words of the cloud note landed in this ethereal and lonely empty area, but it could no longer reach the ears of the woman she wanted to convey.

After the voice that sounded like it was talking to itself fell, Yun Jian suddenly drew a red arc. Her faint eyes darkened. "Actually, you know that too, don't you?"

In the dark soul organization, as the Sha God, she put in all her effort to become stronger because she knew that Shen Ji had entrusted the spirit of survival to her.

But how could she not know? Shen Ji also knew this.

The two of them had never talked about this face-to-face. They only used ordinary methods to fight each other.

But in fact, Shen Ji's talent was not much different from Yun Jian's.

In order not to let Shen Ji lose this spiritual pillar, Yun Jian risked his life to become stronger, so strong that Shen Ji could not touch it.

Wasn't Shen Ji the same?

Shen Ji was afraid that if she worked hard, she could really surpass Yun Jian, so she restrained her strength.

The gap between the two became bigger and bigger.

But at the same time, the two of them coexisted and became stronger.

...

Yun Jian held the envelope outside the window with her left hand and opened the lighter with her right hand.

"I love you too." Yun Jian suddenly looked at the envelope and said this, not knowing whether it was to Shen Ji or to the air.

After saying this, she used a lighter to burn it from the top of the envelope.

Seeing the envelope turn into ashes and float away, Yun Jian's eyes moved slightly.

At the moment when the envelope in Yun Jian's hand was about to be burned to ashes.

A big palm reached out from behind her.

The big palm directly held the last bit of paper that was about to be burned to ashes. It extinguished the fire and took it from Yun Jian's hand.

"Little paper, who do you love?" Si Yi's magnetic and mellow male voice came from behind.

Si Yi had almost burned the letter to ashes, leaving only a small note at the end of the letter in his hand. He took a glance at it.

Only the last line of words, "006" and "Love You", had not been burned. Other than that, all the other words had been burned to ashes.

At first glance, it really looked like a love letter.

However, Si Yi only took a glance and threw the small note out of the window. He pressed the cloud paper against the window with one hand. His handsome face moved and the corners of his brows raised slightly. He stuck himself less than a centimeter away from the cloud paper and repeated to her,

"Little paper, who do you love?"

The cloud paper's Red Lips moved slightly. Before it could say anything, Si Yi had already reached out to unbutton her shirt. At the same time, a sentence that made people feel embarrassed stood out from Si Yi's words.

When he said this, Si Yi was pressing the Yun Jian against the windowsill. However, his hand was pressed against the windowsill so that the unpleasant windowsill would not hurt the back of the Yun Jian:

"Since the Little Jian can't tell who she loves, then she might as well do it here until the Little Jian knows who she loves."

2781 Chapter 2780 returned to the university to teach stealing (Peter)

Later on, no matter how the cloud note explained, Si Yi refused to listen.

He pressed her against the window that had not been closed nor had the curtains drawn, forcing her to go soft.

Actually, the cloud note also knew that Si Yi did not know that he suspected her.

Those were all excuses. What he really wanted was to be with her...

Cough Cough! Cough Cough Cough!

...

“Mummy Daddy, Mummy Daddy!”

From afternoon to night, until eight o'clock at night, the cloud tablet finally stopped. Si Yi had just let it go when the little guy and the little girl's babbling sounds came from downstairs.

Si Yi's brows were obviously tightly knitted together.

When the cloud tablet saw Si Yi's expression darken, it looked like he was going to rush up and beat them up just by hearing the little guy and the little girl's voices. She took the initiative to kiss Si Yi, and Si Yi's expression eased up.

“I'll go take a look.” After Yun Jian said this to Si Yi, he opened the door.

Qin Yirou had already come to the door with the little guy and the little girl in her arms.

After the little guy and the little girl were born, Qin Yirou was the one to take care of them.

Qin Yirou was in charge of taking care of the children of Little Yun Zhu, Qin Yirou, and Ge Junjian.

Of course, they were all fed until they were fat and fat.

“Xiao Jian, your father and I have signed up for the Senior Citizens'spring tour group in the community. We will be leaving the province for the spring tour tomorrow. You can take the children for two days first. When mom comes back, she will bring kite and Ming Ming!” Qin yiruo said to Yun Jian.

Qin Yiruo lived in the villa community. Every spring, there would be a senior citizens'spring tour group. In short, it was a spring tour for all the senior citizens in the community.

The elderly who could live here usually had good family conditions, so they would usually go out for a few days.

“Okay, Mom, you and Dad Play Slowly.” Yun Jian agreed to take the little guy and the little girl.

“Yeah, sleep with Daddi and mummy, sleep with Daddi and Mummy!” The little guy cried out excitedly when he was carried to the bed.

The little guy could already speak some ordinary words.

Although the little girl learned a little slower than the little guy, she could already speak some simple words.

“Smelly giggle.” When she was carried onto the big bed of Yun Jian and Si Yi Yi, the little girl kicked the little guy and snorted.

Smelly giggle meant Smelly Big Brother.

After being kicked by the little girl, the little guy did not cry or make a fuss.

If it was Zhou Yiran, the little guy would have already rushed over and started fighting with Zhou Yiran.

...

Qin Yirou and GE Junjian went on a trip for three days before returning. After they returned, they took the little girl and the little guy away.

Si Yi also returned to the dark soul organization.

Yun Jian returned to Jiang City University of Electronics and technology to study.

Yun Jian was studying in his fourth year and was about to graduate.

Being a senior was a relatively busy period of time. Yun Jian did not go to school and had been hanging on to her name.

In the last few months of her senior year, the school required her to be in school, so Yun Jian returned to school.

After studying in school for a few days, she just came out of the martial arts club that day. She was followed by members of the martial arts club and many students from the school.

Everything was fine. However, when Yun Jian had just returned to university a few days ago, Peter, who had been caught by Yun Jian stealing a treasure from z country and Zhejiang province and then invited to join the Gu Sha mercenary group, had been pestering her.

As a result, Peter, who had been pestering Yun Jian for a few days after leaving the martial arts club, suddenly appeared. He chased after Yun Jian in front of the members of the martial arts club and all the passing university students, he yelled at the cloud paper and blatantly said that he was stealing things:

“Snake lizard said that I can ask you to teach me things after I’ve joined the club for three years. This is the privilege of the higher-ups.

“So hurry up and teach me how to steal things!

“Hurry up and teach me how to steal things so that I won’t be discovered!”

2782 Chapter 2781, Sister Yun Jian, for you to eat

Peter had just wrapped himself around her when he was kicked into the gutter by Yun Jian.

“Uh... brother, you’re here again? But I suggest you go to the mental hospital to have a look at your head. You have to learn how to steal!”

Zhou Juntao of the martial arts club had seen Peter more than once. He scratched his hair, stuck out his tongue, and spoke to Peter.

It was obvious that he had treated Peter as a mental patient.

In broad daylight, who would beg someone to teach them how to steal?

Zhou Juntao shook his head with a helpless expression.

“Go back and stay.” Yun Jian glanced at Peter indifferently and said flatly.

Hearing this, knowing that Yun Jian was trying to chase him away, Peter quickly climbed out of the stinking ditch and shouted to Yun Jian, “Don’t, I’ve been in the organization for so many years and haven’t improved at all. I Can’t take it anymore! Quickly teach me! Quickly!”

Peter was a god thief who pursued progress. Otherwise, he wouldn’t have agreed to join the ancient kill mercenary group.

“Five years.” He didn’t expect Yun Jian to suddenly say this.

“What?” Peter was stunned.

“An additional five years of indentured servitude. Other than me, no one else in this world is your match.” Yun Jian put forward the conditions and also gave benefits. At the same time, he curved his lips.

Of course, she was referring to the godly thief region. As long as Peter agreed, no one else would be a match for him.

The conversation between the two of them left the people standing around stunned. They did not understand what they were saying at all.

In the end, after Peter received Yun Jian's promise, he returned to the ancient assassin mercenary group with satisfaction.

...

After staying in Jiangcheng for two days, Tian Yun Jian had just left the school with Mo Bufan and Zhou Juntao from the martial arts club, he was beckoned by a 14-year-old girl with two rustic ponytails across the street from the school. "Sister! Sister Yun Jian!"

When Zhou Juntao saw this, he glanced at Yun Jian and smiled wretchedly. "Hey, President, who's the little girl who called you so enthusiastically? Do you know her?"

Yun Jian stared at the 14-year-old girl who was standing across the street. After pausing for two seconds, she nodded. "Yes."

She knew her.

At this moment, the little girl had already looked left and right at the driveway. Seeing that there were no cars around, she ran over with a glare.

It was Liu Ying.

When Yun Jian represented Jiang Cheng University of Electronics and Technology and Jiang Cheng Normal University's classmates to go to the countryside to teach in the poor mountainous areas, he stayed at the little girl's house for seven whole days.

The little girl Liu Ying and her younger brother Liu Shi had always lived with their grandmother. It was Yun Jian who helped them find their mother who had been imprisoned by the gang leader.

The Little Girl Liu Ying was only eleven at the time. In the blink of an eye, she was already fourteen years old.

The little girl Liu Ying had always remembered Yun Jian and wanted to walk out of the mountain.

Her academic results were excellent. When she was promoted to junior high, she was in the top three in the entire province!

When the results of the promotion were released, it caused a sensation in the province. Countless schools threw rugby balls at the little girl, Liu Ying, in an attempt to invite her to junior high school. They wanted to fulfill Liu Ying's wish to leave the mountains and waive all tuition fees.

Who knew that Liu Ying would choose to come to Jiangcheng, Zhejiang province — the place where Yun Jian went to university to attend junior high school.

However, there was no waiver of tuition fees for junior high school students who came to Zhejiang province. Fortunately, the government had subsidies, so Liu Ying took the subsidies and worked while attending a junior high school in Jiangcheng.

Compared to the girl who was 11 three years ago, Liu Ying was already very limber. She was almost 1.6 meters tall.

After running across the street, Liu Ying handed the cake she had brought back from the construction site to Yun Jian. She said shyly to Yun Jian, "Sister Yun Jian, this is for you!"

2783 Chapter 2782 Liu Ying was extorted by someone

"Yo, little sister looks pretty good." Zhou Juntao whistled.

This move made Liu Ying blush.

"Have you learned any martial arts moves in the past two days? I'll check them one by one later. Those who don't know how to run around Jiang City!" Yun Jian saw Zhou Juntao teasing Liu Ying and gave him a light kick.

"No, no, no! President, I'll go right now! I'll go right now!" Zhou Juntao staggered forward. As he ran, he turned his head to Liu Ying and made a move that looked very cool to him:

"Little sister, come to our school more often to play. Eat more. Big Brother will wait for you to grow up!"

As he said that, he ran far away with a group of students from the martial arts club with a smile.

"President, then we'll leave first." Mo Bufan said this to Yun Jian and followed him.

Liu Ying's face was red.

Liu Ying's clothes were old and tattered. Her clothes were patched with ragged pudding. Her ponytail was also very rustic, but her features were pure and innocent.

Because she was thin, the clothes that were originally tight and tight were loose on her body and could not support her.

Yun Jian also took good care of Liu Ying when she came to Jiangcheng City.

After all, the little girl came here because of her.

“Are you used to staying here?” Seeing that the people from the martial arts club had left, Yun Jian turned to Liu Ying and asked.

“I’m used to it! I’m very used to it! I used to yearn to live in a big city. Now, after I go to school, my classmates treat me very well! So does the manager of the cake shop!” Liu Ying said with a smile, her tone was full of ease.

The manager of the cake shop was the one that Liu Ying worked for.

“Okay.” Yun Jian nodded. Finally, she took out a black pencil from her pocket and wrote a series of phone numbers on Liu Ying’s hand. “Remember to call me if you need anything.”

“Okay! Thank you, Sister Yun Jian! But I’ll be fine!” Liu Ying firmly held the phone number that Yun Jian wrote for her in her hand.

“Then, Sister Yunjian, I’ll go to work first!” Liu Ying said and waved at Yunjian. She clenched her teeth, turned around, and ran away.

Seeing this, Yunjian pursed her lips, turned around, and walked to the headquarters of the martial arts club.

...

It was already ten o’clock in the evening when Liu Ying finished her work at the cake shop.

Today, the owner of the cake shop had just given Liu Ying a month’s salary.

Five Hundred Yuan.

Because it was a temporary job, the money was not much, but for Liu Ying, it was already very good.

Holding this sum of money, Liu Ying had already made a plan in her heart.

She wanted to buy a birthday present for Yun Jian.

Although Yun Jian’s birthday had already passed, she did not make it in time.

But this time, Liu Ying planned to give Yun Jian a surprise.

Five Hundred Yuan for some people, it might be about half a month’s pocket money, one or two months’ pocket money.

But for Liu Ying, it was a huge number.

She had to save a small portion and send it back to her hometown in Province H, Wuzhen, to her mother, brother, and grandmother as living expenses.

She had to leave a little bit as living expenses.

Then she bought a gift for the cloud paper.

Holding the 500 yuan, Liu Ying lowered her head and smiled. She turned a corner and walked toward the school.

She had always lived in the school.

However, the moment Liu Ying turned the corner, she suddenly saw a few young men standing at the corner with a few baseball and iron bars in their hands.

Liu Ying instinctively stopped. Just as she was about to turn around and go back to the school, she saw these young men with baseball and iron bars in their hands had already surrounded her...

One of them even pointed at the money she was holding in her arms and extorted her righteously:

“Hey, Little Girl, you’re a student at Jiangcheng Junior High, right? Just now... I saw you working in a shop and I gave you a salary? Hehe... I’m a little short of money recently, so I’ll lend you some money to spend.

“From now on, I’ll take care of you in Jiangcheng! Whoever dares to bully you will bully me!”

2784 Chapter 2783 will send you to a free hospital

...

Fifteen days later.

Yun Jian had just left school.

In another month or two, Yun Jian would graduate from Jiangcheng University of Electronics and technology.

This would also announce the end of her school life.

Yun Jian had grown up in the dark soul organization. Although she didn't have the opportunity to study from primary school to the second year of junior high, she didn't go to school every day like ordinary people, but in her spare time, she went to school.

It made up for the time that she didn't go to school.

Now, she was about to graduate.

She was looking forward to it.

"Hey, president, are you going back to your hometown this week? I heard that your hometown is in Longmen City, so you have to go to the bus station to take a bus? Let's go back together!" As Yun Jian walked out of the school gate, Zhou Juntao from the martial arts club caught up with her.

"Yes." Yun Jian didn't stop and nodded.

"Hey, by the way, why hasn't the little sister who gave you cake for the first two weeks come back after so many days?" Zhou Juntao couldn't help but think of Liu Ying at this time.

Hearing this, Yun Jian's eyes darkened.

Liu Ying worked at a cake shop near the bus station.

When he passed by, Yun Jian didn't see Liu Ying who was usually busy in the shop.

"I'll go and take a look." After Yun Jian said this to Zhou Juntao, he entered the cake shop.

"Hey, I'll go too!" Zhou Juntao said and followed him in.

The manager of the cake shop was a middle-aged man who was almost 40 years old.

After hearing Yun Jian ask Liu Ying, his expression immediately changed.

...

After walking out of the cake shop, Yun Jian went straight to the city hospital.

Something had happened to Liu Ying.

On the night 15 days ago, she had just received a salary of 500 yuan when she was extorted by a group of boys from a nearby university.

Liu Ying refused to hand over the 500 yuan no matter what, because to her, it was not only her living expenses for the next month, but also living in the poor countryside. Just walking from the village to the school, it would take two hours of living expenses for her mother, younger brother, and grandmother.

The group of boys from the nearby university saw that Liu Ying refused to hand over the money and felt humiliated, so they punched and kicked Liu Ying.

Originally, they just wanted to let Liu Ying know how powerful she was, but they didn't expect that they would accidentally hit Liu Ying's head with an iron rod, and Liu Ying was knocked unconscious on the spot.

The group of boys on the spot were scared and ran away.

If it wasn't for the passers-by who found Liu Ying, Liu Ying would have died on the spot.

After that, she was sent to the hospital for treatment and was already out of danger. However, she was still severely concussed and left with some sequelae.

Liu Ying's mother was far away in Province H. the cake shop owner said that Liu Ying's form teacher, Zhou, had gone to the police station in place of Liu Ying's parents. She said that she had already found the boys who committed the crimes and was dealing with this matter.

Yun Jian did not choose to return to Longmen City. She went to the hospital. After seeing that Liu Ying had fallen asleep, she went to the local police station.

Zhou Juntao knew about this matter and did not go home. Instead, he hurriedly followed Yun Jian.

As soon as he arrived, he saw a woman who was making a phone call at the door.

This woman was none other than the form teacher, teacher Zhou, who was representing Liu Ying's parents to sue the boys who committed the crimes for Liu Ying.

According to the nurses in the hospital, teacher Zhou was the one who paid for Liu Ying's medical expenses.

As soon as Yun Jian arrived, a few boys walked out from the police station. They looked mighty and arrogant.

"Ha, I told you. What could possibly happen? We didn't intentionally hurt that girl. Besides, she has a severe concussion. She's not dying. Why don't we just ask my mom to pay for it?"

"I was scared to death. I thought something big was going to happen."

“Great, now we have a reason to ask for more money from the parents. Damn it, I can’t even afford to treat my girlfriend to a meal these days. How embarrassing it is to be in front of a group of girls!”

...

As soon as these boys walked out of the police station, they put their hands on each other’s shoulders and talked casually.

That’s right, these boys were the ones who injured Liu Ying.

Judging from their behavior, they had no intention of admitting their mistakes.

They even acted as if their injuries were not serious enough, and even the police did not have the right to care about them.

“You guys, Stop!”After teacher Zhou made the phone call, he walked over and stopped these boys.

“What’s wrong, Old Woman?”The most arrogant boy looked at Zhou with a contemptuous expression and said rudely.

“My student was injured by you and was sent to the hospital. Don’t you have an apology and repentance!”Zhou was so angry that he wanted to reason with this group of people.

“Get out of the way, Old Woman! If you say anything else, I’ll beat you up!”After the most arrogant boy said this, he made a fist gesture, but he didn’t really hit them.

After saying that, he made a “Tsk”sound and led a group of people in another direction.

Just as he glanced over, he saw a young girl in her early twenties.

The young girl was wearing a tight white shirt and tight jeans, which accentuated her slim and attractive figure.

The boys’eyes immediately lit up.

The rather arrogant boy whistled and asked, “Little girl, which school do you study...”

Which School.

Before he could finish, Yun Jian raised his foot and kicked the boy’s chin, causing his back to fall to the ground.

In the next second, Yun Jian stepped on the boy's head in front of the group of boys, teacher Zhou, and Zhou Juntao. He looked coldly at the group of boys who had extorted Liu Ying and used the same method to retaliate:

"I am Yun Jian, the president of the Martial Arts Club of Jiang City University of electronic technology. I will give you two choices now.

"First, give me a million and you can get out of my sight.

"Second, I will send you to the hospital for free!"

2785 Chapter 2783 the world was cruel

One Million!

Who could afford that!

Otherwise, they wouldn't have extorted money from Liu Ying!

This group of boys did have a few dollars at home, but at most, it was the kind that provided for the well-to-do.

Moreover, boys at this age loved to play. Their parents restrained their children's pocket money, forcing these boys to be unable to spend freely in front of the girls. They felt that it was a loss of face, so they went to extort.

"One, one million! What a joke! If we can take out this money, we can also extort that little thing that could not withstand a beating two days ago!"

"You're purely here to stir up trouble!"

Seeing Yun Jian stepping on one of his own people, a boy who was dyed red, yellow, and blue by Yun Jian's fierce skills, who was about the same height as Yun Jian, hurriedly replied.

Obviously, he did not know that Yun Zhi came for the little thing he was talking about, Liu Ying's matter.

"Congratulations, you guessed it right. I'm here to stir up trouble. This is a big gift for you."

She thought that Yun Zhi would stop. Unexpectedly, just as she withdrew her foot from the boy's head, she took a side step and kicked the boy who was dyed red, yellow, and blue with a horrendous hairstyle away, forcefully sending him ten meters away.

“Hey, president, this group of people actually dares to bully a cute little sister. I’ll help you beat them up! At worst, I’ll go to the police station! I’ll let you see the power of my Jiangcheng University of Electronic Technology’s martial arts club!”

When Zhou Juntao saw this, he did not look at Liu Ying’s form teacher, teacher Zhou, who wanted to stop the group fight. He rushed forward and clenched his fist, wanting to make a move.

However, just as Zhou Juntao clenched his fist and wanted to make a move, the group of boys who had injured Liu Ying were already lying on the ground, clutching their respective parts that had been kicked. Their faces were trembling with fear, they looked at Yun Jian as if they had seen some kind of monster, wailing in pain.

...

After coming out of the police station, Yun Jian walked towards the hospital.

“Hey, President, you should have beaten up those B * stards a few more times just now, so that they will never forget you again!” Zhou Juntao followed behind Yun Jian, talking incessantly.

Until the two of them entered Liu Ying’s Hospital ward.

At this time, Liu Ying had already woken up.

However, she was looking out of the window, thinking about something.

Seeing Yun Jian and Zhou Juntao enter the room, Liu Ying opened her mouth, but there was no spiritual energy from before. She looked a little cold-hearted:

“Sister, why is the outside world different from our place? Grandma said that although the people there are poor, they wouldn’t steal from us even if they starved to death.

“Grandma said that her grandfather lived in a time when he was really poor. At that time, there was no rain in the four seasons and the annual harvest was not enough to eat. My Great-great-grandfather starved to death.

“But until the last moment, he never had the intention to steal money and food from others.

“Why...”

Wasn’t the outside world, the big city that all the children in the mountain village yearned for, supposed to be very friendly and peaceful?

Why did she suddenly realize that the perfect world that everyone was looking forward to was actually not so perfect.

Were their expectations all along right or wrong?

“Eh? President, president, what does little sister mean? Why do I not understand?” Zhou Juntao scratched his head and asked as he stood behind the cloud paper.

Zhou Juntao naturally did not understand, because he had never experienced such a chill before.

Yun Jian did not answer Zhou Juntao. Her red lips only moved slightly. Under the gaze of Liu Ying and Zhou Juntao, she suddenly said cruelly to Liu Ying,

“This world is not as perfect as you imagine. It is only more cruel that people can not bear. If you can not adapt, then go home. At least you still have a home to go back to now.” Unlike the past me..., always behind myself.

2786 Chapter 2784 “If you agree to the condition, I will return it to you” (Yun Yi with green glaze)

Yun Jian did not wait for Liu Ying’s answer. Instead, he directly left the hospital.

Zhou Juntao originally wanted to leave as well, but seeing that Liu Ying’s mood was unstable, he messed up his hair and shouted, “I’ll go”. However, he ran out and made a phone call, intending to stay at the hospital for the night to accompany Liu Ying.

Although he had a big voice and was not a very stable person, he had a good heart. Seeing Liu Ying’s skinny and small figure, he felt very pitiful, so he voluntarily refused to go home and stayed to accompany her.

...

Longmen City, Qingyan’s house.

It was already a mess here.

Gu Nian had left. She had been lured back to the divine continent by Li Nong. Leng Mei had left. Di Lin had captured her and brought her back to the blood doll organization.

Si Luo and Luo Lei had long left Longmen City as well.

Qing glaze had started to let herself go.

At that moment, on the sofa at Qing glaze’s house.

Qing glaze was wearing a tight white vest. She was casually wearing a short-sleeved shirt and was sitting on the sofa. Her legs, which were only wearing a pair of baggy shorts, were resting on the back of the sofa, which was even higher than where she was sitting.

She dug into the oversized potato chips in her arms and threw them into her mouth one by one. "Crack, crack, Crack." She chewed on the potato chips and the chips were scattered all around her.

There were also a lot of clothes that he had changed into.

At this moment, Qing Yan was looking at the Calabash doll that was playing on the color TV in front of the sofa. He frowned and stared at it nervously.

This calabash doll was almost worn out by Qing Yan over and over again. However, every time he saw his grandfather being captured by the fairy, Qing Yan's whole body and mind tensed up. Every time he watched it over and over again, he was never tired.

Yun Yi shook his head. With a helpless expression, he untied his apron and walked out of the kitchen, which had just finished washing the dishes.

Halfway through the potato chips, green glaze suddenly jumped off the sofa and ran barefoot to the fridge. She took out bottles of sealed red wine from the fridge and ran back to the sofa, waving at Yun Yi:

"Brother Yun Yi, this bottle of red wine was given to me by sister Jian a while ago. It's very expensive. Do you want to try it together?"

For some reason, Qing glaze had learned to call Yun Yi "Big Brother Yun Yi" in a coquettish voice some time ago.

The soft voice of the young girl made Yun Yi feel numb all over.

He really wanted to press the alluring Qing glaze under his body and play with it.

Yun Yi suppressed the evil thoughts in his heart. He walked over and grabbed the red wine from Qing glaze's hand with the help of his long arm. He raised it high and said, "Don't drink it."

"Why! Why! Brother Yun Yi, if you don't drink with me, then so be it. Why Can't even I drink it?" Qing Yan jumped up and couldn't reach Yun Yi's hand. She grabbed the corner of Yun Yi's shirt with one hand and pouted.

"This is already the first bottle of red wine I've given you. It's not good for your health to drink it every day." Yun Yi walked to the sink and poured the red wine into the sink in front of Qing Yan. The red wine was washed away by the current.

“No! Brother Yun Yi, it’s just a small sip. I’ll agree to whatever you want. Just a small sip, okay?” Seeing that Yun Yi was about to pour out all the red wine, Qing Yan was anxious and quickly said.

After pinching that there was only a little red wine left in the red wine bottle, Yun Yi stopped in time. He curled his lips and looked at Qing Yan with an evil expression. “Huh?”

At this moment, Qing Yan ran to Yun Yi’s side from a distance. She leaned against Yun Yi’s side and pulled his arm to rub against it.

“Brother Yun Yi, I only drink a little.” Her voice was so soft that Yun Yi could not control himself.

“Agree to anything?” Yun Yi’s breathing became heavier.

Qing Yan nodded her head like a rattle-drum.

At this moment, Yun Yi pressed Qing Yan against the kitchen sink with one hand. He lowered his head and leaned evilly against her ear, making his request:

“Come with me to the bedroom. I’ll return it to you after you finish what you need to do.”

2787 Chapter 2785 the words of Yun Yi, like an old man (Green Glaze Yun Yi)

The two words that Yun Yi said were like those of a fifty-year-old, shifty-looking, crooked-looking, and crooked-looking CEO of a business who was not even as tall as green glaze, but who relied on his wealth and power to say that he wanted to have a room with a young girl.

That kind of thing was clearly not something that he should do at his age, but he relied on his wealth and power to force good women to submit to the Bald Mediterranean, beer-bellied boss.

However, when Yun Yi said this, it changed the taste.

It became a feeling that he should do it.

Although Qing Yan looked at the gourd doll every day, she naturally understood the meaning behind Yun Yi’s words. Her face blushed and she pushed Yun Yi away with her hand. She pouted and walked out of the kitchen:

“No! Then I’ll just ask sister Jian for another bottle of red wine. There’s only a small sip left. I don’t want it either!”

Yun Yi's evil expression did not change even after he said that. He picked up the red wine bottle and swallowed the last mouthful of red wine in it.

Yun Yi never drank red wine.

Qing Yan was still walking towards his room. He pouted and looked cute and attractive.

Yun Yi caught up with Qing Yan with three big steps. He came to Qing Yan and put his hand on the back of Qing Yan's head. At the same time, he also dropped his head.

With a deep kiss, all the red wine in his mouth was poured into her mouth.

...

This deep kiss made Qing Yan feel ashamed and embarrassed.

After letting go, Qing Yan's cheeks turned red. She wiped her lips with the back of her hand, jumped up, and patted Yun Yi before running back to her bedroom.

She even locked the bedroom door.

HMPH, she just won't let him in!

A bad person!

In the bedroom, thinking that Yun Yi actually fed him red wine in such a way, Qing Yan lowered his head again.

With his hands on his cheeks, Qing Yan gently patted twice. He planned to wait for Yun Yi to leave his house before he left the bedroom door.

He was too shy and shy!

"Little Qing Yan, open the door." Unexpectedly, just as he entered the bedroom, Yun Yi's magnetic voice came from outside the door.

There was a hint of evil in his voice.

"Well... I'm not feeling well today. Help me take out the trash in the living room and go home. I'll look for you tomorrow, and then we'll go to the movies together..."

Qingyan rolled his big eyes, his gaze drifting. The words that came out of Qingyan's mouth were not very accurate.

Green glaze and Yun Yi had been in a relationship for almost six years.

Other than kissing, hugging, and touching, there were no more intimate actions.

But green glaze could already feel Yun Yi's eagerness to move.

"Where are you uncomfortable? Let me take a look." Yun Yi waited for green glaze to finish speaking before continuing, unwilling to let go.

"AH, there's no need for that. I'll just sleep it off." Green glaze leaned against the door, listening for the sound of Yun Yi's footsteps outside.

Who would have thought that just as Qing glaze leaned against the door with all her strength to hear if Yun Yi had already left, the door would suddenly be picked open.

Qing glaze's center of gravity was on the door. When the door was suddenly opened, her whole body fell out of the door.

Yun Yi caught Qing glaze in time and hugged the little liar Qing glaze in his arms. He could not help but hook Qing glaze's nose. Gou Xie smiled at Qing glaze and said,

"It seems that my little Qing glaze is indeed 'not feeling well'. Don't be afraid. I specialize in treating all kinds of physical ailments. In just a few hours, I guarantee that my little Qing glaze will be alive and kicking again."

As he said that, he half-squatted down and directly picked up Qing glaze with his other hand and walked into the bedroom.

With a fierce kick from his heel, he closed the door.

He strode two steps towards the big bed and threw Qing glaze onto it.

2788 Chapter 2786 received the good news that Ye Ling was pregnant

In fact, Qing Yan had been in a relationship with Yun Yi for about six years and had already given her entire heart to him.

But on this matter, Qing Yan was a little afraid.

Because she had once secretly asked Yun Jian.

After Qing Yan heard Yun Jian's words, she was shocked for a few years. Every Time Yun Yi wanted to make further progress with her, she would use various reasons to change the topic.

She was afraid of pain

As the world's number one poison master, Elder Qing Yan was most afraid of pain!

“Brother Yun Yi, Brother Yun Yi, you are the best! I know I’m wrong! I know I’m Wrong!”Qing Yan looked at Yun Yi with her most innocent and pitiful eyes.

Without knowing it, Yun Yi’s breathing became heavier when he saw Qing Yan looking at him with her innocent and pitiful eyes.

“Good boy...”Yun Yi curled his lips.

Qing Yan was still afraid. She blinked and looked at Yun Yi.

Yun Yi’s face darkened when he heard that it was his younger sister who had tricked him. However, he quickly changed his expression and half-pushed Qing Yan into submission. “Good boy, let’s try...”

Reality proved that when Qing Yan was in so much pain that she shouted for him to stop, Yun Yi had already transformed into a vicious wolf and refused to stop no matter what.

...

One and a half months later.

Jiang City University of electronic technology.

Yun Jian had just left the martial arts club and was walking towards the school.

“Sister Yun Jian!”

Before she entered the school, a female voice came from behind her.

It was Liu Ying.

Yun Jian was about to graduate. In a few days, it would be the last graduation exam of the university.

Yun Jian turned around.

“Sister Yun Jian, what you said last time... I thought about it for more than a month, and now I’ve thought it through! I want to go to school properly. Here, no matter how hard it will be in the future, I will persist!

“Because I want to be a teacher! Like the teachers in Wuzhen, I want to go back to the countryside to teach! And then I want to tell them about the outside world!”

This was Liu Ying’s decision and plan for the future after careful consideration for so many days.

“Once you’ve decided, don’t go back on your words.” Yun Jian only said these words. In the end, he patted Liu Ying on the shoulder and didn’t say anything else. He turned around and walked into the school gate.

“I will! Sister, I Will!” Liu Ying’s eyes suddenly turned red. She put her hands to her mouth and rushed into the school gate, shouting a few times.

...

Two days later, Yun Jian suddenly received a piece of good news.

Ye Ling was pregnant.

Initially, he thought that there was only a 1% chance. Ye Ling had already planned to have a test-tube baby with Lin Wei in the future, or even make preparations for a Dink family.

At most, she would not have a child.

Who knew that Ye Ling would actually have a child with this 1% chance!

When Yun Jian went to visit ye Ling and Ling Wei, he happened to meet ye Ling and Ling Wei at the main entrance.

When Ye Ling saw Yun Jian, she wanted to jump straight to the ground from the steps at the main entrance and Hug Yun Jian.

However, she had just taken a step and wanted to jump down from the steps at the main entrance when Ling Wei grabbed her.

Not only did he not let ye Ling walk down the steps by herself, he even carefully carried ye Ling in his arms. After carrying her down the steps, he placed her on the ground and held her hand tightly as he said bluntly,

“Why are you running? What if you lose my child?”

2789 Chapter 2787 on the cloud note, the person who acted cool

Being carried down the stairs by Ling Wei, especially in front of the cloud note, Ye Ling felt awkward. She gave Ling Wei a small push and said softly, “I’m not that weak.”

If it was any other man, he would have followed ye Ling’s instructions and agreed with her.

Unfortunately, this man was Ling Wei.

“Yes,” he said sternly to Ye Ling in the tone of an assassin from an assassin training camp that trained dark souls.

As soon as Lin Wei, who was so serious that he did not even know how to say sweet sarcasm, finished speaking, Ye Ling walked angrily to Yun Jian.

She ignored Lin Wei for three whole hours.

Lin Wei was confused. What did he do wrong?

...

Yun Jian visited Ye Ling once and brought some supplements for her before returning to Jiang City University of Electronics and Technology.

In a few days, it would be the final exam for the fourth-year students.

Although Yun Jian did not study in school for a large part of the time, she still got full marks in all subjects and could successfully graduate from the university.

The final graduation exam was just a formality for her.

This Tian Yunjian was sitting alone on the lawn beside the basketball court reading a book.

It was rare for Yun Jian to have such a leisurely time.

Mo Bufan, Zhou Juntao, Zhou Dun, and other members of the martial arts club had formed a team, they were having a private friendly match on the basketball court with a basketball team from Jiangcheng Media University, which was next door.

Yun Jian read the book and then watched the basketball match. In the end, he simply put the book on his face and lay down on the big lawn next to the basketball court, closing his eyes and sleeping.

“Ahhh! Qijun is so handsome! Ahhh! I Can’t hold it in anymore!”

“My heart is pounding. How can there be such a handsome boy? Ahhh...”

...

The basketball team of Jiangcheng Media University was organized by the school grass-root Luo Qijun of Jiangcheng Media University.

The fans of Luo Qijun who followed them from Jiangcheng Media University shouted and shouted at the top of their lungs. Their voices shook the sky.

Mo Bufan was also the campus belle of Jiang City University of Electronics and technology.

He was a pair of equals with Luo Qijun's team.

Originally, the two handsome men each had their own unique looks. However, at this juncture, the girls would be happy with whoever was stronger.

Mo Bufan, Zhou Juntao, and the others were not on a professional basketball team, so Luo Qijun's team had the upper hand.

That was why the girls screamed Luo Qijun's name more often.

Mo Bufan naturally did not care about this. After joining the martial arts club led by Yun Jian, this kind of youthful mentality was no longer so important to Mo Bufan.

His mentality also became steady.

Luo Qijun, on the other hand, was extremely smug.

He glanced at the girls and wanted to see if there were any pretty girls. However, he was attracted by Yun Jian, who was sitting alone on the lawn and had just taken the book off his head.

Perhaps to show off his manliness at his young age, Luo Qijun whistled. He accidentally hit the basketball and sent it flying towards the scroll.

"Pretty Girl, you accidentally hit the basketball. Help kick the basketball back!"

Luo Qijun spoke when the basketball was about to roll towards the scroll.

However, the scene that stunned everyone present suddenly appeared —

Yun Jian stood up in front of everyone. With both hands in her pockets, she kicked the basketball that was rolling towards her.

It was just a light kick, but the basketball actually flew into the air. With a perfect arc, in an instant, it directly smashed into the face of Luo Qijun, who was trying to act cool and act cool not far away!

Everyone cried out in surprise, but they only saw Yun Jian coldly glance at Luo Qijun. She had already walked towards the basketball court and arrived in front of Mo Bufan and the others. In front of everyone.., he said something to Luo Qijun's team that stunned everyone present:

“12-6. In the next half of the basketball game, Your Jiang City Media University’s basketball team, which is leading by six points, can forget about winning by one point.”

2790 Chapter 2788 stealing it was the most expensive, the bottle of red wine

The basketball hit Luo Qijun hard on the bridge of his nose. The momentum almost crushed his relatively high bridge of nose!

After saying that, the basketball rolled from Luo Qijun’s face to the ground.

Luo Qijun howled and covered his nose.

“What’s the situation with this girl! Qijun, how are you?”When Luo Qijun’s basketball team boys saw this, they came over and asked with concern.

“I’m fine.”Luo Qijun pushed away the male classmate who came over to him and showed concern for him. His eyes were staring straight at Yun Jian.

“Oh my God, that girl must be crazy! She did this to Qijun for no reason!”

“She should call the police, arrest her and put her in jail for Life! SOB SOB, my heart aches for Qijun...”

...

A group of girls who adored Luo Qijun stood by the side and scolded Yun Jian. Each of them spoke harsher than the last.

There were also girls from Jiangcheng University of electronic technology who spoke up for Yun Jian.

“What do you mean for no reason! That’s the president of our school’s martial arts club. If he doesn’t help our school, why would he help your people?”

“Yun Jian, you can do it! Get Rid of those people from other schools who came to our school to play basketball and put on airs!”

...

The girls’ discussions were like a group of sparrows that kept clicking their tongues. There was no time for them to stop or end.

Luo Qijun had already wiped his red nose that had been hit by the basketball. His eyes were glued to the cloud paper that was standing in front of the members of the martial arts club’s basketball team. After a while, he used a tone that was enough to make the girls around him scream, he said a sentence that he thought was very handsome:

“Ha, woman, you have successfully attracted my attention.”

As soon as he said this, the basketball that hit Luo Qi’s nose and rolled to Yun Jian’s side was already lightly patted by her. In front of everyone, she threw it into the basketball rack from 30 meters away without even looking at it.

This was not a regular basketball match to begin with. To put it bluntly, it was just a friendly match between two people from two schools who just happened to get together.

Therefore, as long as the ball was dug into the basketball rack, it would be counted as one point.

With a bang, the basketball went into the blue.

Yun Jian had done this once when he threw the basketball from thirty meters away. It had been six or seven years since he had done it at Longmen first high school.

It had happened again after so long.

Even so, this move, which was so simple to Yun Jian, had shocked the entire stadium.

Luo Qijun saw Yun Jian’s shocking action as soon as he finished speaking. He rubbed his eyes in disbelief.

“Qijun, that woman... That woman stood so far away and threw the basketball into the basketball rack. She... She must be an expert!” A boy on Luo Qijun’s side said in a deep and rough voice.

“Step aside,” Luo Qijun said and rolled up his sleeves at the same time, as if this place was going to become a battlefield between him and Yun Jian.

It was as if this place was going to be the final match between him and Yun Jian. The rest of the people were the green leaves for him and Yun Jian, and he and Yun Jian were going to be defeated by him in this match, it was obvious that Yun Jian would change his attitude towards him.

Of course, this was Luo Qijun’s own thought.

He had just rolled up his sleeves and was about to put on a show when the basketball that Yun Jian had dug into the basketball rack and landed on the ground was suddenly smashed towards Yun Jian at lightning speed!

That speed was comparable to when Yun Jian had smashed into Luo Qijun!

Luo Qijun and everyone present were shocked. Their first reaction was that Yun Zhi was about to be hit by the basketball just like Luo Qijun!

After all, who could withstand such a fast speed!

However, what was unexpected was that Yun Zhi had moved to the side three seconds before the basketball was about to hit her.

At the same time, she directly raised her leg with a 180 degree angle, using a force that was even more violent than when the basketball had smashed towards her, forcefully kicking the basketball back in the direction where it had smashed towards her in a split second!

The person who had thrown the basketball at Yun Jian was a girl wearing short-sleeved shorts.

When the girl saw that the basketball had been kicked back by Yun Jian, she flipped over and dodged the basketball's attack in front of everyone present.

The girl was none other than Qing glaze!

The speed at which Yun Jian and Qing glaze dodged the basketball's attack was definitely not something that an ordinary person could do!

This scene shocked everyone in the crowd.

Luo Qijun's terrified expression changed!

At this moment, Qing glaze took two big steps towards Yun Jian. While the crowd was terrified that the two girls had such agility, she said something that shocked everyone present:

"Haha! Sister Jian! It's been a long time since the two of us competed in a basketball match. Do you want to give it a try?"

"If I win, you can take me to the M Nation's world's largest wine exhibition next month and steal that bottle of the world's most expensive wine for me to drink!"

2791 Chapter 2789: super face-smacking, deadly counterattack

Let's not talk about why Yun Jian and Qing glaze, who suddenly appeared here, had such terrifying strength.

Just the words that jumped out of Qing glaze's mouth.

What did she mean by taking her to steal the world's most expensive bottle of red wine from M Nation's world's largest red wine exhibition if she won? ?

Moreover, the words that jumped out of Qing glaze's mouth seemed to be an extremely simple matter!

"There is indeed a wine exhibition in M Nation next month, and it has been called the largest wine exhibition in the world, and a number of news reports have reported on the event in advance, which is the most sensational event in recent times.

"But... . . . next month's wine show is full of international bigwigs, and security at that kind of event, not even a fly can sneak in, let alone two girls like you

Luo Qijun also forgot about the basketball game that was still on the way. He looked at Yun Jian and Qing glaze in a daze. After listening to Qing glaze's words, he was so shocked that he couldn't close his mouth.

Luo Qijun's words were indeed reasonable.

"Those international bigwigs will naturally participate in those places. Ordinary people like us don't even have the qualifications to see the market."

As soon as Luo Qijun finished speaking, a dignified and elegant girl walked out from the group of girls.

This girl's voice was already standing beside Luo Qijun.

"Of course, the same goes for all of you. You're just an ordinary university student." After the girl came to Luo Qijun's side, she even deliberately reminded Yun Jian and Qing glaze of their identities.

"Zhu Zhu, don't make it sound so bad." When Luo Qijun saw the girl, a flash of displeasure flashed across his face.

Hearing this, the girl called Zhu Zhu was a little unhappy.

Then, Zhu Zhu seemed to have remembered something. She suddenly put on a very smug expression, looked at Luo Qijun, and exaggerated her voice:

"If I don't mention it, I would have forgotten about it. Eight years ago, at that world-shaking wine tasting conference, wasn't Uncle Qijun lucky enough to be invited to participate?"

"That world wine tasting conference is nothing compared to this world's largest wine exhibition! It was known as the first wine tasting conference in history. Not only did the big shots of the righteous path come, but those who heard of the underworld, underground agents, and assassins, all came to take their seats!"

“And uncle was invited to participate in a fair and square manner. There was no need to sneak in!”

At this point, Zhu Zhu glanced at Yun Jian and Qing glaze. Her last sentence was to belittle Yun Jian and Qing glaze.

At the Wine Tasting Conference eight years ago, all the best and most expensive wines in the world were in place.

As for why it was called the number one wine tasting conference in history, it was not only because the wine was the best and most expensive wine in history, but also because the last big shot of unknown origin had spent a total of five billion RMB to buy all the wines.., all of it was packaged and bought by one person at a high price!

In the wine tasting conference, no matter who bid higher, that person would raise the price to an unacceptable level, and the last bottle of wine would be auctioned off by that person!

This matter could be considered to have bombed the entire world and refreshed people’s understanding of wealth!

And Luo Qijun’s father had also been invited to participate in that wine tasting conference!

This was something that he was very proud of!

Even though Luo Qijun did not like Zhu Zhu, he could not hide the smug look on his face.

Just as Luo Qijun was being praised by all the girls around him, he suddenly heard Qing glaze say such a shocking sentence to Yun Jian:

“Huh? The wine tasting event eight years ago, could it be that it was held in New York, M Nation?”?

“Sister Jian, didn’t you spend five billion to buy those wines? Now, all the wines are still with master, and a few bottles have become moldy. You said that you can’t finish all of them, and they’re not delicious. Just thinking about it makes me feel like it’s a waste.”

2792 Chapter 2790 the rich man who had caused a sensation all over the world

Eight years ago, Yun Jian had indeed participated in that wine tasting event.

He had even spent five billion yuan to buy all the good wines in that wine tasting event.

At that time, people all over the world were speculating about who the person who had such a grand spirit was!

At that time, it had even become an international story that made people's interest multiply.

Just now, Zhu Zhu wanted to use Luo Qijun's father to participate in the wine tasting as a way to show off, but she didn't expect that...

"How... How is this possible! ?!"

"Father once said that at the auction venue of the wine tasting, whenever someone bid, he would raise the price to the highest, or even a sky-high price that others couldn't afford. The last person who bought all the wine was a man who was at least 1.9 meters tall, and his entire body and face were covered!"

"How could she be the one who bought it! ?!"

"She is just a student of Your Jiang City University of electronic technology... no matter how bad she is, she is only the president of a martial arts club... This doesn't match at all..."

Luo Qijun stared at Mo Bufan with an expression of eating maniac, as if he wanted Mo Bufan to expose the lie of green glaze.

However, what Luo Qijun saw was Mo Bufan shrugging his shoulders at Luo Qijun and glancing to the side. He only said a philosophical sentence that people didn't quite understand, "Anything is possible."

"This kind of unrealistic thing, just like how modern people can travel back in time to change history, is simply impossible! Qijun, don't be fooled!"

Zhu Zhu saw that Luo Qijun, who had always been aloof and proud, was the childhood friend of her family. How could she say so much because of a woman? She was very unhappy.

In 2005, this era was changing. It was the era when the economy of Z country was developing very rapidly.

The film and television industry was also on the right track because of the economic conditions of Z country's people. Every family was almost able to install televisions.

In this era, the time travel television was popular. Not long ago, a popular movie had been released, so Zhu Zhu could not help but use this as a comparison.

Luo Qijun pressed his forehead. Although he did not like Zhu Zhu very much, he still felt that Zhu Zhu's words made sense.

Therefore, after he recovered from his shock, Luo Qijun looked at the cloud note. He saw that the girls around him were all looking at him. Although he would not like those girls, a young man like Luo Qijun could not wait to like as many girls as possible, so that he could show off his charm.

After coolly flipping his short hair, Luo Qijun spoke with a sincere and overbearing tone towards the cloud paper and Qingyan:

"Girls of your age have not seen much of the world. You will suffer a great loss if you go out in the future."

As he spoke, he raised his hand and looked at the watch on his right hand. He stared at the cloud paper and continued:

"I don't have time to play basketball with you guys anymore. Another Day, beautiful. Give me your phone number. I'll contact you next time."

As he spoke, he even reached out his hand. It seemed like he wanted Yun Jian to give him the phone number of a normal boy and girl when they met. When the boys and girls didn't bring their notebooks, he would give it to them on their arms.

Qing Yan clicked his tongue and almost laughed out loud.

Yun Jian's face was indifferent and didn't move.

Just as Luo Qijun was about to use another method.

"You're here!" Qing Yan suddenly stretched out her long arm and waved to one side.

"Oh right, sister Jian, actually, I didn't come here today to play some basketball game with you. I came here to accompany someone to look for you!" Qing Yan turned around and explained to Yun Jian, then stood to the side.

A burly man who was about 1.9 meters tall and covered his entire body was walking over.

Although he was tall, his footsteps were as agile as a leopard's.

The person who came was none other than tiger leopard, the elder of the ancient kill mercenary group who stood side by side with the snake lizard!

After tiger leopard arrived, he respectfully called out to Yun Jian in front of everyone, "Sister Jian."

This wasn't anything strange, but just when no one understood who this burly man who covered himself up was.

Luo Qijun's eyes suddenly widened, and his body trembled. Then, he looked at Hu Bao, and his hand moved like a spring towards Hu Bao. In front of everyone who was watching the show, he exclaimed to Hu Bao,

"This outfit!

"The wine tasting meeting that my father mentioned eight years ago, the man who spent a high price to buy all the wine was gone! My father even showed me a picture of that man at the auction!

"You, are you the rich man who shocked the world eight years ago! !!"

2793 Chapter 2791: all traitors shall be annihilated

After Chao Yun Jian finished speaking, Hu Bao, whose entire body was wrapped in clothes, suddenly heard Luo Qijun's words. He thought that Luo Qijun was a friend of Yun Jian.

He was about 1.9 meters tall and looked tall and strong. Although Hu Bao's face could not be seen, just looking at the pair of pitch-black eyes that were exposed outside, the hearts of the people around him trembled, they thought that Hu Bao was an extremely cold and aloof person.

Hu Bao turned around and tore off the black cloth covering his face, leaving only a pair of black eyes. He grinned at Luo Qijun and gave a smile that made Luo Qijun take two steps back.

At the same time, he directly admitted that he was the rich man that Luo Qijun mentioned eight years ago!

At the moment when Luo Qijun, Zhu Zhu who stood beside him, and all the people who suspected Yun Jian were stunned by this scene.

Yun Jian suddenly walked in front of Hu Bao, who was instantly changed from astonishment to admiration by everyone present. She stood on her tiptoes in front of everyone and grabbed the back of Hu Bao's collar. She lightly kicked Qing Yan, who was standing silently at the side, she grabbed Hu Bao and walked toward the school gate.

"Why are you looking for me?" Yun Jian asked as she walked.

She had originally planned to participate in the last few days of school life — playing basketball.

However, looking at Luo Qijun's group, it was obvious that they weren't willing to continue.

"Sister Jian, let go of Me First!" Hu Bao was dragged two steps by Yun Zhi and spoke in a respectful tone to his superior.

Yun Zhi immediately let go.

At this moment, Luo Qijun, Zhu Zhu, and the group of people standing at the back, who saw this scene, were once again stunned.

"It turns out that the rich man who caused a sensation all over the world back then... was someone else!" Luo Qijun's eyes were filled with terror, and his eyes were even more exaggerated than those of a dead fish. He was completely stunned.

"And this person... Is You... the president of the Martial Arts Club of Jiang City University of electronic technology!" This sentence was uttered by Luo Qijun with a roar that was almost hysterical.

However, when everyone looked up, Hu Bao and Qing Yan had already obediently followed behind Yun Jian. The figures of the three of them were like a beautiful scenery that flashed past everyone's eyes.

When they looked up again, they could no longer find their tracks.

...

Ancient kill mercenary group.

Hu Bao and Qing Yan came to look for Yun Jian personally for a reason.

Yun Jian had just returned to the ancient kill mercenary group when she saw Xu Zetian, who was managing the Falcon Palace for her, sitting there.

Seeing Yun Jian enter, all the upper echelons of the ancient kill mercenary group, as well as Xu Zetian, stood up and nodded at Yun Jian, "Sister Jian!"

"Did you all see the strategy I gave you earlier?" Seeing this, Yun Jian didn't stand on ceremony. She walked to the highest spot, pulled out a stool, and sat down. She went straight to the point.

"Yes, I saw it. Moving the Falcon Palace overseas. I agree with this very much. It's just that the other provinces of the Falcon Palace have their own managers.

"Many managers even have the idea of leaving our Falcon Palace and making their own decisions.

“If they don’t agree to move all the forces of Falcon Palace overseas, I’m afraid... They will use this opportunity to strike back at us.”

Every region of Falcon Palace had their own managers.

Zhejiang province was the headquarters, so it was under Yun Jian and Xu Zetian’s direct jurisdiction.

The managers of other places had already made friends with a large number of their own people, and now they wanted to leave Falcon Palace and make their own decisions.

This matter was definitely not that simple.

Actually, everyone knew that Yun Jian had been to the future world.

The future of country Z would not tolerate the existence of gangs.

The Falcon Palace’s best choice now was to move overseas in the next few years!

However, this was a huge project. Not everyone would listen to Yun Jian or Xu Zetian.

Not everyone was as loyal to Yun Zhi as Xu Zetian.

Although the group of men did not say anything about the gang founded by a woman, they had never been convinced!

Just as Xu Zetian furrowed his brows in embarrassment and did not know what to do, Yun Zhi’s indifferent and deadly words rang out arrogantly. His words were filled with strong killing intent:

“No one can change the decision that I, Yun Zhi, have made!

“The subordinates of the other provinces of the Falcon Palace. Those who do not cooperate will be kicked out of the Falcon Palace!

“Manager, those who lead the trouble-makers will be killed without mercy!

“Those who establish their own gangs will be annihilated. Not a single one will be spared!”

2794 Chapter 2792-siyi suspected of kidnapping a child

After Chao Yunjian finished speaking, Hu Bao, who was covered in clothes, suddenly heard Luo Qijun’s words. He thought that Luo Qijun was a friend of Yunjian.

He was about 1.9 meters tall and looked tall and strong. Although Hu Bao's face could not be seen, just looking at the pair of black eyes that were exposed outside, the hearts of others trembled, they thought that Hu Bao was an extremely cold and aloof person.

Hu Bao turned around and tore off the black cloth covering his face, leaving only a pair of black eyes. He grinned at Luo Qijun and gave a smile that made Luo Qijun take two steps back.

At the same time, he directly admitted that he was the rich man that Luo Qijun mentioned eight years ago!

At the moment when Luo Qijun, Zhu Zhu who stood beside him, and all the people who suspected Yun Jian were stunned by this scene.

Yun Jian suddenly walked in front of Hu Bao, who was instantly changed from astonishment to admiration by everyone present. She stood on her tiptoes in front of everyone and grabbed the back of Hu Bao's collar. She lightly kicked Qing Yan, who was standing silently at the side, she grabbed Hu Bao and walked toward the school gate.

"Why are you looking for me?" Yun Jian asked as she walked.

...

Ancient kill mercenary group.

Hu Bao and Qing Yan came to look for Yun Jian personally for a reason.

Yun Jian had just returned to the ancient kill mercenary group when she saw Xu Zetian, who was managing the Falcon Palace for her, sitting there.

Seeing Yun Jian enter, all of the upper echelons of the ancient kill mercenary group, as well as Xu Zetian, stood up and nodded at Yun Jian. "Sister Jian!"

"Did you all see the strategy I gave you earlier?" Seeing this, Yun Jian didn't bother to be polite. She walked to the highest spot, pulled out a stool, and sat down. She went straight to the point.

"Yes, I saw it. Moving Falcon Palace overseas. I agree with this point. It's just that Falcon Palace has its own managers.

"Many managers even have the idea of leaving our Falcon Palace.

"By bringing this case forward, I'm afraid they will use it to strike back at us."

Every region of the Falcon Palace had their own managers.

The managers of other regions had already befriended a large number of their own people, and now, they were already thinking of leaving the Falcon Palace.

This matter was definitely not that simple.

Actually, everyone knew that Yun Jian had been to the future world.

The future of country Z would not tolerate the existence of gangs.

The Falcon Palace's best option right now was to move overseas!

However, this was a huge project. Not everyone would listen to Yun Zhi or Xu Zetian.

Not everyone was as loyal to Yun Zhi as Xu Zetian.

Although the group of men did not say anything, they had never been convinced by Yun Zhi!

Just as Xu Zetian frowned and didn't know what to do, Yun Jian's calm voice filled with killing intent rang out:

"No one can change the decision that I, Yun Jian, have made!

"Those who don't cooperate with me will be kicked out of the Falcon Palace!

"Manager, those who take the lead to cause trouble will be killed without mercy!"

Yun Jian's words sounded like an order that could not be disobeyed.

Hearing this, Xu Zetian, who had many concerns, suddenly felt his blood boil again. He responded with the same words, "Yes, sir!"

"Yes, Sir!"

...

The ancient kill mercenary group usually did not interfere with the matters of the Falcon Palace.

Of course, if the Falcon Palace reached a point where they could not control it, the ancient kill mercenary group would also intervene depending on the situation.

After receiving the order, Xu Zetian returned to country z first. He planned to immediately pass on the matter of the Falcon Palace moving overseas to the managers of all the provinces.

At that time, it would be clear at a glance which managers were on his side and which managers would want to lead a group of his brothers to establish their own factions.

Of course, this matter could not be handed over to Xu Zetian to manage. It was just that this matter needed Xu Zetian to handle.

...

"Sister Jian, you've been to the future world. In that case, in the future world, is the Falcon Palace..." after seeing Xu Zetian leave, Qing Yan cutely cupped her chin and asked Yun Jian.

The future world's Yun Jian died in 2016, dying together with the mysterious person. Now that history had changed, the Yun Jian wouldn't die in the future.

However, Yun Jian from the future had died. At that time, the Falcon Palace really did not have the backing of Yun Jian.

The consequences were naturally unspeakable.

“Yes.” Yun Jian nodded.

After a pause, she looked up at Qing glaze and continued, “In 2017, the last wave of people from the Falcon Palace was also completely disbanded. The future Z country will not allow any gangs to exist.

“The Falcon Palace was Xu Zetian’s life’s Hope. Without the Falcon Palace, it was the same as having no future for Xu Zetian. In addition, he was arrested and imprisoned. At the beginning of 2018, he lost hope in life and committed suicide. He died in prison.”

This was the future of the Falcon Palace and Xu Zetian.

And she was going to defy this heaven!

...

Yun Jian had just left the ancient kill mercenary group when she saw Si Yi.

Not only did she see Si Yi, but she also saw the little girl and little guy.

Although the little girl and little guy weren’t very old, they had already learned how to walk.

Si Yi put one hand in his pocket and looked at Yun Jian with a doting gaze.

The little girl and Little Guy were both standing on the ground. It was unknown what they were playing, but their laughter carried a hint of happiness.

Si Yi just let the little girl and the little guy shake their bodies and run back and forth without caring.

His deep black eyes stared at Yun Jian just like that. In his eyes, there was only Yun Jian.

Striding over, he grabbed Yun Jian’s hand and walked towards an ordinary busy street in country M.

The little girl and the little guy had just learned how to walk not long ago. When they saw Yun Jian and Si Yi walking towards the street, the two little cuties were like two butterflies that could fly. They walked around Yun Jian and Si Yi while walking in circles. They were extremely happy.

When they reached the downtown area, the little girl was tired from playing. She walked over and grabbed one of Yun Jian's fingers. She looked at the passers-by of Country M in a daze and even shrank back to the side of Yun Jian. She looked a little scared.

The Little Guy was different. He rushed to a snack shop and shouted "Eat, eat" as he wanted to rush in.

Si Yi rudely grabbed him out.

The Little Guy was unhappy. As he walked forward, he deliberately stopped in front of Si Yi and pointed at the snack shop just now, not letting Si Yi go forward. He shouted, "You want to eat, you want to eat..."

Si Yi was like a human trafficker. He used his foot to kick the little guy lightly and walked forward.

However, his hand was still holding the little hand of the cloud paper.

Just as the two of them and the two children walked past two streets, two policemen wearing the uniform of the M Nation police suddenly appeared in front of them.

The two M Nation police officers looked at each other and then stopped Si Yi. They looked at the ugly face of the little guy that looked like he was being abused by Si Yi and spoke to Si Yi in English:

"Hello, we are from the police station nearby. We just received a report from a passerby that you are suspected of kidnapping children. Please come with us!"

2795 Chapter 2793: Happiness and warmth, a family of four

"WA, WA, WA, wa!"

When the little guy heard the two policemen's words, he could not help but open his mouth, as if he was complaining about being dragged out of the snack shop. He pointed at Si Yi and then pointed at himself, he tugged at the corner of the two policemen's clothes, as if he wanted to say something.

'this little guy is only so little. Could it be that he knows that he was kidnapped by a bad person? What a smart kid he is!'

The two policemen looked at each other and suppressed their thoughts. They crouched down and were fooled by the little guy's pitiful look. They were just about to stroke the little guy's head obediently.

Who knew that the little guy would be carried by Si Yi from the back of his collar to the back of his body.

This look was even more professional than a real human trafficker.

The two policemen were so fast that they didn't even have time to reach out.

The two police officers seemed to be shocked by Si Yi's actions and thought that Si Yi was going to grab the child and escape. They quickly reached out and wanted to arrest Si Yi in a formal way.

Si Yi grabbed the little guy and moved to the side, avoiding the attack of the two police officers.

"Daddi! I want to Pee Pee! Daddi, I want to Pee Pee Pee!"

At this moment, the little guy who was held in the air by Si Yi pulled the diapers off his pants for a long time in front of the two police officers who misunderstood Si Yi.

With a shout, the urine sprayed into the sky in front of all the passers-by on the street. It formed a long and straight semicircle and finally scattered on the ground along the street.

There were even quite a number of passers-by who were frightened by the little guy's sudden spray of urine. They cried out and retreated to the side.

The two police officers:"..."

...

In the end, Yun Jian took out his passport. The two policemen wiped off their sweat and left after confirming that Si Yi did not kidnap the child.

"Giggle! Giggle!"The little guy could not help but laugh out loud when he saw that his urination was even more spectacular than a fountain.

Si Yi's face was dark. He almost wanted to bring the little guy home by mail alone.

In the end, he was successfully stopped by the cloud letter.

...

The two of them walked along the street and the cool seaside. Although it was inconvenient, the laughter of the two children could add some fun to the journey.

In the end, when they were tired of playing, the little guy and the little girl dragged Si Yi while the little girl grabbed the cloud letter, one dragging the other.

The two guys insisted on dragging the cloud paper and Si Yi to a shop by the sea to eat fish ball soup.

It was a super delicate and delicious food.

“The two kids are so cute! Are they your younger brothers and sisters?”The lady boss came over with the fish ball soup and placed it on the table. She glanced at the little guy and the little girl and asked curiously about the cloud paper and Si Yi.

“Daddi! Mom! Eat, Eat!”At this time, the little girl used the spoon with her left hand and the spoon with her right hand to pick up the fish ball. Her little hand was about to reach into Yun Jian and Si Yi’s mouths.

“Cough! Well, looking at how young you are, you don’t look like you have children! Sorry!”The lady boss scratched her head and looked embarrassed.

Yun Jian just smiled and didn’t say anything.

At sunset, by the beach.

The little guy and the little girl were tired from playing, so they slept on Yun Jian’s lap.

Yun Jian was sitting on the beach, enjoying the sea breeze. At this time, it was the easiest time to sleep. Si Yi saw that she was also a little sleepy, so he pulled the Yun Jian with one hand and let her sleep on his lap.

Yun Jian also took a short break.

Under the sunset, a group of foreigners walked past. Si Yi couldn’t help but be stunned when he saw the few foreign men passing by staring at the Yun Jian sleeping on his lap.

However, he could only see the beauty of the cloud note under the rays of Yu Yang. It was white with a hint of sunset. Compared to the skin color of the two little guys sleeping on her lap, it was not inferior at all. It was enough for people to cast sidelong glances at it.

When he saw that the few foreign men had stopped and stood still, Si Yi’s eyes darkened. The next second, he curled his lips coldly and just like that, in front of the few foreign men and pedestrians..., he made an awkward gesture to the cloud paper, causing the people around him to run away shyly

2796 Chapter 2794: How Did Xue Ying’s scar get injured (Xue Ying Si Luo)

Si Yi lowered his head slightly. Not only did he kiss Yun Jian’s rosy lips that were lying on his lap in front of everyone, he even... ..

“Oh! My God! This is too unrestrained!”The group of foreign men who were attracted by the beauty of the Cloud Jian walked past. After exclaiming in shock, they turned around and fled.

At this moment, Si Yi's hand was placed on... .. Up.

Doing bad things.

...

Lying on the beach under the setting sun for more than an hour, Yun Jian finally opened his eyes.

The two little fellows had already fallen asleep on her lap.

Finally, Yun Jian and Si Yi hugged each other and brought them back to the ancient kill mercenary group.

That night, the little fellows and the little girl slept the heaviest. Even their snoring was loud. It was obvious that they were really tired.

...

Dark Soul Organization.

Xue Ying had been busy the whole day. He had just returned to his and Si Luo's cozy little home. He searched around the house, but could not find Si Luo's person.

Si Luo was already five to six months pregnant. At this moment, his belly was already showing!

Xue Ying could not see Si Luo. His first instinct was to rush to Mo Sen's place. He grabbed Mo Sen's collar and said, “Mo Sen, where did your wife Kidnap My Woman?”

When Xue Ying spoke, he even slightly clenched his fists. It was as if he really wanted to fight with Mo Sen.

“Cough! They went to the young Madam's house first. Today is the Z country's festival, the Dragon Boat Festival. They said that they wanted to get together to eat some zongzi. They asked us to come over later.”Mo Sen pushed Xue Ying away, after straightening his collar, he walked out.

Because the dark soul organization had its own private helicopter, it was very convenient for them to travel from the dark soul organization to Longmen City in Zhejiang province.

By the time Mosen and Xue Ying arrived at Longmen City, it was already night.

The moment they opened the door of the Yun Jian Family's villa, they saw a large group of lively people.

Si Luo, whom Xue Ying was thinking about, was currently sitting on a bench in the hall, helping Qin Yi Rou make zongzi.

Even though the dumplings did not look good and did not look delicious, in general, for a newbie to be able to wrap the dumplings like this was already very impressive.

When Xue Ying saw this, his heart warmed up. He also walked over.

Actually, before this, Si Luo had not paid him any attention for a long time.

The reason was because si luo wanted to know how the scar on his neck was injured.

Xue Ying refused to tell her.

Then Si Luo became a little angry.

She wanted to secretly hug si luo from behind, but she did not expect Si Luo to feel Xue Ying. She turned her head and saw that Xue Ying wanted to hug her secretly. She was so angry that she pouted. There was still sticky rice wrapped in rice dumplings on her hand. She stood to the side, she avoided Xue Ying.

"She said you bullied her. Xue Ying, let me tell you. Luo Luo is my best friend. If you bully her, I will really fight you to the death!"

Luo Berry sat at the side. Seeing Si Luo run away, she did not even have time to wipe her hands. She raised her hand and pointed at the handsome and bright-eyed Xue Ying who had a terrifying scar on his neck.

Luo Berry and Si Luo had already become best friends.

"Hey, brother Wang Er, tell me. How did you make sister-in-law angry? Be careful not to make sister-in-law run away!" At this time, Adam also came to Xue Ying's side. With one hand on Xue Ying's shoulder, he gossiped like a good brother.

This "Wang Er" was the name Adam had randomly given to fool Xue Ying back then.

Xue Ying was completely focused on Si Luo, so he did not mind Adam's way of addressing him. In order to quickly let si luo vent his anger, he told him about the scar on his neck that Si Luo had previously asked him about, and the fact that he had refused to talk about it to make Si Luo angry.

Hearing this, Adam came to the side of Xue Ying. Instead of helping Xue Ying, he curiously said:

“Hey, if you didn’t say it, I wouldn’t have taken it seriously. The four of us have followed the young master. This is the first time I’ve seen you, and you already have this scar. How did you get it? Such a huge scar. If I didn’t look at your face, you would be so ugly that I can’t even see you! Quick, tell me!”

2797 Chapter 2795, the person in charge. (the four great leaders of dark soul)

Hearing Adam’s words, Xue Ying’s eyes darkened.

“No, sister-in-law is asking you. Just say it. Why Can’t You Say It? This woman just wants to hear the truth from you. She doesn’t care about what you have experienced in the past.”

“What can’t you say? Face or wife, which is more important?”

Adam thought that Xue Ying had been injured by someone and did not want to talk about it, so he tried to persuade him.

In fact, Adam himself also wanted to know how Xue Ying got that Scar.

After all, this scar had directly reduced Xue Ying’s good looks.

Originally, in terms of appearance, Xue Ying’s appearance could be considered to have directly crushed the other three leaders of the dark soul organization.

Xue Ying frowned. Just as he was about to decisively reject Adam’s words, he suddenly saw Si Luo, who had just run away, walking back.

Si Luo’s eyes were looking towards Xue Ying’s direction. Her beautiful eyes were flashing with the intention of getting an answer from Xue Ying.

Xue Ying’s face darkened. He simply did not speak.

Si Luo pursed her lips. Seeing Xue Ying’s reaction, she walked away again.

Xue Ying wanted to go forward, but Adam stopped him. “Alright, don’t go. Once you go, she will get even angrier.”

...

Half an hour later.

Everyone who was supposed to come had arrived.

The four leaders of the dark soul organization were all present.

Adam did not know what was going on. He held onto Mosen and took the lead to talk about his and Mosen's past in front of everyone.

"Morson and I used to be surnamed Zhou. We didn't have parents since we were young. We roamed around a lot of places. Heh! In order to survive, Morson even fought with the homeless man for the leftovers in the trash can.

"But we were too young. How could we be a match for a homeless man in his twenties or thirties? Morson was often beaten until his head was bleeding. He even hid his wounds from me.

"Later, when I found out, I made a blood oath. From now on, I will never call him brother Mosen. I want to be his big brother to protect him!"

This was why Adam and Mosen were blood brothers, but never called him Big Brother Mosen.

Adam talked so much, but Xue Ying, who was listening by the side, remained silent.

Xue Ying did not say anything, so naturally, there was a reason he did not want to say.

Everyone had their own past.

"After that, we were taken in by the young master. Hey! Ling Wei, what about you? Before You met the young master, what did you do?" Adam finished talking about his past and turned to look at Ling Wei.

Under everyone's gaze, Ling Wei did not hide anything. He used his usual simple words to describe his past: "My entire family was killed for revenge."

Ling Wei was once the treasure of his parents. But one day, his entire family was killed for no reason.

Because Ling Wei and his sister were not at home, he escaped a calamity. But when he returned home, his sister discovered that something was wrong in the house. She hid him downstairs so that he would not make a sound when he saw anything. Then, she rushed upstairs.

His sister was thrown down from the third floor by his enemy. Her head was on the ground and her brains were splattered everywhere.

Ling Wei had always been as calm as a mystery since he was young. He did not go out at that time, but he had memorized the appearance of his enemy in the dark.

Not long after following Si Yi, he had already taken his revenge.

Among the four leaders of the dark soul organization, other than Xue Ying, the other three had already revealed their backgrounds. Everyone turned to look at Xue Ying.

Xue Ying originally wanted to reject him on the spot, but he could see Si Luo staring at him with an expectant and angry gaze. It was as if he would not forgive him if he did not say it. Thinking about it, he paused and sighed before saying:

“I killed my biological parents and killed everyone in my family. This scar was left behind at that time...”

2798 Chapter 2796: You Are Me, everything in the future (Xue Ying Si Luo)

Many people were standing around. Yun Jian and Si Yi were also present.

The four leaders of dark soul organization, Leng Mei and Di Lin were all present.

And the person who wanted to know what Xue Ying had encountered was Si Luo.

After hearing his words, Xue Ying could already imagine that Si Luo would be even more afraid of him in the future.

The deep and frightening scar on his neck had indeed frightened many people, but none of them were as frightened as Si Luo when she was so frightened that she shrank her body and did not dare to approach him, she was still as cute and alluring as before.

Si Luo's courage was not big to begin with. The reason why Xue Ying refused Si Luo to ask about his past was because he had once killed his own biological parents.

He was afraid that if she knew about it, she would avoid his scars like before, not daring to get close to him.

Who knew that just as he finished his sentence, Si Luo suddenly rushed out in front of everyone.

Xue Ying originally wanted to continue speaking, but he stopped.

His eyelids suddenly twitched. He shouted Si Luo's nickname and wanted to chase after him, but Adam, who was beside him, grabbed Xue Ying's hand.

“Enough. Why are you chasing after me? I don't want your woman. You Won't be able to get her back.” Adam held onto Xue Ying tightly with one hand, preventing him from rushing out.

The eyes of the cloud tablet, which was standing not far away, moved slightly, but it did not make a sound. Others could not see the thoughts in her eyes at this moment.

After Adam said that, Xue Ying clenched his fist. He was just about to refute si luo by saying that she was pregnant and wanted to chase after Adam when the lights in the hall suddenly dimmed.

When the lights lit up again, he saw si luo carrying a cardboard box and slowly walking over.

Just like when Xue Ying and Si Luo first met, si luo carried an old cardboard box and followed behind Xue Ying, asking if he could take him in.

Xue Ying, who originally thought Si Luo would run away without listening to his explanation, instantly let out a sigh of relief. Just as he raised his eyes to look at si luo, Si Luo suddenly pounced into Xue Ying's arms and handed the old cardboard box to Xue Ying.

"The things in the cardboard box were given to me by my mother. I Am Not an orphan. My mother said that although the things are not valuable, they are still old and broken. But if I can meet someone who is truly worthy of my life, I will give this to him.

"Actually... my mother was beaten to death by my father. When I went to save my mother, I accidentally stabbed my own father to death. I know you, I can understand you.

"At that time, my father and mother were both dead. I was very, very scared, so I ran away alone. I went to many places and was bullied by many people. Perhaps this was my retribution. I've always felt that way.

"I was scared. I've always been very scared of what happened in the past. But I know that I must say all of this today because I like you. I like you many times more than you like me!"

Si Luo's every word was true.

Her previous fear and fear were not feigned. But it was a timid little girl like her who, after her father had beaten her to death, accidentally stabbed her own father to death like a madman.

Si Luo and Xue Ying were actually no different. They could understand and understand the pain that ordinary people could not understand, and heal each other.

Hearing Si Luo's words, Xue Ying suddenly smiled. In the next second, he reached out and rubbed si Luo's head. Suddenly, he said:

“My Silly Girl, no matter how you used to be, you are everything to me in the future.”

2799 Chapter 2797: Snow Eagle Adam. Very Gay (Nosebleed Chapter)

There were similarities and differences between the experiences of snow eagle and Si Luo.

Si Luo was furious when his father beat his mother to death in front of her. He accidentally stabbed his father to death.

As for Snow Eagle’s family, they did not do anything. In fact, they treated snow eagle well. However, Snow Eagle’s family offended a large organization.

That large organization had captured Xue Ying’s entire family. They gave Xue Ying, who was not even five years old, two choices.

First, he personally destroyed his own family and let him live.

Second, that group of people on the spot, including him, cleared out everyone in his family. Not a single one was left alive.

A child who was not even five years old not only understood what this meant, he even decisively chose the former, directly destroying everyone in his own family.

To say that he was not ruthless was definitely a lie.

Even though that group of people who let the Tiger return to the mountain had all been exterminated by Xue Ying.

Although Xue Ying’s strength was not the strongest among the four great leaders of dark soul organization, his ruthlessness was still outstanding among the four of them.

It was precisely because of this that si yi allowed Xue Ying to use the identity of dark soul organization to negotiate with other organizations or figures internationally.

When he should be ruthless, he would be more ruthless than anyone else. When something happened, he would slip away faster than anyone else. Even though this was not a behavior that a person with moral character should have, it was indeed a basic behavior that a person who mingled in this circle should follow.

“Heh, young master, did you already know about Xue Ying’s background? No wonder you did not allow me to take over Xue Ying’s position back then!”

Adam took the opportunity to put his arm around Xue Ying’s shoulder. He shook his legs and looked at Si Yi with a ruffian face.

“You can try. Xue Ying will give you his place.” Si Yi who was being questioned stood at the side. His black hair, which had just been trimmed, was exceptionally bright under the illumination of the lights in the room. Under his handsome outline..., his handsome lips were exceptionally eye-catching.

“No! No, no, no! I don’t want it! Even if you send me to Africa, the Sahara Desert, or the Amazon now, I don’t want Xue Ying’s position!”

“You must be joking! When I replace the dark soul, I have to go to the toilet. Nine out of ten times, I will be chased by people. I have to Pee and run at the same time. This kind of life, I don’t want it!”

Adam seemed to have heard some kind of cowardly event that made people feel afraid from the bottom of their hearts. He hurriedly waved his hand at Si Yi to reject.

What a joke. He was not looking for death.

Xue Ying had always been here to represent the dark soul organization and show his face on the streets. The people on the streets could not find Si Yi. Along with the other three leaders of the dark soul organization, they naturally targeted Xue Ying for assassinations and assassinations.

Xue Ying’s ability to escape was much better than Adam’s.

After all, he had escaped from assassinations and assassinations that had been unknown for so many years. He had escaped from experience.

Adam did not want to experience the feeling of being assassinated before he could pee properly.

“Cough, how did you know that Xue Ying was running...” he peed. Mosen put his fist to his mouth and coughed dryly.

How did he not know that Xue Ying had such an ugly matter.

“Brother told me about it. There was once when I almost had my penis broken while I was peeing. Luckily, I only got a little cut by the scissors. TSK TSK...” Adam did not notice Xue Ying’s murderous gaze and continued.

Originally, Yun Jian, Luo Mei, Leng Mei, Qin Yi Rou, Ge Xuan, Yun Yi, and the others did not hear what he said.

But the worst thing was that Adam was afraid that the matter would not blow up. His voice suddenly became loud. In the next second, everyone in the room heard Adam’s loud voice saying about Xue Ying:

“Don’t ask me how I knew that Xue Ying was being chased and almost had his manhood cut off with the scissors. The last time when we slept together, I saw his J…….”

2800 Chapter 2798 Morson Linwei, full of gay feelings (Gay Big Revelation chapter)

Before the last shining J-word could be uttered, Xue Ying’s hand quickly turned into an eagle claw and attacked Adam.

That speed made Adam almost get hit in the head by Xue Ying. He became the first poor worm who was killed by one of the four great masters of dark soul!

Fortunately, Adam dodged to the side and dodged Xue Ying’s grab.

Fortunately, Xue Ying did not really want Adam’s life. Adam grabbed Xue Ying’s wrist and did not let Xue Ying get close to him. At the same time, he cursed,

“F * ck, what are you doing! You Want My Life! We are originally from the same root, why are you so anxious to fight each other? You have slept countless times, and you have even seen each other naked countless times! If I were to be grabbed to death by you just now, you would feel so guilty!”

Once these words were said, everyone who looked over could not help but cough dryly and look away.

Adam’s words not only did not explain his relationship with Xue Ying, but instead, it made his relationship with Xue Ying even more passionate.

Everyone knew that among the four great leaders of dark soul, Ling Wei and Mo Sen’s personalities were quite similar, so their relationship was relatively good.

And Adam and Xue Ying’s personalities were relatively similar, so their relationship was similarly good.

But who would have thought that their relationship would actually reach such a stage…

“Compared to feeling guilty, I would rather you die on the same spot now.” Xue Ying’s face was ashen as he spoke to Adam with a serious tone that was half-joking.

At this moment, Adam was still holding onto Xue Ying’s wrist, which was equivalent to the two of them still tightly clenching each other’s hands.

Lan Su, who was standing at the side, reached out to touch her forehead with a helpless expression.

Si Luo was completely dumbfounded. She looked at Xue Ying, then at Adam. Was she here... Disturbing them... ..

"What an exciting show! TSK TSK, one of the four leaders of the dark soul organization, Adam, and Xue Ying have also had sex, tsk!"

Leng Mei had taken a dumpling from the kitchen and was eating it as she unwrapped it. She stood beside the cloud paper and even spoke as if she had discovered something big.

"Damn, what is this woman saying! Do you believe that I will twist your head!" When Adam heard this, he immediately glared at Leng Mei.

"Sister Jian, I am one of your people. If this person is not one of us and says that he will twist my head, then the one who will lose will be you, Sister Jian!" Leng Mei suddenly hugged the arm of the cloud paper and used her voluptuous body to rub against the cloud paper twice, acting coquettishly.

This was the reason why she walked to Yun Jian's side.

Adam was Si Yi's man, so Yun Jian would definitely protect her first.

"You want to work for me instead of her?" Hearing Leng Mei's words, Yun Jian only indifferently placed his gaze on Adam.

To be honest, when Adam worked for Si Yi, he would at most be by Si Yi's side and help Si Yi deal with some ordinary trivial matters. He didn't have any major matters to do at all.

Yun Jian's words were clearly telling Adam that if he dared to touch Leng Mei, he would be in big trouble in the future.

"No, no, no, no, young madam, I'm just joking! I'm just joking!" Adam waved his hand hurriedly.

He thought that Yun Jian would move his eyes away and let it go like before after hearing his words.

However, he did not expect Yun Jian to stare at him like that. It was as if he was unwilling to give him an explanation.

Adam could clearly feel the young master whom he feared the most. He slowly shifted his gaze towards himself...

He violently wiped off his sweat. In order to divert the attention of the cloud memo, Adam had successfully betrayed his best friend. He loudly exposed shocking news in front of everyone:

“Cough cough! Young madam, the ones who have been gay are not me and Xue Ying. From the time they entered the dark soul until two years ago, Ling Wei and Mo Sen would sleep in the same room every time they met! They even take a bath together every day, the kind where they bathe each other...”
