

《Sweet Daily Life With Rich Fool Husband》

Chapter 6

After Jiang Chengzhan finished his diary, it was more than 9 o'clock. Su Wan cleaned up the garbage such as melon seed skin and took a bath in the bathroom.

She lies in the big bathtub, the water temperature is not high or low, moistening her delicate skin, and then using the bath liquid to make some rainbow bubbles, more than a comfortable one?

Sue doesn't want to go out tonight.

In the original world, she was a poor man. She thought about how to fill her stomach every day except running for her life. She never had a moment's rest. Now she wanted wind and rain. She sighed in her heart that this is the life of human beings.

I really want to show the gambler dad a few hundred million yuan and let him see what money is!

But she won't give him any points. Let him continue to enjoy the sequelae of being chased and beaten by others every day!

At this moment, the door creaks and someone pushes it open. She turns her head to see that Jiang Chengzhan comes in with a big fish toy.

Su wanwan subconsciously covered her body with her hand and cried nervously, "what are you doing in here?"

Jiang Chengzhan put the big fish on the bath table, took off his clothes and said in a coquettish tone: "zhanbao also wants to wash Baibai, zhanbao wants to wash Baibai with you."

Sue wants to take a bath towel to cover her body, but it's too far away. She can't get it unless she stands up.

But with such a big man in the room, how can she stand up?

In such a tangled moment, Jiang Chengzhan has taken off his clothes, holding the big fish and stepping into the aquarium, "wife, Zhan Bao is washing white with you, are

you happy?"

Su wanwan rolled her eyes. What is she happy about?

I'm really a child of three or four years old. Such a big man is almost crowding to death when he comes into the fish tank.

"Don't press my feet," Su can only sit up late, afraid of Jiang Chengzhan falling down, holding his big hand.

The other hand of the man is holding the big fish, dancing happily.

Su wanwan sighed helplessly, forget it, treat him as a child.

When both of them sat down, the bathtub became more crowded, and there was no place for skin to touch.

Su wanwan, after all, is an adult woman. Especially after she had a good meal last night, how can she not want to face such a beautiful body?

But each other

Su wanwan sighs, trying to suppress the flame in her heart, trying to stay away from Jiang Chengzhan's body.

Jiang Chengzhan lies in the bathtub with the big blue fish in his arms. He deliberately rubs Su wanwan's leg.

Su wanwan subconsciously shrinks back, stands up and runs, "zhanbao, I'm finished washing, you wash slowly."

Before she stepped out of the fish tank with one leg, her waist was stopped by a powerful arm, and then she fell into the man's arms.

"Wife, Zhan Bao wants to wash with you. Don't go, don't go."

The man looks handsome, the face contour is clear, even if is with the human coquetry time all does not disobey, is really the evil spirit!

Su wanwan shakes all over and looks at him. In addition to his childishness, there is a small tug on his head. It's really hard to see that he is a fool.

"Well," Sue tried to struggle to get out, "let me go quickly, it will be frozen for a while."

Jiang Chengzhan refused to let her go and said with a smile, "I'll help you wash it for nothing."

.....

Next, Jiang Chengzhan really helped Su take a bath late at night. Not to mention her face and head, none of her body could escape him.

Later

At nearly 11 o'clock, Su wanwan was limping on the big bed. Although it was early spring, it was still cold at night. She didn't know Jiang Chengzhan's system. Anyway, she worried that he might catch a cold, so she wiped him dry with a bath towel.

Later, two people tossed and turned in bed do not know how long toss, she even suspected Jiang Chengzhan will not be playing silly, right?

Why are you so keen on that kind of thing and gifted?

Last night, she drank something she shouldn't drink, and her body was out of control, so she went to bed directly after she finished. She couldn't stand it tonight. She gave Jiang Chengzhan a basin of warm water to wipe it clean. She washed it well before she went back to bed.

Fortunately, these days are a safe period, about one or two days to come, so you can make a strong toss.

If she wants to do this kind of thing in the future, she will probably have to think about how to use contraception.

The next morning, they were woken up by Cai ma.

Cai Ma is a servant who has been taking care of Jiang Chengzhan. Before, Mrs. Jiang abused Jiang Chengzhan and transferred him away. It is estimated that yesterday the old man was angry, and she was transferred here.

Su wanwan opens her eyes vaguely, puts on her clothes, opens the door, rubs her eyes and asks the vegetable mother at the door, "what's the matter?"

Cai Ma is over fifty years old and looks very charitable. "Today is the day when you get married for three days. It's time to go back. Go back early and come back early."

"Ah?" And the return door?

Su wanwan knew about it at all, and heard Cai Ma explain, "a new daughter-in-law who has been married for three days is going to take her uncle back to her mother's home to have a look. This is the rule and etiquette."

"I know, I know," Su wanwan turned and ran back, "I'll clean it up now." after two steps, she worried about what she saw and ran back to close the door.

The vegetable mother was a little embarrassed. She just pushed the door with a smile.

Now she has a relationship with Jiang Chengzhan. Although the old man and aunt Jiang are happy, they can't stand people outside talking nonsense. After all, Jiang Chengzhan is silly now. She is normal.

So the mess in the room must not be seen.

Jiang Chengzhan wakes up at this meeting and looks unhappy when she comes back.

Su wanwan didn't know what he was angry with in the morning. She went over and asked, "what's the matter, darling? Get dressed quickly. We'll go back to our mother's house later."

Jiang Chengzhan refused to move. His eyes were staring at him. His face was not very happy. He just refused to move.

Su wanwan took a coat and put it on him first. "Good boy, I cleaned it for you last night. I don't wash it for nothing. I'll wash it when I come back in the evening."

"No, wife," Jiang Chengzhan said, holding Su wanwan's hand and looking very ugly: "you see, how does it refuse to go down?"

"What?" Su wanwan followed his eyes for a look, couldn't help laughing, explained, "that's chenbo, very normal."

Jiang Chengzhan is not satisfied with her perfunctory, said: "no, last night how can't go down, is you help just get down, now you also help me get down, will wear clothes very uncomfortable."

Su wanwan's little white face turned red. She continued to dress him: "well behaved, Zhan Bao, that's a normal phenomenon. You can't always think about it. It will hurt your body."

Jiang Chengzhan is still not happy. Su wanwan puts on his underwear and pants first, and continues to coax him: "you can't always do that kind of thing in the future. If

you're not good, you'll... Once a week, ah no, twice."

Jiang Chengzhan and so on she puts on the trousers, jumps from the bed to the ground, does not understand asks: "why cannot do every day?"

Su wanwan: "because I hurt my body!"

Jiang Chengzhan is still aggrieved: "but as soon as I see you, I think so much, so it's always like this."

Su wanwan doesn't want to talk to him any more. Anyway, she can't make it clear. She goes to the bathroom to wash, and then pushes Jiang Chengzhan to wash.

After breakfast, the vegetable mother has already prepared all the gifts she brought back to the door. The old man is not at ease and asks Su wanwan: "Chengzhan is causing you trouble now. No matter what, you should take care of the impoliteness in the family. In the future, the Jiang family won't hurt you."

The old man's hair is white, and he is still worried about his grandson. Su wanwan has never felt the affection of his family. He is a little moved, and his eyes are warm. He says, "don't worry, grandfather. I will take good care of Zhan Bao. If anyone dares to embarrass him, he will not get along with me."

So the old man was relieved. He let her go and waved to her with a smile. He told the driver to drive slowly

Waiting for the car to leave, Mrs. Jiang said with a mean face: "I think this girl's mind is not simple. She is young and in her twenties, who would be willing to find a fool to be her husband?"

"I think she is coveting the property of our Jiang family."

The old man said unhappily, "as long as she takes good care of Chengzhan for the rest of her life, I can give him all the ginger family."

At the end of the speech, he turned and walked back to the house. Mrs. Jiang looked at his back and felt a little resentful. She had to discuss with her son as soon as possible, saying that the property of the Jiang family could not fall into the hands of outsiders.

"Wife, what do you mean to come back?" In the car, Jiang Chengzhan asked like a curious baby.

Two people sitting in the car, Jiang Chengzhan most of the body depends on her, Su wanwan while stroking his hair and said: "I married you after going back to visit my

parents ah, how to say they also gave birth to me, you have to thank them ah!"

"Oh," Jiang Chengzhan nodded thoughtfully, "are your parents fierce?"

Su wanwan's parents are good to their children. It's not so hateful, but they are very snobbish and like money.

Otherwise, she won't let the original owner's sister get married. Of course, the original owner's sister is willing to marry him. Only later, Jiang Chengzhan was silly and she repented.

Although he is a stepmother, the original master has never been so blind at home. He is not very close to them at most.

Besides, Su Mu likes money, but she doesn't have any tact. She doesn't pay attention to propriety. Anyway, she is easy to deal with.

But the father of the original owner is very thoughtful, otherwise he will not let his daughter climb up to the rich family of the Jiang family.

However, if he is the real father of the original owner, he will not do anything to the original owner.

So Su wanwan still has a bottom in her heart. How can she say that she has been a doggie in the society for more than 20 years!

"Not fierce," Su wanwan said gently.

Jiang Chengzhan then asked, "can they beat people?"

Su wanwan: "of course not."

Jiang Chengzhan: "will they like us?"

Su wanwan rubbed his face, "we zhanbao are so cute, of course we like it."

Jiang Chengzhan is happy. He sits up and hugs Su, and kisses her. "Wife, zhanbao is so happy."

Su wanwan

His face turned red like a hot iron. The driver in front of him is not deaf or blind. He will look at them through the rearview mirror.

What a shame.

I want to tell Jiang Chengzhan that he can't do this, but she can't bear to say it when he is dancing happily.

Forget it, forget it, who makes him stupid!

Zhan Bao: I don't want to wake up. My wife kisses me every day!

Su wanwan: it's so stupid. You can pretend to be stupid and take advantage of it!
