

# 《Sweet Daily Life With Rich Fool Husband》

## Chapter 1

"Wife, I want to kiss. No, I want to kiss."

"My aunt said that only by kissing can I play the role of a family, and only by playing the role of a family can I have a baby, otherwise my grandfather will be angry, ok..."

"Wife, Zhan Bao, please."

.....

As soon as the picture turns, Su wanwan is running out of the railway station. Her father gambles and his grandfather's graveyard is exported by him. His ashes box is still in the funeral home. It's been ten years.

Not to mention the house and yard, she has been hiding with her father since she was a child, and has never lived a safe life.

Fortunately, his father's only conscience is that he still loves her, otherwise she will be taken to pay the debt.

Today, I don't know how her whereabouts were leaked out. As soon as she got off the train, she was chased by a group of people in black.

You don't have to think about it. You know it's her father's creditor.

"Grab the girl with the headband in front of you..." the man behind you yelled.

Sue pulled off her headscarf and threw it out at night. It happened to fall on the face of a man walking towards her. In her panic, she did not forget to throw an eyebrow at someone.

She has been used to this kind of running life for a long time. Without being chased for a few days, she feels that life has lost a lot of fun.

In the daytime, the sun was too hot and the eyes were dizzy. Su wanwan jumped down

a step.

Next second

In front of the man is very handsome, wearing a white shirt, neat and clean, three-dimensional facial features, clear outline, is the kind of see immediately let a person's face.

At the moment, she was very close to her. She was pursing her lips to ask for a kiss. She was indifferent and shook her little hand.

"Wife, I want to kiss. No, I want to kiss."

"My aunt said that only by kissing can I play the role of a family, and only by playing the role of a family can I have a baby, otherwise my grandfather will be angry, ok..."

"Wife, Zhan Bao, please."

A man can't see his height when sitting on the bed, but it's true that both of them are sitting, and the other is a head higher than her.

The line of sight moves up, the man's hair is dark and thick, which is the position of the top of the head.

Key small pull or with red string winding, not to say how funny.

Su wanwan couldn't help laughing.

What's more, can you imagine a man who is bigger and more handsome than you, calling himself zhanbao when talking to you?

Zhan Bao?

Why does the name sound so familiar?

I was bored on the train last night. Su read a novel for half a night. There was a fool named Zhan Bao in it. Isn't it such a coincidence?

She quickly looked around for a while, the room is all red, the top is red lanterns, written on the word "happy".

The walls are full of red scenes, the curtains are red, the sheets are red, even the covers are red, and almost everything in the room is red.

There was a festive atmosphere everywhere.

This

Is it someone else's new house?

Su wanwan carefully recalled the contents of the book. Jiang Chengzhan is the eldest son of the Jiang family. Less than a year after taking over the company, he had a car accident and became a fool.

Another character in the book, Jiang Yushen, is Jiang Chengzhan's little uncle, who takes over the company.

Jiang Chengzhan's father and Jiang Yushen are half brothers. His grandfather is still alive. His grandmother lost blood when she gave birth to his father. Her stepgrandmother is 20 years younger than her grandfather, and now she is very strong.

That is to say, in addition to Mr. Jiang, Jiang Yushen's mother is the best.

In the original book, the girl Jiang Chengzhan married was su wanwan.

It was su wanwan's half sister who married the Jiang family in order to pave the way for his brother's future.

Unfortunately, after Jiang Chengzhan's stupidity, Su wanwan's younger sister said that she didn't agree with anything, but the Su family couldn't make the Jiang family angry, so she had to ask Su wanwan to marry her younger sister.

Su wanwan in the book has a boyfriend. Unfortunately, she was bribed by her stepmother and broke up with her decisively.

Su wanwan has no hope, and her stepmother agrees to give her a villa, plus 10 million cash. She is wronged to marry Jiang Chengzhan, a fool.

But where she was willing, she went out to sleep with Jiang Chengzhan's uncle on her wedding night, and later had children.

The little uncle is young, handsome and strong. The original owner Su wanwan hates his stupid husband more and more. He always abuses him as much as he wants.

She almost all the injustice and resentment of fate are added to Jiang Chengzhan.

Who knows, Jiang Chengzhan, who thought he would be stupid forever, was sober after a year. Looking at the scars on his body, he ignited the flame of revenge.

First of all, he left the original owner Su wanwan's child downstairs, then gave her a leg discount. After giving Jiang Yushen a knife, he was killed by the police.

The original owner Su wanwan couldn't stand Aizi being killed and jumped down from the high building in the hospital.

The curtain of a big and powerful play has finally come to an end.

At the moment, Su wanwan suddenly gets excited. That is to say, she wears a book and becomes Su wanwan's new wife, Jiang Chengzhan's fool?

It's Bridal time for two?

No, no, or something.

She didn't believe it was true. She patted Jiang Chengzhan's hand and said comfortingly, "Zhan Bao, I'll go to the bathroom first."

"OK," Jiang Chengzhan released his hand unhappily.

Su wanwan quickly came to the floor mirror and carefully observed her face for a while.

The original owner Su wanwan was very beautiful. She was slim, white and graceful. Now she was wearing a red dress like flowers and turned around in front of the mirror. She was so beautiful.

Su wanwan can't help shaking her fist. She was chased by others just now. She already has a villa and Bai Fumei with 10 million cash.

Ha ha ha

"Wife..." Jiang Chengzhan is not at ease to chase, looking at a strong silly Su wanwan asked, "what are you laughing at?"

"Ah," Su wanwan suddenly realized another problem. Now she not only has money and a house, but also has a stupid husband.

What should we do?

She can't abuse him, can she

Jiang Chengzhan saw that she didn't speak and held her hand with some vigilance:

"grandma said, I want to hold you well. In case my wife runs away, I can't be a family."

"Play the family?" Su wanwan looks at him in surprise. Suddenly she feels a little hot in her body, but she doesn't take it seriously. Maybe she just wears it and feels uncomfortable.

Jiang Chengzhan now has the intelligence quotient of a four or five-year-old child. Seeing that she doesn't understand it, she explains to her with special pride: "grandma says that only when I play the role of a family can I have a baby. Let me play the role of a family with you."

no

Do you want to have sex like this?

Su wanwan reluctantly squeezed out a smile and looked at him to discuss: "Zhan Bao, you are still a child now, you can't be a family. When you grow up..."

Before she finished her sentence, she suddenly felt that her body was hot again. She wanted to take off her clothes and get into the bathtub. It's better to have a man.

What's going on?

She suddenly remembered that in order to have a child as soon as possible, Jiang Chengzhan's aunt was afraid that the original owner Su would not share the room with Jiang Chengzhan, so she put something in her drinking water.

Of course, Su in the book still doesn't share the same room with Jiang Chengzhan. After she pushes Jiang Chengzhan hard, Jiang Chengzhan knocks his head on the bed and faints. Then she runs out.

Just met Jiang Yushen who came to watch, two people dry tea fire sleep together.

Jiang Chengzhan's aunt and his father are siblings. They are half parents with Jiang Yushen. Now in addition to the old man's eighty years old, he is not in good health. His stepmother is left to keep the house.

Aunt Jiang was angry when she learned about this. Her uncle and nephew were sleeping together. What a scandal it was, it was the night of her nephew's wedding. However, she was weak in her native province, and she was still married when she was old. Besides, her nephew was stupid, so she could only swallow the anger.

Other people know this even more dare not speak, so they all turn a blind eye, anyway,

Jiang Chengzhan is a fool.

Later, the original owner and Jiang Yu became more and more daring, so that they had no scruple to sleep together openly.

Or the old man found out after scolding two people, the original master just know to avoid suspicion, back to Jiang Chengzhan room, but also constantly abuse him.

.....

Medicine, now those are not the key, Su wanwan feel more and more hot, she is about to lose control, how to do?

She can't run out now. No one in the Jiang family will help her, and in case she bumps into Jiang Yushen, she will inevitably go the old way of the original owner again.

No, absolutely not. Sue shook her head hard.

Even if she has no feelings with Jiang Chengzhan, she will not insult him.

Now the key thing is to put out the fire. Instead of having a quarrel with Jiang Yushen, we can't lift our heads in the future. It's better to

She looked at the little brother in front of her. How could she be more handsome and lovely!

As everyone knows, she has now become a peach blossom eyes, full of spring.

Su wanwan pulls Jiang Chengzhan to the bed, bites his lips and asks, "do you know how to be a family?"

If she doesn't believe it, how can she understand men's and women's affairs?

Jiang Chengzhan is very proud to take out a small notebook from his trouser pocket and shake it in front of Su wanwan. His speaking speed is much slower than ordinary people, almost word by word. "This is given to me by my little uncle. He said there is a picture here, so let me follow it."

"What is it?" Su wanwan grabs it and opens it quickly.

The next second, her eyes will not blink, this is not a small yellow book?

The posture inside is a standard male and female posture. Seeing her face red hot and her whole body rippling, she sticks out her tongue, licks her lower lip, climbs to the

Don't run and wait to be abused?

Four years later, Ning Meiyuan married into a rich family with a cute little bun. Everyone thought that she was married on her own.

Waiting for a joke: I don't know how many times I am abused every day?

Waiting to see the joke already: the body does not know how many injuries?

Waiting to see a joke C: I don't know how many tears to shed every day?

Poor ah, it is estimated that she will be put in the cold when she gets married. How long can she last?

Until one day, microblog hot search burst: who is the gentle and domineering man who holds a woman in his arms?

People in an uproar: is not rich young Ling Yuxiao and his wife married?

At the same time, the man who has become a big loyal dog at home is protesting with his wife: "kiss, kiss again and go to sleep."

2. The fairy of the eighties: the high school life of the eighties.

In 2000, the high school campus was crying "the first snow in 2002, a little later than the time when I went back and forth", "a cup of Erguotou choked tears", "this is the best punishment for impulse"

Most of the young men and women who have been cultivated by Gu Huo Zi are hot tempered. They scold when they speak, work when they start, and drink when they raise their glasses!

Su Xue returns to senior one, she will never follow that big guy around crazy, her slogan is: study hard, save the world!

The boy, leaning against the column, is lazy and has no bones all over his body. There is a bruise on the corner of his mouth. He smiles very badly and raises eyebrows with her: "by the way, save me!"
