

《Sweet Daily Life With Rich Fool Husband》

Chapter 43

Su wanwan starts to put away the wardrobe in her bedroom. As long as it's men's clothes, they are packed and thrown out in a suitcase.

And Jiang Chengzhan's toys, transformers, jigsaw puzzles, plants vs zombies, super flying man

He's also very interesting. It's not rare for a few years old to play with such things.

The vegetable mother heard the crackling upstairs. She was puzzled. She came up and looked at the clothes and toys all over the room

Su wanwan looked back at Cai Ma and said, "send the Jiang family home."

"Oh," she didn't understand, but it's a good thing to go back to the mansion. After all, Jiang Chengzhan grew up in the mansion, and it's not good to live outside all the time.

Smell speech she laughed to say: "that I help you to clean up together."

Looking at the great movement in the room, she thought that Su would go back with her. She noticed that it was all Jiang Chengzhan's things.

Su wanwan waved his hand: "no, I'll clean it up myself."

Vegetable mother saw that she insisted on turning around and went downstairs. After two steps, she turned back and asked, "is there anything to clean up downstairs?"

"No," Su wanwan said and continued to throw Jiang Chengzhan's things.

Unconsciously, there are so many things in Jiang Chengzhan's home. After a day's cleaning up, Su feels that the home is cleaner.

She went to the door and asked the two bodyguards to take them back, but the two bodyguards did not give face: "madam, Mr. Jiang only asked us to protect you."

"God, your mother's protection," Su said angrily at night, "get out, who will use you to protect, get out quickly, or I will sue you for illegal invasion of houses."

The two bodyguards looked at each other and moved directly from the door of the house to the gate for protection.

Su wanwan angrily pinches his waist, scolds him and goes back to the house.

She dragged Jiang Chengzhan's things to the yard. Now she can't get out of the yard, and she can't send so many things.

Hesitated for a while, saw vegetable mother sitting in the room, eyes turned, suddenly had an idea.

"Vegetable mother --" Su went back to her room late and called her, "I just packed some things and I'm going to go back to my old house. You should take these things first."

Vegetable mother didn't think much, "OK, anyway, I can't pull down so much, I'll send it first."

So Su called the driver to load Jiang Chengzhan's things into the car, and the vegetable mother took them back to the old house.

Su wanwan locked the gate from the courtyard. From now on, she won't go out, but she won't open the door if anyone comes.

Sue was lying on the sofa late at night, her legs folded up on the armrest of the sofa, shaking and eating grapes while brushing TV dramas. As long as she didn't want to be that jerk, her life would be as comfortable as it was.

The two bastard bodyguards outside the door refused to leave, which affected my mood.

Sue didn't pay any attention to them any more. She turned on her mobile phone and asked for a takeout. Now she doesn't care if anyone is uncomfortable eating. Anyway, she's comfortable all by herself.

Ordered a crayfish, also ordered a braised ribs, plus a red bean juice, looking at the publicity picture can drool.

Su wanwan finished ordering the takeout, and her mobile phone was confiscated. When she saw Cui Lingyue's call coming in, she picked it up.

"Late night," came Cui Ling's voice on the phone, "where are you?"

Su wanwan is short of someone to chat with now. No matter she is the original owner's best friend, she starts to chat with people when she opens her voice. "Of course I'm at home. Where are you?"

Cui Lingyue: "I'm at home, of course. No, it's in the apartment. Come and see me. Let's go shopping."

Su wanwan looks out. Two bodyguards are there like black sculptures. She can't get out. Now she's too lazy to climb the window. She hesitates and says, "come to me. What's going on outside? It's so hot!"

Cui Lingyue thought a little and agreed: "that's OK, elder sister, I'll go right away."

The takeout and Cui Lingyue arrived around the time. Su wanwan thought Cui Lingyue was in a hurry.

Originally, she was afraid that she couldn't get along with Cui Lingyue. After only a few minutes of contact, she knew that she was thinking too much.

Cui lingyueren is very beautiful. She has a baby face. Her skin is delicate and white. She combs a little curl down her shoulder and dyes it brown. It matches her temperament.

Big eyes, straight nose, small mouth, light lipstick, Yingrun and shiny, Su wanwan felt that she was like the characters in the comic books she read before.

However, one mouth is against her, and she is careless. For example, when she meets a few suckling dogs abroad and wants to keep a male star in the entertainment industry, she grins.

In the heart of envy think, after she has money, also go to keep small fresh meat, angry Jiang Chengzhan that son of a bitch.

After dinner, Sue goes to the kitchen and throws the dishes into the dishwasher. She comes out to chat with Cui Lingyue.

"Well, why are you so honest at home?" Cui Lingyue looked at her home, "and what happened to the two men at the door?"

Those two muscle men are very fierce at first sight. You're not raising them for yourself... "

"Keke..." Su Wan was almost drowned by spitting because of her bold words, "what are you talking about? That's a bodyguard."

"Oh," Cui Lingyue quickly changed the topic, "let's go to the beauty bar, and then go to the jewelry store. I've been sent abroad in the past two years, and I don't have much contact with many friends. How about calling them out to drink?"

Su wanwan had no contact with the original owner's friends since she wore it. Now she really wanted to make more friends, so she nodded: "OK, you can call me."

Cui Lingyue quickly contacted several people. She had a good personality and many friends. Although she hadn't contacted for two years, she was able to respond quickly. She soon saved more than ten people and agreed to meet at the star club in the evening.

Two people are chatting. Sue hears her cell phone ring in the evening. It's Cai Ma's phone. She knows it must be Cai Ma who can't come back to the hospital.

"Vegetable mother..." Su wanwan said politely.

The sound of jingling and banging on the door came from the phone: "at night, open the door for me."

Su wanwan glanced at the remote control key on the table and said politely, "vegetable mom, Jiang Chengzhan will soon go back to his old house. You have been taking care of him all the time, so you can go back to Jiang's house. There's no need to come here."

Putting down the phone, Su wanwan feels fresh. Now the only thing here is probably the two bodyguards outside the door.

She couldn't get rid of them, so she had to wait for Jiang Chengzhan to come back.

It's too hot for the two girls to move. They just wait to go out for a drink at night.

Seeing that time is coming, Su wanwan goes to change clothes. She is wearing a light casual suit. Cui Lingyue frowns at her and says, "wanwan, what the hell are you wearing?"

"We're going to the bar, not the gym."

Cui Lingyue wore a long yellow dress with bare shoulders. She was very small and delicate. The color of Huang Nen matched her temperament. She looked at a lady with dignity.

Su wanwan looked down at her clothes. She sighed and motioned: "have you seen it? The two people outside are looking at me. Can I get in or out now?"

Cui Lingyue was surprised and said, "how do you get out?"

Su wanwan looked back at the window and pointed at it with her finger: "of course it is."

Cui Lingyue couldn't help laughing and urged: "take a beautiful bag and we'll change it when we go out."

That's a good idea. Sue ran back to her bedroom, picked out a skirt, put it in her bag and stuffed it with a pair of high heels.

When going out, Cui Lingyue swaggered out from the front, but he did not forget to explain to the two bodyguards: "take good care of people, or Jiang will deduct your salary."

The two bodyguards didn't seem to hear it, so they didn't move.

Su wanwan jumps out of the rear window and turns to the back of the community. Cui Lingyue drives a red Porsche and waits at the door. She jumps into the car like a thief.

Cui Lingyue was curious about her and asked, "what's the matter with you? How did you marry Jiang Chengzhan? What about Tian Yingqi?"

There's nothing to hide. On the way, Su wanwan told Cui Lingyue about her affairs.

Of course, it also includes Jiang Chengzhan's pretending to be a fool to cheat her that she won't come back now.

Cui Ling read to her encouragement: "this kind of man should not want, we all the way forward."

After arriving at the bar, Su got to know a lot of people with Cui Lingyue in the evening. They were all from their previous circle. In fact, some of the original owners also knew each other. However, they didn't contact each other for more than a year. They were unfamiliar when they met again, and we didn't think much about it.

The waiter picked up a few beers, and everyone handed out a bottle. Su was in a trance staring at the bottle.

The last time she took the pill was three months ago, and since then she has been taking a folic acid tablet every day to get pregnant.

There was no news in the first two months. Maybe it was the relationship between

taking long-term contraceptives before. The physiological period was not accurate and it was not suitable for pregnancy. She didn't care.

Seeing another month passed, she had no female relatives and didn't know how to count them, but she always felt that there was something in her stomach.

Especially the night before yesterday, she and Jiang Chengzhan had fallen in love. Who can say for sure that she would not be pregnant?

Although Jiang Chengzhan was irresponsible to her, he ran away as soon as he woke up, but if he did

Sue didn't even think about it. She would definitely have the baby.

She is lonely enough in this world. It's good to have a child with her without a man.

She will not be as irresponsible as her father. She will certainly bring up the child.

It doesn't matter if she's alone.

"Late, why don't you drink it?" A friend looked at her staring at the wine bottle and gave a voice to remind her

Su Wan was surprised, reacted and laughed: "well, I'm allergic to alcohol. I can't drink."

"Is it?" A few people looked at each other, someone strange, "before how did not know you are allergic?"

Cui Lingyue was more clever. Seeing Su wanwan's thoughts, he said for her, "you guys are really good. They were not allergic before, but now they can't live?"

"You people, there were no men before, but now there are men too?"

"Come on, let's drink."

Although Cui Lingyue forced to explain the reason why the donkey lip is not the horse mouth, but we also don't bother to tangle, a few people go to fight for wine.

In the blink of an eye, a week later, Su wanwan felt that there was no more cold-blooded and irresponsible person in the world than Jiang Chengzhan.

He didn't come back for a week, and he didn't make a phone call.

Su wanwan can't care to be angry now. She scolds him while cleaning the table. When he comes back, she must give him some color to see.

Fingers inadvertently touched her folic acid tablets she ate every day, hesitated for a moment and threw them into the garbage can. Who wants to eat this again? Who is the pig!

Su wanwan cleans up the room, including her dressing table. Suddenly she sees the diamond bracelet, which Jiang Chengzhan has put on herself.

Before picking up Jiang Chengzhan's things, she ignored them. She didn't expect to see them on the dressing table.

The diamond is shining brightly under the light, but Su wanwan is more and more angry. She wanted to sell it before, but he won't let it. This time, she has to sell it.

Su wanwan was fed up with putting the bracelet into the small box and found that there was a small medicine bottle beside the make-up box. When she bought the short-term contraceptives before, she would buy two bottles every time. She threw away the bottle she had eaten before, and left behind the bottle she hadn't eaten before.

Su wanwan is going to throw the medicine bottle into the garbage can. Suddenly, she hears her mobile phone ring. She takes the medicine bottle to the living room, puts it on the coffee table, picks up her mobile phone and answers it.

It's mother Su's call. It's nothing serious, just to let her have time to take Jiang Chengzhan back.

Su wanwan laughs in her heart. She also has to see talents.

A person's Day is to eat and drink and then sleep as a pig.

Sue finished cleaning up the room, watched TV, and fell asleep on the sofa.

The night is quiet, silent, a bright moon hanging in the sky, the whole villa is covered by a faint halo.

There was a sound of TV play playing in the room, but the light of the TV was constantly changing, but it was always soft. The man pushed the door in from the door and first adapted to the darkness for a few seconds before he went inside.
