

《Sweet Daily Life With Rich Fool Husband》

Chapter 66

Su wanwan really loves Jiang Chengzhan's feeling when he kisses her. The delicate kisses go from the forehead to the cheek, and finally fall on the lips. The lips and teeth touch each other, and the hot breath falls on the sensitive skin, causing a shiver all over the body.

Of course, the final result is not done, Jiang Chengzhan initiative to stop the action.

Because he calculated that the time seemed to be a few days to three months away.

Now the doctor's casual look, he has to ponder for a long time, after all, there are two babies in his wife's belly.

That's the child of him and Su wanwan. How can he not be a baby!

Su wanwan was made to lean on his shoulder, only out of the gas did not enter the gas, "you have a problem, why stop," this will be hanging in the air, she has no shame.

Jiang Chengzhan asked in a low voice: "do you really want me to call you the queen?"

Su wanwan raised her hand to hit him. Because she was not strong, her strength was gentle, as if she was tickling. Jiang Chengzhan reached out to hold her little hand and said in a coaxing voice: "go to bed early. I'm tired all day today."

"Good," said Su wanwan, closing her eyes to sleep. Although she was very tired, her thinking gradually became active. How could she lose such an expensive bracelet.

"Zhan Bao"

She suddenly got up, looked at Jiang Chengzhan, and touched her cell phone from next to him.

Jiang Chengzhan was stunned by her inexplicable action and asked, "what are you doing?"

Su wanwan quickly unlocked her mobile phone and said angrily, "I called the police. I

saw you forget about it at the airport that day. Now that I know, I have to call the police. I just don't know whether it's too late. The police still don't care for such a long time."

Su wanwan's numbers are all pressed, and her mobile phone is suddenly robbed. She looks at Jiang Chengzhan puzzledly, "what's the matter?"

Jiang Chengzhan took her and pressed her into her arms, saying, "you don't have to worry about this. Tomorrow Cen Xirui will definitely give you an explanation."

"Really?" Sue didn't believe it very much.

Jiang Chengzhan: "no one knows better than him how the chain came. If the police report here, the charity auction he is doing is mixed with stolen goods. There should be no way to explain it to the public, so he will naturally investigate."

"Oh," Sue nodded thoughtfully.

Jiang Chengzhan pressed the man into his arms and said in a low voice, "give him some time to sleep."

The next afternoon, cen Xirui gave Jiang Chengzhan the news.

At that time, Jiang Chengzhan just asked the planning department if Shen Qingyue had been invited. He got a reply that he had. He asked the planning department to take back the invitation and adjust the plan.

CEN Xirui apologized on the phone: "brother Jiang, I'm really careless with you. I didn't find out the source of the bracelet, so I let it go on the shelves. I'm sorry for you, and I'll refund you the auction money."

Jiang Chengzhan didn't care about tens of millions of yuan, first asked: "who stole it?"

CEN Xirui: "it's not difficult to find out, but it's troublesome to deal with."

"What do you mean?" Jiang Chengzhan frowned.

CEN Xirui: "it's already clear that they are the instigators behind the scenes, but it's only a few children who steal things. They are all minors. These children have been trained and refuse to explain. The police can't take them. It's estimated that they will be released in a few hours at most."

"But the mastermind, I've already thought of other ways, and I'll give you an explanation. It's just that these children are troublesome, they are all problem teenagers,

and there's no one at home to manage them. I'll tell you first, if you have a way, try it. If you have no way, I'll think about it again."

Hang up the phone, Jiang Chengzhan scolded an old fox, cen Xirui kick this skin to him, he has a way?

Adults can't do it the way adults do. What can a few kids do?

It was hot. Sue cooked some mung bean soup at home in the evening. In the afternoon, she asked the driver to drive her to the company.

As soon as Jiang Chengzhan put down the phone, she knocked on the door and came in. Jiang Chengzhan saw that the corner of her lip started to smile, "Why are you here? Isn't it hot?"

Sue put the heat preservation bucket on his desk at night. "There's a car when you go out. It's not hot. I just boiled mung bean soup. Would you like some? To relieve the heat. "

Jiang Chengzhan handed the cup to her and looked at her: "is my wife so virtuous?"

Su wanwan was embarrassed by him. She bit her lip and ignored him. She poured him a cup of mung bean soup. "Try it, I only added a little sugar."

Jiang Chengzhan took the cup and drank more than half of it at a time. He nodded and said, "it's better for his wife to have a good hand."

Know to coax her, Su late night hissed, thought of the bracelet thing asked: "Cen always give you letter?"

"Oh, by the way," Jiang Chengzhan said, "I'm just going to tell you that the thief was caught, but it's just a few children. Up to now, he has refused to explain, and there are still people behind him."

"Hairy boy?" Su wanwan said, "they are very brave. They steal tens of millions of things. Why did you buy such expensive bracelets before?"

"And how much did you pay for it?"

Jiang Chengzhan with her hook fingers, pointed to his right face: "so curious, kiss to tell you."

"Who's going to listen," said Su wanwan, putting away the thermos bucket and kissing him in his office?

But she was really curious. She just took a step and suddenly came back. She bowed her head and gave him a quick kiss on the face. "Is that ok?"

Jiang Chengzhan reached out and grabbed her, pulled her into her arms and let her sit on her lap. "I bought it three years ago when I was on a business trip. I thought the bracelet was ok, but the name was better, so I bought it."

"What's the name?" Su wanwan didn't know that a broken Bracelet had a name.

Jiang Chengzhan: "the heart of a child."

utter innocence?

Su Wan nodded later. "It's not bad. It sounds like that. Where's the money?"

Jiang Chengzhan: "it's only one third of yesterday."

How much is one third?

Su wanwan calculated, "eleven, ten million?"

"You spend ten million on a broken bracelet?"

"What a black sheep you are

Jiang Chengzhan asked, "don't you like it very much?"

Su wanwan gritted her teeth: "I like money very much. If you give me ten million in cash, I will be more excited."

"Really?" Jiang Chengzhan lifted the hair from the back of her neck, revealing her beautiful white neck, and bowed her head to kiss her.

Su wanwan nodded without hesitation: "no way, it's so superficial."

Jiang Chengzhan said with a smile: "yesterday, Qian Cen Xirui, who took the bracelet, has returned. If you like it, I'll give it to you."

"Really?" Su wanwan asked in disbelief, "30 million, all for me?"

"Do you like it?" Jiang Chengzhan asked in her ear.

Sue turned around and sat down. She put her arms around his neck and gave him a kiss

on the mouth. "I think I can make it up to you. Do you like it?"

How can you not like it? Without waiting for her to be too far away, Jiang Chengzhan has already caught people and kissed them.

"Boss, today..." Qin Mingyang is used to not knocking on the door. He didn't expect that the two people in the room were doing something indescribable. First he was so scared that he swallowed the second half of the sentence, and then he vomited. When the man on the chair picked up the mouse and hit him, he quickly backed out.

Crouching trough, sudden dog food. Why did he eat this.

It's good to have a wife. You can kiss whenever you want and hug whenever you want.

Should he get a wife, too?

Stirred by Qin Mingyang, Su wanwan quickly pushes away Jiang Chengzhan. With water vapor in his eyes, he stares at Jiang Chengzhan and says: "what are you doing in the daytime?"

Jiang Chengzhan said with a smile: "who just said to compensate me?"

Su late night two fingers point: "that also did not say here, also, you are my husband, give me money is not natural?"

"By the way, can I really handle the money at will?"

Jiang Chengzhan nodded: "you don't say it. It's natural for you. Of course, you can handle it at will."

Suddenly, there is 30 million yuan. Su wanwan feels that she has changed from a little rich woman to a little rich woman. Hehe, I feel that she has the strength.

But I also think of those kids who once stole things in the original world, but they all ate.

At that time, her father only wanted to run for her life. She was too hungry to eat. She was too young to steal food from others.

She remembers that once she stole two steamed buns from others in the night market. She was caught by her aunt, and she was very fierce. Later, she saw that her whole body was dirty, thin, small and pitiful. Her aunt forced her to give her some meat steamed buns, but her tone was still fierce: "little child, you have hands and feet, do you want to work hard to know?"

Su held on for two or three days with those steamed buns in her arms. Later, she found a job and never stole it again.

From the memory, Su wanwan looked at Jiang Chengzhan and said, "I want to see them."

"Where are you going?" Jiang Chengzhan frowned, "a few thieves, what do you see them do?"

Su wanwan couldn't say it. Anyway, she just wanted to see, "maybe I can influence them!"

Chih, Jiang Chengzhan couldn't help laughing, "you are a fool talking about dreams," he reached out and poked her forehead, "do you know, the police didn't even take them, minors, protected!"

Su wanwan doesn't think: "anyway, there's always a reason for everything." she can't tell Jiang Chengzhan about her past life, but she can stick to it, holding his big hand and playing tricks all the time. "Well, let me have a look. I also want to know who stole my bracelet. Don't you want the people who control them to be punished?"

"Today they stole a needle. Tomorrow it may be a thread. Now it's a bracelet. Will they steal even people tomorrow?"

"And what if one day they take a more evil path?"

"Jiang Chengzhan, are you listening to me or not?"

.....

Jiang Chengzhan is worn by Su wanwan and has no choice but to say, "OK, go, I'll take you now."

Su wanwan smiles. She likes Jiang Chengzhan's helpless and helpless appearance.

CEN Xirui has already taken people back and shut them up next door to his office. There are six children in total. The biggest one is 16 months away, and the youngest one is a little girl, only four years old.

Su wanwan and Jiang Chengzhan soon arrived at Cen Xirui's company.

A private welfare home run by Cen Xirui. Strictly speaking, his company is not here. He has entrusted the management of the welfare home, but the president has left him

an office. He will come to have a look when he is free.

"Hello - is there anyone, let us go quickly?" there was a knock on the door next door, and a boy's cry.

"This is illegal detention. Do you know, I want to sue you. Let us go quickly..."

Su wanwan and Jiang Chengzhan are sitting on the sofa. Cen Xirui makes tea for them in person. Hearing the cry from the next room, he points to his head helplessly, "headache."

Su wanwan took the tea with both hands and said with a smile, "they are quite smart. They know about illegal detention!"

CEN Xirui sat opposite them and shrugged his shoulders: "I should have been trained. I know what I can say and what I can't say. I'm very cunning."

Jiang Chengzhan has been leaning against the back of the sofa, the whole person is lazy, carrying a teacup, a very uninterested look.

Su wanwan glanced at him, turned around and said to Cen Xirui, "what about their family, didn't they inform?"

CEN Xirui folded his slender legs, put his arms on the armrest of the sofa, and sighed: "two of them are local, and the rest don't know where they are."

Su wanwan frowned: "what do their parents say?"

CEN Xirui: "one can only call their village headquarters and find his grandfather to answer the phone. He is over eighty years old, deaf and dazzled, and can't understand after talking for a long time."

"On the other hand, he contacted his father, who was not here. He hung up when he heard that his son had an accident. Now he can't help it, so he brought it back to my welfare home."

He said with a sneer, "even if I steal things and put them in my store, I still have to keep them. It's not a small animal that stutters. If one day I run away, the police can't ask me for someone."

He said that he joked with Su wanwan, "you lost this bracelet, give me a trouble."

Su wanwan still has a strange place, "then who put it in your store at that time?"

CEN Xirui said truthfully: "he is a person who often ships goods from me. This time, the procedures are all forged. His subordinates didn't check it clearly. I've asked someone to handle it."

Three people are chatting, suddenly came two knock on the door, Su wanwan subconsciously looked out, cen Xirui is no different, casually called out: "in --"

The next second, Su wanwan saw Cui Lingyue come in like a thief, and kept winking at her, "late, sorry, I'm late."

Su wanwan

She took a look at Cen Xirui. The man was so calm that he didn't have any expression. She might have seen through Cui Lingyue's bad acting skills, but he didn't tear them down.

Cui Ling read so hint, Yan Jinxi can only cooperate: "it doesn't matter, anyway, we have nothing important."

Cui Lingyue naturally sits next to Cen Xirui and smiles with him, revealing two rows of white teeth.

After four people chatted for a while, Su wanwan suddenly wanted to see the children.

She didn't believe that they were born so bad. Maybe they could change anything. Even if they couldn't all get better, even one or two of them would be better.

With this in mind, Su asked Cen Xirui, "can I go and see them?"

This Cen Xirui can't be the master. He turns his head and looks at Jiang Chengzhan.

Jiang Chengzhan coughed, which obviously meant that he couldn't.

CEN Xirui understood and cleared his throat. "Well, because they have been exiled in society for many years and have been thieves for a long time, I'm afraid they are aggressive. If you go there as a woman, I'm afraid..."

Knowing that Jiang Chengzhan is a ghost, she reaches for Jiang Chengzhan's clothes and looks at him with praying eyes: "hmm? Is that all right? "

Jiang Chengzhan

The woman pretended to be soft and prayed for him. She couldn't say it. Her throat was tight and she wanted to say no. when she saw that the woman suddenly changed

her face, she quickly changed her mouth: "OK."

Su wanwan was very happy. As soon as he got up, Jiang Chengzhan said, "I'll be with you."

Sue sat back in an instant, "how can you go with me? I'm a woman. They're unprepared for me. Maybe they'll tell me if there's anything. They must be very resistant when you go to that stop."

After a pause, she continued to discuss the tone, "you also heard, they just steal, did not hurt people, it's OK."

Jiang Chengzhan frowned and said that he strongly opposed it, but Su insisted that he could not say anything.

Cui Lingyue saw that they were in a stalemate, hesitated for a moment, and said, "I will watch her with wanwan." she laughed and assured Jiang Chengzhan, "don't worry, I will bring her in and out completely."

Jiang Chengzhan looks at Cen Xirui and asks him what he means. Cen Xirui hesitates and says, "look, they've tutored the law. They should know that they can't hurt people."

Jiang Chengzhan helpless way: "that line, I am at the door, you have something to hurry to call me."

Su wanwan and Cui Lingyue go to the next room first, followed by Jiang Chengzhan and Cen Xirui.

To be the next door, two people stopped for a while.

From the room came a little boy's worried voice: "brother Feng, do you think they will keep us locked up all the time?"

Another gruff voice: "certainly not, just like us, we have to manage the food if we stay."

The third voice is more subtle: "that is, your father doesn't want you, you think Rice doesn't need money!"

Just now more worried voice: "but what if they let us do coolie?"

.....

Su wanwan and Cui Lingyue look at each other and plan to push the door in. Cui Lingyue pushes the door open first. "Late, I'll come first," she joked, "if you have a problem, Jiang can always swallow me."

Think of Jiang Chengzhan care about the appearance, Su wanwan pursed a smile, sweet in the heart.

There are six children in the room, the biggest difference is one month, 16 years old. They are tall and nearly 1.8 meters old, but they are very thin, yellow and a little hungry. But their eyes are cold and they seem to be alert to everything.

The second child is about 1.68 meters tall, with a yellow hair and a smiling face. He looks heartless.

Seeing Su wanwan and Cui Lingyue coming in, he whistled at them.

The third child was at most ten years old, yellow and thin, with ragged clothes and shoes showing his toes.

There are also two hiding behind yellow hair, which looks smaller than him.

The last little girl, short and short, wore a red skirt. I don't know how long she had been wearing it. Looking at her tight, her clothes were broken.

She has short hair and a dirty face, but she has a beautiful outline. Su wanwan thinks she must be a lovely little girl if she dresses up a little.

"Who is brother Feng?" Sue looked around and asked.

Six pairs of eyes look at her, or fear, or disdain, or contempt.

But no one answered her.

Su wanwan looked at Huang Mao and nodded his chin, "you come here, you answer my question on behalf of everyone."

Huang Mao took a pair of jeans with holes in his hands and walked two steps forward with a flip flop. He asked foolishly, "why, what do you want me to do?"

Chi, Su can't help laughing, "how old are you?"

Yellow chin, especially proud said: "14 ah, brother Feng said, my age to steal also white steal, the police do not care about us."

Su Wan nodded his head late and gave him a thumbs up: "you're very good, elder sister. I've stolen steamed bread before. You can sell it for ten million yuan. I'll take it!"

Huang Mao was even more proud. He heard that Su wanwan had stolen something, so he took another step forward. "Ah, you've stolen steamed bread. Have you ever stolen anything else? How about the technology? Do you want me to teach you?"

As he spoke, he made a detour from Su wanwan.

Su wanwan was wearing a casual suit today. She put her mobile phone into her trouser pocket and saw that Huang Mao didn't repel her. She tiptoed to the desk and said, "other things haven't been stolen yet. The technology is not good. By the way, how much did you steal that bracelet?"

Look at the clothes of these children. I'm sure they didn't get a few cents. I don't think they're full.

Those people are really dark.

Huang Mao did not answer her, but asked: "Niu, you are very poor at first sight, and your technology is not good. How can I teach you?"

"Steal?" Sue is very interested in it.

Huang Mao was very proud. "Of course," he said, taking out a mobile phone and shaking it in front of Su wanwan, "how about learning or not?"

Isn't that her cell phone?

Su Wan looked at him in surprise: "when did you take it?"

"To be honest, did you steal the bracelet that day?"

Huang Mao threw the mobile phone to her: "I tell you, your bracelet is not worth a few dollars. The boss said that it only sold for a hundred yuan, but it didn't cost much effort!"

"Anyway, the thieves don't leave empty, some just take it."

A hundred yuan?

Su wanwan knew that several children had been cheated, otherwise she would not have worn such rags.

She finished with Huangmaopi and went to see the tallest boy: "are you brother Feng?"

The boy leaned against the table, not looking at her in the eye, and snorted with disdain.

At first glance, it was the eldest of them. Su wanwan couldn't get a response. She bent down to see the little girl who was only a few years old.

When I think of her age, I don't know how poor she was without her mother. The little girl didn't even have her father.

"Little sister," said Su wanwan, holding her little shoulder, "tell her what's your name?"

The little girl's eyes are black, looking at the timid, she turned to look at the boy beside Huang Mao, the boy has been hiding behind Huang Mao, more timid than her, can't get a response, for a long time just turned to look at Su wanwan.

"My name is Liu Jing."

Speaking quite simply, Su wanwan sighed silently and said, "where is your home? Who else is there?"

Liu Jing shook his head and stopped talking.

I don't know whether it is not, or I don't know.

Sue finished her hair. "Are you hungry?"

Liu Jing cleverly nodded: "hungry."

Su wanwan said to Cui Lingyue, "Lingyue, you tell Mr. Cen to invite someone to send you something to eat."
