

## Schoolgirl 311

### Chapter 311: Super Heady. Destroying Chen Yubing

“Sister Jian, I’ve recently produced a super heady aphrodisiac and have been worried that I have no one to experiment it on,” Qing You told Yun Jian with a pout on her cute face that was showing hints of an evil smirk.

Qing You usually called Yun Jian ‘Slaying’ in her past life but now that the circumstances and their identities were different, in addition that Yun Jian was not going by Slaying God now, Qing You called her ‘Sister Jian’ instead.

“Let her have some then throw her to the streets.” Yun Jian reeled in her disgust and stood up to declare.

“No, you can’t do this to me, you can’t! I won’t let you go for doing this to me!” Chen Yubing shrieked again in terror when she heard what Yun Jian planned to do to her.

“I’ll be waiting.” Yun Jian chuckled and scowled at Chen Yubing, saying, “Do you think I’ll give you the chance to retaliate? Chen Yubing, you should’ve expected this day when you thought of laying a finger on my brother!”

“Sister Jian, the injection is ready,” Qing You informed Yun Jian as she walked over holding a syringe.

“Mm.” Yun Jian nodded, ignoring Chen Yubing whose shouts were later tinged with sobs and pleas.

Sweet-looking Qing You, despite her childlike charm, seemed to be born with her poison concocting and administering skills. With a precise stab, the prepared aphrodisiac was injected mercilessly into Chen Yubing through the syringe.

The girl’s eyes rolled back as she fell unconscious.

...

There was currently a titillating stripping show going on in the street.

With a gaping mouth, Chen Yubing was blindly feeling her skin and stripping her garments one after another on a busy street.

She was not an ugly girl, quite fair in her complexion too. She was sprawled on the bustling street, yanking on her clothes incessantly while murmuring, “It’s so hot, I feel so hot...”

The people who crowded around her to watch grew in number as Chen Yubing pulled at her clothes with more fervor. In the end, she stripped her undergarments off too.

As the kids from Yun Yi’s school left the karaoke and saw the teeming crowd on the street, they went over to have a look out of curiosity as well. Once they did, however, they were shocked to the core!

It was Chen Yubing and she was stripping in front of everyone in public! Without leaving anything to one’s imagination!

“Chen... It’s Chen Yubing!” One of the schoolmates shouted in panic pointing at said girl who was on the ground.

...

Not too far away from the street, Yun Jian stood with her tall and lean build wrapped up under a fluffy down jacket. The garment could barely conceal her slim figure and with the high shiny ponytail hanging off her back, she looked exuberant.

Chen Yubing was completely destroyed now. She would have to take the flak and slamming from now on because of what she did today.

This was the consequence of someone who dared lay a finger on her brother!

“Sister Jian, that’s all? You’re not killing her?” Qing You who stood beside Yun Jian blinked, asking in surprise.

It was not just Chen Yubing, a woman who devised a plot against Yun Jian’s brother, Yun Jian would kill even those who made impertinent remarks in her past life.

According to her usual ways, it was a miracle that she did not dismember and maim Chen Yubing.

That was why Qing You was astonished. She had a baby face and was not the best in fighting, but she was accustomed to the battles and murders from following Yun Jian around.

“Mm, let’s go,” Yun Jian spoke up after a long time, leaving with Qing You without another glance at Chen Yubing.

### **Chapter 312: To Qingshan City, A Family Of Three**

Yun Yi had certainly learned a lesson from the incident and would keep his guard up in the future, but it was not like someone would expect Chen Yubing to resort to something like that.

Nonetheless, the girl reaped what she sowed.

The alarming news broke out in Yun Yi’s school the next day. The whole school knew about how she went to a gathering with the others yesterday but somehow ended up stripping on the street until in the end she was totally naked.

Some said that she was an exhibitionist while some called her a whore who could not survive without a man.

Chen Yubing was done for. Not that it mattered, because she transferred schools the next day and no one knew where she went to.

At the same time, Yun Jian had admitted Qing You to school by leveraging New Cruise’ reputation.

Qing You’s age was similar to Yun Jian, so she was assigned to the latter’s class and became her classmate.

Longmen Yi Junior High School was not somewhere anyone could simply be enrolled, especially when Qing You was coming in during the school year. It made it harder for her to be registered. In spite of it,

Yun Jian's New Cruise was already established in Longmen City. She only needed Zhang Zhifan to meet Longmen Yi Junior High's principal and Qing You's admittance into the school was a breeze.

After Qing You became Yun Jian's classmate, it surprised the latter that Qing You and Chen Xinyi hit it off immediately and became good friends. They became close soon after they met and tested Yun Jian's patience as they chattered endlessly beside her.

Everything seemed to be settling down now...

When the weekend came, Qing You and Chen Xinyi had made plans to shop in the neighboring city early in the morning.

Despite Longmen City being convenient for transportation and overseas trading, the reason they went to the bordering city was because Qingshan City, which was the nearest neighboring city to Longmen City, had a place called the Global Trade Hub that was an internationally renowned shopping square.

Anyone who came to Zhe Province would know to visit the Global Trade Hub.

Not only did the location have the most foreign trade going on in Country Z, everything local and abroad, as long as it existed, could be bought here!

This applied to clothes shopping for the ladies. The Global Trade Hub was no doubt their best destination because all fashion styles worldwide were available here.

Since Yun Jian's rebirth to Longmen City in the Zhe Province, she had never come to Qingshan City's Global Trade Hub despite it being the closest to Longmen City.

As she did not have to train in the military training camp this week and the winter was already here, she wanted to get Yun Zhu some warm clothing, thus she went with Qing You and Chen Xinyi, all of them taking the bus headed to Qingshan City whilst bringing Yun Zhu along to pick out some winter clothes in the Global Trade Hub.

When Si Yi heard that Yun Jian was taking Yun Zhu to Qingshan City, he followed them without another word.

All five of them opted to take the public bus to Qingshan City, but no one expected the bus to be teeming with people. It was packed. Forget about sitting, even standing in the bus was utterly crowded.

Qing You who was sandwiched to immobility in the bus grumbled to Yun Jian, "Oh my, Sister Jian, I've never taken such a crammed bus all my life!"

Yun Jian had her hands full with one hand holding onto the grab handle of the bus and another holding Yun Zhu close to her.

This was Si Yi's first time on a bus, one that was so packed at that too, but he kept an arm out to guard Yun Jian and stood behind both her and Yun Zhu to watch out for them.

They painted a picture of newlyweds taking their child out for the day.

Beside them, a woman in her forties was unable to hold herself and gave up her seat, telling Yun Jian, "Young lady, have my seat. It's not easy for a young girl like you to be bringing up a child!"

It was obvious that this woman had taken Yun Jian, Si Yi, and little Yun Zhu as a family of three.

Pink instantly painted Yun Jian's cheeks when she heard the woman.

### **Chapter 313: An Infuriating Flirt**

"Thank you." Si Yi felt his mood enlivened when he heard the woman's misunderstanding and answered on behalf of Yun Jian before she spoke. He then pulled her to sit her down on the seat that the woman gave up for them and made her carry Yun Zhu.

His act of warmth elicited a sentimental exclamation from the woman. "Ah, feels good to be young, doesn't it!"

Yun Jian felt her cheeks burn but she accepted the woman's kindness without making an explanation. She could be pushed around among the throng of passengers but it was a challenge for little Yun Zhu to stand in the jam-packed bus. He could easily be scraped or bump into something.

Hence, Yun Jian accepted the woman's kind gesture and thanked her.

Yun Zhu stayed quiet in Yun Jian's arms. Blinking his big eyes and fluttering his long eyelashes, his tiny size did not make him look like the eight years old he was. He looked much younger and was shorter than his peers. It was probably because this current body was quite malnourished. It resulted in him looking like a four or five year old at most.

Yun Jian was dressed up more maturely than usual today too, contrasting her young face of fifteen or sixteen years old. It was not surprising that the woman misunderstood Yun Zhu to be her child then.

After all, there were many young girls who became mothers despite their age.

Fortunately, Qingshan City was not far from Longmen City. Qing You, Chen Xinyi, and Si Yi who were without a seat stood for about forty-five minutes before they arrived at the final stop.

From there, they took another bus and soon arrived at the entrance of the Global Trade Hub building.

The building that the Global Trade Hub in Qingshan City was located in worked with liquidity as high as ten million US dollars a day! It inevitably made the building the most famous shopping heaven locally.

As Yun Jian came down from the bus, she held Yun Zhu's hand and walked in front while Si Yi followed beside her. Qing You and Chen Xinyi linked hands and were long gone, captivated by the variety and choices of goods they were offered.

Although Qing You had been to many places, she kept an innocent girlish nature and was currently together with her new friend, Chen Xinyi. As both of them looked around, they drifted far with short notice.

Before they were too far ahead, however, they arranged a meeting point with Yun Jian.

Then, Yun Jian grabbed Yun Zhu's tiny hand and went to the men's section. The whole aisle here sold men's clothing and a children's section for Yun Zhu.

As Yun Jian held her brother's hand and was about to step into a children's clothing store with Si Yi, an elated voice came from the side. "It's you?"

The delighted male voice caused Yun Jian's eyes to twitch before she caught sight of the owner.

When she saw him, she wore a slight frown but did not regard him at once.

Thinking that Yun Jian had forgotten him and left a little disappointed, the owner of the voice was still somehow thrilled as he said, "You don't remember me anymore? I'm Shen Yan, we met back in Weiwu Mountain!"

Of course, Yun Jian did not forget it. She just did not want to be bothered. It never crossed her mind to bump into someone she encountered before.

"Mm," Yun Jian merely hummed as a reply.

There was a glint in Si Yi's hawk-like eyes as he looked at the man who came unannounced from the side.

Shen Yan, not expecting to see the girl who lingered in his mind previously, did not even notice Si Yi who stood beside her. He introduced himself to Yun Jian even more fervently.

"It's such a coincidence, I didn't expect to see you here! Uh, since you don't look like you remember me, I'll introduce myself again. I'm Shen Yan, a student from Qingshan University – Hmm, our campus is just around here. Right, since it's fated that we meet, let me bring you around? I'm familiar with the area!"

#### **Chapter 314: Know Your Limit, Leave An Impression**

Yun Jian did not answer.

In spite of it, Shen Yan was not let down.

When he first saw Yun Jian at Weiwu Mountain, he thought that a cupid had shot him with an arrow. Yun Jian's slim figure and her delicate face left a deep impression in both Shen Yan's mind and heart. It felt like a seed that suddenly budded from meeting the sun.

Shen Yan had a few girlfriends but he quickly realized that he had fallen in love with Yun Jian at first sight!

It never occurred to him that he would bump into her here when they parted that day. It made Shen Yan feel that both of them must be fated to meet each other, so he decided that he was definitely going to pursue her.

With his arm stretched out without a warning to grab Yun Jian's hand, Shen Yan continued talking, "It's fate that we're meeting again despite the distance and I'm not a bad guy. Bumping into each other this time only means that we're fated. Come on, I'll take you around..."

Before his hand could reach Yun Jian, the latter was pulled into Si Yi's embrace.

Si Yi's brows were pinched together. If looks could kill, Shen Yan would have died over and over again.

"Don't touch my woman!" Si Yi declared his authority at once.

When Yun Jian was pulled into Si Yi's embrace, she felt enveloped by a warm chest while she was still holding onto the confused Yun Zhu.

“What? Your... your woman?” Shen Yan who did not notice Si Yi at first now realized his presence even if he was blind.

Si Yi was about half a head taller than Shen Yan. To meet eyes with Si Yi, he had to raise his head.

When he heard Si Yi calling Yun Jian his woman, he blinked, disappointment washing over his face instantly.

“Jiejie, what does Si Yi-gege mean by calling you his woman? Does that mean you can accompany him forever? Then Xiao Zhu wants you to become my woman too, okay?” Yun Zhu said rubbing his head, as if having contemplated for a long time after listening to them.

“Cough!” Yun Jian was nearly choked from Yun Zhu’s naïve words.

She broke free from Si Yi’s hold and bent down to pat Yun Zhu’s head before standing up again to swat at Si Yi’s hand. “Don’t be spewing nonsense!”

Her action injected a gush of warmth in Si Yi’s heart and he wore a small smile, extending his arm to grab Yun Jian’s delicate hand and intertwined their fingers.

Shen Yan who saw Si Yi holding Yun Jian’s hand looked rather awkward, but once he remembered Yun Jian asking Si Yi not to spew nonsense just now, he recovered from his disappointment.

From how things looked like, this guy’s love must be single-sided. Yun Jian did not like him. This must be it!

Shen Yan thought to himself. Although the guy was handsome with impeccable features and he was not his opponent in this aspect, what about their abilities?

Could this dude compare to him who was a vice president in their campus’ Taekwondo club and had won numerous champions in various big and small martial arts competitions?

So what if he looks good? He’s just looks! He was not as manly as Shen Yan was!

As the consideration passed his mind, Shen Yan began barking at Si Yi, “Don’t you realize that she doesn’t like you? You should have some sense of self-awareness! As a man, don’t simply lay your fingers on a girl like this...”

As Shen Yan complained, he wanted to slap Si Yi’s hand that was holding Yun Jian’s. To the young man, Si Yi was just a pretty vase. Were good looks all that mighty now?

A plan hatched in Shen Yan’s mind. He wanted to throw Si Yi to the floor when he grabbed him, show off his Taekwondo skills, and put his manly side on display for Yun Jian, leaving her an impression...

### **Chapter 315: Dislocating His Elbow. His Rage**

Shen Yan put his thoughts into action.

With his arm stretched to slap Si Yi’s hand away from Yun Jian and taking advantage of the situation to throw Si Yi to the floor in his Taekwondo moves, Yun Jian must think he was exceptionally manly as he presented himself coolly!

Pleased about his plan, Shen Yan was about to grab Si Yi and throw him down in public. When immediately a fair and long arm with a black watch clasped on the wrist grasped Shen Yan's elbow faster than he moved, as if knowing what he was about to do next.

As Si Yi's hand caught Shen Yan's elbow abruptly without moving the hand that was holding Yun Jian's, he twisted the young man's elbow as soon as he touched him.

Crack – crack...

The sounds of bones cracking were heard and Shen Yan's pained howls erupted in the next second.

“Ah!”

All the bones below Shen Yan's elbow were dislocated by Si Yi.

The piercing pain spread in shoots as Shen Yan wailed and howled, attracting the passersby's attention.

Other than the bursts of pain around his elbow, Shen Yan was also tremendously shocked. He had thought that Si Yi was just looks, an empty vessel with a pretty face, but his speed when he struck just now could not be caught by one's eyes.

Was that the speed of a human?!

Shen Yan swore that even the international Taekwondo coach whom he had the honor to meet was not as swift as Si Yi!

This was the first time Shen Yan felt a pain so insufferable.

Si Yi had retracted his arm then. His hand kept his hold on Yun Jian while his other hand that had touched Shen Yan pulled out a tissue from his pocket. Wiping his palm that made contact with Shen Yan, he then tossed it in the air.

With an airy float, the tissue danced around in the air for a bit before it landed in a cylinder trash can more than ten meters away from them perfectly.

Those who noticed it had their mouths agape staring wide-eyed at the 1.85 meter tall gorgeous young man with short black hair and matching all-black outfit, who stood in the center holding a girl's hand while staring at Shen Yan whose elbow was dislocated. A single word rolled off his tongue gracefully yet dominatingly.

“Scram!”

Some people were born with the air of a king and Si Yi undoubtedly belonged to those people, crème of the crème at that too.

Said man was currently in rage. How could trash like this think of laying a finger on his woman?

Yun Jian had her lips pressed together as she covered Yun Zhu's eyes to hide the sight from him.

She personally did not quite like Shen Yan, so she had been planning to ignore him. Especially when Shen Yan came up with his little trick just now thinking that she and Si Yi would not know – how could they not see through him?

“Let’s go,” she turned to tell Si Yi.

Si Yi’s face remained in a glover as he tugged Yun Jian’s hand along to leave the place. He led them to a quiet corner, Yun Zhu standing in front of Yun Jian.

Si Yi pressed himself over as he came down at Yun Jian, caging her between himself and the wall.

With burning fury, he declared, “You can only be mine!”

Right after that, he swooped down to kiss the girl.

### **Chapter 316: I’m Going To Ruin You**

Yun Jian’s heart thumped as she felt the butterflies.

She did not understand why Si Yi was enraged all of a sudden, but she placed her palm over Yun Zhu’s eyes with her other hand finding purchase on Si Yi’s head, returning his kisses for the first time.

She had to admit that she had feelings for Si Yi.

The wild throb of her heart told her that she felt differently for him compared to others.

Both of them kissed until they needed air before Si Yi released Yun Jian.

All this while, little Yun Zhu’s eyes were covered but he felt the strange atmosphere as well. Blinking his large innocent eyes up at Yun Jian, he asked, “Jiejie, why were you covering Xiao Zhu’s eyes? Are you and Si Yi-gege playing hide and seek with me?”

Ah, the intriguing innocence and naivety of the children...

Yun Jian rubbed Yun Zhu’s head and turned to glare at Si Yi without a bite.

“Come one, let’s go buy you new clothes.” Yun Jian led Yun Zhu away.

With his hands in his pants pockets, Si Yi raised his brow looking at the girl who went away first before following suit.

When Yun Jian was done picking out some new winter clothing for little Yun Zhu, Qing You and Chen Xinyi were already waiting for the three of them at their agreed spot with bags of their hauls.

All of them had lunch around the building before they returned home after shopping for the whole morning now.

The public transportation from Qingshan City back to Longmen City was not as packed as their morning departure. It was probably because Qingshan City’s transportation and trade stood out more as it was Zhe Province’s capital with its economy bustling in Country Z. That was why the stream of incoming visitors to Qingshan City was more.

The bus back to Longmen City could fit all its passengers even if one person hogged two seats.

After what happened previously, Yun Jian was slowly bearing Si Yi in her heart now. She was growing to understand her feelings, that what she felt for Si Yi was different from the familial love she felt for Qin Yirou and her brother, Yun Yi.

As it was the night of the weekend, Yun Jian grabbed her backpack to go to school as usual. Before she could leave the house, however, her path was blocked by a tall build.

Si Yi had his hands in his pants pockets with one leg bent as he leaned against the wall, waiting for her intentionally.

"I'm leaving for a while. If Gu Sha Mercenaries needs my help, you can contact me anytime through Snow Eagle." Si Yi went over to pat Yun Jian's head when he saw her walking over. His eyes bored straight into hers when he spoke, the fondness overflowing from his tone.

"Mm. Be careful," Yun Jian could not help reminding.

The corners of Si Yi's lips lifted, his grin bright and handsome.

She was concerned about him.

...

With her backpack hanging on her shoulders, Yun Jian came to a relatively isolated alley after making a turn at the junction leaving her house.

Her eyes wandered suddenly and before long, about a dozen people darted out to surround her.

These people were dressed in all black, connecting one's thoughts to a gang.

A woman who was dressed sultrily came from behind Yun Jian draped over a big fat man.

Yun Jian blinked, taking a clear look at the woman.

It was Chen Yubing who failed to trap her brother previously. Oh, how she had changed now... Caked up with powder and rouge, she pressed herself on the man in his forties who was old enough to be her father.

Chen Yubing grimaced once she saw Yun Jian, glaring daggers at her. "Yun Jian! It's all because of you! Look what you made me into! I'm going to ruin you! Even if I die, I'm going to drag you down with me!"

### **Chapter 317: Here She Goes Again. The Boss Asks**

It had only been days since she last saw her but this was how Chen Yubing looked like now. Moreover, she looked comfortable in the arms of a forty-something-year-old man.

Yun Jian felt goosebumps rising at the sight but she was never one to show what she felt, maintaining her usual nonchalance, and stared at Chen Yubing.

Compared to how she had been earlier, Chen Yubing visibly lost some weight. She lost her school uniform too, putting on a scanty off shoulder top and a pair of high heels. What changed the most was her face; she looked quite pretty but it was now drowned and concealed with makeup.

Right now, this caked up face was glaring at Yun Jian distorted with resentment. She looked like she wanted to put Yun Jian through torture.

"Ruin me?" Yun Jian raised airily.

She looked at the fat man beside Chen Yubing and could already guess what the latter had done.

In fact, what Chen Yubing did was pretty close to what Yun Jian was guessing.

The aphrodisiac that Chen Yubing was administered with previously was exclusively concocted by Qing You. One who was drugged with the heady aphrodisiac would lose awareness for a short period of time and feel as if they were hit by waves of insufferable heat. If the person who was drugged did not have a strong will, they would undress themselves briefly after the drug took effect.

Yun Jian did not know what Chen Yubing did after that but looking at how she was snuggled against the man who was old enough to be her father now, it was not difficult to see that she was depending on this man now.

“Yun Jian, you think you can do what you want in Longmen City with your flimsy capabilities? I’ll have you know that I, Chen Yubing, won’t let you go even if I die!” Chen Yubing’s distorted grin looked menacing.

No one knew what she had been through! When she gained consciousness, she was laying on the road naked, out in the open for everyone to see! She was doomed, her future was gone!

In spite of it, Chen Yubing swore that she was taking revenge on Yun Jian.

She knew that Yun Jian was quite skilled. Blonde-hair who was supposed to beat Yun Yi up the last time was beaten up by Yun Jian instead.

The support she found this time, a fat middle-aged man whom she was snug in his embrace, was a gangster!

He was unlike the loser blonde-hair and his friends.

This man was a gangster and was the second-in-command of Longmen City’s second biggest mafia group, Nine Valleys Gang! People in the gangs called him Xiong Erhu.

Chen Yubing was determined to get back at Yun Jian. She was already ruined, so she did not mind stooping lower and submitted herself to Xiong Erhu.

She had Xiong Erhu bring his men to ambush Yun Jian was all to avenge what Yun Jian had done to her before this. To Chen Yubing, her hatred for Yun Jian was deep enough that she was willing to use her body in exchange for the power to tackle Yun Jian.

“Brother Xiong, she’s the one who bullied me. You must take revenge for me...” As Chen Yubing spoke, she jabbed a finger at Yun Jian.

It was just that the atmosphere around them changed abruptly before she finished her words.

Yun Jian narrowed her eyes.

Shortly after, another group of people dashed into the same alley from the front and back. A proper looking man walked over leading an armed group of underlings.

The man came to Yun Jian and bowed at her respectfully in ninety degrees. “Miss Yun, our boss asks for you.”

Yun Jian knew that this man was Xu Zetian's subordinate at first glance, a high-ranking member of Longmen City's top mafia group, Dragon Head Gang, as well.

Xiong Erhu who was called "Brother Xiong" widened his eyes when he saw the man and his lackeys. There was a sense of inexplicable fear in his orbs.

He was the second-in-command of Nine Valleys Gang but as the second biggest gang in Longmen City, the presence that Nine Valleys Gang dared not provoke was the city's top gang, Dragon Head Gang.

An average junior high school girl who kept his bed warmer for now, Chen Yubing, had asked him to seize Yun Jian. A person who commanded such respect from a high-ranking member in Dragon Head Gang!

Who was she?

### **Chapter 318: Shooting Herself In The Foot**

The proper-looking man was the subordinate of Longmen City's mafia boss, Xu Zetian. He was also Dragon Head Gang's high-ranking member. His name was Sun Zhengwei.

Yun Jian knew who he was. When she fought the knockout match for Xu Zetian much earlier, she had come across several high-ranking members of the gang. Since she won the match, those men under Xu Zetian were increasingly reverent toward her.

"Mm." Yun Jian gave a light nod in agreement to Sun Zhengwei.

Xu Zetian wanted to see her... Since she returned from the knockout match, he had not contacted her. Nonetheless, he was the father of her brother's best friend and he was a member of Gu Sha Mercenaries. Although his position there was low, Yun Jian was not someone arrogant.

"Miss Yun, please come this way!" Sun Zhengwei made a standard invitation gesture, planning to let Yun Jian walk before him.

Right as Yun Jian took a step, Chen Yubing's resentful voice rang again. "Hold on! Yun Jian, don't think that you can leave so easily!"

Chen Yubing was a little afraid of Sun Zhengwei and his men who were armed with guns but she also thought that Xiong Erhu was indomitable in Longmen City after hearing so much of his boasts when they slept together.

Furthermore, Xiong Erhu patted his chest declaring that he would definitely make Yun Jian pay for what she had done to Chen Yubing before they came.

Now that Chen Yubing saw how Yun Jian was leaving, it was impossible for her to sit around idly. She shouted furiously on the spot.

"Yun Jian, do you think you can get away because you found help? Hah, Brother Xiong will help me ruin you!" Chen Yubing was draped on Xiong Erhu, her ample bosoms attached to the man's chest.

The sight of a teenage girl being together with a man who was old enough to become her father was honestly not a good view to stomach.

“Right, Brother Xiong?” As if wanting assurance from Xiong Erhu, Chen Yubing clung herself tighter to the man.

To the girl, she had sacrificed her body as a deal with Xiong Erhu in order to get even with Yun Jian who caused her to lose her reputation and dignity. She refused to believe that she could not yet ruin the latter now!

“Hah,” Yun Jian could not help scoffing with a light smirk when she heard Chen Yubing’s confidence and saw how convinced she was nestled next to the man.

“What are you snorting at? Brother Xiong, look at her, you have to help me! You said that you’d help me!” Brother Xiong had agreed to help her when they were in bed. He would help her get rid of Yun Jian whom she loathed the most, thus Chen Yubing had pleased the man to her best ability in recent days.

Otherwise, a young charming girl like Chen Yubing would never willingly face a man as old as her father – she was not an idiot!

“Xiong Erhu, Miss Yun is Dragon Head Gang’s guest of honor, someone our boss is deferential to as well! He’s said that anyone who dares lay a finger on Miss Yun in Longmen City is going right against our gang!” Obviously knowing who Xiong Erhu was, Sun Zhengwei’s tone when he spoke to him was laced with threat.

Anyone and everyone knew that Dragon Head Gang was Longmen City’s top mafia group and Nine Valleys Gang was and could only be behind them on position. How could Xiong Erhu dare hit back at Dragon Head Gang when the boss of Nine Valleys Gang did not even dare to?

“F\*cking bitch, shut the hell up, you cheap sl\*t!” Xiong Erhu was experienced and sly. Seeing that the situation was no longer to his advantage, he landed a slap on Chen Yubing immediately as he broke out in curses.

### **Chapter 319: Her End. Going To The Dragon Head Gang**

Xiong Erhu had indeed blown his own trumpet when he was doing the deed with Chen Yubing and had even exaggerated that there was no one he was unable to take down in Longmen City.

Chen Yubing who had her entire mind set on revenge was thus tricked by the man, offering herself, yet she was now slapped instead.

Fallen to the ground from the harsh blow, a flurry of emotions brewed in Chen Yubing as her hand flew to the cheek that was slapped and her widened eyes locked on Xiong Erhu.

“Brother Xiong, you – you’re not keeping your words... You promised me...” Chen Yubing who had yet to realize what was wrong stared at Xiong Erhu, disbelief replacing menace on her distorted face.

“You b\*tch, I was so close to my doom because of you! How dare you ask me to help you when you f\*cking offended someone Dragon Head Gang’s boss is watching over!” Xiong Erhu beat up Chen Yubing right in front of Yun Jian and Sun Zhengwei.

Xiong Erhu was absolutely despicable. It was apparent that he was a scumbag when he could hit the woman he just had in his arms minutes ago.

He was also a cunning old fox, coming up with a solution immediately to resolve any issues he encountered. This was the basic requirement to survive in the gangs.

“You wh\*re! Pointing fingers and giving me instructions now, aren’t you! F\*ck your whole family!” Without waiting for Yun Jian to act on it, Xiong Erhu yanked Chen Yubing’s head up, grabbing it and messing her hair, before hurling her toward the ground.

It was like a warden abusing prisoners. Xiong Erhu did not even treat Chen Yubing as a human.

“Ah...” Chen Yubing shrieked in pain, both mentally and physically, but toward the end, her lips parted but her voice was so hoarse she could not produce any words.

Blood oozed as her head was repeatedly slammed on the ground by Xiong Erhu until Chen Yubing fainted. She had looked cocky and done up despite the thick makeup, but there was only dead silence from Chen Yubing now like she was drowned in a swamp.

Without sparing Chen Yubing who had just shared passionate nights with him another glance, Xiong Erhu went up to Sun Zhengwei with a smile and told Yun Jian obsequiously, “I was blind to your honorable presence just now and offended you. I’ve taught this shameless woman a lesson. Please, I hope both of you are merciful and can be magnanimous in forgiving me.”

If there was something Xiong Erhu was good at, it was bootlicking.

Chen Yubing had been his recent bed warmer for some time, yet he compensated for his almost mistake in the most direct way just because she nearly caused him troubles.

Just from what he did, he was not an easy target to handle.

Yun Jian narrowed her eyes. She was not pitying Chen Yubing. The latter was basically shooting herself in the foot. She deserved it.

Not replying to Xiong Erhu nor glancing at Chen Yubing who was passed out on the ground, Yun Jian turned and left with Sun Zhengwei.

This was how the world was. If one, especially a female, was not strong enough and wished to climb up the ladder depending on men, what would await could be a deadly beating or vicious betrayal at any given moment.

Chen Yubing was an example.

Yun Jian did not go to the school for her evening self-study session. Entering the car with Sun Zhengwei, she came to the headquarter of Dragon Head Gang, a tall tower that looked like a classy building.

Hopping off the car, she entered the building and took the elevator with Sun Zhengwei to the sixth floor and came to a meeting room briefly.

### **Chapter 320: The Whole Gang, Will You Hand It Over?**

The higher-ups of Dragon Head Gang were currently having a meeting in the room.

When Yun Jian followed Sun Zhengwei inside, all of them stood up at once. Although they did not know who she was, not one of them could forget Yun Jian’s amazing performance in the knockout match.

Even higher-ups who had opinions about Yun Jian since the beginning could not help being quiet and serious when they saw her now.

“Miss Yun, you’re here!” Xu Zetian who was dressed dapperly did not appear old among the senior members of the gang. He made his way toward Yun Jian, his reverence toward the girl reflected in his solemn expression.

“Mm. Is anything the matter for you to send someone for me?” Yun Jian asked directly, cutting to the chase as she did not like pleasantries.

Since the knockout match, Xu Zetian had not looked for her. Fact was, Yun Jian was not familiar with Xu Zetian but they met frequently as her brother, Yun Yi, was always with Xu Haozhe. The latter was Xu Zetian’s son, so when she was with her brother and Xu Haozhe, it was inevitable that they saw each other.

“Miss Yun, this is the case,” Xu Zetian spoke up with a pause.

“The Dragon Head Gang is the top mafia group in Longmen City. At the same time, we’re also the gang representative for Longmen. In a few days’ time, there will be a national mafia tea party.”

“The organizing mob will be inviting all the mafia bosses in the country and their capable men to the gathering. As for the tea party, it’s basically a national contest, a gathering for each gang to send their most able men to spar and fight.”

“By then, there’ll also be a collective martial charting of gangs in each province of the country. On behalf of Dragon Head Gang, I sincerely wish that you can join us and represent us to attend this tea party as part of my gang’s skilled members.”

Xu Zetian was genuine in his invitation yet at the same time, his eyes were trained unblinking on Yun Jian.

Frankly, Xu Zetian had asked Sun Zhengwei to bring Yun Jian here to first, ask her to join the Dragon Head Gang, and second, for her to attend the national mafia tea party as Dragon Head Gang’s capable member.

“Mm.” Yun Jian was in no hurry to respond to Xu Zetian’s words.

She pressed her lips together and arched a brow, probing the older man with a question, “What about the benefits?”

There were certainly benefits involved if she was asked to attend a gathering like that.

A merit came with a reward. Even when Xu Zetian was a member of Gu Sha Mercenaries, Yun Jian was impartial.

“If Miss Yun agrees to my proposal, I, Xu Zetian, shall agree to any of your requests!” Xu Zetian promised easily.

This was probably the biggest promise a mafia boss of a city could make. Although Xu Zetian was only the mafia boss of a small Longmen City, the forces and authority he commanded ranged wide. Just Dragon Head Gang itself consisted of over thousands of people and was a formidable force itself.

Yun Jian raised her brow with a small smirk, speaking softly, "And if I want your entire Dragon Head Gang? Will you hand it over?"

Xu Zetian was not the only one who was shocked at her words. The rest of the occupants in the room felt their eyes twitching.

What a bold request!

She wanted the whole mob? Even when she won the knockout match and showed that she was remarkably capable, this young girl was exceptionally brazen for asking to take over Dragon Head Gang right away!
