

# Ye Chen & Charlie wade

## Secret Identity 101-110

### Chapter 101

Hearing this voice, Ye Chen's eyebrows furrowed and he looked up to find the sound.

He saw a young man wearing a white linen tang suit, black cloth shoes, and covered in various strings of hand strings, striding towards this side.

Although it was broad daylight, he was wearing a pair of antique gold-rimmed glasses with two round black glass lenses, the kind of "civilized glasses" that late Qing dynasty relics particularly like to wear.

The young man was followed by four or five bodyguards, who were much more fierce and vicious than his vassals, and the people beside him hurriedly got out of the way to avoid trouble.

"Yo, so it's Qin Shao!"

As soon as the boss saw the young man, he immediately smiled, and flattering words came out of his mouth like running water: "Qin Shao, why didn't you tell me in advance that you were coming over today so I could go to the street corner to greet you."

"Okay don't talk nonsense, I'm just looking around today." The youth waved his hand impatiently.

He strode forward and had a good look at the stone in Ye Chen's hand, and looked up to ask the boss, "Zhang Ermo, put this stone up! My dad's desk is missing a paperweight, and it's perfect to use!"

"This" the green bean-eyed boss smiled dryly, looked at Ye Chen with a hard face and said begrudgingly, "Qin Shao, this is really unfortunate! The stone has been bought by this brother! In fact, this stone is nothing special, there is nothing useful except for pressing paper, I specially left better goods for you, that worthless stone has nothing to look at, top quality goods only worthy of your identity."

Ye Chen realized that this boss was named Zhang Ermo, and it looked like he knew the young man.

However, he was also amazed at Zhang Ermo's mouthy skills.

It was really a case of seeing a person speak human words and seeing a ghost speak ghost words.

Zhang Ermo even took out that hardened plastic jade horse, sputtering: "Qin Shao, this is the former dynasty's wife's beloved object, you see this jade crystal clear, good jade with destined person, we do not say more, for Qin Shao's face, with yesterday you buy the same price of the chicken bowl cup, nine thousand you take!"

Xiao Changkun listened open-mouthed, the same counterfeit chicken bowl cup, dare to buy it for three hundred dollars and take advantage of it, did not expect this Qin Shao actually spent nine thousand!

"You cut the crap and get the hell out of my way!" Qin Shao was impatient to hear this, and kicked Zhang Ermo to the side, and said, "I've got my eye on this stone, so give it to me and I'll give you 20,000!"

As soon as Zhang Ermo heard twenty thousand, his heart warmed up and he turned to Ye Chen and said, "Brother, why don't you let Qin Shao have it?"

Ye Chen's eyebrows furrowed and said in a cold voice, "This is something I bought and don't want to transfer it to someone else."

"Who asked you to transfer it? You didn't even pay for it, so who pays for it!" Qin Shao said impatiently, then took out a wallet from his bosom and took a wad of red bills and threw them at Zhang Ermo's face.

"Don't bother looking for twenty thousand, I'll take it."

Zhang Ermo's eyes lit up, busy taking the red banknotes in his hand and smiled at Ye Chen in compensation, "Brother, I still have a Kangxi Emperor's inkstone town paper there, keeping it stronger than this."

Ye Chen laughed and said, "Zhang Ermo, you don't need me to point and break those things, right? I bought this town paper first, I'm not interested in letting anyone else have it."

Seeing that Ye Chen didn't let go, Zhang Ermo had no choice.

After all, according to the rules of the antique trade, it was first to buy, first to get, and if he broke the rules, he wouldn't be able to hang out on this antique street once the news spread.

Zhang Ermo could only turn around and nodded to Qin Shao and said, "Qin Shao, this town paper is really not a good thing, my house has better"

Before he could finish his sentence, Qin Shao fiercely kicked him in the waist, scolding him harshly, "Have you grown guts? I've bought several things from you, and now you're turning your elbow out to speak for a poor man?"

Zhang Ermo was kicked to the ground, covering his waist and grunting, complaining, "Qin Shao, I can't do anything about it if he doesn't give it to me."

As he said that, he vigorously gave Ye Chen a wink, trying to get him to give up the stone.

Just by looking at Ye Chen's dress and manner, one could tell that his family didn't have much money and had no power or influence.

102

But Qin Shao was different, this was the second son of a famous name in the cultural toys industry, and he had never been short of money since birth.

Zhang Ermo didn't want to offend Qin Shao or break the rules, so he had to give Ye Chen a wink.

Ye Chen had already seen Zhang Ermo's hint, but he paid no attention to it and said indifferently, "Don't let."

Zhang Ermo was really helpless and could only sit on the ground and whine, lest he be picked up again by Qin Shao to take out his anger.

"Look at that trash of yours!"

Qin Shao crossed his eyebrows and snapped at him, only to raise his head and slant his eyes to measure Ye Chen, saying richly, "You spent three hundred on it, I'll pay thirty thousand, you give it to me!"

The crowd of onlookers let out a sucking sound, all looking towards Ye Chen, their eyes not lacking in jealousy.

Three hundred dollars to buy something and the price goes up a hundred times before it's even hot, this is a clear profit!

And then that pebble, the knowledgeable people can see, this is the river bank picked up, this kind of broken stone, the river bank is more, where is the Qiandian paperweight!

Xiao Changkun was also somewhat impressed, after all, he made more than two thousand yuan in a single transfer, not to mention making up for what he had lost yesterday, he could also make a small profit.

Ye Chen raised his head, smiled at Qin Shao and said, "I've just said that it's not for sale. Even if you offer 300,000, I'll still be this two words."

"You!"

Qin Shao's face turned ugly and a stern light flashed in his eyes.

The surrounding area was crowded with people, and Ye Chen's outright rejection in public, wasn't this a disgrace to him?

"Turtles! You have to mess with me, don't you?" Qin Shao sneered viciously, "And you don't ask around, in this antique street, is there anything that I, Qin Ao Dong, can't buy away?"

"You'll have to sell it today, or not!"

After Qin Shao said that, he waved his hand behind him.

The few bodyguards hailed and surrounded Ye Chen in the middle.

The surrounding crowd also changed color.

Even Xiao Changkun was stunned.

The Qin family of Jinling City?

It was a gentry family that was even more generous than the Wang Yunfei family!

It's no wonder that Qin Shao doesn't feel bad at all when he throws 9,000 dollars on a fake cocktail cup.

A few bodyguards surrounded Ye Chen, and they were menacing.

Xiao Changkun was afraid of things and was busy giving Ye Chen a wink as well, telling him to hurry up and take it to Qin Shao.

Ye Chen looked indifferent, swept a glance at the surrounding bodyguards and said, "I still say the same thing, no sale! If you want to rob me, I can only tell you that no one can take what I have! Not even if the King of Heaven comes!"

"So what if I just robbed it openly?" With an arrogant face, Qin Aodong lifted his chin and snapped, "I'm telling you, I'm the King of Heaven, Laozi! You're a turtle who wants to fight me, you're tired of living!"

Seeing Qin Aodong arrogantly, the surrounding crowd held their breath, thinking, this Ye Chen dares to contradict Qin Shao, this is going to be a big loss.

Ye Chen, however, still had a calm face and smiled, "I see that you are also in the antique industry, have you ever thought about what the antique industry is most particular about?"

Qin Aodong asked in a cold voice, "What is the most refined?"

Ye Chen laughed and said, "The most refined thing is of course the rules!"

"I'm not going to be able to do anything about it, but I'm going to be able to do something about it," he said. "By then, I'm afraid you, Young Master Qin, will be a street rat and everyone will be shouting at you!"

As soon as he finished speaking, Qin Aodong was stunned, his face flashed with annoyance.

There was indeed this rule in the antique world, he considered himself a scholar and aristocrat, so he was naturally very clear about this rule.

If today's incident spreads, the shopkeepers who might be dealing with him on a regular basis would also avoid retreating for fear of offending other customers.

Qin Aodong didn't expect that this Ye Chen would get himself down in a few words!

He stared at Ye Chen fiercely, really wanting to kick him in that face.

But he still swallowed back a stream of fire and said through clenched teeth, "Turtle! You really think I'm interested in your stone? I just want you to know that antiques are not for everyone, and you, a poor man, better get out of here and go home to your farm before you sully the elegance!"

After saying that, Qin Aodong jerked up his sleeve with a black face and raised his arm in front of Ye Chen's eyes: "Open your dog eyes and show this young man clearly! I got this string of chicken blood jade from Lingnan for 1.5 million! Have you ever seen anything so good?"

The string on Qin Aodong's wrist is crystal clear, glowing red in the sunlight, fiercely beautiful, making the surrounding crowd all widen their eyes.

Zhang Ermao stared at the hand string, his throat swallowed hard: "My grass, what a good thing!"

"Huh? Of course!" Qin Aodong was very proud of the crowd's reaction.

He then eyed Ye Chen with a despicable glance, lifted his collar and pulled out a piece of gourd-shaped jade tied around his neck, "And look at this!"

"This chalcedony, a rite of passage given to him by the Sui Emperor's father, was opened by the eighty-eight monks who set up an altar and recited the Buddha for one hundred and eight days!It's worth three million dollars!If I wear it, I can turn good luck into good fortune and start my work!"

Upon hearing that this piece of gourd chalcedony was so big, the crowd stretched their necks and vied to see it.

Zhang Er Mao excitedly fanned his nose as if he had been slapped, his eyes looked straight at the jade gourd, his eyes greedy, and he could not wait to swallow it.

Qin Aodong held the jade gourd and sneered twice at Ye Chen, "Poor play with watches, rich play with jade, you are a poor and sour goods, you can't even afford a decent piece of clothing, and you still want to dish out antiques, it's simply laughable."

His tone was sarcastic, and the surrounding crowd from time to time sized up Ye Chen.

Indeed, Ye Chen didn't look like a rich family, wearing the most ordinary white t-shirt, jeans and a pair of sneakers, no different from a working young man.

This is the first time I've ever been in a position to get the most out of a piece of clothing.

So, Ye Chen sized him up and asked with a smile, "You're rich, right?Looking at your skewer, it does look good, but it's a pity that it's a fake."

Qin Aodong was stunned and roared, "You're talking nonsense, there's no way my strings are fakes."

"If you don't believe me, ask the owners of a few antique shops around."

Ye Chen shrugged his shoulders and said with words in his mouth, "If there is money to play with antiques, it also depends on who is playing, if a blind person has to go to the antique circle and doesn't pretend to understand, in the eyes of others he is just a fat sheep, he can't even be considered a ticket holder."

Qin Aodong was full of annoyance, hearing that Ye Chen was sarcastically ignorant, sternly said: "If this string of mine is real, how about you kneel down and admit your mistake on the spot!"

"Okay." Ye Chen agreed in one breath, his attitude extremely relaxed, "Using artificial chicken blood stone as chicken blood jade, I can only say that you are really a talent."

Qin Aodong was sarcastic a few words from him, his face flushed red, turned his head viciously and said to the crowd watching.

"Boss Zhang, Boss Li, you two appraise me to see if this string is real or not."

The two people who were named by him suddenly looked at each other with difficult faces.

Appraising antiques, whether they were real or fake, was something that offended people, and might even offend their peers.

"Qin Shao, we also have limited insight, we really can't see."

Qin Aodong was annoyed, "Don't think that I don't know your set, you give me a good appraisal, whether it's true or false, it won't trouble you! But if you're fooling around, I'll get another appraisal afterwards, and you know I won't spare you if you tell lies."

"Don't be angry, Qin Shao!"

Two people came forward in fear.

No one who did business in the Antique Street dared to offend Qin Shao.

The two antique shop owners were forced to take the jade string to examine it.

A few minutes later, one of the bosses shivered and laughed dryly, "Qin, Qin Shao, that little brother is right, your string of hand strings."

"Say!" Qin Aodong coldly drank.

The boss was so frightened that he even spoke, "Your string is indeed an artificial chicken blood stone, not jade."

As soon as his words fell, Qin Aodong's face turned livid, quickly filling with blood again and red, like being slapped in public.

His throat swallowed and moved several times, as if he was about to get angry.

The two bosses were busy shrinking back into the crowd in fear, not daring to venture out again.

Ye Chen laughed and said, "Now you believe it, right? One and a half million for a bunch of man-made stones, Qin Shao is indeed rich and generous."

"I was wrong about this time!" Qin Aodong gritted his teeth and said, "It's just one and a half million, do you think I will be short of these few dollars? Even if my strings are fake, my jade gourd is always real, absolutely genuine!"

For this jade gourd, Qin Aodong is 100% confident!

Because he did have an expert appraise it, and the gourd was indeed a fine ancient jade, dating from the Sui Dynasty!

Ye Chen snorted coldly, "To be able to wear such a great fierce object as a supreme treasure close to your body, I'm afraid I can't find another fool like you in the entire world!"

"What did you say! What a load of crap!"

Qin Aodong roared harshly, the veins on his head were protruding.

Ye Chen said indifferently, "Such a vicious thing, you actually keep it close to you, you are lucky that you are not dead yet."

Qin Aodong's face was ugly, but with the forewarning from earlier, he wasn't sure if Ye Chen's words were true or not, and glared at him and asked, "What makes you say that?"

"Hello look at the shape of this jade gourd!"

Ye Chen said coldly, "Didn't you check what this shape of jade piece was for when you received it?"

Qin Aodong was somewhat uninspired and cried out, "Isn't this, isn't this the Sui Emperor's rite of passage! The gourd represents good luck. Anyone who plays with jade knows that. I know more about this than you poor sourpuss! You don't know shit about you!"

105

Seeing Qin Aodong's hard mouth, Ye Chen shook his head and sneered disdainfully, "You can't even tell the difference between a gourd and a jade plug? As the old saying goes, 'If the jade and gold is in the nine orifices, the dead will be immortal.' You know that, don't you?"

"What gold and jade, dead man's?" The first thing you need to do is to take a look at the company.

It's not like you can't teach a child," said Ye Chen, shaking his head, "You don't know that? You've always heard of the Nine Trick Jade, right?"

"What nine tricks of jade?" Qin Aodong was even more confused and stared blankly at Ye Chen.

Although Qin Ao Dong liked antiques, but he didn't have the heart to study it at all, it was just that he would buy whatever others said was good, and then go out and pretend to be right.

"Stupid!"

Ye Chen sneered, "The Nine Tricks Jade is the jade plug that dead people use to plug their nine tips, a total of seven tips for the ears, nose, mouth and eyes, plus the genital and excretion holes."

"Dead man!!!" Qin Aodong opened his mouth wide, his two eyes rounded.

He took an unbelievable look at the jade hanging around his neck, and the hairs on his back stood on end.

This damned thing is from a dead body?

Ye Chen said mockingly, "It seems that you really don't understand. This one in your hand is used by the dead to plug their excrement holes, or tank doors, and you're wearing it around your neck, doesn't it stink?"

Qin Aodong could no longer speak and stared at the jade gourd in his hand, suddenly experiencing a strong feeling of nausea.

This jade gourd, actually stuffed in that place!

And I actually wore it around my neck for three years as a good luck charm.

The most fucking annoying thing is that I like it so much, I'm always playing with it in my mouth.

Isn't this the same as, indirectly eating the ancients?

"UGH!"

Qin Aodong could no longer hold back and bent down to dry heave.

The crowd who were just scrambling to watch, now cast their mocking eyes at him.

Some even gloated and ridiculed Qin Ao Dong for being blind and spending a huge amount of money to buy such an unlucky thing.

Ye Chen coldly said, "Also, this jade piece has been infiltrated with corpse energy for a long time and has absorbed enough of the fierce and evil Qi, it is already not a jade piece to turn good fortune into evil, but a great fierce thing! If you continue to wear it, you will surely die in less than a year."

As soon as he said that, the crowd around Qin Ao Dong immediately "hailed" and backed away, afraid of being tainted by his fierce aura.

Zhang Ermo, who was standing beside Qin Aodong, also crawled to the edge of the crowd.

Although he was a half-barrel and usually did all the hustling and swindling for a living, he had also dealt with the thieving tufts and knew that Ye Chen's words were not just empty words!

Qin Aodong was also frightened and looked up at Ye Chen blankly.

Ye Chen's face was cold and he snorted, "Are you having a bad year this year? Was it a bloodbath like a car accident or something?"

Qin Aodong stared blankly at Ye Chen, his entire body has been completely dumbfounded.

He is really bad luck this year, and just had a car accident at the beginning of the year, if not for the crash-resistant Hummer he drove that day, his little life would have been explained.

The driver of the car, however, was killed on the spot, he broke two ribs, in the hospital for half a month before returning home.

Qin Aodong is covered in cold sweat, a hand to tear off the neck of the jade piece, waving a hand thrown far away.

The crowd hurriedly backed away, afraid of causing trouble.

Seeing this guilty look of Qin Ao Dong, Ye Chen smiled coldly in his heart, if not for his reminder today, Qin Ao Dong would have died if he continued to carry on, not out of this year.

"Who the hell are you!" Qin Aodong gritted his teeth and looked at Ye Chen angrily.

This person knew too much, was he someone sent by his enemy?

"I'm the one you can't mess with."

Ye Chen said indifferently and turned around to leave.

As soon as Qin Aodong saw that the other party was leaving, thinking that Ye Chen wanted to escape, he immediately roared, "Catch him for me! How dare you come to pick on me, there must be someone behind this kid!"

"Can't be bothered? Hehe, there's no one in the entire Jinling City that I, Qin Shao, can't afford to mess with!"

"Detain him, break his legs, and find out who exactly it is that dares to trouble my Qin family."

He had decided that Ye Chen was someone sent by a business rival, otherwise how could he know everything about his car accident?

A few bodyguards immediately acted and rushed up to block in front of Ye Chen.

The other two bodyguards, on the other hand, strode in front of Xiao Changkun and viciously reached out and grabbed him.

Xiao Changkun was terrified, not expecting to get into this kind of trouble when he came out to find an antique.

Just as the bodyguard was about to grab Xiao Changkun, Ye Chen's eyes were cold, and with a kick, he kicked away a strong man blocking in front of him, rushed to Xiao Changkun in three or two steps, and threw a punch at the bodyguard's face.

"Bang!"

The bodyguard was about to grab Xiao Changkun when he was coldly hit in the face by a punch, his nose bleeding wildly and covering his face and retreating.

The other bodyguard, seeing Ye Chen strike, quickly took out his electric baton and struck at Ye Chen viciously.

"Ah!" Xiao Changkun was so frightened that he shouted, "Ye Chen, dodge it!"

Before he finished speaking, he only saw that Ye Chen actually swiftly shifted his body, dodging the bar that flew across the room, and backhandedly clasped the bodyguard's left wrist with a little force.

"Bang!"

Before the bodyguard with the electric baton could react, he was smashed to the ground by an over-the-shoulder fall, grimacing in pain and unable to get up for half a day.

Xiao Changkun was so open-mouthed that he almost didn't recognize the young man blocking his way as his son-in-law.

How was he so good?

Ye Chen bent down, picked up the electric baton on the ground, weighed it in his hand and said, "Who else is there? The rest of you go together."

The crowd watched in silence, their eyes all staring straight at Ye Chen.

Zhang Ermao was also stunned, staring at Ye Chen and murmuring, "Brother, awesome!"

He was now glad that he hadn't provoked Ye Chen's anger just now, or else this over-the-shoulder fall would have scattered his bones all over his body.

Xiao Changkun came back to his senses and asked in astonishment behind Ye Chen, "Ye Chen, where did you learn this kung fu?"

"This ah" Ye Chen laughed and said, "Dad, when Chorán was at work, I was bored at home watching TV, wasn't there that ringing show on TV every morning, I learned it from the TV."

Actually Ye Chen practiced Wing Chun since he was a child, and it was the most authentic Wing Chun, after all, the famous Ye Man was the descendant of the Ye family branch line!

However, in order to hide his identity, he naturally couldn't tell his father-in-law.

Moreover, to Ye Chen's own surprise, his current strength seemed to have refined quite a bit!

The combat strength had increased several times more than usual.

It seems that this should be the effect of the Nine Mysteries Sutra.

There was also that pebble filled with aura just now, a few points of aura entered the body, and it felt like the entire body had improved a lot all of a sudden!

The crowd resounded with a sigh.

Such fierce skills, fiercer than those of the martial artists in the martial arts school in Jinling City, he actually taught himself by watching TV!

That self-taught talent is amazing!

"Learned it from the TV!" Zhang Ermo even rounded his eyes, such a powerful skill, but it came from watching TV, even worshiping to Ye Chen accosted, "Brother, may I ask which channel you are watching, I also want to learn."

Ye Chen looked at Zhang Ermo and said indifferently, "CCTV sports channel, Jiang Hu Feng!"

107

The people present thought that Ye Chen was telling the truth, and one by one, they all held their energy, wanting to go home and quickly see the Jiang Hu wind.

Qin Aodong, who was standing stupidly on the side, finally came back to his senses at this time, his face ugly to the extreme.

This is fucking humiliating!

The bodyguards you hired are all senior martial artists from the city.

I didn't expect it to be overturned in the blink of an eye by a brat who watched TV to learn martial arts?

Qin Aodong was a martial arts amateur and couldn't see Ye Chen's level, but the few bodyguards under him weren't stupid.

A connoisseur would know if they had one!

They could tell at a glance that Ye Chen wasn't lying, and the other party wasn't even exerting their full strength.

It was indeed someone they couldn't afford to mess with!

So, a few bodyguards didn't dare to go forward and looked at Ye Chen with awe.

Xiao Changkun was watching from the side, he didn't know anything about martial arts, he only thought that Ye Chen's moves were sparse and ordinary, just wrist pinching, over-the-shoulder slamming or something like that, but it was just a little bit stronger, not knowing that this was the real kung fu.

Ye Chen smiled slightly at Qin Aodong at this time, "Are you coming over yourself, or am I going over?"

"You, you don't come over."

Qin Aodong was so frightened that he broke out in cold sweat and subconsciously took a few steps back.

Seeing his wimpish look, Ye Chen snorted coldly and walked towards him.

Qin Aodong stared at him in fear and backed up in a row.

If he fell like that himself, he would definitely have to go into the hospital and lie down for half a month!

Just then, a black BMW sedan slowly drove down the street and stopped a short distance away.

The driver hurriedly opened the door of the car and asked the person to get off.

When Qin Aodong saw this scene, he was delighted and shouted at that side, "Sister! I've been beaten up! Come and save me!"

When Ye Chen looked up, he saw the crowd voluntarily give way to a pathway, and a woman in a tight black tracksuit was walking this way.

The tight-fitting tracksuit outlined the woman's figure to perfection, while her face was furious, adding to her heroism.

"That's Qin Shao's sister, Qin Aoxue!"

The crowd suddenly shouted in shock, then the crowd was in an uproar.

Qin Aodong shouted, "Sister, it's this kid who hit me, you help me to beat him up!"

After Qin Ao Xue approached, she swept a glance at the crowd of bodyguards lying on the ground, then looked at Ye Chen with cold eyes, "Did you beat these people?"

Ye Chen said flatly, "It's me, what's wrong?"

Qin Ao Xue sneered and said, "Not so much, apologize to my brother immediately!"

"What if I say no?"

"Then I'll beat you until you apologize!"

Before the words fell, Qin Ao Xue whipped her leg and instantly kicked Ye Chen d er cheeks.

Ye Chen's heart was a little surprised, this woman's skill was much stronger than the previous group of bodyguards.

This whipping kick of hers was strong and fast, she seemed to be a serious practitioner!

Qin Aodong looked at the scene and said under his breath, "Let's see if my sister doesn't kill you!"

His sister had been practicing martial arts for many years, proficient in ancient martial arts, as well as dispersal techniques, even some serious martial artists were no match for her.

And in the next moment, Qin Aodong's eyes fiercely widened.

108

"Too weak!"

With a furious shout from Ye Chen, his body instantly flashed to the side, followed by a lift of his leg and a kick on Qin Ao Xue's buttocks, sending her whole body flying out.

Qin Ao Dong's jaw almost dropped in shock, dumbfounded at the scene, and whispered, "How is this possible!"

Qin Ao Xue was even more humiliated, since learning martial arts, she had never been humiliated like this before, and the place where the other party kicked was too humiliating!

She was filled with rage and climbed up to rush towards Ye Chen, she made a decision within herself, today she must make this bastard pay!

"Ao Xue, stop it now! Don't be rude to Master Ye!"

And at this moment, suddenly a middle-aged man ran up and grabbed Qin Ao Xue.

Qin Ao Xue's pretty face was shy and angry, shouting, "Dad, you get out of the way, I'm going to kill him!"

Is my ass something you can kick? Don't you know how to take pity on a woman? My butt is still aching to this day!

"Shut up!"

The middle-aged man glared at Qin Ao Xue and snapped at him.

Then, he walked towards Ye Chen with a humble face, took a deep breath and said respectfully, "Master Ye, meeting again my daughter and nephew on behalf of my unworthy daughter and nephew, I apologize to you, when I go back, I will make them face the wall."

Qin Ao Xue and Qin Aodong were stunned in the area, incredulous at this scene.

Father was one of the high end figures in Jinling City, how could he be so polite to this kid.

Ye Chen recognized this middle-aged man.

Previously, he had met him when he went to the treasure appraisal with Song Wanting, and his name was Qin Gang.

So, Ye Chen nodded and said, "Mr. Qin, this nephew of yours should really be disciplined more."

Qin Gang nodded repeatedly, looked at Qin Ao Xue and the two of them angrily, and spoke, "Come over and apologize to Master Ye!"

"I'm not going to apologize to the asshole who kicked my ass!" Qin Ao Xue left her mouth, looking angry.

Qin Gang scolded with an angry face, "Apologize! Now! Now!"

Qin Ao Xue instantly let off steam, grievously biting her shell teeth and softly said, "I'm sorry."

The company has been in the process of developing the new product for the past few years, and the company is now in the process of developing the new product. If you can't clean it up, I'll get someone else to come back and get him!"

Snap!

Qin Gang slapped him heavily across the face and said angrily, "Bastard! Quickly kneel down for Master Ye!"

Qin Aodong was slapped so hard that his eyes were starry, blood was dripping from the corners of his mouth, and he covered his face in fear, his whole body was blindsided, completely unaware that things had actually turned out this way.

But let him kneel down in public.

This is simply a loss of face for the Qin family, how can we talk about prestige in Jinling City in the future?

Qin Gang's teeth clenched as he shouted harshly, "Do you bastards know that if it wasn't Master Ye who discovered the end of your piece of jade, not only would you have been killed, but the entire Qin family would have been killed by you!"

Saying that, he cursed in exasperation, "I said how come the Qin family has been unlucky lately, all sorts of things have happened one after another, so it's you, this bastard, who has gotten a disaster on him, if your grandfather knew about it, he would have to break your dog's legs!"

Seeing the seriousness of the second uncle's words, Qin Aodong's legs weakened in fear and he plunged to his knees.

Qin Gang sternly shouted, "Still not making amends to Master Ye!"

"Right, I'm sorry" Qin Aodong has been scared out of his wits, shivering and apologizing to Ye Chen, his eyes filled with fear.

Only then did Qin Gang respectfully say to Ye Chen, "Master Ye, I wonder if you are still satisfied with this treatment?"

Ye Chen said indifferently, "Forget it, since you've kneeled down, I won't bother with him."

As if relieved, Qin Gang hurriedly asked again, "Master Ye, I still have one more thing to ask you, after that piece of jade is lost, will my Qin family's fortunes be able to return to normal again?"

Ye Chen sneered, "You're thinking quite nicely! This jade fury is extremely heavy, it's already not just on Qin Ao Dong alone, in my opinion, in less than a year's time, your Qin family will probably end up in ruin!"

109

Qin Gang was frightened by Ye Chen's words.

A broken family?

That's a terrible price to pay, isn't it?

Qin Gang paled for a long time before sighing, "I haven't done anything wrong in a quilt's life, I've done good deeds day in and day out, so how could I end up in such a situation."

Ye Chen smiled and said, "Then it seems that the last time you wanted to buy that piece of yellow jade, it was for the same reason?"

Qin Gang nodded, for almost a year, he had tried all the methods but none of them worked until he met Ye Chen.

Last time, he thought that Ye Chen only knew how to identify treasures and didn't pay much attention to it.

But today, Ye Chen actually broke the fury with a single word, which made him understand that Ye Chen was not an ordinary person at all, and the hope of saving the Qin family might be on Ye Chen.

Whirling, he hurriedly cupped his fist at Ye Chen and pleaded, "Master Ye, please help save him!"

After saying that, he hurriedly whispered a few words to the assistant beside him, who immediately turned around and walked away.

Ye Chen smiled faintly and said, "Mr. Qin, it's better for you to settle your family's matter on your own."

He didn't have much of a relationship with the Qin family, and he had just a one-sided encounter with Qin Gang before.

Moreover, this Qin Aodong in front of him had offended himself.

The horrified looking Qin Ao Xue next to him was quite pretty, the little girl had a great body, a great front and back, and a spirited personality, quite a bit of a little pepper.

But, pretty or not, what does it have to do with himself? One was not his wife, and the other was not sleeping with him.

Therefore, there was no reason for Ye Chen to help the Qin family at all.

However, how would Qin Gang be willing to give up this wonderful opportunity to save his family, he immediately bowed and said, "I implore you sir to show me the way!"

Qin Gang looked at Ye Chen with near piety, his body bowing ninety degrees and assuming an extremely humble posture.

But Ye Chen remained unmoved.

Seeing that Ye Chen was unmoved, Qin Gang's heart fluttered and threw himself on his knees.

At this time, Qin Ao Xue, who was beside him, saw this and also poofed down without hesitation.

She kneeled in front of Ye Chen and begged bitterly, "Master Ye, it was me who was abrupt and angered you just now, please don't take it to heart, the fate of my Qin family above and below is in your hands, please be able to help!"

After saying that, she turned her head to look at the dumbfounded Qin Aodong and slapped him with a slap, snapping at him, "Qin Aodong! It's all your fault! You're the one who brought that weird dirty thing home, and the family is dragged down by you, even Master Ye is offended by you, kowtow to Master Ye! Ask Master Ye to do something!"

Qin Aodong was truly scared out of his wits!

He really didn't think that the Qin family's recent unfavorable flow of years and his own bloody disaster were all caused by that piece of jade, and now that he was to blame and had angered the only Master Ye who had a way to defuse everything, he was really afraid that after he returned home, he would be beaten half to death by a group of people in the family.

So he immediately shivered and kneeled on the ground to kowtow to Ye Chen, begging under his breath, "Master, I was wrong Master! It's my fault for being blind and ungrateful, I don't know what's good for me, I beg the Master to forgive me and help our Qin family by the way, I kowtow to you."

Saying that, Qin Aodong knocked his head on the concrete floor and rattled it.

At this time, Qin Gang's assistant ran back and handed a gift box to him.

Qin Gang hurriedly held it over and respectfully handed it to Ye Chen and said humbly, "Master Ye, this is one of the most expensive jade bracelets of Jade Pavilion, priced at over six million, please smile at Master Ye!"

Ye Chen indifferently glanced at the gift in Qin Gang's hand, it was a good jade old pit ice bracelet, the water head was excellent, crystal clear as glass.

Although it was not as good as the emerald necklace he had given his wife Xiao Churan, but as a bracelet, it was already almost top-notch!

The crowd around looked straight, this bracelet everyone knew, the most expensive bracelet in the Jade Pavilion Pavilion, the price tag alone was six million.

But Qin Gang even directly asked his assistant to buy it back and give it to Ye Chen, and he was begging Ye Chen to accept it.

It could be seen how strong his thoughts of catering to please Ye Chen were at the moment!

What exactly was this Ye Chen's identity?

110

Ye Chen's father-in-law was also completely dumbfounded, he had never encountered such an unbelievable thing in his life!

Ye Chen looked at the jade bracelet and didn't take it, but looked at Qin Gang with a seeming smile and spoke, "Mr. Qin, how do you know that I must have a way to dissolve this fury?"

Qin Gang piously said, "If Master Ye can't do it, then I'm afraid no one else in this world can!"

Ye Chen smiled faintly, Qin Gang was right, he really did have a way to defuse it.

There was a record of this kind of fury in the Nine Xuan Heavenly Scriptures, and the method of how to break it was written very clearly.

Ye Chen glanced at the jade bracelet and took it with his hand.

Looking at the crystal clear jade bracelet, if it was worn on his wife Xiao Churan's wrist, it would be very beautiful.

As for this Qin Gang.

Honestly, not a bad guy.

It's just that there's no harm in disciplining the family offspring, and the crime doesn't deserve death.

Since he was so devoutly pleading with himself, it wouldn't hurt to help him a little.

So, Ye Chen then said, "Okay, since you're begging me, I'll give you a face."

Saying that, he handed down the bracelet.

Seeing Ye Chen accept the bracelet, Qin Gang was overjoyed and even bowed towards him again, "Master Ye, the Qin family is barely able to speak in Jinling City. After the fury is broken, if Master Ye needs the Qin family to do anything on his behalf in the future, I will do my best to help Mr. Qin."

The surrounding crowd was in an uproar, all of them listening in amazement.

The Qin family was open-minded!

Ye Chen pondered for a moment and spoke, "In that case, I'll help you once, and it's also your Qin family's fate that you don't deserve to die."

Qin Gang immediately kowtowed heavily and said excitedly, "Please Master Ye!"

From a nearby antique shop, Ye Chen asked for a yellow paper talisman and cinnabar, and drew a few strokes on the yellow paper with a dragon and a phoenix, then handed it over to Qin Gang.

"Put this talisman on the jade plug, take it home and burn incense daily to worship it, after seventy-seven and forty-nine days, the fury will be completely dissolved."

"During these seventy-seven and forty-nine days, do not kill or bleed light at home, and the family should bathe and burn incense daily, remember."

"Sir's auspicious words, my humble servant will honor them!"

Qin Gang respectfully received the talisman with both hands and was extremely grateful to Ye Chen, carefully pasting the talisman onto the jade plug and wrapping it into a yellow paper package.

Right at the moment the jade plug was wrapped, Qin Aodong suddenly felt a lightness in his body, the boredom in his body seemed to disappear, and his whole body became refreshed.

Qin Gang also felt the change in his body, his whole body became clearer and more at ease than before!

He knew that Ye Chen's method had worked!

It made him burst with joy!

Fortunately, he had found Ye Chen, otherwise after today, the Qin family would be heading for the end of the road!

Zhang Ermao was watching and marveling, and when he saw Qin Gang finished, he even bashfully leaned in and accosted Ye Chen with a bow.

"Big brother, can you take a look at my face for me?When do you think I'll find a pretty daughter-in-law?"

Ye Chen's eyebrows furrowed and shook his head, "If you want to marry a beautiful daughter-in-law, go to the whole face first."

Qin Ao Xue stood at the side and puffed out with pleasure.

Indeed, this Zhang Ermo was too ugly, how could any girl be interested in him!

Rather, this Ye Chen is really quite handsome

### Chapter 111

Qin Gang compensated with a respectful smile and said, "Master Ye, your great kindness to the Qin family is something I will never forget.Today is a bit hasty, I didn't have time to prepare, could you invite Master Ye to come to the Qin family tomorrow for a gathering, Qin will host a banquet at his home and personally entertain Master Ye to thank you for your great kindness."

"No need, I have something else to do."

Ye Chen indifferently shook his head and said, "Today's incident is because I saw you doing more good deeds, I don't want to be too ostentatious, understand?"

Qin Gang was stunned and nodded repeatedly, "Qin Mou understands!If Master Ye has any use for the Qin family in the future, just come to Qin."

After saying that, he quickly handed over a gilded business card with his personal mobile number on it.

Ye Chen took it without looking at it, turned around and left the place with his father-in-law.

And Qin Gang had been watching the two men's backs disappear before he gave Qin Aodong a fierce glare and said angrily, "In the future, when you see Master Ye in Jinling, give me a respectful bow and greeting, and don't cause me any trouble!"

Qin Aodong grievously said, "I didn't know that I could offend a master by going out on the street to buy something."

Qin Ao Xue at the side had a cold face and was looking at Ye Chen's departing back biting her teeth straight.

Although she admired Ye Chen, but in her heart, she was obviously still remembering the incident where Ye Chen kicked her butt.

For a proud girl, this kind of thing was simply unforgivable.

Qin Gang sighed and comforted her, "Girl, you don't want to take revenge on Master Ye, now our whole family is counting on Master Ye"

"Does he really work?"Qin Aodong muttered.

Qin Gang scolded, "I'll smash your dog's legs if you talk nonsense!"

Qin Ao Dong shrank his neck, not daring to say more.

Qin Ao Xue hatefully stomped her foot and said, "I know dad I won't mess with him."

The thought of her body still aching was infuriatingly painful.

"Pity," Qin Gang shook his head and sighed.

Qin Ao Xue was surprised and asked, "Pity about what?"

Qin Gang looked at her before saying, "It's a pity that Master Ye is already married, otherwise, I think you two would be quite a match."

"Dad!What are you talking about!"Qin Aoxue was so ashamed and annoyed

On the way back, Xiao Changkun was still full of amazement.

The head of the Hallowed Qin Family was so respectful to his own son-in-law!

"Ye Chen, are those words you said to Qin Gang true?"

Xiao Changkun was confused, this son-in-law of his was becoming more and more like a liar.

Ye Chen chuckled and said, "Half-truth, half-false, aren't all Jianghu liars fond of the trickery set!"

Xiao Changkun was shocked when he heard this and panicked and rebuked, "Fuck, you even dared to cheat the Qin family and received such a valuable bracelet from someone, what if you turn around and it's revealed and they find you? Don't you dare get our family into trouble!"

Ye Chen shook his head and said, "At the worst, I'll return the bracelet to them at that time, the legal society, can they still kill me?"

Xiao Changkun sighed long and short, obviously worried in his heart, but on second thought there was nothing else to do, he could only take a gamble to see if maybe this Jianghu trick of Ye Chen's really worked?

After returning home, Ye Chen went into the bedroom and took out the "Peaceful and Rich" stone he received from Zhang Ermo.

At this moment, Ye Chen suddenly felt a surge of energy from the stone into his body.

Ye Chen suddenly felt a warmth, the whole chest and stomach, can not say comfortable.

Soon, layers of virtual sweat, mixed with black impurities, were discharged out of his body, and his body was extremely relaxed.

112

A moment later, Ye Chen felt that there was an energy in his body that was moving around.

This, was the aura!

When he went to look at the stone again, Ye Chen found that the stone had already converged its aura and was just like an ordinary stone.

Ye Chen operated the cultivation methods recorded in the Nine Xuan Heavenly Scriptures, but he couldn't draw aura from it either.

Ye Chen could only put the stone back into his pocket, intuitively he felt that it was extraordinary, but since he couldn't study it at this time, he would have to wait until his cultivation improved later.

Feeling sticky, Ye Chen even ran to take a shower, and by the time he was done, it was already after 5pm.

Wife Xiao Churan gave him a call.

On the phone, Xiao Churan told Ye Chen that she was talking about the details of the project at the Imperial Hero Group, and the BMW 760 that Ye Chen bought for her converted to a 520, which happened to be restricted today, she didn't drive and wanted Ye Chen to drive her father-in-law's 530 to pick her up at the Imperial Hero Group.

The first thing you need to do is to take a look at the newest models.

The company has been in the process of developing the new product for a long time.

After arriving downstairs, Ye Chen took out his mobile phone and dialed Xiao Churan.

Xiao Churan didn't pick it up, but soon replied to him with a WeChat.

"Ye Chen, I'm still in a meeting with the team in charge of the project, so wait for me downstairs for a while, it's hard for you."

"Okay, then I'll wait for you downstairs."

After Ye Chen replied to Xiao Churan, he waited outside the car smoking.

At this time, Wang Dongxue, the vice-chairman of the Dihao Group, called him and asked, "Young Master, have you arrived at the Dihao Group?"

Ye Chen asked curiously, "How do you know?"

Wang Dongxue said, "I'm in my office, and I can just see your car."

Ye Chen looked up and smiled, "You're looking for me for something?"

Wang Dongxue said, "Young grandmother's side is still in a meeting, it might take some time, so I wanted to ask if you have time, if so, I would like to report to you about the recent work."

Ye Chen thought about it, he hadn't been much in charge of the Emperor's Group recently, so he couldn't be ignorant of the group's business, so he said, "That's fine, you wait, I'll be right up."

Wang Dongxue said, "Then you go straight to your office, I'll report to you."

"Good."

Hanging up the phone, Ye Chen stepped into the building, got on the elevator, and went straight to the chairman's office on the top floor.

As he walked out of the elevator door and towards the office, a door behind him suddenly opened.

Dong Ruolin was now planning to go to the bathroom, but she didn't expect to see a familiar back as soon as she left the door.

She didn't recognize this back figure as Ye Chen, but rather felt that it resembled the divine tycoon on Jitterbug!

Could it be that the chairman you've been wanting to meet has finally arrived?

Dong Jorin immediately got excited!

After all, the fundamental purpose of coming to Jinling and to the Imperial Group was to get close to this mysterious chairman, and then work to make herself his woman, so that the entire Dong family would be able to take it to the next level.

This was the mission that the entire family had entrusted to themselves.

However, Dong Ruolin was also depressed, she had been here for so many days, but she hadn't even seen the chairman's face, so how could she move in a longer-term direction with him?

So, now seeing the chairman's back, Dong Ruo Lin was thrilled!

She was busy taking a few steps right behind Ye Chen, trying to catch up to him to say hello and introduce herself!

113

When Ye Chen heard footsteps behind him, his afterglow swept over the glass next to him and realized that it was Dong Ruolin who was following behind him!

Shit!

If Dong Ruo Lin were to recognize herself here, she would definitely associate herself as the Chairman of the Emperor Group!

There was even the possibility that she might associate herself with being the young master of the Ye family!

This is going to be big time bad!

So, seeing that Dong Ruolin was going to catch up, he even quickened his pace, dashed into the chairman's office and locked the door.

Dong Ruolin did not expect that the other party would suddenly speed up his pace, and when he reacted and tried to catch up, the other party had already entered the office.

Seeing Ye Chen enter the office, Dong Ruolin was disappointed and muttered in a low voice, "Strange, why does this chairman seem like he's deliberately avoiding me"

Thinking of this, she still didn't give up, she went up and knocked on the door and spoke, "Hello chairman, I'm the new administrative director Dong Ruolin, I have something I want to report to you."

Ye Chen deliberately lowered his voice back and said, "Have you reported with Wang Dongxue?The company doesn't allow leapfrogging, don't you know?"

"Sorry, Chairman, I forgot."

Dong Ruolin was frightened and nervous, thinking, "This chairman is so fierce ah in the end is he angry at himself for going over the top, or he simply does not want to see himself?"

However, Dong Ruolin now didn't dare to remain in front of Ye Chen's office and had no choice but to leave.

Ye Chen heard Dong Ruolin's footsteps getting farther and farther away, and finally let out a sigh of relief.

Almost recognized by her, it was really dangerous!

Thinking that she would inevitably have to come to the Imperial Group in the future, and Dong Ruolin was now the Executive Director of the Imperial Group, and her office was on the same floor as herself.

This way, the chances of being bumped into by her in the future are too high.

It just so happened that Wang Dongxue came over at this time to report to him.

Ye Chen then said to her: "Dongxue, there is something you can help me arrange."

Wang Dongxue nodded: "Young Master you say."

Ye Chen said, "You help me change a position for Dong Ruolin."

After saying that, he asked, "Our company, what position doesn't need to stay in the office all the time?"

"Sales and business." Wang Dongxue replied, "These two positions often have to go out to run business and are basically absent from the company."

"Good." Ye Chen nodded and said, "Then transfer her to be the sales director."

"No problem, I'll go back later and start making arrangements." Wang Dongxue promised.

Afterwards, Wang Dongxue reported to Ye Chen about the company's recent situation.

Now, the Empire Group's new six-star hotel project had already started, and the site was chosen right at the foot of Qingcheng Mountain, with beautiful scenery and elegant environment.

When this hotel is completed, it will also be the first six-star hotel in Jinling, which is extremely luxurious.

The business related to the hotel was progressing very smoothly, and it was expected that it would be completed within two years and put into use two and a half years later, at which time, the revenue capacity of the Emperor Group would rise to a new level.

Ye Chen then instructed her, "If my wife's side is doing well, and she has the leisure capacity, you can give her more business from the Imperial Hero Group."

Wang Dongxue immediately said, "Young Master, don't worry, I will!"

Seeing that his wife was going to finish the meeting, Ye Chen said to Wang Dongxue, "You now go and call Dong Ruolin to your office, I take the opportunity to good bugger."

Wang Dongxue nodded busily, returned to his office, and gave Dong Ruolin a call.

114

Hearing that Wang Dongxue was looking for himself for something, Dong Ruolin immediately went to her office.

At this time, Ye Chen was busy going downstairs.

As soon as he went downstairs, he saw Xiao Churan walking out with a tired face.

Xiao Churan was obviously exhausted because of the cooperation and helplessly said, "There are so many things now, I'm too busy to come over."

Ye Chen asked heartily, "Do you want to split up some of the work? Or just don't do it at all."

"That's no good." Xiao Churan said, "I just became a director not long ago, my foundation is still unstable, I have to work harder, otherwise, that cousin of mine will definitely take advantage of the weakness."

Thinking of Xiao Hailong, Xiao Churan couldn't help but feel annoyed, this person was particularly annoying, always against himself, and always liked to do things that were detrimental to others.

On the way back, Xiao Churan closed her eyes to rest, Ye Chen concentrated on driving, and did not disturb her

At this moment, in Wang Dongxue's office.

Wang Dongxue told Dong Ruolin about the new appointment.

Dong Ruolin was a little surprised.

It hadn't been long since she had accepted the job of administrative director, and now she was transferring herself to sales, why was that?

Wang Dongxue to her explanation is: "I think you have strong abilities, on the company to do administrative work is really too condescending, and I look at your resume, you study at the university is business management and marketing, dry sales is the most suitable for your position, and sales for the company is more important, you do this job, the future will be more promising!"

Wang Dongxu wasn't making things up.

The sales position was much more important than administration.

Sales was the department of the company that really came in for money.

Administration, on the other hand, was a steward of the company, and was in charge of all the nitty-gritty matters.

Dong Ruolin didn't think much about it, instead she felt that if she could do a good job in sales and bring real profits to the company, then in the future the chairman should pay more attention to her as well!

So, that's a good thing for you!

Happily out of Wang Dongxue's office, the first thing Dong Ruolin did was to call her good BFF Xiao Churan.

As soon as the call came through, she said excitedly, "Churan, I've been turned into a sales director!"

"Really?" Xiao Churan also got excited at once and said, "This is wonderful! You're a salesman yourself, you're too big for administration! Now you have more room to play, and you should be able to do great things soon!"

"Hehehe!" Ruo-Lin Dong was also very happy and said out of the blue, "Why don't we have dinner together tonight to celebrate? You call Ye Chen up as well."

Xiao Churan said with some difficulty, "We're both almost home, and to be honest I'm too tired today, why don't we celebrate together another day?"

Dong Ruolin knew that Xiao Churan had been having a hard time lately, so she was busy saying, "Umm na! You've really been working too hard lately, working overtime frequently for meetings, so let's say you go back and rest, and we'll get together again after you're done!"

"Good." Xiao Churan said, "After I'm done with this, let's have a good meal and drink hippie together!"

Dong Ruo Lin smiled, "That's a deal, yo!"

After hanging up the phone, Dong Ruolin was a little lost in her heart.

She didn't have many real friends in Jinling, and her only good friend was Xiao Churan.

Now that you have moved to the position of sales director, the stage is bigger, it is a good opportunity to prove yourself, but you can't find a person to celebrate together.

Just when she was sighing, her cell phone suddenly rang.

The one who called was, surprisingly, Xiao Hailong!

115

Seeing that it was Xiao Hailong calling, Dong Ruolin did not want to answer.

She did not have a good impression of Xiao Hailong, and she could see that Xiao Hailong's motive was nothing more than wanting to get close to her and achieve the goal of attracting her.

However, she is really not interested in such a person, so she directly hung up the phone.

But Xiao Hailong persevered, and only after a few times in succession did Dong Ruolin helplessly pick it up, asking coldly, "Hailong, what's the matter with you?"

Xiao Hailong hurriedly said, "Ruo Lin, I heard you've moved to Sales Director?"

Dong Ruolin was surprised and asked, "How are you so well-informed?"

Xiao Hailong smiled, "I happen to have a few friends who work at your Imperial Group, so I was told that I received a new appointment released by the company."

"Mm." Dong Ruolin said, "It's indeed a transfer to Sales Director."

"Congrats!" Xiao Hailong said excitedly, "This post is a real power post, it has great promise! You've really come of age this time!"

Dong Ruolin said indifferently, "Thank you."

Xiao Hailong also said, "Ruolin, you see, you have been coming to Jinling for some days, before that time in Tianxiangfu, it was quite unpleasant, in order to express my apologies, I want to invite you to dinner again, today it happens that you have transferred to the sales director again, it is a big happy day, it is right to celebrate, what do you think?"

Dong Jorin opened her mouth to politely say, "But I might have to work late tonight"

Xiao Hailong said, "Ruo Lin, the big celebration is to celebrate in time, otherwise, you won't feel this joy tomorrow, you don't have many friends in Jinling, I think why don't we just the two of us find a place to celebrate, and not call anyone else, be more quiet, what do you think?"

Dong Ruo Lin was slightly impressed.

To be honest, she really wanted to celebrate.

However, Xiao Chorán couldn't come, and she didn't know who she should find to celebrate with for a while.

Now that Xiao Hailong had taken the initiative to call over, it could be considered that she had been given a choice.

Although Xiao Hailong was a bit of a hypocrite, but two people celebrating was better than one.

When she thought of this, Dong Ruolin said, "Then send me your address."

"Okay, I've booked a place at the Jinling Hotel, just give my name when you arrive."

Dong Ruolin nodded and said, "Okay, then I'll be there in a moment."

Dong Ruolin left the company and took a taxi to the Jinling Hotel.

Although this place was not as good as Tianxiangfu, it was still considered a relatively top hotel in Jinling.

At this time, Xiao Hailong was dressed in a suit, with a greasy haircut, standing at the door in a refined manner, waiting for Dong Ruolin.

It was just that the bandages on his hands completely ruined the atmosphere he had deliberately created.

The moment you come down from the car, all your eyes will be attracted to the past.

Xiao Hailong, with pride, even greeted and said, "Ruo Lin, you're so beautiful today, please come in, it's all ready."

"Thank you." Dong Ruolin smiled politely.

The two of them took their seats and soon the food was served.

Xiao Hailong asked the waiter to bring a bottle of top-notch red wine and complimented, "Ruo Lin, today is a big day, we should drink some wine to celebrate!"

Dong Ruo Lin hurriedly said, "Let's skip the wine and have some drinks."

"How can that be!"

Xiao Hailong was thinking of taking the opportunity to get Dong Ruo Lin drunk and see if he could find a chance to do it, but Dong Ruo Lin refused to drink as soon as she came up, which made him particularly disappointed.

Dong Ruolin waved her hand and said, "Sorry ah Hailong, I'm not feeling well, I really don't want to drink, let's wait for the next opportunity to drink some more."

In fact, Dong Ruolin could probably guess Xiao Hailong's intentions, and her sense of self-protection was quite strong, so she made up her mind that she would never drink with Xiao Hailong tonight.

When Xiao Hailong saw that he couldn't persuade her, he was depressed, but he didn't dare to show it, so he said, "Don't drink it, let's drink drinks as well."

Dong Ruolin nodded, "Thank you for understanding!"

At this time, sitting at the next table to them, a refined-looking youth was staring at Dong Ruolin non-stop.

He had been attracted by Dong Ruolin's looks and temperament since she came in.

In his opinion, this woman was truly too beautiful and had an extraordinary temperament, it was like a fairy had descended into the world!

After observing for a while, and finding that the woman and the man opposite her didn't seem to be lovers, the young man decided that he couldn't miss this opportunity.

A moment later, this young man stood up, stepped forward to Dong Ruolin and Xiao Hailong's table, and said to Dong Ruolin, "This young lady, from the moment you entered the restaurant, I fell in love with you at first sight, I wonder if you would be willing to leave me a contact information?"

Dong Ruolin was stunned.

I never thought that I would meet a pick-up artist when I ate here.

Xiao Hailong was also furious.

Damn, where did the stupid fork come from? Can't you see you're picking up girls? How dare you come and pick up your own girl, this is a fucking death wish, right?

So, without waiting for Dong Ruolin to speak, he said coldly, "Who are you? What are you doing coming to our table whining?"

The young man said indifferently, "What does it matter to you if I speak to this lady?"

Saying that, he then said to Dong Ruolin, "This lady, I've just been staring at you for a long time, I didn't want to take the liberty of coming over and disturbing you, but I'm really too impressed with you, and I'm afraid of missing this opportunity, so please forgive me."

Xiao Hailong immediately blew up at this point!

Shit, what kind of bastard dares to steal a woman from you?

So he immediately cursed angrily, "I'm warning you, you better get the hell out of here if you know what you're doing! If you talk or peek again, I'll gouge your dog eyes out!"

The youth turned to look at Dong Ruo Lin and asked, "Your boyfriend?"

Dong Ruolin shook her head.

Only then did the youth turn to look at Xiao Hailong and said, "Since you are not her boyfriend, then my confession to this beauty has nothing to do with you, right?"

Xiao Hailong sneered and said, "I don't like you looking at her, so you can't!"

The youth frowned, "You seem like you're pretty cool?"

Xiao Hailong sneered and said, "Kid, I'm a member of the Xiao family, know what to do and get out of the way, don't get yourself into trouble!"

Dong Ruolin was a little disgusted.

Firstly, she did not like this youth's such a direct confession.

Secondly, she didn't like Xiao Hailong's posture of being the best in the world.

At that moment, the youth's face changed and stared at Xiao Hailong as he said coldly, "What the hell is the Xiao family? Who the hell are you? I'm warning you, don't fucking pretend with me, or I'll make you walk in and lay out!"

Xiao Hailong gritted his teeth and was already furious to the core.

What a person who dared to pretend with himself!

The first time he invited Dong Ruolin to dinner, he embarrassed himself once, this time if he does not make a move to give him some color to see, and then embarrassed in front of Dong Ruolin, want to chase her afraid of even more no chance.

Thinking of this, he did not say a word, copied the wine bottle on the table, cursed: "What are you always wasting words here! You're looking for death!"

Just say, and drop a bottle on that young man's head!

Bam, bam, bam, bam, bam, bam, bam!

The youth was so dizzy from him smashing this that he almost couldn't stand.

The surrounding people were also shocked by this sudden bottle.

Xiao Hailong stared at the youth with a bloodied face and sneered, "If you don't get out of here, I'll smash your legs too!"

The youth gritted his teeth, covered his head and said, "Fine, you've got guts, you wait for me!"

Saying that, the youth covered his smashed head and hurriedly ran out.

Xiao Hailong laughed disdainfully and said, "Silly fork, a piece of trash who still dares to threaten me? Without even asking around, who have I, Xiao Hailong, ever been afraid of?"

After saying that, he deliberately looked smug and said to Dong Ruoling, "Ruoling, there are such flies everywhere, don't be affected by him, let's continue to eat, don't mind him."

Dong Ruolin was in such a boisterous mood, not in a good mood, nodded her head, and did not speak.

During the meal, Xiao Hailong tried to liven up the atmosphere a few times, but Dong Ruolin did not pick up on it at all.

In her eyes, Xiao Hailong is not only not very capable, but also a little too reckless, such a man, can not enter her eyes.

The actual actual time, the actual time.

This made him extraordinarily depressed, didn't expect that Dong Ruolin didn't like men who used violence, wasn't this a case of lifting a stone to smash his own feet?

The meal was exceptionally depressing for Xiao Hailong.

Having just finished his meal, he originally wanted to talk more with Dong Ruolin and enhance his relationship.

As a result, Dong Ruolin frowned and said, "It's getting late, I have to go back, thank you for your hospitality."

Xiao Hailong was depressed and said, "Then I'll drive you home."

Dong Ruolin shook her head, "No, I'll just take a taxi."

At this time, Dong Ruolin only wanted to quickly draw a line with Xiao Hailong.

Xiao Hailong's heart was on fire, and his mouth said, "Then I'll put you in the car, or I won't be able to rest assured."

Dong Ruolin also did not refuse, nodded and got up to walk out.

Xiao Hailong hurried to follow.

He was holding his breath, he wanted to create a romantic date and take the opportunity to confess to Dong Ruolin, but he didn't expect to be met by that son of a bitch, he had no chance at all, and he seemed to have left a bad impression on Dong Ruolin, what bad luck.

"Don't let me meet that dog bastard, if I meet him again, I have to kill him." Xiao Hailong scolded hatefully.

At this moment, Ye Chen had also just finished eating and was cleaning up the dishes.

Xiao Chorán said with an anxious face at this time, "Ye Chen, I have a supplier quote document in my bag, have you seen it?"

Ye Chen shook his head, "I haven't touched your bag since I got back."

Xiao Churan thought about it before slapping her head and saying, "Oh my, the document should have been left in the conference room of the Imperial Group, I need to use it tomorrow morning, why don't you drive me to get it?"

Ye Chen smiled, "You're so tired, rest first, I'll go get it for you."

Xiao Churan sighed and said, "I'm really tired, then it's hard for you, that document number is gy20191101."

Ye Chen waved his hand and said, "Working for my wife, it's not hard."

Saying that, Ye Chen drove to Xiao's group.

Over here, Xiao Hailong and Dong Ruolin just left the hotel and came to the roadside.

The company has been in the process of developing the new product for the past two years.

This dozens of people all black cloth masked, hands with steel pipe, a look is to seek revenge!

"Not good!" Once Xiao Hailong saw so many people running towards him, he was half scared to death.

Dong Ruolin also saw the scene, and became frightened, she guessed that this group of people must be the young man just now looking for revenge, looking at this situation, I'm afraid that someone is going to die ah!

Sure enough, a young man with a bandage on his head stepped forward and yelled, "Damn it, give me a fight!"

As soon as the words came out, an order was given and the crowd pounced on Xiao Hailong.

"I'm the young master of the Xiao family! Don't you dare touch me!"

Xiao Hailong was panicked, his mouth pretending to be strong and roaring.

A strong man laughed contemptuously and came up and swung a steel pipe at him.

118

Xiao Hailong was so terrified that he almost peed.

At this time, Xiao Hailong was so shocked that he suddenly pushed Dong Ruo Lin out, and Dong Ruo Lin ah, he was pushed in front of the other side.

This is the first time that a person has to be in a position to get a good deal more than just a few people.

Dong Ruolin was about to explode!

This Xiao Hailong is a real bastard!

He got himself into trouble, and then at a critical moment, he's a grown man who pushes a woman out of the way of a gun and runs away himself?

Can you find another scumbag in this world as disgusting as him?

Seeing Xiao Hailong run away, the young man was furious.

"This son of a bitch, he left the woman and ran away by himself, what a loser!"

Saying that, he stared at Dong Ruoling and said coldly, "Beauty, call that bastard back to me, otherwise, don't blame me for being rude to you!"

Dong Ruolin got out, "I'm not familiar with him, please don't involve me in the two of you."

The young man pointed to his head holding the gauze and said coldly, "Damn, I've got sixteen stitches in my head, and I can't even eat if this breath doesn't come out! If he doesn't come to save you, you'll go home with me and make it up to me for one night of pleasure!"

Dong Ruo Lin took off, "How could you! It's against the law!"

"The law?" The youth said coldly, "My word is law! After I'm done fucking you, you'll naturally know what the real law is!"

Dong Ruolin's heart went cold, and fear and despair almost annihilated her.

She hurriedly said, "I'm calling him right now!"

Saying that, she pulled out her cell phone and called Xiao Hailong.

Xiao Hailong was driving as fast as he could, thinking of escaping as far away as possible, when he suddenly saw Dong Ruolin calling him and his heart thudded.

It's over!

He just cared about running for his life and pushed Dong Ruo Lin out, this woman is afraid that she hates him, right?

Damn, that's bad luck!

He also said that he'd make good use of her, climb up with the Dong family, and then let the family's chickens and dogs rise to the top.

This is good, the Dong Ruolin ruthlessly offended!

But how dare he answer the phone at this point?

Answering the phone is just to tell him to go back, even a fool could guess.

But will he still be alive if he goes back? The gang was raging and had steel pipes, so even if they didn't want their own lives, they were afraid they would smash themselves into a lifelong disability.

Women are important, life is more important!

So he decided to keep running away, without her!

Dong Ruo Lin's phone could not be reached, and she was desperate to the core.

She pleaded with the youth, "I can compensate you for your money, please let me go, it's really none of my business."

The youth laughed sardonically, "I don't want your money!! I want your body!"

Dong Ruolin was scared out of her wits, she knew that if she didn't want to do something, this person would definitely not let her go.

So, she took advantage of the other party's lack of guard, and with a bite of her silver teeth, she kicked hard between the youth's legs.

The youth didn't think she dared to resist, and with a sudden kick to the crotch, let go with a scream of pain, and subconsciously swung violently, stabbing at it!

Dong Ruolin was trying to run away when she suddenly felt a sharp pain in her thigh and fell to the ground with a scream.

A sharp dagger was stabbed right in her leg, and blood was flowing.

"Stinky bitch, still trying to run!"

Annoyed, the youth grabbed her by the hair and said with a sneer, "Congratulations, you've managed to anger me, tonight, my brother and I will take good care of you!"

Dong Ruolin shed two lines of hot tears in despair.

She had already declared her own death sentence inside, she knew that this young man would not let go of her, and she was afraid that she would really die at his hands.

In this situation, it was impossible for anyone to save herself.

She hadn't noticed that a black BMW sedan was gradually approaching, and Ye Chen, who was driving, saw her at once and furrowed his brow!

119

Dong Ruo Lin leg pain piercing heart, heart incomparably desperate, tears continue to flow.

The young man swallowed hard and said, "Get her in the car!".

Someone next to him coaxed, "Will, when are you going to let us have a go with this beauty too?"

The youth said coldly, "When I'm done, I'll let you come!"

Afterwards, he reached out to grab her to the car.

Then, all of a sudden, he heard some miserable screams coming from the periphery!

"Ah!"

Suddenly, several screams rang out fiercely.

The youth raised his head in annoyance and shouted harshly, "What's going on?"

But as soon as he raised his head, he suddenly felt a strong wind hit his face!

Before he had time to dodge, he felt a sharp pain in his face, gold stars splattered in front of his eyes, the bridge of his nose broke with a click, and his nose bled furiously.

Just like a giant hammer hitting his head, the young man screamed out in pain and fell backwards, shaking his body.

Just as he fell, he saw several of his accomplices behind him, already paralyzed on the ground like dead dogs, not moving.

Dong Ruolin raised her head in fear, her beautiful eyes widening.

Only to see a man wearing a black mask, standing in front of him, his eyes cold as a knife.

Dong Ruorin was both shocked and delighted, inwardly alarmed, who was he? Did he come to rescue me? Yes, it must be to save me!

The youth's face was covered in blood and he fell to the ground unable to get up.

The man was too quick to strike, and in the blink of an eye, he let over four people, and the remaining few masked men, who were stunned for several seconds before they reacted, roared as they pounced on him, calling out to their accomplices.

"You, who are you [New Pensacola [www.xsbiquge.info](http://www.xsbiquge.info)]." Dong Jorin sat on the ground and looked up at the person in front of him.

The man didn't answer, picking her up in one swift movement and running deeper into the alley.

Dong Ruolin gasped for air, her heart pounding, still in a state of shock.

Behind her came the stern shouts of the gang of strong men, as well as the roar of motorcycles, obviously in full pursuit.

The sound of the wind whistling past her face, Dong Ruolin leg loss of blood, coupled with fear, can only powerlessly hold this man.

For some reason, she vaguely felt that the scent on this person seemed somewhat familiar.

But she didn't know that this mysterious man who was holding her was her good girlfriend's husband, Ye Chen.

Ye Chen drove by here, not expecting to happen to see Dong Ruoling surrounded.

He was afraid that something bad would happen to Dong Ruolin, that's why he wore a mask and came over to save Dong Ruolin.

After being transformed by the ray of aura obtained from the white stone, Ye Chen's body became extremely good and his speed was much faster than before.

Coupled with the fact that there were many alleyways in the area, Ye Chen quickly shook off the pursuers behind him.

Ye Chen hugged Dong Ruolin and ran far away in one breath, coming to a deep park before stopping.

Now it was getting late, the park was densely planted, even if the other party caught up, they could still hide their tracks.

He put Dong Ruolin on the ground, and saw that her pants had been dyed red with blood, a frown on his brow.

Although Dong Ruolin had lost a lot of blood, she was barely able to stay awake, and her face was pale with gratitude, "Thank you for saving me, may I ask who the hell are you?"

120

Ye Chen looked at her, but didn't say anything.

She had never quite looked down on herself, so even if she showed her true face, what was the point? It's just more trouble than it's worth.

So, it would be better to conceal it to the end.

Moreover, it wasn't that he was taking special care of Dong Ruolin, he was only doing it to save her for the sake of his wife, Xiao Chorán.

Seeing that Ye Chen didn't say anything, Dong Ruolin understood what the other party meant and knew that the other party must not want to reveal her identity, so she was too embarrassed to ask further questions.

But she has a strong character and is not the kind of woman who is dependent on a man, since the other party saved her without being thanked by herself, she always felt that she owed something in her heart.

Just when Dong Ruolin wanted to pursue the question, she heard a hoarse and cold voice from her ear.

"Take off your pants."

Dong Ruolin raised her head in shock and saw the masked man's gaze on her body, and was suddenly mortified.

I thought I had escaped the tiger's mouth, but I didn't expect to fall into the wolf's den again.

Here is the effect of the wilderness, the other side of the body is powerful, even if she shouted through the sky, can not escape the claws.

Dong Ruolin heart despair, a bite teeth and said sternly: "You do not want to touch me, I will not let anyone abuse! If you do anything to me, I'd rather die!"

Ye Chen was stunned, deliberately suppressing his voice, pointed at her leg and said, "Your hamstring has been injured, the wound is close to the aorta, if you don't treat it in time, it's likely to become crippled. Now if you are sent to the hospital without stopping the bleeding, it will definitely be too late to get to the hospital, what do you say?"

Dong Ruolin looked at him in shock, her cheeks burning.

She thought the other party was trying to cheat on her, but she didn't expect that

Seeing Dong Ruolin staring at him open-mouthed, Ye Chen sighed in his heart.

Dong Ruolin asked him timidly, "Can you help me stop the bleeding?"

Ye Chen nodded and said, "I've studied Chinese medicine and can use the point technique to help you stop the bleeding and slow down your injuries, so you'll have time to go to the hospital and get follow-up treatment."

"Thank you thank you." Dong Ruolin's pretty face flushed, her voice as faint and inaudible as a mosquito.

She couldn't help but take a look at her wound, her heart conflicted to the extreme.

This wound was impartial, right on the upper thighs, and she had to take off her pants to do so.

But if she took them off, wouldn't she be seen naked by the other party?

The Dong family is very strict, and Dong Ruolin would never normally hang out with another man, let alone let a man touch her body.

And the Dong family has a family doctor, a famous Western doctor from abroad, and she also doesn't believe that she can stop bleeding and heal injuries just by pointing.

Dong Ruolin thought about it and politely declined, "Thank you for your kindness, but please send me to the hospital first, I think I'll be able to hold on."

Ye Chen's eyebrows furrowed, how could he not know what the other party was thinking.

Dong Ruolin must have felt that she was not hurt to death right now, that was why she wanted to go to the hospital first.

But she that knew that the reason why she wasn't feeling that serious right now was entirely because she had secretly inputted a trace of spiritual energy into her body when she was hugging her just now.

Otherwise, how could she have survived until now, she would have died of blood loss long ago.

When Dong Ruolin saw that Ye Chen was silent, she braced herself and tried to stand up as her injuries should not be that serious.

But as soon as she moved, the wound burst open and a stream of hot blood gushed out.

Dong Ruolin's body went limp and she sat dizzily on the ground, her face incomparably pale.

Ye Chen frowned and spoke, "I just said that if you move around, this leg will definitely be ruined, and even if you go to the hospital, there's no way to heal it again. What's more, you've lost too much blood and it's very likely that you won't be able to wait for the ambulance to come and die of shock. To heal or not to heal, your choice is yours!"
