Chapter 161

A few minutes later, Sean knocked on Rosalynn's office door.

"Secretary Tesdal, Mr Dave from the Silverman Group is looking for you."

Rosalynn looked up, seeing Sean awkwardly holding his phone.

"Tell him to call me directly"

"Alright

Sean closed the door and left

Shortly after, Rosalynn's phone rang again it was still the same unfamiliar number. Rosalynn answered.

"Rosalynn! Why the hell did you send that lawyer's letter to my house?! What the hell do you want?"

As soon as the call got through, Rosalynn heard Mr. Dave's furious roar

Rosalynn frowned and hung up immediately. Not too long after, Mr. Dave called again.

Rosalynn let the phone ring for a while before calmly picking it up.

"Secretary Tesdal, don't push it too far! Mr. Dave said through gritted teeth.

Rosalynn smiled gently. Tve already told you about the lawsuit. You pay for your own actions. I only did what I had to do."

Rosalynn could hear Mr. Dave grinding his teeth on the other end

"We're both working for the Silverman family. There's no need to make things more complicated. Just drop the suit!" Rosalynn leaned back in her chair.

"Are you telling me what to do?"

Mr. Dave felt her intimidating aura even through the phone.

"No... I'm negotiating with you!"

www

“Mr. Dave, from what I know, you’re quite the repeat offender. There was a talented and beautiful female analyst in the Silverman Group. She was doing well in her performance assessments for several quarters, about to be promoted to a director. But you couldn’t stand seeing a woman succeed, so you spread rumors about her sleeping around with her superiors. The poor girl developed severe depression and attempted suicide multiple times because of your lies. In the end, she almost wound up going to jail for attacking you”

“Well, she went crazy just because of some rumors. That’s incompetent Mr. Dave stubbornly refused to admit his own wrong.

“Really?” Rosalynn sneered. “Then I’d like to see how Mr. Dave will show off your incredible ability in the face of other people’s casual words in the future!”

“What do you mean?” Mr. Dave asked in a hoarse voice.

When Mr Dave was waiting for her to answer, the phone was hung up. He tried to call back, only to find himself been blocked!

Mr Dave was so furious, he smashed his phone

It wasn’t long before the news of Mr. Dave’s long time habit of pressuring and seducing new employees spread throughout the Silverman Group

Other victimized staff members came forward with evidence they had been holding on to and filed police reports.

The media was also willing to rush to report on such a scandal involving the senior management of the Silverman Group.

Mr Dave’s wife filed for divorce in shame and anger.

Under multiple pressures, there was news that Mr. Dave attempted to commit suicide in the detention center.

One afternoon

Rosalynn was basking in the sun in her office, lazily enjoying herself.

Jaime was reporting Mr. Dave’s breakdown and suicide attempt to her through her earphones.

The reason of the rapid arrestment for Mr. Dave was not only due to the Silverman Group staff calling the police, but also to Jaime.

He hacked Mr Dave's phone and computer, finding numerous photos and videos of Mr. Dave's deeds with countless victims

Jaime sent an anonymous email to the police officer handling the case.

"That shameless old bastard better not die. He should live in shame for the rest of his life" Jaime said. "Sis, I'm going to the harbor with grandpa to buy seafood. I'll send you some too!"

"Sure... Rosalynn said

Sean pushed the door open with a serious expression on his face

"Secretary Tesdal, Mrs. Fuller is here" Sean whispered "She looks furious!"

Mache was exhausted recently

Chapter 162

She gave birth to a hell of a son! He actually took action against her for some substitute!

Not to mention her duties in the Silverman Group being gradually removed, even her trusted aides also suffered one after another!

"Smack!"

Maddie threw today's latest financial newspaper in front of Wayne

"Dave's incident, it was you who did it, right? Mr. Dave has watched you grow up! He worked for me for thirty years! Even if you want to get rid of my people, you shouldn't use such a ruthless method, right?"

Wayne glanced at the newspaper

"Isn't this just his own mess being exposed?" Wayne still spoke calmly.

"Exposed" Maddie sneered, "When I went to bail him out, the police refused I asked around for news to find out that someone had anonymously given the police many

photos and videos! No matter how much money I give, Dave won't be able to come out clean this time!"

"Photos and videos?"

Wayne thought about how Rosalynn had a little hacker brother Wayne did indeed help with Mr. Dave's matter, as the two people who went to report it were arranged by him. "Don't pretend this has nothing to do with you? Don't think I didn't know, you did it because Dave scolded Rosalynn at the meeting a few days ago, didn't you?" Maddie

sheered and asked

She never thought she would actually give birth to a love junkie. The things he did for Rosalynn were crazier than what he did for Olivia before!

"Mom, I didn't force him to do anything." Wayne spoke slowly, saying. "You're a woman too. You should be happy that a scum like him was caught, right?"

Outside the door.

Rosalynn clenched her mouth, trying not to laugh. She turned back to look at Sean and the other staff members in the president's office, waved to reassure everyone not to worry, and had them return to their positions.

When it comes to pissing people off, who could outdo Wayne?

A moment later

Maddie stormed out of Wayne's office.

Unlucky for Rosalynn, who was about to return to her secretary's room.

"Stop "Maddie called out to her

Rosalynn turned around, with a professional smile on her face, and said, "Mrs. Fuller, what can I do for you?"

Maddie walked over, her eyes filled with hatred. She raised her hand to slap Rosalynn in the face. Her grievances and anger needed to be vented somewhere "Secretary Tesda!"

"Oh my god!"

There were exclams from the president's office.

But the slap didn't land on Rosalynn's face. She grabbed Maddie's wrist.

"You' Maddie was shocked.

Rosalynn held her hand, shoved it aside, and said, "Mrs. Fuller, could you have some selfrespect? I work for Bane Corporation, I'm not sold to Bane Corporation as a slave where you can hit me whenever!"

Maddie was pushed and staggered When Wayne heard the noise, he hurriedly came out of his office.

"Mom!" He shouted and quickly walked over

"She hut mel" Maddie came to her senses, pointing at Rosalynn and said, "Wayne, I'm your own mother, are you just going to let her bully me like this?"

Wayne glanced at Rosalynn.

Rosalynn

She was defending herself at best Was she going to get a damn slap on the face? No way!

Rosalynn originally thought she would be blamed by Wayne

But unexpectedly..

Wayne directly stood in front of her, looking at Maddie with warning in his eyes, saying, "Mom, did you forget what I told you that night at the nursing home?" Maddie suddenly froze

Chapter 163

Everyone could visibly see that her body stiffened

That day. Wayne's warning was extremely harsh. Maddie couldn't believe that her own son would treat her so ruthlessly.

But now it seemed.

"Fine!" Maddie nodded, glancing at Rosalynn, who was well protected by Wayne.

She turned around to leave, but saw the teasing gazes of the people around her

Her self esteem was trampled into the mud

Maddie clenched her teeth in anger if she had known it would come to this, she would have kept Olivia instead!

Back then, she and the old lady had gone through great lengths to drive Olivia away. Now that the old woman was not sane, she had to face the humiliation brought to her by Olivia's replacement!

But Maddie had always been the type to hold a grudge!

Rosalynn! You just wait!

After Maddie left, Wayne glanced at Rosalynn and said, "Come to my office"

"Yes"

Rosalynn followed Wayne into the CEO's office

"After closing the door, Wayne sat down at the couch in the parlor area, waved at her and said, "Come here"

Rosalynn walked over

"I was just defending myself," Rosalynn replied.

"Right, Wayne nodded, "you did well. If anyone dares to lay a hand on you again, you fight back"

Rosalynn

You really were your mom's dear son

"How about we go see a movie tonight? I don't have much to do Wayne reached out to hold Rosalynn's hand

Rosalynn was stunned for a moment "Watch a movie?"

"Yeah" Wayne looked at her, "we've been together for so long, and we haven't been to the cinema to watch a movie"

Rosalynn tried to pull her hand back, but Wayne tightened his grip

"You choose which movie to watch"

"No can do," Rosalynn shook her head and said "I have plans tonight."

“Cancel them”

“It’s with Old Mrs Jared! It took us so long to finally set up this appointment!” Rosalynn frowned in refusal.

Hilana?

“How are you still in contact with her?” Wayne gave a hard tug, and Rosalynn fell straight into his arms, sitting on his lap. “Are you thinking of using her to escape?”

Rosalynn

“Yeah, yeah, I’ll take a plane tonight and run away!” Rosalynn tried to pry off his hand, which was wrapped tightly around her waist.

Wayne heard the Joking tone in her voice. These days, although Rosalynn was not as gentle as before, they were getting along quite harmoniously. Unlike at the beginning. when she was always so cold and distant

“Dont you dare” Wayne held her and pretended to be fiercely warning her

“Let’s watch the movie another day, I can’t stand her up.” Rosalynn muttered.

Wayne heard something suppy in her tone, which cheered him up significantly

“Going out for dinner?” Wayne asked.

“Yes,” Rosalynn nodded

“Tell me the address. I will drive you later,” Wayne continued to caress Rosalynn’s hand. “My mom made you feel wronged, do you want any gifts? I’ll buy them for you”

Blood is thicker than water

Wayne couldn’t treat Maddie like other people, he could only make it up to Rosalynn in other ways.

“I want to go to Paige’s place tonight,” Rosalynn hesitated for a moment and said, “You’ve been taking me with you everywhere you go lately, and we haven’t had time to see each other

Wayne frowned.

“Is she going to take you to a bar again?”

“Of course not” Rosalynn paused and said, I’ve already told her about our improper relationship.”

Wayne laughed. “An improper relationship?”

“It was...” Rosalynn mumbled. “Well? Can you give me a direct answer?”

“Sure”

Chapter 164

Wayne had to go back to the old house tonight

He had to set a date for his and Heatherway’s wedding and he chose this day partly to appease Maddie. Who knew what kind of drama she would create otherwise

“I’m going back to the secretary’s office”

Rosalynn tried to get up, but Wayne pushed her back onto the couch.

“What are you doing?” Rosalynn exclaimed

The door wasn’t locked when she came in. Someone might walk in at any moment.

“The door isn’t locked Rosalynn whispered.

Wayne ignored her and kissed her.

Rosalynn shuddered Luckily no one came in before he finished.

With her lipstick messed up, she gasped for air before hitting Wayne lightly and sat up

“President Silverman, are you going through a late adolescence phase? You’ve acting really rebellious lately!”

Rosalynn was speechless. She glared at Wayne and walked towards the bathroom in his lounge, where she rinsed the lipstick around her mouth with water.

Wayne calmly followed her, and she looked at him in the mirror.

There were lipstick marks on his lips too.

Rosalynn was a little irritated and wiped it off for him with a wet wipe. Wayne was stunned but let Rosalynn wipe it clean.

Afterward, Rosalynn turned to wash her hands.

Wayne hugged her, and the two looked like a couple in the honeymoon phase

Rosalynn's heart raced

"Afright." She tried to get away from Wayne

But Wayne kissed her delicate neck

"President Silverman, have you finished reading the contract?" Rosalynn asked hurriedly

Wayne answered vaguely. "No rush"

"Wayne!" Rosalynn pushed him away urgently.

Wayne smiled, "Why did you stop calling me President Silverman?"

"Stop messing around! Rosalynn's face turned red

Wayne looked at her, feeling affectionate. He gently kissed Rosalynn's lips.

"Rosa, it seems we haven't done it in my lounge..."

The arousal vanished in an instant, and Rosalynn suddenly sobered up

"Right, we haven't, Rosalynn replied coldly. "Because President Silverman forbade it, and I'm very obedient."

Wayne was taken aback

"Do you want to do it now? If so, let's go to the secretary's office..."

Wayne slowly let go of Rosalynn.

They fell silent for a while.

Rosalynn finally took the initiative to walk away, saying, "If there's nothing else, I'm going to get off work." "Rosa."

Rosalynn took a few steps, but Wayne called her again.

She stopped

Wayne continued, "Can't you forget the past?"

"No" After answering. Rosalynn walked away quickly

How could she forget? Of course, she couldn't.

She had to remember all the cruelty Wayne had done to her.

Chapter 165

She needed to stay sober and keep her distance from him no matter how much she liked him.

After working at Bane Corporation for so long it was technically the first time for Rosalynn to leave work early.

A few days ago, Hilana invited Rosalynn over for dinner at her place tonight.

Leaving Bane Corporation, Rosalynn drove straight to Hilaria's house, which was a small villa.

As soon as Rosalynn parked her car, Hilaria welcomed her with great joy.

"Weren't you supposed to arrive at six? It's just four now!" Hilaria held Rosalynn's hand and asked, "Did you leave work early?"

"Yep!" Rosalynn smiled and nodded

Hilaria burst into laughter, "Well done! I think that Silverman boy is a merciless capitalist, making you work overtime and accompany him to social events every day! Can't understand why he doesn't bring his fiancée, Ms. Rosso, and has to bother you instead?"

"Let's not talk about him Rosalynn said as she opened the trunk.

"I didn't know what you like, so I just bought some fruits."

Because of Wayne's pickiness, Rosalynn had acquired a knack for picking tasty fruits over the years. The fruits she bought were always super delicious!

Hilana asked the servants to bring the fruits inside

Then she took Rosalynn to show her the veggies in her small garden?

Far away, a detective who had been watching Hilaria's villa took many photos of Rosalynn and Hilaria's intimate interactions and sent them to his employer, Heatherway. "Heatherway didn't sit on her hands either

The Rosso family's business empire swept across R Country, but they didn't have much share in H Country

So when she married into H Country, she had another goal to help her family establish roots here.

When the photos arrived, she had just finished a very tough meeting. "Ms. Rosso, Mrs. Jared has a guest at her house."

Heatherway didn't feel anything special about this news. These days, Hilaria had hosted many old friends, and there were people coming every day.

So when the photos came, she didn't feel like study them. She only glanced at them and was about to read the documents in her hand to find a breakthrough for collaboration

Moments later, her eyes moved back to the photo, and she immediately clicked to enlarge it.

It wasn't even necessary to enlarge it, the woman in the photo had a bright smile that was so eye-catching

"Rosalynn?"

She exclaimed.

Then she thought of the auction, where Hilaria referred to Ms. Tesdal in a voice message.

Ms. Tesdal...

Ms Tesdal...

Was that Rosalynn?

Rosalynn didn't expect that when Old Mrs. Jared said coming to the house for dinner, she meant eat the meal she cooked.

The taste aside, even just looking at it was pleasing to the eye.

“Old Mrs Jared, who knew you had this skill? Rosalynn asked, surprised.

“I learned it myself while living abroad because I couldn’t find the taste I wanted,” Hilaria replied while sharing dishes with Rosalynn.

Rosalynn quickly thanked her and served Hilaria some soup.

“You haven’t been enjoying your work at Bane Corporation these days, have you?” Hilaria asked while eating, sounding like a regular grandma concerned about her granddaughter’s job.

Rosalynn gave a bitter smile. Hilana knew what she meant.

“You don’t have to be so hard on yourself I’ve told you before, my words still count. If you want to leave Bane Corporation, I will help you” Hilaria spoke slowly “Okay” Rosalynn nodded and thanked her again

“You’ve been with Wayne for all these years, so you must know all his preferences, right?” Hilaria suddenly changed the topic

“Pretty much.” Not just pretty much, she knew almost everything about him

“Last time I met Heatherway, I heard her wedding with that Silverman boy is about two months away.” Hilaria said slowly.

Chapter 166

Rosalynn thought she had become immune to Wayne getting married.

But when she heard about the wedding date, her heart still gave a sharp pain.

Rosalynn

Ugh, weak.

“Heatherway invited me, but I don’t like the Silverman kid, so I thought I’d just send a gift and skip the wedding” Hilaria said casually. “But even if I don’t like him, I still have to put thought into the wedding gift, so I wanted to ask you about the Silverman kid’s preferences”

"I never really thought about that" Rosalynn said calmly, "Since it's Ms. Rosso's invitation, why not go with her preferences?"

"Yeah, that seems to make sense" Hilaria nodded, "Then I'll give her a set of jewelry!"

"Yeah, jewelry sounds nice" Rosalynn approved

Hilana looked at Rosalynn.

The girl seemed like she wasn't sad at all. If she wasn't sad, that meant there were no feelings involved, then why would she stay by Wayne's side?

For money?

Hilaria pondered for a moment. Then she dismissed that answer.

She hadn't known Rosalynn for long, but Hilaria was certain that she wasn't the kind of girl who was after money.

If it wasn't for the money. Then the answer didn't seem too hard to guess.

That Silverman kid was always so stubborn, and this time he probably used other tricks like coercion.

After this conversation specifically arranged by Hilaria, the two never mentioned Wayne again and they happily chatted.

"There are so many delicious things to eat in L City?" Hilana was drooling after listening to Rosalynn talk about the local L City food.

"The surrounding cities also have lots of good things to eat! If you have time, you can stay for a while and take your time to taste all of them!" Rosalynn said, somewhat proud of her hometown

"I might go next week" Hilaria's smile faded a bit, "If I can't find the person I'm looking for, then it's time to go back."

A brief moment of sadness.

Hilaria held Rosalynn's hand and said, "Remember our deal! When I go to L City, you have to make time to hang out with me for a couple days no matter what!"

"No problem!" Rosalynn smiled sweetly. "If Wayne doesn't allow it, I'll just put something in his drink and let him sleep for two days!"

Hilana burst out laughing

As they were having a great time chatting, Calvin came over in a hurry with his own large meal bowl, with the food in the corner of his mouth.

He said a lot of incomprehensible things.

Hilana's expression changed drastically, "Wasn't everything fine when we went last time? How did it suddenly turn into a critical condition?"

Calvin said a lot more.

He looked extremely anxious.

"Prepare the car, let's go now!" Hilaria visibly hurried.

"Old Mrs. Jared, what's going on? Rosalynn got up.

"The person I visited in the nursing home last time is suddenly in critical condition!" Hilaria said solemnly. "He's the adoptive father of the person I'm looking for... He's the only one who knows how to find her!"

"Don't worry! Is the driver here?" Rosalynn asked

Hilaria shook her head, "I figured there wouldn't be anything tonight, so I let him go rest..."

"Can Calvin read Chinese?"

"Get in my car! Rosalynn made a quick decision, grabbed Hilaria's coat, "I don't have anything going on tonight, I'll take you."

Hilaria didn't bother being polite with Rosalynn either.

A moment later

Rosalynn drove through the night, heading toward the nursing home

On the way

Wayne called

Rosalynn picked it up

Before Wayne could speak

Rosalynn took the initiative to report, "President Silverman, Old Mrs. Jared's friend is critically ill, I am driving her to the nursing home now, the same one where the old lady stays."

Chapter 167

"Seriously ill? Do you need my help? Wayne asked.

"Let's talk about it when I get there" Just as Rosalynn finished speaking, she heard a faint voice coming from Wayne's end.

"Got it, don't drive too fast, be safe, and call me if you need anything Wayne's tone was gentle, but he was obviously a little flustered.

"Okay" Rosalynn responded and hung up the phone voluntarily

Although the voice just now was faint, she still recognized it as Heatherway's voice

No wonder he agreed so easily to let her go tonight.

"Girl?"

Hilana, from the side, called out to her

Rosalynn came back to her senses "What's up, grandma?"

"Do you think I'll never find that old friend in this lifetime if he dies?" Hilaria muttered.

Rosalynn hesitated for a moment "Old Mrs. Jared, can I ask who that old friend is to you?"

"She is." Hilaria sighed, "my eldest daughter-in-law"

"What?" Rosalynn never expected such an answer

"The one in the care center is her adoptive father it's quite dramatic, she and another child were swapped at birth. She married into our family shortly before this was discovered" Hilania shook her head, "The later things are family scandals, so I won't talk about them. Anyway, in the end, because I was used, her marriage to my son was annulled, and she left us and disappeared without a trace"

Rosalynn didn't say anything.

So, was it because Old Mrs. Jared felt guilty to that person that she wanted to find her?

"It was during the New Year this year that I found out that I had been used and had wronged that child... When I finally found her adoptive father, the old man scolded me and then told me that she had been dead for many years..."

Hilaria wiped her tears.

"That child had a very similar character to mine, very stubborn, but capable. I once regarded her as a successor and cultivated her!"

"Don't be sad." Rosalynn comforted softly

Hilaria choked and shook her head

"I just want to find her and apologize to her face to face, whether she's dead or alive"

The atmosphere was heavy, so Rosalynn played some soothing light music

By the time Hilaria arrived, the person had been saved

However

Rosalynn looked through the window of the ward.

The withered old man looked as if his life had almost reached an end.

It was like the time when her grandparents were sick and dying.

"Mrs Jared, we've done our best" The chief physician looked at Hilaria helplessly. "He is still conscious, you... better hurry up."

Hilaria shook her head.

A moment later, Rosalynn helped her into the ward.

"Baldrick Hilaria began, her voice trembling

The withered old man looked at her and said, "What are you doing here again?"

"What do you think? Hilaria's eyes were red, and she had lost her youthful momentum as a businesswoman, "We met when we were young..

“Yes, we met when we were young” Baldrick gritted his teeth and suddenly burst into hysteria, “So I trusted you with my precious baby! But what did you do?!!!”

The machines in the ward began to alarm, and the medical staff rushed in.

At this moment, Baldrick’s gaze suddenly passed Hilaria.

He looked towards the person behind her

His pupils suddenly dilated, and he desperately stretched his hand towards her direction

Chapter 168

“Baldrick”” Hilaria hurriedly called for the medical staff.

Amidst the chaos, Rosalynn’s gaze met Baldrick’s unintentionally.

His withered hand reached out to her. His mouth opening and closing trying to say something.

“Chi child. Baldrick struggled to get the word out

Before the medical staff rushed in to save him, his eyes lost their light, and his reaching hand slumped.

The piercing beeps from the heart monitor signaled Baldrick’s death.

“Baldrick!!” Hilaria rushed over, sobbing uncontrollably

She cried for a moment before suddenly fainting

“Old Mrs Jared Rosalynn exclaimed.

After a tumultuous scene, Hilaria also ended up in a hospital herself.

Rosalynn used a translation app to talk to Calvin about Hilaria’s medical history.

Thankfully, Hilaria’s health had always been good she just became overwhelmed with grief.

Stepping out of Hilaria's room, Rosalynn took a deep breath,

The late-night air in early winter was freezing. She leaned against the railing, her mind inexplicably filled with the look in Baldrick's eyes just before he died, seemingly directed at her.

"Her phone rang.

Rosalynn snapped out of it and pulled out her phone. It was a voice message from Paige, she had sent several

"Babe, remember when I told you about my company trying to land a difficult project? This afternoon, a man claiming to be in charge of the project called me and asked me to negotiate a contract with my company. And then, just now, they signed the contract!"

"I was just about to quit this crummy job, and suddenly this incredible opportunity comes crashing down on me!

"My boss wants to promote me to director of the sales department

"I'm a designer, and I've only been in this job for less than a month, and now I'm the boss of the sales department?"

A few minutes later, Paige sent the last voice message.

"I just sent off the other party's representative, and he... he told me that President Silverman strongly recommended me for this. This President Silverman couldn't be your President Silverman, could it?"

Rosalynn frowned slightly Who else could it be but Wayne?

She immediately called Paige back.

Paige quickly picked up the phone. "Babe, where'd you go? It took you so long to call me back!"

"Did you read the contract carefully? Rosalynn got straight to the point.

Paige gritted her teeth, "I'm reading it right now, twice over, and I even asked my friend who studied law, it doesn't seem like there's any trap!"

Rosalynn bit her lip. What did Wayne want to do? Donating to Noah and handing Paige a project?

"Don't worry, I'll confront him directly Rosalynn said firmly.

“My babe, don’t be impulsivel Maybe maybe he has no ill intentions?” This project was too important for their small company. Many companies would fight tooth and nail for it, and they landed it without much effort

Rosalynn didn’t respond.

“Keep looking at the contract” After hanging up, Rosalynn checked the time. It was almost midnight.

Was Wayne with Heatherway now?

She hesitated for a moment

What was she afraid of? She dialed Wayne’s number directly

The phone rang several times

Rosalynn was prepared for the same thing as that time in the Q City, when Heatherway answered the phone

Just before the call was ended automatically, it was picked up

Rosalynn didn’t say a word

A voice came from the other side, saying, “It’s me, not someone else”
