Chapter 431: Come Over. Yun Jian's Attack

The person who screamed just now was mercilessly killed by this man with a gun!

Hua Meiling and her peers had never encountered such a situation. Hands flying to cover their mouths, they dared not make another sound.

The crowd was bubbling into a chaotic mess as those who had faster reflexes turned to flee.

Bang! Bang! Bang!

The man with the Browning pistol ruthlessly shot them down. He shot those who screamed and those who ran. For a moment, everyone was shell-shocked by the sudden turn of events and was engulfed in terror.

Who was this man? How could he kill people in broad daylight?!

These were thoughts blaring in everyone's mind while they simultaneously regretted ever coming here today.

That man was holding a pistol in his hand! A real gun! He was openly shooting and killing people!

"People, people, don't blame my bullets if you continue your escape!" shouted the man with the Browning pistol as he opened fire on several foreigners.

It was as if killing someone was as easy as eating or sleeping to him.

'A devil!' Hua Meiling and her friends murmured in their minds before they shuddered in terror.

The man had spoken in English but that was not a barrier to Hua Meiling and friends, neither to Yun Jian and Qing You.

In a matter of seconds, everyone on the beach was shaking in fright, afraid to be the next one killed while trying to hide behind their companions.

"Sister Jian, he's Saibeier, Tulige's underling, ranked thirty-first in the organization," Qing You went closer to Yun Jian and spoke next to her ear.

Tulige was one of the frequently mentioned old men in Gu Sha Mercenaries. He had his share of influence in Gu Sha and was the most loyal subordinate of Gu Sha's ex-boss.

The man with the gun, Saibeier, was his underling, thus he was also Yun Jian's internal enemy.

When Zhang Ziyuan saw Yun Jian and Qing You sticking together, he thought that they were terrified. Going to the extent of abandoning his girlfriend, Fan Weiwei, he went to Yun Jian and told her—Qing You tagged along, "Don't be scared, I'm here!"

Noting that Zhang Ziyuan was coming over, Qing You stopped talking to Yun Jian. It only served to make the young man think that both of them were scared and spread his arms to hide them behind himself.

It coincidentally hid Yun Jian and Qing You from Saibeier's gaze.

Said man scanned the area and turned more pompous when he saw how everyone was looking back at him in fear.

“You! Come over!” Catching a glimpse of Hua Meiling in her floral dress, Saibeier hooked his finger at her with a salacious gaze.

Ranked thirty-first in Gu Sha, Saibeier was an incredibly lewd man.

Hua Meiling was petrified, shaking her head fervently as she stood rooted and even shrunk into herself nervously.

It enraged Saibeier.

“Woman, it’s your honor that I ask you to come over! Learn to appreciate it, b*tch!” Saibeier growled but did not kill her since he had yet to lay his filthy fingers on her. Stalking to where Hua Meiling was, he tried to capture her.

Hua Meiling was paralyzed with fear, flinching toward Fan Weiwei who was behind her.

There was a sudden gleam in Fan Weiwei’s eyes as she thought begrudgingly that Yun Jian and Qing You were witches Hua Meiling had brought over. Stealing her heart, she pushed Hua Meiling toward Saibeier.

Just as the corner of Hua Meiling’s clothes was within Saibeier’s grip, a swift shadow flashed past them.

Saibeier’s claws that were stretched toward Hua Meiling were suddenly struck by Yun Jian with a chop that broke his wrist. She then swung a kick on his abdomen so strong that Saibeier was flung away and landed with a thump as everyone else watched with their hearts in their mouths.

Chapter 432: You Must Die! Impudent!

“F*ck!” Saibeier who was unexpectedly kicked in the gut gave a low roar as he collapsed on the ground.

The beach was silent as everyone looked at the petite figure unblinkingly. There was no one person who was not staring at Yun Jian.

Saibeier was a brawny grown man while Yun Jian was only a young girl about fifteen years old. Moreover, Yun Jian had been standing behind Zhang Ziyuan just now.

In the blink of an eye, she was already flashing past in front of everyone and kicking away Saibeier who held a gun.

The scene awed everyone there.

“Yun Jian... She...” Zhang Ziyuan who stood in front of Yun Jian and Qing You with his arms spread thinking that the girls were frightened did not expect the former to be so agile.

He and his friends were baffled.

Hua Meiling was equally stunned. Looking dumbly at Yun Jian who stood in front of her, she had been the clearest in witnessing how Yun Jian had kicked Saibeier into the air.

Saibeier's stomach was kicked but it also sank inward at the same time. How powerful must Yun Jian be to kick and collapse a living person's abdomen!

Hua Meiling was stupefied. She did not even consider that she had to flee with Yun Jian given what had happened.

"F*ck!" Saibeier who was kicked flying was stronger than anyone whom Yun Jian had met in the past. He stood up quickly and bellowed.

No one from Gu Sha Mercenaries was a weakling! Of course, he could not be compared to those whom Yun Jian had encountered previously.

"F*cking b*tch! How dare you kick me? Do you know who I am? I'll have you dead!" Saibeier drank in Yun Jian's beauty as he threatened her, his eyes stayed glued to the girl.

His low roar prompted his followers to run up from the back and encircled Yun Jian and Hua Meiling who were behind her, their guns raised at both of them.

Yun Jian could clearly feel Hua Meiling's trepidation as she clung onto the hem of her clothes from the back and wailed, "Wha—what should we do... Yun Jian, what should we do? Are we going to die..."

"Shut up." It came out as a low rumble from Yun Jian to Hua Meiling.

She then turned to angle her sculpted side profile toward Saibeier.

"Saibeier, thirty-five years old, Gu Sha Mercenaries, ranked thirty-first in the organization, a member under Elder Tulige," Yun Jian recited to Saibeier like she was reading off a report.

The public there had no idea what she was rattling off about. Gu Sha Mercenaries? The majority of the commoners had never come across assassins or secret agent organizations.

It was not exactly surprising that most of them were clueless.

A goody two shoes like Hua Meiling was a prime example of those people.

Nonetheless, Yun Jian's detailing rubbed Saibeier off the wrong way. His information was kept confidential within and outside of Gu Sha Mercenaries—how could this young girl know about it!

With a deep frown, Saibeier's wicked gaze turned fiendish as he spoke, "Die, you must die!"

He growled at Yun Jian, raising his Browning pistol that he had picked up after his fall to point it at Yun Jian.

"Impudent! Saibeier, how impudent you are in front of me!" Qing You slinked out from behind Zhang Ziyuan and hollered at Saibeier, her mischievous tone long gone.

Turning to glare at Qing You, Saibeier looked aghast when he saw her properly. Startled to see her, he gasped lowly, "Qing... Elder Qing You?"

Chapter 433: Let Me See Who's So Bold—Old Man's Here

Qing You was also a member of Gu Sha Mercenaries, a high-ranking one at that.

If her individual martial prowess was taken into account, she might not even be ranked in Gu Sha but her ability to administer poison was far more outstanding than Snake.Lizard who was Gu Sha's elite!

Furthermore, Qing You was trained by Snake.Lizard herself and more importantly, she was someone who stuck by the side of Gu Sha's boss!

Hence, her position was ineffable.

As for Gu Sha Mercenaries' boss, it was not just ordinary people who had never seen her, even Saibeier had not the chance to meet her.

Other than a handful of subordinates Yun Jian wholeheartedly trusted, Gu Sha's high-ranking executives had never seen her true face.

In her past life, Yun Jian wore a skin mask each time she met the executives or the old men in Gu Sha. Every time, the face on the mask was a different one. That was why those old men had no idea what she looked like in her previous life even now.

Yun Jian's height was more or less the same in both lives, so she was not worried about being discovered that she was rebirthed.

This was where the mystery of Gu Sha Mercenaries' boss lay within.

Back to the current picture, Saibeier was disconcerted when he saw Qing You.

Qing You's place in Gu Sha was one that Saibeier could not afford to offend!

"You... Why are you here?" Saibeier's attitude turned one-eighty immediately. He had even gone to Qing You and bowed when he asked the question.

Hua Meiling, Fan Weiwei, Zhang Ziyuan, and their friends were astounded when they saw Saibeier's reaction. The other tourists were also flummoxed.

Everyone was staring, jaws dropped, at Qing You and Saibeier who was suddenly respectful in front of her.

Who was this little girl? How could she turn Saibeier who had been savage and arrogant just now to her becks and calls?

"Bastard, you don't deserve to know when you've offended someone I respect the most!" Qing You raised her hand and landed a hard slap on Saibeier's face.

Everyone sucked in a cold breath.

They had seen how Saibeier shot people to death just now—he was a devil.

Those people who he had killed did not even do anything, innocent at their deaths.

Now, Qing You was slapping him!

Yet, Saibeier was not angered. He was not only taking it all in, he was apologizing to Qing You profusely.

This was how hierarchy worked in Gu Sha Mercenaries.

Saibeier dared not be brash because Qing You's rank was higher than his in Gu Sha! It would be a walk in the park for Qing You if she wanted to kill him.

Just when everyone thought that the incident was coming to an end, a melodic but indifferent voice spoke up, "Kill him."

Tracing their eyes to the source of the voice, everyone saw Yun Jian uttering the words in nonchalance—words that put all of them in a numbing ring of distress/

Even Saibeier was befuddled. Who was she to decide his life and death?

Qing You obeyed with a lowered gaze. When she looked at Saibeier with a side-eye, it was like she was looking at the dead.

Saibeier was shaken by Qing You's gaze.

He knew who she was. She was an expert in poisoning. Her creations of poison could even turn flesh and blood into bones in an instant.

This was one of the main reasons he was scared of her!

"Kill who? Let me see who's so bold!" The loud whir of a helicopter's rotors took over the air above them as an old man around his fifties hopped off from it directly.

This man was the underling of Gu Sha's ex-boss, Tulige.

Saibeier was his man and he was one of the old men mentioned.

Chapter 434: Ousting. The Mercenaries

Tulige was an old man within the bracket of fifty to sixty years old. He had a menacing face that was visibly not any better looking during his youth. Even when he was much older now, his appearance had still disturbed the crowd on the beach at once.

Especially when he descended his private chopper, he looked exactly like the villain in movies.

Hua Meiling, Zhang Ziyuan, Fan Weiwei, and others stood stupefied. It was not just them, the rest on the sandy beach were all numbed with fear.

That was because not long after Tulige's appearance, a big mob of men dressed in black uniforms holding machine guns in their hands swarmed the vicinity.

On the exposed area above their wrists, there was a unique skull emblem there that unnerved one who saw it. The majority of those on the beach could not identify the significance of the logo but their instinct toward danger instilled fright within them once they saw the marking.

"Elder Tulige!" Saibeier was elated to see his senior coming to his rescue. He was unafraid of Qing You promptly as he took his place beside Tulige.

Tulige had been in Gu Sha much longer than Qing You had. Even when they shared the same rank, Tulige's influence in Gu Sha was a notch better than Qing You's.

Qing You stood her place beside Yun Jian as both sides began to stare each other down.

Tulige was openly glaring at Yun Jian. His aged face that looked like centipedes were peppered around was as intimidating as it was spooky.

However, Tulige sensed a terrifying aura from Yun Jian the moment he studied her. It unsettled him as he had only felt such a vibe from one person before!

According to what he knew, that person would not be here as she had long disappeared.—Back when Slaying God disappeared, Tulige had sent people out for a large-scale search just to find her. The news that he received was that the men who returned had only managed to find Slaying God’s favorite sports car, the Ferrari LaFerrari.

The owner had just vanished out of thin air! No one had ever seen her then!

For the last half a year, she had never shown herself. To disappear for no reason for as long as half a year, being in the profession they were, it only meant one thing.

The only explanation was that she was dead!

Tulige and his colleagues who came to this conclusion had nothing more to fear and they were increasingly edgy nowadays.

Since that woman was dead, Gu Sha Mercenaries should no longer be run by her people!

Hence, Tulige’s underlings were beginning to blatantly ignore Gu Sha’s stated rules.

He wanted to overthrow the authority and become the reigning leader instead.

“Who are you?” Smacking his lips together, Tulige’s squinted eyes were laced with killing intent as he asked Yun Jian.

“Tulige, you’re unqualified to know!” Qing You spat on behalf of Yun Jian after a glance at the man.

Yun Jian merely narrowed her eyes.

“Tulige? Is he the Elder Tulige from the top international mercenaries, Gu Sha Mercenaries?” A deep mature voice of a man sounded with audible shock and terror.

Once the man spoke, everyone else caught on.

A mercenary organization’s purpose was to kill! They were the best internationally!

All of their eyes were blown wide. Hua Meiling and her friends stared at Tulige and his escort in panic before turning to look at Yun Jian, worry tinting their gaze.

These were mercenaries. Was Yun Jian trying to kill herself by fighting them?

Chapter 435

: Ally Support—Tiger.Leopard’s Appearance

Hua Meiling and her friends were college students with Zhang Ziyuan, Fan Weiwei, and the rest studying here in Country M.

They had never seen such a terrorizing scene.

When Saibeier shot a bunch of people just now, they already felt their legs turning into jelly. What was more, their jelly legs could hardly support them now when they heard that Saibeier and Tulige were people from a top international mercenary organization.

Like what the movies showed, underground mercenaries like them were all devils who killed without a bat of an eye. Human lives were nothing to them!

The tourists were shaking now, chills running down their spines.

It was highly possible that none of them could leave here alive today. They knew this much from how Saibeier opened fire at the public just now.

Goodness! If they had known that they would encounter such terror like this today, they would never have come for their holidays in Hafei Island!

It was impossible to turn back time.

While what the mature male voice said had alarmed the civilians, Tulige and Yun Jian who were staring at each other were unfazed.

Yun Jian's slightly curled lips quirked up a little in the next second, blooming into a stunning smile. She had not expected to bump into Tulige and gang here in Hafei Island nor had she guessed that Tulige and the old folks were already impatiently oblivious to Gu Sha's rules and made a scene outside just half a year into her disappearance.

Gu Sha Mercenaries had explicitly stated that members were prohibited from killing people in public for no reason.

Doing so would not only attract the attention of the police, it would only invite more trouble when they go head-to-head with the Interpol.

She had only been gone for half a year but Tulige was turning a blind eye at Gu Sha's rules!

"Tulige, good on you!" Yun Jian gritted her teeth and smirked sharply, speaking her first sentence to Tulige.

The meaning of it was perplexing but Tulige felt a tiny twitch in his eye. It was just a little girl and she bore a slight resemblance to Slaying God, but so what?

Tulige was determined to believe that Yun Jian had died. While he had never seen Yun Jian's real face in her past life, he could more or less feel that woman's presence.

Moreover, Slaying God was one who survived through a cutthroat environment. This girl in front of him was pretty and delicate with fair dainty hands.

It was impossible for Slaying God who held weapons all year long to possess such clean and bright little hands!

Even when Qing You was standing beside her, Tulige had never thought Yun Jian to be his Gu Sha boss, Slaying God.

“Yes I’m good, but little girl, you! You won’t be doing good!” Tulige cackled, his gaze on Yun Jian piercing and brutal.

No matter who this young girl was, she must die!

Tulige laughed and waved his hand, gesturing to his underlings who manned the machine guns. It was a command for them to open fire, killing everyone there including Yun Jian and Qing You!

The split second while Tulige was gesturing his order, a speeding sports car skidded to a halt in front of everyone.

The car was swift like lightning as it flashed past in front of the crowd before it parked itself at Yun Jian’s side.

Tss! The car tires hissed from the abrupt motion.

Two people alighted the vehicle—one was large and muscly, towering close to two meters, while another was voluptuous, fitted into a black form-fitting garment.

The former was Tiger.Leopard who Yun Jian had contacted when she was just rebirthed while the latter was Snake.Lizard who had made her appearance a while earlier.

When both of them hopped off the car, they went to Yun Jian and called out respectfully, under everyone’s hot gaze, “Sister Jian!”

Chapter 436: Open Your Vile Eyes. Toying The Butterfly Knife

Snake.Lizard and Tiger.Leopard who made a sudden appearance discomfited the people on the beach once more.

Although they did not know who these two people were, just their alarming speed in driving the sports car past everyone to stop in front of Yun Jian was apparent that they were not ordinary people.

The fact was only highlighted when Snake.Lizard and Tiger.Leopard went to Yun Jian and reverently addressed her as Sister Jian.

Hua Meiling and her friends were dumbstruck, especially Zhang Ziyuan. He was initially interested in Yun Jian, but the shock she had brought him during the short period of time was overwhelming!

She was supposed to be just a tourist who came from Country Z alongside Hua Meiling—how did she know all these people!

Zhang Ziyuan and his peers thought with a deep frown.

“Tsk!”

When Tulige saw Snake.Lizard and Tiger.Leopard going over to Yun Jian and greeting her, he was taken aback as well.

Snake.Lizard and Tiger.Leopard were both ranked higher than Tulige in Gu Sha Mercenaries currently. Both of them were commanders of Gu Sha, which also translated to the decision-making authority of Gu Sha being in their hands.

In spite of their rank looking to be a level higher than Tulige, the latter did not bow down to them.

Gu Sha Mercenaries was thus separated into two opposing parties. On one side was Snake.Lizard and others who stood with Yun Jian, whilst on the other was Tulige and the old men who used to follow Gu Sha's ex-boss and did not yield to Yun Jian.

Other than Tulige, there were many more old men who used to be under the previous boss of Gu Sha.

Even now when Snake.Lizard and Tiger.Leopard were dutifully calling out "Sister Jian", Tulige had still not connected the dots between Yun Jian and the terrifying woman. After all, no matter how much a person's appearance had changed, one could hardly get rid of the calluses on the hands.

The young girl standing before Tulige had soft and supple hands from what he had scrutinized. They were nothing like the scarred and callused hands of Slaying God's in his impression.

"What are you all waiting for? Kill all of them!" Since Tulige had decided on mutiny, he was not turning back. At this juncture of time, especially, he was ready to put his life at stake to battle it out with Snake.Lizard and Tiger.Leopard.

Heh heh! If Slaying God were here today, he might cower in fear.

No one knew better than Tulige just how terrorizing that Slaying God woman was! When she overthrew Gu Sha, he did not even dare make a hum!

It was just Snake.Lizard and Tiger.Leopard now, though. There was no Slaying God! This was the best time for Tulige to rebel!

He was going to claim the entire Gu Sha Mercenaries as his own!

Tulige's declaration scared everyone witless. There was a horde of men with machine guns here. Once these people pulled the trigger, all of them would be killed instantaneously.

There was not one of the civilians who did not feel the despair of being an inch away from the clutch of death.

"Tulige, open your vile eyes and see who I am for yourself! How insolent of you! Have you forgotten how Gu Sha landed in my palms back then!"

Just when everyone thought hopelessly that they were going to die here, an imperious voice of a girl rang loud and clear.

Trailing their gazes over, they saw that Yun Jian had somehow brandished a butterfly knife and toyed with it, taunting Tulige amidst her action.

Watching how Yun Jian was playing with the butterfly knife, Tulige's pupils contracted.

The way she toyed the butterfly knife slowly merged with the terrifying woman in his impression.

Suddenly, Tulige pointed at Yun Jian in horror, shouting frantically, "Slay...Slaying God?"

Chapter 437: What Have You Done? They Listen To Me

Yun Jian's words did not only trickle terror into Tulige, the other people on the beach could not help gasping as well.

Gu Sha Mercenaries was, literally, a mercenary organization. Yun Jian's words were clear as day. To be able to say that Gu Sha Mercenaries had gone from Tulige and his men to landing in her hands, it meant that Yun Jian was Gu Sha's boss—Gu Sha Mercenaries' boss, Slaying God?

People were both flabbergasted and petrified.

If ninety-nine percent of the crowd here did not know who Tulige was, one would wonder who among the ones present did not know about the king of secret agents, Slaying God.—An absolute majority of them knew who she was.

Slaying God used to grace international news and magazines. She was titled the best female secret agent in the world and was the most dangerous person on headlines, a Grade 3S wanted criminal internationally.

The press had joked that one was near death should they meet this person in her debut on the news. It stayed a hot topic for some time and there were still people who remembered it now.

It was just—no one expected that the legendary ace of secret agents Slaying God, the No. 1 on the secret agent chart, the boss of Gu Sha Mercenaries, was this young girl in front of them.

It was... it was mind-boggling!

The tumult that struck others did not affect Yun Jian. Her eyes stayed on Tulige as her fingers that toyed with the butterfly knife stopped.

No one knew why Tulige was so afraid of her—of course, except Tulige and the other old men.

Back then, Yun Jian had barged into Gu Sha Mercenaries alone with just a butterfly knife and a bulletproof vest when she killed the ex-boss of the organization. She was so fast that she could chase the bullet!

In terms of skill, Tulige and his other old colleagues would certainly be killed in a matter of seconds, but Yun Jian could not have laid a finger on them then. Once Gu Sha was in a shambles internally, other mercenaries would take advantage of the situation.

It was like how Yun Jian had led a small number of people and absorbed the Flying Passage that was in internal turmoil into her mob without much effort after killing their boss, Xu Zhouzheng.

The principle was the same.

“Hah, old thing, I see you guys are still stubborn in fantasizing to overthrow me after staying quiet for two years.” Yun Jian stepped forward flicking her butterfly knife, not at all scared of the machine guns pointed at her.

She was not worried about being shot down in a bullet storm.

Her action made Tulige's eyes twitch again.

“Today... is the day you die.” Yun Jian's monotonous declaration sounded like a revelation to everyone.

Goosebumps racked over their bodies as they felt themselves coiled up in tension. Hua Meiling and her friends who made acquaintances with Yun Jian just now, especially, were so utterly shocked beyond words.

They had thought that Yun Jian and Qing You were ordinary tourists, never assuming their identities to be this shocking.

When Tulige confirmed that Yun Jian was Slaying God, he went all out, riding off all disguise to his nature. He knew that only two outcomes awaited him when he was exposed in front of her—it was either he would die or Yun Jian would.

Obviously, Tulige was leaning toward the latter.

“Shoot them all with the machine guns!” Tulige ordered his men who manned said firearm. His holler was bright with vehemence but it received no response.

Tulige shouted again. In the end, he was abruptly struck with realization as he stared at Yun Jian in terror, his roar a low rumble. “What have you done?!”

“I didn’t do anything.” Yun Jian smiled as she made a wave like she was saying something casually. “It’s just that these people of yours listen to me now.”

Chapter 438: Weeding The Dregs And Doing It Herself

Yun Jian spoke impassively, causing Tulige and Saibeier who were standing behind him, to feel uneasy.

“What... what do you mean?” There was a twitch on Tulige’s eyelid as he took a panicked glance at Yun Jian.

“What it literally means. You can try it if you don’t believe me, see if they listen to you or obey me.” Yun Jian scoffed, arms crossed in front of her chest as she looked at Tulige undauntedly.

Disappearing for half a year and being in Longmen City, it was not like she made no plans. She had never shown herself in Gu Sha Mercenaries during the period of time to create the illusion that she, Yun Jian, was already dead to Tulige and the other old men.

Behind them, however, Yun Jian had long strategized to infiltrate the underlings of Gu Sha’s old things with her own. She had not done this personally but requested Snake.Lizard and Tiger.Leopard, two of whom were absolutely loyal to her.

Although Yun Jian was in Longmen City, Snake.Lizard had gone around after that to recruit skilled talents. Long ago when Yun Jian had just taken over Gu Sha Mercenaries, she had begun to secretly replace the old men’s subordinates with her own people.

Those old men did not even suspect a thing since she was discreet about her actions in addition to Snake.Lizard’s efficiency.

Like Tulige, he had only realized with a start when his command toward his underlings was in vain.

“You!” Sensing what was wrong, Tulige was quick to react but it was already too late.

If Yun Jian killing this old geezer would throw Gu Sha Mercenaries off balance and its status among its peers, then she was a hundred percent confident that there would be none of that after she weeded all the old men out.

“Since you can’t order them around, I’ll do it.” The corners of Yun Jian’s lips were turned up into an evil smirk. It only made Tulige and his men more fearful.

The feeling was amplified when they knew that Yun Jian was Slaying God. They no longer dared look at her as an ordinary girl.

“Kill him!” Yun Jian kept the hint of a smirk as she uttered.

With her command, the machine gun handlers went into action at once. They aimed the weapon at Tulige in precision before continuous shots were heard firing.

Bang! Bang! Bang!

These people listened to Yun Jian! Tulige avoided the bullets in a frenzy.

Other than the underlings manning the machine guns who were firing toward where Tulige was, Tulige’s closest henchmen were all killed.

Although Tulige was old, he was skilled and he had been training, so he maintained his shape rather well. Faced with the strafing of the machine guns, Tulige managed to avoid being shot in any vital shots but he was chafed and scraped.

In just a minute, no one from Tulige’s side survived except for him who was injured all over and Saibeier who was wheezing on the ground.

The closest men to him were killed on the spot, unable to hide from the strafing just now.

Yun Jian waved to stop the attack after a minute.

Tulige and Saibeier were both able men. They were not as easy to get rid of.

Yun Jian narrowed her eyes, taking her place in front of Tulige again. She continued flicking her butterfly knife as she told the man, “Since the machine guns can’t kill you guys, I’ll have to do it myself.”

Yun Jian was going to kill them! The visitors of the beach were unnerved.

Chapter 439: Her Bloodthirstiness And The Extermination

Holding the butterfly knife, Yun Jian slowly made her way to Saibeier who was laying on the ground and on the brink of death as well as Tulige who had lost all his conceitedness.

With her fair hand gripping the butterfly knife, her long silhouette was shown.

At least, from Hua Meiling and her friends’ eyes, her tall and powerful posture was clearly reflected.

This Yun Jian was not the least bit like she had been. This Yun Jian right now looked like a devil from hell!

“Is she—is she really going to kill them?” Hua Meiling’s perturbed voice rang weakly with a deep sense of trepidation laced in it.

Hua Meiling was not the only one reacting this way. Zhang Ziyuan, as well as Fan Weiwei who had been hostile to Yun Jian, were speechless in terror.

“Old thing, anything to say before your death?” Yun Jian spun the butterfly knife around her fingers lithely as she asked Tulige.

“Hahaha!” Tulige who avoided the machine gun strafing just now was battered. His clothes were tattered from the abrasion but he was still guffawing in malice.

What happened just now was a ranking of bullets. No matter how good Tulige was, he had been shot plenty of time. He had just managed to deflect being shot where it would be fatal.

Nonetheless, Tulige knew how capable Slaying God was. He did not even stand a chance!

“Slaying God, despite our grudges, you’re the best I’ve met in this lifetime! But I, Tulige, am no weakling. I will not leave myself at your mercy!”

It came out as a roar from Tulige. Right after that, he pulled out a silver pistol from his hips and perched it on his temple, ending his life in a loud bang.

“Ah!” Some among the crowd screamed at the sight.

Bathing in the sunlight, Yun Jian’s beauty was stunning but there was no ruffle of expression on her face regarding the man’s death.

It was as if someone irrelevant had died before her.

During this moment, it felt like she had gone back to her past life when lives did not mean much to her.

She pressed her lips together slightly before telling Snake.Lizard and the other two behind her, “Kill Saibeier and follow me back to the organization.”

Looking at Yun Jian who was surrounded by her entourage, Hua Meiling and friends felt, for the first time, the distance between them and Yun Jian. Zhang Ziyuan could no longer describe his terror as shocking now. He was just thankful he did not step over the line and offended Yun Jian.

...

An eerie island lay hidden in the ocean dozens of kilometers away from Hafei Island.

This island was huge with a thick canopy and an expansive area of jungle camouflaging the buildings deep inside it.

When beams of sunlight poured occasionally, gigantic unique skull markings could be seen on the walls of these buildings.

This was the headquarters of Gu Sha Mercenaries!

As it was hidden in the deeper part of the forest, it was hardly discoverable.

Right now, a group of old men in their forties and fifties were gathering in one of the larger buildings. A heated discussion was in place.

“Slaying God’s been missing for half a year now. It’s mostly a bad end for her! Snake.Lizard and Tiger.Leopard are tough to handle but as long as we work together, we can take over Gu Sha once again!”

“Yes! Slaying God’s kept Gu Sha for so long, it’s time she gives it back!”

...

The group was fervent as they planned their insurgence.

It was exactly because Slaying God had gone missing for half a year that they had dared act so boldly.

Otherwise, these old antiques dared not even make the slightest sound when Slaying God was still around.

Bam!

The door was broken open instantly as Tiger.Leopard and Snake.Lizard were seen escorting a young girl inside.

They watched as the young girl tossed a package on the floor as she chuckled softly and said, “Elders, it’s been a while. I heard that you have been especially missing me!”

The parcel rolled around twice on the floor before the content was exposed—it was a bloody head.

A few of the elders stood up in shock as they gasped, “Tu...Tulige!”

Chapter 440: It’s A War—Striking First To Gain The Upperhand

The elders of Gu Sha Mercenaries had never seen how their boss, Slaying God, actually looked like. Every time she appeared, she donned different looks and identities, and she never stayed for long.

All Gu Sha’s elders or high-ranking executives knew was that Slaying God’s skills were nonpareil!

When Yun Jian had tossed Tulige’s head in front of these old men, all their minds supplied them were two words—Slaying God!

Only Slaying God was this wild and arrogant and only for Slaying God would Snake.Lizard and Tiger.Leopard escort her back to Gu Sha like this!

“Slay...Slaying God!” an elder exclaimed.

Other than Snake.Lizard and Tiger.Leopard, these elders in Gu Sha were aides of the ex-boss, people who were constantly devising how to kill Yun Jian.

It was apparent that they had not expected Yun Jian to come back alive when she had disappeared for half a year because there was usually only one outcome for anyone in this career to go missing for more than half a year—dead!

Even the secret agents and assassins topping the international charts were automatically assumed to be dead once they were not heard of in a year and the ranking would be renewed.

Life and death were something no one in this career could be sure of.

“Why are all of you so agitated? Do you welcome my return so much? That’s a surprise to me,” Yun Jian snorted, leading Snake.Lizard and Tiger.Leopard to go around Tulige’s head that stained the floor with dried blood to go in front to the seat that only the best was qualified to take.

The elders underneath dared not say a thing. All of them were inwardly frantic.

Slaying God was not dead!

Yun Jian’s fingers ran along the long surface of the table and sat on a stool by it.

“It’s time we settle our score now.” Yun Jian rapped twice on the table with two of her fingers as she chuckled, her grin looking like an innocent dainty girl.

The elders felt their hearts lurch.

“Conspiring with the Inferno Ring to abduct my younger brother is your grand gift to my half a year ago!” Yun Jian’s gaze turned piercing.

She made a slap on the table as she stood up speaking, her sharp eyes scanning the vicinity.

Inferno Ring was the mastermind behind her younger brother’s death in her previous life but she knew that these old men in front of her had to do with it as well.

Now that her younger brother was rebirthed like her, it was something Yun Jian was ever grateful for. However, she was going to take revenge for the trauma and torture that her baby brother had to go through!

“Now, now, any last words, elders?” Yun Jian’s piercing gaze swept down and when it went back up to pin the elders, she looked like she was looking at a bunch of dead men.

Yun Jian had long planned to expose them coming back this time.

The elders widened their eyes and finally, an old man about sixty years old stepped up.

The name of this elder was Buba.

Now that the fallout happened, Buba stopped pretending. He sneered, “Hah, Slaying God, we’ll let you know too that we’ve teamed up with big assassin organizations and have surrounded this place! Last words? Heh, we’re directing it back to you!”

Since strife was decided, Buba retrieved a gadget from his pocket and pressed the rescue button on it. This was an SOS gadget he had requested for when he collaborated with the other assassin organizations.

Once the button was pressed, Gu Sha’s island would be besieged by the hiding assassin organizations whom they were working with!

Since Slaying God was the one to challenge them first, they would strike first to gain the upperhand!
