

《Sweet Daily Life With Rich Fool Husband》

Chapter 27

A few boys don't pay attention to Su wanwan at all. She is the only rich lady who can make waves.

So when she wants to gamble, we all keep watching.

Su wanwan doesn't care about their eyes, waiting for the waiter to have sex.

Jiang Chengzhan will remember what Su taught him at night. Someone showed up. He sat on the chair with his legs open and his arms on the armrest. His expression was indifferent and a little casual.

Su wanwan sat next to him, afraid that he was afraid. She put her little hand on his leg, pressed it, and raised eyebrows with him.

Jiang Chengzhan would like to rush up and hold her immediately. His wife is so beautiful tonight.

It's a pity that Su didn't give him a chance. He warned him, "be honest, don't listen, go home and beat you."

Jiang Chengzhan's restless little heart immediately takes it back and sits down honestly, waiting for Su to play dice.

When the dice came up, Zhou Tao naturally said, "come first in the evening?"

But with a question, next to Yang Lei also echoed: "that is, otherwise we seem to bully you."

The students of this meeting all came to join in the fun and surrounded two people inside.

People are also betting on who will win.

Zhou Tao was born in the second generation and had never played anything before.

Naturally, this kind of dice is easy to catch and plays skillfully and fluently.

So most people are able to win against Zhou Tao.

There were only a few people who came late and thought she was beautiful and lucky.

Su wanwan smiles and looks at Zhou Tao's eyebrows. "Sorry, I don't know how to play. Why don't you play first?"

Can't play?

The atmosphere of the room went up a step, and everyone began to joke.

Sue is not going to take it seriously.

Jiang Chengzhan was worried. He approached Su wanwan's ear and said in a low voice, "wife, if you lose in a while, I'll let the bodyguard come in and rob you."

Seeing Jiang Chengzhan's nervous appearance, Su wanwan couldn't help laughing and said in a low voice: "watch the excitement!"

Zhou Tao stood up, one foot on the ground, the other foot on the chair, in the crowd's eyes, picked up the sieve cup, loaded the dice, left and right, up and down, and finally landed on the table.

Palm on the sieve cup, looking at Su wanwan pick eyebrows: "late, point size, big win, only one game."

He specially stressed the rules again and again. He was afraid that Su would cheat later.

All the students looked at Su wanwan, waiting for her to bite the imprint.

Su wanwan's face was calm, and only two words were spit out in her bright red lips, "of course."

"It must be 18 o'clock. Drive fast. Brother Zhou, hurry up."

Some students can't wait to urge Zhou Tao to drive quickly.

Zhou Tao then picked up the cup cover in the people's expectant eyes.

"17 o'clock," everyone began to applaud, this point is also regarded as a day, Su wanwan wants to win him, unless it is 18 o'clock.

When Zhou Tao saw 17 o'clock, he seemed to be relieved. He pushed the sieve cup in front of Su wanwan and said, "come on."

Su wanwan stood up. She was wearing a fishtail skirt. She couldn't step on the chair like Zhou Tao. However, it was a beautiful scenery to go there.

She took off the bracelet from her wrist and put it on the table. She looked at Zhou Tao and looked directly at a piece of white jade around his neck.

It's said that white jade is the most precious. Although she doesn't know jade, what can make Zhou Tao, a rich second generation, wear on his neck is certainly not inferior.

Moreover, she has seen Zhou Tao touch the white jade three times since she sat here. Before throwing the dice, he even held the white jade on his lips and gave it a kiss.

Even if it's not priceless, it's definitely his most precious thing.

So she blocked the jade around his neck.

"Zhou Tao, if I win, you return my husband's watch to me, and I want the jade around your neck."

Sure enough, Zhou Tao's face changed after hearing her words. He took a look at the jade on his neck, and then held it in his hand.

Immediately a classmate said, "it's just a piece of jade. Brother Tao, you can't afford to play."

There are students said: "that is, besides, you are 17 o'clock, she did not win the chance."

Zhou Tao hesitated for a while, but he still picked the jade. Looking at Su wanwan, he said, "OK, if you win, take it away. I win..."

He looks back and forth at Su wanwan. He is not interested in her broken bracelet. At last, his eyes fall on her chest, which makes Su wanwan very uncomfortable.

After a long time, Zhou Tao began to speak, with a rich second-generation spirit, "I want the dress in your skirt."

Su wanwan thinks that he is indecent, not romantic, but at this time of gambling, she seems to have no way back.

The students began to coax, and all kinds of eyes poured in.

Su wanwan didn't care. She only hooked her finger with Jiang Chengzhan, and then pointed to her cheek. "Husband, come on, kiss. Wanwan is sure to win."

Jiang Chengzhan wanted to kiss him for a long time. He was the most obedient and stood up immediately.

"No, can you two go home and scatter dog food?"

"Lying trough, it's really close!"

.....

Jiang Chengzhan is tall. He covers Su wanwan under his body. He puts his arm around her shoulder and raises her chin. He lowers his head and kisses her gently on her side face.

Su wanwan thinks that Jiang Chengzhan is just like this. He's so stupid that he can make a difference.

Just now, she was careless and didn't take it seriously. After Jiang Chengzhan's kiss, her little face turned red like fire.

The heart beat twice fast.

In the cheers that everyone was about to knock off the top of the house, I was able to get back to my mind.

Zhou Tao's face is not good, his eyes are cold, and even his hair seems to turn green.

Su wanwan picked up the sieve cup in the crowd's shouting.

Her father is a recidivist in casinos. She has been a gambler all her life, and she has a little talent. She used to gamble when she couldn't get along, and she won, and she could eat and drink.

But she felt that this kind of thing was not a long-term solution after all, so she would make some money when she was in a desperate situation. She usually worked hard to earn money.

Today, Jiang Chengzhan's watch was cheated. She guessed that it must be very valuable. Even the bracelet she was wearing was so expensive, let alone his own watch.

That's why she thought she had to get it back.

If you can't live any longer, you can still get a little money if you sell it.

And if Zhou Tao wants him to do things for himself, he must show some skills.

With a slap, Su wanwan's sieve cup has fallen off the table.

Everyone stared at her hand, hoping to see what was inside through the sieve cup.

Someone bumped into Zhou Tao, ambiguous said: "brother Tao, you really want what underwear, directly pull people to open a room."

"Yes, I don't think her stupid husband knows anything. I'll lie to bed first."

.....

Su wanwan's white fingers pressed the lid of the cup, her white wrist bent, looking soft and soft.

She was beautiful, slender, with a waist like a tender willow, which seemed to break when pinched.

The lower leg is more symmetrical, more beautiful than those models walking on the red carpet.

Sexy and enchanting in a mess, but she will smile at the corners of her lips, and her eyes are cruel. She looks like a queen in the upper position. She is arrogant and domineering.

She glared at Zhou Tao and closed her red lips one by one. She picked up the ending and said, "I opened it!"

"Come on."

"Come on."

"Come on."

Everyone was dying of anxiety. This meeting stopped shouting just now. Instead, it held its breath and gathered its voice, just staring at her sieve cup.

Su wanwan put away her smile, held the cup lid in her hand, and suddenly appeared in front of everyone at three six o'clock in the next second.

At first everyone was stupid, at least for a few seconds before the cheering broke out.

Su wanwan ignored everyone, quickly picked up the bracelet and Zhou Tao's white jade, and by the way received the watch next to white jade.

Jiang Chengzhan didn't quite understand what everyone meant. He asked Su wanwan, "wife, have we won?"

Su wanwan smiles and says, "of course I won."

She took Jiang Chengzhan's arm, put on his watch, and reminded him with a smile: "this is for you late. You must wear it well, you can't lose it."

Jiang Chengzhan saw that she was happy, and he was also happy. He followed the important point and said, "well, zhanbao knows that zhanbao will wear it all his life, and he will never lose it again."

Su wanwan put on her bracelet again, took Zhou Tao's white jade, and shook with Zhou Tao, who was still in a trance. "Zhou Tao, I can put it away. Thank you very much."

She put white jade into her handbag and felt that it was the happiest thing for her tonight.

"Ah, brother Tao, what do you think?"

Someone hit Zhou Tao.

Zhou Tao, like his soul returning to his original position, suddenly stirred up his spirit, and his momentum immediately went down. He looked at Su wanwan and clenched his hands: "that, wanwan, I really can't afford to lose. In this way, I'll give you synthetic money. How about you return the white jade to me?"

Su wanwan grinned, but shook his head: "that's not good. My husband is short of everything, but he is not short of money. How can I give it to you?"

Zhou Tao is about to cry. This is the first time for his rich second generation to bow his head: "I know no character, no blocking, but that stone is very important to me. As long as you speak, I can give you anything, as long as you give it back to me."

Su Wan tilted her head for a moment and frowned: "but I really don't have anything for you to do."

Zhou Tao went to the bar, pulled a piece of paper, wrote down his phone number, and

then put it in front of Su wanwan: "this is my phone, I don't believe you didn't use my place, you must contact me if you have something, and the other piece of jade has been put away for me."

Su wanwan looked at Jiang Chengzhan and said, "Zhan Bao, do you think we need to find him?"

Jiang Chengzhan simply shook his head: "it seems that there is no such thing."

Su wanwan looked at Zhou Tao and shrugged his shoulders. "My husband said he didn't have it."

Zhou Tao was almost angry, but he could only endure: "it's OK, you keep it. You can't say too much. Maybe I can't help you."

Su wanwan looked at the paper on the table, thought for a long time, and finally pinched it with two fingers: "OK, I'll try my best to make it difficult."

As a matter of fact, before coming to the classmate meeting, she inquired about it. Zhou Tao liked the original owner. The purpose of the party was to get close to the original owner. She just took the opportunity to let Zhou Tao do something. She thought it would take more effort. She didn't expect such a good opportunity.

Jiang Yushen, she doesn't know who to send to stare. Zhou Tao is just right.
