Rosalynn shook her head, "Everyone around me is very cautious, afraid to mention him, but really wish someone would talk to me more shout him Thank you

McGills wife let out a sigh of relief

Then, she looked at Rosalynn, feeling a deep sympathy, Mr. Silvermans disappearance must have been hard on you, having to t -care of the kids and the elderly, and also bearing the burden of a big company. I heard from my kids that you're a land soul, having helped many people and done many good deeds. Rest assured, our gods will bless you and Mr. Silverman! You guys will reunite soon!"

"Thank you for your blessings!" Rosalynn said, her eyes gleaming with tears, yet she managed a smile.

Just then, McGill's wife looked past Rosalynn to someone behind her, "Is that Zenobia's fiance? Why does he look so weak?" Rosalynn instinctively turned around.

She only saw Zenobia hurrying inside, but not the silhouette of her fiancé.

"Where is him?" Rosalynn asked

"Osborn just helped him inside. You carry on. I'll go check on him!" McGill's wife was a caring person, ready to help when she sensed trouble. "Alright, if he needs medical assistance, you can come find me. I have a medical team," Rosalynn said gently

"Okay." With that, McGill's wife hurried towards Zenobia's place.

Osborn helped Wayne sit down, checking his leg while reprimanding him, "You're not well, why are you wandering about? Do you want to be on crutches for the rest of your life?"

"I just wanted to take a look around." Wayne's voice was a bit frosty.

Zenobia was filled with fear and anger.

She clearly saw him wanting to meet Rosalynn Just now.

"Looking for what? That woman who betrayed you?" Zenobia blurted out in her loss of control. "Alan, have you forgotten? She's got a new partner now!"

Wayne's face turned pale from the pain.

He looked up at Zenobia, his eyes filled with a shocked restraint.

Zenobia was startled and quickly realized she got too heated. She softened her tone right away, "Alan, ever since you saw her, your mood has been getting worse, and your health is deteriorating. I'm really worried about you."

Osborn saw that Wayne really didn't look good.

He examined him.

He immediately noticed some abnormal symptoms.

According to his diagnosis, Wayne should gradually get better with medication, but this time he seemed weaker than before

"Zenobia"

As he was thinking, someone walked in

Neither of them reacted in time.

McGil's wife was familiar with the place and quickly made her way to the hall.

"Why are you here!"

Zenobia quickly walked forward, and Osborn stood up, blocking Wayne who was sitting

In that brief moment, McGill's wife probably didn't get a good look at Wayne's face, right?

The room was dimly lit after all.

And Wayne now was nothing like he used to be.

"I saw Osborn helping someone in, that's your fiance, right? What happened to him? Is he ill? Do I need to find a doctor?" McGill's wife was taken aback and quickly asked

"He's fine!" Zenobia pulled McGill's wife towards the exit, "He's just a bit tired, don't worry, my brother learned his medical skills from our father, he'll be fine."

But if his condition doesn't improve even though herbal medicine powerful you should still take him to a big hospital for an X-ray or other check-ups." McGill's wife kept saying

She had always kept in touch with the outsiders.

not long when they left, Zenobia went back to work

They stayed at home every day

Tront worry, my mom and I have got a plan Zenobia reassured, pulling Medall's wife away from the inn "You hardly come back, so dont stess over for me. Go and have some fun. We'll leave the island together tomorrow!

"Alright, stop fussing over me and go back to your fiance," McGill's wife waved her off.

Zenobia nodded

Watching McGill's wife leave her legs felt weak

She quickly turned around and went back, this time making sure to close the inn's door.

Jaime, worried about Rosalynn's thirst, intended to buy some water from Zenobia's place.

But before he could get there, he saw that the shop was already closed

He walked back, a bit miffed.

"She doesn't even want to hustle for money, guess Wayne's cashed her uph McGill's wife happened to walk by Jaime as he muttered this "Young man, who were you just talking about?" McGill's wife asked rapidly, grabbing Jaime by the arm

Jaime, who didn't recognize her, jumped in surprise, "What the hell?!"

"Did you mention Wayne just now?" McGill's wife continued.

"Yeah, he's my sister's husband, what about it?" Jaime looked at her, puzzled.

Rosalynn noticed the commotion.

She hurried over, "What's going on?"

"She just grabbed me all of a sudden... Jaime complained.

"Whats the matter?" Rosalynn turned to McGill's wife.

McGill's wife looked a bit off color, but she immediately let go of Jaime's hand, "Nothing, must've mistaken him for someone else..."

When she walked in earler, she had only caught a glimpse of Zenobia's fiancé.

She didn't get a good look because Osborn was blocking her view.

She felt like she recognized him, but couldn't place where she had seen him before.

She thought that since he was Zenobia's fiancé, he might have visited the island before, hence the familiarity.

But before she could dismiss the thought, she heard the name Wayne.

In that instant, she saw a face in her mind, pale but bearing a striking resemblance to Wayne's

must've been seeing things," McGill's wife muttered to herself.

How could Wayne possibly be on their island?

He had his accident in the H Country, how could the waves have washed him up on their island?

And there's no way he'd ditch his beautiful wife to become Zenobia's fiancé

So, she must have been mistaken.

"You said you were saying things? Rosalynn asked with a smile. "Did you run into someone you know?"

"No." Modal's wife shook her head

It might

be her absurd suspicion, and she shouldn't bother Rosalynn with it

She could tell that Rosalynn missed her husband dearly.

There was no need to add to her pain.

Chapter 1453

After a busy sitemoon Viola felt a headache coming on, so she went back to rest. Hall-awake, she heard some noise outside, so she got up and went out

Once outside, she saw Zenobia closing the door

Then she saw Wayne, who was supposed to be upstairs, sitting in the living room.

"What's up?" Viola asked, "Alan, why are you down here?"

"Mom, he came out with me it's so lively outside. He wanted to see how we pray"
Zenobia quickly explained

Osborn kept silent

He thought carefully about Wayne's symptoms

Not only was he physically weak, but it seemed like... he was showing signs of poisoning

"Why did you close the door then if he just wanted to watch? Viola asked

"McGills wife suddenly came in and almost saw Alan... she's seen Alan before."
Zenobia lowered her eyes, her legs still shaky, still frightened Violas face changed:
"McGill's wife?"

"Yes, but i don't think she saw Alan, Osborn and I reacted quickly." Zenobia spoke, looking timidly at Wayne

Wayne's eyes were half-closed, he seemed distracted. She didn't know what he was thinking

Wait..

She knew what he was thinking....

He was thinking about that shameless woman Rosalynn, wasn't he?

Just because she was prettier?

Zenobia's heart was in turmoil.

"Alan, you look tired, take your medicine and go to sleep." Viola lovingly walked over to Wayne.

"He won't take his medicine tonight, after leaving the island, we'll go to the hospital for a check-up, then decide whether to continue the medication." Osborn suddenly said.

Viola frowned: "He's so weak, he's been relying on your medicine to keep him alive, how can he stop taking it? I've already prepared the medicine "Enough!" Osborn suddenly snapped.

Wayne looked up at him.

'I help you rest. Osborn said, helping Wayne up and leading him upstairs.

He was silent all the way

After laying Wayne back in bed, Osborn turned to leave.

"Did Viola poison my r

y medicine?" Wayne's voice came from behind him.

Osborn froze.

Wayne continued: "The medicine tasted a bit off these past two days."

"if you knew something was off, why did you still take it?" Osborn turned to look at Wayne. "Do you want to die?"

Wayne's mind was suddenly filled with the image of a woman holding flowers, crying sorrowfully.

don't want to die now."

"You actually wanted to die before? Why?" Osborn was shocked

I've always remembered, I had someone I loved very much, but she seemed to not love me, she was afraid of me. When I was rich and she didn't love me, now that I've become like this, she would hate me even more, she would never love me. So what's the point of living?

Osborn didn't understand Wayne's mindset, but he was greatly shocked

Because she didn't love him, so he didn't want to live?

"Life isn't just about love, you can do many other things. Life is so long you'll end a new love bomb said urgently

He had never considered letting Wayne die

That's impossible "Wayne's eyes were half-closed even if I look my memory, my heart always to me. I can only be can love anyone

So he felt desperate.

Wayne didn't respond

Getom poured him a glass of water and placed it on the bedside table

Then he was quiet for a moment

mom hurt you anymore

“Once we leave the island, I’ll do everything I can to help you recover. After that, you can decide whether you want to stay or not. Right now sty

ster and mom are a bit off their rockers. You have to be extra careful”

Without waiting for Wayne’s response, Osborn quickly left the room

As he went downstairs, Viola was comforting Zenobia.

“If I had found out any later, he would’ve been by Rosalynn’s side. I almost lost Alan Zenobia, hugging her mom, was bawling her eyes out. Osborn was watching.

In fact, just now, when Rosalynn was praying, he was standing behind her, wearing a mask.

Osborn clearly saw that Rosalynn was praying with deep sincerity, even shedding tears.

Osborn knew what she was praying for.

She was praying for her loved one to return to her and her children’s side sooner.

What was Zenobia crying about?

She had stolen someone’s husband and father, what was she grieving about?

Osborn’s conscience was eating at him, knowing that Wayne almost gave up on life and seeing Rosalynn’s tears.

“Mom, come with me. I need to talk to you,” Osborn said, his throat dry.

Viola seemed to sense that Osborn wanted to talk to her.

She reassured Zenobia and followed Osborn into the kitchen.

In the kitchen, Wayne’s medicine was boiling.

Osborn grabbed the medicine and poured it on the ground.

“Osborn, don’t burn yourself!” Viola quickly moved to stop him.

Osborn didn’t move,

He looked at the medicine.

Some ingredients were missing, and there was an additional herb.

It was a poisonous herb from the island.

Someone on the island had eaten this herb before, became paralyzed. His father specifically taught him and his mom how to identify this herb His father told him and his mother. "This herb looks very similar to another beneficial one. You must remember it and not confuse it. It's deadly!" "Mom?" Osborn stood up.

He looked at Viola in disbelief.

In his memory, Viola was always a gentle and kind person.

"So, you wanted to turn him into a bedridden person?" Osborn's hand was shaking.

He didn't understand.

Why did Zenobia become so paranoid, turning Viola into a heartless person?

"Zenobia just got over the pain of losing her dad. She can't lose Alan. Without Alan, she wouldn't survive! Viola said without hesitation. "I love you and Zenobia dearly Protecting you, making you happy, is my instinct! For you guys, I could do anything

Osborn felt a pang in his heart

"I made a mistake I should have returned Wayne to Rosalynn, not selfishly brought him back. This forced them to separate, they couldn't see their dad. Now the karma's here, my sober and mom have turned into devils because of my selfishness??"

Osborn juttet about to deny, but heard Viola continue, "You're my son, of course I can tell. You want to be her bodyguard, ngh "The haunt found a new beau, like you said. I think we owe her, an I want to protect her, nothing else Osborn quickly explained: "Why can't you have other thoughts? You like her, don't you? Then you should try to her heart! Viola frowned. "Wayne and Zenstra are together, you can get close to Ms. Tesdal melt her heart, you and Zenobia will get your wish, isn't that good? You don't need certainly don't think of me and Zenobia as devils.

“Enough!” Osborn cut her off

Viola looked at him with mixed emotions, “You’re not thinking of returning Wayne back to Ms. Tesdal, are you?”

in pain, and

Before Osborn could answer. Viola continued, “Do you think Ms. Tesdal is just a pretty face? She seems gentle, but she’s got her ways. We’ve kept Wayne hidden for so long, and I’ve poisoned him. If he goes back, Ms. Tesdal will find out.”

Osborn froze

“Osborn, do you want to lose me? Viola raised her hand, gently touching Osborn’s cheek.

Osborn looked at her, tears streaming down his face.

Viola looked at him, heartbroken.

Her children were the kindest people in the world.

But because they were too kind, they suffered a lot since childhood.

Now they’ve finally found someone they like, how could she let them give up their love again?

“I understand.” Osborn clenched his fist. “But you can’t poison Wayne anymore, or I’ll tell Zenobia!”

Viola sighed helplessly, “I understand.”

Osborn didn’t say anything else, turned around and walked away.

Zenobia vaguely heard the argument.

When Osborn came back, she immediately panicked, “What did you say to mom? You’re not thinking of sending Alan back, are you?”

“No” Osborn answered coldly, then walked upstairs

Passing Wayne’s room, he heard Wayne coughing softly.

Osborn paused for a moment, then walked straight to the top floor.

Outside, it was still lively

The people who had just had a conflict, were now arm in arm, drinking and dancing together.

Osborn quickly found Rosalynn in the crowd.

The man who claimed to be Rosalynn's brother was dancing with her.

Her beautiful face was full of helplessness, but she was still tolerant of Jaime, not angry with him.

Osborn was filled with envy and jealousy.

"Ms. Tesdal I apologize for the harm I've caused you. I'll do my best to treat Wayne and return him to your side." He stared, watching for a

moment

Osborn lowered his head and said earnestly.

After talking with Viola, Osborn was determined to send Wayne back

But not now

As soon as he goes to the hospital for a blood test, the poison in his body will definitely be discovered

He knew Viola's actions were awful

But he didn't want to lose his mother, so he couldn't send Wayne back now

The party lasted until one in the morning

The islanders love the land that nurtures them. After the ceremony everyone worked together to quickly clean up all the trash on the beach.
