Chapter 9

Chapter 9

"I said, Dad isn't home!" Fiona curled her lips proudly. "Dad has long forgotten that you should visit him today! Well, since you're married to that kind of person, do you think Dad will hold a banquet for you? Ha, isn't it embarrassing enough?"

"I don't need any banquet!"

Jane suddenly stood up and stood in front of her. "I want my dowry!"

"Dowry?"

Fiona raised her eyebrows and looked at her with a vicious smile. "What dowry? I've never heard of it!"

Jane was stunned, and her heart was beating very fast.

At that moment, all the grievances and hatred welled up in her heart. She knew that she was humble and that she was born as an illegitimate daughter. But her family background was not something she could choose. Over the years, even in the darkness, she had been working hard to face the sun.

She believed that no normal girl would agree to such an absurd request!

She just wanted to save her mother.

Why was this little bit of hope seized by them?!

Fiona grunted coldly and turned around. She was about to go upstairs when she was stopped by Jane.

"Don't go. Make it clear!"

"What do you mean?" Fiona squeezed Jane's arm fiercely.

Jane was in so much pain that she kept stepping back. The back of her head hit the wall, and her ears buzzed.

She looked up and saw that Fiona was sneering at her. "Jane, you're already married. You're slandering your family! Don't even think about having anything to do with the Fallon family in the future!"

"But... Dad promised me personally!" Jane gritted her teeth. "As long as I marry him in place of you, he will give me a large dowry so that my mother can..."

"To send

your mother to a good ward and use imported medicine?" Fiona laughed. "My silly sister, do you still remember why Dad chased you and your mother out back then?"

Jane remained silent, and a chill ran down her spine.

"It's all because of your mother's indiscreet behavior. She got herself pregnant with a pair of illegitimate children and made my father furious!

Jane, that bitch deserves to go to hell! Do you think Dad will save her? Oh no! Dad wants her to die!"

"No..." Jane's eyes were red. She tried her best to hold back her tears, but they still fell.

"My mother is not that kind of person. She was framed..."

"Do you mean that she was framed by my mother?"

Fiona raised her voice and glared fiercely at her.

Jane's eyes were cold. She remembered that her mother had told her that the guiltier a person was,

the stronger they looked on the surface.

"I didn't say that." She wiped away her tears and said lightly, "In fact, you and I don't know what happened with the previous generation. So please pay attention to your words in the future. If you dare to disrespect my mother again, I won't let you go!

"Well, you have to have the ability to do so!"

Tiona sneered and deliberately pulled her hair back, revealing the diamond necklace she had just bought

"How is it? Is it beautiful?" She looked at Jane provocatively. "I just bought this necklace. It's really not cheap. 50,000 dollars!"

Jane was stunned.

Fiona said fiercely. "I bought it with your dowry!"

You...

"To tell you the truth, I've never thought of giving you any dowry! Being my stand-in is an honor for you. Jane, don't be so shameless!"

Jane bit her lip tightly. She was so angry that his whole body was trembling, but there was nothing she could do.

When she saw Fiona's smug smile, the servant politely invited her out. She walked out of the yard in a daze. The sky was grey, and the air was damp.

The weather in this season changed all of a sudden. The heavy rain would come inadvertently, which caught her off guard.

Jane had no choice but to quicken her pace and walk to the bus station.

"Sir, Ms. Fallon is out."

"Yes." Dan took off his gloves and threw them aside. He untied the gauze wrapped around his hands. layer by layer. "How is she?"

"She doesn't look too good."

The man frowned.

"Ms. Fallon doesn't look well. She must have been bullied in her parents' home. I inquired about it. The servants of the Fallon family said that she didn't get the dowry and was humiliated by her sister."

Dan clenched his fists, and a cold light flashed in his eyes.

"What size dowry should she get?"

"It seems to be 50,000."

"How much is the land that the Fallon family hid for?"

"One billion."

Dan let out a cold laugh and said, "Very good. Use this piece of land to wake up those stupid members of the Fallon family!"
