

# Ye Chen & Charlie wade Version

## Secret Identity 151-160

### Chapter 151

Qin Aodong was now under the spotlight of ten thousand people, and hesitated for a moment, but reason still prevailed over impulse.

He said in an urn, "I give up!"

"Cut!"

"Wimp!"

"What a shame!"

"What a fucking shame!"

A furious scolding and jeering at the scene made Qin Ao Dong lose his face.

He even regretted that he had run out today, otherwise, it would not be so humiliating.

Feeling extremely humiliated, Qin Aodong was furious, and even more so when he turned his head and saw Ye Chen's derisive eyes.

He couldn't help but rush out of his own private room and walked up to Ye Chen and questioned.

"Surnamed Ye, you're deliberately trying to fix me, right?"

Ye Chen slowly and methodically picked up the Birochun on the table, took a sip and said, "No one forced you to bid against me, it was you who had to confront me, and you got annoyed when you couldn't?"

Song Wanting at the side also said coldly, "Young Master Qin, the auction rules are like this, if you are willing to gamble, don't come if you can't play."

Qin Aodong was so angry that he gnashed his teeth, but he didn't dare to offend Song Wanting.

"There you go!" Qin Aodong fiercely pointed at Ye Chen with his hand and returned to the box in anger.

Ye Chen couldn't help but shake his head, with this loser Qin Ao Dong here, it's probably hard for the Qin family to think well

Under everyone's gaze, Ye Chen continued to swipe that black card to pay.

It was all Qin Gang's money anyway, and it didn't hurt at all to spend it himself.

By the way.

If Qin Gang knew that he spent so much extra money because of that loser Qin Ao Dong of their Qin family, what kind of mood would he be in?

I'm afraid you have to kill Qin Ao Dong to relieve your hatred, right?

That's interesting.

An hour passed and the auction was nearing its end.

During this period of time, Qin Aodong didn't bid once, and he was probably scared by Ye Chen.

At this moment, a few attendants laboriously pushed a cart onto the stage with a huge thing on it.

Ye Chen suddenly held his breath and looked up at the stage.

He felt a thick aura!

And right at this moment, Master Yu in the box next to him was also energized, his eyes staring at this lot.

This was the grand finale treasure!

However, when Bao Fugui lifted the curtain that covered it, the crowd revealed disappointed looks.

Because what was placed on the cart turned out to be a large, tattered reef with seaweed and dried seashells attached to it!!!

There was a lot of discussion in the audience, completely confused as to why Precious Treasure Pavilion would treat this broken stone as the finale.

Only then did Bao Fugui open his mouth to explain.

"Everyone calm down, this is the grand finale of the show, a natural giant clam!"

"This giant clam is naturally generated at the bottom of the sea, and has been identified to be a hundred years old, and after death it has been immersed in the sea for thousands of years, and its shell already has a natural "" pattern, so it is definitely a unique treasure."

Afterwards, he instructed the ceremonial lady to polish off a piece for everyone to see.

Sure enough, the exposed piece was the size of a palm, with a transparent golden red like amber, and a hidden pattern of the word " ", it was beautiful.

The venue was a complete sensation.

The price of giant clams in the international market ranges from 30,000 to 50,000 grams, and the life span of a shell is only 20 to 100 years, but it was not easy for a giant clam to be 100 years old, so it was definitely a rare one.

What is even more rare is that it has slept at the bottom of the sea for thousands of years, and its golden-red transparent color and natural multigram pattern make it the top treasure among giant clams.

The starting bid for this giant clam was \$9 million.

152

Crowds of people have been bidding, and soon the price has risen to twelve million.

Quite a few people retreated, but there were still those who knew what they were doing and persevered.

Just at this moment, Master Yu stood up and said loudly, "I'll offer fifteen million!"

After saying that, he turned to everyone and arched his hands, smiling, "Dear friends, I came to this auction today precisely for this giant clam, please give Yu a thin face and let him have his way for once, later I will give each of you a peace talisman as a heartfelt thank you."

Most of the guests present were bosses, and knowing Master Yu's reputation, they didn't dare to offend casually.

If it doesn't work out well, people will casually make a spell and make your home fly.

Besides, giving away two hundred thousand one peace talismans was not a waste of time, so many people chose to endure it despite their unhappiness.

Although Bao Fugui's face did not move, his heart was really unhappy.

Originally the auction was the highest bidder, but Master Yu had broken the rules.

If fifteen million was auctioned off by him, it would be nothing if he made less money, but when his reputation spread, the Precious Treasure Pavilion's prestige in the industry would definitely be damaged.

But Bao Fugui also knows that Master Yu is a very strong and talented person, so it is not easy to offend, and he can only stop.

Master Yu was overjoyed and couldn't even hold back his excitement.

For this giant clam, he was willing to take a plane to Jinling, and after several weeks, he finally got his wish!

What's a mere \$15 million?

Once the stuff is in his hands, he'll definitely make a fortune!

And, indeed, there was silence, and it seemed that no one dared to bid against him when he made his move on Master Yu!

That's pride, that's majesty!

All over the country, who won't give Master Yu a little face?

It seems that this giant clam has picked up a big leak with its 15 million!

Just at this moment, a faint voice sounded again.

"I'll pay thirty million!"

As soon as this voice was heard, the venue was quiet.

Everyone's eyes all brushed towards the person who called the price, and they were all astonished.

It was him again!

It was that normal dressed young man again, at first glance there was nothing remarkable about him, but the two bids with Qin Aodong were impressive!

The point is, twice he called for sky-high prices, and both times he simply paid by credit card, which is awesome!

However, no one expected that this guy would dare to bark at Master Yu?

Master Yu saw her at a glance and his face sank.

At this time, Qin Aodong stood up in shock and rubbed his eyes vigorously.

Song Wanting did not expect that Ye Chen would suddenly bark at Master Yu.

She only knew that Ye Chen had the ability to connoisseur treasure and didn't know how many assets he had.

She couldn't help but think, even she was unwilling to offend Master Yu, this Ye Chen, wasn't he worried about Master Yu's retaliation?

Instead, it was Xiao Changkun who was the first to come back to his senses, anxiously pulling him in a row: "Ye Chen, what the hell are you doing, quickly sit down!"

"Dad, I have a sense of proportion."

Ye Chen turned his head and said faintly, and raised his head again, his eyes incomparably calm.

"Ye Chen, what do you mean? Want to rob Master Yu?" Qin Aodong preemptively and immediately coldly questioned.

Ye Chen smiled slightly: "This is an auction, everyone can bid, how can you say that you are robbing someone else's things? Are you so old that you don't know any rules?"

After saying that, Ye Chen mocked, "You, it's better for you to sit there honestly and don't talk, you've just lost your face, don't you feel blushing?"

As soon as Qin Aodong heard this, he was so ashamed that he immediately sat back down with a guilty conscience and no longer uttered a word.

Master Yu was gloomy, his eyes like an awl as he stared at Ye Chen and said coldly, "It's you again! Do you know who I am, Yu Jinghai? And you dare to steal from me?"

Ye Chen sneered and asked him, "I don't care what kind of chicken bully you are, I'll rob you today, what the hell?!"

Yu Jinghai is going crazy!

He is well known at home and abroad, everyone here respects him, but this kid is so arrogant that he repeatedly undermines him, which is really annoying.

What's more, he dared to call himself names!

This is a death wish!!!!

The people there were also scared!

Fuck, what's this grandson's story! How dare you? Yelling at Master Yu? Are you tired of living? Master Yu is a Feng Shui master, there are a million ways to kill him without blood!

However, although Master Yu was annoyed, but in order to be able to get that giant clam at a low price, he superficially maintained his demeanor and opened his mouth and smiled, "This friend, just now you and I had a little misunderstanding at the door, but it's good to talk it over a little trivial matter, if you are bidding with me only to take revenge, it would be too cautious, wouldn't it?"

Master Yu himself was prepared to take this giant clam for fifteen million, but if he were to fight hard against Ye Chen, the next asking price would be more than thirty million.

He didn't want to spend so much more money!

So, swallowing his anger, he also hoped that Ye Chen would withdraw his offer.

It wouldn't be too late to settle the score with him after he got the giant clam for 15 million!

Ye Chen had already seen through his motives and said in a despicable manner, "Cut the crap with me, I'm also interested in this giant clam, if you can afford to pay the price you'll pay, if you can't, go play with eggs on the side!"

The scene went crazy again!

Fuck!

And he's letting Master Yu play with his balls.

Isn't that a bit ballsy?

Master Yu had a cold face, but to save money, he continued to speak, "I really like this giant clam, can you give me some face?"

Ye Chen glanced at him and said flatly, "Give you face? Do I know you?"

After saying that, Ye Chen asked, "Eh, tell me straight, are you unable to afford it?"

Master Yu's face was so ugly that no one had dared to speak to him like that so far!

And the other looked no older than twenty, younger than his own pupil!

In annoyance, Master Yu didn't bother to maintain his demeanor and said coldly, "I didn't expect that my face, Yu Jinghai, would be treated with such contempt! Well, since it's a fair fight, naturally the highest bidder wins! I'd like to see just how much family you have to come and steal this giant clam from me!"

Afterwards, he held his head high and shouted, "I'll pay fifty million!!!"

Flood's voice made the arena buzz again!

The bidding turns into a big gamble and the atmosphere in the arena quickly heats up!

The rules are simple!

Who's richer!

Who is the king of this battle!

Master Yu was thinking very simply, if he fought him a little bit, I'm afraid it would go on and on endlessly, so he had to call a price that would bluff him, and just call 50 million, he definitely wouldn't dare to follow!

However, no one expected that Ye Chen's face would remain unchanged and two words would come out of his mouth.

"One hundred million!"

The bid has doubled again!

The arena is boiling!

In just a few minutes, the price of this lot has doubled tenfold in a row, making it the focal point of auction history!

Qin Aodong couldn't help but shout out, "Ye Chen, don't you dare pretend there, do you have the money?"

Ye Chen couldn't help but burst out laughing and said, "There really is, what's the drop? You're not convinced? I might as well tell you the truth, this card I use is your Qin family's, your second uncle personally gave it to me, how about it, surprise? Are you surprised?"

154

"You! You!" Qin Aodong's face reddened with anger: "You son of a bitch, how dare you cheat my Qin family of money! Sooner or later, I'm going to fucking break you into a million pieces, you liar!"

Master Yu turned his head sideways, looked at Qin Aodong and asked, "Master Qin, do you know this person?"

Qin Aodong snorted and said: "He is a door-to-door son-in-law of the Xiao family, also jobless, at home to eat his wife's soft rice, recently by coaxing my second uncle, only a little money"

"Yes?"

Master Yu raised an eyebrow as if he had taken a reassuring pill and sneered coldly.

"Puffing up your face, young man I advise you not to be too exuberant, otherwise it's you who will suffer, not me who despises you, one hundred million, can you take it out?"

Ye Chen's face was slightly cold and said indifferently, "Whether I can take it or not, no need for you to worry, if you have the guts to keep barking, if you don't have the guts, keep your mouth shut!"

Master Yu couldn't hold back and cursed, "Kid! You're looking for death!"

Ye Chen harrumphed, "I'm looking for death? With you? You can't even afford to buy things, and you want to kill me? Hahahaha, it's stupid!"

Master Yu was repeatedly ridiculed by Ye Chen, and could no longer maintain his demeanor, shamefacedly roaring lowly, "Young man, you'd better stop right there! Be a good boy and give it up, or you'll have your life to buy it and no life to use it!"

As soon as this was said, Bao Fugui's face changed, this was an obvious rule to smash the Precious Treasure Pavilion!

His face was livid, but he didn't dare to refute Master Yu, his heart was scratching and very uncomfortable.

Ye Chen, however, smiled slightly, "If you want my life, you have to wait until the auction is over, right? Now the auction is still open, I just got to 100 million, please keep bidding!"

Song Wanting was incomparably surprised, Master Yu wasn't an ordinary person, even the Song family couldn't guarantee that they could deal with Master Yu.

But what did Ye Chen mean by offending Master Yu so much to the death? And where does that come from?

Xiao Changkun collapsed on the sofa, so shocked that he covered his heart and gasped incessantly, thinking, "Finished finished, this is all finished, the son-in-law is finished, and his own family will be finished as well."

Master Yu's face was stiff, Ye Chen didn't put himself in his eyes at all, these words were undoubtedly hitting him hard in the face!

However, Ye Chen was right, this was an auction, if you wanted to get that giant clam, you had to keep bidding.

But, one hundred million.

Who the fuck can afford this!

Everyone's eyes were on Master Yu to see how he would respond.

Master Yu's face was green and white, but for the sake of that giant clam, he suppressed his anger and whispered to Ye Chen.

"This friend, if I have offended you just now, it was unintentional, please forgive me."

"But I do have a use for this giant clam, please be generous and give way, I can owe you a favor, my favor is worth more than this giant clam!"

His eyes flickered with cold light, this hairy brat dared to embarrass himself like this, and when this was over, he would have to kill him!

Ye Chen said indifferently, "Sorry, I have a use for it, so I can't let you!"

"And, as I just said, you're a chicken bully to me, and your favors are worthless to me!"

Master Yu collapsed!

He only had one thought now: wait for the auction to end and find a way to take Ye Chen's life!

He must be killed!!!!

Seeing Master Yu wince, the people at the scene couldn't help but sigh, I never thought that this young man would just go all the way to the end, and even Master Yu had become his defeated enemy!

As the auctioneer's final hammer fell, Ye Chen finally managed to take the finale of the giant clam with a price of 100 million.

Master Yu was furious and hated Ye Chen, his face was livid and he directly left the scene.

He wanted to kill Ye Chen right now, but the situation didn't allow it, this matter had to be taken in stride!

Song Wanting looked at Master Yu's departing back and reminded Ye Chen, "Master Yu is not an ordinary person, I think he won't let up and will definitely find trouble with you, you must be careful in these few days."

Ye Chen smiled and spoke, "I'm afraid he won't come!"

155

100 million was thrown in for a giant clam.

Everyone thought that Ye Chen was crazy, but Ye Chen was the only one who didn't care about it at all.

On the way back, Ye Chen explained to Xiao Changkun about the auction, explaining that the 100 million was given by the Qin family's authorization, lest his father-in-law couldn't afford it and would be scared out of his wits again.

After arriving home, Ye Chen immediately started to study the giant clam while Xiao Chorán was still at work.

This giant clam was as big as a wheel and had been cleaned and simply polished to reveal a golden red smooth shell surface.

With a little effort, Ye Chen broke it into several pieces.

He picked up a piece and looked at it.

As expected, three white beads were revealed in the thick shell.

This was the essence of giant clam, Sea Spirit Pearl.

The giant clam was originally one of the seven treasures of Buddhism, and the clam beads of this giant clam were even more spirit-rich.

And only shellfish that have a lifespan of a hundred years [Liancheng [www.lcnds.info](http://www.lcnds.info)] or more and are already psychic have them, and they are also made by absorbing the essence of the ocean.

The Sea Spirit Pearl was a superb item in alchemy and could not be found, which was why Ye Chen made sure to take it, even at great expense.

Ye Chen found a total of three sea spirit pearls from the giant clam, which was considered very satisfactory.

Subsequently, Ye Chen took out the Blood Dragon Lightning Strike Wood and followed the method in the Nine Xuantian Scriptures and used his aura to make a few hand seals into it.

As soon as the hand seals entered it, it immediately drew out the most rigid and strong thunder breath inside.

As soon as the Sea Spirit Pearl encountered this thunder breath, it blossomed with a slight golden light and quickly absorbed the escaping breath.

Only then did Ye Chen pick up the Sea Spirit Pearl and began to refine the magic tool.

Soon, the Sea Spirit Pearl gradually took shape in his hand.

He also took out the pearl necklace that he had acquired at the auction today, plucking some pearls from it and refining it together with the sea spirit pearl, eventually refining it into a string of bracelets.

The rest of the giant clam shells were also top quality alchemy items.

He took one of the shells and made it into a "Scare Fiend Charm", intending to give it to Qin Gang.

The frightening Fiend talisman made from the giant clam shell was fused with the thunder breath which was specially designed to break the Fiend and drive away evil spirits, it was enough for the Qin family to deal with the Fiend Qi.

After finishing the refining, Ye Dust saw that there were still many fragments of giant clams left, seeing that it was still early, he took the fragments of giant clams to refine his hand and tried to refine a "Order of Thunder".

According to the records in the Jiu Xuan Heavenly Scriptures, this Thunderbolt is a low grade magic tool, mainly used to summon thunder and rain.

However, he added the thunder energy from the Blood Dragon Lightning Strike Wood, and doubled its effect, which could be used to repel demons and evil spirits, as well as to attack and fight.

As soon as he finished refining the Thunderstrike Order, he heard a movement from downstairs.

My wife was back.

Ye Chen hurriedly received the remaining giant clam fragments under the bed and took the newly refined Sea Spirit Pearl out of the bedroom.

When he looked up, he saw Xiao Churan standing in the living room, saying something to his mother-in-law, Ma Lan, with a helpless face.

Ye Chen walked over, only to see Ma Lan shaking her wrist, and on her wrist, it was the emerald bracelet that Qin Gang had originally given himself.

Ma Lan said with joy, "Choran, this bracelet is really nice, I wear it out, everyone praises it as a good thing, not to mention how proud I am!"

Xiao Churan said helplessly, "Mom, wasn't this bracelet placed at home by Ye Chen a few days ago? Why did you take it and wear it without saying anything, I thought I lost it."

Ma Lan glared, "I'm your mother, what's wrong with wearing one! Give me a few more days to wear it and go out for a long face!"

Seeing the two mothers and daughters arguing, Ye Chen even walked over and said in a roundabout way, "Churan, let Mom wear it if she likes, I just made a new bracelet, I plan to give it to you."

"What kind of bracelet?" Ma Lan was like picking up a treasure and snatched it away.

But when she saw that it was just a string of shell beads, she handed it to Xiao Churan in a bad mood: "It's this kind of worthless thing again."

156

Xiao Chu Ran, however, took it, put it on his hand naturally, looked at it and said, "You made this yourself, didn't you?"

"Mm."

Ye Chen nodded and said, "This seashell pearl bracelet has the effect of calming the mind and helping to sleep, and it can also ward off evil spirits and protect the body. It's a bit late today, so it's a bit rough to make. I'll make you better ones in the future when I have the chance."

Before he finished speaking, Xiao Choran smiled slightly, "Thank you, I like it a lot."

"It's good that you like it."

Ye Chen let out a sigh of relief.

The emerald necklace he had given to Xiao Churan before was very expensive, but Xiao Churan didn't wear it much.

She usually liked plainness and didn't care about gold and silver jewelry, so she didn't like to wear anything too showy either.

But this string of giant clam bracelets, Xiao Churan seemed to be very fond of it.

When Ma Lan saw that Xiao Churan seemed to like this broken bracelet, she muttered in a bad mood, "It's neither gold nor jade, it's just a string of worthless shell pearls, what's the use?"

Ye Chen smiled, not arguing with her.

It was good not to let Xiao Churan know its value, otherwise, she knew that if this magic bracelet was put out for sale, rich people would be willing to pay at least billions for it, and she probably wouldn't wear it even more.

Only after giving the bracelet to Xiao Churan did Ye Chen go downstairs, find a same-city courier, and mailed the frightening talisman to Qin Gang along with the black card.

This way, it could be considered as giving him a satisfactory explanation.

The Qin Family.

Master Yu was currently sitting on the Imperial Master's chair in the main hall, his face gloomy and silent.

His trip to Jinling was for this giant clam, which contained the Sea Spirit Pearl, used to refine into a magic tool, its value was immeasurable!

But he didn't expect a Ye Chen to come out halfway and disrupt his plans, causing him to gnash his teeth in hatred!

Qin Aodong stood at the side with his hands hanging down to stand solemnly.

The Xuanji Hall's prestige was well-known, and of course the Qin family recognized Master Yu, all standing respectfully at the side.

Qin Gang smiled respectfully and said, "I didn't expect Master Yu to visit the humble abode, Qin Mou is really fortunate, I don't know what is it that Master has come for?"

Master Yu nonchalantly took a sip of tea, put the cup down on the table and said slowly and slowly.

"I bumped into Duke Qin at the auction and he invited me to come and give your family a look at the fortune."

Qin Gang was prepared to take care of Qin Aodong and see if he dared to sneak out next time, but seeing that Qin Aodong had invited the famous Master Yu, he put down the heat.

"Master Yu, please take more trouble!"

Master Yu nodded his head and said, "If I'm not wrong, the Qin family has had a series of bad luck these past two years, I'm afraid someone in the family is holding an ominous object, last year there was a bloodbath,, as for this year."

After saying that, he took a mysterious look around and sighed, "I see that your Qin family's fortunes have come to an end, if this continues, the Yin Qi will haunt the house, and the Qin family will be broken and have no offspring!"

As soon as Master Yu finished speaking, Qin Gang turned pale, and said respectfully, "Master Yu, you are truly worthy of being a senior member of the Xuanji Hall, my Qin family is indeed unlucky, and I would like to ask for your help!"

The Qin family's crowd was also surprised!

Master Yu is truly a master, and he actually said all of them correctly.

Ye Chen's side still hadn't replied, and Qin Gang had been waiting impatiently.

And right now, the famous Master Yu personally came to his door, it was like he had grasped a lifeline, he even asked, "May I ask Master Yu, do you have a solution?"

"A method, of course."

Master Yu said slowly, and suddenly his brows furrowed, "But I'm afraid that in your house, there's a demonic prodigy who's been working recently, which has ruined the feng shui and hastened the demise of the Qin family, and if you let him continue to trap people, I'm afraid that your Qin family will all die out in less than half a year!"

157

"What, the prodigy?"

Qin Gang was stunned for a moment.

The only one who had recently read feng shui for the Qin family was Ye Chen.

Qin Gang was extremely convinced of Ye Chen and said in a row, "Master, could you be wrong, there was indeed a Master Ye who helped me defuse it, but all of his methods were very useful, so he shouldn't be some kind of magician."

Master Yu sneered coldly and drank, "People who pretend to be gods and demons are best at coaxing the ignorant. If you're willing to believe him, I'll leave now, Yu!"

"Master Yu stay." Qin Gang panicked and stopped him in a hurry, "Please teach Master Yu, what is wrong with Master Ye's method?"

Without lifting his head, Master Yu stretched his hand into the hall, "You bring a bowl of water."

Qin Gang even ordered a bowl of fresh water to be brought over.

Master Yu took the fresh water and chanted a few charms on the surface of the water, then flicked the water onto Qin Gang's eyelids.

As soon as Qin Gang opened his eyes, he was suddenly horrified and retreated.

"Master, what, what is this."

He suddenly saw a strange layer of black smoke covering his own house!

Moreover, a wisp of grey dead air also emerged from the heads of the Qin Clan, and the clan members were all pale, simply like a bunch of zombies.

Master Yu snorted lightly, "I opened the Heaven's Eye for you, and what you saw was yin qi, while your clan members are covered in dead qi and are dying."

Qin Gang fell into his chair in shock and muttered, "What, what should we do?"

"There's no harm in it, I've come over here today, so it's fate that you and I are destined to meet."

Master Yu took out a peace talisman and casually handed it to a Qin clan member.

Qin Gang saw at once that this peace talisman emitted a faint golden light, and the golden light immediately diluted the dead air above the clan member's head by quite a bit.

Master Yu flicked his hand in front of Qin Gang, and everything that Qin Gang saw suddenly disappeared and returned to its original state.

"This this" Qin Gang was covered in cold sweat and made a bow, "Master is really an immortal in the world! Please master save my Qin family, no matter how much money, Qin Mou is willing to pay."

"Saving a life is better than creating a seven-tier pagoda, I came here today for this matter."

Master Yu said, and handed over dozens of peace talismans, "You order your clan to carry them with you, and they will naturally resolve the bad luck."

Qin Gang took them gratefully and hesitated, "I wonder how much reward Master wants?"

Grandmaster Yu waved his hand, "To resolve bad luck is also merit, I won't collect any money. It's just that if any more gods come to your door to coax you to spend a heavy amount of money to buy a magic weapon, you should never collect it, the lighter the merit, the more serious the family will be ruined, you should remember that."

Next to him, Qin Aodong couldn't help but say, "Second Uncle, I've already said that Ye Chen is a liar! He's got our money, and he's going nowhere! You have to get the money back or sue him for fraud! Let him spend the rest of his life in prison!"

Qin Ao Xue, however, frowned and thought to herself that for some reason, instead, she felt that this Master Yu only looked more like a liar.

That Ye Chen, apart from being a bit badass and seemingly having no emotional intelligence at all, but rather, he didn't seem that badass, and often times, he could give the impression of being inscrutable, like a deep, unfathomable lake.

"You just shut up." Qin Gang glared at Qin Aodong, turned around and said respectfully to Master Yu, "Thank you for your guidance, I will definitely pay attention to it in the future."

Master Yu nodded meaningfully, got up and left.

As soon as Master Yu left, Qin Aodong immediately spoke up and said, "Second Uncle, Master Yu is a renowned master of Xuanji Hall, how can he be compared to a jianghu liar like Ye Chen? This time Master Yu took action, all of our family's problems were solved, and the key is that it didn't cost a penny!"

"Master Yu doesn't take any money, but Ye Chen has cheated our family out of a lot of money, he spent 100 million to auction off a broken seashell, this is simply a fraud! You too, how can you give him so much money, if this gets out, won't the people of Jinling call our Qin family a fool?"

Qin Gang was silent, but his face already showed suspicion.

Master Yu's reputation was indeed loud and clear, and what Master Yu had just shown himself was so vivid that he had to believe it.

What's more, Master Yu didn't take any money, while Ye Chen, who had spent more than 100 million of his own money at the auction

The more he compared it like this, the more he thought there might really be something wrong with Ye Chen!

Just then, one of the Qin family's housekeepers knocked on the door, and only after receiving Qin Gang's permission, he stepped in.

"Mr. Qin, there's a delivery for you."

After saying that, he handed over a paper box.

Qin Gang frowned and after unwrapping the paper box, he found a token lying quietly inside.

Looking closely at the token, it appeared to be only a thin piece, only the size of a matchbox, and worn with a cheap red string, it looked exactly like a tourist attraction's street vendor.

When Qin Gang looked at the sender, he saw the word Ye Chen written on it.

Looking at the remarks, it also only had a few words written on it simply: "Astonishing Fiend Charm, hanging in the main hall can break the Fiend!"

As soon as Qin Aodong saw it, he immediately broke into a rant: "Damn it, Second Uncle, this Ye Chen treats you like a fool! Just this piece of broken shell, probably bought at some street stall! How dare you say it will break the fury?"

"And he spent over a hundred million dollars of our money to give something like this? Still sent it by courier! He doesn't care if you're face to face! You say that this Ye Chen is not a liar, what else could he be?"

Qin Aodong was furious and said sternly, "Second Uncle, let's take people to find Ye Chen now and get the money back! Otherwise, if we let Ye Chen escape, we'll lose too much!"

"Just shut up for a moment and let me think." Qin Gang rubbed his eyebrows and said, looking at the frightening talisman, he couldn't really see anything magical about it.

After a moment of hesitation, Qin Gang summoned the Qin Clan and said with a gloomy face, "It's a matter of life and death for the Qin Clan, this is a matter of great importance, I'll go to Ye Chen tomorrow and find out what's going on! You put on Master Yu's peace charm and do not remove it!"

"Yes!"

"Second Uncle, I'm going too!" Qin Aodong gritted his teeth: "This surnamed Ye has harmed me a lot, now that I caught his fox tail, I have to break his legs with my own hands."

"With you? You can fight?"

Qin Gang's eyebrows furrowed and said, "But if you really want to go, bring a few more bodyguards and ask about Ye Chen's whereabouts tomorrow first, just in case."

After saying that, he paused again and drank, "Remember, I'm not telling you to bring someone to find trouble with Ye Chen, I'm afraid that you'll act recklessly and get beaten up again!"

Qin Aodong was delighted and immediately said, "Understood."

Qin Gang said in a cold voice, "Although my Qin family is not a top family, but it cannot tolerate others bullying me, if people bully me, I will return the favor! I must find out more about this matter, if Ye Chen is really pretending to be a fraud, I will not spare him!"

159

After leaving the Qin family, Yu Jinghai immediately made his own wishful plans.

Naturally, he was going to seek revenge on Ye Chen and also take back the giant clams that Ye Chen had snatched away, but that alone wasn't enough!

He also wanted to make a name for himself in Jinling this time, recruit a group of followers, and provide more help to his cause.

So, he plotted a game that he thought he had the best of both worlds.

Using Ye Chen, as the key to killing the chicken as a warning to the monkey and making the entire Jinling submit!

Ye Chen didn't know that the so-called Master Yu was plotting to use himself to sacrifice the flag.

In the evening, he was preparing to buy food and cook, when he suddenly received a call from Song Wanting.

After picking it up, Song Wanting spoke in a serious tone and said directly to Ye Chen, "Mr. Ye, that Master Yu Jinghai has invited some masters of antiques, feng shui, and metaphysics to hold a banquet at the Wang family, and asked me to ask if you are free to go over?"

"The royal family? Which royal family?"

Song Wanting said, "A middle family, they have two male offspring, Wang Yunfei and Wang Yunkai."

"The two of them? Why did you choose to hold it at his house?" Ye Chen was strange.

Song Wanting explained, "Recently, the Wang family hasn't been doing well, with their son Wang Yunkai and nephew Wang Yunfei having accidents one after another, the Wang family has been falling apart in their career, so the Wang family's owner begged Yu Jinghai to find him to change the feng shui of the Wang family."

Saying that, Song Wanting continued, "But I see that Yu Jinghai has invited a bunch of metaphysical masters, so it might not be as simple as just wanting to make some money for the Wang family, he might have other thoughts."

Ye Chen smiled and said carelessly, "I snatched that giant clam at the auction and choked him, it's certain that he wants to take revenge on me, so I guess he's setting a trap for me this time."

Smiling slightly, Ye Chen said again, "But this time I'll be there, face to face to see what tricks he wants to play."

Song Wanting saw him agree before she said, "That's fine, the place is at the Wang's house, tomorrow morning, let's go together, I'll drive to pick you up."

"Good."

The next morning, Song Wanting drove to pick up Ye Chen and headed to the Wang family.

The Wang family's villa was located on the hillside in the suburbs with a beautiful scenery.

The pavilions in the court were all built as antique buildings, and the Wang family had spent hundreds of millions of dollars to decorate it, which was usually used to receive distinguished guests or host banquets for friends, and it was very imposing.

Outside the pavilion by the lake, there are dozens of rosewood chairs, and more than a dozen invited guests have sat down, exchanging ideas and laughing from time to time.

The one sitting on the main seat was a slightly fat middle-aged man, Wang Zhenggang, the father of Wang Yunkai.

The one who sat down beside him was Master Yu Jinghai.

In addition to these two, Ye Chen also saw two acquaintances, the richest man in Hai City, Li Tailai, and the one following him, Guo Ming.

Seeing Ye Chen enter, the two of them, Li Tailai, nodded their heads to Ye Chen.

Wang Zhenggang, on the other hand, glanced at him obliquely and snorted coldly.

Obviously, he also knew about the loss that Wang Yunkai and Wang Yunfei had suffered at Ye Chen's hands, so he didn't have a good face when he saw Ye Chen.

Bao Fugui, on the other hand, stood up in a hurry to welcome him and spoke, "Mr. Ye, Miss Song, you're here."

160

Ye Chen nodded his head and said with a smile, "Come meet the masters."

A middle-aged man in a long coat asked in surprise, "Is this the buyer who took away the finale giant clam at the auction with a huge sum of one hundred million?"

Bao Fugui smiled and introduced, "It is Master Ye."

"What? Master?" Wang Zhenggang glanced at Ye Chen with disdain, then laughed, "Nowadays, the names of masters are being called so worthless that any trash can call themselves masters, while a truly capable master like Master Yu is so low-key."

The crowd was also embarrassed as he spoke.

It wasn't that Wang Zhenggang intended to belittle him, it was really because Ye Chen, whether it was his age, or his dressing style, couldn't call himself a "master".

The masters present here were almost all respectable people in the metaphysical world, and to have them on an equal footing with the young man Ye Chen, calling him "Master Ye", many of them were unhappy.

Yu Jinghai stood up and smiled calmly, "No harm, I'm borrowing the Wang place to hold this banquet, I also want to get together with all of you, as to who is the real master and who is the one who sells fame, we'll naturally see later."

The crowd present, hearing Yu Jinghai's words, couldn't help but sneer at Ye Chen as well.

What could this kind of hairy brat be if not a reputation-seller.

Song Wanting also had a slight frown on her brow, she knew that Yu Jinghai would target Ye Chen, but she didn't expect the atmosphere to be so condensed when she came in.

However, Ye Chen looked indifferent and walked to his chair without looking away, sitting down as if he hadn't heard anything around him.

Wang Zhenggang saw that everyone was here before he spoke, "Since everyone is here, let me tell you, today, Master Yu is borrowing our Wang Family's place to hold this banquet, firstly, I want to get to know you all, and secondly, I also want to have a cut and thrust with you all."

"How to cut and dry?" Someone asked.

"Naturally, it's based on the level of the art."

Yu Jinghai stepped forward himself at this time and explained, "The rules are simple, as we all know, our metaphysical world contains five disciplines, Mountain Doctor Life Divination, you can choose the discipline you are good at and pick your opponent to compete against!"

"To make it more formal, so the funds are sponsored by the royal family, there is a five million dollar prize for each contest, whoever wins takes five million, and the loser will also have a fifty thousand dollar carriage fee."

This rule was quite reasonable and there was money to be made, many people nodded their heads in agreement.

Usually, the people in the mystic world were all on their own, and their cards would not be easily shown, but today the people who came to the banquet were all capable people in the mystic world, so when we all got together to compete, not only could we get a glimpse of each other's background, but we could also get the prize money, killing two birds with one stone.

"Just for the sake of cutting and sparring?" Ye Chen sneered slightly, he didn't think that Yu Jinghai was holding today's banquet just to prove that he was a profound Daoist.

And Wang Zhenggang waited for the crowd to finish their discussion before continuing, "However, simply setting up a prize money, I'm afraid it won't inspire anyone's enthusiasm, after all, we're all wealthy and don't lack the millions."

"So in order to make everyone more motivated, there's an additional condition that the winner will either choose to take the five million prize money or take one thing from the loser!"

"And the one who wins in the end is the number one esteemed person in the Southern Canton Region's occult world, and in the future, all occultists in the entire Southern Canton Region will worship him as their esteemed person, and any big or small matters in the region will also have to seek the esteemed person's consent!"

As soon as he said this, the entire courtyard went quiet.

For a moment, it immediately became noisy again, and many people were discussing with indignant expressions.

"What if the challenging party chooses, exactly, a class that the challenged party is not good at?"

"The Southern Canton region's metaphysical community is revered for being number one, isn't this a land grab?"

"Isn't it funny, our Southern Canton region's mystical arts community has never been used to doing what we do, and now we're actually taking orders from someone else, what nonsense. Besides, there's someone here who isn't from Southern Canton, right?"

The crowd was talking, and the crowd didn't expect this so-called banquet to be Yu Jinghai's Hongmen Banquet to unify the Southern Canton Xuanxue world!

### Chapter 161

At this time, Wang Zhenggang spoke up, "Everyone be at ease, Master Yu is also thinking about the development of our metaphysical world, in the past, we were all scattered, but now we are all organized, forming an alliance and electing a head, in the future the same enemy, it is more convenient to do things, which is also considered a good thing. As for the discipline that you guys say you're not good at, since you're going to elect a head, it's definitely someone who needs to be proficient in all of the mountain medicine and fortune telling to be qualified to take it on."

As he spoke, some people objected harshly, but there were also some who were making plans in their hearts.

After all, the winner could seize the same thing the loser had, and if he got the first place, he could also command the entire Southern Canton's metaphysical world.

It must be known that metaphysics wasn't just about studying academics.

Behind metaphysics, there was a huge industrial chain, and it also allowed some big names to climb themselves!

The lure of money and power, not many could refuse, and some were tempted on the spot.

"Of course." Yu Jinghai got up and said, "I'm not forcing you all, if anyone is afraid, they can quit now. But in the future, he will no longer have the chance to join the Southern Canton Realm's mystical alliance, and will be directly excluded."

Everyone hesitated for a while, although the risk was high, there were many opportunities contained within it.

Everyone was calculating in their hearts, after all, being able to become an alliance master was a great temptation, and no one felt inferior.

Ye Chen sat in his chair, not saying a word.

Yu Jinghai's ambition was too great, this was to pave the way for a move into the mainland.

However, Ye Chen had no interest in this mystical alliance and planned to sit and watch the show.

Soon, a short-bearded middle-aged man stood up

This middle-aged man casually touched a palm-sized jade slip, and with a shake of the wind, the jade slip gleamed and spoke, "Yun City Zhang Yang, please teach Master Yu the skill of casual divination."

The Zhang family was a family of metaphysics, specializing in divination and Yi, which was inherited from Shao Yong during the Northern Tang Dynasty.

Zhang Yang was the forty-sixth generation direct descendant of the Plum Blossom Easy Count, and was extremely famous in Yun City, so naturally, he was proud and the first to challenge was Yu Jinghai!

"Yes!"

The arena erupted in applause.

Zhang Yang raised his chin conceitedly, "This jade slip was handed down from the Northern Tang Dynasty, and has helped many Yi masters to divine Yi! In terms of being the number one in the Southern Canton region, I think the Zhang family should be ranked."

Yu Jinghai also walked onto the scene and gave a slight nod to Zhang Yang, smiling, "This jade slip is indeed a good thing, but it won't belong to you any time soon"

He reached into his pocket and took out a purse, and after unwrapping it, he took out an inch-long talisman paper, but this talisman paper also had a fluorescent luster, with cinnabar runes engraved on it.

"Luo Han Golden Talisman!"

The crowd let out an exclamation when they saw this golden talisman.

Song Wanting opened her mouth to explain to Ye Chen, "The Luohan Golden Talisman was made by eighteen high monks who chanted for seventy-seven and forty-nine days and opened the light to refine it, and it belongs to a rigid talisman for suppressing evil."

Ye Chen smiled slightly and said, "Rare and ordinary, it's not much of a good thing."

Hearing his words, the crowd looked at him sideways and cast a look of disgust at him.

Yu Jinghai also sneered coldly, "No real ability, bragging tone is not small."

Everyone knew that the Luohan Golden Talisman was a rare treasure, it was not easy just to find all eighteen accomplished monks, and it also had the right timing and location to make it, with a failure rate of up to ninety percent to open the light!

And this one in Yu Jinghai's hand, with its golden light throughout, could be said to be hard to find!

"Cut the crap, start the gossip."

Zhang Yang snorted coldly, then cupped a few hand seals in his hand continuously, chanted a recipe, and after a moment, he spoke, "The hour starts the gossip, after a quarter of an hour, there is wind and thunder coming from the west."

Yu Jinghai smiled slightly, and without seeing any action, he opened his mouth and said, "Shock up xun down, this wind wrapped thunder is coming, to be exact, this is not wind, but a tremor caused by the opening of the mountain, and it is man-made, this person is going to be in jail."

Zhang Yang's brows furrowed as he shook his head, "Impossible!The gossip doesn't show anyone."

162

Master Yu just smiled and did not answer.

Everyone was curious and secretly waiting.

A quarter of an hour passed quickly, and Zhang Yang was staring at the air with some tension.

At this moment, a loud bang was suddenly heard from the west, followed by a gust of wind, and the ground shook slightly.

Wang Zhenggang smiled and took out his mobile phone, and spoke, "Just got a news feed, over in the western mountain, someone is privately mining rocks, causing a 2.4 magnitude earthquake, the police have arrested them."

Zhang Yang's face was deathly pale, frozen on the spot, he had only calculated that there was a wind and thunder, but Master Yu had even calculated that the matter was man-made and there would be jail time.

He raised his head, having lost his arrogance just now, and smiled awkwardly, "Master Yu is great, it's Master Zhang who has lost, I'll withdraw from this banquet!"

After saying that, he picked up the jade slip and turned to walk away.

"Slow!" Wang Zhenggang snapped, "Master Zhang, since you went on the field to compete, you should follow the rules."

"What rules?" Zhang Yang's face was indignant.

"According to the rules, the winner has the right to take your things! And you will also have to admit in public that you will be honored as Master Yu in the future."

"Nonsense! It's only a banquet, and you guys want to take my magic weapon and make me serve others, simply dreaming."

Zhang Yang laughed in anger, he had a fiery personality, how could he tolerate being subservient to others.

Yu Jinghai raised his hand, took out another talisman, drew a few times with his finger, and then recited the words, "Rush like a law".

"Ka-chow!"

In full view of the crowd, Zhang Yang's jade slip suddenly broke in half from its break and fell to the ground.

"You!!!"

Zhang Yang's treasure was destroyed and was so shocked and furious that he was trembling with rage.

Yu Jinghai proudly said, "If you don't follow the rules, it's only right to destroy it! I don't even want trash like you when I give it away!"

Zhang Yang's face was ashen, and he knew that he and Yu Jinghai were not even a little bit apart in terms of Daoism.

He didn't even have the strength to fight back when he destroyed his treasures with a single blow.

Taking a glance at the jade slip on the ground, Zhang Yang gritted his teeth and said, "It was my low Daoist skill that was inferior to others!"

After saying that, he didn't even pick up the jade slip on the ground and left with a black face.

And seeing this scene, the faces of everyone present changed, this Yu Jinghai, was simply unfathomable, those who felt confident just now, now hesitated.

Li Tailai also frowned and asked Guo Ming a few questions in a low voice.

Immediately afterwards, Li Tailai stood up, threw his hands in hatred, and said, "What is there to participate in this kind of silly banquet, everyone take their leave!"

Saying that, he took Guo Ming and walked outside.

Suddenly four strong men dressed in black leaped out from the left and right, blocking the way.

Li Tailai said in an angry voice, "What are you doing?"

"Mr. Li, if you're here, why are you in such a hurry?"

Yu Jinghai stepped forward and smiled slightly, "My banquet is not a place where you can come and go as you please, if you want to leave now, wouldn't you be breaking the rules?"

Li Tailai coldly snorted, "I'm not one of you mystics, you choose your own ally masters, what's it to do with me!"

Yu Jinghai snorted coldly, "If you want to leave, leave your things down and recognize me!"

163

At any rate, Li Tailai was a respectable figure, and was so enraged by Yu Jinghai's words that he said, "What do you mean?"

"Li, let me take care of him!"

Guo Ming at the side said in a deep voice, stepping forward and scolding, "If you dare to stop me again, don't blame me for being ruthless!"

Seeing that Guo Ming was about to make a move, the crowd cheered.

"Master Guo, let this Hong Kong City stinking Taoist have a taste of our Southern Guangxuan Master's power."

"An outsider who still wants to unify the Southern Canton mystical world, a fool's dream."

"Beat him back, Southern Canton cannot tolerate him to go wild."

But Yu Jinghai smiled coldly and said, "If you are not convinced, you can try your hand!"

Guo Ming was furious and punched at Yu Jinghai, the punch was majestic, it was obvious that Guo Ming was no ordinary person.

"Just you?" The crowd only felt a blur, but Yu Jinghai had already wandered in front of Guo Ming, reached out with his hand and placed a yellow talisman on his head with a snap.

"What a fast body technique." Song Wanting said in surprise.

But Guo Ming was as if he was under a fixation spell, but he stiffened and didn't move, only his eyes were able to turn around, revealing a moment of panic.

Yu Jinghai was calm and relaxed, smiling slightly and suddenly scolded harshly.

"Get down!"

"Pounce!"

As if he had heard the order, Guo Ming actually got down on all fours at once.

"Master Guo!" Li Tailai sucked in a breath of cold air and shouted in alarm.

The surrounding crowd also looked at each other, all stunned.

With such a move, Guo Ming didn't even have the room to resist, how powerful was this!

Guo Ming was lying on the ground, annoyed to death, but his body didn't even listen to him, and his mouth raged, "Old dog! What kind of evil art are you doing."

"With your three-legged skill, you still have the nerve to challenge me?" Master Yu snorted sarcastically and suddenly scolded, "Bark for me!"

Guo Ming was horrified and tried to close his mouth.

But his mouth did not obey his orders, even his vocal cords could not be controlled, and a dry "woof" sound was emitted from his mouth.

Li Tailai was so shocked that his body almost fell over.

Guo Ming was already over sixty years old, but now he was lying in front of Master Yu like a dog, barking vaguely like a dog.

It had been a funny scene, but the place was silent.

The crowd watched in awe, and a sudden fear grew on their backs.

How powerful was it that Yu Jinghai had defeated two Masters in a row in less than ten minutes?

"Puppetry, this is the long lost Xiangxi Puppetry!" Bao Fugui murmured, his face in shock.

After he finished speaking, a sound of cold air was sucked from the arena.

The Puppet Technique had been passed down from Xiangxi, originally a secret technique inherited from the ancestors of the corpse chasing people, but it was now lost.

Unexpectedly, they were able to witness it with their own eyes, which was enough to show that Yu Jinghai's dao technique was so profound and inscrutable that it was simply unmatched by anyone here!

164

Guo Ming was still lying on the ground, his old face red with embarrassment, but he couldn't control it at all, he even had the desire to die.

Yu Jinghai waved his hand, and Guo Ming went limp, directly paralyzed on the ground, ashamed to the core.

"How, Master Guo, are you convinced or not?" Wang Zhenggang laughed.

Guo Ming clenched his teeth, blood oozing from his teeth, and muttered bitterly, "Obey."

Seeing that Guo Ming actually bowed his head and admitted defeat, the entire courtyard was silent and no one dared to utter a word anymore.

And it was only immediately after that that Yu Jinghai turned to Ye Chen and spoke, "When you robbed my giant clam treasure that day, and today you see my magical magic, do you still dare to be arrogant?"

Ye Chen shrugged his shoulders and said, "You're the only one who counts jutsu with these two moves?"

Song Wanting even pulled Ye Chen a hand and whispered, "Now hurry up and be soft, this Yu Jinghai does have some skills, don't lose your life for those indifferent dignity."

Yu Jinghai sneered and said, "Young and ignorant, I ask you, would you dare to compete with me! If you lose, give me back the giant clam and apologize to me on your knees!"

Ye Chen smiled indifferently and said, "A contest? What kind of a person are you that you deserve to have me do it?"

The crowd turned pale, this kid dared to speak out like that! He doesn't want to live?

There was silence in the silent courtyard.

Song Wanting also stood up in shock, once the words were out of her mouth, this would not be a good thing to say

Yu Jinghai was even more furious and laughed back, stepping in front of Ye Chen and spoke, "I've seen many people in my life, but none of them are like you, deliberately seeking death."

Ye Chen smiled, "It's not certain who lives and who dies."

Yu Jinghai had already had a death wish, and with a cold look in his eyes, he was about to strike.

And at this moment, a group of people suddenly barged in outside the door, menacing.

The leader was none other than Qin Aodong, who saw Ye Chen at a glance and immediately shouted harshly, "Ye Chen, you're a prodigy, playing tricks to coax my second uncle! You cheated my family out of our money and took it to the auction to get the big bucks. Thank goodness Master Yu figured out your trick! You quickly hand over your belongings now, or else my Qin family will not spare you."

As soon as the words fell, Qin Gang and Qin Ao Xue walked in from the door, after hearing Qin Ao Dong's harsh rebuke, it was too late to stop it, a moment of embarrassment.

Ye Chen faintly glanced at him and didn't say anything.

But his glance made Qin Gang chill all over his body, and a sudden fear arose, and snapped at Qin Ao Dong, explaining to Ye Chen with a dry smile, "Master Ye, the thing is like this."

Qin Gang didn't dare to conceal it and explained the whole thing.

After listening to it, Ye Chen just frowned slightly and said indifferently, "It's only more than one hundred million, if you go back on your word, the money can be refunded to you at any time."

"Oh Master Ye don't say that, how would I dare to ask you for a refund ah!!I've come over today because Qin Mou has heard of the masters for a long time and wanted to meet them."

Qin Gang couldn't figure out now whether Ye Chen was capable or a big bluffer, but he was considered a smart man, so he wasn't prepared to turn against Ye Chen right away.

Although he was complimentary, he hesitated in his heart for a while, thinking that, if Ye Chen couldn't test the depth of this person himself, then he might as well let Yu Jinghai try.

If Ye Chen reveals himself in front of Yu Jinghai, then he naturally won't be polite to him and will have to spit out the amount of money he has spent, along with the interest.

So, he accosted the rest of Ye Chen himself and said, "Then I won't bother you masters for the competition, we'll talk about this later, you guys are busy with the important matter at hand first, don't mind me."

Qin Aodong angrily tried to open his mouth, but was given a hard stare by Qin Gang, not daring to speak again.

Yu Jinghai, seeing this, smiled at Qin Gang and said, "You're just in time, I know that your Qin family has been in a state of unrest lately, and Ye Chen has also done magic in your Qin family, I'll have a contest with him today, and by the way, I'll completely solve the problem for your Qin family!Ye Chen, if you don't dare to compete with me, not only will you die today, but afterwards, I'll also doom your entire family!"

Ye Chen frowned a bit and spoke with a cold smile, "Since you are bent on death, then it is as you wish."

165

Seeing Ye Chen carry it to the end, Yu Jinghai sneered and said to Wang Zhenggang, "It seems someone is really tired of living, let's just say, you go and prepare three pillars of sandalwood incense for me, a purple and gold incense ash burner, and a peachwood sword, I'll fulfill him."

Wang Zhenggang didn't dare to slack off and quickly prepared everything.

In a short while, the incense burner was inserted with sandalwood incense, and smoke curled up.

Master Yu held up the peachwood sword and recited his words.

But Qin Gang, who was standing beside him, felt dizzy, as if several lead balls had been stuffed into his head, and his temples were pounding.

He endured for a while, but couldn't take it anymore and pleaded, "Master Yu, how much longer is this Feng Shui Bureau?"

"Your home is extremely heavy with yin energy, this is a vision, the Feng Shui Bureau also needs time, you bear with it for now."

Seeing Master Yu speak, Qin Gang could only endure with a hard scalp.

But the more he endured, the more uncomfortable he felt, not only did he feel nauseous and want to vomit, but his head also had a sharp pain.

But fortunately, an object on his chest instantly emitted majestic warmth and protected his heart area, which prevented Qin Gang from collapsing on the spot.

Qin Gang was shocked, "Isn't this the frightening talisman given by Ye Chen?"

Yu Jinghai, not knowing what was in his mind, took a mouthful of water, "poof" sprayed it on the peach wood sword, and swung it towards the curling smoke.

Just as the wooden sword sliced through the smoke, Qin Gang felt as if his head had been hit hard, his throat sweetened and he puffed out a mouthful of blood with a "poof".

"Second Uncle!"

Qin Aodong was so shocked that he rushed forward and held him up.

And Qin Gang's face was deadly pale, he didn't even have the strength to speak.

"Master Yu, what happened to my second uncle?" Qin Aodong was so anxious that he questioned loudly.

Yu Jinghai's face remained unchanged and said, "The Qin family's yin energy is too heavy, I broke it with a rigid feng shui bureau, and the master of the family naturally bore the brunt of it, this blood spurting out, that is, breaking the fury, and the Qin family's yin energy is also dissolved."

Qin Gang even dragged his sick body and struggled to thank him, "Thank you Master Yu for setting up the game, I am grateful."

After this spurt of blood, he did feel much more relaxed in his body.

Not only this, Qin Ao Dong also felt the change in his body and also busy thanking Jing Hai.

Bao Fugui frowned and said, "This Yu Jinghai is really capable, the Qin family's fury is so heavy, he can defuse it, he really has two brushes."

The people present were all Feng Shui masters, they knew without explanation that Yu Jinghai had broken the Qin family's fury, and looked at him with admiration.

"Second Uncle, let's go sit over there." Qin Aodong assisted Qin Gang to one side, then turned to Ye Chen and said provocatively, "How is it, divine rod? Hurry up and return our Qin family's money."

Ye Chen trailed off and said, "The money can be returned to you, but I'm afraid Qin Gang won't have the life to spend it."

"What!" Qin Gang was shocked.

Ye Chen looked at him coldly and said, "Look at your palm, is there a red line."

Qin Gang looked ugly and quickly turned up his palm, looking dumbfounded.

Only to see that a faint red line really appeared on his palm.

This red line started from the lifeline of the palm and extended all the way up to the arm!

Qin Gang was shocked, "What is this, I didn't have it before."

166

Ye Chen said in a cold voice, "This is your lifeline, the Qin family fury is raging, and the method that Yu Jinghai did was to use your life to defuse it! Three days later, this red line extends up to your elbow, and by then you're dead! Use the virtue accumulated from your lifetime of good deeds to exchange for the continuation of the Qin family lineage."

When Qin Gang heard this, he was scared to stay in the place.

Qin Aodong was also in a state of panic and was busy looking at the crowd present.

The masters present, seeing this scene, also nodded gently, Qin Gang, indeed, would not live for three days.

Qin Aodong plopped down on his knees and begged at Yu Jinghai, "Master Yu, please, please save my second uncle again!"

Yu Jinghai looked arrogant and sneered, "The dao is already out, how can I take it back, using one of Qin Gang's lives in exchange for your family's life, you should thank me."

Qin Ao Xue also blanched, biting her lower lip and struggling for a long while before she poofed and kneeled in front of Ye Chen and spoke, "Please, save my father."

Ye Chen glanced at her and said indifferently, "Since your Qin family has chosen to trust Yu Jinghai, it's none of my business, so why should I be allowed to do anything?"

Qin Ao Xue's eyes were red and she said through gritted teeth, "If you can save my dad, I'll agree to any request you have."

Ye Chen smiled and said, "I'm not interested in you."

Qin Gang also ran over and kneeled in front of Ye Chen and cried out, "Master Ye, I was blinded by lard, and it's all because of Qin Ao Dong, the lost star who compelled me."

As he spoke, Qin Gang pulled Qin Aodong and slapped him in the face like a life.

Qin Ao Dong dodged repeatedly.

Qin Ao Xue also grabbed Ye Chen's leg and cried, "You just save my dad, please."

Ye Chen sighed and said, "Alright, all of you stand up, it was just to scare you guys, nothing happened at all, luckily your father had the frightening talisman with him, otherwise there wouldn't be time to beat Qin Ao Dong now."

Qin Gang looked suspicious, pulled out the frightening talisman from his bosom and spoke, "Is it this talisman that worked?"

Ye Chen nodded and said, "The red line will soon fade, with Yu Jinghai's two skills, it's not even close to being able to break my talisman."

Qin Gang looked down at his arm, and indeed saw that the red line had dimmed a lot and was gradually fading away, he was not overjoyed and opened his mouth, "Thank you, Master Ye, if it wasn't for you, I would have today"

Ye Chen waved his hand and said, "You're the one who was lucky and came over with the talisman, otherwise, I wouldn't have bothered to care whether you live or die."

After saying that, Ye Chen turned to look at Yu Jinghai and spoke, "Now that the result is obvious, you still won't admit defeat?"

Qin Aodong also finally reflected at this time and kneeled on the ground, not stopping to apologize to Ye Chen.

Yu Jinghai turned blue, stared at Ye Chen fiercely and spoke, "With some small tricks, you dare to say that you have won? I wanted to spare your life, but who knew you would be stubborn and finally give you a chance to hand over the giant clam and apologize on your knees!"

He didn't want to use his last card, but as it was, Ye Chen had already defeated him, bringing his quiet layout to naught!

Moreover, once he uses his cards, even he can't fully control them, and everyone here may die!

Ye Chen's face also gradually turned cold and said, "What if I say no?"

"You made me do it!" As soon as Yu Jinghai finished speaking, he took out a black porcelain jar from the box beside him.

A few black mosquitoes flew out of the jar and instantly pounced on the meat dishes placed on the table, chewing them up.

Song Wanting looked odd and said, "This Yu Jinghai still raises mosquitoes?"

Everyone watched as the black mosquitoes pounced on the meat, the picture was so bizarre that the masters present were baffled and completely unaware of what was going on, asking each other.

But in just a few moments, the meat dish that had been eaten by the black mosquitoes rapidly changed color, and countless smaller black mosquitoes emerged from the meat!

167

In less than five minutes, the dishes that were fresh on the table just a moment ago all decayed and spoiled, drilling out densely packed mosquitoes.

There was a rooster on the grass in the courtyard, which was raised by the Wang family to crow.

A few mosquitoes flew to the rooster at a very fast speed, and after only ten seconds, the rooster screamed, fluttered his wings, fell to the ground and twitched to death.

From the feathers of the dead chicken, a large black mosquito emerged and flew into the air.

The black mosquitoes in the air were dense and overwhelming, pouncing on the crowd like a whirlwind.

The courtyard suddenly exploded, the crowd chaotic, desperately trying to dodge.

The black mosquito is incomparably poisonous, not only bites people, but also from the wound into the skin.

The mosquitoes are very small, only as big as a grain of sand, but even if a black mosquito bites, it will be painful to the point of death.

And the person bitten would also be swollen and in pain.

The masters in the field took out their skills, throwing talismans and chanting incantations.

Some even got under the table, others plunged into the pool of water, and screams continued to ring out.

"What the hell is this!" Song Wanting was so frightened that she lost her face.

"This is the Corpse Compulsion!" Bao Fugui was shocked and angry, "This is refined from a baby's corpse, originating from the southern border, I never thought that Yu Jinghai would still raise such a vicious thing."

Yu Jinghai laughed and said ruthlessly, "This corpse parasite is refined from a fetus, it is the most poisonous, none of you will escape if you don't take me seriously."

The black mosquitoes grew more and more, and one old man was bitten and swollen, spitting black blood, and fainted on the ground.

The black mosquitoes in the air were numbing, and Song Wanting was panicked.

But she soon realized that there wasn't a single mosquito around Ye Chen!

As soon as those mosquitoes got close to Ye Chen, it was as if they encountered something extremely terrifying and instantly turned into black charcoal!

At this moment, Ye Chen had a cold smile on his face and slowly walked towards Yu Jinghai without receiving any obstruction, and in his hand, he was holding a white shell talisman.

This was the thunderstorm order he had refined!

The Bay Talisman was covered in a faint fluorescent light, and there was even silk thunder surrounding it.

Yu Jinghai looked at this scene and mumbled, "Why what's wrong with you? How is that possible?"

Ye Chen was as if bathed in a layer of light, as if he was a deity himself, and he looked indifferent.

"Impossible! The corpse parasites have been established, it's impossible for anyone to deal with them!" Yu Jinghai hissed and roared.

Ye Chen looked at Yu Jinghai and sneered, "A carved insect, and you dare to call yourself respectable? Today, I'll let you see what a true, great supernatural power is!"

Immediately after, Ye Chen shouted, "Lei Lai!"

The words are throwing!

"Boom!"

In a flash, a thunderclap was heard in the air, and the sky, which was clear just a moment ago, quickly piled up black clouds!

In the blink of an eye, the entire sky, was already covered with dark clouds!

"This!" Bao Fugui looked up at the sky, so shocked that he couldn't speak.

Everyone, including Song Wanting, also had the same expression.

Qin Gang's mouth murmured, "A miracle, this is a miracle!"

In the next second, a silver snake of electric light split straight down from the sky!

"Crack!"

The angry thunder struck the mosquitoes, and a large area of them turned into charred charcoal.

Tables and chairs splintered, trees splintered, and the air was filled with a strong smell of charred charcoal.

And Ye Chen stood with his hands in the negative, his head held high and gazed coldly, the thunder light around his body flashing, simply like a heavenly god descending!

In the courtyard the wind was blowing and the storm was pouring down, washing the scorched ash clean off the ground.

It took a few seconds for the crowd to regain consciousness, leaping around for fear of being struck by lightning.

168

"I go, he, he's not human!It's God!"

"Don't chop me, I'll kneel down to Master Ye and admit my mistake."

"Help me, I was wrong!"

Several people threw themselves on their knees and kowtowed to Ye Chen.

Qin Gang was also frightened to drill the table and was in awe to the extreme.

But these several heavenly thunderbolts, like they had eyes, only split the mosquitoes into slag, without hurting anyone.

Yu Jinghai looked extremely horrified and frightened to the core!

He had never dreamed that Ye Chen's strength would be so terrifying!

Compared to him, I'm just an insect!

If that thunder strikes you, you won't even be able to keep your corpse!

He was panicked, he crawled up and fled out of the courtyard, he only wanted to run for his life now, flee from Jinling and never come back, how could he think of being a respectable person in Jinling!

"Trying to escape?"

Ye Chen smiled coldly and stretched out his hand, "Lei again!"

"Boom!"

A heavenly thunderstorm struck down head-on, splitting Yu Jinghai straight down to the ground, the ceramic jar in his hand shattered.

His hands were in severe pain, and he had broken his nerve, shivering and screaming.

"Ye, Master Ye spare my life."

Ye Chen looked cold and walked towards him step by step.

"How dare you use a fetus to refine parasites! It is truly hurtful and corrupt!"

"The heavens will punish the evil one!! I'll execute you today! Are you convinced?"

Yu Jinghai opened his mouth wide, but he couldn't say anything. He watched the thunder and lightning in the dark clouds and wailed in his heart.

Why! Why would the Jinling be so terrifying as this? Why are you picking on him when you can't see?

"Boom!"

Just because Jing Hai thought about the cause and consequence, several thunderbolts struck down in a single beam on Jing Hai!

Master Yu Jinghai, who was so arrogant and arrogant just now, didn't even have time to scream before he was chopped into a charred mess and fell to the ground.

But no longer able to see the human form, turned into a piece of charred "wood", a smell of burnt stench spread in the courtyard, smelling sickeningly.

"Rain harvest, wind up!"

With a wave of Ye Chen's hand, the torrential rain miraculously stopped for an instant, and a gust of wind blew up flat and flew sand and stones, sweeping away the stench of burnt bodies in the courtyard.

In the gust of wind, Ye Chen's face was calm, as if nothing had happened.

But the crowd in the courtyard had opened their mouths wide in shock.

Qin Aodong was shivering and didn't dare to speak, if Ye Chen had struck himself with lightning, he would have died long ago, and he realized then that Ye Chen had always had him in mind, so he was able to survive.

"Master Ye, you you are a god!"

Qin Gang's voice trembled and flung himself on his knees, clasping his hands together at Ye Chen.

Wang Zhenggang was also already scared out of his wits, threw himself on his knees and kneeled a few steps in front of Ye Chen, kowtowing unceasingly.

"Master Ye spare my life, it's my ghostly obsession, with Master Yu no, with the wretched wolf! I beg Master to spare my dog's life I'm willing to be a cow and a horse for Master Ye, at his disposal."

Ye Chen swept him with indifference and walked away from Wang Zhenggang.

Bao Fugui said respectfully; "I see, in the future, the revered person of Nanguang will be Master Ye! In the future, the Southern Canton Xuanxue world, please give orders to Master Ye, we will follow your orders."

Ordering the entire Southern Canton Region's occult community, just now everyone was fighting to the death, but now none of them had any objections, all of them were convinced and shouted in unison.

"Please, Master Ye, give the order to Jinling!"

169

The crowd was fighting to the death a moment ago, but now they were all eager for Ye Chen to command the entire Jinling and even the entire Southern Canton region's occult world, and none of them had any objections, all of them were convinced of Ye Chen.

They had never seen a divine person like Ye Chen, who could draw heavenly thunder with a single word!

This is a great power in the field of metaphysics, unimaginable!

Looking at that Yu Jinghai who was scorched by lightning on the ground, it was clear that Ye Chen's strength had been unfathomable, and having such a person call on the crowd, not only were the crowd convinced, but they also wished to receive Ye Chen's instruction.

Ye Chen frowned slightly and said to the crowd, "I'm not an occultist, I don't usually have much study in Feng Shui Dao and I'm not interested in occultism, so in the future, just let Bao Fugui act as your agent for your side."

As soon as he finished speaking, the people present opened their mouths wide in shock.

The heavenly thunder just now had already shocked the people's hearts, and Master Ye actually said that he had no interest in Feng Shui metaphysics? And it's not even a metaphysician?

Is this just someone's momentary interest in summoning a few heavenly thunderbolts at random for fun?

Serves!

Capital suit!

The crowd was silent, you looked at me, I looked at you.

Bao Fugui hesitantly looked at Ye Chen and said respectfully, "It is an honor to share Master Ye's worries! In the future, please take care of your friends, we will handle small matters on our own, and we will come back to Master Ye for advice on big matters."

The condensed atmosphere was much more relaxed, and Li Tailai, the richest man in Ocean City, immediately walked over and said respectfully, "Li thanked Master Ye for taking action, and would like to present a check for eighty million dollars as a token of his admiration!"

Guo Ming also stepped forward, ashamedly arching his hands, "Thank you, Master Ye for removing the evil! From now on, Guo Mou will be willing to follow any dispatch from the Supreme Lord of Southern Canton!"

"At your service!"

The crowd saw these two people come forward to pat their horses, immediately not willing to lag behind, they flattered and complimented Ye Chen, there were those who wanted to invite him to dinner, there were those who expressed their loyalty, there were those who presented money, they were surrounded by water.

Bao Fugui said again, "Today's banquet, the Wang family sponsored 150 million yuan, originally as a prize for each winner, now Master Ye is the first, this prize should naturally be given to Master Ye."

Wang Zhenggang was still kneeling on the ground and didn't dare to get up, his forehead was knocked to the ground, he even said in a busy manner, "Master Ye, it's the little man who has eyes but no pearls, he almost harmed the South Canton group of heroes, please forgive me again!"

Ye Chen frowned and said coldly, "Wang Zhenggang, didn't you quite believe in that Yu Jinghai before?"

Wang Zhenggang panicked and kowtowed, "Master Ye, I was completely deceived by that Yu Jinghai! Only now do I realize that he is nothing more than a bedbug in front of you, Master Ye, and in the future, I will definitely shine my eyes and worship Master Ye for the rest of my life!"

Saying that, Wang Zhenggang said, "Master Ye, to show my apologies from the bottom of my heart, I would like to send Master Ye another villa, and after I send someone to clean it up, I will present you with the keys, and I would like to ask Master Ye to forgive me for my crime!"

A villa?

Ye Chen's eyebrows were knitted.

With his price, a villa was nothing.

However, if he went to buy it himself, it would definitely be inappropriate, after all, there was no way to account for the source of funds with his wife.

But if someone wanted to give himself a set, then why would he need to be polite to him?

After all, the family was still living in the old house nowadays, and they did need a change of scenery for a better environment.

As for this Wang Zhenggang, it was true that he was a bit abominable, but seeing as he was deeply repentant, he was not guilty to death.

So, Ye Chen nodded his head and said, "Counting you kind, this matter, let's leave it at that, if it comes to my hands again in the future, I won't be so um easy to talk to!"

170

Wang Zhenggang was overjoyed and kowtowed in succession, "Thank you, Master Ye! The villain will reflect on this seriously and will never do it again!"

"Mm." Ye Chen nodded his head in satisfaction.

Whirlingly, he looked at Qin Gang who was filled with fear at the side.

Faintly, he asked him, "Qin Gang, does your Qin family think that I, Ye Chen, have cheated you out of your money?"

Qin Gang's legs went limp and he threw himself on his knees, saying in fear, "Little one wouldn't dare! I was only momentarily confused and slightly suspicious of Master Ye, but now I'm completely convinced that Master Ye is the true master of mysticism, and I ask Master Ye to forgive me!"

After that, he grabbed the frightened Qin Aodong and shouted angrily, "Bastard, kneel down!"

Qin Aodong was already trembling with fear, and was instantly kneeled down by Qin Gang's angry shout, shivering, "Master Ye, I was wrong Master Ye! Please forgive me, I really didn't mean to doubt you!"

Qin Gang threw his hand and gave him a big mouth, followed by a backhanded smack, just like this in a row more than a dozen slaps, smacked Qin Ao Dong cheeks swollen into a pig's head.

Qin Aodong didn't dare to move, kneeling on the ground sobbing and crying, at this time the beating is nothing to him, he was most afraid that Ye Chen, like in dealing with Yu Jinghai, directly move a heavenly thunder, and kill himself too!

Next to her, Qin Ao Xue, her handsome little face was also scared white.

She had never dreamed that Ye Chen was really such an expert with great prowess.

Originally, she still had some anger in her heart towards Ye Chen and felt that she had to find an opportunity to take revenge on Ye Chen, the Dengtong, for that kick, but now it seemed that the other party was so powerful that she could only worship him!

She was afraid that Ye Chen would bring down the wrath of her younger brother Qin Aodong, and hurriedly knelt down as well, begging, "Master Ye, my younger brother is still young and ignorant, please spare him this time."

Seeing the three Qin family members all kneeling in front of him, Ye Chen said indifferently, "Since you have a good attitude in admitting your mistakes, let's put this matter aside for now, but if there are similar things in the future, don't blame me for being ruthless!"

As soon as the three members of the Qin family heard this, they hurriedly kowtowed and thanked each other as if they were greatly pardoned.

Song Wanting stood outside the crowd, watching this scene in her eyes, watching with surging emotions and mixed feelings.

Before today, she had thought that Ye Chen was only somewhat accomplished in antiques, but his background was ordinary and his family was also ordinary, not a big person.

But to her surprise, he was hiding his strength!

Today's scene had truly shocked Song Wanting so much that she was unable to speak, she had never seen such a scene in her life.

At this moment, Ye Chen ascended a step higher, looked down at the crowd present and said in a cold voice, "Listen up, you guys!"

As soon as this was said, everyone immediately looked up at Ye Chen with full respect, not daring to make a single sound.

Ye Chen looked around at everyone and sternly shouted, "Today's matter, no one is allowed to mention it to the outside world except for this Dao Gate, otherwise, I'll make sure to give him a taste of Yu Jinghai's fate!"

The crowd was in awe, it seemed that Master Ye didn't want his identity and strength to be passed on!

Truly a master of understatement!

Unlike that Yu Jinghai who was selling his reputation and had a little bit of three-legged magic to openly show off everywhere.

Compared to Master Ye, he was worthless! I deserve to die!

Thus, everyone cupped their fists and bowed, "I respectfully obey Master Ye's orders!"

Ye Chen nodded his head in satisfaction at this point and said, "In that case, let's all disperse today!"
