Chapter 221

Jane didn't care about the text she received. Just as she was about to put her phone back into her pocket, another anonymous message suddenly appeared.

"I miss you."

Jane felt her heart thump, a bad feeling slowly creeping into her heart like a vine entangling her.

She stood there for a long time; her mind was blank. She took a deep breath and block the number in a hurry, but her heart is still in a mess, feeling very uncomfortable.

Probably the same as the one just now, it was sent by mistake. She consoled herself.

She put the phone away but suddenly felt a chill behind her back. She wrapped her coat and hurried

home.

Campbell Building, top floor....

Dominic stood in front of the floor-to-ceiling windows, overlooking the bustling traffic below, his brows were lightly furrowed, and a hint of coldness flashed across his deep eyes.

"Master," Henry knocked on the door and came in, reporting in a low voice, "Dr. Green's residence has been arranged properly, and he will report to the Medical Research Center today."

"Okay," Dominic responded lightly.

"Although Dr. Green is a surgeon because he also has some research results in psychiatry and psychology, the medical center hopes that he can also attend consultations at ordinary times."

“Also, as soon as he arrived in Central City yesterday afternoon, he met Miss Linda.” Henry continued in a lighter tone, “Miss Linda’s mood has improved a lot.”

Dominic’s frowning brows slowly relaxed.

“That’s

good.” He said in a deep voice, looking back at Henry. “Jane suspects that Linda’s fainting in the mall has something to do with Eric Koller.”

“But...” Henry was puzzled, “We have adjusted the surveillance video, and Eric was not with her at that time.”

Dominic narrowed his eyes and didn’t speak for a long time as he think. Then he come to a conclusion and spoke audibly, “Maybe the problem lies in the process of their usual relationship...”

“Master, what do you mean?”

“If the two of them are really in a relationship, then there must be messages sent to each other on the phone.” Dominic looked indifferent, “But Linda won’t show me her phone, so you have to find a way to get Eric Koller’s phone!”

“Yes, I understand!” Henry nodded with firm affirmation.

Dominie sat back behind the large desk.

The calendar reminded him that there was half a month before his Auni Sarah’s birthday party.

"What?"

“Tom Cruise, I can’t sign him anymore.”

Aaron’s mind went blank, and he suddenly had the urge to pick up a kitchen knife and chop him.

A few seconds later, Jane and Kate heard a sound of ping pong pong sound coming from the kitchen...

“Dominic Campbell, you little!” Aaron picked up the spoon and was about to hit him, “I tried 300 f ucking lipsticks, 300!”

“You said you would sign Tom Cruise for me!”

“You little brat!”

Really, how could anyone dare to play him like this when he sacrificed a lot for that person to be signed?!

Dominic picked up the spatula, fought him a few times, and finally subdued him, but he was also cornered.

“Okay, don’t make too much noise!” He said in a deep voice, holding back his laughter, trying to make himself serious, “Do you think you have the temperament of a gangster now? You are simply an unreasonable guy!”

“You...” Aaron’s eyes widened.

“You think I want him to sign with Pursuit Media?” Dominic’s face darkened.

Tom signed a contract with Pursuit, and naturally received a top-notch treatment. Maybe Delnie asked her senior assistant to act as his agent to show her sincerity..

Dominic clenched his fist, how could he let Jane he surrounded by this man every day?

Aaron calmed down, looked at him, and asked softly, “What do you mean?”

Dominic pursed his lips, “I have followed my mother’s wishes and used all means of relations to sign Tom Cruise here. But the credit goes to Jane.”

“Oh, I knew it!” Aaron rolled his eyes, “You really do everything you can to please your woman!”

Chapter 221

“The person signed it, but I didn’t say to give him the resources.”

“Huh?”

“Anyway,” Dominic’s eyes darkened, “I won’t let him show off too much!”

Aaron is a smart person, so he quickly turned this corner.

It’s probably due to this unreasonable young master’s jealousy and possessive desire.

“Oh,” he laughed horribly. “You want me to plot against this biggest blockbuster king with you? Don’t

wanna give him resources at a ”

Dominic glanced at him.

That meaning seems to say: to do it, or not to do it?

Anyway, if you are a brother of mine, you must stand by my side and work with me!

Aaron can see the well meaning in his eyes, and snorted lightly, “Do you know what background that Tom Cruise has?”

My Husband Is A Secret Billionaire By Wiuu Chapter 222

Chapter 222

Jominic is not the least bit interested in Tom Cruise’s background.

With an indifferent expression, he threw the spatula in his hand on the table with a clatter, folded his arms around his chest, and stood leaning against the wall, his dark black pupils revealing inkknown emotions.

Aaron continued: “It is said that Tom Cruise is from HK City, and his family has a lot of connections with the military forces there. His achievements are inseparable from his personal efforts, but if it weren’t for the forces behind him, he wouldn’t be able to become popular so quickly, that’s the

point!”

Dominic glanced at him, remained silent, and said after a while, “What kind of trashy background is hat...”

Aaron could smell his jealousy from miles away.

“I just want you to know.” Aaron suppressed a smile, “Only by knowing yourself and your enemy can you stand a chance of winning! If you want to deal with him, why don’t you find out his details first?”

“I don’t care what his background is,” Dominic sneered, “In Central City, I have the final say!”

“Hey, you have the final say? Then Mr. Campbell, please go buy a pack of cigarettes now?”

“I don’t know if you can decide on this matter?”

“Aaron Wilson!” Dominic’s expression changed, and he growled while gnashing his teeth.

Aaron made an expression that wanted to laugh but couldn’t bear to laugh at him, waved his hand, and continued busying himself: cutting potatoes and picking carrots off the food,

Who was reluctant to give him half a pack of cigarettes back then?

Chapter 222

Henry's mind went blank, and he tried his best to force out a stiff smile.

The next second, his brain cramped, and he slammed the car door shut again!

The sound insulation of Rolls–Royce cars is top–notch.

However, when Henry ran away like fleeing for his life, he still heard a roar coming from the car-

“Henry Finn!”

When Jane took Dominic’s arm and walked into the banquet hall gracefully, everyone turned their amazed eyes on the two of them.

Everyone speculates and discusses, including jealousy and criticisms.

But Jane always had a smile on her face, an elegant demeanour, and a calm and collected person, becoming more and more like a young mistress of the Campbell family.

Dominic went to entertain the male guests, Sarah volunteered to take Jane’s slender hand. As she took her hand, she looked at Dominic and told him with a reassuring smile, “Don’t worry, your sweetheart is by my side, I promise not to let her suffer any grievances!”

“Thank you, Aunt Sarah.” Dominic smiled.

Jane also chuckled at him, and the atmosphere of the banquet made her more and more relaxed.

She followed Aunt Sarah, met many people, drank a little red wine, and her face became hot.

Sarah is a good drinker, so she has been blocking the drink for her.

“It’s so strange.” Some people whispered, “What is this Miss Fallon’s background? She was even served and brought by Mrs. Campbell’s family so carefully?”

“Heh, maybe the eldest lady is just trying to please her stepson!” A shrill voice sounded, with a mocking smile, “After all, a nouveau riche, if you don’t please them, how can she hang out in the upper–class circle?”

My Husband Is A Secret Billionaire By Wiuu Chapter 223

Chapter 223

Jane followed the voice and looked over.

She saw Fiona wearing a golden tube top dress, swaggering in the crowd.

Miranda Yeager, who was standing not far away, had a playful look in her eyes, appreciating the good show.

“So, what about Mrs. Campbell’s family? She’s just an upstart! Who in Central City doesn’t know that Hastings’ family sells their daughter for reputation? Hahaha...”

Sarah’s expression changed immediately when she heard the commotion there. Many guests also heard this kind of discussion, showing complicated expressions.

Compared with the other big families, the Hastings family does not have too deep of family heritage. However, the Hastings family is rich and powerful. Apart from the agricultural business, they are also relentless in buying land and building buildings everywhere.

No one in the upper class would dare to look down on the Hastings family, and no one would talk about the word upstart....

Jane looked over there, and Fiona’s triumphant expression looked like a fool.

She concluded that Fiona was being used as a gun again.

Jane feels nothing when she looks at her. Although she has no blood relationship with Fiona, she had

a relationship with Fallon’s family for more than 20 years.

“Aunt Sarah...” She felt apologetic, “Don’t listen to her, she...”

“Is she your sister?” Sarah looked calm.

Before she could answer, Fiona came over and waved at Jane exaggeratedly.

“Oh, lil sister! So, you’re here too?”

Jane had no choice but to look at her.

Someone around whispered: "Oh, these two sisters are good enough. I don't know what method they used to hook up with the two young masters of the Campbell family!"

"But it's not a certain thing yet whether they can marry into the Campbell family."

"The eldest lady has an unusual attitude towards that Miss Fallon just now, because of the face of the third young master... Now that she knows her relationship with this girl who just came, I'm afraid she won't like her anymore."

Jane's heart tightened, and she was about to take her hand away from Sarah's hand, but she pulled her even tighter.

Sarah looked at her and smiled lightly, with the same love as always in her eyes.

"On this kind of occasion, there are a lot of people who gossip." Sarah said in a low voice, "The more people talk like this, the more we can't let it go like this! Otherwise, some villains will really think that they have achieved their goals."

"Aunt Sarah..." A warm feeling surged into Jane's heart.

"Well, that's right!" Sarah patted her on the shoulder.

Like Deinie, she is also a woman with clear love and hate.

Jane felt lucky. He thought Dominic's two mothers were difficult to deal with,
but who knew they were such easy-going people.

After finishing her makeup, Sarah smiled at Jane. "I have a few business
friends in a while. I have to meet them. Because it's from the Hastings family,
it's not convenient to take you...

"It's okay!" Jane said hurriedly, "I'm not a child, I can take care of myself."

"I originally planned to let Linda accompany you, but who knew that she will wound her head before this party and is still resting at home today!"

Jane's heart trembled when she thought of Linda's pale face and timid appearance.

At this time, someone knocked on the door, and Aunt Cen walked in with a smile on her face. After saying hello to Sarah she walked to Jane's side.

"The young master told me that Miss Linda can't accompany you, so he asked this old lady to come!"

Jane nodded.

Sarah went out to meet the guests, Jane lazily leaned on the sofa, with a thoughtful expression.

"Miss Fallon," Aunt Cen asked her with a smile, "won't you go back to the banquet?"

"I don't really w

to go..."

"Is it because the young master is not by your side, so Miss Fallon doesn't find this banquet interesting anymore?"

"Aunt Cen!" Jane blushed and smiled embarrassedly.

"Young people are so nice." Aunt Cen smiled all over her face, "Miss Fallon, you and the young master are only short of a child right now! How about the soup I made for you these two days?"

Before the words were finished, suddenly there was movement outside, as if someone was trying to open the door of the lounge.

And Jane is in the inner room of the suite.

She was taken aback and motioned for Aunt Cen to take a look.

"It might be Miss Yeager." Aunt Cen frowned, "I met her in the corridor when I came just now. Just wait, I'll find the young master!"

“No need.” Jane collected herself and looked around.

She thought, if it was Miranda, she is definitely here to harass her, so she had to find a way to protect herself.

But this is a high-end hotel suite, and it is impossible to have any monitoring devices in the room.

She bit her lip when she heard voices outside again.

“Miss Yeager, why are you standing here?”

My Husband Is A Secret Billionaire By Wiuu Chapter 224

Chapter 224

Miranda froze for a moment, then turned around.

“Oh, it’s the manager.” She smiled unnaturally, “The lady said she missed a piece of jewellery and asked me to come and pick it up. But I don’t have a room card.

“It’s okay, I have a spare room card.” The manager had smiled all over his face, and immediately took out the room card and opened the door.

Jane winked at Aunt Cen and told her to hide in the closet.

Aunt Cen complied immediately.

She is thin and small, although she is old, her legs and feet are very flexible, and she got into the big wardrobe in no time.

The next moment, Miranda really walked in.

Looking up, she saw Jane standing there and there was no one else around, which was just enough for Miranda’s scheming that she planned.

“Miss Yeager.” Jane smiled, “Did you also come here to rest?”

Miranda replied flatly. “Yes.”

“But this is Aunt Sarah’s exclusive room.” Jane was neither humble nor overbearing, “You want to rest here, shouldn’t you ask her permission first?”

Miranda clenched her fists and stared at Jane closely.

Just now Fiona used the words of nouveau riche to humiliate Sarah and not only she failed but was also kicked out of the hotel by Sarah.

She's really useless!

The original plan to slap her own face can't be done, Fiona can't do it.

But Miranda was still unwilling to let Jane go tonight. She wanted her to make a fool of herself in front of everyone.

"Exclusive for Aunt Sarah?" Miranda raised her eyebrows, and went to the bar to pour a glass of water, "Oh, aren't you here too?"

"The way we came in is different." Jane said softly, "I was brought in by Aunt Sarah, but you..."

Jane looked at the spare room card in her hand and smiled meaningfully.

At the same time, he turned his gaze to Jane.

Dominic was most worried about Jane.

He walked through the crowd to Jane's side, his big hands tightly wrapped around her thin shoulders, and his warm chest pressed against her.

Jane smiled at him with a calm expression.

"I know you won't hit her." He whispered in her ear, "But this matter... is a bit troublesome."

Jane paused, seeing several elders comforting Miranda Yeager.

It must be from the Yeager family.

Those people were full of anger as they looked at Dominic with serious faces.

"Third young master." One of the elders said, "No matter what relationship you have with the lady next to you if she hits Miranda, it's like hitting my Yeager family in the face!"

"I don't think the third young master will let her go easily, will he?"

Dominic's eyes darkened, and the smile didn't reach his eyes, "What does Uncle want me to do?"

"What else can you do?" Another woman said angrily. "If she slapped Miranda of course, we have to fight back! If you slap a few times, this young lady will also have to suffer a few slaps! That's only fair!"

Dominic took a step forward and his tall body blocked Jane tightly.

The aura without anger and prestige was so oppressive that those members of the Yeager family didn't dare to say any more.

"You hit me and I'll pay you back... Heh, does Auntie think this is child's play?"

His deep voice revealed majesty, "You haven't figured out what really happened to this matter, so you just jump to conclusions like this?"

"Our girl has been beaten like this, how can things not be clear!"

"Yes! Miss Fallon next to you has always regarded Miranda as a thorn in her side. It is not surprising that she can do such a thing!"

"If the third young master can't give an explanation," the elder looked seriously, "I'm afraid I have to disturb the old man tonight!"

"Everyone," a soft voice suddenly broke the hustle and bustle, "Do you really think I hit Miss Yeager?"

Jane stood up with a smile on her face, calm and indifferent.

Dominic was taken aback and was about to hold her little hand to tell her not to worry about it, but Jane shook her head at him.

"I will solve this alone." Jane enunciated clearly, "Since you think I beat that woman, don't ask the third young master for an explanation. Wouldn't it be better to come to me directly?"

you.

Dominic looked at her worriedly and secretly asked Henry to make arrangements. "Don't let the people of the Yeager family leave. Take them and talk to them about the conditions I will tell if they can't be negotiated,

make sure to eliminate the influence of this matter. At least we can't let them talk in front of Grandpa!"

"But young master." Henry said in a low voice, "it's obvious that Miranda Yeager framed Miss Fallon!"

Dominic gritted his teeth, "Things have already happened at this point, first find a way to appease them... and then deal with them!"

"Yes." Henry nodded.

At this time, the elder's voice sounded again, and he looked at Jane with a trace of sarcasm: "Oh, I don't know how Miss Fallon wants to do things by herself?"

"I want to ask Uncle Yeager first." Jane smiled lightly. "If I didn't hit that woman, what kind of explanation will the Yeager family plan to give me?"

"The fact is right in front of you, and you still want to deny it?" Frederic Yeager said angrily.

but

He is the head of the Yeager family. He has been in the industry for many years, and even his elder brother Stefan Yeager has to show respect when he sees him.

He never put anyone in his eyes, but the young girl in front of him had an extraordinary temperament, and she didn't show any timidity in front of him.

Frederic narrowed his eyes, it seemed that Miranda was no match for this girl at all.

Then we must take this opportunity to drive this woman away from Dominic's side!

Frederic knew that Miranda had most likely directed and acted on this matter, but for the benefit of the Yeager family, he had to make a big fuss about it.

It must be so big that the old Benedict Campbell will be alarmed so the old man of the Campbell family could justifiably drive away this woman and keep Yeager's and Campbell's marriage.

“Oh, you still want to explain?” Frederic sneered, “I’ve seen a lot of women like you who do whatever it takes to achieve your goals! You pester the third young master and regard our Miranda as a thorn in your side, so of course you will spare no effort to target her!”

“First of all, it’s your daughter who sees me as a thorn in the side first, and I don’t like her. This is considered a courtesy.” Jane slightly curled her lips, “But even if I don’t like her, do you think I’d be stupid enough to slap her both ways on this occasion?”

“Besides, even if I did it, I wouldn’t be so stupid as to give her any chance to let her howl here and attract everyone.”

Frederick’s expression darkened.

But he didn't expect him to dare to be so arrogant in front of him!

Miranda blink her eyes and immediately wept pear blossoms with rain. Tears fell on her cheeks, and she wiped them away with her hands so that fingerprints could not be easily detected...

"Dad, Mom, forget it!" Miranda sobbed, "I came to celebrate the eldest lady's birthday with good intentions, but I didn't expect to be tricked here!"

"Dad, Mom! The Yeager family can't afford to lose this person, and neither can I! Let's go back quickly!"

"Miss Fallon...." She pretended to be weak. "I am really sorry for making you angry! I will try not to appear in front of you in the future, okay... But in case I meet you again next time, please don't hit me... It really hurt..."

"Oh, this old lady really can't stand it anymore!"

Suddenly a voice came from the closet.

Everyone looked over there in surprise, only to see Aunt Cen crawling out of the closet.

Jane hurried forward to support her, and Aunt Cen held her hand and smiled softly.

Then she walked up to Miranda and looked at her carefully.

"Miss Yeager, isn't it?" Aunt Cen narrowed her eyes thoughtfully, "Well... don't you look very good with those high cheekbones!"

"Crazy woman!" Miranda immediately changed her face, beckoning the Yeager family's bodyguards to drag Aunt Cen out.

Dominic took a step forward, his piercing eyes swept across them, and the powerful aura shocked

everyone.

"The members of my Campbell family are also the ones you can move?"

The bodyguards didn't dare to make trouble in front of him, and all backed away.

Aunt Cen smiled and handed the phone to Dominic.

"This mobile phone was bought for me by the third young master. It is the latest model and has

many functions!" Aunt Cen said with a smile, "Especially for taking pictures and videos, the clarity is amazing!"

"Third Young Master, Miss Fallon. Open it up and have a look. The one I recorded just now is so wonderful that even TV dramas will be ashamed to compare to this!"

Dominic and Jane looked at each other and were about to start the video, but Aunt Cen stopped her.

"Wait first! Aunt Cen smiled like an old fox, and looked at Frederic, "It's fine to watch the video, but you have to explain clearly first, if my lady didn't hit someone, how do you want to compensate her?"
