

《Sweet Daily Life With Rich Fool Husband》

Chapter 63

Before the joy of Su wanwan and Jiang Chengzhan's attendance at the ceremony had fully blossomed, he heard a thunderbolt from the top of his head.

What kind of broken bracelet, it's only a million. Who should wear it all the time?

And which celebrity daughter always wears things she used to wear?

Even if she is fake, she is Jiang Chengzhan's wife now!

To this end, she went to Jiang Chengzhan and tactfully expressed her idea that she wanted to change her taste: "zhanbao..." there was an outsider, so it seemed inappropriate for her to call her, "Chengzhan, that bracelet doesn't match this activity, do you want to change it into something else?"

She pointed to the pattern, "I think this one is very good."

Jiang Chengzhan didn't want her to wear the things she had worn before. He just felt that he had worn them for her, which was more commemorative.

Now hearing Su wanwan say this, I think of the last time she said that she was lost by a fool on the golf course. I have doubts in my heart.

He didn't care much about ten or twenty million things, but after all, he gave them. And at that classmate meeting, she said she wanted to sell them, which made him feel a little uncomfortable.

She didn't sell it, did she?

He glanced at Su wanwan and asked, "didn't you sell it?"

"How can it be?" Su wanwan denied. She didn't want to offend him at this time. If she didn't participate in the celebration, she would not be happy in vain.

So she said without hesitation: "it's right there for me, I'm sure..." in the middle of her words, she suddenly changed her face and asked: "what do you mean?"

"How dare you doubt my character?"

As soon as Su wanwan's confidence came up, Jiang Chengzhan was honest and said with a low attitude, "I'm just joking. You see you're in a hurry. Be careful."

Su wanwan took a deep breath with a guilty heart. She turned around and muttered, "since it's a joke, I don't care with you. It's so hot. I have to drink some water."

Jiang Chengzhan also ignored her murmuring and continued to work.

The assistant watched the two people interact with each other and walked out quietly.

Su wanwan went to the rest area next to Jiang Chengzhan and saw that Jiang Chengzhan didn't pay attention to her. She secretly sent a message to Cui Lingyue, "Lingyue, I lost the bracelet Jiang Chengzhan gave me before. How can I get it back now?"

Cui Lingyue quickly came back to her: "if you lose it, you will lose it. If you buy another one, it will be over."

Su late: "as like as two peas, Jiang Chengzhan now suspects that I have sold it, and I want to buy a similar one. I've searched all the time before, but I don't have any."

.....

While reading messages with Cui Ling, she carefully recalled where the bracelet had gone.

It's said that if she is pregnant for three years, how can she be pregnant for two months!

After thinking about it for a long time, she suddenly remembered that the last time she was about to leave the city, she was hit by someone at the airport, and then the bracelet was gone?

At that time, she went back to find it, but after meeting Jiang Chengzhan, she forgot about it.

Later, Jiang Chengzhan had an accident at the airport. How could she remember such a small bracelet.

It must have been picked by someone at that time.

What should I do?

Tell Jiang Chengzhan that she lost her bracelet?

Just now he suspected that she had sold it, but now he would say that it was lost. Can he believe it?

After racking her brains for a long time, Su wanwan thought it was better not to talk about it. In the past two days, she tried to find a way to find it. Maybe she will find it!

"Lingyue, you say that most people have to steal valuable jewelry. Where should we go to find it?"

Cui Lingyue thought, "I know a lot of black markets, shall we go around?"

Su wanwan immediately replied, "OK, but it's too late today. It's easy to arouse suspicion. Let's go out tomorrow."

The next morning, after Jiang Chengzhan went out, Su wanwan came out immediately. After meeting Cui Lingyue, he drove the bodyguard back.

"Lingyue, where can we find it?"

Cui Lingyue vaguely remembers the style of her bracelet and says, "try your luck first. You have just lost it for a few days. It should be easy to find it, unless the other party is not short of money and is not in a hurry."

"Then pray that he is short of money," Sue whispered with her hands together. "Let me find it quickly. God bless you."

Cui Lingyue looked at her and said with a smile, "if this works, what do you want the police to do?"

Su wanwan sighed: "I didn't call the police when I lost it. I don't know if it's useful after so many days. And when I call the police, will the police tell me to prove something like this? It was bought by Jiang Chengzhan. How can I have it? He won't know then?"

Cui Lingyue patted her on the shoulder: "OK, let's try our luck first."

One day, Su wanwan and Cui Lingyue met many people. Unfortunately, none of them had seen the bracelet. Seeing that it was going to be dark, Su wanwan felt that if she didn't go back, she would fall behind Jiang Chengzhan. She had to separate from Cui Lingyue and go home separately.

Sure enough, after su got home late, he didn't even change his clothes, so Jiang Chengzhan came back.

Sue was tired all night. She was lazy. After changing clothes from her bedroom, she leaned on the sofa and didn't want to move.

Jiang Chengzhan sat next to her, his eyes fixed on her stomach from time to time. Xiaodoumiao should have grown a lot. He sneaked into the bedroom several nights and touched her stomach, but the time was too short, and every time he didn't enjoy it.

His wife doesn't know when to be merciful and let him go back.

Su Wan ate a mouthful of watermelon and asked, "Why are you so early today?"

Jiang Chengzhan casually replied: "today I went out, and I came back directly after I finished. By the way, the bodyguard said that you went out, where did you go?"

Su wanwan said vaguely, "I've been shopping with Lingyue. It's nothing serious."

"Oh," Jiang Chengzhan knows that Su wanwan is lively, and it's unrealistic for her to be honest and stuffy at home. Anyway, Jiang Yushen was arrested a few days ago, and now there's no danger. She can be relieved to let go.

Moreover, although the bodyguard was driven away by her, he was still staring around her. If something happened, he would catch up with her as soon as possible.

After dinner, Su had to go back to her room to sleep early. Jiang Chengzhan held her back and said, "wife, you asked me to say a few words to my baby. I don't have time every day. Today, it's hard to come back early."

The man pitifully looked at her, big hand dishonestly to the belly touch, "you say is a son or a daughter, maybe it's the twins."

He said while looking at Su wanwan complacently, "wife, do you think your husband is very powerful? You can hit two at once!"

Su wanwan reached out and patted his big hand. "What are you proud of? It's my stomach. It's a few cents to you."

Two people haven't done it for more than two months since Jiang Chengzhan was sober. The palm of the man's hand is slightly hot, grinding her skin.

Su wanwan takes a deep breath. She really likes Jiang Chengzhan's touch. Even when he is silly, every time he makes out with him, she feels that he comes very fast.

And now he's still looking at her with scarlet eyes.

Su wanwan thinks she's going to turn into a coyote.

But suddenly she thought that once she tied the man to the bed and asked him to call her queen. Now she wanted to wear it back and slap her to death.

Why are you so shameless!

Unfortunately, there is no regret medicine in the world. She can only grind her teeth secretly to keep herself as natural as possible.

Did not receive the signal of rejection, the man seems to have been encouraged in general, slowly put her into his arms, continue to caress.

Su wanwan clenched her teeth and tried not to make a sound, otherwise she would die of shame.

At the moment, her mind is a little vague. What would Jiang Chengzhan do if she made further demands?

Accept or reject?

Feeling so wonderful, it seems that there is no way to refuse. Su wanwan has made a plan to accept it in her brain.

It allows men to invade further.

But at the same time, she also wanted to get an inch to get rid of the bracelet.

The man's big hand has reached some unspeakable opposite party. Su wanwan suddenly stops him. He looks at him like water, and cries his name: "Zhan Bao --"

Jiang Chengzhan lowers his head and kisses her mouth: "what's the matter?"

Su wanwan put his arms around his neck and said, "well, I've got a new Bracelet today. Can I wear it when I attend the activity?"

Jiang Chengzhan micro squints at her, pretending to be a family is only half way, he is greedy to death.

I haven't eaten meat for more than two months. Now they are still separated. Of course, Wen Yan wants to follow her.

But also curiosity, brain suddenly like a bubble, mouth said: "then you take the bracelet before me to see."

Su wanwan

The atmosphere suddenly cools, and Su shudders when the cold air from the air conditioner blows.

When she reflected it, she raised her foot and kicked Jiang Chengzhan hard. She scolded discontentedly: "you still doubt me, don't you?"

"Then you can stay in the guest room."

Jiang Chengzhan

I watched the woman go upstairs angrily. I was so annoyed that I raised my hand and patted my forehead. Alas, what do you do at the critical moment!

It's good to be confused.

Today, I have a wife to sleep with and meat to eat.

The next day, Su wanwan and Cui Lingyue continue to go out to look for the bracelet. Suddenly, they receive a call from Zhou Tao.

Jiang Chengzhan specially said that he didn't want her to see Zhou Tao. He said that he would be jealous, but he didn't say that he wouldn't let her answer his phone.

Su Wan hesitated a little and pressed the connect button.

"Late," Zhou Tao said in his voice, "do you know what I see?"

"What?" Su wanwan cooperates to ask, actually she is not curious at all.

Zhou Tao: "I saw your bracelet. Hahaha, how lucky I am to see your bracelet."

"Which bracelet?" Su wanwan asked subconsciously.

Zhou Tao: "of course, your classmates will wear that one. I can recognize it at a glance."

Finally, there was news. Su wanwan asked excitedly, "where is it?"
