

《Sweet Daily Life With Rich Fool Husband》

Chapter 51

Jiang Chengzhan and Cen Xirui exchanged greetings and got on the bus. Cui Lingyue ran to Cen Xirui's car again. Cen Xirui wondered, "where's your car?"

Cui Ling read face not red heart not jump said: "bet lost to late, she wants to open a few days."

CEN Xirui frowned, vaguely felt that it was inappropriate to be so intimate with Cui Lingyue, but he couldn't say no for a moment.

He grew up looking at her. When he was a child, he didn't know how many times to hold her. He took her out to play, ate delicious food, and held a parents' meeting with her. In his eyes, she was just like his daughter.

But since she suddenly went abroad two years ago, some things are different from what he imagined. After all, girls are all 24, adult women, they have no blood relationship, so they should not be so close.

But he didn't know how to refuse the girl's excessive intimacy.

In the end, she had to rely on herself.

Cui Lingyue shows a successful smile like a little fox. He doesn't care about Cen Xirui's expression on purpose, but his heart seems to be bubbling with water. He is very happy.

Su was unhappy at night. Cui Lingyue ran to Cen Xirui's car. Although her Porsche was parked there, she didn't have a key at all. How could she drive it?

CEN Xirui's car has already been driven before she asked for the key.

Heart hate scolded a, Cui Ling read this plastic girl friend, is intentional.

Jiang Chengzhan's bodyguard takes two cars, and a big car stops in the middle. Jiang Chengzhan enters the rear compartment. Su wanwan breathes out, looks like a little goldfish, and looks at the cab of the car.

Jiang Chengzhan's driver is also a bodyguard. He retired from the special forces. He

didn't even cover his hand. He had seen the grand event of the landlady robbing the car just now. He held the key tightly.

It's OK for an ordinary staff member's car to be robbed. If someone takes his bodyguard's car away, what else can he do? So now he looks cold and stands in front of the car like an ice sculpture.

Su Shuo out a breath in the evening, and thought, forget it, but one can be two, not three or four.

She hesitated and sat in the back of the car with Jiang Chengzhan.

After playing all afternoon, especially golf, Su got on the bus late in the evening. She was all soft, squinting and leaning against the back of the chair.

Jiang Chengzhan also leans against the back of his chair. The light from the corner of his eyes catches a glimpse of Su wanwan's lazy appearance. He seems to be able to sleep soon with his eyes closed.

He specially moved to Su wanwan's side.

This distance, after a while she fell asleep, the car turned a corner or something, she would definitely turn over, and then he could put his arm around her shoulder.

He was also moved by his clever idea. As expected, his IQ was invincible.

Su wanwan always thinks that Jiang Chengzhan's Fox is scheming, and the big wolf's tail is hidden deep, so although she is very sleepy, she decides to keep sober.

After squinting for a while, she took out her mobile phone and began to brush her circle of friends, entertainment news and microblog. Anyway, she didn't stop herself.

About 20 minutes later, the car bumped a bit, then felt a heavy shoulder, a big black head leaned over.

The man's breathing is steady and even. Sue looks forward with her head, not like pretending.

So, did he really fall asleep?

Jiang Chengzhan has just returned to the company. Many things can make people collapse. Today, if it wasn't for the project, he would not have time to play.

Just now, I had another turbulence on the court. I was tired physically and mentally. I

fell asleep without holding on for a while.

Su wanwan bit her lip and looked at him, hoping to push him aside.

The driver's seat is Jiang Chengzhan's bodyguard and driver, and the co driver's seat also has a bodyguard. Now she pushes Jiang Chengzhan away. Will they think she attacked him and attack her?

Su wanwan looks at the two men's facial expressions through the mirror in front of her. They look like knife blades. Maybe they will really regard her as a dangerous person.

Sue thought about it later, and finally decided to give up.

It's not like being silly before. As soon as you get in the car, you hold her waist and pester her to kiss. This will make a normal man very quiet.

Fluffy black hair also exudes a faint fragrance, with the temperature of his body, head to her nostrils.

Although the air conditioner in the car is well turned on, cool and comfortable, there is still a nameless fire in my heart. I especially want to bow my head and kiss him.

The next second, Su wanwan was deterred by her bold idea. She pinched her thigh hard. How could she have such an idea?

She's the one who decided to break up with him!

In order to rebuild the inner defense line, Su wanwan tries to recall the first day Jiang Chengzhan regained consciousness. She tries every means to find him, but she still can't contact him.

Including every detail.

After thinking about it again, sure enough, she didn't have any impulse to him any more.

It took an hour for the car to arrive. The driver stopped the car and looked back. Both of them fell asleep.

The man is leaning on the woman's shoulder, the woman's head is leaning on the man's head, it looks very intimate.

He hesitated for a moment and looked at the companion beside him. Do they call each other like this or not?

The co pilot's bodyguard shook his head. He wanted to live a few more years.

This sleep is particularly uncomfortable. Su always feels that something hairy is poking her neck. When she wakes up, she also scratched her restlessly. Then she realizes that Jiang Chengzhan has been sleeping on her shoulder, which will make her shoulder sour.

Perhaps just wake up, consciousness has not returned, she reached out to push Jiang Chengzhan, shouting: "zhanbao, up, my arm is sour."

Jiang Chengzhan feels that someone has scratched him in his sleep. When he wakes up, he sees Su wanwan sitting beside him. He also forgets that they are still fighting for divorce. He puts his hand around her neck and kisses her face: "wife, my neck is so sour. Please rub it for me."

This kind of coquettish words can't be more natural. Su wanwan didn't even think about it, so she stretched out her hand until her finger fell on the man's neck. As if she had been struck by lightning, she was excited. Her finger was as if she had been struck by electricity. She quickly took it back, dropped a sentence, "here it is," and got off the car.

Jiang Chengzhan was also in the same place. He reached out and touched his lips. Did he kiss her just now?

The soft touch is still there, but the contact time is too short for him to savor.

Did he kiss his own face just now?

Su wanwan runs into the hotel, finds a bathroom and goes in.

Is it a left face or a right face?

It looks like the right face.

The heart can't suppress the thumping thumping, the whole body's blood is also accelerating flow, even the red face has begun to get hot.

Little bastard, how dare you kiss her.

Wuwuwu, son of a bitch, how can you kiss her when she's confused?

Su wanwan feels that she has no face to eat this meal. She just squats in the toilet for a while and runs when everyone doesn't pay attention.

Anyway, running away is her strong point.

After about half an hour, Cui Lingyue called her several times on wechat, but she ignored her mercilessly.

Anyway, after arriving at the hotel, Cen Xirui couldn't drive her away, and he was useless to her.

Her legs were numb. Su stood up late and limped out. After so long, everyone should have entered the box. She just went out from the door to call a taxi, even if she escaped completely.

Who knows Su wanwan just walked to the door and saw a tall figure standing there, like a wall.

Then the man's teasing voice came over: "I thought you fell out of the toilet, just wanted to find someone to catch you."

How also didn't expect Jiang Chengzhan so idle, unexpectedly still squatting outside the toilet to guard her, really enough can.

Su wanwan forced out a smile and said, "I'm not very comfortable. I want to go back. Anyway, I'm not familiar with Mr. Cen. I can't help you with your work. Why don't I..."

Jiang Chengzhan's face was a little chilly, and he soon recovered to nature. He said, "I promised Mr. Cen that I would invite him in the name of our husband and wife. Do you want to make a fool of me if you don't go?"

He didn't wait for Su wanwan to speak. He said, "it doesn't matter if you really don't want to go. Anyway, I haven't been to the company for more than a year. That is to say, I'm unfamiliar with my business, have poor interpersonal relationship, and have a dull sense of smell in the shopping mall. It's nothing to lose one or two orders. It's a big deal. I can go back to my grandfather's company."

He turned and left.

Su wanwan looks at his seemingly determined figure, but she seems to have been set.

Is Jiang Chengzhan unfamiliar with business?

Can you have a dull sense of smell?

Can handle bad interpersonal relationship?

Su wanwan won't believe even 110000 of them.

But, after all, he's been silly for so long, and he doesn't know when it's good. Even Su wanwan suspects that Jiang Chengzhan is selling with her on purpose, but he can't let go of it. He hesitates for a moment and goes upstairs.

Su wanwan thinks that Jiang Chengzhan has become her weakness. No matter what they are like in the future, she hopes that he will be happy.

In the heart silently sighed a tone, why should like a person?

If you don't like it, you don't have to care.

And she can still pretend to stay beside him, as long as he doesn't drive her away.

But now she can't. If she likes him, she will care about the gap between them. She will be more worried about gain and loss. She is afraid that when he loses interest in her, she will be abandoned like an abandoned woman.

It's better to take advantage of the time to give up as soon as possible, so that you don't have to suffer any more harm in the future.

Jiang Chengzhan waited for a while when he came to the door of the box. He didn't let the bodyguard open the door until Su wanwan came to his side. He went in with Su wanwan.

CEN Xirui saw two people come in and made a joke: "I thought President Jiang took his wife home."

As Jiang Chengzhan sat down, he joked back: "how can it be? Today, our husband and wife are entertaining you together. Of course, we can't leave."

Su has been stuffy all afternoon and is led by Cui Lingyue. She will be embarrassed. Her eyes switch back and forth on her and Cen Xirui's faces. Finally, she says with a smile, "this time our husband and wife are entertaining Cen brother. I don't know when we can drink Cen brother's wedding wine?"

CEN Xirui lit Su wanwan and said, "this girl used to call my uncle when she called me can slip away. Suddenly she changed her name to brother. I said you changed your name too quickly."

Su wanwan said with a smile: "before I followed Lingyue to call you uncle, naturally

go without divorce?

What's more, is it Jiang Chengzhan who cheated her? Seven days didn't come back, wake up early, didn't tell her?

She is sad that the gap between the two people, as well as because of the gap brought about by the worry about gain and loss, this has to get along slowly when the complete trust in each other will disappear.

Jiang Chengzhan always has his own way to make sure that wanwan loves him, and that he will never move forward.
