

# The Secret Heir Return To Wealth And Love Chapter 1521

The Secret Heir Return To Wealth And Love Chapter 1521

Chapter 1521

Well, thank God they were spared.

The god didn't take her mom away and now her dad has safely returned to her  
hy is a positive little kid.

With Wayne back she's forgotten about all the tough times before!

"Treally like it, thank you" Wayne said, glancing at the blooming flowers in the distance.

Them are so many more flowers Rosalynn chuckled, in the garden, the orchard, and the  
vegetable patch, they're all the things tvy planted for your

"Mom, don't be jealous, I've planted for you and Cory tool by quickly reassured.

Everyone laughed.

"The sun's mally beating down, let's head inside Hilaria suggested with a smile.

As Wayne stepped through the door, he was geeted with a confetti blast from Laura and  
Calvin.

by was over the moon, bouncing around trying to catch the confetti

Wayne looked up at the fluttering gold foil with a smile, feeling incredibly warm insid

"Wayne, welcome home! Paige and Baillie said from outside the confetti shower.

Honestly, if Baillie hadn't stopped her, Paige would've charged to the front to join in the  
confetti fun,

"Wayne, welcome back Jaime Jules said, unusually sweet.

“Thank you all,” Wayne sincerely said, “I’m sorry to have made you worry. I should’ve returned earlier.”

“It’s all good now that you’re back!” Hilana pat his hand, “Go upstairs and put your stuff down first.”

Wayne nodded and headed towards the elevator with Rosalynn.

“Hilana invited the chef from your favorite restaurant, the lunch will be all your favorite dishes” Rosalynn whispered to Wayne

“You’re all so kind” Wayne murmured, especially after having experienced such a nightmarish night

Upon reaching the third floor, Wayne saw the oil painting by had drawn of their family.

“This was drawn by Ivy?” he asked as he studied it

He had some idea of the talents the two kids had.

“Yes,” Rosalynn nodded, “It was a gift from her to you?”

“It’s really good.” Wayne said softly.

Rosalynn just held his hand and didn’t say much. After putting their stuff away, she led him back downstairs.

The living room was already filled with the aroma of food.

As Wayne sat down on the sofa, a little side door opened and a dog’s head poked out

Wayne looked over and locked eyes with the dog.

“Max, come here,” Rosalynn, spotting Max, immediately beckoned

Max came over slowly, begrudgingly nudged Rosalynn’s hand

“Hello, little guy, Wayne greeted Max.

nose, and then cautiously approached Wayne.

Max sniffed his hand glanced at Rosalynn, and then with a pitiful look, rested his head on Wayne's lap.

He whimpered

Max and Wayne didn't interact much, so Rosalynn was surprised to see Max react so gently to Wayne

"Max missed you" Rosalynn said with teary eyes and a smile.

Wayne gently stroked Max's chin

Max seemed even more reluctant to leave, whimpering in protest

Ivy returned to her

anged into more comfortable clothes, and came back downstairs.

Chapter 1522

Ivy dashed back to her room and quickly changed into something more comfy. When she came downstairs, she was greeted with quite a sight.

"Max is a good boy!" by squeezed next to Wayne, trying to convince him. "Max might look a bit dopy, but trust me, he's the smartest!"

Upon hearing this, Max perked up and started barking, apparently agreeing with hy's words.

Everyone around, including Paige, couldn't help but chuckle

Max then continued to make whimpering noises, resting his head on Wayne's lap.

"See? I told you he's the smartest" by said, beaming with pride. "Dad, he knows you saved his life, so he loves you. He missed you just as much as I did!"

As she said this. Ivy suddenly became emotional. Her lips quivered her eyes welled up, and she buried her head into Wayne's chest

Caught off guard, Wayne could only pather back.

Meanwhile, Cory was playing a game with Jaime

After glancing back at the group, Jaime nudged Cory's shoulder gently and said Tech Seven, if you wanna be a big baby, just go for it if a dog can do it, why can't you? You're Wayne's son, just be a little boy for today."

Cory looked at Jaime, who was all smiles

Several seconds later, Jaime stared blankly at the screen where his game character had just been utterly destroyed by Cory

He didn't want to be a big baby? What the heck!

"Cory" Rosalynn called out to Cory

Cory turned around. Rosalynn was grinning from ear to ear. "Come sit with me

Cory put down his controller ignoring Jaime's whining and went to sit next to Rosalynn

Rosalynn pulled him into a hug and pointed at Max, who still had his head on Wayne's lap. "Look at him."

Cory had never seen Max like this, and he couldn't help but smile

Calvin, carrying freshly picked fruit, looked at Max and couldn't help but roll his eyes.

Ever since Max saw him using a chicken leg Max didn't want to eat as fertilizer, the dog has been holding a grudge for him!

But for ivy's rose bush, not only did Max fetch a chicken leg himself as fertilizer, he also tried to use a fish he caught in the lake

Thank goodness Calvin found out in time, or else that fish would've been a goner

"What are you up to?" Hilaria asked Calvin, seeing his sullen face. Feeling a little green?"

It was well known that Max was friendly to everyone except Calvin

Sometimes out of the blue. Max would run over and bump into Calvin

Calvin used to think that the only person Max disliked more than him was Wayne, since Max never played with Wayne when he was home.

But now, the tables had turned

Dogs are such hypocrites Calvin grumbled

if he had known, he wouldn't have used the chicken leg!!!

Haria laughed so hard her cheeks started to hurt

She scanned the lively living room.

Baillie was cutting the apples Calvin picked into small pieces and feeding them to Paige

Page watched Max being a big baby and then whispered something to Baillie, who laughed after hearing it

Seeing Baillie laugh made Paige look at Max and feel even happier.

Rosalynn's family of four was sitting together, with the kids being big babies in their father's arms. Even Cory was showing a rare smile.

Most importantly, Hilaria finally saw the happiness on her adorable granddaughters face that had been missing for months.

And Calvin was murmuring in her ear

This is just perfect!

Moonlit Lake was especially lively today.

Chapter 1523

But the internet was full of chaos and drama.

After Quentin's emotional public accusations against Rosalynn, his name blew up on all sorts of social media platforms.

With this situation involving the distribution of a top tycoon's massive inheritance, men folks overseas were keeping an eye on it The reactions from both domestic and overseas were pretty much similar.

People were split into several camps.

Some were hell-bent on supporting Rosalynn, and others were swayed by the public opinion, showing sympathy for Quentin.

Of course, there were also those who just love a good spectacle, hoping things get even more heated!

Then you've got the finance bloggers and the lifestyle bloggers. Finance bloggers were going all doom and gloom with their background music, seriously talking about how this situation could affect the world's financial stability and all. Lifestyle bloggers, on the other hand, were analyzing from every angle why Rosalynn wouldn't let Quentin see Wayne.

All in all, in just a few days, the whole Rosalynn and Wayne situation had grabbed quite a lot of attention, giving bloggers plenty to talk about

The plot twist came not long after lunch.

On an overseas platform, a well-known painter released a video, laying into Quentin with some harsh criticism. Nothing special in the content, just this famous young painter expressing his shock at seeing Quentin's name

"The mental strain he put me through was immense!"

"I couldn't pick up a paintbrush for two years because of his suppression and humiliation!"

"He belittled my painting skills, stole my artwork, and used his own name to enter exhibitions and win awards?"

"I was just a recent graduate from an art school, with little influence. Facing his tycoon mother who came knocking on my door, she made me think about the safety of my family. I was forced to accept the check she handed me

The video lasts for around ten minutes

The painter broke down several times in the narrative, showing who oppressed him and stole his artwork.

"I sketches and videos taken by his girlfriend at the time, proving that Quentin was the one

As soon as this video was published, it was like a domino effect. Once the first piece fell, the rest just kept falling.

A few hours later, several painters and writers, both domestic and foreign, with clear identities and evidence, brought out proof of Quentin plagiarizing or outright stealing other people's work.

Back home, a revered veteran teacher also spoke up: "I've known about this for a long time, but ordinary folks are too intimidated by the tycoons to speak up. Lifetime, I've finally seen this day"

This whole thing caused a huge stir

"I really can't put into words how I feel, my dear friends. I was thrilled when Quentin replied to me just a moment ago, but now I feel disgusting. The words that I feel like a brand of shame seared into my forehead"

This user also uploaded a picture.

In the picture, her comment to Quentin read. "Your paintings are amazing, and the use of color is superb. I really love it. PS. I finally figured out where Wayne's daughter inherited her painting talent from, it's your

Quentin replied: "his use of color surpasses mine. I'm very pleased!"

One user commented. "I'm really shocked, even I know what Wayne's daughter's name is how could Quentin call her "Livia"? Doesn't he know her name?"

Chapter 1524

"I couldn't help but laugh after reading all those complaints from artists about him. His reply was so funny! Does he even know how bad his own behavior is And he dares to provoke Livia?"

No wonder Secretary Tesdal doesn't

this disrespectful old man. I bet Secretary Tesdal knew his true colors all along"

To those trying to defend Rosalynn, don't bother Quentin's academic misconduct doesn't stop him from seeing his own son, does it?"

"Exactly, let's be professional about this, Rosalynn's fans. Don't try and blur the lines, Netizens know what's up!"

I'm speechless. I wonder how long your memories as 'woke' netizens will last. Here's a fact for ya Secretary Tesdal only moved back to the country with the kids a year ago. Quentin has only been in the country a handful of times since. His wife died, and right after the funeral, he jetted off to enjoy life abroad He probably has never even met his grandkids, and now he's acting as a humble grandpa just get his hands on the inheritance. And people actually "Enjoy life abroad? Am Rosalynn's fans about to start spreading rumors about the poor old man again?"

Quentin went pale reading these comments.

Another day

about to end, and although Rosalynn was being slammed online, the

did not give a damn

"These jerks, my mom paid them. I bought those paintings and works with cold hard cash! They sold the works for money, and now they Quentin pounded the tab

anger

His girlfriend sat aside, face dark, staring at her phone screen

Dom Rosalynn really not care about the public opinion online?

The PR teams of the Jared Group and Bane Corporation were eerily silent, as if they were under a spell.

This was totally unexpected!

“They didn’t speak up earlier or later, but now they’re all coming out. I bet Rosalyn got them to do it. The woman’s face i fall of disgust. “Rosalynn is not to be underestimated

“What should we do now? Quentin asked anxiously

The woman pursed her lips. “Let’s wait a bit longer if needed, we can play hardball?”

Play hardball Quentin felt a chill

Back when Rosalynn was Wayne’s secretary, she was easy to push around, to control. But now

The last time he went to claim the inheritance, Quentin was pretty confident. He thought he could intimidate her with mbers, but who knew

In fact, not only were the other members of the Silverman family intimidated by Rosalynn, but he himself was somewhat afraid of her

If they had to play hardball.

He didn’t have any security of his ow

Apart from the Jared family, Rosalynn also had Wayne’s people.

Wayne’s people, he knew them well, they ere all desperados.

‘Don’t worry, I won’t let you do anything illegal! The woman got up and sa

to Quentin.

Quentin was relieved. “That’s good, as long as it’s not illegal, we can do anything(”

The woman laughed softly and soon they started making out again.

What Quentin didn’t know was that his image as a humble artist was crashing on this internet.

By dusk, the scandal about Quentin plagianizing and stealing works from famous artists wall no longer trending

However a female internet celebrity suddenly released an explosive video

The headline alone was enough to grab everyone's attention.

Chapter 1525

"Let me spill the tea about how my friend was duped by this old man, who took her money, her dignity and even got her hurt by his wife to the point of losing her sight"

Clicked

There's this influencer with fiery red lipstick, spitting fire from the get-go: I've been getting cyberbullied left and right. How can anyone praise this disgusting man, calling him some kind of ascetic old artist?

With a look of disdain, she read some hot takes about Quentin

"Mr. Quentin, you seem like such a charming man, don't be sad, I'm here silently rooting for you, hope you can see your son, grandson, and granddaughters"

She rolled her eye after making them then continued with some shocking comments.

All in all, these were butt kissing comments about Quentia.

After going through the comments, the influencer calmed down, I know I'll get a ton of hate for calling out this old man in public at such a critical time. But seeing those comments just broke my heart, and I want to prevent young girls from falling for this old man's crafted image. After much thought I've decided to expose his true nature

Then she took a trip down memory lane, back to ten years ago.

Her friend, who she's grown up with, met Quentin during a graduation trip at a resort in South Africa.

This man, who inherited his father's good looks, was at least charming ten years ago.

He had the allure of a mature man, coupled with the image of a brooding artist, and quickly got her friend into bed

in the following half a year, her friend was deep into her sweet love affair

Her friend's existence was discovered by Maddie, who had her kidnapped.

Quentin, completely unaware of the major trouble brewing

She endured brutal abuse. After a few days, Maddie dumped her by the roadside.

By the time her friend was taken to the hospital, she was bleeding heavily from her uterus, which had to be removed, and her eyes had been blinded. To this day, she's still mentally unstable.

“Quentin used a fake name overseas to deceive my friend, claiming to be single and divorced. It wasn’t until my friend was taken by Quentin’s wife she’d been duped, but this rich bastard only cared for himself. He took his anger on my friend”

To my knowledge, this old jerk, Quentin, cheated on my friend at least three times. While they were together with young models and actresses, and that’s just what my friend found out. God knows how many she didn’t find out about.

“When my friend met Quentin, she was young and naive, and was mentally manipulated by him for a long time, which led to her current miserable condition! I’m speaking out about this with the approval of my friend’s parents. They don’t want another girl like my friend to suffer or for there to be another family as devastated as theirs!

The bombshell in this video left all the netizens shocked.

Some doubted the claims, but the influencer showed her friend’s medical report and pictures of her with Quentin.

To protect my friends, some even more serious facts can’t be disclosed in this video. Suffice it to say, the actual situation is even described in the video.”

“I noticed the vlogger looks pretty young if she’s talking about something from

(infanting than what |

ago, her friend must’ve been just a teenager!!

Finally, someone’s exposing this, if no one else did, I was about to blow the whistle myself. This old man has a thing for young girls. Aside from his late wife, none of the girlfriends I know of are over 24.

Netizens were shocked by this

Shortly after the video was posted...
