

《Sweet Daily Life With Rich Fool Husband》

Chapter 78

Can you imagine what it's like to cry out and stiffly back?

Jiang Chengzhan thinks that he has seen the world. He still feels like a pediatrician here in Su wanwan.

If he hadn't reacted quickly, he would have called it out.

The loss of personnel is small, so it's a big deal to scare Sue.

"Wife..." Jiang Chengzhan opened his mouth and yelled half of it. He swallowed it abruptly and put on a lower voice than usual, "hungry?"

She didn't expect Jiang Chengzhan to come out suddenly. Su wanwan was also surprised, but she soon calmed down after she saw that Jiang Chengzhan was the one. She took a spoon to dig a watermelon and stretched it forward: "do you want to eat it?"

Jiang Chengzhan

He has a shadow on watermelon. Looking at the red soup at the corner of her mouth, he doesn't want to eat watermelon any more in his life.

Jiang Chengzhan walked up to her and wiped the dirty things from the corner of her mouth. "I don't want to eat, you don't want to..." looking at her face, he immediately changed his mouth, "eat it yourself."

After a meal of watermelon, Su was tired and went back to her bedroom to sleep.

Because of the twins, the time of sitting on the fetus is lower. Now the month is big and the bladder is pressed. I have to go to the toilet in an hour or two at most.

When she got up in the morning, Su was still with dark circles under her eyes. She looked at Jiang Chengzhan irritably and touched her stomach. She complained indignantly, "when can I have a baby?"

Jiang Chengzhan now knows everything about the production, and opens his mouth: "the doctor says that 38 weeks is the term, and only then can he choose which day to have a cesarean section."

"38 weeks?" Su wanwan broke her fingers to calculate her own day. It's more than five weeks away!

She leaned against the head of the bed and kicked Jiang Chengzhan with her feet: "I will never be born again in my life, just this time."

Jiang Chengzhan has been tortured enough for a long time. Seeing her suffering every day, he wants to put the two treasures in his stomach. But he can't replace them. He can only coax her as much as possible: "good, good, this time, you don't want me in the future."

Su Wan Wan frowned: "why do I want you?"

"Not your child?"

"You don't like it?"

Jiang Chengzhan

"Well, wife, I'll go to work first and come back to accompany you after I finish my work."

Su wanwan was even more unhappy: "you see, I just said a few words, you are impatient?"

"Why impatient?" Jiang Chengzhan went to kiss her, "I'm not going to make money. If you are willing to go out for a while, let the vegetable mother accompany you to go out for a walk, and take the bodyguard."

After Jiang Chengzhan left, Su went back to sleep.

This sleep is more comfortable, wake up in a better mood.

After breakfast, Su strolled in the room for a while. She was too heavy and didn't want to do anything. At noon, Cui Ling came and stayed with her for a while.

After a nap in the afternoon, most of the day passed.

In the evening, Jiang Chengzhan came back. Knowing that Su wanwan was in a bad mood recently, he arranged his work as much as possible and made time to come back to accompany his wife.

"Why did you come back so early?" Su wanwan fills his mouth with pine nuts and

looks at Jiang Chengzhan in surprise.

"I'll be back when I'm done," Jiang Chengzhan took off his coat, put on his slippers, washed his hands and came to Su wanwan's side. "Every day there's no fresh air in the room. Why don't you go downstairs?"

"Downstairs?" Su wanwan imagined the situation outside and went out with such a big stomach. It was inconvenient to do anything. She shook her head and said, "I don't want to go."

Jiang Chengzhan's coaxing tone: "then why don't we go to the mall?"

"Aren't you afraid that you don't have enough for your baby?"

In this case, Sue is still a little bit excited, "OK, I'll change my clothes."

Jiang Chengzhan asked the driver to drive them to the city's largest maternal and child shopping mall.

Su wanwan takes Jiang Chengzhan's arm and looks at the goods on the shelf without blinking.

She has prepared most of the things. It should be said that Jiang Chengzhan has prepared more.

He asked his experienced mother in the company to make a list for him. Many things were imported.

In fact, Su wanwan doesn't worry about anything. Jiang Chengzhan is already a qualified father to be.

But when she saw the small clothes on the shelf, toys, baby bottles and pacifiers, she still felt very happy.

I feel that a piece of clothes is not as big as her two hands. How small is the child?

Newborn's clothing color is very simple, mainly yellow blue and white, not too much fancy.

But boys and girls can wear it.

Thinking of boys and girls, Su became curious: "Zhan Bao, do you think our children are boys or girls?"

Jiang Chengzhan thought about it and said, "I hope a boy and a girl, girls like you and boys like me."

"What you think is quite beautiful," Su wanwan disagreed with him. "I want two girls. How nice it will be to have two little cotton padded jackets."

"What's more, when you think of two girls going to be policemen, that's the most beautiful policewoman. Don't you think they are very handsome?"

Jiang Chengzhan imagined that in the future, two children would snatch a car from a gangster and then rush to a nearby tree. The picture was so beautiful that he shook his head: "I think it's better to have two sons. In the future, both of them will serve as soldiers and defend their country. Don't you think it's better?"

Su wanwan snorted and was dissatisfied with his idea: "do you prefer boys over girls?"

How can this be related to the preference for boys? "Isn't it just a hypothesis?" Jiang Chengzhan said helplessly, "I just think about it. At that time, boys and girls will definitely have the same pain, as long as you are born."

Su wanwan was still dissatisfied: "who else do you want to have?"

Jiang Chengzhan thinks that if he entangles with Su wanwan again, maybe someone will get angry. He points to a pair of baby shoes on the shelf beside him and says, "wife, do you think those shoes look good?"

A small pair of shoes, not as big as the palm, looks particularly lovely. Su wanwan forgot the dispute just now, and was instantly full of joy: "good looking, let's buy it?"

Jiang Chengzhan asked people to put them in the shopping cart.

The two continued to turn forward.

After she became pregnant, her hormones changed a lot. Su wanwan's skin is much worse than before. She noticed the cosmetics section next to her and went to have a look.

I was worried, "Zhan Bao, do you think my skin can recover after I have a baby?"

Next to the salesman has been following them, began to hear pregnant women call the man beside zhanbao, she also some strange, how the man called such a name?

Now I heard another sound, almost couldn't help laughing.

More than one head higher than her, the man she has to look up is called Baobao?

What a funny couple!

Jiang Chengzhan didn't care about the expression of the people beside him. He just answered Su wanwan's question seriously: "it's sure to be OK. Don't you think so many women recover well after giving birth to children?"

Su wanwan still worried: "if I want to be so ugly all the time, will you dislike me?"

Back to the old problem, Jiang Chengzhan stretched out his hand to pinch her face and laughed: "in this way, you are much better than those female stars."

Su wanwan: "did you touch it?"

Jiang Chengzhan replied mechanically: "I don't have any, but I have eyes and can see."

.....

In the end, the two candidates got a lot of things and let the assistant take them down ahead of time. They walked forward slowly.

There is a park near the shopping mall, where willows sprout and look beautiful. Su wanwan wants to go and have a look.

Jiang Chengzhan went with her.

After walking for a while, Su wanwan suddenly felt something was wrong.

The people nearby all looked at her with that kind of special strange eyes. As soon as she looked at her, people turned their heads and stopped looking at her. There was also a sense of fear.

What's going on?

Su wanwan looked at herself all over again. She's a pregnant woman. It's nothing special.

In particular, the belly is a little bigger than the average pregnant woman.

She took another look at Jiang Chengzhan, the man wearing a casual sportswear, there is nothing strange.

Looking back, I suddenly found four or five male bodyguards in black, like

underworld, each wearing sunglasses, following them.

Su wanwan

Frowned, dissatisfied with the quality asked: "Jiang Chengzhan, a park you take so many bodyguards to do?"

No wonder people look at them like monsters.

Who brings so many bodyguards to the park?

I don't know what destructive activities they are going to engage in!

Jiang Chengzhan didn't react as much as she did. He said with a natural look: "isn't this for people to protect you?"

"What if something happens?"

Su looked at him speechless: "do you not trust the security of our country?"

Jiang Chengzhan retorts: "how did I become stupid before?"

Su wanwan: "isn't that Jiang Yushen's work? He's all caught

Jiang Chengzhan: "who was splashed with ink on the day of the celebration? What if it was sulfuric acid?"

"Jiang Chengzhan -" Su wanwan was too lazy to compete with him, "you are really... Ah - what are you doing?"

Su wanwan didn't finish a word, Jiang Chengzhan suddenly put his hand on her head, and when she reacted, she saw a black bodyguard leaping up from beside him, holding a football in his arms?

There is an open field in the small park. Several children are playing football. One of them accidentally kicks the football outside. Unfortunately, he goes to Su wanwan.

The bodyguards knew that Jiang Chengzhan's baby Su was like his own life, and they all played with 12 points of spirit. When they saw a football coming, they did not hesitate to protect the past with their bodies. One of them took a quick action and hugged the football.

The other ran over and picked up the bear.
