

# 《Sweet Daily Life With Rich Fool Husband》

---

## Chapter 10

Su takes Jiang Chengzhan back to her bedroom late at night. It's terrible just now. If Jiang Chengzhan doesn't arrive in time, Jiang Yushen has the courage to do something to her. The rich family is full of people. If there's nothing to do, he can make something up with you. If there's something, he won't make flowers for you.

At that time, even if she is forced, people will only say that she is not willing to go out with a fool to seduce people.

This world is like this, the tolerance of men is far more than women.

Even if a man has something, he will only say that he is romantic. If a woman has some mistakes, she will enlarge them infinitely. When the time comes, how can she block them.

What's more, Jiang Chengzhan is a fool now. Xu Hongmei and Jiang Yushen are so scheming and shameless. She is the only one who can not escape from them even if she is careful all the time.

And in case, like the wedding day, you can give the original owner medicine, you can't give her and Jiang Chengzhan medicine in the future?

The more she thinks about it, the more terrifying she feels. Su wanwan thinks that she has to think of something to do. Before Jiang Chengzhan wakes up, they have to protect themselves. They can't turn over until they are both safe.

So she can't take the initiative to provoke them. Anyway, Jiang Chengzhan will wake up in a year. At that time, as long as they keep their energy and energy, Jiang Chengzhan is so smart and dark, and can't deal with a Jiang Yushen?

"Wife, why are you not happy?" Looking at Su wanwan in a daze, Jiang Chengzhan takes her hand carefully and asks.

"Oh," Su Wan came back and said with a smile, "it's OK. I'm not upset. I just want to do something."

"What do you think?" Jiang Chengzhan asked.

Su wanwan can't tell him so much. His IQ is only four or five years old. He doesn't necessarily understand what he says. I'm afraid it will scare him.

And it would be terrible if someone induced him to say it.

When it comes to other people's ears, doesn't it say that she has bad intentions and stirs up the relationship between uncle and nephew?

She rubbed Jiang Chengzhan's face with a smile. The man's skin was so good that she couldn't touch it enough every time. "Zhanbao, I want to ask you something?"

Jiang Chengzhan sat down with his legs crossed and said seriously, "you ask."

Su wanwan thought about it and said, "why do you like me?"

Jiang Chengzhan tilted his head and said, "because you are my wife."

Seeing the seriousness of what he said, Su wanwan hissed, "why should my wife like it?"

Jiang Chengzhan thought about it: "my aunt said that a man will love his wife and his wife will have a baby in the future. It's very hard."

This fool knows more than ordinary people. Su wanwan's eyes are full of luster, and he asks, "is there anything else?"

"In addition," Jiang Chengzhan lowered his eyelids for a while, and he didn't want to say it. "My aunt said that she couldn't say it. After that, she would have no wife."

Su wanwan took his big hand and gently rubbed it, "it's OK, there won't be no wife, you say."

Jiang Chengzhan spoke very slowly. "My aunt said that if I was not good to my wife, my wife would leave, so that no one would take care of me. Just like my mother, my aunt also said that when my mother gave birth to me, I was bad to her, then she left and never came back..."

When it comes to sad places, Jiang Chengzhan's eyes are full of steam, as if to cry, "late, I'm sure I'll treat you well, and I'll listen to you. I'll be obedient in the future. Don't leave me, OK?"

"Aunt said I was stupid, IQ was lower than others, I said I was wronged, I will not see you tomorrow."

"Fool," Su wanwan rubbed his head. The man was too tall, and both of them were sitting. She had to raise a body, but she still wanted to rub it.

"Don't worry, you won't leave until you become smart."

Jiang Chengzhan is happy and hugs her.

Tonight two people are tired, may be Jiang Yushen things make, no one is interested, kiss for a while, then lie in bed quietly sleep.

However, Jiang Chengzhan always sleeps on Su wanwan's arm. Although his IQ is only four or five years old, he is an adult man after all. If his head is heavy, he won't talk about it. After a while, Su wanwan's arm becomes numb.

However, Jiang Chengzhan always depends on her. After all, he still takes out his arm when he falls asleep.

Suddenly she remembered a piece of news she had seen in the original world. It was also a couple. The man drank too much, and his wife didn't move her arm all night. The next day, her arm was useless.

She thinks that if Jiang Chengzhan sleeps for her all night, her arms will be wasted.

She would like to raise her hand and slap him twice, but in the moonlight, the man is quiet when he is asleep. From time to time, she needs to toot her mouth twice. How can she do that.

I couldn't help getting up and kissing him on the forehead. I turned over and fell asleep.

The next morning at breakfast, Su has been secretly watching and Jiang Yushen, Jiang Chengzhan hit him last night that stick is very heavy, do not know how he will revenge.

Jiang Yushen's face was as usual. He didn't say anything about last night, but he gave her some meaningful eyes, which made Su feel uncomfortable all over.

This person doesn't know what kind of bad water he is holding. The calmer he looks at it, the more vicious his revenge will be.

After aunt Jiang told the old man about going home, she told Jiang Chengzhan, "Chengzhan, I'll go back soon. I'll call my aunt if I have something to do."

She has not dealt with her stepmother all her life. She has never called her mother. Today, she even pulled down her face. "Mom, and Yushen, please worry more about this family. Chengzhan doesn't know how to make trouble for you."

She only hopes that her nephew can live a better life and not be abused.

Xu Hongmei snorted at the corner of her mouth, but she didn't answer.

But Jiang Yushen said: "elder sister, don't worry. I'm here, and I can't take care of my own nephew." he paused for a moment, and his tone became heavier. "And his own nephew's daughter-in-law, don't worry. I'll take care of both of them properly."

The three words of her nephew and daughter-in-law are charming and touching. Su wanwan's heart is trembling. Others can't hear her. Does she know what bad idea Jiang Yushen has made.

That pair of slightly aggressive eyes keep aiming at themselves, which is the eyes of an elder looking at the younger generation, which is clearly the eyes of a mature man looking at a woman.

She reached out to hold Jiang Chengzhan's big hand and gave herself a sense of security. She asked, "which would Zhan Bao like to eat? I'll clip it for you."

Jiang Chengzhan looked at the chicken wings across the table and said, "wife, zhanbao wants to eat chicken wings."

Su wanwan stands up and plans to clip it by herself. Although she has been to the Jiang family for a few days, she is not used to letting servants do things.

Did not expect her chopsticks just reached the chicken wings, was held down, subconsciously looked up, turned out to be Jiang Yushen deliberately held down her chopsticks.

Everyone was busy eating and chatting, and no one noticed them.

But the niece's daughter-in-law and uncle's father-in-law at the dinner table so what appearance, her heart crazy jump twice, quickly pulled back the chopsticks, with Jiang Chengzhan discussed: "zhanbao, chicken wings eat too much is not good, we eat eggs."

Although Jiang Chengzhan has a child's intelligence quotient, he has a good memory. He still remembers that he said he wanted to listen to his wife last night. He was obedient and reluctant, so he nodded: "OK."

Su wanwan glares at Jiang Yushen. Don't let her catch the chance, otherwise she has to deal with him.

After dinner, aunt Jiang was sent back by the Jiang family.

Now the Jiang family has no one on Jiang Chengzhan's side except his grandfather.

Su wanwan felt a little isolated.

How to say that the old man is more than 80 years old, and his energy is poor. If there is something wrong one day, how can he protect Jiang Chengzhan.

Although the grandfather in the original book is in good health all the time, it's the original owner's affair with Jiang Yushen. All the people in the Jiang family openly abuse Jiang Chengzhan. They have no fear and don't pay attention to a dying old man at all.

Now she is always on guard against Jiang Yushen. He can't get any good by himself. Jiang Chengzhan has a good life. If there are signs of recovery in the future, how can Jiang Yushen and Xu Hongmei be relieved.

When the time comes, they will not start on Jiang Chengzhan for the sake of property, but on the old man, forcing him to make a will as soon as possible.

In this way, Jiang Chengzhan and the old man are not safe.

Then she will not be safe.

So

Su wanwan sits on the rocking chair in the balcony, pondering and pondering. She still thinks that it's most suitable for her to move out with Jiang Chengzhan.

That way, without Jiang Yushen's control, she will have room to operate. Even after Jiang Chengzhan is ready, she can continue to pretend to be stupid for a period of time and investigate the accident of the company and himself. When that time comes, Jiang Yushen will be caught off guard.

He doesn't believe that Jiang Chengzhan's car accident is not tricky.

Then she can arrange for someone to check.

But it is not easy to do these things under the eyes of Jiang Yushen and Xu Hongmei.

It's better to be quiet and contented than to be frightened step by step under the surveillance of others.

It's easy to do after moving out. She also has a small villa. It's no problem for two people to live in, especially for food and drink. She's worth 10 billion now.

No, it's 10 billion.

Now the question is whether Jiang Chengzhan is willing to go out with her. After all, he has been living here all the time. Will he be uncomfortable if he leaves suddenly.

And the most important thing is that she can't ask to move out on her own initiative, so Jiang Yushen will certainly have doubts.

At that time, she thought that she could not walk, even if she left, she would be monitored all the time, so it would not be fun.

It's better for the other party to take the initiative to drive them out as if they were a plague. Who would pay attention to the two disheartened people who were driven out?

Thinking of this, Su wanwan decides to try Jiang Chengzhan first to see if he is willing to go out with him. As for the plan to let people take the initiative to go out, she has already thought about it.

In the evening, Su wanwan, after waiting for Jiang Chengzhan to wash his hair, while wiping his hair, asked: "Zhanbao, elder sister, I want to ask you something?"

Jiang Chengzhan sits on the chair and looks back at her. The man who has just taken a bath has white skin and sexy muscles everywhere.

A "huh?" Words.

Su wanwan put down the towel, turned to him and asked, "Zhan Bao, do you think we should go out to live?"

"Out to live?" Jiang Chengzhan didn't quite understand what he meant.

You can go out and live a world of two!
