

The Schoolgirl Secret Agent - Chapter 2801 - 2802

2801 Chapter 2799, the love story on the rooftop (Morson Raspberry)

Upon hearing this, Yun Jian's eyes moved slightly. His originally flat and indifferent lips suddenly rose, as if he had heard some interesting revelation.

Obviously, Adam had betrayed his brothers and successfully avoided the punishment that the young master was about to pass on to him.

Offending the young Madam was offending the young master. If one were to ask Adam what he was afraid of, the thing he was most afraid of was offending Yun Jian.

Seeing the punishment on Si Yi's face gradually fade away, Adam did not have time to let out a sigh of relief when he saw that Molson and Ling Wei had already fixed their burning gazes on him.

That gaze was more like the secret that the two had hidden for many years had suddenly been exposed by Adam. It was like when a ferocious beast in the river met a living person, it wished it could tear them apart alive.

Especially Ling Wei's strength. Among the four great masters of dark soul, he was the strongest.

"Cough! Brother, I didn't do it on purpose. I didn't promise you to keep this a secret and still have to say it... this, I think the weather outside is pretty good. I'm going out to bask in the Sun!" Adam said, he waved his hand and glided out.

At this time, the sky was dry and the night was lonely. There was no burning sun.

After Adam slipped out like flying, Ling Wei glanced at the crowd and immediately raised her foot. Without saying a word, she was the first to chase after him.

Xue Ying shouted at Adam who had just rushed out of the gate, "If you have the guts, Don't run!" and chased him out of the gate.

Ling Wei and Xue Ying chased after Adam's figure and soon disappeared in front of everyone's eyes.

On the other hand, Mosen did not chase after Adam, nor did he care about Adam's matters. He stood in place, not making a sound.

It was not until he caught a glimpse of Luo Lei with her head slightly lowered that she walked towards the rooftop of the villa unsociably without anyone noticing. Mosen did not care about Adam's situation and chased after Luo Lei.

The relationship between Luo Lei and Mosen was only limited to the kiss that Mosen had given her back then. Since then, there had been no further progress.

Although Lorraine had been following Morson, as if she had been ordered by her family to stay by Morson's side and not let her go back, Morson did not do anything to her.

Other than the kiss that day, the relationship between the two did not directly break through.

Above friends, lovers were not complete. This meant Lorraine and Morson.

Morson had been following Lorraine to the rooftop.

As soon as Lorraine arrived, her hand trembled slightly as she made a call.

"Hello... Dad, is that you? Dad, Tell Grandpa that I don't want to stay here anymore and I want to go back!!"

"Why?" "He won't like me. Moreover, I won't accept this kind of love that comes from using me. Moreover, he already has someone he likes. Dad, I beg you to beg Grandpa to let me go home!!" "I want to go back to school, I don't want to stay here anymore!"

Luo Lei said to the other end of the phone in a pleading tone.

When the head of the Luo family, Luo Lei's grandfather, found out about Molson's identity, he desperately wanted to use Molson to have a bit of a good impression of Luo Lei, so that Luo Lei could follow Molson to get some benefits, it would be best if Molson could marry Luo Lei.

Luo Lei didn't wait for her father to speak and continued, "And... and he already has someone he likes. Yes, it's a man... he doesn't like women, and he won't like women!"

Before Luo Lei could finish her sentence, her phone was suddenly snatched from the sky.

"Di!" The call was hung up by Molson.

In the next second, Lorraine's phone was smashed not far away by Mosen and instantly shattered into pieces.

Who said that a mature and steady person could be mature and steady for a lifetime?

Some people could be honest for a lifetime and become a murderer because they were forced into a corner.

When Mosen heard that Lorraine was going to leave, he panicked.

As expected of Adam's biological brother. No matter how different their personalities were, the things they did when they were impatient were somewhat similar.

After he smashed Lorraine's phone, his first reaction was to press Lorraine down on the dark rooftop and take off...

He untied his belt.

After wearing his upper body clothes and being intimate with her, he did not move anymore. Instead, he placed his hand on her delicate cheek, and his eyes flashed with a possessive light:

"Where are you going back to? Who said I like men? Why Don't you try to see if I like men?"

2802 Chapter 2796 the Bad Guy Morson, he had learned from the bad (Morson Raspberry)

When Morson was calm, he was even calmer than Ling Wei.

But when his emotions came up, he was not much calmer than his younger brother, Adam.

Raspberry was so frightened that she was pressed down by Morson on the rooftop. Although it was dark, she still did not move, as if she was so scared that she did not dare to move.

"You... You, you, you..."you were not like this before. Lorraine pushed Mosen, his strength was terrifying.

Mosen first attracted Lorraine because of his gentlemanly attitude towards her.

Later, when she found out about Mosen's identity, she found out that he was not someone who used his status to toy with women.

In addition, Molson was different from Adam. He was very considerate, and Lorraine gradually realized that she liked him.

But all of this was before.

Today, not only did he smash her phone on the spot, he didn't even ask her permission... ! ... To do such a thing to her!

"Calm down, Molson! Molson, calm down, don't do this!"Lorraine struggled for a while, however, she realized that Mosen had no intention of letting go. Her slender body was

pressed down by Mosen like a fish that had been washed up by the waves and was rolling on the beach.

However, Mosen did not let go of her hand.

...

Downstairs of the villa.

Yun Jian and Si Yi were standing in the house. Inside, Leng Mei, Qing Yan, Si Luo, Lan Su and the others saw Adam being chased out by Ling Wei and Xue Ying. They did not care. They ate whatever they should eat and wrapped whatever they should wrap.

No one was worried about Adam's safety at all.

Fifteen minutes later, Adam walked in through the door with a bruised face.

Xue Ying and Ling Wei, who followed after him, acted as if nothing had happened. After entering the house, they went their own ways.

"What's wrong with you? How could you make yourself look like this? hahaha!" Leng Mei was still standing beside Yun Jian, laughing at his misfortune.

"Get lost! Don't force me to hit a Woman!" Since di Lin was not around, Adam glared at Leng Mei. He was clearly beaten black and blue, and he even wanted to show Leng Mei that he was going to hit a woman.

"Aiyu, I'm so scared, sister Jian..." Leng Mei grabbed Yun Jian's hand and made a few funny faces at Adam.

Adam was afraid of provoking Yun Jian, so he ignored Leng Mei.

"Where's Mosen? I was almost beaten up and disfigured. Why didn't he come to help me?" Adam touched his face and complained.

"I saw him and raspberry go upstairs. They should be on the rooftop." Qin Yirou just walked out of the kitchen. She held a large plate of rice dumplings. After saying this to Adam, she came to the front of the crowd.

"I'll go ask him why he didn't come out to help me!" Adam ran upstairs in one breath.

...

On the rooftop.

Raspberry didn't even dare to move.

She was afraid that she would lose her innocence.

“Now you know what kind of person I am? Unfortunately, it’s too late. I Won’t let you go. If you’re obedient, follow me obediently. Don’t have any thoughts of leaving.”Molson grabbed raspberry’s hands, his tone extremely stern.

However, what he saw was the look of disbelief in Lorraine’s eyes. It was the look of the person she loved deeply.

In fact, what Lorraine’s eyes revealed to him was that she wanted to leave this person whom she was unfamiliar with!

Furthermore, Lorraine’s eyes were turning left and right. Her expression was extremely unstable.

Seeing this, Mosen grabbed Lorraine’s hands and his anger surged.

XXOO her..

Lorraine’s tears instantly flowed out.

When Molson saw this, he became even more afraid, afraid that she would leave!

He had read from Lorraine’s eyes that she wanted to leave him!

In the past, when she wanted to leave, he had not felt such a strong feeling.

But now that she had stolen his heart, he would not allow her to leave again!

After Molson XXOO Lorraine, his sharp eyes moved, and he covered Lorraine’s mouth that was about to scream.

In the next second, Adam’s loud voice came from the bottom of the stairs. Obviously, Adam, who was coming from the bottom of the stairs to the rooftop, had no idea what had happened here:

“Molson, you didn’t come to help me, and I was almost disfigured by the beating! Do you still want me as your younger brother?”
