

《Sweet Daily Life With Rich Fool Husband》

Chapter 76

The next morning, Su was sent to the general ward late at night, with oxygen infused all the time.

Jiang Chengzhan stood outside the corridor for a night. Because he hadn't closed his eyes, his eyelids were black and blue, and his eyes were sunken. He stood by the bed and silently looked at the woman lying in the hospital bed. Her face was only a little whiter than usual. If you ignore her temperature, it would be no different from sleeping.

He has already sent people to collect Su wanwan's information. He must be able to find some clues from it.

In the afternoon, Cui Lingyue came to see Su wanwan. When she came into the room, Jiang Chengzhan had fallen asleep by the bed.

He is tall and has long legs. He sits on the chair beside the bed, and his upper body is bent on the bed. He looks very bent, but he seems to sleep very soundly.

It should be because I haven't had a rest.

Cui Lingyue walked to the bedside and pushed Jiang Chengzhan: "President Jiang?"

Jiang Chengzhan just had a dream in which a family of four was swimming in the pool in the villa.

Su wanwan's skill was not good. She had to put on a swimming ring when she went into the water. Her two children were three or four years old, but they had to swim happily like ducklings.

He stood in the swimming pool, trying to take down Su wanwan's swimming ring. Su wanwan went ashore with her cheeks bulging and sat on the ladder staring at him.

But not much, she saw two babies swimming towards her and began to smile.

He called her in the swimming pool: "wife, my daughter wants to go out, you take her up first."

Su wanwan also yelled at him: "what daughter? They are both sons. How can there be

a daughter?"

Jiang Chengzhan, who clearly has a daughter, is about to speak when he suddenly feels his shoulder sink. Then he wakes up.

Subconsciously, he thought that Su woke up late, "wife..."

The woman still lay as like as two peas in the hospital bed.

Instead, a woman's voice rang out: "Mr. Jiang, you'd better go back and have a rest. I'll take care of her here."

Jiang Chengzhan turns to see that it is Cui Lingyue.

I was disappointed. I heard her say, "if there's something, I'll call you the first time."

Jiang Chengzhan shook his head: "it's OK."

Now he wants to watch Sue wake up late and do nothing.

Su wanwan's information was quickly sent by his assistant. Jiang Chengzhan checked it bit by bit, and found nothing except a big change in his personality.

He had observed that before.

There was no sign of recovery for three days, and the only advice the doctor gave was to continue to observe.

Jiang Chengzhan went home for three days without sleep. His assistant said he smelled.

At that time, he didn't have any idea to repair himself. He was about to get angry. The assistant risked his life and said, "Mr. Jiang, will Mrs. Jiang dislike you when she wakes up?"

Jiang Chengzhan was stunned for a moment, and then ordered someone to take care of Su wanwan, and he came back.

I took a shower and changed my clothes.

Finger in touch with the wardrobe, eyes suddenly fell on a small partition above, where put two diary.

Fixed his eyes for a few seconds, he picked it up and sat on the sofa, then turned it over.

"Su wanwan, Jiang Chengzhan's wife, is a very beautiful, lovely, smart, brave and resourceful girl..."

"... you can write whatever you are asked to write, which is such nonsense..."

"... she is the embodiment of bravery, protecting me with her thin body..."

"Wife, isn't the schemer so good..."

"Shut up and write quickly. Are you going to sleep tonight?"

.....

Jiang Chengzhan flipped through the diary he had been forced to write by Su wanwan.

Unconsciously red eyes.

That careful machine unceasingly, is playing the small clever woman unceasingly, nimble fresh, likes and dislikes clearly, now actually lies in the hospital ward.

I don't know when I'll wake up.

He put down his diary and turned out another one.

Zhan Bao's Diary:

"I think I'm good or bad. Last night I bullied my wife and cried. She held me and said no, no, I still can't stop..."

"... my wife's tears came out, but I'm in pain. I can't stop..."

"... later, I wanted to stop, but my wife said she was comfortable. She told me not to stop. I don't know whether to stop or not.

I wanted to ask my aunt today, but a lot of things happened, so I forgot.

Also, my wife has scratched my back. It's still painful to take a bath this morning. I feel so difficult now. How can I deal with the pain when my wife says it's painful when I pretend to be home tonight?

But my wife's waist is so soft, I like it very much.

My wife's mouth is so sweet. I want to kiss her all the time.

I want to kiss my wife this morning. She said that I can't kiss during the day, but I can kiss at night. It's already dark. I'll go to my wife to kiss after I finish writing.

Just now she only kissed my forehead. I feel very happy. If my wife kisses me every day, I will be the happiest Zhan Bao in the world.

Late wife, Zhan Bao likes you so much. "

Page 2:

"Today, my wife wife as like as two peas, and my wife said that she could not kiss her when she came." she said she would give me a baby later, just like me.

I want a baby, but I want to kiss.

My wife's mouth is really sweet. It's like jelly. I can't kiss her enough every time. "

Next:

"Zhan Bao felt cheated by his wife today. Her wife said that she would plant sperm in the soil, but her aunt clearly said that I planted sperm in her stomach.

I don't know who is right. If I ask my aunt, what if my wife is not happy?

Anyway, if there is no baby in autumn, my wife is cheating me. Hum, zhanbao will ignore her then. "

.....

Inadvertently, Jiang Chengzhan thumb attached to the lips, it seems that there are still women's soft.

It feels like jelly.

Jiang Chengzhan sat down on the carpet, opened the diary stand to the tea table, took out a pen, and wrote down as he recalled:

On the night of the wedding, I was in a daze, but for a moment, it seemed that my soul had returned to its original position. The woman's soft eyes were calm and confused, grabbing my back and making bloodstains.

I am very painful, but there is a dripping pleasure.

With her soft body, constantly bumping, I seem to wake up a little bit.

The woman is very beautiful, but she is not su Xiaoxiao who was engaged to me before.

Soon I realized that I met Su's family at dinner. She was my fiancée's sister.

I don't know why she appears under me, but I like this feeling very much.

I want to sink with her.

It was just a moment when I was awake, and then I fell into a state of stupidity.

The next morning, I was taken to tea with my new daughter-in-law.

Since the brain problem, my family from the beginning of the try to explore, to later have no scruples has become normal.

In fact, my grandfather has a very serious illness, he has no ability to protect me, and I

At that time, she came forward. Although her acting skills were poor, she was the most beautiful in my eyes.

That is to say, from that time on, I began to trust her gradually and decided to follow her and never separate at any time.

.....

Jiang Chengzhan has written down every bit of what happened since he met Su wanwan in his diary.

After all, nearly half of the time is too long for him to finish, but he can write a little every day.

In the end, I will be able to record all her good things.

She will be very happy to see it later.

At the moment, Su wanwan is frantically running for her life.

After the celebration, she was sent back early. Knowing that Jiang Chengzhan didn't have time to come back, she ate by herself.

After all, there are two babies in the stomach.

After dinner, she took a shower and lay down on the bed.

I don't know how, the picture of two people pretending to be family for the first time appeared in my mind.

Her face was red and her heart was hot. As soon as she got excited, she put it back on.

It was the last time that she ran away in the railway station. Even when she met a man, she pulled off her headscarf and threw it out, which happened to fall on the man's face.

With four or five tails behind her, she was worried and ran forward.

Fortunately, after she got out of the station, she saw a taxi parked there, so she jumped on the bus without hesitation and urged the driver to run away.

She couldn't see the person coming up behind. She reached out and patted her chest. It was dangerous.

But she is waiting for the man to come back in the big bed of Jiang Chengzhan's home. Why should she wear it back?

Sobbing

She didn't want to see the gambler's father, and she didn't want to face the debt collectors here.

Besides, what would Jiang Chengzhan do if he knew that she had disappeared?

No, she's gone. It's just that her soul is gone. Should she still be there?

If Jiang Chengzhan can't tell, what will he do if he regards the original owner as her?

Thinking of Jiang Chengzhan's kindness to the original owner and giving her all her patience, Su wanwan felt uncomfortable.

In addition, she finally had twins. She didn't even have time to take a look at them.

What should we do now?

Can't she go back?

In this year and a half, Su wanwan's world in the book has been flourishing. She has not only gained love, but also a pair of twins. Although she hasn't been born yet, it's

not a matter of time. She is very used to the life there.

Now suddenly back, I feel my world is strange.

Just as she was running away at a loss, her arm was suddenly caught by someone. She subconsciously wanted to raise her feet, but she didn't want to hear a familiar voice.

"Where are you dead girl?"

"Dad?" Su wanwan turns to look at the man in front of her. She is all dressed up and doesn't know where to steal the clothes.

Su's father bared his teeth with a smile, and his old face was about to smile: "girl, go with my father, and you'll be blessed in the future."

Su wanwan sneered: "with you, you only have the share of debt recovery. What happiness can you enjoy? If I don't go, you'd better let me go."

"What are you talking about," said father Su with a look of special unhappiness.

Su wanwan said with a smile, "don't sell me. I'm not worth money."

Father Su was even more unhappy. He raised his hand and slapped her on the head. His strength was not strong, but it was not light. He gave Su a shout.

But Su's father laughed happily: "girl, to tell you the truth..." he looked around and found that there was no adverse situation before he said, "your father, I've got money. These days, my luck has suddenly improved. We can't just spend more money, we even have villas."

"Really?" Su wanwan looks up and touches her father's forehead. Isn't it a high fever?

Father Su patted the back of her hand, "what are you doing? I'm really rich, not feverish."

Su wanwan still didn't believe it until her father took her back and saw that there was a big villa bigger than the original owner's small villa. Su wanwan believed that his father's fortune had turned and he finally got rich.

However, she was still worried that it was just a mirage. At that time, she would be happy, "Dad, since you have money, don't gamble in the future. Keep the money for the elderly."

Su's father didn't respond to her words. He sat on the sofa and looked at everything in

the room like a master. "I didn't expect that I had today. Hahaha, later, we won't have to be poor any more."

It's true?

Su wanwan looks for the room in a mysterious way. There are photos of father and daughter on the bar. It seems that they are right.

Dad is really rich!

She didn't have to live the life that she had before!

If she can live such a good life before, she can jump up happily, but why suddenly feel some melancholy?

That day, she dragged her suitcase to the airport and wanted to go out for a walk, but later she was attacked. Regardless of the danger, Jiang Chengzhan rushed up to protect her for the first time.

Just now, she was standing on the company's anniversary celebration, and he was on the same stage. How did she return to the original world in a twinkling of an eye?

Does she want to stay here or go back there?

As time goes by, she feels more and more strong about Jiang Chengzhan.

I also want to give birth to my baby smoothly and live happily with my family.

Through this opportunity is not to say there is, although Su wanwan very much want to wear into the book, but in reality she can only stay in Su's father's house, where can't go.

Until three days later, she was lying in bed, and suddenly had a dream.

"Su wanwan has only one choice. Stay here or go there, and make a decision in five minutes..."

All of a sudden, a special ethereal voice came from the beginning. Su wanwan looked at it in a daze and didn't see anything.

I don't know where the voice came from, but she felt that she had to wear it and come back. There must be something to say.

Since let her make a decision, she must go to Jiang Chengzhan.

Just as she was getting ready, she suddenly thought of her father sleeping downstairs.

She ran to see him for the last time, only to find that he was no longer there.

Only left a note for her: "your father, I have a second spring. I'm happy to go. The house is for you. There is a passbook in the cabinet. The password is your birthday."

Su wanwan's eyes were full of tears.

Well, it's good. She doesn't think of him at the critical moment, and he won't take her with him when he's free.

It's easy to worry about it.

"Wife, wife, night, night --" Jiang Chengzhan, who has been guarding the bedside, suddenly sees Su wanwan's finger move. He holds her finger excitedly and shouts. At the same time, he rings the bell on the wall.

Su didn't wake up immediately, but her temperature was slowly recovering. It took only ten minutes for her temperature to return to normal.

Even the doctor couldn't believe what he saw.

About half an hour later, the woman on the bed wakes up. Jiang Chengzhan tries to hold his breath for fear that the woman who has just improved will disappear again.

It's not until Su wanwan wakes up completely, picks him out of bed and hugs him that Jiang Chengzhan feels her temperature that he is sure that the woman he loves has really come back.

"Chengzhan I..." Su wanwan wanted to explain that the man's face was full of vicissitudes. He looked very tired. He must have had no rest for a long time.

Unfortunately, the man didn't give her a chance. When she only said a few words, he interrupted her, "are you still going?"

He hugged her so hard that he wanted to embed the woman in his body.

Su wanwan feels that she can't breathe any more. Listening to Jiang Chengzhan's words, she seems to know something.

Seeing her sober, I didn't ask about her physical condition, but directly asked if she still left?

who holds a woman in his arms?

People in an uproar: is not rich young Ling Yuxiao and his wife married?

At the same time, the man who has become a big loyal dog at home is protesting with his wife: "kiss, kiss again and go to sleep."

3. Kick the scum man, she's making up with the rich

Zhou Yunxi suddenly put on a dog blood dregs cheap text.

The original owner gave the man two daughters, but he didn't get a marriage certificate. He tried to give birth to a third child until he gave birth to a son.

Zhou Yunxi was wearing it at the moment when he decided to have a relationship with the man.

Zhou Yunxi

Sorry, this kind of dog man who love who want, first kick again.

Turn around to look at the perverse, irascible and ruthless rich family.

Someone asked Zhou Yunxi: aren't you afraid?

Zhou Yunxi: the man who remoulds himself can rest assured with it.
