

《Sweet Daily Life With Rich Fool Husband》

Chapter 36

The hand-made green hat that Su wanwan made last time was always on the screen. Jiang Chengzhan turned around and found no one, so he picked it up.

He sat on the stone platform outside the door and looked at the door absently.

When Su came back late at night, she saw a man sitting on a stone platform with a green hat in his hand. He had a pair of beautiful big eyes and didn't have any brilliance. He didn't know what he was thinking.

In the heart, she just let Zhou Tao send back, and Jiang Chengzhan with the green hat in his hand, didn't she mean something?

But she didn't do anything wrong, so there's no need to feel guilty.

She went to Jiang Chengzhan and kicked him in the calf with her feet. "Hey, what's the deep play?"

Without waiting for Jiang Chengzhan to answer, she looked around again, "why didn't you see Qin Mingyang?"

Jiang Chengzhan raised his head and his eyes were red. He said wrongly: "wife, Zhan Bao thought you didn't want me."

Su wanwan frowned: "what are you talking about? What do you want or not? Didn't you go out to play? Then I went out to play, too. "

"Oh," Jiang Chengzhan bowed his head and didn't speak. He didn't know what he was thinking about. He looked up again for a long time and looked at Su wanwan with a silly smile. "Wife, Zhan Bao is hungry."

"You haven't eaten yet?" Su wanwan looks at him in surprise and suddenly remembers that she didn't eat either.

Zhou Tao said that she wanted to invite her, but Jiang Chengzhan refused.

"Wait, I'll do it for you."

Two days later, Jiang Yushen was suddenly called to scold by an old shareholder, and asked her to break off the relationship with Su Xiaoxiao.

Otherwise, I will not marry my daughter to him.

His teeth itch with hatred.

I like Su wanwan in my heart, but Su wanwan always takes his bodyguard with him wherever he goes. He can't find Su Xiaoxiao as a substitute. Every time he has a relationship, he feels that the person under him is Su wanwan, but he is found and stabbed to the old shareholder.

I hate to death in my heart, but I have to restrain first.

That day, he went back to Jiang's house with a dark face. Xu Hongmei saw that his face was wrong and asked, "what's the matter with you? Who is angry with you?"

Jiang Yu deep hate said: "who said at the beginning, Su wanwan certainly can't keep, also said when she derailed let Jiang Chengzhan personally catch the traitor, the result?"

Xu Hongmei's face is also not good, "who knows that she hasn't been caught for such a long time?"

Jiang Yu said coldly: "I think this woman is not simple. She must be playing some tricks. Now that they live outside, it's not convenient for them to stare..."

When he said this, he was stunned for a moment, as if he thought of something. Looking at Xu Hongmei, "Mom, do you think she moved out on purpose?"

Originally, Xu Hongmei didn't think so much. After Jiang Yushen's reminding, she really had that possibility. "Yes, at that time, I remember that she suddenly said that she wanted to go to the company, but now I haven't seen her. She also deliberately humiliated us with the eldest grandson and made us angry. Later, she was driven out, the dead girl..."

Xu Hongmei caught fire and patted the table hard. "We've been cheated."

Jiang Yu raised his hand and pressed his forehead. He was fooled by a little girl. Well, I don't believe I can't deal with her.

He thought for a while and said, "Mom, you go to see Cheng Zhan and take them back. I don't believe she can turn them out."

Xu Hongmei is not optimistic, "what if they don't come back?"

Jiang Yushen raised his mouth and showed a smile, "you say my father is going to die."

"Well, I know," Xu Hongmei replied, "I'll call them tomorrow."

The next day, as soon as Su had finished breakfast, she saw a car parked at the gate of the hospital. She wondered, who came here in such a big morning?

As she walked out, she said to Jiang Chengzhan, "zhanbao, it seems someone is coming."

"Who is it?" Jiang Chengzhan followed her out with a curious face. "Is it your mother's family?"

Su wanwan shakes her head and goes to the door to see that Xu Hongmei has got off the bus. She stands in the same place for a few seconds.

I knew that they had to sit still and ran over.

If she is right, Xu Hongmei is here to pick up Jiang Chengzhan.

Now that the old man is ill, Jiang Chengzhan is also stupid. The company is in great turmoil. Jiang Yushen must try to get the shares in the past.

Seeing that Xu Hongmei is about to enter the hospital, Su wanwan grabs Jiang Chengzhan and whispers to him, "Zhan Bao, if grandma asks you to go back to live in a short time, you must not go back."

Jiang Chengzhan nodded obediently: "Zhan Bao knows."

Xu Hongmei entered the hospital. Although Su wanwan was not happy, she was invited into the room. "Grandma is more free today?"

There's nothing good in her mouth.

Xu Hongmei looked at her room first and then said, "yes, I've been relatively idle recently," she said with memories. "In the past, it was my neglect of management that made Chengzhan suffer so many grievances. But after all, I grew up watching him. I'm just a grandson. Now I think I really regret it."

As she spoke, she wiped her nonexistent tears with her handkerchief. Su wanwan

turned her lips to listen to her singing.

Xu Hongmei sighed and continued: "Alas, when people are old, they like to have their children and grandchildren around. I miss him more and more when Chengzhan is not around these days."

Su wanwan never met such a big mouthed person. It's been a year before she thought well. What did she do before?

"Granny, no, Chengzhan hasn't seen you in the past year."

Xu Hongmei continued to sigh, pretending to be very sad and said: "no way, the palm and the back of the hand are all meat. Yushen complained that I was not favored by the old man. Chengzhan was the eldest grandson of the family, and I was confused by him. Now I think, isn't Chengzhan my grandson?"

"I'm here today to pick you up."

Su wanwan is in a bad mood. It's right to take it back for surveillance.

When Jiang Chengzhan heard that he was going back, he remembered what Su wanwan had said to him. He immediately said, "zhanbao won't go back, zhanbao won't go back, zhanbao won't go back."

Su wanwan continued with Jiang Chengzhan's words: "you see Chengzhan doesn't want to go back."

Xu Hongmei didn't look angry, but sighed again: "Alas, Chengzhan's grandfather is very ill. You don't have many days. Since Chengzhan doesn't want to go back," she patted her legs and stood up, "then don't go back."

"Grandfather is ill?" As soon as Jiang Chengzhan heard that his grandfather was ill, he immediately began to cry and went out with him, "I'm going to see my grandfather, I'm going to see my grandfather."

When she heard that her grandfather was ill, Su didn't dare to delay. She had to go back to see the old man Xu Hongmei before. Today, since she came to meet her in person, they had to go back.

Instead of taking a car with Xu Hongmei, Su took Jiang Chengzhan and asked the driver to drive them back.

The old man is really very sick. She even suspects that he has been ill for a long time, just pretending to be.

Gray hair, lying in bed without a little spirit, skin as dry as old tree skin, where there are 11 months ago that full of air look.

Su Wan took a sad look and couldn't bear to see it again.

Jiang Chengzhan stood by the bed and cried, "grandfather, grandfather, please sit up quickly, sit up quickly." he saw that the old man didn't respond, and turned back to Su wanwan to cry, "wife, what's wrong with grandfather, what's wrong with grandfather?"

Su wanwan walks over and pulls Jiang Chengzhan to sit down. His voice is a little hoarse. "Grandfather is ill. Don't worry about zhanbao. Grandfather is old and can't be disturbed."

Jiang Chengzhan shook his head hard, and suddenly remembered the medicine he had taken before: "medicine, medicine, wife, didn't you give it to Zhan Bao before?"

Su wanwan sighed softly: "zhanbao, what you take is cold medicine, and grandfather has other diseases."

"See a doctor, see a doctor," Jiang Chengzhan cried out in a hurry. He couldn't even say the whole thing. "See a doctor, see a doctor," he took Su wanwan's hand and stamped his feet, saying "see a doctor."

Seeing that the old man is very ill, Xu Hongmei should have invited a doctor for him. How can she say that she is also Jiang Yushen's own father.

She doesn't believe that Jiang Yushen can really fight with the old man.

But now Jiang Chengzhan looks worried and hesitates. Su wanwan asks Xu Hongmei, "grandma, has grandfather been to the hospital?"

Xu Hongmei made an effort to wipe her eyes, "why didn't you look? Some time ago, she was still in the hospital for half a month. She didn't dare to let Cheng Zhan see him because she was afraid of disturbing him."

"It can't be like this all the time," Su said tentatively. "Don't go to the hospital any more?"

Xu Hongmei keeps silent all the time. After su wanwan has finished speaking for a long time, she still doesn't respond. Jiang Chengzhan is more anxious. She holds Su wanwan's hand and keeps shaking: "wife, see a doctor, wife, see a doctor, see a doctor."
