

# 《Sweet Daily Life With Rich Fool Husband》

## Chapter 46

Is not limited to her travel, Su Wan went out two steps to find that they changed tracking.

And it's blatant.

Su wanwan stopped, looked back at them and frowned: "what's the matter with you? What do you always follow me for?"

The tall bodyguard took two steps forward and said in a reporting manner, "Mr. Jiang told us that we were just carrying out the task. You can treat us as if we didn't exist."

"When you don't exist?"

Su wanwan's eyes lingered on the two big men, "don't you know how big you are?"

Two bodyguards

Only silence can express their determination to carry out the task.

Su wanwan gritted her teeth angrily. Seeing their attitude, she couldn't drive them away. She had to think of some way to avoid them.

Otherwise, with these two flies behind her buttocks, what does she do? Jiang Chengzhan doesn't know immediately.

How can we get there?

In fact, Su wanwan wants to make it clear to Jiang Chengzhan that he should withdraw the people. When both of them are like this, what else do they do.

Today Cui Ling came to pick her up. This meeting is waiting at the gate of the community.

Jiang's car and driver were sent back by her. Even if she didn't go back, it was inconvenient for her to use it again.

I don't have a car, so it's very inconvenient to travel.

She doesn't have a driver's license, but she can drive. She used to steal a gangster's car when she was on the road. She can run away.

However, the original owner was certified. She found it by accident when she was packing up Jiang Chengzhan's things, so she can buy a car to drive by herself.

Su went out of the community very quickly and saw Cui Lingyue's red Porsche parked on the side of the road. She quickly sat on it and urged her: "drive fast, drive fast."

Cui Lingyue looked back in the rearview mirror and asked with a smile, "how come you are chased by wolves?"

Su wanwan was worried and couldn't take time to explain: "you can open it if you let it. There's so much nonsense!"

Cui Lingyue was irritated and jumped out with one foot of accelerator.

Su wanwan was satisfied and gave her a thumbs up, "Lingyue, your technique is great!"

"Go away, you don't have to blow," Cui said casually.

The car turned out of an intersection and didn't see a familiar figure coming up behind. Su wanwan was finally relieved.

She looked at Cui Lingyue's car and asked with a smile, "how much did you pay for it?"

Cui Lingyue looked at her suspiciously, "why, do you want to buy a car?"

Su Wan nodded later: "yes, it's not convenient to travel. It's better to have a car."

Cui Ling read the tone of tease: "your husband, so buckle, even a car are reluctant to give you?"

Su wanwan sighed: "it's not that we don't have a car. We can use it at home. But, you know, we decided to separate. I thought it was better to be self reliant."

"That's OK," Cui Lingyue said with a smile. "We women can't do anything. Why do we have to rely on them? By the way, what kind of car do you like?"

Su wanwan didn't really have a purpose. Today, she just saw that this kind of Porsche

is very beautiful and asked casually.

Without a reply, she asked again, "how much is your car?"

Cui Lingyue: "more than three million."

"More than three million?" Su took a breath at night. She broke her fingers and calculated that she had only 10 million in savings. If she bought a car, it would not be one-third gone.

It's 2% of the shares of the Jiang Group, but what's the use of that? When the agreement was signed, it was agreed that the divorce would be returned to the Jiang family.

Now Jiang Chengzhan can take it back in a word.

In the heart silently sighed a tone, tentatively said: "that you say more than 100000 cars how, in fact, I think that Kia, and Bora what's also good?"

"Beetle, or Elantra?"

Cui Lingyue looks at her as if she is mentally retarded. Su wanwan is not happy and says, "what are you looking at?"

Cui Lingyue said: "even the bodyguards of the Jiang family can't drive that kind of car. If you want to drive more than 100000 cars on the road, it's not as expensive as a wheel. Who do you want to lose?"

Su wanwan was still in high spirits. The meeting collapsed and murmured in a low voice: "few of us know about our marriage. No matter how shameful we are, we can't lose him!"

Cui Lingyue's disdainful voice: "what about your parents?"

"Don't forget that they used to stay away from master Jiang when he was stupid. Now he is better. In a few days, the whole circle will know that you are Jiang's daughter-in-law."

"Oh, by the way, maybe I already know. After all, Jiang Da Shao has been well for some time."

Su Wan thought about it and said, "well, we've made it clear. Forget it. Where are we going now?"

Cui Lingyue said naturally: "don't you want to see the car? I'll take you to see it."

Su wanwan's eyebrows have become a knot in one's heart, but Cui Lingyue didn't give her a chance, "don't stimulate you, you don't know what is meat pain."

Cui Lingyue takes Su to the biggest 4S store in the city. They are all beautiful luxury cars. She is dazzled by them. She asks the price of several cars, but I'm afraid that they're not enough to sell her. Later, she doesn't even bother to see them.

But on second thought, now the transportation is convenient, there are buses, subways and taxis, and there is no need to drive.

Not really. Bicycles are low-carbon and environmentally friendly.

Cui Ling read to see her hard to suppress their desire, give her a wink, "ah, really no heart?"

Since arriving at the car shop, Su's heart hasn't stopped beating. Any car can arouse her idea, but what's the use of that? "Forget it, I think it's very good now."

Cui Ling couldn't urge her to read, so they went out to have a meal and had a beauty after dinner.

Su wanwan thinks that Cui Lingyue is the navigation of personal travel. You don't have to think about being idle all day with her. There is always a place to play.

These days, she has taken herself to play all the activities that the upper class often do.

It's just two o'clock after finishing the hairdressing. Su wanwan asked Cui Lingyue, "now, where are we going now?"

Cui Ling read very mysterious smile: "this time take you to a fun place, guarantee you like."

"A fun place?" Sue has been to so many interesting places recently that she is immune to them.

Cui Lingyue ignored her and drove away.

About an hour later, Cui Lingyue turns the car into a villa. Su wanwan looks out through the window. It's a big piece of green grass.

She used to be a caddie on a golf course and is familiar with this kind of villa.

There is also a hill in the distance, separated by a piece of leafy trees, vaguely can see some people's heads.

Cui Lingyue parks her car in the parking area. Su wanwan looks at the clothes she's wearing. In order to stink, she also wears high-heeled shoes and a knee length yellow dress.

How to play ball!

When she was full of regret, Cui Lingyue threw her a bag: "this is an extra set of sportswear for me. You can put it on. We are about the same size."

Cui Lingyue's car glasses are all processed. You can see the outside from the inside, but you can't see the inside from the outside.

Su wanwan changed her clothes with ease. She put on her half sleeve first and then put on her skirt. She was all light pink, including shoes and a white sun hat. She folded her hair randomly and put on her hat. Her ponytail went through the back edge of the hat. She looked in the mirror, and the whole person was pink.

As she opened the door and jumped out of the car, she asked Cui Lingyue, "Hey, you didn't prepare it for me, did you?"

Cui Lingyue wore the same sportswear as her, but it was white and the hat was pink. She said with a smile, "don't think too much about it. I'll buy a set of everything I like in all colors."

Su wanwan turned her lip, rich and willful.

There are staff driving a red golf cart with a canopy to come, Cui Lingyue first step on the car, and then called still in a daze Su wanwan: "Hello, get on the car!"

How do you feel Cui Lingyue had a premeditated plan? She frowned and got on the bus.

She used to drive this kind of car before, but she was a staff member at that meeting.

On the bus, Su wanwan was full of doubts and asked, "Hey, just the two of us?"

The golf cart is bumping on the rugged green land. Su wanwan holds the handrail in front of her. When she walks through the shade, she needs to be more energetic. No matter how good the awning is, she has to cover the sun with her hands.

Hear Cui Ling read back to her: "we two what meaning, called a few friends."

"Oh," Su wanwan knew that she had many friends, and she didn't ask any more questions. Maybe she was familiar with them.

The staff quickly took them to the place, under a large shade of trees, the breeze blowing, but also some cool feeling.

Not far away, there are some big umbrellas, under which there are some reclining chairs, two small tables, and a few bottles of water on top.

Su wanwan quickly scanned her eyes. There were two people lying on the reclining chair. She didn't see much. She just went to find Cui Lingyue, "Hey, where's your friend?"

Cui Lingyue used his chin to point a few people who came from afar, "well, come here."

Su wanwan looked along her line of sight. Several tall and straight men were walking this way, with some beautiful women beside them. The man was holding a golf club in his hand, and her heart thumped.

Who is the man who looks lazy and wears a gray casual suit, not Jiang Chengzhan?

She is about to run subconsciously, but Cui Lingyue has already met several people.

With her heart beating fast, she didn't understand how Cui Lingyue said hello to others. After saying something to a man next to Jiang Chengzhan, Cui Lingyue quickly added: "it's late to come to Jiang Zong. I'm here with her."

My God, you!

Su wanwan scolded hard in her heart, but she didn't hear anything else. She could hear the sentence "come to Mr. Jiang late".

It's not selling her. It's digging a hole in the ground, pushing her forward, covering her with soil, and stepping on her feet.

When is she going to find Jiang Chengzhan?

It's too late for her to hide!

In the electric light and flint room, Su wanwan extremely suppresses the impulse to kill Cui Lingyue. She takes out her mobile phone and shivers to pull black and delete the one-stop service.
