

《Sweet Daily Life With Rich Fool Husband》

Chapter 44

Jiang's group held a board meeting for five days in a row, and then dealt with several important matters one after another, including cooperating with the police investigation. Jiang Chengzhan took less than three hours off every day this week.

He knew that he should have called Su wanwan, but he was a person who paid attention to the sense of ceremony. He always felt that some things could not be explained clearly on the phone, so he had to tell her face to face.

So it's been put off until now.

Just before entering the house, Qin Mingyang asked him what he planned to do in the future?

What's the plan? Take her away of course, and live a good life in the future.

Jiang Chengzhan holds a bunch of flowers in his arms, finds the woman's figure and puts the flowers on the tea table next to him.

Women sleep very quiet, clearly out of the light of the TV, the woman's nose slightly straight longitudinal, do not know what the dream.

Jiang Chengzhan leaned down beside her, his slender fingers gently fell on her cheek, lifted the strands of hair away, and then made a kiss on her clean forehead.

Memories emerge, just married that she held his face, smilingly asked him: "do you love me?"

"Love," he said without hesitation.

Women seem to be very satisfied, sit up straight body, very seriously let him "say the whole point."

He asked, "what are you talking about?"

The woman said, "say you love me."

He learned from her: "you love me."

The woman was angry and stressed, "say I love you."

He repeated, "I love you."

Women are still not satisfied, "said, late I love you."

He hugged her and gave her a hard kiss on the face: "later, I love you."

.....

It's easy to say a lot when you look silly, but now when you face her, it's like wearing a layer of armor, tongue tied, how can't say.

In her sleep, Su wanwan felt that something bit her. She raised her hand and slapped her.

Pop——

Just hit Jiang Chengzhan in the face.

Jiang Chengzhan was in the same place.

Sue felt more comfortable after playing late and turned over.

Jiang Chengzhan rubs her cheek and looks at her silently for a while. He decides to take a bath first and then carry her upstairs.

I haven't seen her for a week. Jiang Chengzhan thinks Su wanwan is more beautiful. After he gets up, his eyes stay on her face for a few seconds.

As he walked upstairs, he thought, what should I tell her when she wakes up?

Is it to tell her when he will be sober first, or to tell her about the company first, or she would like to listen to him better and never become stupid again?

After Jiang Chengzhan went upstairs, he untied the collar of his shirt and opened the wardrobe to take out the bath towel.

But after he opened the wardrobe, he found that there was no one around. Then he found a more serious problem, not only the bath towel, but also his clothes and things he used.

He turned and walked to the balcony, ah, except for two sofas, a small table, rockery and water, his toys were all gone.

Is this for him to pack and throw out?

Jiang Chengzhan kneaded the face he had just been beaten and walked downstairs. He didn't believe Su would do this to her.

He must have read it wrong.

Su was awakened by thirst at night, and it was uncomfortable for her to fall asleep on the sofa. When she got up, she saw a pile of things on the coffee table. After looking carefully, she found that it was a bunch of flowers.

Just at this time, the lights on upstairs were also on.

She buffered for a few seconds and finally understood that the fool who had been missing for many days had come back.

That's nice, too. When she was, where was it?

Come as you want, disappear as you want. When the key disappears, give her back to the whole two prison guards. Do you want to shut her up?

As soon as Jiang Chengzhan goes downstairs, he sees Su wanwan standing in the center of the earth, smiling at him.

It's definitely not a good omen to have a clatter in my heart.

Su wanwan doesn't want to worry about when he woke up, and doesn't want to ask him about the rotten business of his company. She just wants to draw a line with him.

No matter how hard she tried, she couldn't get to him that day, and when no one else showed up, she made up her mind.

So she cleared her throat, took back the hand that she wanted to hit, and tried to speak in the most calm voice. Although she was generous in the original world, she still wanted to keep a little elegance in front of Jiang Chengzhan.

Of course, it may be self defeating, and nothing will be left in the end.

After all, she's a person who can't tell Oxford from Harvard.

"Now that you're back, it's just right. Let's make some things clear now."

She has a disposition that something must be solved at that time. After seven days, she is almost out of order.

Jiang Chengzhan feels that something is wrong with Su wanwan. If his things are missing in the room just now, he is just angry. This will turn into a guilty conscience.

He was silent for a few seconds, and his voice was a little hoarse: "I'm tired. Can I say it another day?"

Why should he say it another day if he wants to, and come back any day he wants?

He is tired. She is more tired than him.

Su wanwan was angry and said, "no, you can't go now, or you can make it clear now."

"You let me go?"

Jiang Chengzhan was so nervous that he came down the stairs and came to Su wanwan step by step. He laughed at himself and said, "where do you want me to go?"

"Or do you have enough to live here and plan to go with me?"

The man pressed him step by step. Su wanwan stepped back unnaturally. "Wife, zhanbao misses you so much. Wife, do you like zhanbao..."

That silly voice suddenly appeared in my mind. It was very different from the man with deep vision and domineering. Su wanwan couldn't unite them.

I remember there will be another watch later.
