## Chapter 131

inside the private room, Hilana skillfully ordered dishes that she and Calvin loved to eat

Across the table. Rosalynn also ordered a couple of light dishes.

“No chili peppers or cilantro in these two dishes, please” After ordering, Rosalynn mentioned her dietary restrictions to the waiter, then handed the menu back Hilaria looked puzzled

“Isn’t President Silverman going to order?”

Im having whatever she order” Wayne replied, a kind of incomprehensible pride in his tone

Rosalynn’s fingertips tensed a bit

Whenever Wayne went out to eat with her she was the one to order.

Every time she ordered according to Wayne’s preferences Over the past five years, this has become a habit

Hilaria glanced at Rosalynn, somewhat puzzled

“Why just order what he wants? What about you? Don’t you have any favorites? Old Mrs Jared asked.

Perhaps it was the hormonal changes during pregnancy, but for some reason, Rosalynn was feeling a bit emotional

“How could it be? The dishes you ordered seem delicious to me “Rosalynn quickly pulled herself together and replied with a grin.

Hilaria nodded and said kindly. “It seems that our Ms. Tesdal does have a lot in common with the old lady, even our tastes are alike!” Wayne became a bit cautious

He didn’t take Mrs Jared’s words seriously in the car earlier.

It’s no secret that Hilana was very strict when hiring employees, and in recent years, it’s rumored that she was dissatisfied with her family’s descendants and wanted to find a capable her outside

Countless rich and noble families had gone to great lengths to send their children to her side, flattering her along the way

They claimed that they would love to have their children learn more about survival skills and managing family businesses from the old lady. But everyone knew the real intentions behind their actions

Although Hilaria had just met Rosalynn, her fondness for her made Wayne alarmed.

Rosalynn had a great time dining with Mrs. Jared

Mrs. Jared was knowledgeable, gentle and approachable, and making conversations with her was soothing for the soul

After dinner, Rosalynn took the initiative to pay the bill. Neither Wayne nor Hilaria stopped her.

Calvin, on the other hand, continued to devour the remaining dishes on the table

“President Silverman, Ms Tesdal is impeccable in every aspect and is a well educated child” Hilaria took a sip of her tea to cleanse her palate, “You men all have the idea of having multiple wives and concubines. With your status and identity, you can find any woman you want. Why not just give Ms. Tesdal to me? Maybe she can have more development opportunities elsewhere?”

Hilana didn't bother being tactful and just cut to the chase

Rosalynn and Wayne's relationship was not just a simple secretary president one, and Rosalynn didn't seem to be willingly staying by Wayne's side, either.

“Sorry, Mrs. Jared, she is about to become the president of Bane Energy Corporation.” Wayne also promptly refused.

“So what?” Hania looked at Wayne with a profound gaze, “You're about to get married, and most people in this world are shallow. No matter how well she performs as president, as long as she's with you, there will always be people stabbing her in the back. Under the guise of morals, countless people will curse her for being the home wrecker, and even her achievements will be attributed to you, President Silverman.”

Wayne's face gradually grew cold

“Til handle it,” he replied

Hilaria snorted and stood up, “You can handle it? Where did the slap mark on her face come from?”

She had noticed the redness on Rosalynn's face for a while. But she didn't want Rosalynn to be embarrassed, so she ignored it.

Wayne's face changed slightly

Hilaria sneered, "In the end, you don't really care if she's doing well or not! Calvin, stop eating, we should go now."

Upon hearing this, Calvin stood up and followed Hilaria to the ext

Putting down the chopsticks, Calvin followed Hilaria outside

Wayne really encountered someone stubborn today

After Rosalynn paid the bill, she turned around to go back to the private room and bumped into someone.

"Sorry, I wasn't paying attention

As she looked up, she saw Jacob, and both of them from for a moment

Jacob was the first to recover. He reached out, pinched Rosalynn's chin, and tilted it to one side, "Where did that slap mark on your face come from?"

Rosalynn quickly came to her senses. She humedly pushed his hand away, 'President Strand, over at Q City.

"President Silverman transferred me over" Jacob's brows furrowed, "Who slapped you? It wasn't Wayne, was it?"

"What's it to you?" Rosalynn replied.

What was Jacob up to Acting like they were close or something

"Ms Tesdal, what's going on?" Hilaria came out and saw a man intimidating Rosalynn, so she immediately brought Calvin over

"Old Mrs. Jared?" Jacob was surprised to see Hilaria.

"Little Jacob?" Hilaria had some dealings with Jacob's grandfather in the past.

She attended the old man's funeral two years ago.

“Do you know her? Jacob asked incredulously

“Yeah, just a new little friend” Hilaria said sternly, “At your grandfather’s funeral, I heard about your playboy ways. Don’t mess with Ms. Tesdal, have some decency” Then, Hilana held out her hand and held Rosalynn’s

“Let’s go, don’t talk to him!”

Jacob was speechless “Old Mrs. Jared, come on now, all of them were just normal relationships. It’s just that I broke up relatively quickly. Even if it’s not a relationship, it’s just playing around which was agreed mutually. I never forced anyone!”

He’s not that kind of guy, okay?

Jacob followed Hilaria and Rosalynn, chattering to explain.

For some reason, Rosalynn found the situation rather amusing. She couldn’t help but laugh

When Wayne came out, he saw this scene And Jacob saw Wayne too

Ever since their big fight that day, they hadn’t been in touch privately

“What are you doing? Wayne came over, and his tone and demeanor were not friendly.

I’m asking her who hit her,” Jacob said.

“What’s it got to do with you?” Wayne asked.

Rosalynn felt a headache coming on. “You guys can carry on arguing, Old Mrs. Jared, there’s a dessert shop not far from here. They make great cakes, and I’ll buy one, okay?”

“Sure!”

With that, the two of them, along with Calvin, headed towards the entrance

Wayne didn’t want Rosalynn to be alone with Hilaria, so he decided not to deal with Jacob and followed them

But to his surprise, Jacob followed them as well. “Wayne, don’t be mad at me What do you mean by this now?”

## Chapter 133

“What’s the deal with you being so concerned about my Ms. Tesdal, huh?” Wayne glanced at Jacob.

Jacob frowned

“That day, you rushed from O City to H City because of Heatherway. I had a chat with Rosalynn after”

Wayne kept quiet, wanting Jacob to continue

“She was very determined to leave”

Wayne’s expression remained unchanged, but his eyes dimmed

“I used to think she was a gold digger, staying by your side to take advantage of Olivia Jacob went on, “It wasn’t until this time in Q City that I realized I had misunderstood her Rosalynn is like an eagle that could soar high.”

Wayne’s heart suddenly sank

“If so,

I’ll give her the space to soar Wayne replied

But it would have to be within his territory

“What space? Isn’t that just a bigger birdcage?” Jacob paused, “I won’t ask if you can protect her wholeheartedly. I’ll just ask, is she willing to stay in your cage?” Having been questioned like this by two people tonight, Wayne’s anger flared up.

He stopped and looked at Jacob, saying word by word, “Whether she’s willing or not, she’s staying

Jacob was stunned. “Are you crazy?”

“Wayne looked at Rosalynn. Inside the dessert shop window, she smiled, picking up a piece of cake.

Just as Jacob thought Wayne wouldn’t answer He spoke up. “Yes, I’m crazy I need Rosalynn”

Jacob's brow furrowed, and he finally said, "Wayne, I remember you teaching me when we were kids that we can't have everything. You have to make sacrifices to gain something, or else you'll end up empty handed in the end"

With that, Jacob patted his shoulder, "Since you can't live without her and can't let her go, at least don't let anyone hurt her That beautiful face got slapped today, what about tomorrow?"

Having said that, Jacob went back to the restaurant to continue dining with his friends

He couldn't describe how he felt for Rosalynn right now. There wasn't much he could do; it was up to her future destiny.

Rosalynn bought a lot of sweet snacks for Old Mrs Jared. And some for Calvin, too

"Apart from the cake, which needs to be eaten within 24 hours, the other snacks once Rosalynn cautioned

Her grandfather died of complications from diabetes.

can be eaten slowly. They have a shelf life of three months, so don't eat too much at

"I understand Thank you." Old Mrs. Jared nodded, "Ms Tesdal, when I said I wanted you to work for me. I wasn't joking"

Rosalynn smiled and nodded, "I know"

"Men are unreliable. We ladies have to depend on ourselves, you know?" Hilaria didn't want to embarrass Rosalynn. She didn't explicitly say she knew about her relationship with Wayne, just leaving a hint

Rosalynn was smart enough to understand.

I've always knew that Rosalynn replied.

As she spoke, Wayne came over.

"Mrs. Jared, where do you live? I'll call a car for you."

Hilaria had just kind of fallen out with Wayne. There wasn't any affection in her eyes now

"No need. The car is already here to pick me up" With that, she turned to Rosalynn and became kind again, "Come see me when you're free, alright?"

“Sure!”

Rosalynn’s tone was like that of someone talking to a child.

Then, Hilaria got into a MPV parked by the sidewalk

Before leaving Hilaria lowered the window.

Looking at Wayne, she said indifferently, “President Silverman, I hope next time I see Ms. Tesdal, she won’t have any new injuries”

“There won’t be Wayne nodded

Hilaria snorted coldly, and gestured for the driver to go.

Chapter 134

After everyone left, Rosalynn looked at Wayne: “It was such a mess today. You have to go back to your old house, night?”

“No, I’m not going back”

Wayne said, trying to hold Rosalynn’s hand

She avoided his touch “People are around...”

Wayne suddenly felt empty inside

Yeah, they could be recognized and photographed, which could cause trouble.

He knew all those risks in the past, he and Rosalynn maintained a good distance in public, like a boss and subordinate.

Back then, Wayne didn’t feel anything was wrong

But what’s going on now?

“I need to go back to Paige’s place, pack up my things, and move back to my apartment in the next couple of days” Rosalynn continued, “You take your car, and I’ll get a

Rosalynn felt greatly aggrieved today, her face still swollen and red

Wayne wanted to be with her, but it seemed she didn't want that

"You don't want to be with me now?" Wayne asked.

Rosalynn stood under a sycamore tree

"Withered yellow leaves fell at her feet.

She looked up at Wayne, her eyes empty 'President Silverman, wasn't last night enough for you?"

Wayne's heart thumped

"Let's just go to your place, then. I'll pack up my things tomorrow Rosalynn continued

After saying that, she just stared at Wayne, waiting for his answer

Wayne looked back at her. She wasn't like this when she was with Hilaria just now

Even with Hilanias bodyguards and Jacob, she wasn't like this. It seemed to Wayne that his sincerity towards her had been trampled upon

After a standoff, Wayne's face turned cold, and he turned and walked away

Rosalynn stood there for a moment, then her expression changed, she hailed a taxi and headed in the direction of Paige's house

In the car Rosalynn quickly went through the chaotic day again

Finally, she remembered Heatherway saying they'd take care of Wayne together She felt nauseous again

The driver in front looked at Rosalynn through the rearview mirror

"Miss, you look pale. Do you need to go to the hospital?"

"It's okay" Rosalynn shook her head

Seeing this, the driver stopped saying anything more.

After about half an hour they arrived at their destination

Before going back, she found a well-lit place to sit down and returned Evan's car

"What's up?" Evan was silent for a moment. "Did you go back to the H City?"

“Yes” Rosalynn paused.

Evan had called her while she was in the car, she seemed calm, but she was terrified inside

She was afraid that Wayne would go crazy and take revenge on Evan

“It’s good that you’re back. It’s easier for me to take care of you when you’re close by..”

Hearing Evans voice, Rosalynn sighed

She couldn’t drag Evan down anymore

“Evan, I’ve been thinking it’s easier to be by Wayne’s side, and the child needs a father” Rosalynn said calmly, “To avoid causing trouble for me, let’s not contact each other anymore”

Chapter 135

Rosalynn held her phone, and the other end was silent. She hung up the call and blocked Evan’s contact

Opening the door, the sweet-smelling Paige ran over

“You didn’t leave?” Rosalynn asked

“What happened to your face? Paige noticed the red mark on her face night away

Rosalynn was helpless. How much did Maddie Fuller hate her? That slap was so hard

“Crazy woman crossed my path Rosalynn raised her hand. “I bought a cake Wanna split it with met

“Where did that crazy woman come from? Weren’t you at the care center?” Paige worried.

“Well, isnt it normal for a crazy woman to stay in the care center? Rosalynn pulled Paige to the living room, then opened the cake box and split it in half.

“Where is she now? I’ll find her! She can’t just hit people out of the blue!

Rosalynn stuffed the cake into her hands “She escaped I’m really fine, just eat up!”

Paige was all puffed up with anger. She forked a big chunk of cake and stuffed it in her mouth,

Seeing this. Rosalynn took a bite too. Her mood was off, and the cake tasted terrible now

The next second, she stood up, covered her mouth, and ran to the bathroom to vomit for a while

Apparently, today’s events didn’t sit well with the little one inside her. It was such a rollercoaster

Paige panicked and followed Rosalynn to the bathroom. Seeing her throwing up like that she didn’t know what was going on either. She racked her brain for a second, and then she froze

Rosalynn finished throwing up, and turned back to see Paige looking very worried.

“You “Paige’s fingers trembled.

“Me?” Rosalynn stood up and walked over to the sink to rinse her mouth calmly

“You’re not pregnant, are you?” Paige finally asked

Rosalynn was silent for a moment.

“Yeah, almost three months now” she answered calmly. “I found out when you took me for a check-up last time.”

Paige went pale, then took out her phone. “Don’t worry, I’ll make an appointment with a doctor right now. We’ll go tomorrow for an abortion! It’s no big deal, just don’t be afraid

“Paige, I want this baby” Rosalynn interrupted her

“What? You want what?” Paige was furious. “You think it’s a kitten or a puppy? This is a child!

“It’s also my only blood relative in the world”

Paige stood there, tears streaming down her face.

“Does that bastard know?” Paige cried

“He can’t find out Rosalynn became serious, “Wayne won’t let me have his baby, so he mustn’t know!”

“How long can you hide it? Paige was as anxious as an ant on a hot pan, “Isn’t he forcing you to stay now?”

“So, for the baby, I have to find a way to get away as soon as possible” Rosalynn declared

Paige usually slacks off, but when something happens, she can always be counted on

“There are only two ways to get away. Either Wayne gets tired of you Paige paused, “Or... you die!”

Only with these two options would Wayne not hurt the people Rosalynn wanted to protect

“Die Rosalynn knew that Paige wouldn’t really let her die.

“Yes!” Paige nodded, “This way, once and for all. If he gets tired of you, he might still look for you if he changes his mind later”

“How should I de? Rosalynn asked

It made sense But how could they do that?

“I think about it Paige closed her eyes. “There must be a way!”

“I’ll come up with something too.” Rosalynn nodded

Rosalynn suddenly lost her appetite for the delicious cake

Paige, with her mind occupied, finished both portions.

Chapter 136

Before going to bed, she stared at Rosalynn’s belly, as if observing something.

“Alright

Rosalynn couldn’t help, pulling her to lie down

After a while, Rosalynn was about to fall asleep.

Paige suddenly sat up “As a godmother, I must protect my godson!”

Rosalynn raised her arm, blocking her view

“First of all, when did I agree with you being the godmother? And secondly, what if it’s a goddaughter”

“I don’t care, this little one, whether it’s a son or a daughter, has only one godmother, and that’s me!”

Rosalynn laughed

Paige lay on her side staring at Rosalynn

Rosalynn simply turned to her side as well.

“Even if we can think of the perfect solution, have you thought about how difficult it is to be a single mother?” Paige asked with concern Rosalynn thought for a moment. “I’ve been through even harder times, and besides... knowing about her existence, I can feel more happiness.” Paige inexplicably started crying again, and Rosalynn raised her hand to wipe her tears

“Paige, I’m really glad to have such a good friend like you”

“Of course, I’m amazing. Paige said, crying even harder, “I just think God is so unfair. You’re so kind, why did he give you so many obstacles?” Rosalynn didn’t say anything. Maybe God was unfair to her. But what could she do? Life had to go on, right?”

The next day, Paige went to work with swollen eyes

Most of the things Rosalynn had packed last time were still unopened.

She almost moved everything back without unpacking

The organizer from the last move was called back to put everything back in place. It took until evening to have everything sorted out

It felt like she had just had a dream and woke up in the same place she started.

When Rosalynn moved back, Wayne was in a meeting at the company

They had parted ways unhappily yesterday, and his temper had not subsided. However, when he learned that Rosalynn had moved back, Wayne’s mood improved quite a bit.

After a whole day of meetings, he couldn't wait to go to the apartment, but his office door was knocked on

Then, a familiar figure walked in with coffee

Wayne was already a bit tired. For a moment, he was dazed, thinking it was Rosalynn who had come

But the next moment, he saw who it was, and his face instantly darkened

Ashley was dressed head to toe, hairstyle, clothes, style of high heels, all exactly like Rosalynn used to

"President Silverman, your coffee. She said sweetly, handing him the coffee.

Wayne waved his hand, and Ashley let out a startled cry. The coffee cup fell to the ground, and the scalding coffee splashed everywhere.

"What are you doing?" Wayne asked with disgust.

"L" Ashley looked at Wayne, shocked, 'Wayne, I just wanted to make you happy isn't this what you like? Whatever Rosalynn can do, I can do too! She's not sincere to you at all, don't believe me? Look at this"

As she spoke, Ashley took out the work notebook that Rosalynn had given her

Chapter 137

Ashley's recent days had been nothing but intense and torturous

At first, Rosalynn was kicked out, and she took her place

Ashley really thought that her good days were about to begin But the good days didn't last long.

Since the cruise party, Wayne hasn't given her a single glance. Even her face, which was strikingly similar to Olivia's, didn't interest him anymore.

Then came Wayne's grandiose engagement, showing off his beautiful fiancée in front of the media

This didn't really bother Ashley She knew about Wayne's business marriage with the Rosso family even before Rosalynn did

What really got under Ashley's skin was discovering that Wayne, after getting engaged, immediately left Heatherway and went on a mad search for Rosalynn

How could someone like Wayne go back to his old flame?

The more Ashley thought about it, the more scared she became. People say that familiarity breeds affection. Wayne and Rosalynn had been side by side for five years.

She was afraid that Wayne had gotten used to Rosalynn, and mistook that familiarity for love

If that were the case, what hope would she have?

Heatherway was his official wife, and he kept a replacement, Rosalynn, for his past love on the outside.

The more Ashley thought about it, the more she felt she couldn't wait any longer. She spent several days at home scheming And finally, came up with a plan

Wayne liked finding replacements, didn't he? Then she would replace Rosalynn!

The notebook was dropped in front of Wayne. He had seen it before, Rosalynn mentioned it was her work notebook.

Since he never cared before, he hadn't bothered to open it.

"Wayne, she told me herself that everything she did to please you during those five years was all work, with no personal feelings involved!" Ashley's eyes filled with tears, looking pitiful

Just like Olivia back in the day

But Wayne didn't look at her. His slender fingers picked up the notebook, casually flipping to a page. Rosalynn's handwriting was beautiful. Judging from the date on the page, it was written not long after she started following him.

"Take a shower, spray some Hermès Terre, he'll like it more"

Stuff like that, all of his habits and preferences that he didn't even notice, were all recorded by Rosalynn.

Meanwhile, Ashley was still stirring things up on the side.

'T

“On the day of our work handover, she gave me this notebook without any hesitation, telling me to use it to please you Ashley’s tears dropped like rain, “I felt bad for you back then!”

Wayne finally looked at her. Ashley’s nose was red from crying. She had eyes that were so similar to Olivia’s, now full of affection.

If there was one thing Rosalynn didn’t have in common with Olivia, it was her eyes. That’s why it was also written in the notebook

“Buy more beautiful and sexy lace ribbons. He likes eyes covered (Because my eyes are the least similar to Ms. Walley, I need to learn makeup to make them look more like hers )”

Ashley noticed Wayne looking at her

“Come on, you two were together for five years, and you treated her so well. You gave her a house, plenty of money, and a high social status. Yet right after you broke up. she immediately treated you like garbage and couldn’t wait to get rid of you. She even gave away your private journal so easily””

Ashley gritted her teeth in anger

“She really shouldn’t have given it Wayne closed the notebook and finally spoke

Ashley felt a sense of hope, but then she heard Wayne say, “You ungrateful wretch, do you really deserve her putting in the effort to help you in this position?”

“Exactly, she Ashley turned around and stared at Wayne stiffly “Wayne, what did you just say?”

“She gave you this to help you avoid my minefield and get on my good side, right?” Wayne asked, “You’re not even grateful, running to me and badmouthing her. If you’re not an ungrateful wretch, what are you?”

“I was just worried about you!” Ashley argued

Wayne stood up and looked at Ashley with nothing but disgust. "No need

"Wayne Ashley became anxious and reached out to grab his hand.

Wayne dodged with disgust Just as he was about to leave, she stepped forward to block his way.

"Rosalyann doesn't even like you-she quit as soon as she heard you were getting married! But I'm different, I like you so much that I don't care about anything else Even if you're getting married, it won't change how I feel!"

Wayne snorted with a sarcastic laugh "That's the difference between you and Rosa She has morals and a sense of shame, but you don't"

Ashley was struck dumb

Sean, who was outside, heard something wrong from inside, so he hurriedly rushed in.

Seeing Ashley's appearance, he was startled, then turned pale with fear, looking at Wayne in panic: "President Silverman..."

"Go to Human Resource and arrange her resignation Notify the company security and forbid her from entering Bane Corporation" Wayne dropped the cold words. Taking Rosalynn's notebook, he strode away without even looking at Ashley again

"No Ashley couldn't believe it.

She looked so much like Olivia, why would Wayne push her away? Her uncle had said that even if Wayne wouldn't touch her, he would still pamper her like a princess because of her face!

Had she done something wrong? She had only exposed Rosalyann's true colors for Wayne's sake.

"Ms Walley Sean's face was a mix of a forced smile and contempt

He had witnessed the whole thing. If she had just minded her own business, even if there was no sexual relationship between her and President Silverman, she would have enjoyed a high salary bonuses, and a place to live in a luxurious neighborhood

Those happy days could have continued. But people's greed knew no bounds.

"Get off! Don't think I don't know that you and those people outside are all Rosalyann's minions!" Ashley, furious to the point of insanity began to attack indiscriminately "You guys must have helped Rosalyann a lot behind the scenes, right? Do you really think that she'll last long by Wayne's side? Just wait! When the real deal comes back, this

imposter will definitely be thrown away like garbage by Wayne! And none of you will be able to escape from the punishment!!”

Sean took the scolding, still somewhat dumbfounded

Still unsatisfied, Ashley gave him a hard push before leaving. Sean almost fell to the ground.

### Chapter 139

Rosalynn used to avoid arguing with Wayne, but his temper was just too much to handle, so he'd always end up snapping at her. When he got mad, he'd give her the silent treatment for several days sometimes even half a month if he was busy

Last night, he seemed really pissed off. Rosalynn thought to herself, at least she could have a few peaceful days.

So in high spirits, she bought a bunch of nourishing ingredients online and made herself some soup. Just as the soup was almost done, she realized she forgot the

seasonings

It was cold outside, and she didn't want to go out, so she ordered them online

The moment the doorbell rang, she thought her seasonings had arrived. So with a big smile, she opened the door, only to freeze in her tracks.

Before she could even turn around, she was scooped up, and the door slammed shut behind her.

As Wayne's lips met hers, all Rosalynn could think was What is he doing here?

Also, he could open the door with his fingerprint, why did he have to ring the doorbell and make her waste her time?

Wayne kissed her fiercely his hands restlessly wandering

+

Rosalynn quickly came to her senses, and she turned her head away, forcefully ending the kiss.

Frowning she pushed Wayne “President Silverman, I still have soup on the stove!”

Wayne’s hot breath brushed against Rosalynn’s fair neck. He seemed to take a moment to steady his breathing

Then, he resumed kissing her neck. On his way back, Wayne had looked through her notebook. It didn’t just cover what happened in bed. It recorded everything from his likes, dislikes, habits, and emotions

She detailed everything to cater to his preferences and avoid all his pet peeves.

It even said, “His behavior is a bit like a dog’s marking his territory all over her body. The clothes can cover the marks, but the ones on her neck are troublesome (practice using concealers)”

Below listed some good concealers on the market, even with their advantages and disadvantages.

Wayne couldn’t help but feel both imitated and amused reading it.

Rosalynn detailed everything perfectly so she could pass it down to her future successor, huh? This woman was planning to hand him over to someone else from the beginning!

At this thought, Wayne bit her earlobe hard

“Ouch!” Rosalynn yelped, her mixture of coyness and anger as she showed Wayne away.

“Didn’t you say being gentle and pitiful works best on me? Why are you being so fierce?” Wayne pinned her on the couch, glaring at her with serious eyes.

Rosalynn was speechless. How shameless-he’d read her notes!

“Rosa, you’re really generous and nonchalant about handing me over to someone else!”

The truth that Rosalynn never wanted him hurt and angered him!

“You weren’t mine to begin with, so it’s not giving. Rosalynn turned away, knitted her brow, and then seemed to think of something.

She looked at Wayne. “I gave the notebook to Ashley Did you go to Ashley’s house last night?”

Wayne's face darkened. "Is that what you think of me? That if I'm not with this woman, then I must be with another one?"

"You found us for that reason, right? Rosalynn asked

Chapter 140

After agreeing to be Olivia's substitute, Wayne didn't even give her time to prepare before taking her to the hotel that night

At that time, President Silverman wasn't as skilled as he was now Rosalynn even doubted that it was his first time. Plus, President Silverman's resentment towards Olivia had been transferred to her. The pain and humiliation that night had almost killed her

Wayne was left speechless at her question.

Just when Rosalynn thought he wouldn't say anything, Wayne spoke up

"There's no one else." he said his tone helpless and somewhat aggrieved

"What do you mean, there's no one else? Rosalynn asked

Wayne looked at her, somewhat annoyed I only have you There are no other women

"Do I look like the kind of innocent person who would believe that kind of bullshit?"

Wayne frowned, then he let her go

Rosalynn thought, great, he's going to storm off again. But this time she didn't get what she wanted

Wayne was indeed angry, but he didn't leave, instead heading straight to the bedroom

Soon, there were sounds of splashing water in the bathroom.

The first thing President Silverman did every time he came was to take a bath, then make love, then sleep

It's only been in the past two years that he had started doing things like eating and watching movies and reading books.

Thinking about those little daily routines, Rosalynn still felt a little dazed

It was also during these two years that her feelings for Wayne had become uncontrollable, without even the slightest hint of reason being able to hold her back

When her grandmother died half a year ago, he was with Olivia in R Country. He didn't even spare her one minute for any sort of comfort. That finally shattered the illusions brought by their fake daily routine

The doorbell rang, pulling Rosalynn out of her thoughts. She wasn't in the mood for a pleasant dinner after getting seasonings.

After Wayne finished his bath, the soup was ready Rosalynn glanced at him. He was wearing a beige home outfit, with the buttons on the shirt messily done, exposing a large part of his chest. His hair was wet and messy from hastily drying

Rosalynn quickly averted her gaze and swallowed. Honestly, with him looking like this and eventually becoming quite skilled in bed, it was no wonder she used to be stupidly attracted to him.

"What's up with the tomatoes? Wayne looked at the soup disliking it.

"There's chili in it too," Rosalynn pointed out "President Silverman can order takeout if you don't like it."

Wayne was speechless In the past, he would have been furious.

But he remembered a note Rosalynn had made about him: "Extremely picky. Even kindergarteners are more well-behaved!"

He snorted Since Rosalynn didn't get him a bowl, he went to the kitchen to get one himself

Rosalynn watched him like a rare animal as he served himself rice and soup.

"Do you still want to take a few more days off? Wayne sat down, staring at the tender ribs in his bowl with a troubled face

Rosalynn didn't care anymore. She made up her mind if he dared to waste it, she'd definitely put on a fight with him! This way, she could worsen the image of herself in Wayne's heart, and maybe he'd realize sooner, so she wouldn't have to think about faking her death.

“What’s up?” Rosalynn asked

“Last time we talked about promoting you as the CEO of Energy Corporation,” Wayne finally picked up a rib and put it in his mouth. After a few bites, his eyes lit up.
