

# 《Sweet Daily Life With Rich Fool Husband》

## Chapter 64

The charity party is planned by Cen Xirui. He has a face, money and leisure. Apart from some regrets about not having a woman, what he has to do every day is to make money and charity.

He has just built a school in a poor mountain area, and this month he is personally watching the acceptance.

After the event, the charity auction was organized. If the price of the items to be auctioned is more than 100000, they can be put into his auction. Half of the amount of the auction will be given to the owner, and half will be donated to the auction for charity.

With his financial resources, although it is much easier to donate money by himself, he feels that it is also a matter of great achievement to mobilize the rich people around him to offer their love.

At the moment, cen Xirui takes a list of invitation given to him by the person in charge at the bottom, takes a glance from beginning to end, and then makes a phone call to Jiang Chengzhan.

Jiang Chengzhan is just busy with his work. Before he can take a sip of coffee, he suddenly hears the phone ring. He sees that Cen Xirui picks up the phone and says, "old CEN is not busy today?"

CEN Xirui said with a smile: "I'm not busy. I want to ask if my brother has a headache recently because of his feelings?"

So kind?

Jiang Chengzhan thinks that both Cen Xirui and Cui Lingyue can't be offended. One is careless, and the other is mild on the surface and black inside.

"It's OK. What's the matter? Brother Cen cares so much about me today?"

CEN Xirui cleared his throat and said, "well, my brother has made some interesting things recently. The auction starts tonight. Won't brother Jiang come to pick two kinds of jewelry for my younger brother and sister?"

"I just looked at the list, but there are a lot of interesting things."

Buy a present for Sue Wan Wan?

Jiang Chengzhan thinks this is feasible, a bit hesitant agreed to come down, "good."

After hanging up the phone, Jiang Chengzhan thinks it's boring to go. Su wanwan is alone at home every day and shouts boring. It's better to take her with him.

Su wanwan picked out a pink dress. She is pregnant for more than two months, but she still hasn't been pregnant. What she doesn't know is that she's pregnant.

Looking in the mirror, my chest seems to have grown up. I nodded with satisfaction.

Hearing the phone ring, he picked it up and said, "Zhan Bao?"

Jiang Chengzhan was obviously in a good mood and said, "wife, I'll take you out to play in the evening."

"Going out at night?" Su wanwan is surprised. The first reaction is whether Jiang Chengzhan has found something, and the second reaction is how she should deal with it?

After clearing his throat, he said the prepared speech in advance, with some regret, "why didn't you say it earlier? I promised to go out with Lingyue."

Jiang Chengzhan was stunned. "Can't I make another appointment with her?"

Su wanwan: "I can't. It's not good to talk. Besides, I still have a baby in my stomach. What if the baby learns later?"

Jiang Chengzhan has no way to insist on this saying, "well, go ahead, go back early, and don't leave the bodyguards."

After hanging up, Jiang Chengzhan looks at the screen of his mobile phone and thinks that it's better if Su doesn't go late. He just gives her a big surprise.

In order to go out with Jiang Chengzhan, Su wanwan makes a special call to Zhou Tao to find out where the bracelet is. She can take it back by herself.

Unfortunately, Zhou Tao just refused to say.

Zhou Tao: "you'll know in the evening. What's your hurry?"

"Why are you afraid to come out with me and eat you?"

Afraid of him?

Su wanwan won't be afraid of him, just carrying Jiang Chengzhan out a little guilty, "OK, OK, just at night, but I have bodyguards with me, don't go too far."

Zhou Tao knew that every time she came out, there was a pile of tails behind her buttocks. He used to be Jiang Chengzhan's big tail, but now he is a bodyguard. He has been used to it for a long time.

It doesn't matter to say, "I don't do anything against the law. It's like I'm so shameful."

Sue came out at five o'clock in the evening. She was worried that there was no time for dinner, so she had some snacks at home.

Zhou Tao is waiting for her at the appointed place. They seem to be doing something bad. They are sneaky. Su wanwan thinks that she has nothing to do now, so she is so worried. If she really does something wrong to Jiang Chengzhan in the future, she will die because her heart beat faster.

But then I thought of the bodyguard behind her. Would Jiang Chengzhan not know?

Simply straighten up your chest, pretend to be very natural and communicate with Zhou Tao.

"Zhou Tao, where on earth is it? Tell me quickly."

Zhou Tao said with a smile, "I'll know by then. What's your hurry?"

Su wanwan meets Zhou Tao and is about to go back to his car when his eyes suddenly fall on a little beggar by the road and he can't help frowning.

The little beggar was very small. He looked like he was only seven or eight years old. He was thin, with a broken leg lying on the ground. His left hand was bare and had no fingers, and his whole body was dirty. There was a small basin with a notch in front of him.

In the past, when she ran away from the original world, she was once caught and threatened.

People want to break her arms and legs and put them on the road to ask for money. Later, one of the bad guys, who has no conscience, secretly let her go.

She still has a lingering fear. This kind of thing is real.

It's just that she doesn't know whether the child was forced or really disabled.

"Will you go, ma'am?" The driver looked at her standing on the car with one foot and the other foot in the bottom of the car.

It's not safe, after all.

Su was awakened and nodded: "go, keep up with the car in front."

The car went far away, and she looked back at the little boy lying on the ground.

When someone gave him money, he nodded his head a little, which was probably the only work he could do on this day.

At 8 p.m., the charity auction started on time. Cen Xirui was ready to start from the company at more than 7 p.m. there was food at the charity party. He could go there to have dinner.

Just as she was about to go out, she suddenly saw Cui Lingyue push the door in. She couldn't help frowning. The girl became more and more presumptuous. She didn't even knock on the door.

"This is where I work. Pay attention to your identity!" CEN Xirui is very serious.

Cui Lingyue took out his ears and pretended not to hear him. He came to him and asked with a smile, "little uncle, have you eaten? Let's eat together?"

As she spoke, her big eyes kept sweeping on his desk.

The girl looks cute, smart and beautiful. Cen Xirui's anger towards her is only one second. The next second, her face returns to normal: "I'm going to the auction. I'll have something to eat there."

"I'm going too," Cui Lingyue said, laughing like a little fox. "Why don't we go together?"

Without waiting for Cen Xirui to answer, she took the initiative to take his arm.

CEN Xirui frowned at her unruly hands. The girl's fingers were thin and white as transparent paper. After shaking for a second, she didn't have the heart to push her fingers down.

When she was in the car, Cui Lingyue saw a stack of materials on the back seat, including a list of goods for tonight's auction. She looked at Cen Xirui and asked, "little uncle, can I have a look at that list?"

Without waiting for Cen Xirui to speak, she said, "maybe there's something I like. It's not impossible to shoot one."

It's not a secret. People who have invitation letters have sent this kind of list to inform prospective buyers in advance to pay the deposit.

Cui Lingyue went to the planning department to get the invitation letter. The list of the meeting has not come out yet, of course not.

"Whatever," Cen Xirui replied carelessly.

Cui Lingyue took the list from the back seat and turned it over. He saw a very nice necklace and asked Cen Xirui, "little uncle, I like this necklace very much. Can you take a picture of it and give it to me?"

CEN Xirui, who was driving, took a sideways look at a necklace inlaid with ruby, as if it was nothing special. "Good looking, I think it's very common."

Cui Lingyue just wanted to ask for a gift from him. Since people didn't want to give her a gift, she didn't have the heart to continue, "Oh," she said and continued to turn back. When she finished the last page and wanted to close the list, her eyes suddenly fell on a picture.

It's a bracelet with four beautifully cut diamonds on it, shining at night.

Isn't that Suwan Wan's bracelet?

"Little uncle, this bracelet..." she turned to look at Cen Xirui.

Parking gap, cen Xirui looked at the picture, "what's special?"

Cui Lingyue shook his head: "I just want to ask where you got it. Is it legal?"

CEN Xirui said with a smile: "of course, it's legal. Don't you know that our auction is like an intermediary structure. If someone wants to sell goods, they will put them on this platform. After they are sold, we will collect part of the transaction value."

"Oh," Cui Lingyue nodded thoughtfully. Cen Xirui's work is relatively safe. Since he dares to put it in the auction house, people must have provided him with information.

Is she dazzling?

Not Suwan Wan's?

Cui Lingyue thinks about it and decides to send a message to Su wanwan to tell her.

"Wanwan, where are you? I saw your bracelet appear on the auction list. I'm not sure if it's your one. Come here quickly."

Su wanwan quickly sent her a message back: "I'm already at the scene."

Oh, Cui Lingyue remembered. Zhou Tao knew the clue yesterday. The bracelet appeared at the auction, so she must have gone to the scene.

I wish I could find it. Cui Lingyue was happy for Su wanwan and said casually, "I'll go to the auction later. If you don't have time, I'll go to find her."

Don't know why, Cen Xirui in the heart have so a moment of displeasure, he doubted of looked at her one eye: "someone else with Jiang Zong together, you go to join in what lively?"

"With Jiang Chengzhan?" Cui Lingyue subconsciously said, "no, it should be with Zhou Tao, right?"

Su wanwan sent a message just now to ask her to help round the lie. Didn't they get together?

"Jiang Chengzhan is going to the charity party, too?"

What's the fuss? Cen Xirui said naturally, "I invited you."

This Oolong make a big noise, Cui Lingyue quickly sent a message to Su wanwan: "your husband also went to the scene, quickly find a way."

At the moment, Su wanwan is with Zhou Tao and has just eaten a piece of cake.

Seeing Cui Lingyue's short message, I was a little flustered. Why did Jiang Chengzhan come?

Did you just call her to bring her here?

Now what? Has he seen the bracelet?

No, no, what she said to Jiang Chengzhan is to be with Cui Lingyue. Now how can Zhou Tao hide such a big man?

She squinted at Zhou Tao, her eyes turned, and suddenly she had an idea.

Zhou Tao looked at her big eyes and looked at him all the time. Some of them were creepy: "Su wanwan, don't think of any bad ideas again!"
