371

Back then, their mother and stepfather died in a car accident.

Tatiana was already an adult while her three half-brothers were still little boys. She knew no matter how what she did, she couldn't provide for them. She was born to be cruel. Besides, she had no attachment to the three boys.

Tatiana thought the three little boys would only drag her down.

So she abandoned them at an orphanage.

It sounded cruel but Tatiana never regretted it.

She even thought it was a very wise decision.

She couldn't imagine how miserable her life would have been if she hadn't done that.

Now, they were right in front of her.

Tatiana's eyes widened. She looked the three men up and down.

She finally knew why she found their faces familiar at first.

Their eyes were exactly the same as when they were little.

However, after so many years, they were grown up and their temperaments had changed greatly. So she didn't recognize them at first.

Tatiana said in a trembling voice, "You... are Samuel, Charles... and Jacob?"

"It's you guys?"

She looked at them with a complicated and hesitant look and her body was stiff.

Charles said, "Yes." A meaningful smile was on his face but his eyes still looked extremely cold. He added, "You left us behind and married into a rich family. We should feel honored that you managed to remember our faces. Don't you think so, my dear sister?" Hearing this, everyone else understood what was going on.

So, they realized the three men were really Oneida's uncles and Tatiana's younger brothers!

The truth was finally disclosed.

They finally believed that Oneida didn't do anything wrong. The men in the photo were just her uncles.

They knew Tatiana not only framed Oneida but also abandoned her brothers.

It was too much.

Everyone stared at them silently with eyes wide open, unable to digest this shocking discovery.

"I..." Tatiana felt uneasy. "I didn't want to abandon you."

"You didn't mean it?" Samuel narrowed his eyes with a fierce and mysterious look. "I still remember how heartless you were. Do you know how we survived the orphanage? We came to the Chaser residence to find you but you ruthlessly kicked us 1/4

This matter had nothing to do with her.

She didn't want to get involved so she just said nothing.

Lucas opened his eyes wide in disbelief.

He had never thought that his wife could do such an unreasonable thing.

She framed Oneida with those photos and abandoned her brothers.

He suddenly felt like Tatiana was a total stranger to him.

He couldn't believe she'd do such things.

Abandoning her underage brothers and accusing her daughter of something that she never did were simply too unreasonable.

Lucas couldn't stand it anymore. "You!" He became furious and yelled at Tatiana, "How could you do those things? You're an animal! How could you betray your daughter and little brothers Listening to his father, Edmund turned to Tatiana.

For the first time, he was extremely disappointed in his mother.

He had been a bit disappointed with Tatiana before because of Oneida.

But today, he thought she was hopeless.

He had never felt more disappointed.

He couldn't believe his mother was so brutal.

He also thought she was evil and cold-blooded.

This was the kind of person that he hated most.

Edmund's face was bloodless in an instant. He turned pale and looked lifeless.

Other people started to whisper to each other

"What! They're really her uncles. It seems that Oneida didn't cheat on her husband."

"Tatiana is so cruel. She framed her daughter!"

"She not only betrayed his daughter but also abandoned her little brothers."

"They were just little kids back then. She just left them in an orphanage. They must be miserable."

"Isn't Tatiana a scumbag? How did she do those things?"

"Just thinking about it makes me furious. How could she treat her brothers so brutally?"

"I desperately want to tear her apart!"

Tatiana could hear all their conversations.

The situation was completely different now.

Oneida was the target just now but now everyone hated Tatiana,

Tatiana subconsciously clenched her fists and her face darkened

She suppressed her anger and said flatteringly to her brothers, "You... I'm sorry. You must have had a hard time in the orphanage. I will do everything I can to help you and make your lives easier in the future. I'll make amends for the past." Hearing this, Jacob sneered coldly.

He raised his hand and slightly lifted the brim of his baseball cap, with a trace of disdain in his cold eyes.

He found Tatiana's words ridiculous and amusing.

He thought, 'Help us and make our lives easier?'

'Do we still need that?'

Suddenly, Charles said coldly with a meaningful smile, "You want to help me? How are you going to do that?"

Samuel didn't say anything but clamped his lips tightly together

Hearing this, Tatiana felt embarrassed.

What she said just now was only out of useless politeness.

After all, so many people were staring at her. She had to say something to save her reputation.

Unexpectedly, her three brothers were serious about it.

A trace of contempt quickly flickered across Tatiana's eyes.

Sure enough, they were here to collect debts.

Now, to Tatiana, they were just poor relatives who wanted to take advantage of her.

She thought, 'I don't really mean it but these people are serious!

"They are so desperate for money!"

Nathan's face darkened and he suddenly said with a serious look "We won't use the Chaser family's money to help strangers."

Hazel hastily added, "Yes, they're your brothers. They have nothing to do with the Chaser family. We don't have to help them."

To Nathan and Hazel, the three brothers of the Lowe family were also poor relatives who wanted to take advantage of the -Chaser family. How could they give their money to anyone out of the Chaser family? They would never allow this kind of thing to happen.

The Second Act 372

Chapter 372

The next second, a burst of mocking laughter rang out in their cars.

It was coming from Jacob, his lips curling up in a sarcastic arc.

He narrowed his eyes and looked at Tatiana and Nathan disdainfully as if he had heard a funny joke..

"Charles, Samuel, it seems that they are unwilling to help us Job said, smiling and pretending to be annoyed.

Charles smiled as well.

His handsome face had a flash of coldness..

"Wait!" Suddenly, a sharp female voice sounded in the hall. "Are you Charles?"

"It's Charles" another young woman screamed loudly.

Upon hearing this, many of the guests in attendance who were familiar with the entertainment industry looked closely at the three brothers of the Lowe family. They found that the one standing in the middle was indeed Charles.

They were surprised.

This superstar with a huge fan base and a beautiful face was right in front of them!

It really was Charles. Someone even rubbed his eyes in disbelief

"Charles, it's... Someone covered his mouth excitedly.

"Oh, my God... A young woman in an expensive dress ran over, holding the hem of her dress, and looked at Charles with a flushed face.

Seeing this, Jacob quickly stretched out an arm to block the girl and said with an arrogant smile, "Miss, don't get excited. My brother doesn't like physical contact."

He was like a ruthless security guard around the superstar, tasked with keeping Charles' female fans from approaching.

The young woman began to calm down, but her hand still covered her mouth.

She was too excited.

The other young women all screamed, and the scene was chaotic for a while. If Jacob hadn't blocked the young woman, the others would have rushed over. Tatiana frowned in confusion.

She did not understand why Charles could have these women in such a state of excitement.

They seemed to admire Charles very much.

Tatiana paid little attention to entertainment news or celebrities, so she didn't know that her brother had already become a popular star.

Nathan and Hazel were also confused.

But Jennifer and Edmund knew the reason.

They were both young."

So it was not long before they realized that the man before them was the superstar Charles.

"Oh my God, can I have your autograph, Charles?" shouted the young woman who had rushed up to Charles. She was jumping with joy.

Even though she was being blocked by Jacob, she still felt a great deal of enthusiasm and excitement.

91%

"Ah, I want it too!" shouted one of the young women on the side who got even agitated when they heard that. "We want an autograph, too!" Hearing this, Charles slightly narrowed his eyes.

He was accustomed to the scene, but also very tired of it.

"I'll do it later," he replied in a low voice.

He looked off into the distance.

At this moment, he was really not in the mood to sign for them

The young woman was not angry at all when she heard this.

She nodded violently with a smile in her eyes. "Okay... Whenever you want..."

After saying that, she turned her head and looked at Tatiana and Nathan with stern eyes.

Under her gaze, Tatiana suddenly felt a little guilty for no reason

The young woman was a guest at today's birthday party.

She came from a wealthy family, much richer than the Chaser family. Tatiana would never dare to offend her.

At this point, the young woman in a luxurious dress narrowed her eyes and frowned. Her eyes were cold and full of contempt as she said, "Madam, are you out of your mind? Charles is a big star, one of the top celebrities the Forbes list.

He makes nine figures every year. Who do you think you are? How dare you say you would help him with the money? Can you afford it'

Hearing this, Tatiana was stunned.

She

widened her eyes in disbelief and subconsciously looked at Charles not far away.

At this moment, she suddenly realized something.

Her brother was really made to be a star.

In every movement he made, he looked noble and graceful.

'Charles has really become a superstar?" she asked herself.

That's right! The other young men reacted immediately and looked at Tatiana angrily. "Charles is a big star with lots of money, countless liury houses and cars. Why would he want your money?"

That's right. He is much richer than you are, yet you despised him and mocked him..."

"You are so funny. You pretended to be generous, but you ended up getting a real slap in the face."

"He doesn't need your help at all. This is so hilarious."

Nathan heard these words, and even his shoulders began to tremble with anger.

Hearing this, even Oneida couldn't help laughing

Her lips slightly curled up, and there was a faint smile in her eyes.

Jackson was standing beside her, looking at those people coldly

Tatiana was about to explode in rage.

Her lips twitched. She wanted to say something, but she didn't know how to retort.

And that made her face look a little distorted right now.

"Charles. Finally, she gruted her teeth and called out his name. Her face slowly turned livid, "How could you... say that?"

She clenched her fists and continued sternly, "What's so great about being a star? You think your job is so noble and proud?" Her eyes were widened.

Charles glanced at her coldly, his eyes filled with anger.

He hadn't expected Tatiana to respond to his words like that.

She was so sharp-tongued, but her words had hurt his feelings.

He opened his mouth and was about to say something.

But there was a sound of footsteps next to him.

It was a middle-aged man in a black suit.

"Dad, what are you doing here?" asked the young woman standing in front of Charles and asking him for an autograph. She turned her head to her father. The middle-aged man didn't look at her but was looking at Samuel

His eyes were full of awe and respect.

"Mr. Lowe, it's really you. I thought I was wrong..." he said with surprise. Then she subconsciously took a deep breath.

The young woman blinked in confusion.

Her father actually knew Charles brother. That must be fate!

The rest of them fell into a shocking silence.

They looked at Samuel and the man in disbelief.

This middle-aged man was one of the strongest big shots in the room.

He was rich and powerful.

But he was being so respectful to a young man.

Chapter 373

Who on earth was this Samuel?

Even a big shot like that showed him such respect.

This surprised everyone, especially Tatiana.

She froze in place and looked at the scene in front of her with a puzzled face.

This big shot was the most powerful one here.

No one dared to offend him.

If it weren't for the fact that Jennifer was close to his daughter, he would not have bothered to come to the banquet.

Tatiana wondered, "Why is he so respectful to my brother?"

Samuel didn't say anything, and his face was still cold.

He pursed his thin lips tightly and nodded politely to the middle-aged man.

Samuel had been in the business for a long time and had met a lot of people.

However, he didn't remember every one of them.

He thought, I might have worked with the man before.

I don't have a special impression of him.

As Samuel was lost in thought, the middle-aged man turned his head to Nathan and Tatiana and said sternly, "Do you know who he is?"

He pointed at Samuel and said seriously, "This is one of the best entrepreneurs in Hestrya. His company has a presence in all parts of the country and even in overseas countries. He is much better than I am....."

"But you cold-shouldered him, letting him stand here. The man frowned, his voice cold and angry. "And you even arrogantly said that you wanted to help him. This is ridiculous!"

The more Nathan thought about it, the more annoyed he became. He seemed to be drained of his strength and leaned lazily to the side. Fortunately, Hazel held him. "Are you okay? Is it serious?" Hazel frowned as if she was about to cry.

"Grandpa..." said Rachel worriedly, supporting Nathan

But her mind had drifted.

She hadn't expected that Oneida's uncles would be so excellent and powerful.

She had heard about Charles' name.

Chapter 373

Her sister Yuliana seemed to be a huge fan of him.

She had also heard about Samuel.

She just didn't know that he was so powerful that even the big shit would respect him so much.

They were Oneida's uncles.

How could Oneida suddenly have uncles like that?

Rachel felt jealous.

Her hatred for Oneida grew more intense after what had happened.

But who would have thought Oneida could be so fortunate and have so much?

Jennifer felt the same way Rachel did.

She thought, 'Oneida has an uncle who is a big star and an uncle who is a powerful president. Why didn't I know this before?'

Thinking that Oneida was spoiled by such excellent uncles, she couldn't help feeling jealous. No.

They are not only Oneida's uncles but also my uncles.

Maybe I can try to get close to them.

To bond with them.

They deserve the effort, right?

Perhaps they will accept me and care for me too!

Jennifer's eyes lit up slightly, and she thought this idea was great.

"Dad, are you okay?" Lucas asked in a low voice.

He was worried about Nathan, who still looked weak.

He was still in a state of surprise.

He hadn't expected his wife's brothers to be powerful and famous.

For a moment, he didn't know what to do,

Nathan shook his head to signal that he was fine, but his eyes were dim, and he looked dying.

Tatiana was still trying to process what she had just heard.

She blinked and stared fixed at her brothers in front of her.

She thought, They are successful now.

They are all promising.

They have achieved more than I have expected.

He looked at Tatiana not far away and said, "I want her to apologize to Oneida and Charles"

Just now, Tatiana had framed Oneida with the photos and had insulted Charles.

Samuel had to get her to make a sincere apology to them.

An inexplicable sadness spread in her heart.

"What are you waiting for?" urged the middle-aged man with a frown, as he was not happy with Tatiana dawdling.

She smiled self-deprecatingly and then walked to Oneida.

Oneida's expression didn't change much.

She stared at Tatiana before her coldly and silently. Her eyes remained indifferent.

Tatiana put on a fake smile and her eyes were dim.

But instead of apologizing, she pounced on Oneida like a madwoman.

Seeing this, everyone was shocked.

Who would have thought that Tatiana would refuse to apologize and suddenly pounce on Oneida?

Oneida's face didn't change much.

Although the current situation was beyond her expectations, she had the confidence to deal with it.

Her eyes darkened slightly, and she dodged flexibly.

It took a second to manage to avoid getting hit by Tatiana

Tatiana fell heavily to the ground, but she didn't feel any pain.

She propped up and glared at Oneida with intense hatred in her eyes.

'Oneida, sometimes...' she yelled loudly. "I wish you were dead."

With that, she burst out laughing, and soon tears ran down her face.

Oneida felt that something was wrong with Tatiana.

She seemed to be crazy after what had happened just now.

"How are you? Are you okay?" Jackson walked to Oneida with concern

Oneida shook her head, her eyes still fixed on Tatiana.

Seeing this, Jennifer couldn't help shaking her head.

She thought, Mom, why are you doing this?

Edmund frowned deeply.

After all, Tatiana was his mother. Seeing Tatiana's crazy and helpless appearance, Edmund couldn't help but worry about

He told Tatiana that he had always treated her as a friend and was willing to pay her to make up for what he'd done.

Tatiana did not accept the offer.

She didn't want money. She just wanted to marry him.

After that, she looked forward to becoming pregnant.

But things didn't turn out the way she wanted. She wasn't pregnant.

But Jenny's belly slowly grew bigger. Afraid that Lucas would find out, she hid somewhere alone.

During that time, Lucas was frantically searching for her, but didn't find her.

For Lucas, Jenny had left without saying goodbye. He couldn't understand it and just wanted to find her.

Her plan was that if she did get pregnant after that one night, he would pretend to be pregnant.

So, Tatiana pretended to be pregnant. She bribed the doctor and told Lucas about it.

Lucas was dumbfounded.

He didn't know how to deal with it.

His reason told him that he had to get rid of the child.

He was still looking for Jenny, the woman he loved.

That night with Tatiana was a big mistake, and so was this fetus.

But it was a child anyway.

And he couldn't bear to get rid of it.

Tatiana was crying and saying that if she couldn't have the baby, she would kill herself.

Lucas finally compromised. He took care of Tatiana and the baby while looking for Jenny.

However, there was something he didn't know.

Jenny had already been hidden by Tatiana in a place he couldn't find, and she was pregnant with his child.

Jenny didn't know her best friend was pretending to be pregnant and planning to take her baby.

While disguising herself as a pregnant woman, Tatiana secretly put some herbs in Jenny's food.

The herbs would cause bleeding during childbirth.

Tatiana wanted to kill Jenny.

She wanted Jenny's child, so Jenny had to die.

Soon, it was Jenny's due date.

Tatiana had sent Lucas away days ago before that. She pretended to have a premature birth and was admitted to the hospital.

Then Jenny's child was carried into her delivery room.

Jenny gave birth to a very beautiful girl

Her eyebrows and eyes looked like Jenny's and Lucas. She had beautiful facial features.

Tatiana was not happy at all.

He instantly put all his strength into the search for Jenny.

Unfortunately, the result was the same.

Finally, after a long struggle, he decided to do what Jenny had asked him to.

He married Tatiana.

Besides, Tatiana had given him a daughter.

It was understandable for them to get married.

He decided to do this because of his sense of responsibility and Jenny's last words.

That was what really mattered to her..

However, she didn't like the child

Because it was Jenny's daughter.

Whenever she thought of the child, she would think of Jenny.

The child was a reminder to her of what she had done.

It also reminded her of the grudges between her and Jenny.

Sometimes. Tatiana even had an impulse to strangle the baby in cradle

After all, she had married into the Chaser family

This child, her stepping stone, was useless

Since then, why not kill her?

But the thought was a fleeting one

Tatiana didn't dare to do it.

Her status in the Chaser family was not stable. If the child died unexpectedly, the situation would be bad for her.

So she could only raise the child and wait.

She had only seen the baby once when it was brought to her delivery room. The baby spent the rest of the time in the hospital with a nanny,

It was not until Tatiana grived in with the Chaser family that the child was returned to them.

Lucas and the Chaser family had never seen the child before. They all loved her and couldn't bear to put they first met her.

her down when

But Tariana found something wrong

This child seemed to be different.

Although most newborn babies look similar, Tatiana clearly remembered that the girl had unusually beautiful features.

This baby had similar features and was beautiful as well.

But there was a slight difference from the one she had seen.

The baby had been swapped!

Tatiana soon realized this.

But since it was the first time the Chaser family, including Lucas, had seen this child, they didn't see the difference. Only Tatiana found out.

She quickly identified the suspect.

The most likely person to have done this was the nanny who'd been looking after the baby in the hospital.

In fact, she just picked this nanny randomly.

She heard that the nanny had just given birth and was a little out of shape, but she was good at taking care of babies. The nanny had also moved in with Tatiana.

She looked very,cali, not guilty at all.

When Tatiana recalled that the nanny had just given birth to a child, an idea began to form in her mind.

Maybe the nanny had switched the babies while she was gone.

Jenny's child was taken away.

And this baby was the tranny's daughter.

Tatiana thought that the nanny was very stupid and naive, because the babies looked different and it was very easy to figure out what she had done. However, Tatiana didn't expose her.

She was happy to see this happen actually.

She didn't like Jenny's child, and she was glad to see it taken away.

She considered herself lucky.

The child who disgusted her finally disappeared,

And the nanny's child looked quite cute to her.

She didn't mind raising her.

Later, Lucas named the child.

It was Jennifer Chaser. Jennifer was similar to Jenny, the woman he loved.

When Tatiana heard the name, she felt disgusted.

But Lucas insisted and there was nothing she could do.

Fortunately, she thought, Jenny's child had disappeared and no one knew where it had been taken by the nanny.

Otherwise, Tatiana would be even more disgusted.

However, she had never thought that the child would be found many years later.

Standing in the lobby of the Chaser residence, Tatiana finished the story.

She was quite articulate even though she looked crazy.

She had suffered for many years from having to keep the secret

After so much hate, she finally got where she was, but now she was everyone's joke

Tatiana found all this very ironic.

As she tearfully recounted the hidden past, she looked fragile and crazy

Everyone heard her words.

Then, they all fell silent.

So did Oneida.

She froze in place, looking indifferent and emotionless.

But Jackson noticed her clenched fists.

Her knuckles stuck out and turned white.

He pursed his lips and said nothing.

Chapter 376

He knew Oneida would need time to process this story.

Oneida was momentarily shocked and then relieved.

She thought. It turns out that Tatiana is not my biological mother.

'She killed my real mother.

How ridiculous.

But that explains everything

No wonder Tatiana doesn't love me.

"She has never cared for me and even wished me dead.

She has been just as bad to me as she has been to Jennifer.

'Between Jennifer and me, she always chooses Jennifer.

I have mistaken her as my mother the entire time.

In fact, she is not my mother and she even hates me to the bone.

A trace of pain crossed Oneida's eyes.

Today, her two-life-long questions were finally answered.

Tatiana was such an evil person.

Her ruthlessness was beyond Oneida's imagination.

In order to marry into the Chaser family, she went out of her way and even killed an innocent person

How could she do that?

Hearing Tatiana's words, Lucas froze.

He looked as if he had lost all hope.

He clenched his fists, looking pale and confused.

These old stories undoubtedly dealt a huge blow to him.

He thought, Jenny is dead. Why did this happen? I thought she might be living a peaceful life in a city I don't know.

Who would have thought that Jenny had already died?

She died because of Tatiana.

And Oneida was Jenny's biological daughter

Everything was calculated carefully,

Lucas felt that it was like a dream. It was too unrealistic.

How magical it was!

"Tatiana!" After a while, Lucas came back to his senses. He walked quickly to Tatiana and sad apply. "Are you siting the Truth?"

He muttered his lips, and his eyes were red.

Tears seemed to well up in his eyes.

Lucas was about to cry, with pain and suffering spreading in his heart.

Tatiana's eyes were a little blurred. She laughed and was about to fall "Of course, it is true. Why did I lie to you."

She cried and laughed. Her mood was very unstable. "What's wrong? Can't you believe But that's the truth

Lucas finally burst into tears.

At that moment, he only felt heartbroken.

God played a big joke on him.

He married the woman who killed Jenny and had a son with her.

And Jenny had passed away long ago.

Jenny gave birth to a child but was swapped by a nanny and had been living outside for so many years.

"Tatiana!" Lucas wiped the tears from the corner of his eyes with his hand. His eyes widened and filled with anger. You really deserve to die!" After saying this, Lucas suddenly raised his arm quickly.

don

A heavy slap landed on Tatiana's face.

Tatiana was beaten so hard that she fell to the ground, which showed how powerful this slap was.

She frowned, and there was a look of pain on her face. It burned with pain

Tatiana seemed to have lost the ability to react. She sat dumbfounded on the ground with her eyes empty.

There was an awkward silence,

Everyone seemed to hold their breath and didn't dare to say anything.

Who would have thought that Tatiana would suddenly expose the old stories!

She told such a secret to everyone present.

Everyone was surprised and angry.

People like Tatiana were extremely vicious.

How could she be so bad?

Now that Lucas slapped her, many people were applauding in their hearts.

Tatiana deserved it!

She didn't deserve to die!

Edmund watched the scene motionlessly, and he hadn't come to his senses yet.

The impact of these things was so great. After all, he was just a high school student and it was really hard for him to accept it

He couldn't believe that his mother was such a person....

Even though he was dissatisfied with her and disappointed in her, he didn't expect that she would do such an unreasonable thing. Ednrand felt as if his faith had collapsed

He couldn't accept that his mother was such a person.

Jennifer didn't change much. She looked at all this indifferently and her eyes were cold.

For Jennifer, these things had nothing to do with her, so she didn't care.

Her biological mother was already dead.

She didn't care about the bloody story between Tatiana and Oneida.

At that moment, Tatiana, who fell to the ground, trembled and raised her head slowly.

She looked at Lucas sadly and her expression was ferocious. "Lucas, I know you never loved me! So, this is what you deserve!" Your beloved woman has died in my hands... Halfway through, Tatiana laughed loudly again and burst into tears.

She must be insane.

She didn't look like a normal person at all. Lucas was so angry that he almost fainted.

Fortunately, he stabilized himself in time.

However, Lucas was so furious that his face turned purple and he didn't look well.

Edmund's eyes darkened and he said firmly. "Dad, I mean it is not worth being angry with such a person."

The boy's eyes were cold.

He glanced at Tatiana and said, "She looks crazy. We'd better sell her to a mental hospital for treatment."

Hearing this, all the people present were surprised.

Who would have thought that Edmund was the first one to stand up for justice?

Edmund wanted to put his biological mother in a mental hospital

Yeah, he was so courageous.

For Edmund, he was completely disappointed with his mother.

She was wrong. She deserved to be punished.

She should spend the rest of her life confessing.

Hearing his son's words, Lucas was stunned for a moment and then nodded hurriedly. "You are right. She is crazy! She should be locked up! Or she will go crazy again!" Oneida didn't know how she left the Chaser residence.

After Tatiana was dragged out of the hall, Oneida became a little distracted.

Seeing that she was in a bad mood, Jackson took her hand and left quietly. When Oneida reacted, she was already in Jackson's car.

Jackson sat beside her and looked at her quietly,

He looked calm and concerned.

"I think..." Oneida pursed her lips and suddenly said, "My life is like a joke..."

"Why do you think so?" Jackson frowned and asked softly.

"The thing I'm looking for doesn't exist at all." Oneida smiled self-deprecatingly, and there was an inexplicable sadness between her eyes..

On the one hand, Oneida's life was successful.

She was rich and powerful, and she met a man like Jackson.

But, on the other hand, she was a failure.

She had longed for maternal love. Yet, it turned out that her mother died long ago.

What kind of person would her mother be....

Oneida would never know.

There seemed to be complicated emotions in his eyes.

Just then, Oneida's cell phone suddenly rang, breaking the delicate silence.

Oneida lowered her head and took out her phone..

Charles' phone number was displayed on the screen..

Oneida thought, Uncle Charles... No!

A trace of darkness crossed Oneida's eyes.

Charles replied helplessly, "Okay. Here you are."

With that, Jacob snatched his phone away.

"Yeah." Somehow, Oneida seemed to be in a better mood inadvertently. Her eyes were filled with smiles. "Are you so anxious to talk to me?"

After all, in addition to Lucas, Oneida was the most affected by this matter.

Lucas could hardly bear it. Jacob was worried that Oneida would also be heartbroken, so he could not help but say this.

She was still smiling, but the smile didn't reach her eyes.

Cere seemed to sense the creepy aura of Oncida.

She paused subconsciously, and a strange emotion flashed in her eyes.

She thought. Why does Oncida look at me like that

Oneida glanced at her lightly and looked indifferent. "Since your back, go back to your room and have a good rest"

Cere's eyes widened.

What did Oneida say?

Oneida was willing to let her stay in Garrison Mansion?

It was weird.

Cece felt something was wrong.

But, anyway, Cece got what she wanted.

Cece came back this time to stay in Garrison Mansion for her convenience.

She had reached an agreement with Jonas that she would work for him, and Jonas would help her be with Jackson.

Therefore, in order to come back, she deliberately made herself a mess and got dirty all over. She even poured cold water on herself and had a fever on purpose. She did all this just to come back.

She thought that Jackson might soften his heart and let her stay when he saw how pathetic she was.

Unexpectedly, Jackson didn't say anything, but Oneida agreed to let her stay first.

What the hell was Oneida up to?

Cece stopped thinking about it and just nodded weakly at Oneida "Okay... Then I'll go back to my room..." With that, she stood up with difficulty. She was a little unsteady, as if she would fall down at any time.

The servant on the side hurried forward to help her.

Then Cece left with the help of the servant.

Only Oneida and Jackson were left in the hall.

Jackson turned his head and stared at Oneida. "You..."

He wanted to say something but stopped. Finally, he asked, "You don't mind?"

He didn't expect that Oneida would offer to let Cece stay.

Oneida chuckled in a low veler, "Let's wait and see first..."

Jackson frowned and didn't say anything.

He didn't understand what Oneida meant by "wait and see"

What did she want to see

"What do you mean!" Jackson slightly raised his lips and said the words. Oneida smiled and said nothing.

She just felt that there was something wrong with Cece's sudden geturn. There might be something hidden in it.

In that case, it was better to let Cece stay and see what she was up to.

She would eventually reveal herself.

That was what Oneida thought.

The next day.

Oneida got a call from Edmund.

"Oneida,

are you

okay?" Edmund's voice was cautious, as if he was afraid that Oneida would be sad or angry.

90

Oneida said in a relaxed tone, "What's wrong? Are you worried about me? I'm fine... Don't worry.

Hearing this, Edmund finally relaxed.

Oneida was in better condition than he had expected, so he was at ease.

Oneida was not Tatiana's daughter, but to Edmund, Oneida was still his biological sister and half-sister.

Their blood ties would never end.

"It's good that you are not unhappy... Edmund replied in a low voice, and then he suddenly changed the subject. "By the way, Oneida, Mom... "Mom and Dad divorced

Edmund expounded this fact very calmly. His tone sounded unchanged at all.

Oneida was not surprised at this result.

Lucas must have hated Tatiana so much that their marriage could not go on. Divorce was inevitable.

However..

Edmund should be the most affected one in this matter,

But to Oneida's surprise, Edmund sounded calm and didn't feel sad.

The doctor said that she is indeed mentally ill and shows signs of splitting. She may not be able to get out for a while." "Dad is in a bad mood now... Edmund said methodically. "He won't be able to get over it for a while. He wants to go traveling

Oneida thought there was nothing wrong with it.

Lucas might have hurt more than her.

It was normal that he couldn't accept it for a while.

Maybe it was a good thing for him to go traveling.

"Then let him do it. Oneida said lightly.

Edmund said, "It's not a short trip... Dad means he's going to travel around and probably won't be back for a long time.

"Then there will be no one left at home but... Edmund's voice finally fluctuated.

Oneida was also slightly stunned.

According to Edmund, Lucas was ready to give up everything and travel around the world alone, while Tatiana had been sent to a mental institution...

Now, there were only Edmund and Jennifer left in Quakersville.

Edmund, who was only eighteen years old and preparing for the SAT, didn't expect such a big change in his family.

His parents divorced. His father ran away

ay from home, and his mother went crazy...

Edmund still looked so calm now, which proved that his mental quality was strong

"Edmund." Oneida couldn't help but call Edmund in a low voice "No matter what, I am still your sister. I will stand by your side."

Hearing this, Edmund smiled and nodded. "I know, Oneida. You don't have to worry, me. I'm fine. I just want to take the SAT as soon as possible and grow up quickly..." They chatted casually for a while before hanging up the phone.

Oneida had a class today. She went to the dining room for breakfast and then rushed to school without stopping.

In fact, for Oneida nowadays, it didn't matter whether she went to school or not

After all, she couldn't learn anything at Imperial Star University

She knew everything and she didn't need to be taught.

Besides, she went to Imperial Star University to slap Tatiana in the face.....

Now things had changed. Tatiana had gone mad, and Oneida had entered the Starlight Class...

School seemed unnecessary to her.

After Oneida left Garrison Mansion, Cece walked out of her room.

She knew that Oneida had left and Jackson was still in the villa.

This was the opportunity she had been waiting for.

After a whole night, Cece had changed into new clothes. She didn't look embarrassed anymore and her fever had subsided.

She looked much more energetic.

For Cece, it was a desperate attempt. There was no turning back

She wanted to stay with Jackson, so she had no choice but to make a deal with Jonas.

Cece clenched her fingers and walked towards Jackson's study calmly.

She knew Jackson was there.

Thinking of what she was going to do later, she couldn't help feeling a little nervous and her face turned pale.

It didn't take long before the door was opened.

Jackson's tall figure suddenly appeared in front of her.

Jackson was wearing a snow-white shirt. His handsome facial features were silent and cold. He stared at Cece motionlessly.

"What's the matter?" Jackson's tone was indifferent, showing no emotion.

However, Cece obviously felt that Jackson's attitude towards him seemed to have changed.

Jackson had treated her politely before.

However, now she didn't keep her promise and went back to Garrison Mansion without permission.

Jackson seemed to be more indifferent toward her.

Cece's eyes suddenly darkened.

"Jackson, do you..." She was a little hesitant and embarrassed. She frowned tightly and asked intermittently, "Do you think I am annoying?"

Jackson didn't change his expression. He lowered his eyes and said indifferently. "I don't like people who break their promises."

Even though Oneida didn't mind it, he really disliked such behavior in his heart.

Jackson was a decisive person who would not change once he made up his mind. This time, Cece broke her promise and came back, which to some extent touched Jackson's bottom line. Jackson wouldn't have allowed Cece to stay in Garrison Mansion if Oneida hadn't asked Cece to stay.

Jackson's eyes darkened, and his emotion fluctuated inexplicably.

Even though the girl in front of him was Cece...

Cece gave him unique and beautiful memories. Yet, he couldn't continue to treat her nicely.

After they got along so many times, his good impression of Cece in childhood seemed to have worn away.

Then he kept silent for a moment and asked, "What the hell do you want?"

'Cece

He called her name again in a very pleasant voice.

"1. Cece raised her eyes to look at him, looking slightly confused.

What did she want?

She naturally wanted to be with him, forever.

She came back to complete the deal with Jonas so that she could be together with Jackson.

But she couldn't tell any of these to Jackson.

These were secrets.

Cece looked at her fingers subconsciously.

There was white powder in the crevices of her fingernails.

The powder was given to her by Jonas

Jackson's indifferent voice made Cece come back to reality.

Seeing that she was in a daze, Jackson called her name.

Jackson, L. Cece parted her lips and suddenly.... She reached out and quickly held Jackson's wrist.

The powder from her fingernails fell on Jackson's skin.

The powder was colorless, odorless, and very light.

y were almost non-existent.

They penetrated through the pores of the skin slowly without leaving a trace.

Before Jackson could say anything. Cece quickly withdrew her hand.

It seemed that nothing had happened.

"L... Cece mumbled with a guilty conscience.

Just now, she finally did what Jonas asked her to do.

She sprinkled the powder on Jackson's skin.

According to Jonas, the powder had hallucinatory mental effects. They slowly seeped through the pores of the skin and entered nerve cells.

This kind of powder would make Jackson forget who he really liked and fall in love with a specific person.

For example, Cece.

Jackson might forget Oneida and fall in love with Cece.

At first, Cece didn't believe it.

She didn't believe there was such a magical thing that could influence people's emotions.

TEL

However, Jonas' tone was so firm that she had to believe it.

Perhaps she could give it a shot.

If it wasn't true, at least she tried.

As long as Jackson could forget Oneida, it would be worth it

However, Cece didn't know what Jonas wanted.

Jonas only asked her to sprinkle the powder on Jackson's skin so that he could make Jackson fall in love with her.

But since it was a deal, what did Jonas want?

She still couldn't figure out what Jonas' purpose was.

The current plan seemed to be only good for Cece.

"What the hell do you mean?" Jackson frowned slightly and asked in a cold voice.

At the same time, Jackson raised his arm and took a look at where Cece had just held him.

He was a clean freak and didn't expect that Cece would suddenly reach out her hand to touch his wrist.

Therefore, Jackson looked a little cold at the moment.

He was angry.

"I just couldn't help it. Cece waved her hand and explained subconsciously, "If you don't like it, I won't touch you again.

Jackson thought Cece was a little weird today.

However, there was no way to explain why.
