## Secret Identity 1-5

### Chapter 1

The luxurious Xiao family villa was brightly lit.

Tonight, it was the 70th birthday banquet of the owner of the Xiao family, Old Mrs. Xiao.

A number of grandchildren, granddaughters, and sons-in-law served up luxurious gifts.

"Grandmother, I heard that you love tea, this hundred year old Pu'er tea brick is worth half a million dollars, it is a birthday gift for you."

"Grandmother, I heard that you believe in Buddhism, this jade Buddha is carved from Hetian jade and is worth seven hundred thousand."

Old Mrs. Xiao looked at all kinds of gifts and laughed openly, the whole family was happy and joyful.

At this time, Mrs. Xiao's eldest grandson-in-law, Ye Chen, suddenly spoke up and said, "Grandmother, can you lend me a million, Auntie Li from the orphanage has uremia and needs money for treatment."

The entire Xiao family was in shock.

Everyone was looking at Ye Chen with incredulous eyes.

This door-to-door son-in-law was too bold, right? Not only did he not prepare any gift for the old lady's birthday, but he even had the audacity to ask her for a loan of a million dollars? Remember the URL .kanshu8.net

Three years ago, the old man Xiao, who was still alive, found Ye Chen from nowhere and insisted on marrying his eldest granddaughter Xiao Churan to him, who was penniless at that time, just like a beggar.

After they got married, the old man left the world, and since then, the Xiao family has been trying to get rid of him.

However, Ye Chen is calm and unmoved by others' insults, so he has been working as a son-in-law in the Xiao family.

Today, he asked the old lady to borrow money, but he had no choice.

Auntie Li from the welfare institution who took him in and saved his life had uremia and needed at least one million for dialysis and kidney transplant, so he really had no choice but to ask the old lady for the money.

He thinks that today is the old lady's big birthday, and if she is happy, she might be willing to help.

Unexpectedly, Old Mrs. Xiao was laughing one second, and this second, she immediately pulled down her face.

She slammed the teacup in her hand to the ground and shouted angrily, "Bastard, are you here to wish her a birthday or to borrow money?"

Ye Chen's wife Xiao Churan hurriedly stepped forward and explained to the old lady, "Grandmother, Ye Chen doesn't know anything, don't take offense."

Saying that, she was about to pull Ye Chen to the side.

At this time, Xiao Churan's cousin, Xiao Weiwei, sneered at the side and said, "Sister, look at what kind of trash you're marrying! Yun Fei and I were only engaged and not yet married, Yun Fei gave Grandma a Hetian Jade Buddha, but you're a good husband, you didn't bring any gifts, and you still have the face to ask Grandma to borrow money!"

"That's right, Brother Ye Chen, we're both the Xiao family's grandson-in-law, and you're a real failure at doing things, your eldest grandson-in-law!"

The man who spoke was Xiao Weiwei's fiancé, the young master of a big local family, Wang Yunfei.

Although Wang Yunfei was about to marry Xiao Weiwei soon, in his mind, Xiao Weiwei's posture was a hundred thousand miles inferior to Ye Chen's wife, Xiao Churan.

Xiao Churan was a famous goddess in the entire Jinling, but seeing the goddess married to this one wimp, Wang Yunfei was also very upset in his heart.

"This kind of trash, it's best to get out of our Xiao family while it's still early!"

"Exactly! The Xiao family's face has been disgraced by this guy!"

"I think it's true that he borrowed the money to deliberately spoil the old lady's birthday party!"

Ye Chen could not help but clench his fists when he saw that the entire Xiao family was targeting and abusing him.

If it wasn't for raising the medical expenses for the person who saved his life, he would have already turned around and left this wrong place.

However, thinking of his father's teachings to him since he was a child, which made him repay his dripping grace with a spring, he suppressed the humiliation in his heart with great effort and said to Old Lady Xiao, "Grandmother, saving a life is better than creating a seven-stage pagoda, please be merciful."

Someone snorted and scolded, "Surnamed Ye, you don't need to give grandmother here to pour in soul soup, if you want to save someone you should think of your own way, let grandmother pay to help you save someone, what are you?"

The one who spoke was Xiao Weiwei's own brother, Xiao Hailong.

They, siblings, had always had a big problem with Xiao Churan who was superior to them in every aspect, so they loved to seize the opportunity to ridicule Ye Chen.

Xiao Churan on the side had an embarrassed expression and said, "Grandmother, Ye Chen he lost his father at the age of eight, it's Auntie Li from the orphanage who brought him up, he wants to repay his kindness out of a grateful heart, please help him."

Old Mrs. Xiao said with a dark face, "Let me help him? Fine, unless you divorce him and marry Mr. Zhang, and if you do, I'll give him a million dollars right away!"

The Mr. Zhang that the old lady was talking about was Mr. Zhang Wenhao who had been pursuing Xiao Churan, the Zhang family was an upper class family in Jinling, much more powerful than the Xiao family, and the old lady had always wanted to suck up to him.

At that moment, the butler ran in at a step and said loudly, "Mr. Zhang Wenhao Zhang has sent a birthday gift! A Buddhist medallion carved from old pit jadeite, worth three million dollars!"

Old Mrs. Xiao was so overjoyed that she blurted out, "Quickly bring it here, let me see!"

The family immediately handed over an emerald green emerald Buddha medallion, and everyone present let out a sigh of relief.

This emerald Buddha medallion was bright green and crystal clear, without a trace of impurities, it was of the finest quality at a glance.

Wang Yunfei, who had sent the Hetian Jade Buddha, saw the emerald Buddha medallion and couldn't hang on to it, not expecting this Zhang Wenhao, who had nothing to do with the Xiao family, to be so generous!

Old Mrs. Xiao was happily playing with the emerald Buddha medallion and said happily, "Oh my, Mr. Zhang is so kind! I'd be dreaming of waking up laughing if he could be my granddaughter-in-law!"

After saying that, she looked up at Xiao Chu Ran: "How is it? Do you want to consider my terms?"

Xiao Choran shook her head, "Grandmother, I won't divorce Ye Chen."

Old Mrs. Xiao's expression instantly turned hazy as she angrily scolded, "Give me face! I'm gonna hang myself on this piece of shit! Get this piece of shit out of here! This loser will not be allowed to attend my birthday feast!"

Ye Chen was completely disappointed in the Xiao family and had no face to continue staying in the Xiao family at this time, so he said to Xiao Churan, "Churan, I'm going to the hospital to see Auntie Li."

Xiao Churan busily said, "Then I'll come with you."

Old Mrs. Xiao scolded at this time, "If you leave too, I won't have a granddaughter like you in the future! You take your father and your mother and get out of the Xiao family with this trash!"

Xiao Churan looked startled, not expecting the old lady to say such harsh words.

Ye Chen was busy saying, "You stay, don't mind me."

Saying that, without waiting for Xiao Churan to return to her senses, he turned around and walked out.

Xiao Hailong laughed behind him, "Oh my good brother-in-law, you left hungry, you won't go begging for food on the street, will you? If that happens, you'll lose all our family's face. I still have a dollar here, go buy a steamed bun and eat it!"

Xiao Hailong said, and pulled out a coin and threw it at Ye Chen's feet.

The entire Xiao family laughed loudly.

Ye Chen bit his teeth and left the Xiao family without turning back

Rushing to the hospital, Ye Chen immediately went to the payment office and wanted to communicate with the hospital to delay the medical expenses for another two days.

However, when he asked the nurse, he was suddenly told that Aunt Li had been sent overnight to the best Concord Hospital in Yanjing for treatment.

Ye Chen was shocked and hurriedly asked her, "How much does this cost? I'll figure it out!"

They said, "A total of three million dollars is needed, and a million has been paid, leaving a shortfall of two million. It is to be paid in a week."

"Who paid this one million?"

The other party shook his head, "I don't know."

Ye Chen was surprised in his heart and was about to clarify this matter, when he turned back, a man wearing a black suit, with somewhat white hair, about fifty years old, was standing behind him.

With four eyes, the man bowed at him and said, "Young Master, you have suffered for so many years."

Ye Chen frowned, as if his whole person had changed his temperament, and asked in a cold voice, "Are you Tang Sihai?"

The other said in surprise, "Young Master, you remember me!"

Ye Chen's expression was astonished as he mumbled, "Of course I remember! I remember each and every one of you! Back then, you were the ones who forced my parents to take me away from Yanjing and flee all the way, in the middle of which my parents met with an accidental death and I became an orphan, so what are you looking for me for now!"

Tang Sihai said in great pain, "Young Master, when your father died, the old man was also in great grief, he had been looking for you for so many years, now it's good, you come back with me to see him."

Ye Chen said coldly, "Go away, I'll never see him in my life."

Tang Sihai said, "Young Master, do you still blame the Master?"

"Of course." Ye Chen said word for word, "I'll never forgive him in my life!"

"Hey," Tang Sihai said with a long sigh, "Before I came here, the Master said you might not forgive him."

"That counts as him knowing what he's doing!"

Tang Sihai said, "Master knows that you have suffered all these years, let me give you a little compensation, if you don't want to go back, I'll buy the biggest company in Jinling and give it to you, plus give you this card with the password for your birthday."

Saying that, Tang Sihai handed over a Citibank top grade black and gold card.

"Young Master, this kind of card, there are only five of them in the country."

Ye Chen shook his head and said, "Take it, I don't want it."

Tang Sihai said, "Young Master, your savior is still two million dollars short of the medical bills, if you can't pay them, people's lives may be in danger."

Ye Chen frowned tightly, "You guys are deliberately plotting against me?"

Tang Sihai busily said, "I dare not! If you accept this card, it will be enough to pay this amount."

Ye Chen opened his mouth and asked, "How much money is in this card?"

"My lord said that this card is a little pocket money for you, not much, a total of ten billion!"

## Chapter 2

Ten billion?

Ye Chen was dumbfounded.

He knew that his grandfather's family was rich, but he was still young at that time and had no concept of money, he only knew that the Ye family was one of the top families in Yanjing and in the country.

But exactly how much money it had, he wasn't sure.

But at this moment, he sort of knew.

Ten billion was just pocket money, the entire Ye family was afraid that it had to be over a trillion!

Honestly, at this moment, he was moved deep inside.

But when he thought of the death of his parents and his grandfather being blameless, he was somewhat unable to forgive.

Tang Sihai saw his struggle and hurriedly said, "Young Master, you are a member of the Ye family, you deserve this money, and it is technically your father's."

"Master said that if you are willing to go back, the family's trillion dollar fortune will be inherited by you, if you are not willing to go back, this money will be for your living expenses."

"Oh right, the largest company in Jinling, the Imperial Hero Group with a market value of 100 billion RMB, has been fully acquired by the Ye family yesterday, all the shares are now under your name, you can go to the Imperial Hero Group tomorrow to hand it over!"

Ye Chen was a bit incredulous.

The Ye family had invested too much of their hand for themselves, right?

10 billion black card, 100 billion empire!

Although the Jinling hid dragons and tigers, the only one true god was the Emperors, and any family had to grovel before the Emperors, it was the Emperor of the Jinling business sector!

Even the Xiao and Wang families who humiliated themselves today, and the Zhang family who pursued Xiao Chorán, were all pawns in front of the Di Hao Group!

I can't believe it's your own now?

At this time, Tang Sihai handed him a business card and said, "Young Master, you may need to calm down and think it over, I won't bother you, here's my phone number, feel free to tell me anything!"

After saying that, Tang Sihai turned around and left.

After he left, Ye Chen was still staring at the same spot.

He didn't know if he should accept the Ye family's compensation.

But, thinking about it, the displacement he had lived in the past ten years, the humiliation he had enlisted in the Xiao family, these were the compensation the Ye family had given him, why should he not want it?

Moreover, Auntie Li's medical bills still needed two million, and there was no time to delay.

Thinking of this, he gritted his teeth and immediately turned around to return to the charge: "Hello, I would like to pay up the two million."

Swipe the card, enter the password, and the transaction is successful.

The two million was easily transferred into the hospital's account.

Ye Chen felt like the whole person was in a cloud.

He had become a hundred billionaire all of a sudden?

.....

A muddled return home.

The family was already in a tizzy at this point.

Xiao Chorán and her parents didn't live in the Xiao family villa, but a very ordinary set of buildings.

Ever since Xiao Chorán married him and Master Xiao died, they had been kicked out.

His mother-in-law was at home yelling at him, "Ye Chen, that trash! We've been humiliated today! If you don't divorce him, your grandmother is afraid she'll kick you out of the Xiao Clan!"

Xiao Chu Rán said, "Kick out and I'll find another job."

"You...." My mother-in-law said in a rage, "What's so good about that loser? Why can't you divorce him and marry Cheung Man Ho? If you marry Zhang Wenhao, our family will be able to raise our eyebrows!"

My father-in-law was on board and said, "Exactly! Marry Zhang Wenhao, and we'll be together in front of your grandmother."

Just become a treasure, your grandmother is rushing up to stammer you every day."

Xiao Chorán said, "Don't even say it, I won't divorce Ye Chen."

"You child!"

They still had to persuade again, but Ye Chen pushed the door in.

Seeing him, his father-in-law and mother-in-law didn't have a good face.

The mother-in-law snorted, "A piece of trash, still has the face to come back!"

Ye Chen sighed inwardly, his mother-in-law had always looked down on him, but if she knew that he was now the owner of the Emperor Group and had 10 billion in cash, how would she behave?

However, Ye Chen was not ready to let anyone know his identity for the time being.

He had been away from the Ye family for many years, so who knew what the Ye family's situation was now? What if you expose yourself and someone within the Ye family is against you?

So it's better to keep a low profile first.

So he lowered his head and said apologetically, "Mom, I'm sorry for causing you trouble today."

Mother-in-law scolded, "You're not just causing trouble, you're killing our family of three! Can't you have some self-awareness and get the hell out of our house?"

Xiao Churan hurriedly said, "Mom, how are you talking ah, Ye Chen is your son-in-law!"

"Bullshit!" My mother-in-law hated, "I don't have such a useless son-in-law! Roll as far as you can!"

Xiao Choran pushed Ye Chen, "Hurry back to your room."

Ye Chen nodded gratefully and escaped back to his room.

He and Xiao Churan had been married for three years, but they hadn't been married for three years, Xiao Churan slept on the bed and he slept on the floor next to him.

This night, Ye Chen couldn't sleep for a long time.

What happened today was really too shocking for him to digest for a while.

Before sleeping, Xiao Churan said to him, "How is Auntie Li? I still have over a hundred thousand private money here, you can bring it over to her tomorrow."

Ye Chen said, "No need, someone has already paid Auntie Li and sent her to Yanjing for treatment."

"Really?" Xiao Choran was pleasantly surprised and said, "Auntie Li is saved?"

"Right." Ye Chen said, "Auntie Li has done good deeds all her life and helped so many people, and now someone is finally repaying her."

"That's good." Xiao Choran nodded and said to Ye Chen, "You can also be relieved."

"Yes."

Xiao Churan said, "I have to sleep, there's been a lot of things going on at the company lately, I'm so tired."

Ye Chen asked, "Did something happen at the company?"

Xiao Churan said, "Business is not good, grandmother has always wanted to cooperate with a big company like the Imperial Hero Group, but the Xiao family is still much weaker and people don't see it."

Ye Chen suddenly thought of the Dihao Group and asked her, "The Xiao family has no cooperation with the Dihao Group?"

Xiao Churan laughed to herself, "How can the Imperial Group look at the Xiao family! Even Vivian's fiancé, Wang Yunfei's family is just barely able to get on board with the Imperial Group, and grandmother is counting on the Wang family to help the Xiao family get on board with the Imperial Group after they get married."

Ye Chen nodded.

It turned out that the Xiao family had cut their teeth wanting to work with the Emperor's Group.

However, Old Mrs. Xiao was afraid that she would never dream of the fact that the Dihao Group was now her own....

Thinking of this, Ye Chen decided to go and take over the Dihao Group first, then give Xiao Churan a little help through the Dihao Group, she was too bullied in the Xiao family, and as her husband, he had the responsibility to help her improve her status in the family.

Choran, hubby is different from today onwards!

I won't let anyone look down on you again!

I'll make the whole Xiao family grovel to you!

Chapter 3

The next morning.

After Ye Chen finished cooking, he rode his little electric donkey and arrived at the Emperor Hero Group.

He parked the small electric donkey at the side of the parking lot of the Imperial Hero Group, and as soon as he locked the car, a black Bentley sedan slowly parked in a parking space on the opposite side.

Ye Chen inadvertently looked up and saw a young man and woman walk down from the car.

The man was dressed in a high-grade suit and was very decent at a glance, while the woman was demonstrably dressed, and although she was somewhat flashy, she was a rare beauty.

It was Xiao Choran's cousin, Xiao Weiwei, and her soon-to-be-engaged fiancé, Wang Yunfei, the eldest youngster of the Wang family.

Ye Chen didn't know what Xiao Weiwei and Wang Yunfei were doing in the Imperial Group, but to avoid trouble, he was prepared to hide far away.

But unexpectedly, the more he hid, the more things grew.

The sharp-eyed Xiao Weiwei immediately saw him and shouted loudly, "Oh my, brother-in-law!"

Xiao Weiwei's call of brother-in-law was extremely kind, but Ye Chen couldn't help but get a headache after hearing it. The first website [m.kanshu8.net](http://m.kanshu8.net)

Out of courtesy, he had to stop and smile as they approached before he said, "Vivian, what are you doing here?"

Xiao Weiwei giggled, "I'm coming over with Yunfei to pay a visit to Wang Dongxue, the vice chairman of the Emperor Group!"

After saying that, she looked at Wang Yunfei with an adoring face and said, "Yunfei's family has a lot of cooperation with the Emperor Howe Group, in the future ah, not only can you help the Wang family, you can also help our Xiao family."

Ye Chen didn't know that the Wang family had cooperation with the Emperor Howe Group, after all, the Emperor Howe Group had just become his property, and he hadn't had time to understand it yet.

But he didn't show it, he just smiled and said, "Mr. Wang has an extraordinary temperament and strength, you guys are really talented!"

Wang Yunfei looked at Ye Chen with contempt, feeling a sense of injustice in his heart.

This stinky hangman was scolded by Old Mrs. Xiao into that dog-like state yesterday, and today he was still smiling and laughing like nothing.

Why would a gorgeous beauty like Xiao Choran marry such a wimp?

If not for this wimp, he would definitely pursue Xiao Choran desperately, how would he still be engaged to this Xiao Weiwei, who was inferior in every aspect?

Thinking of this, Wang Yunfei was upset and deliberately asked, "What did brother-in-law come to the Imperial Group for?"

Ye Chen casually said, "I'm here to look for a job."

"Looking for a job?" He sneered and said, "You're a loser who can't do anything, and you want to come to the Imperial Group for a job?"

Ye Chen frowned, "What does it have to do with you if I'm looking for a job?"

Xiao Weiwei called out to Ye Chen just to have a good sarcastic dig at him, and when she saw that Wang Yunfei had even started first, she immediately ridiculed him as well, "What, did Yunfei say something wrong?"

"Want a degree, you wimp with a diploma?"

"For ability, you wimp has the

Accomplishments?"

"Just a piece of trash like you, you won't even be asked to apply for a security job at the Imperial Group, if you have a bit of self-awareness, you might as well go pick up trash on the street, at least you'll make two or three thousand a month!"

After saying that, she threw the drink bottle in her hand at Ye Chen's feet and grunted, "Here, don't say I'm not taking care of you, pick up this empty bottle and take it to sell for money!"

Wang Yunfei smiled, "Although you're rubbish, but since you're a relative, I have to take care of you more or less, it just so happens that I have some friendship with the vice chairman of the Emperor Group, why don't I put in a good word for you and ask him to arrange a toilet cleaning job for you?"

Ye Chen laughed coldly and said, "What kind of job I'm looking for, I don't need you to worry about it, you'd better worry more about yourself, the Emperor Hero Group is a big enterprise, I believe they won't work with a low quality trash like you."

Wang Yunfei became furious, "Who are you calling trash!"

Ye Chen said disdainfully, "You are trash!"

After saying that, not bothering to pay attention to Wang Yunfei, he stepped forward and walked into the Empire Group building.

"Drafting?, you stop right there!" Wang Yunfei quickly followed and caught up with Ye Chen at the elevator.

He originally wanted to teach Ye Mu a good lesson, or at least give him two slaps to let him know what would happen if he offended him.

But seeing that he was now inside the Empire Group building, he was worried that doing it here would anger his partner, so he had to dismiss the idea of teaching him a lesson for now.

He gritted his teeth and said, "I'll let you off the hook for now today, but next time you won't have such good luck!"

Ye Chen snorted coldly, stepped into the elevator and said to him, "Wang Yunfei, do you think you're awesome? Trust me, you'll soon learn the price of arrogance!"

"You fucking..." Wang Yunfei stepped forward to rush into the elevator.

Xiao Weiwei pulled him and said in a despicable tone, "Yunfei, don't ride in the same elevator with this kind of trash, lest you get smelled by his stench."

Wang Yunfei nodded, knowing that he couldn't fight him here, so he said in a cold voice, "Let you go, next time I want you to look good!"

.....

Ye Chen took the elevator directly to the topmost floor where the chairman's office was located.

On this side of the Imperial Hero Group, Tang Sihai had already arranged it for him, and the one in charge of connecting with him was a woman named Wang Dongxue.

Wang Dongxue's reputation in Jinling is very big, is the most famous female workplace in Jinling, not only beautiful, but also extremely capable of work, a young age has been promoted to vice chairman of the Emperor Howe Group, Emperor Howe Group can have today, she contributed to.

Now, the Emperor Howe Group has been acquired by the Ye family, the original chairman has stepped down, while Wang Dongxue has stayed on, ready to assist the new chairman.

As soon as she saw Ye Chen, Wang Dongxue was shocked, she didn't expect that the Prince Ye that Tang Sihai talked about, would be so young and graceful!

Then, she didn't dare to delay and immediately said with great respect, "Young Master, please condescend to my office."

#### Chapter 4

Ye Chen was also seeing Wang Dongxue for the first time.

It had to be said that Wang Dongxue looked truly beautiful!

She was twenty-seven or twenty-eight years old, and had a slim and plump figure, a dumpy beauty, and a noble and capable temperament.

Ye Chen sat down in front of Wang Dongxue's desk and opened his mouth and said: "In the future I will not often come to the Imperial Hero Group, so the Imperial Hero Group side, but also you to preside over the situation, in addition to do not reveal my identity."

Wang Dongxue knew that the strength of Prince Ye's family in front of him was extraordinary, and an imperial hero group was simply a dime a dozen for his family, it was normal for him not to want to come and manage it personally.

So she hurriedly said, "Mr. Ye, if there is anything in the future, you can just tell me to do whatever you want."

At this time, a female secretary knocked on the door and said, "Deputy Director Wang, there is one called Wang Yunfei, who brought his fiancée to pay you a visit."

Wang Dongxue immediately said, "I'm meeting a distinguished guest, let them wait first."

Ye Chen asked her, "Do you know this Wang Yunfei?"

Wang Dongxue hurriedly said, "This Wang Yunfei's family is a partner below us, the main business is attached to us, their family has been saying that they want to pay a visit, they have come several times." Remember the website . kanshu8. net

Ye Chen coldly said, "From now on, the Imperial Hero Group may not have any more business dealings with the Wang Family, all ongoing and preparatory cooperation is called off, if the Wang Family can still earn a single penny from the Imperial Hero Group, you, the Vice Chairman, will stop!"

As soon as Wang Dongxue heard this, his expression snapped, and he knew without asking that it must be the Wang family who had offended the young master.

So she immediately nodded her head and said, "Young Master, don't worry, I'll order down right now to completely terminate all cooperation with the Wang Family!"

Ye Chen gave a hmmm and said, "Tell them that the Empire Group won't work with trash of low quality, then have security drive them out." ...

.....

Outside, Wang Yunfei and Xiao Weiwei were waiting with excitement.

The Wang family had always wanted to become a strategic partner of the Emperor Group, so they especially wanted to get closer to Wang Dongxue.

But I didn't expect that Wang Dongxue's secretary actually brought several security guards with her.

Wang Yunfei couldn't help but ask her, "Hello, may I ask if Vice President Wang has time to see us?"

The secretary looked at him and said coldly, "I'm sorry, our vice director Wang said that the Emperor Group will not cooperate with people of your low quality, and from now on, all cooperation with your family will be cancelled!"

"What did you say?!"

Wang Yunfei was startled for a moment, surprised at how familiar the phrase was.

Oh yes! Earlier in the parking lot, Ye Chen had said the exact same thing!

What does Vice Chairman Wang mean by this? Are we going to stop working with the royal family?

Wang Yunfei felt a rush of blood to his brain.

What was going on?

Terminate all cooperation?

Most of the Wang family's profits were made by the Imperial Group!

If we terminate the partnership, wouldn't the family's strength be cut in half immediately?

Unable to accept this reality, he shouted, "I want to see Vice Dong Wang! I want to ask Vice Chairman Wang in person!"

The secretary said coldly, "I'm sorry, our vice director Wang won't see you, and you won't be allowed to set foot in the Emperor Group again!"

Wang Yunfei cursed angrily, "You're deliberately playing with me aren't you? We are a long-term partner of the Imperial Group, how can we just terminate it!"

The secretary ignored him and said directly to the security guard beside him, "Blow them out!"

The head of security immediately rushed to the front.

The first thing he did was to grab Wang Yunfei's wrist and then twist it behind his back.

Wang Yunfei cried out in pain, Captain Chen coldly shouted: "Get out of here! If you dare to cause trouble in the Imperial Group, watch out for me to waste you!"

"You, a security chief, dare to yell at me, do you know who I am?"

As soon as Wang Yunfei's voice trailed off, Captain Chen slapped a direct slap over and cursed angrily, "What are you in front of the Imperial Group?"

Wang Yunfei was slapped with a hot pain on his face and was about to get furious when his phone suddenly rang.

The call was actually from dad.

The phone, there was a shocked and angry roar: "Son of a bitch, what kind of trouble are you causing me outside? Who are you offending out there now that the Imperial Group is dissolving all cooperation with us?"

Wang Yunfei said aggrievedly, "Dad, I didn't offend anyone, I just came over to pay my respects to Vice Chairman Wang, but I haven't even seen his face..."

On the other end of the phone, Wang Yunfei's father broke into a tirade, "The people from the Emperor Group said that the reason they terminated their cooperation with the Wang family is all because you're an unqualified piece of trash! Now that the family has lost a lot of money because of you, get your ass back here and explain it to your grandfather yourself!"

Wang Yunfei was chased all the way out of the gate of the Emperor Group by the security guards, holding the phone with a startled face.

He suddenly thought of Ye Chen, so he couldn't help but ask Xiao Weiwei, "Weiwei, is it because of that waste brother-in-law of yours? Could he have anything to do with the D.H.C.?"

"Huh?" Xiao Weiwei was shocked by Wang Yunfei's words, and when she thought about it, it was indeed possible that it had something to do with her wasteful brother-in-law.

However, he was clearly a waste!

Thinking of this, she shook her head emphatically, "How could he be related to the Imperial Group, he's not even qualified to come to the Imperial Group to clean the toilets!"

"Also right..." Wang Yunfei nodded, thinking of his furious father, and he said dejectedly, "No, I have to go home quickly...."

The news that the Wang Family had been terminated by the Imperial Hero Group from all cooperation had immediately spread throughout Jinling.

Although they didn't know why the Imperial Hero Group wanted to seal off the Wang Family, everyone was clear that the Wang Family must have offended the Imperial Hero Group.

This was the end of the Wang family.

The Wang family's strength had plummeted by more than half, and it had been close to the standard of a first-tier family, but now it had directly fallen to the bottom of the cranks in a second-tier family.

When Old Lady Xiao heard this news, she was also trembling with anger.

She really wanted to annul Xiao Weiwei's marriage contract with Wang Yunfei, but thinking that the Wang family was leaner than a horse and the Xiao family couldn't afford to offend her, she could only stop for now.

.....

At this time, in Wang Dongxue's office.

Ye Chen was informed of the whole process just now and appreciated her style of acting.

Ye Chen said with satisfaction, "Dongxue, what you did just now was very well done, from today onwards, your salary will be doubled."

Wang Dongxue was surprised and happy, and hastily stood up and bowed to Ye Chen, "Thank you, Mr. Ye!"

Ye Chen nodded and said, "Also, I want you to announce two things to the public."

"Young Master you say."

"The first thing, announce that the Emperor Howe Group has changed ownership and a new chairman has taken office, but don't reveal the identity of the new chairman, just reveal the surname Ye."

"The second thing, announce that the Imperial Hero Group will invest two billion RMB in Jinling to build a six-star hotel, and at the same time, launch a partner bidding process where all construction and decoration companies in the city can participate in the bidding!"

The main business of the Xiao Group is renovation, and the old lady dreamed of being on the big ship of the Emperor Howe Group, whoever can take the cooperation of the Emperor Howe Group will definitely become the red man of the Xiao Group.

Now that the Emperor Howe Group is his own, of course he has to give a little benefit to his wife.

## Chapter 5

The two news released by the Emperor Howe Group completely exploded the entire Jinling.

Hearing that the Emperor Howe Group had changed ownership, the Xiao family had just figured out why the Wang family had been kicked out by the Emperor Howe Group.

It seemed that the new owner of the Emperor Howe Group still despised families like the Wang family.

However, who exactly was Young Master Ye? This guy is too good, right? Hundreds of billions of dollars for the Empire State Group. Even the richest man in Jinling is not as generous as he is!

For a while, countless families were stirring, eager to be able to make a connection with this mysterious Young Master Ye on the one hand, but also eager for their own daughters to marry Young Master Ye on the other.

On top of that, the fact that the Emperor Group was going to invest in a two billion yuan hotel project also sent tremors through the entire Jinling construction and decoration industry!

Two billion!

Get any side piece and you'll make a fortune!

Numerous companies want to be able to get a piece of it.

Naturally, this includes the money-hungry old lady Xiao! One second to remember to read the book

Old Mrs. Xiao was so excited at this point, two billion dollars for a big project, this was a perfect opportunity!

If the Xiao family could get a contract out of it, that would be a real boost!

So, she immediately instructed that a family meeting be called at home tonight to discuss how to make a breakthrough on the new project at Imperial, and everyone had to attend!

That night, the Xiao family villa.

Since the old lady required everyone to be there, Ye Chen followed.

He knew that the old lady was going to have a meeting to discuss how she could get a share of the big project of the Emperor Group.

So, he wanted to take this opportunity to help his wife, Xiao Choran, grow her face!

Upon arriving at the Xiao family villa, Xiao Choran's cousin, Xiao Hailong, immediately ridiculed him upon seeing him, "Fuck, Ye Chen, you're so thick-skinned, and you have the fucking nerve to come see Grandma!"

Xiao Choran said with a cold face, "Don't talk nonsense, it was grandmother who demanded that everyone in the Xiao family had to be there, Ye Chen is my husband, so naturally he is also a member of the Xiao family!"

Xiao Hailong harrumphed, "He's a hairy Xiao family member! It's just a door-to-door son-in-law!"

Ye Chen touched his nose, and said to Xiao Churan, "Forget it wife, don't get along with him, go in quickly, save making grandmother wait for a long time."

Xiao Churan nodded, and owed Xiao Hailong no good face at all, and walked in with Ye Chen.

Xiao Hailong's face was cold when he saw this, there would be something for them to see later.

After entering the meeting hall, Ye Chen and Xiao Churan found a seat in the corner.

Soon, Old Mrs. Xiao stepped in and the family meeting officially began.

Old Mrs. Xiao sat on the main seat, knocked on the table and said with a flourish, "The Xiao family has been waiting for an opportunity these past few years, an opportunity that will allow us to be among the Jinling giants! Now, this opportunity has finally come!"

Old Mrs. Xiao said loudly, "This time, the Emperor Group has thrown out a two billion dollar project, whoever can get a cooperation contract from it will definitely benefit!"

"And it's the first big project for the Emperor Group after it changed ownership, so it's a great opportunity for our Xiao family!"

"If we can work with the Imperial Group and leave a good impression on the new owner of the Imperial Group, the future of the Xiao family will be boundless!"

Despite the old lady's intent, the people underneath seemed to be somewhat unmoved.

In fact, Xiao

The family has been trying to work with the Dihao Group for more than a day or two, and for so long, the Dihao Group has simply ignored the Xiao family, so how could the old lady now want a piece of the Dihao Group's new project?

When Old Mrs. Xiao saw that everyone present was silent, she became exasperated and questioned, "What? Are you all mute? Don't you guys have the confidence to take a little edge off of a \$2 billion project?"

The crowd looked at me and me at you, not daring to speak at all.

The old lady's expression was even angrier, and she gritted her teeth, "I'll put it here today, whoever can negotiate a share of the 30 million cooperation from the Imperial Group is the group's director!"

As soon as the words were spoken, the crowd sitting there were stunned.

The old lady had always been dictatorial, so she had never created the position of director within the group, after all, the director had a lot of power, almost like the future successor of the group was qualified to hold this position.

The old lady is now using this position as a reward, she must hope that there will be a brave man under the heavy reward, I can see that she must be extremely eager for the projects of Dihao Group.

However, although the position of director was good, it was not that easy to get.

In the eyes of the Xiao family, to enter into a partnership with Dihao and still get a 30 million contract? Don't joke around, even if Old Mrs. Xiao were to make a personal

appearance, the executives of the Imperial Group wouldn't meet with her, let alone talk about any cooperation.

The family meeting hall was silent.

When Old Madam Xiao saw this, she was filled with anger and questioned, "As descendants of the Xiao family, isn't there anyone willing to share your worries for the Xiao family?"

Saying that, Old Mrs. Xiao's gaze went directly to Xiao Hailong, "Hailong, I'll leave this matter to you!"

Xiao Hailong laughed a few times dryly and said in a row, "Grandmother, even Wang Yunfei's family has been cleared out by the Emperor Group now, we are even worse than the Wang family, how can we get the contract from the Emperor Group..."

Old Mrs. Xiao cursed at once, "Rubbish! Denying yourself before you've even tried it, you're even more useless than that trash Ye Chen!"

Actually, Old Mrs. Xiao has no bottom in her heart, but she doesn't want to be at the helm of a second- or third-rate family forever, and she dreams of the Xiao family taking it to the next level.

And this project of the Emperor Group was the only chance to do so.

Therefore, even if it was difficult, she was unwilling to give up.

She had thought that Xiao Hailong, as the eldest grandson, would be able to happily take on this task, but she had never thought that he would back down at this time!

Xiao Hailong's heart was also depressed, who would want to take on such an impossible task? I'm afraid that I'll be kicked out before I even enter the doors of the Imperial Group.

At that time, not only would things not be done, but he would also be laughed at and be the laughing stock of others, which was why he decided not to agree no matter what.

Old Mrs. Xiao finished scolding Xiao Hailong and shouted, "Where are the others? Are they all afraid to take the job?"

Ye Chen then gently touched Xiao Churan with his elbow and whispered, "Wife, you take this mission!"

Xiao Choran hurriedly said, "Crazy! There's no way the Empire Group will work with a small company like the Xiao family!"

Ye Chen smiled slightly and said confidently, "Don't worry, you'll be able to talk down this cooperation!"

Xiao Chu Ran was surprised and asked, "Really?"

Ye Chen said with certainty, "Of course! I don't think you have a problem at all! Seize this opportunity, and your future position in the Xiao family will soar to the sky!"

Xiao Chorán didn't know why, but at this moment, she believed Ye Chen's words in a muddled way.

She subconsciously stood up and said to Old Lady Xiao, "Grandmother, I am willing to give it a try..."
