Chapter 921: Please, Have Mercy On Beiguang

Watching what Corinton did, those around stood stunned. Ji Shasha, who thought about impressing others by conversing with Corinton just because she knew English, was flabbergasted.

Who was Corinton? The plump middle-aged man dressed in the businessman attire as well as Zhang Shaofeng had talked about him in enough detail.

Even if one had never heard about Corinton, one could make out his general fame—the best engineer in Country M who had been reported in international news headlines and titled the most outstanding mechanical engineer in the world!

The fact that he had been reported in global news headlines was evident that Corinton was not a small fry. After all, someone who could grace the international headlines could never be someone regular!

What the other guests also did not anticipate was Corinton's reaction after Zhang Shaofeng growled at him. In order to become Yun Jian's disciple, the man asked Zhang Shaofeng in such a polite manner!

Zhang Shaofeng himself was shocked by Corinton's action as well, and the latter was the one to help him regain his balance. It never crossed Zhang Shaofeng's mind how influential his master was that not only did Corinton not hit him after what he said, he pleaded him to teach him how he could get Yun Jian to become his master.

The best engineer who had established his name worldwide wanted to seek Yun Jian as his master too?

Instantly, Zhang Shaofeng felt immensely proud. After regaining his footing, he acted enigmatically and coughed into a cupped fist by his mouth, pretending like he was some hotshot.

He then stood on his tiptoes to pat the shoulders of Corinton who was more than half a head taller than him, and advised in a lofty air, "You didn't know how much effort I put in back then in order to become a disciple! I've done the best I could! Otherwise, my master wouldn't have accepted me!"

"Do you want to learn about it? If you do, I'll—"

"Zhang Shaofeng, stop blowing your trumpet! Careful you get choked!" Chen Xinyi went over, jumped up and swung a smack down on said guy's head while he was preening and talking big.

"Ow!" Zhang Shaofeng yowled from the pain.

"He made all that up. Don't listen to him!" Chen Xinyi told Corinton with a smile despite her hand that went to pinch Zhang Shaofeng's arm.

Corinton was stupefied when he saw how rough Chen Xinyi was treating Zhang Shaofeng. It took him a moment before he reacted.

"You Country Z people are real—really easygoing!" Corinton forced himself to swallow the word "rough".

He smiled at Chen Xinyi and turned back to Yun Jian. "S, accept me! I'm super nice! I'll run errands for you too!"

The man said, wearing a cute grin.

Those around them could not help lamenting in their mind. It would be a true wonder if people did not die from shock when an old man like him with a foot in the coffin acted cute like this!

Yun Jian smiled and was going to say something when the drifting of a sports car sounded outside the door before it stopped.

The door guard had been stopping Corinton from entering just now and had pursued the latter all the way into the house, so there was no one guarding the door at this moment. Now that they heard someone speeding into the compound outside, everyone was surprised.

Who was it this time?

Yun Jian had just turned her head to the door when a middle-aged man with a crew cut dressed in a suit but currently looked a little distressed running in.

The man ran in and scanned his surroundings before locking his eyes on Chen Zhenchuan. While everyone watched on in astonishment, the man ran and fell to his knees in front of Chen Zhenchuan.

“Please, have mercy on Beiguang Model Agency! I beg you! I didn’t know that incident would result in such a serious implication to your daughter. Those people have already received their lesson! Please have mercy on Beiguang Model Agency!”

Chapter 922: Beiguang’s Boss. Begged The Wrong Person

Perhaps those in the house were bewildered when they saw the man with a crew cut running into the house just now. Who was this and why was he here?

No one there knew him. Otherwise, they would have called him when he entered.

It was until this man with a crew cut kneeled down before Chen Zhenchuan and said what he did that everyone else recalled it—Beiguang Model Agency was suddenly shut down not too long ago.

As for the reason, it was said that it was because Chen Zhenchuan’s daughter, Chen Xinyi, was nearly coaxed into taking nudes by Beiguang Model Agency. The girl refused to do it and those from the agency wanted to force her into it. Backed to the corner, Chen Xinyi ultimately committed suicide in order to defend her innocence.

It was said that she had slit the vein on her wrist using the smashed vase shard and if it were not for her friends coming to her rescue, she would have been an ice-cold dead body by now.

How could Chen Zhenchuan be okay with the fact that his daughter was abused? The banquet today was held in celebration of Chen Xinyi's discharge from the hospital as well.

In addition to the crew-cut man's words, it was not difficult for the guests to discern the cause and effect of the matter. If their guess was correct, this man with a crew cut was the boss of Beiguang Model Agency, with the name Qi Zhenxing.

Qi Zhenxing had started Beiguang Model Agency single-handedly but those who were around had heard plenty of rumors regarding the man. The modeling agency was known to have casting couches; as the boss of the company itself, Qi Zhenxing must have under-the-table exchanges with many of his female models and celebrities as well.

In spite of it, Beiguang Model Agency had its success. Not too long ago, it was even reviewed as the company with the most potential to grow. When the incident with Chen Xinyi happened, however, the company was completely shut down!

People had been guessing. Now that Qi Zhenxing knelt before Chen Zhenchuan, it felt like their guesses were confirmed. Chen Zhenchuan must have shut Beiguang Model Agency down!

"Hahaha, oh, Zhenchuan, I told you. Who else in Longmen City has the capacity to close down Beiguang Model Agency? You're awesome!"

Zhang Guodong who had been pandering to Chen Zhenchuan previously seized the opportunity and stepped up to put the latter on the pedestal, disregarding that Qi Zhenxing, the boss of Beiguang Model Agency was still around.

With what he said, everyone present was even more convinced that Chen Zhenchuan was the one behind Beiguang Model Agency being shut down.

The modeling agency was huge. It seemed that there was hardly anyone else in Longmen City who was capable enough to shut it down aside from Chen Zhenchuan.

Hence, people began to comment and discuss among themselves but everything they said was making Chen Zhenchuan seem like an almighty.

Qi Zhenxing's appearance distracted people who had been paying attention to Corinton just now.

While they thought that it had been Chen Zhenchuan who managed to do it, Chen Zhenchuan was heard speaking to Qi Zhenxing, "I really didn't close Beiguang Model Agency down... but your company deserves it!"

He kicked the man away with that. How could Chen Zhenchuan possibly accept Qi Zhenxing's apology? He would rather destroy Beiguang Model Agency and see it disappear from the face of this world eternally!

Right after Chen Zhenchuan said that Yun Jian spoke up. "I've said that Beiguang Model Agency will become history. You guys have offended people you can't afford to offend."

Yun Jian's words pulled people's attention back to her immediately.

Chapter 923: Dime And Prime Company's Big Boss

What Chen Zhenchuan said puzzled everyone present. Why was he denying shutting down Beiguang Model Agency again and again?

This was the doubt playing in everyone's mind when they were bewildered by Yun Jian's words, especially Qi Zhenxing himself.

The man actually did not know who closed down his company. He had poured his lifetime of blood and sweat into Beiguang Model Agency and his life was considered done for if the company was ruined just because he had offended someone important!

Nonetheless, the only person he could think of was Chen Zhenchuan—but why was the latter denying that he had shut down Beiguang Model Agency? Instead, a teenage girl had stepped out and proclaimed "I've said that Beiguang Model Agency will become history. You guys have offended people you can't afford to offend".

To be honest, Qi Zhenxing was astounded. Why was the girl speaking up like this?

"Who are you?" he asked despite still kneeling before Chen Zhenchuan. After all, Qi Zhenxing's subconscious still recognized Yun Jian who had made her sudden appearance as nothing more than a child. If one was capable of shutting Beiguang Model Agency down, there was no one other than Chen Zhenchuan.

When Qi Zhenxing asked Yun Jian the question and everyone shifted their gaze to her, the girl crossed her arms in front of her chest and scoffed. She was heard speaking again when everyone felt the temperature dropping.

“Aren’t you trying to beg me to have mercy on your company? What’s this? You’ve mistaken the person you’re begging and you’re still thinking of saving your company?” Yun Jian smirked with her arms crossed.

Her tone dripped with a contemptuous sense of provocation. It made anyone who heard her gasp in reflex.

“It—it was you? You were the one who shut down Beiguang?” Qi Zhenxing looked at Yun Jian in disbelief.

Similarly, everyone there was staring at her in shock. How could it be Yun Jian? Who did she think she was? Did she have the ability to shut down Beiguang Model Agency?

It was not just Qi Zhenxing who was in disbelief, there were not many around who believed what Yun Jian said.

Si Yi who stood at the side blinked. There was a mirthful quirk of lips on his gorgeous face. He did not do anything because he knew that his Xiao Jian would have a solution.

“Hah! Stop joking! Young lady, I’ve been hearing you say that you closed down Beiguang Model Agency and chopped off the talent scouts’ members. Can you prove it? Stop poking your nose into the business if you have no evidence, will you? Who do you think you are? Are you that almighty?”

Zhang Guodong had been hearing Yun Jian confess that she had done all these things numerous times and he was annoyed about it, so his tone when he spoke to her now was one of irritation.

Just as he said that, however, Corinton exclaimed, “Who is she? You’re asking who S is?”

Corinton gasped as he pointed at Yun Jian in exaggeration before he continued on dramatically. “What’s this Beiguang Model Agency you guys have been talking about? Do you know one of the top ten multinational enterprises, Dime And Prime Company?”

“She’s the big boss of Dime And Prime. Why are you saying she’s incapable of ruining some never-heard-of Beiguang? Are you kidding me?”

Chapter 924: She Owns Two Companies

As one of the top ten multinational companies in the world, Dime And Prime Company had a certain say in the international scene. Even among the ten best MNCs, Dime And Prime was the crème of the crop.

Countless businesses and politicians across the globe took pride in being able to work with the company. Corporation elites, as well as graduates and top of the classes from notable universities, all yearned to be a part of Dime And Prime Company.

Globally, there was no doubt that Dime And Prime Company was influential. At the same time, it was currently run by Yun Jian’s past-life assistant, Alluring Demon.

Back when Yun Jian was just rebirthed into this body and went to the internet café for the first time, it was Dime And Prime Company's system that she had hacked and stolen a large sum of money. Yeah, she stole her own money, basically...

That was because Dime And Prime was currently run by Alluring Demon and the woman was Yun Jian's subordinate. She was managing the company on behalf of Yun Jian. Since the girl was the big boss of Dime And Prime, it also meant that she was the one who founded the company.

People present might not have heard of Country M's best engineer, Corinton, but they would never have not heard of Dime And Prime Company, one of the top ten MNCs. That was an international household name!

Therefore, when they heard what Corinton said, they were stupefied, still in shock as they had been earlier. They looked no different from being startled out of their senses.

Corinton spoke in Chinese just now, so everyone there could understand him. What had he said? Yun Jian was the big boss of Dime And Prime Company—one of the top ten MNCs?

W-was this a joke? How old was she? She was not even legal yet! She was only around Chen Xinyi's age—a junior high schooler!

Those present were befuddled with their mouths forming an "O". It was like they were stunned by something and were stuck frozen.

Whether it was Beiguang Model Agency or Chen Zhenchuan's company, none of them could qualify, even the slightest, to compare to Dime And Prime's existence. All it took for Dime And Prime Company to destroy Beiguang Model Agency or even Chen Zhenchuan's company was a wiggle of finger and a phone call—and this was the big boss making a move.

The majority of the guests believed what Corinton said. It was in addition to the old man's respect for Yun Jian earlier and his eagerness to take her as his master. It seemed conclusive that there was no reason for the internationally famed engineer, Mr. Corinton, to fly all the way from Country M to ask Yun Jian as his master if she were not Dime And Prime's big boss.

Despite coming to the answer, they were unable to keep up. Everyone was simply dazed, especially Ji Shasha who wanted to compare herself to Yun Jian, and Zhang Guodong who verbally attacked Yun Jian just now. Both of them paled like they saw a ghost.

While everyone was still in shock, Zhang Shaofeng's disbelieving voice traveled to their ears. "What... Oh my god, master, you're Dime And Prime Company's big boss?"

"T-then what about the New Cruise? Aren't you the director of New Cruise?"

Zhang Shaofeng's voice was crisp and it rang loud in the house.

When the others heard what he said, the surprise on their faces intensified.

What?! New Cruise's director? Yun Jian was also New Cruise's director?

Chapter 925: Really Did It. Ge Xuan's Surprise

It had been a long time since Zhang Shaofeng, Ling Yichen, and Chen Xinyi started learning from Zhang Zhifan who managed New Cruise on behalf of Yun Jian. The three of them picked up the ways of running the company from the man right on the dot each day. Even hearing a lot about Yun Jian from him—how Yun Jian had led Zhang Zhifan and his men all the way to Longmen City from Xinjiang Town back then, how she bid for the current New Cruise location, and how she had developed New Cruise to what it was today.

Zhang Shaofeng had heard plenty of similar stories from Zhang Zhifan and had been incredibly impressed by Yun Jian. Now that he discovered that she was the big boss of Dime And Prime Company, one of the top ten multinational companies, he nearly fainted from astonishment.

That was because Yun Jian was also New Cruise's boss! She was so young yet she had done something others who were much older could not have achieved in their lives!

Although people there believed that Yun Jian was the boss of Dime And Prime Company and the director of New Cruise by Corinton and Zhang Shaofeng's words, they anticipated Yun Jian's answer. Hence, they shifted their gaze to her, looking forward to her response.

Yun Jian looked right at Zhang Shaofeng with a press of her lips. Her rosy lips were quirked up lightly as she said after a moment of pause, "That's right, Dime And Prime, as well as New Cruise, are mine."

She was not scared of making it known. What could it do if she denied it? Old Man Corinton and Zhang Shaofeng had already blurted it. Both of them had even been cackled when they saw her admitting it.

The others who were standing around, including Ling Yichen, Chen Xinyi, Chen Zhenchuan, and his wife, He Shiya, as well as Zhang Guodong, Ji Shasha, and more, were shell-shocked without exception. They wore similar expressions.

Si Yi was, of course, not one of them. He was silently and nonchalantly witnessing the entire matter.

"So Beiguang Model Agency was really you..." Zhang Guodong wallowed in regret. Once he thought about how he had treated Yun Jian just now, he shuddered in fear. Now that he had figured it out, it was time he knew it as well. Yun Jian was the director of New Cruise!

No matter how remorseful Zhang Guodong was, he dared not go talk to her. He knew that nothing good would await him if he had gone up to Yun Jian right now. Seeing how she had shut down Beiguang Model Agency when Chen Xinyi was harmed by the company's talent scout, it was evident how she was not a softie!

Considering what happened prior to this, no one in the house dared strike up a conversation with Yun Jian either. It remained so until Yun Jian bid Chen Xinyi and others goodbye and went home with Corinton and Si Yi.

Having left the stunned guests, Yun Jian did not return to Dong Ruan's home but went straight to Ge Junjian's place. That was because she knew that Qin Yirou was there and she had something even more important to do.

Just as she arrived at Ge Junjian's gate, she saw Ge Xuan who seemed rather tall and was still with his colorful hair looking afar at the door. Who knew what he was looking at... He had only snapped back to reality when the three of them came close.

“You...” Ge Xuan was about to speak seeing Yun Jian but his gaze went over her and spotted Corinton who was behind the girl.

“M-Mr. Corinton?!” he exclaimed right when he recognized the man. Then he looked back at Yun Jian with indescribable astonishment. Yun Jian had actually asked Mr. Corinton here! This was real!

Chapter 926: Offer His All. Ge Xuan’s Shock

Ge Xuan had always thought that Yun Jian was joking about asking Corinton to modify him a Maserati sports car. He had even cast the matter to the back of his head already. After all, Yun Jian was so young. Perhaps she was filled with youthful gusto. Ge Xuan did not take what she said seriously.

When he saw Corinton walking toward him behind Yun Jian, however, he was completely baffled.

“Hiya! Nice to meet you, young man!” While Ge Xuan stared at Corinton in shock, the latter put up a hand to greet him like a playful child.

“N-nice meeting you, M-Mr. Corinton!” Ge Xuan was delightfully surprised. He had actually met Corinton and the man greeted him!

Mr. Corinton was an elite engineer in the world. Forget inviting him all the way from Country M, Corinton would not budge even if international personages personally went to his house to ask him for favors. To ask him to help modify a sports car for someone else was basically non-existent.

This explained Ge Xuan’s shock the moment he saw Corinton. He was flabbergasted. It was like meeting his idol. Ge Xuan froze on the spot, unable to react to the situation.

“Old man, it isn’t too hard for you to help my brother modify a Maserati sports car, yeah?” Yun Jian walked next to Si Yi, so she had one hand holding the latter when she turned to ask Corinton.

Ge Xuan nearly squeaked in surprise when he heard Yun Jian calling Corinton “old man”.

Look at Corinton’s status! He was one of the top—if not the top presence in the global scene. People in the industry had only dared addressed him with “Mr.” or “master” but Yun Jian... she was calling Corinton “old man” so frankly?

Ge Xuan also noticed that she had actually called him her... brother? It made him feel a drop of familial warmth at once.

“Just a Maserati? No way. I’ll ask my assistant to send the limited edition Bugatti Veyron that I’ve just modified from my warehouse tomorrow!” Corinton offered generously.

It seemed like he was willing to do anything as long as Yun Jian took him as her disciple.

Ge Xuan who heard it was even more stunned. Did people not say that Corinton was a peculiar man? Ge Xuan had seen photos and brief introduction of him in international publications before this and it was said that Corinton was an eccentric person.

It made sense. How could there be someone like Corinton who depended on his mood to modify cars for someone even if you paid him? However, why was the rumored oddball Corinton so nice and docile in front of Yun Jian? He had even pattered behind Yun Jian claiming that modifying a Maserati was not enough and offered to send the newest sports car model he had just modified over?

Despite his astonishment, Ge Xuan was inwardly grateful to Yun Jian. He could finally own a new sports car that Mr. Corinton had specifically modified—a new car!

Just as Ge Xuan grinned, he heard Corinton speaking again.

“So S, are you taking me as your disciple? If you take me in, I’ll send you all the sports cars I have in my lab. You can take all my awards and certs too, no problem. I’ll give you anything you want!” Corinton pestered Yun Jian.

Ge Xuan’s smile froze when he heard what the man said. Mr. Corinton who he admired the most was pleading Yun Jian to be his master? W-what was going on?

Chapter 927: Racing And Testing

This was Mr. Corinton! Yet he was willing to put forward all his laurels in exchange for Yun Jian to take him as her disciple!

Ge Xuan was completely dumbstruck and he stood frozen on the spot. He thought that Yun Jian would definitely say yes to Corinton only for the girl to reject him directly, “Nope.”

Ge Xuan was hit with another bafflement. He thought that someone significant like Corinton would then be furious when Yun Jian rejected him. In fact, the man did take in a deep breath.

He had just puffed up his chest before Ge Xuan saw him shaking his butt as he looked at Yun Jian like an innocent child and blurted easily, “No, no. Accept me, I’ll be good. I’ll run errands for you. I’ll do anything...”

It raised goosebumps all over Ge Xuan. An old man with a foot almost stepping in the coffin was shaking his butt and acting cute to a young girl—just picturing the scene made one shudder.

Corinton tried to grab Yun Jian’s arm as he shook his butt to ramp up the cutesy act. It was just that his hand was grabbed by another leaner and muscular palm before he could touch Yun Jian’s arm.

Si Yi’s baritone voice rang icily, “Don’t touch her.”

Other than himself, he disallowed any opposite sex from touching Yun Jian, even if it was an old man.

Corinton was over 1.9 meters and was slightly taller than Si Yi but there was nothing commanding about him as he faced the young man. Si Yi was 1.85 meter in height but Corinton was unable to tower over him even if he was a little taller than him.

Corinton’s presence dropped several notches in front of Si Yi. The latter’s domineering aura had even forced him to lower his head. He retracted his arm in reflex.

Ge Xuan’s jaw nearly dropped as he watched the scene.

Ultimately, the few of them went back to Ge Junjian’s house when Qin Yirou called out to them. It was already late. After Qin Yirou cleaned up Ge Junjian’s home and left some reminders for Ge Xuan, she took Yun Jian and Si Yi home.

Yun Jian asked Corinton to take care of his accommodation on his own, and Ge Xuan invited the man to stay with him directly. Consequently, the man stayed in Ge Xuan's home now.

The next day was Sunday where Yun Jian had to go for the revision session in the evening.

When she went to school for the evening revision session, Zhang Shaofeng was already back. He had only applied for a week's leave while Chen Xinyi would only be back after a month.

The week passed without much happening. Yun Jian was relatively serious in class this week and had even completed the homework the teachers had assigned. Yun Jian not doing her homework was so common that when she did them and submitted them this time, the teachers in the office were surprised.

A week went by in the blink of an eye. It was soon Qingming Festival. Said festival was one of the important traditional festivals in Country Z, so schools were normally off for three days.

Since Qingming Festival fell on a Thursday, schools were dismissed in the afternoon of Wednesday. It was just that Yun Jian's school resumed the evening revision session on Saturday night.

When school was dismissed on Wednesday, Yun Jian, Zhang Shaofeng and Zhang Jian left the school ground with their bags. Just as they stepped out of the gate, Yun Jian saw Ge Xuan waving at her from opposite of the road.

As Ge Xuan watched Yun Jian walk over to him, he told her cheerily, "Sis, we're going to race at Longmen City's racing place tonight, test out the Maserati Mr. Corinton's modified for me. Do you want to come to watch us race?"

Chapter 928: Call Me A Pig If He Can Take It

Ge Xuan had taken a long leave this time when he came back. He would still return overseas for his studies after this but he spent recent days at home. Especially since Corinton was here now, he was even more reluctant to go back to school too soon.

After Yun Jian had taken Corinton to Ge Xuan that night, Ge Xuan had been addressing Yun Jian as his younger sister. Although they were not related by blood, Yun Jian could see that Ge Xuan was genuinely treating her like a younger sister.

Ge Xuan was Ge Junjian's biological son. If he could be nicer, it meant that Qin Yirou could get along better with him after she got married to Ge Junjian. There was nothing bad about it, Yun Jian thought.

"Sure." Yun Jian nodded and said after a pause, "I might go a little later tonight. You guys go ahead first."

She had promised Ning Lanlan to hang out tonight.

Ning Lanlan was a student from the Foreign Languages High School. She had a lively nature; if it had been other girls, they might have drifted apart after getting to know Yun Jian simply because they were not in the same school.

Ning Lanlan asked to hang out with Yun Jian while she was free. Back when she borrowed some salt at the cookout by Nilong River, the exchange resulted in a new friend.

Yun Jian thought that she got along pretty well with Ning Lanlan, so she was not opposed to hanging out with her.

“Alright,” Ge Xuan agreed easily. There was no way he would say no when he was beyond happy to hear that Yun Jian would go. He thought that the more he looked at her, the more his new younger sister was easy on the eyes—even Qin Yirou’s presence was tolerable now.

If Ge Xuan had been averse to Yun Jian and Qin Yirou’s presence, in the beginning, he was seeing the two of them as his family from the bottom of his heart now.

Ge Xuan had come to the school only to inform Yun Jian. Right after that, he was urged by his friends to drive away to Longmen City’s racetrack.

Racing fans would find specialized racetracks naturally. Having spent two days in Longmen City, Ge Xuan who did not get to race was getting edgy about it, so he found himself Longmen City’s racetrack.

After Ge Xuan left, Yun Jian went back to Dong Ruan’s house to drop her bag before she left again. Si Yi was not back from the An Hun Group yet.

Yun Jian met Ning Lanlan at the busy area of Longmen City.

“Jianjian, you’re here!” Ning Lanlan was thrilled the moment she saw Yun Jian and ran to hook arms with her.

“Let’s go, we’ll check that area out!” There were no other friends around Ning Lanlan as she had come to find Yun Jian on her own.

“Mn.” Yun Jian nodded.

There were several busy spots in Longmen City, so Ning Lanlan pulled Yun Jian around to roam aimlessly. When they passed by a mall, something black and nude flashed by their eyes.

“Wow, Jianjian, let’s go check that out!” Ning Lanlan dragged Yun Jian into a lingerie shop in the mall with a finger pointed at it.

“Welcome!” The sales assistant in the lingerie shop smiled amicably at Ning Lanlan and Yun Jian, looking like she was about to step forward to promote what they sold in the shop.

“We’re just looking around. You don’t have to follow us.” Ning Lanlan waved at the sales assistant and the latter smiled back warmly.

When Ning Lanlan saw that the sales assistant actually did not tail them, she pulled Yun Jian to a corner of the lingerie shop mischievously. Once she checked and made sure there was no one around, she picked a bra that was so thin it was almost see-through from the row of lingerie and thrust it to Yun Jian.

“Jianjian, I think this bra isn’t too bad.. Wear it and flash it to the handsome guy who picked you up the last time. Hah, call me a pig if he can take it!”

Chapter 929: Let Me See What You’ve Bought

Yun Jian was flummoxed when Ning Lanlan pulled her into the lingerie shop in the beginning. They were just hanging out. How did it become a trip to the lingerie boutique?

She was struck with realization now. Ning Lanlan had most probably been thinking about it! She wanted her to buy sexy lingerie.

Being friends with Ning Lanlan, the latter came to look for Yun Jian almost every day during this week. Although their schools were dismissed late, it did not deter Ning Lanlan for even a day.

As for Si Yi, if he was in Longmen City at night, he went to school to pick Yun Jian up.

Consequently, it was not just once or twice that Ning Lanlan had met Si Yi. Yun Jian did not think much about it previously but what was happening right now?

Ning Lanlan was hinting at her to wear this flimsy see-through sexy lingerie in front of Si Yi? Yun Jian thought that if she really did it, she might really be...

“What are you thinking about?” Yun Jian retorted and stuffed the sexy lingerie back onto the rack. Once she pictured how it was like being naked if she did wear this flimsy piece in front of Si Yi... Was she crazy? Why was she even thinking about that?

If others were to look carefully, they would see that there was a faint wash of pink covering Yun Jian’s cheeks right now.

“Buy it! Come on...” Ning Lanlan swung Yun Jian’s arm before taking the sexy lingerie that was hung back on the rack and running to the counter with it.

“I’ll pay for it! Heh heh!” As she spoke, Ning Lanlan did what she said without allowing Yun Jian to refuse her.

The cashier lady looked at Ning Lanlan and Yun Jian weirdly before bringing the item for Ning Lanlan.

Ultimately, Yun Jian did not even know how the lingerie Ning Lanlan had bought ended up in her hand. The latter hung out with her until 6-7pm before making a move to go home after she checked the time.

Before they parted, Ning Lanlan sneaked a glance at Yun Jian and giggled. “Jianjian, you have to wear it! Hahaha! Seize the chance to devour him! Then tell me what it feels like! Heh!”

Ning Lanlan cackled exaggeratedly before waving the shopping bag in her hand and skipped away from Yun Jian. Two steps into it, she recalled that she still had things to tell Yun Jian, so she scampered back.

“Jianjian, I forgot to let you know that I’m going to the zoo with my friends tomorrow morning. Come with us if you’re free? What do you think?” Ning Lanlan waggled her brows at Yun Jian as she asked.

Her invitation was sincere. While Yun Jian had yet to answer, Ning Lanlan agreed on her behalf with ease. “I’ll assume that you agree! You’ve got to come, okay? See you at our usual spot!”

Without allowing Yun Jian to say no, Ning Lanlan trotted away.

Yun Jian was indeed free the next morning. She stood rooted to watch Ning Lanlan leave prancing away before turning to go home when the girl completely disappeared from her sight. The sexy lingerie in her hand made her limb throb. There was no way else than to drop it home first.

Just as she stepped into the house, she saw Qin Yirou. Yun Jian greeted her, “Mom.”

“Mn, Xiao Jian, have you eaten? I’ve left some in the pot. Hurry and have it,” Qin Yirou told her and spotted the black shopping bag in Yun Jian’s grasp.

“What did you buy today, Xiao Jian? Let me see?” Qin Yirou asked and moved to take the black shopping bag that contained the sexy lingerie from Yun Jian.

Chapter 930: I’m Heading Out. Surrounded

Qin Yirou spoke and stretched her hand to take the black shopping bag from Yun Jian out of habit. Usually, Qin Yirou would check out the shopping bags Yun Jian came back with after shopping to see what clothes she had bought. Sometimes, she felt the fabric to see if it was of good quality and if it would last.

When the generation of parents had a tough time in their childhood, especially like Qin Yirou, she would feel the quality of the clothes to see how long they could last or if they would peel and whatnot when shopping was done—purely out of habit—even when they were better off now.

Hence, Qin Yirou assumed that Yun Jian had bought some clothes and instinctively wanted to take the bag and see the clothes inside when she saw her coming back with a big black shopping bag.

If this had been the usual, Yun Jian would give Qin Yirou the bag. However, this bag did not contain regular clothes! How could she show Qin Yirou the undergarment? How should she be explaining if Qin Yirou saw what was inside?

“Cough, mom, I promised Ge Xuan-ge to hang out just now. I’ll put my things upstairs first!” Yun Jian sprinted upstairs with the black shopping bag as she spoke.

“Why’s this girl running so fast? It’s not like I’m a plague to be avoided!” Qin Yirou chuckled fondly. It was obvious from her expression that her suspicion was not raised.

A while later, Yun Jian came back downstairs without the black shopping bag in sight. Naturally, Qin Yirou was not skeptical.

“Mom, I’m heading out,” Yun Jian said and left the house.

“Ay, be careful when you go out at night!” Qin Yirou called from the back.

The breeze at night was chilly. Yun Jian felt a gust of it blowing at her once she stepped out of the door. It did not seem too cold although she pulled her clothes around her.

...

Longmen City, Yuanbao Mountain.

Yuanbao Mountain was a mountain cliff racing spot in Longmen City. There were plenty of racetracks in Longmen City and Yuanbao Mountain was not exactly the best among them. Nevertheless, the place was the steepest mountain.

Countless racers picked Yuanbao Mountain to race because it was sufficiently steep and that pumped up adrenaline.

Despite its name, Yuanbao Mountain was not filled with valuable treasure but there was no doubt it was one of the steepest mountains in Longmen City.

Car racing was all about thrill, after all.

It was currently 7:30pm and the precipitous edge of Yuanbao Mountain was illuminated by bright lights. The venue for car racers had just come to life.

Ge Xuan was still rooted to his spot as he and his two friends checked if their race cars were fully equipped. The Maserati was freshly modified by Corinton. The purpose of Ge Xuan being here today to was test if the car was smooth to drive.

“Xuan, it’s going to be us next!” One of Ge Xuan’s two friends told him.

Ge Xuan had brought along three friends when he came home this time. One of them was Shen Jie who Yun Jian had landed him in the hospital while these other two guys were pretty decent.

“Mn.” Ge Xuan nodded and put on his helmet.

Just as he put it on, a group of delinquents who looked more thuggish than Ge Xuan surrounded the three of them. The leading hooligan had a scar on his face which added an additional sense of savage.

“You guys are?” Ge Xuan asked with a furrow of brows.
