

Ye Chen & Charlie wade Version

Secret Identity 331-340

Chapter 331

Old Mrs. Xiao's true motives were suddenly pierced by Ye Chen, and her entire body was in a bit of a panic.

She had thought that she would be able to eat Xiao Churan's family of four to death with a little bit of trickery, especially Ye Chen, the trash, was even less difficult, as long as she asked Xiao Hailong and Xiao Weiwei to apologize to him and treat him as a human being, he would definitely be grateful.

However, she didn't expect that Ye Chen was the one who was the one that everyone was drunk.

Seeing that her motive was revealed, Old Mrs. Xiao fidgeted and said, "It's all one family, the energy goes to one place, one family opening two companies, it's a joke to spread out, isn't it?"

Ye Chen sneered, "The Hong Kong tycoon Li Ka-shing, his son is still not in the same company as him, what's wrong with that? I think you have sinister intentions, the true feelings are fake, it's true that you want to deceive Chorán to return to the Xiao Clan and help you survive in a desperate situation!"

"You you" Old Mrs. Xiao was so angry that she couldn't speak, and Xiao Chang Qian, who was on the side, immediately spoke up and scolded, "Ye Chen, watch what you say, you're just an outsider in this house!"

The company has been in the process of developing the new product for the past two years, and is now in the process of developing the new product for the next two years. They say they're promoting you to director, but what's the reality? During the banquet, you even openly announced that you promoted Xiao Hailong to be the director, do you want to experience such a thing a second time?"

Xiao Churan's expression instantly became incomparably wistful.

At this moment, she really completely understood.

Thanks to her husband Ye Chen's reminder, otherwise, it was very likely that she would fall for their trap again.

At this time, Xiao Hailong saw the plan go bankrupt and pointed at Ye Chen in a rage and scolded, "Ye Chen, you stinky hangman, do you have the right to speak here? You're fucking dictating our family business, you don't want to live, do you?"

Ye Chen looked at him with cold eyes and questioned, "What? Can't fit? I'll tell you Xiao Hailong, you'll have to be polite when you see me in the future, or I'll just call Hong Wu right now and ask him to give you a Jiang Hu chase order so that you can't stay in Jinling!"

"Fuck you!" Xiao Hailong was furious and shouted, "Are you bluffing me? Don't think I don't know what you are, you're just something that knows two tricks of the trade, aren't you? When they see through your trick, you'll die without even knowing how."

Ye Chen sneered, "At least they haven't figured out my tricks yet, at least they're respectfully calling me Master Ye now!"

Afterwards, Ye Chen despised and said, "You're going to keep pretending, right? Okay, I'll call Hongwu right now!"

Next, Ye Chen pulled out his phone and immediately dialed Hong Wu, and also turned on the speaker in passing.

Xiao Hailong was pale with fright, and his pea-sized sweat kept falling down.

This guy actually called Hongwu?!

If Master Hong Fifth really wanted to give himself a Jiang Hu chase order, wouldn't that be the end of him!

As soon as he thought of this, he immediately wimped out and said, "Ye Chen, Ye Chen, I'm just joking with you, don't take it seriously, you're my brother-in-law, we're family ah."

Ye Chen laughed, "I'm not a family with you."

As he was speaking, the phone connected.

Hong Wu respectfully asked, "Master Ye, what is your dispatch?"

Ye Chen looked at Xiao Hailong, who was shaking like a chaff sieve, and said indifferently, "Hongwu, if I asked you to give an order to hunt and kill in the rivers and lakes, how many of your younger brothers would be able to follow the order?"

Hong Wu immediately said, "Back to Master Ye, Hong Wu has over ten thousand disciples in Jinling, most of the nightclubs, bars, ktvs, and construction sites have my people, if you tell me who to give the order to chase and kill in the jianghu, I guarantee that the number of people looking for him and wanting his life on the streets every day is uncountable!"

Xiao Hailong was almost blinded from hearing the whole story, poofed and knelt in front of Ye Chen and cried, "Ye Chen, my good brother-in-law, I'm really joking with you, just treat me like an ass and let me go."

Ye Chen asked him in a cold voice, "What?No more pretending?"

"No more pretending, no more pretending, no more pretending" Xiao Hailong was almost scared to death at this point, how could he dare to pretend with Ye Chen.

In Jinling, if anyone is ordered to be hunted down and killed by Master Hong Fifth, then the entire road will not be swarming and grabbing to kill him?

After all, this was a great opportunity to work for and please Master Hong Fifth!

Ye Chen was holding the phone at this time and said coldly, "Since you're not pretending, let me see your sincerity, otherwise, I can only understand that this is a temporary softening, and if I let you go, you'll still be pretending with me when you turn around."

Xiao Hailong's heart thudded, realizing that Ye Chen might not let himself off so easily, so without saying a word, he immediately knocked his head on the smooth and hard floor of the hospital, bam bam bam three times in a row.

"Ye Chen, I was wrong!!I'll apologize to you!Please forgive me, don't let Master Hongwu chase me down!"

At this point, Xiao Hailong had burst into tears and regretted it to death in his heart.

Was there something wrong with his own brain?Why do you have to forcefully pretend with Ye Chen, isn't this not looking for your own death, when Hongwu will realize that he is a liar and chop him to death that is still unpredictable, but if Ye Chen really let Hongwu chop himself to death, then he is afraid that he won't live to see tomorrow morning.

Xiao Chang Qian now watched his son kneel and kowtow as he was bullied by Ye Chen and said angrily, "Ye Chen!Don't you dare bully others!"

Ye Chen asked curiously, "Are you saying that I'm bullying people too much?"

After saying that, he immediately said to Hong Wu, "Hong Wu, add another person to the Jianghu Hunting Order, this time I want you to hunt down and kill a father and son!"

Hong Wu's side immediately blurted out, "Don't worry, Master Ye, as long as you give the order, even if it's the King of Heaven, I'll still chop it up! You tell me, who are the father and son's last names!"

Xiao Changqian gave an ouch and shivered in fear.

Fuck.

Ye Chen is too cruel.

He's going to chase himself down and kill himself for saying one word of bullying?

I can't take this with my old bones.

Old Mrs. Xiao had realized by now that it was difficult to recover from overturning the situation and was afraid that her son and grandson would be harmed again, so she hurriedly said, "Ye Chen, let them both go and pretend we never came here today."

Ye Chen shook his head, "That's no good, you've been here, why should I treat you as if you haven't been here?"

Old Mrs. Xiao asked in a trembling voice, "Then what will it take for you to stop?"

Ye Chen said indifferently, "You tell me the true purpose of your visit in front of Chorán, and my father-in-law and mother-in-law, if you're sincere enough, I'll spare them and let you never come; if you're not sincere enough, then I'm sorry, but I've made this order to hunt down and kill this river and lake, I, Ye Chen, have made the decision!"

333

Upon hearing this, Xiao Hailong, who was scared half to death on his knees, hurriedly cried, "Grandmother, tell the truth quickly! Tell the truth to Ye Chen! Or I might be dead, Grandma!"

Xiao Chang Qian was also afraid of stirring up the fire, so he hurriedly pleaded, "Mom, just tell the truth."

Old Mrs. Xiao has now given up struggling, sighed like a defeated rooster, and said, "Ye Chen is right, I did come this time to make a bitter trick to trick you guys into going back, to trick Chorán into going back to the Xiao Group."

After saying that, Old Mrs. Xiao tried to clear her name again and got out, "But I"

Ye Chen interrupted her directly and brutally, "There's nothing but, you've finished your sentence, you can go now."

Old Mrs. Xiao looked at him with resentment and said, "You always have to let me finish my sentence, I also have my reasons."

Ye Chen said coldly, "You have no bitterness, all you have is bitter fruit!The bitter fruit is what you grow, you can only eat it yourself!"

After saying that, Ye Chen added, "If you guys are sensible, now shut your mouths, pin your tails, and get far away, forget this ever happened, or else"

With that said, Ye Chen roared at Hong Wu on the phone and said, "Hong Wu if you hear another old lady pushing against me here, immediately give Xiao Chang Qian, Xiao Hailong and his sons a Jiang Hu chase order!"

Hongwu blurted out, "Don't worry Master Ye, if you command, Hongwu will not dare to disobey!"

Old Mrs. Xiao was incomparably decrepit, nodding her head in Ugwu, completely accepting her defeat, waving to a few people and saying weakly, "Let's go."

Xiao Changqian, Xiao Hailong, and Xiao Weiwei, who had been silent all this time, heard the words and quickly left the ward, supporting her.

After they left, Xiao Changkun let out a long sigh and said very lonely, "I thought my mother she finally came to her senses, but in the end, it was still a reckoning."

Ma Lan was full of lament, "If the Xiao Group collapses, our pensions will be gone."

Xiao Chorán looked at Ye Chen and said softly, "Ye Chen, thank you, if you hadn't reminded me, I might have fallen for it."

Ye Chen smiled slightly and said, "I'm your husband ah, why are you so polite to me?"

Saying that, Ye Chen added, "In these few days, let Dad rest in the hospital for a few days, I'll take care of it, and you'll start the company up properly, never let the Xiao family look down on it!"

Xiao Chu Ran nodded his head in earnest.I'll do my best!"

Old Mrs. Xiao, who had returned home, was in a trance and her mind was about to collapse.

Who would have thought that not so long ago, she was having a big banquet in the hotel because she got the cooperation of the Imperial Hero Group.

However, in the blink of an eye, the Xiao family is now in ruins and nearly bankrupt.

Now, Xiao's family has lost all their cooperation and the company has lost all its revenue.

But at the same time, the company is still facing a lot of capital expenses.

For example, the rent of the group's office buildings, the salaries of everyone above and below the group, the construction fees of the project builders, and the material suppliers.

334

Now, the Xiao Clan is like a rice bag with a hole in it, with not much rice in it to begin with, and it's clamoring to flow out, and it looks like it won't last.

What's even more annoying is that her beloved little granddaughter, Xiao Weiwei, originally had a chance to marry Wang Yunfei, the son of the Wang family, but now, the Wang family has shunned the Xiao family.

The Wang family's last reliance also vanished into thin air.

At the thought of this, Old Mrs. Xiao couldn't help but burst into tears.

In the past few years when the old man had been gone, he had held the power of the family administration, but he had never thought that he would run the family business to this state.

If this continues, the group will not only collapse completely, but also face a huge amount of debt.

And all this originated from one's own selfishness.

If it wasn't for taking the villa given to Ye Chen by the Wang family, how could Xiao Changkun and Xiao Churan, the father and daughter, have broken up with him?

If Xiao Chorun hadn't left the Xiao Clan, how could the Emperor's Group turn against the Xiao Clan?

The eldest son, Xiao Changqian, is also on the verge of collapse.

The family business is in danger, the daughter has lost her happiness, the son has lost his future, and he has been humiliated by Ye Chen, a trash...

He was now tempted to do something, to save the tide, but he couldn't find half the light.

Xiao Weiwei had been crying since she came back, crying to tear his heart apart and make him feel bad.

He couldn't help but ask Old Mrs. Xiao, "Mom, is there no hope for the Xiao family in the future, in the future?"

Old Mrs. Xiao shed two lines of muddy tears and said painfully, "There's nothing we can do Chang Qian, if the company doesn't declare bankruptcy and collapse, the subsequent debts will crush us."

Xiao Changqian choked, "Mom, can you look for old friends from the past and see who can invest a sum of money in the Xiao Clan to tide us over?"

"Investment?" Old Mrs. Xiao laughed bitterly, "Now that the Di Hao Group has blocked us, who would dare to invest in our money? Those old friends who used to avoid me and don't even pick up my phone calls now, I've come to understand that there are no friends in this world. All there is is profit!"

Xiao Hailong said in an urn, "Grandmother, if there are no friends and only interests, how come that trash Ye Chen can make friends with so many big people, and those big people are giving him so much face, calling out Master Ye one by one? What benefits can Ye Chen bring to them?"

I've heard that the reason why these big shots are so polite to him is because he can tell fortunes and read faces. Distinction!"

Xiao Hailong was puzzled and asked, "Then why do so many big names believe in him?"

Old Mrs. Xiao said, "Believe him because he hasn't been seen to be flawed, this kind of person is like those qigong masters and taiji masters back then, one by one, they are especially good at bluffing everyone, but then turn around and when everyone comes to their senses, won't all these people turn into liars that everyone cries out for?"

At this point, the old lady said with a cold expression, "In my opinion, it won't be long before Ye Chen will reveal his flaw, and then these big shots will definitely flay him alive and feed him to the dogs when they know they've been played by him!"

Xiao Hailong said with an expectant face, "I can't wait!! I can't wait to see Ye Chen being chopped up and fed to the dogs!"

Old Mrs. Xiao said with a grumbling face, "It will! Don't worry, there will be that day!"

335

Just when the Xiao family was crying and cursing Ye Chen, two Rolls Royces slowly stopped at the entrance of the Xiao family villa.

Immediately, six black-clothed bodyguards came down from the two cars, and one of them [Smoke and Red Dust Novel www.yyhc.info] opened the back door of the car behind it, and a middle-aged man of about fifty years old came out of the car.

The man was very gorgeous, dressed in a top-notch suit handmade in England, and looked quite a bit like a pie.

As soon as the middle-aged man got out of the car, he held a thick genealogy of the Xiao family and asked the assistant beside him, "Is this the Jinling Xiao family?"

The assistant nodded and said, "Back to Mr. Xiao, I've already confirmed from the civil system that this is the Jinling Xiao family."

"Mm." The middle-aged man nodded and looked at the Xiao family and lamented, "I didn't expect the Xiao family here in Jinling to look so downtrodden, it's really a poor relative."

The assistant hurriedly said, "Mr. Xiao, why don't we don't go, it's quite annoying to get these poor people involved."

The middle-aged man waved his hand slightly and said, "The Xiao family of the Jinling lineage, although it has been out of five services with our family, but according to my father, during the war, when the Jinling Xiao family saved his life, he had always found them before he died and thanked them face to face, but has been paralyzed in bed, no chance to come over, I said whatever I had to come over for him to fulfill this pile of wishes, by the way to sort out the genealogy of the old ancestors, write their lineage in as well."

The assistant asked curiously, "Mr. Xiao, what's the story of this history you're talking about?"

The middle-aged man said, "Back then the Xiao family was still very big, the whole family lived in one village, then the devils came and the war broke out, everyone scattered and fled for their lives, my father and the ancestor of this family were distant

cousins, the two of them fled for their lives together, my father was hit by a stray bullet and almost died, it was the old man of their family who carried my father and fled out."

The assistant then exclaimed, "So there's such a relationship."

"Yeah."The middle-aged man sighed and said, "Okay, Ma San, you go knock on the door!"

In the house of the Xiao family, a large family was sitting together, sobbing and crying, suddenly heard the doorbell ring, Xiao Chang Qian hurriedly wiped his tears and walked to the courtyard to open the door.

Seeing a middle-aged man standing outside the door who was a few years older than himself and arrogant in appearance, and seeing that he had six bodyguards with him, with two Leslie's parked behind him, he knew he was a big man, so he couldn't help but ask, "Who are you looking for?"

The middle-aged man smiled slightly and asked him, "Are you a descendant of the Xiao family?"

Xiao Chang Qian nodded subconsciously, "Yes, my surname is Xiao, what's wrong?"

The middle-aged man introduced himself, "Hello, my name is Xiao Yiqian, the head of the Xiao family in Yanjing."

"The Yanjing Xiao family?"Xiao Changqian was surprised and asked, "What does it mean?Why haven't you heard?"

The middle-aged man smiled, "Our ancestors are one family, and we are also considered distant relatives, my father and your father, should be distant relatives, so they are considered relatives when they come to us."

Xiao Chang Qian was surprised and asked, "You are also a member of the Xiao family?"

"Right."Xiao Yiqian nodded and said, "This time, I came over to visit, mainly because I was entrusted by my father before his death to come to your house to thank your old man in person, and in addition, I hope to get to know you guys, and we will contact each other more in the future."

Saying that, he pulled out a business card and handed it to Xiao Chang Qian, "This is my humble business card."

Xiao Changqian received the business card and was stunned after one look.

Xiao Yiqian, the chairman of the Qiancheng Group?

This Qiancheng Group is a very famous listed group!

Xiao Changqian was delighted and hurriedly said, "Oh my, it's Xiao Dong, I've heard a lot about him, I've heard a lot about him!"

After saying that, he hurriedly explained, "Xiao Dong, I wonder what is the origin of your father and my father? My father, his old man, had already driven the crane west more than three years ago."

Xiao Yiqian sighed and said, "Oh, that's really unfortunate, my father also just left last year, and before he left, he was talking about wanting to see his savior, but I didn't expect that his savior would be one step ahead of him."

336

At this point, Xiao Yiqian said with emotion, "I guess this old brother and sister have been apart for decades, and they might have met again over there."

Xiao Changqian nodded repeatedly and said humbly, "Xiao Dong, please come in and sit down."

Xiao Yiqian gave a hmmm and smiled, "I'm sorry to bother you then!"

"No interruption, no interruption!"

Xiao Changqian hurriedly ushered Xiao Yiqian into the door, across the courtyard and into the living room, and he hurriedly said to Old Mrs. Xiao, "Mom! The chairman of Yanjing Qiancheng Group, Chairman Xiao Yiqian is here!"

Old Mrs. Xiao was in shock!

Himshin Group?

It's a famous A-share listed group!

How did the chairman of their family find his way to their home?

Although she was very confused, she was very excited to get up to greet her and spoke, "Oops! Welcome to Chairman Xiao's grand visit, please forgive me for being so far away from welcoming you, old lady!"

"Where where where!" Xiao Yiqian smiled and slightly arched his hand, suddenly glancing at Xiao Weiwei who had just cried for a long time on the side, her eyes red and

heartbroken, this glance over, suddenly felt, this girl was born beautiful and pitiful, it really made him feel I see pity, his heart could not help but move a little.

Xiao Weiwei was in a state of collapse inside at this time, and did not notice that this new guest in the house was quietly sizing herself up with his greedy gaze.

As Old Mrs. Xiao invited Xiao Yiqian to sit on the table at this time, she couldn't conceal her excitement as she said, "I never thought that Xiao Dong would come to our home, it really makes us humble."

"You're very kind." Xiao Yiqian smiled and said, "You must be the old lady of the Xiao family, right?"

Old Mrs. Xiao panicked and said, "Just call me Old Mrs. Xiao, Xiao Dong, you don't have to be so polite."

Xiao Yiqian nodded and said, "I came this time ah, because of one of my father's last wishes."

Saying that, he told his father, and the old man of the Xiao family about the past years.

The Xiao family's ancestors were in a small mountain village in the Southern Canton Province, that village was almost all families with the surname Xiao, belonging to a large family that had developed for hundreds of years, because the branches were too big, and when it developed to the scale of thousands of people back then, most of them were already out of five suits, and the blood relationship was also very weak, and could not even be called a blood relationship anymore.

At that time, Xiao Yiqian's father and the old man were both still teenage boys, and they were barely relatives for seven or eight generations, but their personal friendship was very good, and they were considered to be lifelong friends.

Xiao Yiqian's father was fortunate that Xiao's father never left him, so he was able to save his life.

Later, they were separated in the war and never found each other.

Xiao Yiqian's father still thought about this matter until his death, so he instructed Xiao Yiqian to find a way to find his benefactor and come over to express his gratitude.

However, Xiao Yiqian didn't take it seriously, although he promised his old man, but after his old man left, he put it behind his mind.

Only a few days ago, he had recurring nightmares about the old man coming back to find him and complaining that he didn't keep his word, he then asked a fortune

teller to look at it, and the master said that the old man's last wish was strong, and if he didn't fulfill it for him, he was afraid that he would still come to find him in his dreams.

It was only then that Xiao Yiqian spent money to hire people to look around and found clues about the Jinling Xiao family.

After hearing about this, Old Mrs. Xiao was so excited that she was about to cry.

This is truly a village at the end of the road!

The Qiancheng Group is a listed group with a market capitalization of ten billion dollars, and I'm afraid Xiao Yiqian could help the Xiao family to survive by the stroke of a pen!

337

Thinking of this, Mrs. Xiao couldn't hold back her excitement and said to Xiao Yiqian, "Oh Xiao Dong, your father is really a good man who knows how to repay his kindness. After all these years, he still remembers so clearly!"

Xiao Yiqian nodded his head and exclaimed, "After all, it is a life-saving gift, and my father has never forgotten it for so many years.

After saying that, Xiao Yiqian pulled out a red high-grade jewelry box from his pocket and handed it to Old Lady Xiao, saying, "My father saved money and instructed me to deliver this item to Master Xiao, but Master Xiao has also driven his crane west, so I will give it to you."

Old Mrs. Xiao thought it was to repay her kindness, so she gave herself some strange treasure, excitedly received it, and opened it up to be confused.

It was a rusty bullet head?

What the fuck is this?

Old Mrs. Xiao was incomparably confused and looked at Xiao Yiqian, "Xiao Dong, this is"

Xiao Yiqian hurriedly said, "This is the bullet that the devil shot into my father's leg back then, back then it was Master Xiao who dug it out for him with a red-hot knife, my grandfather has been carrying it close to him, and before he left, he asked me to give it to Master Xiao as a souvenir."

Old Mrs. Xiao's heart was about to curse her mother.

Stepping on the horse, what the hell?

My old man saved your dad's life and your dad gives him a decades-old bullet as a souvenir?

You guys are so cheap, aren't you? Why do you always say "repay the kindness"?

It's not worth a penny and it's been in a human body. It's creepy. What the hell are you giving me this for? Why don't you give us \$18 million to tide us over?

Thinking of this, Old Mrs. Xiao said with a sorrowful face, "I never thought your father would be such a compassionate and righteous person, if he knew that our Xiao family is now experiencing calamity, I'm sure he would definitely give a helping hand, right?"

The company's main business is to provide a wide range of products and services to its customers.

However, he was, after all, here to help the old man pay back his wish, so he didn't want to be too unkind, so he asked along with the situation, "Old Madam Xiao, I wonder what calamity is happening to your family right now?"

Old Mrs. Xiao hurriedly said, "We ourselves have a company that mainly does renovation projects, called Xiao's Group, and we were running a very prosperous business, but now we're having a little problem with the capital chain and are on the verge of bankruptcy, and we're looking to finance a capital"

Xiao Yiqian nodded his head and said with a smile, "Old Madam Xiao is a blessed person at a glance, don't worry, I'm sure the Xiao family will be able to turn good fortune into good fortune!"

After hearing this, Old Mrs. Xiao really wanted to curse her mother.

I'm saying this because I want you to hold a grateful heart and take some money out as a gesture, not to look at the face of the monk, not to look at the face of Buddha, but also to look at the face of your dead father's life, right?

But you told me that your face is lucky and you can turn good fortune into evil?

If you weren't so noble, I'd wedge a chair in your face!

At this point, Xiao Yiqian couldn't help but look at Xiao Weiwei, who seemed to have lost her mind, then smiled and said to Old Madam Xiao, "Old Madam, you haven't introduced these other ones yet?"

With a quick glance, Old Lady Xiao Yiqian seemed to have a bit of a crush on Xiao Weiwei.

Suddenly, she seemed to have found a straw to save her life.

338

Thinking of this, she hurriedly introduced Xiao Changqian first and said, "This is my eldest son, Xiao Changqian."

Xiao Yiqian nodded his head to Xiao Changqian, but his attitude seemed to be unconcerned about him.

The old lady introduced Xiao Hailong again and said, "Xiao Dong, this is my grandson, Xiao Hailong."

Xiao Hailong looked like he was kneeling and said in a panic, "Hello, Xiao Dong! Please take care of me in the future."

Xiao Yiqian coped with a couple of hmmm's, before the old lady introduced Xiao Weiwei, and his eyes had already run to Xiao Wei's body.

At this time, Old Lady Xiao smiled inscrutably before introducing Xiao Weiwei and said, "Xiao Dong, this, is my granddaughter, Xiao Weiwei."

Xiao Yiqian was suddenly relieved.

When he first came to the Xiao family, he was worried that Xiao Weiwei would be Xiao Hailong's wife, then it seemed like he wouldn't have much of a chance to make a move.

But once he heard that she was also a member of the Xiao family, Xiao Yiqian's heart suddenly came alive.

Although Xiao Weiwei was not considered a stunning beauty, she could definitely be considered middle or even first class, otherwise, Wang Yunfei of the Wang family would not have been able to look at her.

Unfortunately, Xiao Weiwei had been pressured by Xiao Churan, a top-notch superb beauty, so she couldn't quite appear to be in the Xiao family or in Jinling.

But now that Xiao Churan wasn't there, and Xiao Weiwei had just cried, her eyes and nose were red, which really could make a man feel in his heart that he expected to take care of her and protect her.

Old Mrs. Xiao could see that Xiao Yiqian had ill intentions towards Xiao Weiwei, so she hurriedly said, "Xiao Dong, Weiwei is 24 this year and still doesn't have a boyfriend, if there is a suitable young talent around Xiao Dong, he can introduce her to Weiwei."

She didn't really want Xiao Yiqian to introduce Xiao Weiwei to someone, she was just telling Xiao Yiqian in disguise, this granddaughter of mine is currently single, you have a chance if you want!

Xiao Yiqian was indeed tempted.

He was old, his wife was also old, and he had already lost interest in her.

Moreover, he had come to Jinling this time, and it happened that his wife was not around, so he could play casually, so if he could take this opportunity to have a quickie with Xiao Weiwei, it would indeed be a beautiful thing on earth.

Thinking of this, he took the initiative to extend his hand to Xiao Weiwei and said with a smile, "Miss Weiwei is so beautiful, how come she doesn't have a boyfriend yet?"

It was fine not to say this, but as soon as she said this, Xiao Weiwei's eyes reddened and she shed two lines of tears again.

She was dying of distress in her heart.

The Xiao family is now no good, all of their good expectations are reduced to a bubble, Wang Yunfei is now looking at himself like a plague god, can't hide, don't tell me to marry into the Wang family, even if you ask him to have a breakup shoot, I'm afraid he won't even look at himself.

The first thing you need to do is to get your hands on the cousin Xiao Churan, who is so miserable that she's like a fish in water, and so many big names have gone over to celebrate her opening.

When Xiao Yiqian saw that Xiao Weiwei was crying, he felt a few heartbreaks and hurriedly said, "Oh my, what's wrong with Miss Weiwei? Why are you crying?"

The company has been in trouble for a long time. Weiwei, who is deeply attached to the company and feels uncomfortable, has been begging me for two days to try to save the company, but I'm an old woman. So I have no choice but to watch this precious granddaughter of mine cry in distress."

Xiao Yiqian immediately thought nothing of it and said to Xiao Weiwei, "Miss Weiwei, if you need anything, you can talk to me! Someone from Xiao is still somewhat capable, so maybe he can help you?"

339

Xiao Yiqian suddenly said that he could help, making Old Mrs. Xiao overjoyed.

However, Xiao Weiwei's heart was not happy at all.

Her focus was not on the Xiao Group at all.

Eventually, she didn't really care about the death of the Xiao Group.

She just wanted to complete her life's backlash, marry a rich gentleman, then become a rich wife that everyone envied, and then take the pinnacle of her life.

That way, the Xiao Clan was just her mother's family's property, what did it have to do with her?

What saddened her the most now was Wang Yunfei's desperate love for her and her confusion about her future.

As for how Xiao's group was doing, she didn't care.

Once Old Mrs. Xiao saw that she was indifferent, she hurriedly pushed her and said, "Weiwei, what are you waiting for? Hurry up and thank Xiao Dong ah!"

Vivian Shaw froze, looked up and said, "Thank you for what?"

Old Mrs. Xiao said in exasperation, "Of course it's thanks to Dong Xiao for being willing to help the Xiao Clan ah! Are you stupid?"

Xiao Weiwei said off the cuff, "I'm concerned about Brother Yun Fei and my life's work, not any Xiao Clan!"

"Bastard!" Old Mrs. Xiao was furious and raised her hand and slapped Xiao Weiwei.

At this time, Old Mrs. Xiao cursed angrily in her heart: "I'm almost worried about the future of the Xiao Group, and you're still thinking about that dog bastard Wang Yunfei here? I'm so pissed off! Why don't you do anything at all to help me share my worries! What a waste!"

Xiao Weiwei suddenly received a slap and looked at the old lady in stunned silence, whirling around and crying, "You're sick! What are you hitting me for? What does the Shaw Group have to do with me? I don't work for the Shaw Group! If you have the ability to beat me, why don't you go beat that bitch Xiao Chorán!"

Old Mrs. Xiao was stunned!

Never in her wildest dreams would she have thought that Xiao Weiwei would dare to disobey her!

She was about to storm out in anger, but Xiao Weiwei just turned her head and ran away.

This

Old Mrs. Xiao was so embarrassed that she took off and yelled at Xiao Changqian, "Go and chase her back!"

"Good" Xiao Chang Qian nodded awkwardly, "I'll go after them."

Old Mrs. Xiao said with a guilty face to Xiao Yiqian in front of her, "Xiao Dong, I'm really sorry to have made you see a joke."

Xiao Yiqian was also a little embarrassed, he smiled and asked, "I see that Miss Weiwei seems to have been stimulated by something, what's going on?"

"Hey." Old Mrs. Xiao sighed and said, "Forget about it, we blame our Xiao family's misfortune for recruiting a despicable and nasty door-to-door son-in-law."

The old lady then told all about how Ye Chen had flung Xiao Chorán away from the Xiao family, causing the Xiao family to fall into trouble, and even causing the Wang family to withdraw from Xiao Weiwei's marriage.

However, the old lady could not say that.

The version that came out of the old lady's mouth, all the fault lay with the unfilial son, Xiao Changkun's family of four, they were the ones who betrayed the family, the bloodline, and they even forced the old lady to kneel down and beg.

When Xiao Yiqian heard this, he was more or less indignant and exclaimed, "It's too much to have such unworthy sons and grandsons!"

Old Mrs. Xiao wiped her tears, looked at Xiao Yiqian and begged, "Dong Xiao, you are the chairman of the Qiancheng Group, if you can help us, our Xiao family will definitely be able to make a comeback."

340

"Oh my" Xiao Yiqian smiled awkwardly and said, "Well, to be honest, it's very prudent to invest in such things, I first need to know the specific situation of the Xiao company to see if there is any investment value, how much to invest and how long it will take to return my capital, so that I can make the decision to invest or not to invest"

Old Mrs. Xiao knows very well that the Xiao Group is a mess right now, and if it really depends on the circumstances, no one will invest.

How to invest? It's useless to invest tens of millions of dollars in the Xiao Group, after the Emperor's Group doesn't cooperate with the Xiao Group, everyone doesn't treat the Xiao Group very well.

The Xiao Group itself is doing the renovation project, this kind of business needs others to give them work, if everyone does not give him work, he can only be idle.

So, normally, no one would invest in the Xiao Group, unless they are fools who have money and no place to spend it.

Xiao Yiqian was extremely shrewd at a glance, and would never be willing to help for nothing unless there was enough return for him to shell out money.

Old Mrs. Xiao pondered in her heart for a moment, then she said to Xiao Yiqian, "Xiao Dong, how about this, you are also new to Jinling, we are a family, your father and my husband also have an origin, we should have more understanding and interaction, why don't we invite you to stay at home for a few days?"

Xiao Yiqian's mind moved, busy asking, "Well, I'm an outsider, is it convenient for me to stay at home? After all, Miss Vivian isn't out of the house yet."

In fact, an old fox like Xiao Yiqian was very clear about his motives, so he spoke with great technical skill.

If he directly asked, whether Xiao Weiwei lives here or not, then it would immediately appear to be Sima's heart.

If he were to put it another way and ask if it would affect Xiao Weiwei if I lived here, then that would be very technical.

If the old lady said, don't worry, Vivian doesn't live here, it won't have any effect, then she would just politely decline.

If the old lady said, don't worry, it's all her own family, it won't have any effect on Weiwei, then it's proof that Xiao Weiwei also lives here, so she'll just go along with it.

Old Madam Xiao was also a human being, how could she not know Xiao Yiqian's motives?

The reason why she invited him to stay at her home for a few days was to properly persuade and convince Xiao Weiwei to find an opportunity to get closer to Xiao Yiqian.

Her wishful plan was very good, because then she would definitely be able to get Xiao Yiqian to invest in the Xiao family.

After all, Xiao Yiqian was the chairman of a listed group, and if he were to invest in the Xiao family, not only would he be able to solve the money problem, but he would also bring a strong enough background to the Xiao family, and by then, the Xiao family would be able to come back from the dead and create a new glory!

So, she smilingly said, "Xiao Dong you can rest assured, Vivi, this girl is actually very sensible, and she definitely welcomes Xiao Dong to live in the house, besides, our house is a bit old, but it's a single-family house anyway, so outsiders won't know that you live here."

Xiao Yiqian was suddenly relieved, nodded and said, "Then I will respectfully follow your order! It just so happens that I still have some business to discuss in Jinling these days, and by the way I can get to know your side better before I consider whether to invest in you."

"Good!" Old Mrs. Xiao smiled with excitement, "That's really great, I'll have someone go and clean up the guest room."

Saying that, Old Mrs. Xiao lowered her voice and said, "Xiao Dong, to tell you the truth, your guest room is just across the street from Wei Wei's room, if you have any needs, you can look for her."

Xiao Yiqian was so excited.

Great!

This old lady is really something!

Although he was rich and had no shortage of women, it would be easy for his wife to know if he messed around outside.

However, living in the Xiao family, if you could get involved with Vivian Xiao, then there was absolutely no need to worry that your wife would know.

After all, in her eyes, this was her own family, and she was here to fulfill her father's last wish, so she would definitely suspect!

It's absolutely perfect for a sneak peek!
