

《Sweet Daily Life With Rich Fool Husband》

Chapter 41

Jiang Chengzhan is also surrounded by a familiar figure, wearing a gray suit. Su can see clearly that it is Qin Mingyang who came to meet Jiang Chengzhan in the morning.

Qin Mingyang, who said that he would take Jiang Chengzhan out for a turn and send him back soon.

Look at their manner, they should have been colluding with each other for a long time.

Su wanwan sneered and raised the corner of her lips. She was a brother. Of course, she was the first to tell her what she was?

It's just a tool to cheer him up. When he's stupid, he can find her to protect him. When he's sober, he can kick away the doll.

Su wanwan clenched her fist and thumped her chest. There was a dull suffocation feeling, which was beyond description and control.

I don't know how many times the video was repeated, until the screen turned black, Su didn't slow down.

Zhou Tao tries to take back the mobile phone, but he doesn't find Su wanwan's response. He reaches out his hand and shakes it in front of her, but still doesn't respond.

There is no blood on the skin of a woman's white face. She looks down, as if she has lost her soul. She is as weak as a flower blown by wind and rain, decadent and full of vicissitudes.

"That," Zhou Tao hesitated, "do you want to find a chance to ask him personally?"

"Maybe there's some secret."

"Secret?" Su wanwan sneered, "is it so difficult to tell me?"

"Or is it hard to make a phone call?"

"What's more, why let the bodyguards watch me and restrict my travel?"

"Am I a prisoner?"

Zhou Tao couldn't give a real answer, and he didn't know what Jiang Chengzhan thought. Seeing Su wanwan so sad, he couldn't help. He comforted: "you wait, maybe he is thinking about how to explain to you."

Sue used a small spoon to poke coffee for a while, but she had no appetite. Suddenly, she thought that Zhou Tao said that there would be a press conference at 3 p.m., and there would be a lot of people at that time. Should she be able to get in?

"Well, where's the press conference you're talking about?"

"It's in their company." Zhou Tao replied.

Su wanwan nodded thoughtfully.

Zhou Tao quickly understood her meaning: "are you going in?"

Although the bodyguard told her to wait at home and Jiang Chengzhan would come back, she didn't know why. She just thought it would be a long way off. She wanted to stand in front of him and ask him why he cheated her?

Why do you keep such a big thing from her?

Did he ever think how sad she was when the doctor told her he would never wake up?

She has even made plans to live with him for a lifetime, and even started to get pregnant.

But what about him?

What kind of heart does he have when he calls her wife every day and calls himself zhanbao?

When she teases her in this way, and she doesn't realize it, is he really a fool to laugh at her in his heart?

Su wanwan can't hide things in her heart. She is an acute person. She wants to grab his neck and ask him what's going on?

If it wasn't for today's shareholders' meeting, he would have to attend. How long

would he cheat her?

Su wanwan raised her hand and gently rubbed the temple, nodded: "I want to go."

Zhou Tao said without hesitation, "I'll help you."

Two people have been sitting in the coffee shop until two o'clock in the afternoon. Zhou Tao took a bite at noon. Su had no appetite and only drank half a cup of coffee.

From time to time, I took out my mobile phone to have a look. I always felt that the next second my mobile phone would ring. There came a silly man's voice: "wife, Zhan Bao has missed you. Why don't you come back?"

Unfortunately, the mobile phone is as quiet as a chicken. Since Cui Lingyue called her in the morning, it never rings again.

It's as if all the people have disappeared from the world.

"Lingling..."

The mobile phone rings suddenly, and Su wanwan's hand vibrates. She is so shocked that she is about to pick it up, but the call reminder she doesn't want to see is "original mother".

Su wanwan sighed in disappointment and pressed the answer button gently: "Mom --"

Mother Su's excited voice quickly came from the phone: "how can you hide it from me for so long, you child?"

"When did Cheng Zhan get well? You child really have an idea. Why didn't you say anything? I've seen all the news today. Cheng Zhan's attendance at the board meeting was hot. If you don't tell me, I'll listen to your Aunt Wang for such a big thing."

Aunt Wang is a card friend who often plays cards with mother su.

Su wanwan laughs. She doesn't know a few minutes earlier than her mother.

Without waiting for her to speak, Su's mother said, "thank goodness, Chengzhan has finally got better, and your hard life has come to an end. Alas, my mother just regrets that she has wronged you when she married you to the Jiang family. Now it's better, my uncle is better, and I'll have a good time."

Su Wan was not interested in listening, but she couldn't get in the way. She only heard Su's mother continue to say, "Oh, late, when do you have time for Chengzhan? You

two come home. Mom will make you some delicious food and drink with your dad..."

"Mom," Su can't help interrupting her at last, "I have something else to do. I'll talk about it later."

Without waiting for the other party to answer, Su has hung up the phone cleanly.

She still remembers that when she came back three days ago, the Su family felt that Jiang Chengzhan was stupid, fooled him, made him jump into a pond without water, and hurt him.

Later, when they moved out of Jiang's house, Su's mother took Su Xiaoxiao to see them. She was afraid that they would depend on them and wanted to stay away. She also said that even if Jiang Chengzhan woke up later, they would not regret it.

I don't know if it's going to be regretful, but my intestines are blue?

This meeting, the people of the Su family really regret that their intestines are blue.

As soon as Su's mother hung up, Su's father asked, "what's the matter? Did you tell me when you came back with your uncle?"

Mother Su rolled her eyes: "do you think she is Xiaoxiao? She knows how to thank you for finding such a good marriage for her?"

"Not a white eyed wolf yet."

Su's father lit a cigarette and went to the side to smoke. Su's mother poked Su Xiaoxiao's head hard. Su Xiaoxiao cried out unhappily: "Mom, what are you doing?"

Su's mother scolded angrily: "you were engaged to Chengzhan at the beginning, but you had to marry. Now, let your sister get a big bargain."

Su Xiaoxiao is not happy to say: "that who knows he can be good!"

Su wanwan and Zhou Tao come to the office building of Jiang's group again. They find a reporter's company. Zhou Tao knows people and works as an adult.

After mixing into the building, Su wanwan starts to look for Jiang Chengzhan.

There is no doubt that he must be on the top floor of the building.

There are eight elevators in the building, four in the East, four in the west, and seven that can get in. She has pressed them one by one, but none of them can reach the 76th

floor directly.

She looked at Zhou Tao puzzled: "what's the matter?"

Zhou Tao has guessed: "the president's office should be that special elevator, we can't get in, the others can't get there."

See, without his permission, she couldn't even get into the elevator he took.

Su wanwan's brain turned quickly, "let's go to 75 first, and then walk up."

"Good," Zhou Tao followed her into the ordinary elevator. She couldn't even get to 75, but could only get to the 74th floor.

Down the elevator, two people to find a step ladder on the first floor, but do not want to be directly blocked in the door by two black bodyguards.

The bodyguard, with a face full of flesh, said in a gentle voice: "I'm sorry, ladies and gentlemen, no one is allowed to enter here."

Su Wan takes a look inside. It's the 75th floor. I don't know whether Jiang Chengzhan works here or upstairs.

I only saw a glass door inside, with a few bodyguards, and the rest could no longer be seen.

She controlled the depression in her heart and tried her best to be gentle. After all, the rough bodyguards were gentle. "Hello, can you inform President Jiang for me, and tell him that Su will come to him later."

The bodyguard has a business attitude: "sorry, we don't have the right."

"Oh," Su wanwan couldn't help laughing at herself. It's more difficult to see him now than it was for the common people to see the emperor in ancient times. Does she have to play the drum to see him?

Su wanwan looks inside again. In addition to the two bodyguards at the door, it's estimated that there are at least four or five bodyguards inside. She wants to break in with her thin body. Even if she shouts at the top of her voice, if Jiang Chengzhan is not on this floor, she can't hear him.

After hesitating for a while, she said to Zhou Tao, "forget it, let's go downstairs. We'll have a press conference later. Let's wait in the hall."
