

Schoolgirl 951

Chapter 951: A New Girl

The girl ran fast—and she was running with her eyes closed. When she ran into Ning Lanlan, the latter did not even feel any pain. The girl was soft and supple like a ball of cotton.

She broke out of her trance when she realized she bumped into someone. Looking up at Ning Lanlan, she rubbed her eyes and started timidly, “S-sorry...”

Ning Lanlan was warm-hearted. When she saw that the girl was crying with tears still hanging off her lashes, she replied easily, “It’s fine! It was just a little collision!”

Ning Lanlan was curious why the girl was crying so much. As a girl too, she looked at her in worry and pressed her lips together, asking after a while, “What’s wrong? Do you need any help...”

“I’m fine, thank you!” The girl wiped her tears and sniffed before she fell silent. She took two shaky steps toward the zoo, her frail body making her look like she was going to fall.

Ning Lanlan felt bad watching her. After a pause, she finally could not hold herself back and spoke up, “Hey, are you going to the zoo too?”

Actually, when the girl ran out from the side, Ning Lanlan and her friends had heard the conversation. From the girl’s conversation with the few guys, Ning Lanlan and her group could more or less guess what happened to the girl.

Although they did not know how the girl was related to those guys, they could make such a guess from the conversation just now. Those guys probably did not want to buy the entry tickets to the zoo but wanted to enter, and the girl felt that it was not right for them to do that. The voices of the guys berating the girl after that were enough clues for the rest of them.

“I... Um...” Faced with Ning Lanlan who was so friendly, the girl nodded ultimately.

Ning Lanlan was kind-hearted. Seeing that the girl was rather easy to talk to, she tried asking, “We’re going to the zoo as well. Wanna come with us?”

As she spoke, Ning Lanlan turned to Yun Jian and winked at her.

“Me?” The girl was surprised that Ning Lanlan would actually invite her along but she caught up quickly and pointed at herself carefully to ask, “Can I?”

“Of course,” Ning Lanlan answered with a grin.

“Thank you!” The girl’s mood took a better turn.

Yun Jian stood at the side listening to the girl introduce herself to Ning Lanlan. The latter introduced herself, as well as Yun Jian, afterward.

“Hi, you’re so pretty.” The girl looked at Yun Jian and added genuinely.

“Mn, thank you,” Yun Jian replied gracefully with a smile.

Wan Siyao who stood to the side gripped the edge of her clothes with a menacing expression. She was even more furious because Shan Zihao had been staring at Yun Jian in infatuation all the way.

It was undeniable that Ning Lanlan had her ways of making friends. The girl grew comfortable with her shortly. Her name was Tang Qixuan and she was dating the guy who shouted at her to leave just now.

With time, Tang Qixuan had realized that she and her boyfriend had growing disagreements. It was until he shouted at her earlier that it felt like a punch to the gut that choked her up.

Chapter 952: I Like You. Make You A Woman

“Alright, we can buy the tickets and go in. We’ve spent too long dilly-dallying here. Let’s head to the zoo first and talk later. One ticket is 35 yuan, you know? We’ve got to make sure we stay in the zoo as long as we can, heh!” An Mo said with a chuckle.

What An Mo said took the hesitation away from the group.

The price of the entry tickets for zoos in 1999 was rather budget-friendly. However, living expenses were generally low, so a 35-yuan zoo entry ticket was relatively expensive in 1999 where income was lower in this time. 35 yuan during then was about 200-300 yuan now.

That was why those guys wanted to sneak into the zoo from the back of the mountain.

“Phew, we’re finally here!” Ning Lanlan chuckled cheerily after they paid for their tickets and went through the zoo’s entrance.

“What animal should we go see first?” An Mo butted in to ask.

“Ask Jianjian. Jianjian, what animal do you want to see first?” Ning Lanlan winked and turned to ask Yun Jian.

“The pandas,” Yun Jian answered after a press of lips.

“Pandas? Haha, sure, I like them!” Ning Lanlan chorused and clapped her hands happily before declaring in excitement, “Pandas are endangered species in our country and I’ve seen photos of them before. They’re super cute!”

Ning Lanlan waved her hands about wearing an anticipating expression. Truth was, she liked pandas a lot too.

“Let’s go.” Yun Jian smiled.

They took about half an hour roaming the zoo while Ning Lanlan and some others went to the restroom after that. While waiting for those using the restroom, Yun Jian and a few others stood around.

Yun Jian was waiting some distance away from the restroom.

“Yun Jian, why are you ignoring me?” Shan Zihao came over when Yun Jian was taking shelter under the shade of a willow tree with her arms crossed in front of herself.

The guy sounded like he was chastising her.

Yun Jian shuffled her long legs and leaned against the tree in a laidback manner. She even closed her eyes without lifting her head. Despite that, she could hear him. She scoffed lazily, "Why should I regard you?"

The curt reply jolted Shan Zihao. Once or twice, he could assume that Yun Jian was playing hard to get but he, Shan Zihao, had never not gotten any girl he wanted.

While everyone was off to use the restroom, Shan Zihao watched Yun Jian stand by the willow tree lazily with her eyes closed. Her rosy lips seemed exceptionally luscious under the morning sun. Shan Zihao breathed out heavily.

"Yun Jian, I like you!" he said and took a large step toward Yun Jian with his hands stretched to hold her head and kiss her by force.

Shan Zihao thought that a lot of girls would swoon at his action. Girls who he had kissed by force, especially, fell head over heels for him. He refused to believe that Yun Jian would be an exception!

Nevertheless, before his hand could touch Yun Jian, the girl seemed like she could see despite her closed eyes and turned away in avoiding the guy's groping hand.

It had never crossed Shan Zihao's mind that Yun Jian who had her eyes closed could evade so easily. By the time he was aware of it, he was dashing to the willow tree with his whole weight. There was a loud bang and he ran right into the tree.

Shan Zihao was still shocked that Yun Jian could avoid his initiative so swiftly when he heard her icy voice rang in a warning. "You've heard about the talent scouts from Beiguang Model Agency being castrated? I did that. If you dare try anything on me again, I'll make you a woman right this instant!"

Chapter 953: The Tiger's Den. It's Suicide

Typical girls would not be saying something so gory but Yun Jian did not sound like she was joking.

Although he had just run into the willow tree, Shan Zihao gasped hearing what she said.

"Don't make jokes like this. I know you won't..." Even then, Shan Zihao was only treating Yun Jian's words as a joke. Who would not crack a joke or two—even though this rarely came from a girl as guys were more prone to lay it on thick to boast their capabilities.

Shan Zihao had only taken Yun Jian as a more competitive girl. However, just as he turned around speaking, he saw Yun Jian holding a butterfly knife.

Her cold expression coupled with the blade she held stiffened Shan Zihao with fright.

"Yun Jian, this knife's a fake, right? Where did it come from? Haha, it looks just like a real one. Toys are made to look so real nowadays we can't even differentiate them..."

Shan Zihao was still naively thinking that Yun Jian's knife was a toy knife.

Yun Jian snorted.

At the same time, Ning Lanlan and her friends exited the restroom.

“Jianjian, have you waited for a long time? Hee!” Ning Lanlan left the restroom with Tang Qixuan and An Mo.

Pressing her lips together, Yun Jian pocketed the butterfly knife discreetly.

It was then a woman with a janitor’s uniform ran over shouting, “Oh no, oh no! A few young men sneaked in from the back around the mountain—goodness, it’s the tiger’s den where they sneaked in! Hurry up and save them! They’ll get killed!”

The janitor woman was not shouting to the visitors but the zoo staff so they could quickly run to the rescue.

Sneaking in from the back around the mountain and entering the tiger’s den coincidentally? Yun Jian furrowed her brows.

There were various animals enclosed in the zoo. Whether they were dangerous or not, visitors could basically catch them all here.

In this zoo, tigers were enclosed within a tall and sturdy fence. The center was like a huge open-air pit, which was where these tigers made retreat. At least the zoo did not lock them up in a metal cage. As long as no one fell into the pit, the tigers were unable to leap out of the den either.

From what the janitor woman said, though...

Tang Qixuan shrieked in horror at the same time, “T-they went into the tiger’s den?”

Blood drained from her face immediately. Right after she spoke, she bolted to the observatory area of the tiger’s den like she had lost her mind.

“Uh... let’s go check it,” Ning Lanlan suggested albeit being pale herself.

She then led the group toward where Tang Qixuan was sprinting off to.

Restrained in the large pit all day long, these tigers in the zoo had yet to lose their ferocity.

The young guys who sneaked in from the back around the mountain did not even know that this was the tiger’s den when they entered. By the time they discovered it after they came through, they were unable to stop the tiger that was pouncing toward them.

“Ahh!” Agonized screams broke out as one or two unlucky guys who the tiger had preyed on were torn into scraps on the spot.

When Yun Jian and her group arrived, there were already several employees trying to salvage the situation. In spite of it, it was visible from the towering height above that the tiger had already mangled someone in its lair.

“Ahh!” Tang Qixuan screeched and wanted to jump into the pit when she saw that her boyfriend was about to be attacked by a feral tiger.

Yun Jian grabbed her promptly.

“I’ll go.” She looked away and hopped into the tiger’s den without any hesitation.

“Oh my god! Is the girl suicidal? That’s a tiger’s den!” Someone exclaimed as they watched the scene from afar, trembling.

Everyone thought that Yun Jian was sending herself on a suicide mission.

Chapter 954: Who’s Going To The Rescue? Killing The Tiger

Yun Jian sprang up and hopped right off into the pit, landing firmly on her feet inside.

The scene shocked everyone who was watching and Tang Qixuan’s heart gave a squeeze at it.

“No! Come back! This is none of your business...” Tang Qixuan was horrified but when she saw Yun Jian jumping into the tiger’s den because of her, she wanted to hop in and save her even though she was shaking all over.

Although Tang Qixuan was terrified, she knew that it was her personal affair. She was the one who could not bear to watch her boyfriend get maimed. Yet Yun Jian was throwing herself into the pit to save the guys for her. She could not do this to Yun Jian.

The pit underneath was the tiger’s lair with at least eight to nine grown tigers inside. Tang Qixuan was timid but she did not want others sacrificing themselves for her.

Just as she was going to jump into the tiger’s den as well, Ning Lanlan grabbed her from the side.

“Don’t go! You’ll get yourself killed when you go down too. I’ll save Jianjian!” Ning Lanlan’s brows were knitted together. She was actually shaking as well and her palms were breaking out in cold sweat from the intense fear.

Nevertheless, how could Ning Lanlan watch Yun Jian barrel to her demise just like that? Although it had not been long since she got to know Yun Jian and they were not childhood friends either, Ning Lanlan was someone who would go through hell for those she acknowledged as her friends.

“No, Sis Lanlan, this has nothing to do with you too. I’ll go...” Tang Qixuan said and shoved Ning Lanlan away.

It was at the same time that Xiao Zhiming stopped both the girls.

“You two stay here. If anyone’s going to save them, it’s me and Zihao,” Xiao Zhiming told them and turned to shout for Shan Zihao.

Unlike other guys, Xiao Zhiming was not only handsome, but he also was not boastful like the typical boys. He was the type of guy who was honest and down to earth.

Right now, he was not even thinking about acting cool in front of the girls. All he had in mind was saving the others. However, when he turned to call Shan Zihao so they could go save Yun Jian and others together, he saw Shan Zihao shuffling several steps back.

“Zihao, we...” Xiao Zhiming was taken aback. He was just planning to ask his best friend, Shan Zihao, to go to the rescue only to see him retreating in fear and cutting him off. “Zhiming, t-those are tigers! Tigers! They will eat us! Someone’s already being eaten! And shouldn’t the zookeepers save their visitors...”

All these were simply excuses.

Xiao Zhiming's gaze darkened a little but he did not turn back. Shan Zihao's reaction disappointed him.

Just as he was going to ignore Shan Zihao and hopped down to the rescue, he heard An Mo's frightened shriek.

"Ahh!"

Everyone's attention was diverted by her scream. By the time they shifted their gaze, Yun Jian was already being targeted by one of the tigers.

"No! Jianjian!" Ning Lanlan was rushing to jump into the pit as she cried but she froze in shock just after two steps.

Everyone widened their eyes because as the ferocious tiger pounced at Yun Jian, they saw a startling scene—Yun Jian took a step forward with her hands flicking the butterfly knife agilely. The moment the tiger jumped at her, she avoided it with a sidestep and with a flick of her wrist, stabbed the butterfly knife into the tiger's abdomen that was exposed.

The attack was swift, precise, and merciless. If it were done one step slower, the one going down would be Yun Jian instead.

Blood spurted out of the tiger as its heart was stabbed. Some had even gotten onto Yun Jian. She merely blinked her eyes, like she was not aware that she had killed a tiger.

In spite of it, Ning Lanlan, Shan Zihao, and others who witnessed it above the pit were drenched in cold sweat from the stupor. Yun Jian had killed a tiger! She had actually killed a tiger!

Chapter 955: King Of The Jungle: Don't Go, It's Dangerous!

The moment the tiger pounced at Yun Jian, a lot of visitors around screamed.

"Oh goodness, the girl's doomed!"

"She's asking for it. Who could she blame?"

"She deserves death. Serves her right for going on a suicide mission!"

When Yun Jian killed the tiger instead, these visitors went mute instantly.

Ning Lanlan was stupefied, so was Shan Zihao. Wan Siyao who had been hostile to Yun Jian just now was stunned; Han Yichen, Tang Qixuan, Xiao Zhiming, and the others were all baffled.

When the blood splattered, people saw Yun Jian's smirk. That tug of her lips felt like it came from the grim reaper. It was also like she was the king of the jungle, the god who dictated the animals! No one could believe their eyes.

After all, Yun Jian looked like a regular junior high school girl with her pretty and youthful face. No one expected her to jump right into the tiger's den with the claim to save the guys. When she faced the tiger, she killed it with one stab! How speedy must she be to be able to do it?

The crowd was dumbfounded. The person who was the most taken aback, however, was Shan Zihao.

What did Yun Jian tell him in the beginning? If he dared pester her again, she would turn him into a woman! Typical girls would never say something like that, so Shan Zihao had not taken her seriously.

Moreover, Yun Jian brandished the butterfly knife in front of him earlier. He did not even care during then. He had thought that the blade Yun Jian was toying was only a toy knife.

Now?

Yun Jian used the same butterfly knife in stabbing the tiger's heart brutally and that tiger was killed with just one strike! If that knife was fake, how could it possibly have such a sharp blade?

As Shan Zihao recalled it, he felt tremors running through him.

"Ah, she... she—she..." Wan Siyao who sneered at Yun Jian earlier stammered at what she witnessed. The girl was so horrified, her bones were clattering from how much she was shaking.

At the same time, Yun Jian dashed to the other side holding her butterfly knife.

"Hey, girl, it's dangerous. Go back!" an employee in the pit shouted in alarm when he saw what Yun Jian was doing. The guy was working with his colleagues just now in an attempt to catch the tiger that was attacking the guys.

When he saw Yun Jian running to them, he thought that she was only another trouble as he did not see her killing the tiger in one stab since they were standing lower in the pit, so he had not sounded too polite when he shouted.

Just as the group of zookeepers caught Yun Jian out of the corner of their eyes with a frown, they spotted a flash of shadow. These men were facing a few tigers, wary and cautious as they held specialized stun guns to catch the animals while being engaged in a staring contest with them.

The tigers had mauled the guys who sneaked in from the back around the mountain and one of the latter looked like he was dying soon. His intestines were hanging out from the attack and he was barely breathing from all the blood he lost.

The zookeepers dared not do anything for a long time since they were facing tigers after all. When they snapped out of their trance, however, they saw Yun Jian charging at the tigers with her butterfly knife.

"Girl, don't go there! It's dangerous!" one of the zoo employees shouted in alarm.

Chapter 956: Being A Nuisance. Yun Jian Moved!

If accidents happened to visitors in the zoo, the staff would be held responsible. Now that there was already an accident happening to these young men who sneaked in from the back around the mountain, the death count might go above one if they did not save all of them and send them to the hospital.

Yun Jian's appearance did not only worry the zookeepers that something would happen to her, they also thought that she was causing trouble.

The crowd who watched from the observatory deck above the tiger's den witnessed how Yun Jian had killed the tiger just now. Despite that, the employees who were inside the pit were like frogs in the well; they did not even get to see Yun Jian killing the tiger.

After all, the pit took up a large surface area and there were gigantic rocks around the retreat. It was not easy to see where Yun Jian was from where they were.

"Is this girl here to be a nuisance?" One of the employees frowned and ran to where Yun Jian was with his stun gun.

Yun Jian was already the center of attention of six to seven tigers currently.

These tigers seemed to be in a pack as they had pounced at the guys who sneaked in together earlier. By the time someone realized that the tigers were mauling someone and the zookeepers came down, the tigers were more or less tore the young men to pieces.

The one who had it the worst was the guy with his intestines spilling out.

Since they were faced with tigers, the zookeepers were on the rescue mission with their own safety as a priority even though they had gone down to save the young men. They would not run up to the tigers irrationally even when the animals mangled someone to death on the spot if that put them in harm's way.

The young men intruded into the tiger's den on their own and they were not related to the zookeepers. If these workers could not even guarantee their own safety, why would they risk their lives for a total stranger?

As for the employee who saw Yun Jian running over and called her a nuisance but dashed to her anyway with his stun gun, the man was doing it for Yun Jian's sake even though he was scolding her as he ran over.

If the man was only berating Yun Jian for being a nuisance, he would never bolt off to help when Yun Jian was facing six to seven tigers alone.

In spite of it, Yun Jian halted her steps suddenly when the worker was two steps into his dash.

The tigers sprinted toward her when they saw it.

Not only did Yun Jian paused abruptly, but she also clasped her butterfly knife close and stuffed it back into her pocket casually while everyone else watched.

Did she want to fight these tigers empty-handed? These were real tigers! The crowd shuddered from what Yun Jian was doing.

"Good gracious! Does she want to fight these tigers barehanded? Did she think she's 'Wu Song Fights the Tiger'?"

"This girl is out of her mind! She must be crazy!"

Some visitors standing over the pit had never seen something so rare, so all of them exclaimed in surprise and alarm. As long as rare accidents like this did not concern them, people usually liked watching it for the fun of it and gloating over others' misery.

"Jianjian!" Ning Lanlan was drenched in cold sweat as she clenched both her hands together.

As the tigers leaped at Yun Jian looking like they were about to tear her into pieces, Yun Jian moved!

Chapter 957: Flinging The Tigers. Exceptionally Delicate And Pretty

Yun Jian had once survived the Amazon rainforest with venomous snakes and ferocious beasts on her own. She had also once slaughtered packs of wolves alone.

Why was her moniker Slaying God? She slayed lives and bathed in blood on her path to becoming a presence akin to a god. She was someone who survived by stepping over countless lives and wielding blades dripping with blood.

She used to fight alone and kill countless elite secret agents and assassins.

Faced with seven or eight savage tigers was terrifying but if she—Slaying God—was shaking from fear for encountering a few beasts like these, how could she call herself Slaying God?

She was the fearless Slaying God. Even when bullets penetrated her, she survived tenaciously. She was completely unfazed by these ravaging tigers in front of her!

"Roar!" the lead tiger paused and cried, intimidated by the murderous intent Yun Jian had exuded like the Slaying God she was.

A tiger's ferocity was not something to joke with. It could never have mercy on outsiders who intruded on its territory. Even when these tigers were kept in the zoo for some time, their nature as a beast could hardly be overlooked.

After the pause, the lead tiger cried again like it was giving commands to the rest of the tigers behind it. The tigers who understood the cry charged toward Yun Jian following the leading tiger.

The battleground had only truly begun now.

Yun Jian smiled. Her rosy lips tugged into an unnerving smirk.

In the next second, people saw her move in a flash. She sprinted toward the tigers like a strike of lightning.

"Roar!" The tigers growled as they leaped for Yun Jian as well.

It was until the gap between them closed up.

As Yun Jian ran, she suddenly sprang up and stomped on the head of the first tiger. When the other tigers saw it, they turned to try and save the tiger whose head was stepped.

Said tiger struggled with all its might and even raised its head to tear into Yun Jian's ankle. Just as it lifted its head, however, Yun Jian landed with a somersault and grabbed the tiger's hind leg.

The tiger was lifted up and flung off as swiftly as it could in the next instant.

The training Yun Jian had done for about half a year since her rebirth allowed for her current outstanding physical capabilities. Although the tiger was heavy, she was able to fling it off.

Thump! The first tiger landed with a thud after it was tossed away. The animal was even caught in a daze for the time being.

The zookeepers were baffled. The employee who scolded Yun Jian for being a nuisance just now was smarter as he hurried over to stun the tiger with his stun gun while it was still dizzy from the throw.

Utilizing the same method, Yun Jian was able to avoid the tigers' attacks as she grabbed their hind legs and threw them out one after another. All the tigers that were thrown to the ground were dazed from it for an extended moment.

The zookeepers were floored but they quickly reacted by stunning all the tigers with the stun guns.

The crowd watching from above the pit was stupefied. Shan Zihao, especially, looked appalled.

Yun Jian had only flashed an amused smile after she flung the last tiger and the zookeeper stunned it. There was a thin sheen of sweat on her forehead but as the morning sun shone on her, she looked exceptionally delicate and pretty.

She looked entirely different from the girl who killed the tiger with a stab earlier.

As the crowd watched Yun Jian from above the pit, they felt chills running through them as they stared on in horror.

Chapter 958: Curiosity Piqued. Unspeakable

When all the tigers were stunned to unconsciousness, the zookeepers locked them up in cages and sent all the guys they saved, including the one with spilled intestines, to the hospital.

The matter was far from its end but it had nothing to do with Yun Jian anymore even then.

Tang Qixuan had gone to the hospital in tears, asking for Yun Jian's contact number before she left claiming that she was going to thank her no matter what.

Yun Jian was nonchalant about it and went to meet with Ning Lanlan and others after she sent Tang Qixuan off.

"Jianjian, are you okay?" Ning Lanlan was nearly scared witless by Yun Jian, running up to the latter and grabbing her hands before she scanned her and only released her hold after making sure she was fine.

"Phew, I nearly died from the scare just now," Ning Lanlan sighed in relief.

"Are you guys still hanging out with her? She just killed a tiger! That's one life!" Wan Siyao ranted.

"Shut up, Wan Siyao. Jianjian was brave and did what was right!" Ning Lanlan was disgruntled the moment she heard Wan Siyao's voice, more so when she said that to Yun Jian under such circumstances.

"You..." Wan Siyao huffed, refused to give in, but was at a loss for words.

Before she said anything more, Han Yichen cut her off. "Alright, that's enough. As long as she's fine. Let's go on."

Even with what happened, it did not dampen their mood to visit the zoo and have fun.

Han Yichen was the class monitor, after all, so what he said was quite influential. At least it really shut Wan Siyao up.

Just as Yun Jian was going to leave the area with the group, a man spoke up from behind them, "Miss, wait!"

Yun Jian remembered the voice. It was the worker who scolded her for being a nuisance but kindly ran to her rescue with the stun gun in the pit.

One should not judge a person's kindness by the exterior of their heart. Those who had a sharp tongue did not necessarily mean harm. Like this worker who called for Yun Jian now, he was unforgiving with his words but compared to the other zookeepers, he was the only one rushing over to help when Yun Jian was faced with perceived danger.

"Hmm?" Yun Jian turned to look at him.

"Girl, thank you so much for just now. If it weren't for you, we couldn't have saved them so quickly." The man rubbed his head and grinned at Yun Jian.

Yun Jian smiled in reply. "You're welcome."

"Aha, have a good time here today then!" the man wished all of them.

Nodding, Yun Jian went away with Ning Lanlan and her friends to resume their zoo trip.

The zoo was enormous but there were not many visitors since it was off-season. As they spent morning to noon walking around, the group found a spot to sit and rest.

"I'm going to the washroom." Wan Siyao stood up with a grim expression. Before she left, she shoved Shan Zihao with a face that said "I'm exposing you if you're not coming".

No one saw the discreet gesture but Yun Jian caught it. She pressed her lips together but was not bothered about it.

A while later, Shan Zihao got up to leave with the excuse of using the washroom as expected.

"You guys stay here. Jianjian and I have some things to talk about!" Ning Lanlan suddenly remembered something and pulled Yun Jian up to go to the shrubs nearby. She was going to ask Yun Jian some intimate girly matters.

Ning Lanlan tugged Yun Jian away and went off to somewhere far from their group.

"Jianjian, I—" Ning Lanlan was starting to say when...

"Ah... Ngh..." A faint moan was heard.

Yun Jian's eyes darkened while Ning Lanlan was surprised.

Due to her curiosity, Ning Lanlan tugged Yun Jian to the source of the sound but her eyes nearly bulged off their sockets when she saw the two people who were doing the unspeakable deed.

Those two people were Wan Siyao and Shan Zihao!

Chapter 959: Mine Sooner Or Later. Eavesdropping

When Wan Siyao and Shan Zihao left just now, no one suspected a thing. After all, both of them left in the direction of the washroom. It was just that they were not back despite the long time.

Everyone had been to numerous places and seen many animals since morning, and their feet were extremely sore right now. All of them were basically worn out and hurting. Now that they finally got to sit down and rest, no one was willing to get up and continue their zoo trip.

So be it that those two were taking a little longer. It was not like they could not afford to wait for them.

What Ning Lanlan and Yun Jian did not expect was that Wan Siyao and Shan Zihao were hiding in the bushes and doing the deed!

There were a lot of trees and shrubs around. If someone stood in there, people looking in from the road would not be able to see them. This became a convenience for the horny pair, Wan Siyao and Shan Zihao.

Both of them were getting it on with their backs against Ning Lanlan and Yun Jian. Wan Siyao wore a miniskirt today and that was truly convenient...

Never in Ning Lanlan's wildest dream that she thought she would see such a raunchy scene when she only wanted to talk to Yun Jian alone. It also dawned on her why Shan Zihao would know that they were going to the zoo when she did not inform him—and why Wan Siyao who had never participated in their planned activities joined out of the blue today.

Ning Lanlan almost screeched when she saw the scene, but Yun Jian had covered her mouth and pushed both of them against a tree that they were able to hide behind it.

"Zi-Zihao, do you like that g-girl?" Wan Siyao panted as she asked Shan Zihao.

"Hah, her? She's mine sooner or later!" Shan Zihao thrust into Wan Siyao with reddened eyes.

Since he had met Yun Jian, he found that he was infatuated. He was unapologetically and irrevocably in love with her. His admiration for her had only deepened especially when he witnessed her agility just now.

When he watched Yun Jian's slender figure dart among the tigers just now, Shan Zihao was filled with the impulse to cage her below him.

In addition, why had Yun Jian kept her knife and fought the tigers barehanded by flinging them off so the zookeepers could stun them and lock them up in cages after she killed the first tiger? That was because she could not possibly kill all the tigers here. This was a zoo. Not only was it illegal to slaughter in a zoo, is it even a zoo if it had no more tigers?

This made Shan Zihao realize how meticulous Yun Jian was. It impressed him.

Thinking about Yun Jian's attractive figure, Shan Zihao drove into Wan Siyao harder and harder. Wan Siyao liked him and he was a regular man—he had regular needs.

Even during this moment, he lusted for Yun Jian. As Shan Zihao thought about it, he stretched his hands toward Wan Siyao's breasts and grabbed them to fondle with.

Yun Jian and Ning Lanlan heard what they said and did from afar. Ning Lanlan, especially, covered her own mouth as she left the shrubs with Yun Jian in horror.

"Huh, you guys are done talking so fast?" An Mo asked with a giggle when she saw Yun Jian and Ning Lanlan shuffle out of the bushes after a short while.

"Mn." Yun Jian looked indifferent like nothing happened.

Ning Lanlan, on the other hand, was obviously terrorized.

"Lanlan, what's wrong?" Seeing that Ning Lanlan looked off and how pale she was, Xiao Zhiming went to her and asked with a frown.

Chapter 960: Unrelenting. Si Yi Calls

Xiao Zhiming came to ask when he noted Ning Lanlan's odd expression.

"S-Senior Zhiming, I'm fine." This time, Ning Lanlan did not even spare a glance at Xiao Zhiming as she pulled Yun Jian to go away together distractedly.

It was not that she cared about what happened just now. While she was usually a happy-go-lucky kind of person, the scene earlier proved too much for her to take.

Shan Zihao was always acting like he wanted no one else but Yun Jian. Even though Ning Lanlan did not like the guy, she did not actually hate him to the core or anything. However, what Shan Zihao and Wan Siyao did just now had just flipped her view upside down. She found it hard to accept for the time being.

How could there be someone like this? Shan Zihao said he liked Yun Jian but he and Wan Siyao... More importantly, Shan Zihao was her Senior Zhiming's best friend. Ning Lanlan did not know how she should bring up the matter to him.

Xiao Zhiming's gaze dimmed when Ning Lanlan went away tugging Yun Jian with her. He seemed docile and gentle but he was very observant. As the cogs in his mind turned, he promptly thought of how Shan Zihao and Wan Siyao were not back yet.

Since those who were present were relatively decent teenagers, Xiao Zhiming did not relate the matter to a more complicated reason.

As Ning Lanlan pulled Yun Jian to the side, she told her softly once they were out of earshot, "Jianjian, I'll make sure to kill Shan Zihao if he dares pester you again!"

Ning Lanlan even clenched her fists when she spoke, looking like she really wanted to send Shan Zihao to his demise. She had calmed down significantly from the shock now but she was furious about how Shan Zihao was hitting on Yun Jian.

"Mn." Yun Jian smiled at Ning Lanlan who looked adorable because of how angry she seemed.

"The zoo's closing soon. Let's get going."

It was some time past four right now while the zoo was closing at 4:30pm.

“But Wan Siyao and Shan Zihao aren’t back yet?” An Mo asked in doubt. She puffed her cheeks and commented feeling strange. “This is odd. It’s nearly 40 minutes now. Why are they taking so long?”

“I say we ignore them and go our way! Hmph!” Ning Lanlan came up to say abruptly and held Yun Jian’s hand to march toward the exit of the zoo.

“I think so too. That Wan Siyao and that guy don’t look like they’re up to any good. Let’s just go first!” An Mo grumbled as well and ushered the others to leave first.

Xiao Zhiming had wanted to stay and wait but he was persuaded into leaving by Ning Lanlan ultimately.

Just as the group strolled to the zoo’s exit, a guy’s huffing and panting were heard from behind them.

“Why did you guys just leave like this? It took me a long time looking for all of you in there just now!”

It was Shan Zihao who ran up to them. Wan Siyao was right beside him.

The flush on their faces had yet to subside but their expression did not give anything away, just like nothing happened.

Shan Zihao went up to Yun Jian as he spoke, keeping his eyes on Yun Jian’s delicate face that lingered in his mind and invaded his dreams. His heart itched. His mind was still savoring the feel of Wan Siyao’s body earlier when he invited Yun Jian. “Yun Jian, do you want to go karaoke together tonight?”

It was an invitation but just as he finished his question, the phone in Yun Jian’s pocket rang. She answered it only for the group to hear a husky baritone voice of a guy drifting from the speaker.

“Xiao Jian, where are you?”
