

Ye Chen & Charlie wade Version

Secret Identity 211-220

Chapter 211

Song Wanting couldn't understand why Master Lai had just changed his fortune, and right after that there was such a big problem.

The other end of the phone now said, "There's nothing we can do, Missy, but now the other side is strongly demanding triple compensation, and we're very passive!"

Song Wanting hurriedly pursued, "Could it be a mistake? Did you ask them to test again!"

They said, "I've told them that, but they said they've monitored it twice and it's still not working!"

Song Wanting took off, "Immediately go to the source, look at our export records, what time period this shipment was produced and who was responsible for it, find me and ask for clarification!"

She said, "Delay the US side as long as you can, and then send a few people over to field test it!"

"Yes!"

After hanging up the phone, Song Wanting's expression was cloudy. She looked at Master Lai and asked, "Master, I've encountered another particularly difficult matter, and if I can't resolve it, the loss could exceed 500 million, haven't you already reversed your fortunes?!"

Master Lai dodged Song Wanting's eyes and fidgeted, "Reversing your luck also takes time, it can't be done overnight"

Song Wanting asked rhetorically, "Then even if it's slowly getting better, it can't suddenly have new bad luck again!"

At that moment, Song Wanting's call came back, and it was the grand son of the Hong Kong Li family!

She hurriedly answered the phone and said with a smile, "Hello, Mr. Li!"

"Miss Song." The other party's voice was a bit cold, "We've given it some thought and feel that the Song family is not the best partner in our eyes, so I'm afraid we'll have to unilaterally terminate the cooperation."

"Terminate the cooperation?!" Song Wanting became anxious and blurted out, "Mr. Li, you should be able to tell that we are clearly superior in every aspect compared to the other party! The Li family and our Song family working together is the best option."

The other party accosted, "To tell the truth, a master beside my father is measuring the feng shui for my father, and he said that the Song family's aura doesn't seem to match with the Li family, and continuing to work with you may affect the Li family's fortune, so I'm sorry Miss Song."

After saying that, the pair conveniently hung up the phone.

This

Song Wanting originally wanted to take this opportunity to make the Song family even better, but she didn't expect it to be a basket full of water again, and was extremely disappointed inside.

Master Lai had panicked, he had wanted to cheat her and leave, but he didn't expect that Song Wanting would suddenly become even more unlucky after his own act.

He felt that he couldn't stay here for long, so he hurriedly said, "Miss Song, it takes a process to change feng shui fortune, so you must be calm, and I believe that by tomorrow, everything will clear up! Lai-san will take his leave first!"

After saying that, he stepped forward to walk out.

Song Wanting took off, "Wait a minute! Master Lai, something is clearly wrong with this situation! How come as soon as you finished setting up the battle, I had two big problems here! I want an explanation for everything you say!"

Just after saying that, Song Wanting felt a sharp pain in her abdomen, which caused her to ouch and almost fail to stand.

She held on to the TV on the wall before she could barely stand, the cramped pain making her break out in a cold sweat!

She was wondering, "No! It's not even my period yet, how could I..."

Before she thought about it, there was another sharp pain of a knife in her abdomen, which made her legs go weak and she could only keep standing with her hands on the TV.

At that moment, the wall-mounted bracket of the TV suddenly clicked, and the metal bracket snapped!

212

Seeing the large sixty-inch TV smashing straight towards her feet, Ye Chen hurriedly took a step forward to pull her hand and gave a violent tug, pulling her into his arms at once.

Bam, the television set fell in response and smashed heavily on the ground.

The casing and screen shattered, and a piece of shattered hard plastic popped and burst out, grazing Song Wanting's slender white calves.

"Ah!" Song Wanting felt a sharp pain in her calf, and when she looked down, she had been cut open with a two to three centimeter long wound, and blood gushed out in a split second.

Ye Chen hurriedly pulled out tissues from his pocket and squatted down to help her cover the wound, asking, "Miss, do you have any disinfectant supplies like iodine volt at home?"

Song Wanting was a bit annoyed when Ye Chen touched her calf and was about to attack, but when she thought that Ye Chen had just saved her, she put down her anger.

She then looked at Lai Bu Yi and questioned with obvious anger, "Master Lai, if you don't give me a reasonable explanation today, you're not going anywhere!"

At the sight of this, Master Hong Wu grabbed that Master Lai by the neck and coldly questioned, "Damn it, speak! What have you done to our Missy?!"

Master Lai said cryptically, "I didn't do anything! I'm just putting up a fight to help her change her luck."

"Don't you bullshit me!" Master Hong Wu scolded angrily, "You're changing your luck to worse, aren't you?"

Saying that, Master Hong Fifth gritted his teeth and scolded, "Say, did you take money from someone and deliberately come to harm our big sister?"

Master Lai was trembling with fear and blurted out, "Brother, I'm not ah! I'm not under orders."

Master Hong Wu smiled sardonically, "If you don't tell the truth, then I'll chop you up and feed you to the dogs!"

Saying that, he immediately said to Song Wanting, "Miss, I'll leave this bastard to me, I'll make him vanish from the face of the earth!"

Song Wanting was also annoyed and said coldly, "Master Lai, if you don't give me an explanation, then I'll have to order my men to do something!"

Master Lai hurriedly knelt on the ground and cried, "Miss, I just wanted to cheat you out of some money, but I really didn't hurt you!"

Song Wanting asked with a cold face, "What you just did, was it all just to fool me?"

"Yes" Master Lai hastily pulled out the check and begged for mercy "I'll refund the money, please let me go."

Song Wanting stared at him for a moment, seeing that it didn't look like he was lying, and felt even more desperate.

What was going on? Has your luck gotten worse?

Suddenly he lost a lot of money, and if this continues, I'm afraid the family business will end up in his hands.

At this time, Ye Chen, who hadn't spoken, suddenly spoke up, "Miss, actually, this Master Lai, didn't do nothing."

Song Wanting looked at him and asked after him, "What does that mean?"

Ye Chen said indifferently, "Your room layout, paired with your own five elements, creates a feng shui trapped dragon formation!"

"The Trapped Dragon Formation will lock all your luck into the formation, the reason why there is still a bit of room is because that pot of green plant left a raw door for the Trapped Dragon Formation."

Saying that, Ye Chen looked at that so-called Master Lai and smiled, "Unfortunately, this guy insisted on replacing the green plant with a stone, which is gold, and this sealed the birth gate, and now removing it won't even work, so you will instantly lose all your luck and only get more and more unlucky"

Song Wanting was struck by lightning, hurriedly put away her previous contempt for him, bowed and cupped her fists, and said with a pleading face, "Mr. Ye, please help!"

213

As soon as that Master Lai heard this, he realized that he had made a big mistake and hurriedly said, "Miss Song, I really didn't mean it! This master, please take that stone away."

Ye Chen shook his head: "It's useless to take it away, the Trapped Dragon Formation has closed, it's like throwing a stone into the water, even if you take away the stone, you can't stop the water wave generated by the stone."

Song Wanting looked at Ye Chen in stunned silence, her heart could not help but respect him a little more, and asked after him, "Master, please help me out to solve this trapped dragon formation, I would not mind spending any amount of money!"

As soon as Hong Fifth heard that Ye Chen saw the door, he hurriedly said, "Mr. Ye, please do something to help our big sister"

Ye Chen nodded his head and said, "Miss Song, the feng shui of your room was not originally the Trapped Dragon Formation, however, this year is your birth year, your own destiny changed during your birth year, and the altered destiny is incompatible with the feng shui of this room, which is why the Trapped Dragon Formation was formed."

Saying that, Ye Chen added, "I'm going to change the feng shui of your room now, which may cause damage to your room, and I hope you don't mind."

Song Wanting immediately said, "Go ahead Master, even if you demolish this house, I have no problem with it!"

Ye Chen nodded and said to the butler, "Uncle Yu, please find a crowbar."

Uncle Yu immediately said, "I'm on my way!"

A moment later, Yu Bo walked in with a metal crowbar and asked, "Master, will this work?"

"Yes."

Ye Chen looked around carefully and pinched his fingers, then measured a few steps in the room, pointed to a wooden floor under his feet and said, "Hongwu, please pry this floor open."

Hong Wu nodded and didn't immediately go over to help, but instead looked at Master Lai and punched him hard in the abdomen.

With this punch, Master Lai spat out a mouthful of blood, lying on the floor and howling.

It had to be said that Hong Fifth's kind of Daoist was very experienced in actual combat, and with this punch, Master Lai wasn't even able to sit up, let alone escape.

It was only afterwards that Master Hong Fifth took the crowbar from Uncle Yu's hand and followed Ye Chen's instructions to warp up that floor.

The floor was pried open to reveal the concrete floor.

Master Hong Fifth asked him, "Mr. Ye, what's next?"

Ye Chen faintly said, "The Trapped Dragon Formation must have a central axis, so I've just deduced that this should be the central axis of the Trapped Dragon Formation, the central axis of the Trapped Dragon Formation is driven by water, and the water flowing through the eye of the formation is what produces the effect of locking the luck, so if my calculations are correct, there should be a water pipe line underneath this cement."

"Seriously?" Master Hong Wu was surprised and asked, "Mr. Ye, are your eyes able to see through?"

Ye Chen said calmly, "Not being able to see through, but being able to deduce through the five elements and eight trigrams! Just like when you see the lights on this roof will light up, you can guess that there must be telecommunication buried in this roof."

What Ye Chen said were all secret feng shui techniques recorded in the Nine Xuan Heavenly Scriptures, ordinary people didn't know anything about feng shui formations, so they couldn't even guess where there was water or fire.

At this time, Ye Chen said, "I think the cement on top of this water pipe should be very thin, you can use a crowbar to hit it a few times to see."

"Alright!" Hong Fifth instantly smashed the cement floor with force, a few strokes to smash open a thin layer of cement.

As the crowd watched with bated breath, it was clear to see that Hong Fifth smashed a thumb-thin PVC pipe out of the cement!

This kind of water pipe, which led from the aisle to the bathroom, was the only one, which meant that the water pipe could be anywhere in a huge house.

However, it was a bit shocking that Ye Chen was able to directly point out the exact location of the water pipes!

214

"It's divine!" Not only was Master Hong Fifth stunned, even Song Wanting and Uncle Yu were dumbfounded.

It was amazing to find out the water pipe hidden in the cement with a pinch of a finger.

Ye Chen added, "Smash the pipes open and let the water spill out, once this water is out of the formation, it will collapse the formation, once the formation collapses, this formation won't exist!"

Song Wanting hurriedly said, "Hongwu, you have to break this pipe!"

Master Hong Fifth nodded and smashed the water pipe several times before opening an opening.

A large mist of water sprang out in a sudden, Ye Chen, Song Wanting and Yu Bo all hurriedly retreated and dodged, Hong Fifth Master didn't dodge in time and got water all over his body.

As the water spurted out, Ye Chen found that the Dragon Trapping Formation was also completely abolished due to the fatal damage.

Then, Ye Chen said to Bo, "Turn off the water valve, the Trapped Dragon Formation has been broken."

"It's broken?" Everyone looked incredulous.

Ye Chen said in a light-hearted manner, "It's already broken, Miss Song's luck has been suppressed for so many days, it should flourish soon."

Just after saying that, Song Wanting's phone rang.

"Mr. Song, the U.S. called and said they got the sample wrong, it's not our problem, our goods are all qualified."

"Great!"

Song Wanting is really impressed! As soon as we broke the formation, the clock started ticking.

As soon as she hung up this phone, she immediately said to Ye Chen with a grateful face, "Mr. Ye, you are really a god! Thank you so much!"

Ye Chen smiled slightly and said, "Miss Song doesn't need to be polite, I was also entrusted by Hongwu to come over and help, it's all something I should do."

When Hongwu heard this, he was so moved that he was about to cry, I really didn't expect that Ye Chen would remember to speak for himself at this time, so that he would definitely get a credit here at Miss Song!

He had always wanted to hug Missy's thighs, but Missy was rather repulsive to people of his background in the Dao, so he had always been able to swim on the fringes of the Song family's industry, and with this credit, he would definitely be able to enter the Song family's first-line troop category in the future!

Song Wanting looked at Master Hong Fifth and said, "You have a heart for this matter, I will remember it."

Master Hong Fifth hurriedly said, "My lady, this is all my share of the work!"

Song Wanting nodded, in front of Master Hongwu, she was still the high and mighty lady, but in front of Ye Chen, she was exceptionally respectful.

At this moment, Song Wanting's phone rang again.

It was Prince Li of the Hong Kong Li family!

"Mr. Lee? What are you doing here again?"

Having just been stood up by Mr. Li, Song Wanting was a bit dissatisfied inside.

Mr. Li said on the other end of the phone, "Miss Song, I'm so sorry! There was a little misunderstanding just now, my father's feng shui master said that Miss Song you have a sudden change in your fortune, and now your fortune is unstoppable, and he strongly suggested that we cooperate with your Song family, so I sincerely hope that we can sign a contract soon, I want to fly to Jiang Cheng tomorrow, I wonder if Miss Song can be kind enough to meet you?"

215

Mr. Li's attitude had suddenly undergone a dramatic change, causing Song Wanting to be so shocked that her jaw was about to drop to the ground!

Even though her heart was a little angry at what Li Gongzi had done before, she was now excited and about to shout out.

However, she still restrained herself and spoke, "In that case, let's set up a time and place for the signing ceremony."

Prince Li said immediately, "The sooner the signing is naturally the better, so let's say, I'll fly to Jinling tomorrow and pay a personal visit to Miss Song!"

Song Wanting hung up the phone, already almost worshipping Ye Chen

From the two phone calls from Duke Li just now, it was just right to see how powerful Ye Chen was.

That liar Master Lai destroyed the only living door of the Trapped Dragon Formation, Mr. Li immediately called and refused to cooperate, and said that his father's feng shui master saw that his luck was bad, and as soon as Ye Chen had broken the formation, the other party immediately called and said that he was fortunate, which was the best proof of Ye Chen's strength.

When Song Wanting marveled, she received another unfamiliar phone call, and the other party asked, "May I ask if this is Miss Song?"

"It's me, who are you?"

They said, "Miss Song, I am the manager of the Hermes store, you tried on clothes and accessories in our store last week, do you remember?"

Song Wanta said, "Well, remember, what's wrong?"

They said, "Here's the thing, we just found a string of diamond jewelry with your name engraved on it in the corner of the fitting room, and we thought you would have left it in the store, so we called to make sure!"

Song Wanting was shaking with excitement and asked after her, "Where is the bracelet now? At your place?"

"Yes, it's in our shop."

"I'll go get it then!"

After hanging up the phone, Song Wanting had been unable to control the flow of tears, she looked at Ye Chen and choked with gratitude, "Mr. Ye, the bracelet my mother left me has been found, thank you so much."

Ye Chen smiled and said, "It's good to find it, if Miss Song is in a hurry, just go over and get it!"

Song Wanting nodded, hurriedly wrote a check for twenty million dollars, handed it to Ye Chen and said, "Mr. Ye, this is a small token of my appreciation, please make sure you have a hand!"

Ye Chen smiled slightly and waved his hand.

Twenty million?

I don't need the 20 million.

She doesn't even know how to spend the nearly \$10 billion in cash she has put there, so what does she need the \$20 million for?

So he said indifferently, "Miss Song, you and I are also considered friends, so there's no need to talk about money for this."

Song Wanting also insisted at this point, "Mr. Ye, this twenty million is a gift from me, so I still hope that you will accept it! Otherwise I'd be really sorry!"

Ye Chen said indifferently, "Miss Song, there may still be an encounter in the future, so why do you need to settle the accounts so clearly."

Once Song Wanting heard this, a sudden realization dawned on her, she hurriedly put away the check and said apologetically, "I'm sorry Mr. Ye, I was a little foolish, in the future Mr. Ye has something, just tell me what to do, Song Wanting would never dare to disobey!"

Ye Chen gave a hmmm and said, "Alright, go get your bracelet back!"

Song Wanting nodded her head, she also really couldn't wait to get her bracelet back, so after thanking Ye Chen with a thousand thanks, she panicked and asked Yu Bo to drive her out.

After the two of them left, Master Hong Fifth was also incredibly grateful to Ye Chen, holding his hand and saying excitedly, "Mr. Ye, you're so wonderful! If anything happens to you in the future, even if I have to go up or down the mountain, I'm willing to lose my liver and brain!"

216

Ye Chen smiled and said, "Remember that, maybe I'll have something for you to do in the future!"

Master Hong Fifth nodded hurriedly, "If Mr. Ye has anything to say, just tell him!"

At this time, has been lying on the Lai Master cried and begged for mercy: "Brother, please release me as a fart!!I'll never dare again!"

Master Hong Wu sneered, "You liar, my men will be here soon, they'll set you up!"

Ye Chen asked in a low voice, "What are you going to do with him?"

Master Hong Fifth coldly said, "I said chop it up and feed it to the dogs, how can I break my word?I have a little brother, opened a dog fighting dog pound, not to mention one him, ten he can eat the dregs are not left.Master Lai heard this, scared out of his wits, a snot a tears begging for mercy: "big brother, I have the oldest and the youngest, you just bypass my life, I work as an ox to be grateful for your great kindness".

Ye Chen didn't have any sympathy when he looked at him.

This kind of trickster who was waving and cheating was no different from a quack, a quack who could not cure a person would die, and this kind of fake feng shui master could also die if he messed around.

To be frank, they were all straw men bastards who really deserved to die.

Moreover, if he completely made the Trapped Dragon Formation today in order to cheat Song Wanting out of her money, then Song Wanting would definitely run out of lives and die before long.

Someone like her, who controlled tens of billions of dollars in assets, if her luck and destiny all ran out, there was no telling how many people below her would be implicated, and in that case, Song Wanting wouldn't be the only one who would die!

Therefore, there was really no need for such scum to remain in the world.

At that moment, Master Hong Wu's little brother came and picked up and took away that trickster, Master Lai.

Master Lai howled ghostly as he left, crying about how miserable, innocent and regretful he was, but no one sympathized with him.

Ye Chen looked straight to shake his head, said he had a bloody disaster today, still do not believe, really deserved.

After settling all the matters, Master Hong Fifth thanked Ye Chen a thousand thanks, which sent Ye Chen back home

After returning home, Xiao Churan was still researching about her work.

Ye Chen didn't say much, in fact, Ye Chen himself wanted to support Xiao Churan to open a company to start a business, but it seemed like Xiao Churan didn't have this idea, so he didn't say much.

He also didn't want Xiao Churan to be too tired, if he really opened a company to start a business, the pre-work was very numerous, and with Xiao Churan's hands-on personality, he was afraid that he would suffer quite a bit.

In the evening, Ye Chen received a call from his good brother Wang Daokun in college.

Since the last time he helped Wang Dao Kun teach the adulterous woman and take out his anger in the hospital, Ye Chen hadn't been to see him again, mainly because there were too many things going on at home and he really couldn't care.

On the phone, Wang Daokun told Ye Chen that he had almost recovered and had been discharged from the hospital today.

Since Ye Chen had helped him get back the hotel and millions of dollars in compensation, the first thing he did when he was discharged was to invite some of his better classmates for a meal.

When Ye Chen saw that his good brother was going to be discharged from the hospital, he naturally readily agreed to do so.

At this time, Xiao Churan walked out from the bathroom after taking a shower and casually asked Ye Chen, "Who called you at such a late hour?"

Ye Chen said indifferently, "Dao Kun is out of the hospital and wants to invite guests for dinner, let's go together tomorrow."

Xiao Chu Ran nodded and said, "Okay."

217

The next day at noon.

Ye Chen drove, carrying his wife, Xiao Churan, to the Maplewood Hotel.

Although the Maplewood Hotel wasn't the top in Jinling, it was still considered a luxury level, which was enough to see Wang Daokun's sincerity.

This time, Wang Daokun was also hemorrhaging money and booked a luxury box in the Maplewood Hotel.

The compartment was luxuriously decorated, enough to accommodate twenty people, and the starting consumption alone was seven to eight thousand.

After Ye Chen and his wife arrived, the box was already full of people, besides Wang Daokun and Dong Ruolin, there were also a few classmates.

Dong Ruolin hadn't been doing too well recently.

It had been quite a long time since she had come all the way from Yanjing to Jinling, in order to have a chance to meet the chairman of the Imperial Group, but after working for so long, she hadn't had the chance to see the chairman in the flesh!

Moreover, she was still working as an administrative director within the company before, but now, it's good that she's directly out as a sales director, running around every day, not to mention having no chance to meet the chairman.

What made her even more tortured was that after being saved by that mysterious man last time, she couldn't stop thinking about that man.

Therefore, her desire to meet the chairman of the Imperial Group was no longer as great as before, and now she only wanted to meet her savior, as she felt as if she had fallen in love with that mysterious man at first sight.

But she could never have imagined that, in fact, the chairman of the Emperor Hero Group, as well as that mysterious savior, was actually a person, Ye Chen.

Seeing Ye Chen and Xiao Churan enter the box, Wang Daokun hurriedly stood up and said, "Ye Chen, Churan you are here, sit down quickly."

Wang Daokun greeted Ye Chen and Xiao Churan with a very respectful tone, he was both admiring and grateful to this good brother.

When Dong Ruolin saw the two of them, she looked slightly haggard, she felt that she had a belly full of words that no one could say, and when she saw Xiao Churan, she suddenly had the impulse to confide in him.

The first thing you need to do is to take a look at the pictures you've taken.

Xiao Chorán smiled and said, "What's wrong with you, you look like you're not in a good mood?"

Dong Ruo Lin sighed and said, "It's still not because of my mysterious savior, I find myself as if I've fallen completely in love with him, I close my eyes and my head is full of him now, I sleep and dream, but I can't find him, what should I do?"

"This, I can't do anything about it" Xiao Chorán helplessly spread her hands, after Dong Ruorin was saved by the mysterious man once, she had been screaming all day to find that man and give birth to a monkey, but there were a lot of people, where could she find such a person?

The first thing you need to do is to take a look at the newest addition to the newest addition to the newest addition to the newest addition.

This is too ridiculous, never let Dong Ruo Lin know that her male god is himself, or there will definitely be a big mess!

After drinking and using the food, Wang Daokun began to liven up the atmosphere again, "Everyone, thank you for coming today, I will toast to you all first."

After saying that, he drank it all in one go.

A few students who were on good terms with him called out, "Mr. Wang is massive!"

Ye Chen smiled faintly and took a sip from his wine glass.

"I heard that Mr. Wang is now a big boss, opening a big hotel by himself, with two million cash in his hand, and he knows people on the road, so he must take care of us in the future."

A flirtatious woman in voluptuous clothes with heavy makeup on her face fawned and laughed.

218

"Tang Juan, you say that, Dao Kun and us are best friends from school, if something happens he will definitely give us a hand.

A man with a national face also lifted his wine glass and drank it all.

Ye Chen's gaze faintly swept over them, vaguely remembering that these two were both his college classmates, the woman's name was Tang Juan and the man's name was Liu Jianhua.

Wang Daokun said apologetically, "Where, where, this is really a long story for me, it's not worth mentioning!"

After saying that, he looked at Ye Chen and sobbed with emotion in his heart.

When he met the scum girl, he had almost been cheated out of everything and even beaten violently.

However, it was because of Ye Chen's help that he was able to take back the hotel and get two million compensation.

It can be said that this is all given by Ye Chen, how can he take out Laiser.

So, he changed the topic and said, "Jianhua is now mixed is not bad, I heard that you became a senior executive of a company, how can you have an annual salary of 700,000 to 800,000."

Liu Jianhua sighed and said, "Forget it, that company is too pitiful, I'm preparing to resign and go to Xinhe Company to try, I heard that our college classmate Han Qiang is a senior executive there, and he's mixing quite well now! I never thought this kid would be able to do that!"

"Oh, him," Wang Daokun laughed awkwardly, his relationship with Han Qiang wasn't good, so he didn't invite Han Qiang for this party.

The company has a lot of people who are interested in the company, and they have a lot of people who are interested in the company.

Dong Ruolin also said thoughtfully, "I heard that Xinhe Company is also considered a good big company in Jinling, the strength is quite strong, I never thought that Han Qiang is mixing so well now."

Xiao Chorán was suddenly stunned when she heard about Xinhe Company.

After she broke with the Xiao family and was driven out of the Xiao Group, in order to find a job, she had sent in quite a few resumes these days, and one of them was the Xinhe Company.

Thinking of this, Xiao Chorán smiled and said, "It just so happens that I'm also going to apply for a job at Xinhe Group, and if I pass, we'll all work in the same company in the future."

Tang Juan who was on the side asked in surprise, "Chorán you are staying well in Xiao's group, why do you want to go to Xinhe Group to submit your resume?"

Xiao Chorán said helplessly, "I've drawn a line with the Xiao family now, so I have to go out and find a new job, otherwise I can't support my family ah."

When Tang Juan heard this, she looked at Ye Chen again with eyes full of contempt: "Ye Chen, look at how hard it is for Chorán, you are a man, but you have let your woman fall [penpal www.boquge.me] to such a state, you are also too lame."

Liu Jianhua's relationship with Ye Chen wasn't that good, so he scoffed without fear, "Ye Chen, why don't you also apply for a job in Han Qiang's company, although

with your ability, you're probably only able to be a cleaner, but for the sake of your old classmates, it's still possible to let you be a cleaning foreman."

Ye Chen said indifferently, "It's better to keep this kind of good thing for your own enjoyment, I'm not interested."

Seeing that he was so ungrateful, Liu Jianhua said with some displeasure, "Ye Chen, I know you have high self-esteem, but look at now, everyone is mixing better than you, I advise you to recognize reality."

Wang Daokun frowned and said, "Alright, today is the day of our class reunion, so don't crowd Ye Chen so much."

Saying that, Wang Daokun said apologetically to Ye Chen, "Ye Chen, don't take it to heart, Tang Juan and Liu Jianhua are also straightforward."

But Tang Juan snorted and said, "Dao Kun, who let this waste Ye Chen always look like a breeze, he has no skills, but he is quite good at pretending."

Liu Jianhua disdainfully added, "This is a poor loser."

219

Ye Chen's eyes were very cold, but on Wang Daokun's face, he didn't bother to see these two idiots in general.

Tang Juan and Liu Jianhua saw this and looked down on Ye Chen even more, being sarcastic and sarcastic, they didn't even dare to let out a fart, they were simply useless!

Liu Jianhua was still continuing to be sarcastic, "Hey, if you want me to say it, Chu Ran can be really blind, there are so many good boys in our class who are not looking for one, so why must we look for a hangdog like Ye Chen?"

As I was saying that, the door of the box was suddenly pushed open.

"Bang!"

Several brawny men dressed in black barged into the box, and one of them, an inch-headed youth with a cigarette in his mouth, said coldly: "All of you get out, I'll take this box."

Liu Jianhua frowned and said, "What are you doing? Can't you see we're eating?"

Afterwards, he slapped the table and said, "This is the Maplewood Hotel, don't you understand the first come, first served rule?"

"First come, first served?"

The inch-headed youth with the cigarette in his mouth walked up to Liu Jianhua and threw a slap directly over, smacking Liu Jianhua who fell to the ground, his face immediately swelling up.

"Are you fucking pretending with me? I'm Lin Pao, Master Hung's subordinate! Who the fuck are you?"

"Lin Panther?"

Liu Jianhua covered his face, panic in his eyes, Lin Bao was a famous leader in this area, although it was nothing in the entire Jinling, but for them, it was someone who couldn't afford to offend.

"I'm sorry Brother Leopard, we're leaving, we're leaving!"

Lin Bao sneered and looked at the crowd and scolded, "What are you waiting for, get out of here!"

Dong Ruolin and Xiao Churan panicked in their hearts and subconsciously hid behind Ye Chen

Ye Chen looked at Lin Bao and said coldly, "For Hongwu's sake, you get out now and I can spare your life!"

"Fuck, Ye Chen you're fucking crazy, this is Lin Bao, Brother Bao!"

"I'm sorry Brother Leopard, we don't know this Ye Chen well, if you need anything, just look for him, don't hurt us ah"

Liu Jianhua and Tang Juan's heart scolded Ye Chen, what the fuck are you pretending to be compared to, this is Lin Bao, Hong Fifth's subordinate! It's a murderer who has seen blood. You don't want to die like that!

However, the man named Lin Bao was hesitant, he looked at Ye Chen as if he had thought of something and suddenly turned pale and said tentatively, "You are, Master Ye Chen Ye?"

Lin Bao had followed Master Hong Fifth for quite some time and had had the privilege of hearing Ye Chen's name, and then it came to mind fiercely.

Ye Chen said coldly, "Is there still two Ye Chen's in Jinling?!"

Lin Bao was struck by lightning and immediately knelt on the ground, "I'm sorry Master Ye, Ah Bao didn't know it was you old man in person, but he rammed into you, Ah Bao deserves to die!"

Liu Jianhua looked at the scene and said dumbfoundedly, "Brother Leopard, is there some misunderstanding, it's true that this man's name is Ye Chen, but he's just a useless son-in-law ah, he's not much of a grandfather at all!"

When Lin Bao heard this, his face went white and he directly kicked Liu Jianhua to the ground: "Grass your mother, you are looking for death aren't you, dare to insult Master Ye, see if I don't kill you today!"

Although Lin Bao was considered number one in this surrounding land, he knew in his heart that he was a dog of Master Hongwu, and in the face of Ye Chen, Master Hongwu would have to kneel and lick him, and he didn't even dare to qualify to lick!

"And you bitch, you fucking dare to insult Master Ye too!"

As he said that, Lin Bao twisted his head and slapped Tang Juan, causing her mouth to bleed.

220

"Okay Lin Panther, we still have to eat, so get out of here!"

Ye Chen didn't bother to bother with such a minor character like Lin Bao, he just paid his respects and told him to get lost.

Lin Bao nodded and said, "Don't worry, Master Ye, I'm getting out of here! That's rolling!"

After saying that, like a lapdog, he retreated from the compartment in a row.

In the compartment, Liu Jianhua and Tang Juan couldn't tell how hard it was, Ye Chen, who had just been mocked by the two of them in a hundred different ways, had actually turned into the Master Ye in Brother Bao's mouth, what the hell was going on?

There must be some kind of misunderstanding in there, Ye Chen is a loser! You deserve to be called Master?

Wang Daokun said to the two of them, "You two, take care of yourselves in the future, you must keep a low profile when you come out, you must know what to say and what not to say, you must know in your heart, it's good that Ye Chen is here today, otherwise you two would be in big trouble!"

Liu Jianhua and Tang Juan had just been beaten by Lin Bao, and now they didn't even dare to fart.

Wang Daokun then said to Ye Chen, "Ye Chen, thanks to you, I'll toast you on behalf of everyone, thank you!"

Ye Chen smiled faintly and said, "It's just a small matter."

The next day, Xiao Churan received an invitation for an interview from Xinhe Company.

The interview was scheduled for the afternoon, so Ye Chen took advantage of Xiao Churan's lack of attention and took out his cell phone to call Wang Zhenggang.

After the call was connected, Wang Zhenggang's respectful voice rang out, "Master Ye, what do you want?"

Ye Chen said indifferently, "My wife is going to apply for a job at Xinhe Construction Company, and I'm looking for you to find out about this company."

Wang Zhenggang was surprised and said, "Xinhe Construction Company? This company is a wholly-owned subsidiary of the Wang family, and Miss Xiao is applying for a job at this company? This is too much for Miss Xiao, how about I just remove the chairman of the company and replace her with Miss Xiao?"

Ye Chen was stunned at the news, the fact that Xinhe Company was Wang's made him a little surprised.

It would naturally be good to have Wang Zhenggang's help, but on second thought, his wife wanted to rely on her own abilities, so he said indifferently, "No need, you will just arrange for my wife's interview to pass then."

Wang Zhenggang immediately said respectfully, "Okay Master Ye, I'll go arrange it."

Here, after Wang Zhenggang hung up the phone, he immediately asked his assistant to send a notice to the top management of Xinhe Company, and what Master Ye had ordered, he definitely wanted to do it beautifully!

At 2pm, Xiao Churan was ready to leave for her interview at Xinhe.

Since the car was sent to the 4s shop for maintenance today, Ye Chen and Xiao Churan could only choose to take a taxi, but it was the peak time, and they waited by the roadside for a long time, but they didn't get a taxi.

Xiao Churan was a little anxious and said helplessly, "If we were a little late and missed the interview at Xinhe Company, it would definitely give a bad impression, I should have known better than to send the car for maintenance."

Ye Chen was also helpless, looking at the queue of the taxi drop, there were still more than fifty people to get their turn, what a blunder.

At this time, a black Rolls-Royce Phantom, slowly parked in front of the two.

The window rolled down, and the person inside was Wang Zhenggang, who looked surprised and said, "Mr. Ye, are you going to take a taxi?"

Ye Chen was stunned, this Wang Zhenggang's rush was too coincidental, right?

So then it goes, "I'm taking my wife to a Shinhwa interview, why are you here?"
