

《Sweet Daily Life With Rich Fool Husband》

Chapter 28

Since Su wanwan won Zhou Tao's jade, Zhou Tao no longer beat her. When she had dinner, she kept serving Su wanwan tea and water and saying good things, almost shouting to her ancestors.

Su wanwan talks to Zhou Tao at the same time aiming at Jiang Chengzhan. The man leans against the chair, his legs are open, his face is indifferent, and he looks so enigmatic that he understands her previous words deeply: "I'm a man. I'm happy when my husband is happy. I'm happy when my husband is happy. If you make him happy, maybe I'll be happy..."

She gave her chin a look you know.

It turned out that he was a slave husband. Zhou Tao understood and went to the other side of Jiang Chengzhan with his wine cup to chat with him.

Su wanwan deliberately torments him and makes a gesture with Jiang Chengzhan. First of all, he uses his right thumb. Jiang Chengzhan quickly understands. This is to let him pick his eyebrows.

He immediately turned to pick next eyebrow with Zhou Tao, the expression is very scornful.

Zhou Tao

Su wanwan thumbs up his left hand again. Jiang Chengzhan thinks about it, as if it means drinking.

He picked up his glass and looked at Zhou Tao: "drink."

"That's right," Zhou Tao said gallantly. He took the bottle and filled it for him. "My brother doesn't talk much, it's all in the wine."

He said that he was about to clink a glass with Jiang Chengzhan, but Su wanwan stopped him. "We are preparing for pregnancy, and my husband can't drink." she changed Jiang Chengzhan into a glass of boiled water and patted him on the wrist, "OK, drink."

Zhou Tao is surprised to see Su wanwan change Jiang Chengzhan into white water naturally. He scolds them in his heart. They are shameless.

"Jiang always drinks water?" Zhou Tao did not give up and asked, he also deliberately provoked a estrangement, "Jiang is not so afraid of his wife, right?"

Jiang Chengzhan didn't pay attention to Su's reminders. He naturally said, "listen to my wife, there's meat to eat."

Lying in the trough, Zhou Tao scolded in his heart and said with a smile, "OK, you drink water, I drink."

Su wanwan is smiling beside her. Anyway, Jiang Chengzhan is happy. It's better to go back and write down something for her in a small notebook.

Zhou Tao can see now that Su wanwan and Jiang Chengzhan are in a good relationship. There's nothing wrong with him at all. Now he's dead. The only thing he's not willing to do is his white jade.

It was given to him by his mother on her deathbed. There was only such a memorial. He said he would take everything back.

Jiang Chengzhan drank a glass of white water, and Zhou Tao drank a glass of Baijiu.

Jiang Chengzhan turns his head and looks at Su wanwan with a proud expression. Su wanwan gives him his left thumb again. Jiang Chengzhan understands and immediately takes up a glass full of white water and says to Zhou Tao, "cheers."

Zhou Tao is covering his chest to catch his breath. He especially wants to scold me. Can you let me catch my breath? But looking at Su wanwan's provocative eyes, he can only bear it. He takes his glass and touches Jiang Chengzhan. He lifts his neck to dry.

Jiang Chengzhan drank the white water slowly and complained to Su wanwan: "it's good to drink water!"

Su wanwan's voice of coaxing: "then don't drink."

"Vomit" - Zhou Tao ran out of his mouth and went down two big glasses of Baijiu, and drank so quickly that he would burst.

His good brother quickly followed him.

It's a good harvest tonight. Su thought that the jade was nothing. The main reason is

that he took back Jiang Chengzhan's watch and turned off the power button. Jiang Chengzhan was also very happy. Hehe, this must be a successful party.

Suddenly, she felt that there was a man sitting next to her. Su wanwan turned to see that it was Yang Lele. She was a little strange.

The other side's eyes keep aiming at her wrist. It's just that the purpose is not pure.

Sure enough, after Yang Lele exchanged greetings with her, the topic began to pull on her wrist.

At first, he said he wanted to attend the event to borrow and wear it for one day, but he was rejected by Su wanwan. Then he said it was OK to buy it, and he didn't mind second-hand goods.

Su Wan came late and said, "how much do you want to buy it?"

Yang Lele guessed that Su wanwan must not know the goods. He hesitated for a moment and said, "fifty thousand, you've worn this bracelet. Fifty thousand is really the best."

Twenty thousand for one diamond, and eighty thousand for four, not including the cost of craftsmanship and the designer's brand.

Su wanwan snorted in her heart, but you dare to pay.

Yang Lele saw that she didn't agree, and added a buy it now price: "80000, really can't be more."

Su wanwan sniffed: "I tell you, this bracelet is not sold for one hundred thousand cents."

"One, one, a million?" Yang Lele swallowed and spat.

In fact, she knew the price of the bracelet when it was taken away. One million of them made no loss. After all, they bought it for more than 10 million.

But

So much money, she couldn't make the decision. She hesitated for a while and said, "Su wanwan, since you decide to sell it, I'll ask my sister if she wants to."

"Pause," I tell you, my sister is a star, not bad money, meet like things want to get hand, but you this bracelet really not worth so much, at best also 100000 yuan

At the end of the speech, she got up and went to make a phone call.

Su wanwan looks down at the shining bracelet on her wrist. Of course, she can't guess that such a small chain will be worth a million. But she thinks Yang Lele's purpose is definitely not simple.

She's not the kind of person to suffer.

Su wanwan did not know that such a small chain was more than the dowry given to her by her mother's family.

She's worth 10 million.

Su wanwan wanted to ask Jiang Chengzhan what she meant. She put her wrist in front of him and asked with a smile, "Zhan Bao, do you think I'll sell this bracelet?"

Jiang Chengzhan's small face immediately stepped down and said only two words: "no way."

Su wanwan said seductively, "how about a million?"

She also specially stressed, "one million, one million, think about how many delicious food you can buy."

Jiang Chengzhan still refused: "that doesn't work."

Sue didn't ask him any more. She hummed in her heart. When she sold it secretly, what could he do with her?

About ten minutes later, Yang Lele came back. Su wanwan asked her, "how's it going?"

Yang Lele seemed to have made a big decision and said, "my sister said she likes it, but one million is too much. Can you let me have some?"

What did Sue do before midnight?

It's a man who's been honed in his escape.

To say that you want to get what you like is just a hoax, unless the bracelet is worth a million.

After thinking for a while, she couldn't take the baby without eyes. She had to find

someone to see how much it was worth.

She looked at Yang Lele with a smile and said, "OK, I'll go back and think about it and wait for my reply."

People who have enough to eat and drink are also tortured. Su wanwan watches Jiang Chengzhan yawn and plans to take people away.

Jiang Yushen had already sent someone to follow him. He knew that Su would come out with Jiang Chengzhan to attend the school reunion. He ordered people to ambush him and planned to rob him. He suddenly appeared again and saved them like a hero who saved Mei.

This can be regarded as a successful invasion into the enemy. When the time comes, he will cry with Jiang Chengzhan again. After all, blood is thicker than water. He can't trust his nephew. He can't bear to see that the other party is bullied by bad people, and he has also won the lottery. He doesn't believe that Jiang Chengzhan doesn't appreciate him.

At that time, the bad impression he had given Jiang Chengzhan was completely eliminated.

After that, he coaxes him, isolates him from Su wanwan, and alienates them. He doesn't believe that Jiang Chengzhan won't rely on him in the future, and Jiang Chengzhan's shares will not be his.

With this stratagem, he regretted it. If he was better to Jiang Chengzhan earlier, he didn't have to work so hard today. On the contrary, he let Su Wan get a big advantage.

When he saw that the party was over and the people who took part in the Student Union went out in groups, he made people ready to seize all possible opportunities to take them away.

Su was tired after playing all night, and she didn't even bother to take a step. Jiang Chengzhan was even worse than her.

Su Wan thought of two bodyguards coming outside and called one of them, "park the car at the door."

So two people can get on the bus as soon as they get out of the hall. Su wanwan is secretly happy for her good idea, and at the same time sighs that it's really good to have money.

Before Zhou Tao left, he followed Su wanwan and drank two glasses of wine. His

tongue was big: "Miss Su, Mrs. Jiang, my grandparents, how can you give me the jade?"

Sue thought about it and said, "tomorrow, I'll call you tomorrow."

Zhou Tao didn't quite understand. He drank too much and didn't have a clear mind. He didn't pay attention to Jiang Chengzhan beside him. He thought to himself, is this Su wanwan's invitation to him? There are only two people tomorrow?

Is there another chance?

Downstairs, the black Audi has stopped at the door of the hotel. The door is opened, and two bodyguards stand in front of the car to welcome Su wanwan and Jiang Chengzhan.

Su wanwan doesn't show any affectation. She pulls Jiang Chengzhan into the car.

Behind Zhou Tao staring at them, lying trough, to participate in a reunion, even with bodyguards?

It's a little big.

Brain suddenly flashed some familiar information, how to see, how to think Jiang Chengzhan look familiar.

I didn't look familiar all night. It's going to be separated. I didn't look familiar at first.

I want to go back and ask his brother, maybe he's really something.

More shocked than they were were were the people of Jiang Yushen who were ambushed nearby.

This will take the lead to ask Jiang Yushen: "brother Jiang, what should we do now? If we have bodyguards, can we go up?"

Jiang Yu deeply hated: "last fart, those two bodyguards are stronger than cattle, which one can you take?"

I didn't expect that Su wanwan, that bitch, even had a backhand, even swaggered to go out with her bodyguards. I really underestimated her.

Su wanwan and Jiang Chengzhan arrived home safely.

After entering the room, she put her arms around Jiang Chengzhan's neck and asked

him, "Zhan Bao, are you happy tonight?"

Jiang Chengzhan nodded, but also some unhappy: "but drinking water is also very support."

The man's white shirt, black trousers, light halo dye, handsome people and gods, Su late on tiptoe to kiss his chin: "get cheap also sell good, stinky you!"

Jiang Chengzhan smiles, hugs her waist and rubs her face, "wife, you are so beautiful tonight."

Usually two people in bed, Su evening occasionally tease him, do you want a wife.

Tonight, Jiang Chengzhan didn't know what he was thinking. Close to her ear, her voice was very hoarse: "Zhan Bao, I want you now!"

Like a thin electric current, Su wanwan couldn't help shaking.
