## Chapter 181

Rosalynn was stunned as she put her hand on her belly and quickly turned around.

In the darkness, there were two babies crying

“Wh who are you guys? Rosalynn asked, bewildered.

“Mommy is a liar! You said you’d protect us!”

“Boohoo, mommy’s so bad!”

Rosalynn had a splitting headache. “I’m not a liar, I’ll really protect you. Please stop crying!”

“But you’re gonna die! How can you protect us? The babies cried out in sorrow.

Yeah, right... If she died, who would protect the babies”

No way, she couldn’t die!

Rosalynn must not die!!

Wayne didn’t know how many times he had already performed mouth-to-mouth resuscitation on her

Just as he was about to continue with the CPR, the person underneath him let out a soft cough.

“She’s awake! Secretary Tesdal is awake!” Rosalynn heard Sean’s excited voice.

She opened her eyes wearily, and the first thing she saw was Wayne’s tear-filled gaze staring at her

“Am I dead?” Rosalynn asked. Her voice was terribly hoarse

Wayne shook his head and whispered. “Of course not!”

Rosalynn sat up and hugged Wayne tightly, “You came to save me, you really came to save me...”

Rosalynn was shaking all over, and he could feel how terrified she was.

Im sorry.” Wayne also hugged back.

He had been careless about Eric’s feelings for her and didn’t send bodyguards to follow her Thank goodness...

Luckily....

Just thinking of Rosalynn passing out made Wayne want to go crazy

“Take me away, I don’t want to be here,” Rosalynn cried to him,

“Alright!” Wayne agreed at once, picking up Rosalynn and heading out

“Waynell’Enc mared suddenly, “She blinded my eye, she can’t leave!

Wayne coldly looked at Eric. “Do you think today’s incident can be settled with just one of your eyes?”

Eric was taken aback, “Are you going to break the partnership with the Rosso family for a lowly woman?”

“Do you think you represent the Rosso family?” Wayne’s voice was ice-cold, “Find someone to cut out his tongue and send it to Heatherway!” “YOU DARE! You can’t do this”!”

Before Enc could finish, Wayne strode out of the room, carrying Rosalynn in his arms.

Several fierce-looking men emotionlessly walked towards Eric

“What are you doing! I’m Eric Rosso! I’m Fabian Rosso’s son! DON’T YOU DARE TOUCH ME?!”

Wayne’s bodyguards were already fond of Rosalynn. When they came in earlier and saw Rosalynn nearly dead, they wanted to kill him.

“You can’t even speak proper English. I guess this tougue of yours are useless.”

Two crackling sounds, and Enc’s jaw was cut off. Enc’s scream of pain was so loud that Rosalynn could hear it too. She instinctively shrank into Wayne’s arms.

“Rosa, you’re covered in blood. Let the doctor check you first, treat your wounds, then we’ll leave, okay? Wayne spoke softly to her.

“It’s his blood,” Rosalynn replied, “I don’t want to stay here. Let’s leave now!”

“Alright! Let’s go now!”

Rosalynn was already exhausted. In Wayne's arms, she felt incredibly safe, and moments later, she fell asleep.

Several luxurious mansions were nearby.

There were also some of Wayne's mansions.

### Chapter 182

He was still worried about Rosalynn's injuries. There were some wounds that even she didn't know about.

He took her directly to his mansion, and Rosalynn had been unconscious along the way

Wayne took her to the bathroom and helped her take off her blood stained bathrobe. When he saw what she was wearing underneath, Wayne's hands stiffened for a moment.

At this time, Rosalynn woke up groggily and saw that her bathrobe had been removed.

She became instantly alert, hesitated for a moment, and then explained, "He didn't get a chance to see me before I stabbed his eyes."

Hearing this, Wayne visibly relaxed.

"Don't worry, I didn't let him touch me Rosalynn added.

"Am I worried about that?" Wayne said in a deep voice.

He got a new bathrobe for her and wanted to wrap her in it

"I don't want to wear this!" Rosalynn said shyly. "You go out first"

"I've seen your body, what are you so shy about?" Wayne said helplessly. Rosalynn frowned, "That bastard made me wear it, and I don't want you to see it!" Wayne was startled, "Fine, you call the shots in our house!"

Wayne went outside.

Rosalynn quickly took off the disgusting red dress and wrapped herself in a warm and soft bathrobe.

She took a deep breath, and her hands were still trembling a bit, but she had pretty much calmed down.

“Okay” She spoke

Wayne immediately came in

He helped Rosalynn take a bath. After the blood stains disappeared, the bruises on Rosalynn’s cheeks and neck were absolutely shocking.

Wayne’s expression became terrifying, but he was afraid that his anger would scare Rosalynn, so he tried to suppress it.

“Does it hurt?” He asked with concern.

Rosalynn hesitated for a moment, and for some reason, right at this moment, she didn’t want to pretend to be strong anymore. She nodded with grievance, “It hurts...”

Wayne’s heart broke even more.

He hugged Rosalynn and said, “Don’t worry, I won’t let this slide!”

“But the contract with the Rosso family”

“If the Rosso family wants to protect him, then we won’t cooperate” Wayne said without hesitation.

When he broke into the room and thought she was dead, everything in the world became unimportant.

Rosalynn didn’t expect Wayne to say such words. She didn’t know if it was true or not.

After all, in the past, Wayne wouldn’t lie to her just to coax her

She hugged Wayne’s waist tightly and said, “Anyway, thank you for saving me”

“Did you think I wouldn’t come to save you?” Wayne asked, his heart aching.

If she had faith in him, why would she fight Enc to the death?

Rosalynn didn’t say anything, and just let tears run out silently.

“Alright, don’t think about it anymore.” Wayne gently stroked her back, “I’ll hold you while you sleep.”

“Okay” Rosalynn nodded.

Leaning against Wayne’s warm embrace, listening to his strong heartbeat, and even the scent in his breath was something she craved.

Rosalynn’s body was extremely exhausted, but she wasn’t drowsy at all.

Wayne had snatched her from the hands of death tonight, and the moment she woke up and saw him, she knew she didn’t have to pretend to be strong anymore.

As a result, the Pandora’s box deep in her heart was completely opened. She could no longer suppress her dependence on and feelings for Wayne.

### Chapter 183

Heatherway and Wayne’s wedding date was set. The 18th next was is a good day to tie the knot.

Rosalynn was super tense all night, and it didn’t take long for her to fall into a deep sleep in Wayne’s arms.

Wayne looked down at the wounds on her cheek and neck.

His heart ached.

When the bodyguard brought Enc’s tongue to Heatherway’s residence, she was still asleep.

“Wayne has something for me?” Heatherway was a bit puzzled

She had found out that, Rosalynn was most likely the person who Hilana had bought that expensive gift for, and she had been very cranky these past few days.

At this moment, the gift Wayne sent instantly made her anger disappear a bit.

“Yes, Miss” The bodyguard answered coldly, his tone extra harsh.

Then he turned around and handed a rough paper box to Heatherway.

She hadn't seen clearly what was inside, but the smell of blood hit her like a brick. The box was low-quality, and some blood was seeping through it.

Heatherway frowned at it.

And then...

"Ah!!!"

She knocked over the box, and the bloody tongue rolled out onto her expensive fluffy carpet at the door.

"What the hell are you thinking? Are you out of your mind?" Heatherway angrily yelled

The bodyguard stood there and said, "Miss Heatherway, this is Mr. Enc's tongue"

Heatherway was stunned and very shocked. "What did you say?"

"Mr. Enc, not knowing who gave him the courage, dared to kidnap Secretary Tesdal and almost killed her the bodyguard briefly condemned.

The look on his face was as if he was saying that you ordered Eric to kidnap Secretary Tesdal.

Heatherway was astonished beyond belief. She genuinely didn't know about this.

The person she had sent to the black market to hire thugs hadn't even returned yet!

Enc...

"I really didn't know anything about this!" Heatherway's face turned pale, as if she were about to faint at any moment, "What about Secretary Tesdal? Is she still alive?"

She hoped Enc had killed her, otherwise Eric, the idiot, lost his tongue for nothing!.

"Of course"" the bodyguard replied.

"What about Enc?"

With his tongue cut off, how was the man?

"When I left, he was still alive," the bodyguard replied, "President Silverman said that if you want the person, you can find him directly tomorrow."

After saying that the bodyguard was about to leave. Heatherway quickly went forward, avoiding the tongue. "I really had nothing to do with this!"

“That would be out of my hands” The bodyguard left after throwing down those words, not looking back.

Somehow, he always had a feeling that the beautiful Ms. Rosso wouldn't be able to marry into the Silverman family.

After the bodyguard left, Heatherway stood there

Jones, with a face full of anger, came forward to complain, “Wayne is really ruthless! Does he really treat themselves as someone important? If it weren't for your affection for him, he wouldn't be worthy of you, Miss! Everyone knows that Mr. Eric is the Rosso family's illegitimate child outside. Wayne actually cut off his tongue for a shameless woman”

“Dammit”

Heatherway angrily kicked the tongue away.

“Miss!” Jones had never seen Heatherway lose her temper like this.

“If you're going to kill Rosalynn, don't let Wayne find out!!” Heatherway was frustrated, grumpily grabbed her hair.

Jones stood aside, very worried

Heatherway clenched her fists and looked at Jones, “Get some more money, I want to get rid of Rosalynn before the wedding!” “Do we still need to do this now?” Jones was a bit worried

Chapter 184

“I have to make a move exactly when Wayne is doubting me, so there will be no suspicion! In any case, even if it's risky, I want Rosalynn's life!!”

Why? A woman with no background, who just looked like Olivia, was treated like a treasure by Wayne!

Hilana was even more outrageous!

Instead of handing over the huge consortium to the more talented people like her, Hilaria was thinking about handing it over to Rosalynn!

These people!

All of them were idiots!!

When Rosalynn woke up, her whole body ached, especially her neck and cheeks.

Her throat was burning, and it hurt as if a razor blade was scraping when she tried to speak.

Rosalynn:"

She lay down in a soft, warm bed, and last night's terrifying experience slowly surfaced in her mind.

Wait a minute. Did Wayne cut off Eric's tongue last night?

"Baby"

At this moment, the door opened.

Rosalynn looked blankly at Paige, who was crying

"How how did you get here?"

"Wayne asked me to come!" Paige wiped her tears, looked at Rosalynn's neck and face, and cried again.

Rosalynn pinched her mouth, stopping her tears.

"Don't cry. "Rosalynn said with difficulty.

"You should not speak" Paige sobbed

Rosalynn took out her phone to type, 'Did Wayne trick you into coming?'

"Of course not!" Paige grumbled, "I couldn't reach you, so I was worried. When I finally got through this morning. Wayne answered the phone"

Rosalynn frowned and looked at the phone on the bed.

"President Silverman said you were hurt, and I thought he did it, so I came prepared to beat him up!"

Who knew that when she saw Wayne, he wasn't the fierce and evil person she imagined, but he was handsome, polite, and let her stay with Rosalynn.

Rosalynn smiled and then lay back on the soft bed

"Why don't you wake up a little bit earlier? He just left!"

Listening to Paige's words, Rosalynn felt that Paige might change her attitude towards Wayne.

Indeed..

Paige leaned in close, Wayne is not what I expected."

Yeah, Wayne has changed lately.

But she wondered how the Rosso family would make things difficult for him this time after the incident with Eric?

Wayne left the manor to meet with Hilaria.

After the past two days of events, Hilaria's spirit has clearly deteriorated. She found out about Rosalynn's accident last night only this morning.

Hilaria felt guilty for possibly putting Rosalynn in danger by accompanying her to the care center. Worried about Rosalynn's well-being, she asked, "How is she doing?" Hilaria's concern was evident in her tone, and her guilt made her feel uneasy.

Wayne frowned, "She was terrified, and Enc almost strangled her to death."

Feeling guilty, Hilaria replied, "Tell me, what do you want me to do?"

"It's not a big deal. Rosa blinded one of Enc's eyes last night, and I cut off his tongue. Wayne said indifferently.

Hilaria froze, and then sneered, "You did the night thing!"

"Mrs. Jared, I've heard you were going to L City? Would it be convenient for you to wait until Rosa is better, and then take her with you?" Wayne asked. Hilaria frowned, "What are you up to?"

Wayne smiled, "They almost killed Rosa One eye and one tongue are far from enough"

## Chapter 185

Hilana touched the bracelet on her wrist

“Are you really sure about this? You wanna start a conflict with the Rosso family just for a girl?” Her tone was indifferent, it was hard to tell what emotions she was feeling

“They’re the ones misbehaving Wayne replied

Hilaria looked at him meaningfully. “So, are you going to marry Heatherway? I’ve heard you guys have already set a date?”

Wayne’s eyes flashed with anger. “They don’t deserve to talk about marriage with me

Hilana glanced at him in the end, she didn’t ask him how he planned to handle the relationship with Rosalynn.

Those tycoon families’ marriages were always just alliances with other families

Hilana knew Wayne pretty well. She knew he wanted a lot of things, so why would he marry the powerless Rosalynn?

Of course If Rosalynn had her own power, maybe things would be different.

The Silverman family never did anything meaningless, so he wouldn’t hand Rosalynn over to her without a reason

“I need to send an old friend’s ashes to N City, it will take about three or four days, I have someone pick up Rosa after that.”

“Thank you, ma’am, Wayne nodded slightly.

Hilana looked at him, didn’t say anything, and got into the car and left.

The car headed towards the airport.

Calvin looked at Hilaria, who was holding the urn, and said, “Are you really going to choose Ms. Tesdal as your heir?”

Hilana hesitated for a moment, then shook her head.

“I originally planned to, but... now that I know Adeline has another daughter alive, I need to find her first... If she’s trainable, I’m planning to give her all these businesses to inherit!”

Calvin nodded. After a brief time together, Calvin quite liked Rosalynn

He muttered, "If only Ms. Tesdal was your granddaughter

Hilana smiled and whispered to herself, "Yeah, that would've been just perfect."

But Hilana knew it wasn't likely. Rosalynn didn't look like Adeline or her son at all, and she had checked that Rosalynn's parents had died when she was born, and she was raised by her grandparents.

And the lawyer told Hilana that the child was living with Adeline, according to what Adeline and Baldrick said.

"By the way," Calvin straightened up a bit, his face showing some disgust, "Somebody else is sending people to look for that child too! We can't let them find her first

"Keep a close eye on them!"

Hilana frowned in disgust.

Calvin replied with a 'yes'

The Silverman family

When Wayne entered the door with anger, Maddie was comforting Heatherway.

Seeing Wayne come in, she immediately slammed the armrest of the sofa: "Wayne, you better explain what's going on with Eric!" Heatherway cried while trying to stop Maddie, "Mom, there must be a misunderstanding. Wayne must have been used by someone too!" Wayne looked at her coldly and then sat down. "Ms. Rosso, come on, what kind of misunderstanding could there be?"

Chapter 186

Maddie sneered and threw a stack of files in front of Wayne. "Take a look for yourself. These are the proofs of Rosalynn's secret dealings with our archenemy. Eric's incident was just one of her schemes to pit the Silverman family against the Rosso family!"

Wayne picked up the files and browsed through them leisurely

"Thankfully, your father in law is reasonable. He only asked you to hand over Rosalynn to the Rosso family for punishment, and our engagement is still intact. By the way, what happened to Enc?" Maddie asked with a serious tone.

"Who knows?" Wayne tossed the thick files back onto the coffee table

"President Silverman, what do you mean by that? Wasn't it you who broke into Mr. Eric's estate last night and took him away?" Jones couldn't stand it anymore.

"Where's the evidence?" Wayne asked

Jones face stiffened Upon learning about the incident yesterday, Jones immediately had someone retrieve all the surveillance footage from Mr. Eric's side. But all the data had been wiped clean. All the servants in that house had also vanished without a trace.

"Enough! Let's deal with Enc's matter later. Hand over Rosalynn first!" Maddie hated Rosalynn so much that, now that she had the chance, she wouldn't be satisfied until she killed her

Heatherway, on the other hand, remained silent

"Don't tell me you guys faked these files." Wayne scoffed. "Even if Rosalynn really did betray me, I'll deal with her myself. Handing her over to someone else? Don't even think about it?"

"Asshole Maddie stood up angrily

"Do you know how long Heatherway pleaded her father for?"

Heatherway's face turned pale, and she started to cry

"Ms. Rosso, I have only one question, Wayne turned to her.

"We've been cooperating well, but Eric crossed the line by first hurting my people, disrupting the balance in our relationship. Now... are you implying that Enc represents the Rosso family?"

Heatherway hesitated for a moment before instinctively denying, "Of course he cant represent the Rosso family!"

-Wayne nodded. "Since he doesn't represent the Rosso family, let's just consider yesterday's incident as a personal grudge between him and me, shall we?"

"It's not about you and Eric, it's Rosalynn Maddie desperately tried to exclude Wayne, "Wayne, what exactly did Rosalynn do to you? Lately, you've been risking ruining the

relationship with the Rosso family for her sake! Heatherway is your fiancée, and soon you two will be marned...”

Heatherway looked at Wayne, suddenly remembering his warning to break off the engagement that day at the rehabilitation center parking lot.

A chill ran down her spine

“Mom, stop!” She said solemnly, “Wayne is right. This time, it was Eric’s recklessness!”

“Wayne, I will continue persuading my father not to make things difficult for Miss Rosalynn.” Heatherway paused, “Please trust me, I have nothing to do with this, and I’ve never had any hostility towards Miss Rosalynn!”

Maddie couldn’t stand it anymore Protecting Heatherway, she shouted, “Wayne, don’t push Heatherway too hard! Eric is to blame for what happened, yet you sent his severed tongue to Heatherway in the middle of the night...”

“Do you feel wronged, Ms Rosso?” Wayne asked word by word.

Heatherway didn’t quite know how to respond

“It’s alright” Wayne stood up. “1, Wayne, never bully others. If you feel aggrieved, you can propose to dissolve the engagement anytime.”

For a moment, the Silverman family’s living room turned extremely quiet

“Wayne, are you out of your mind? Maddie was shocked, fearing that Heatherway would agree with him. She immediately grabbed Heatherway’s cold hands, “Heatherway, don’t listen to his nonsense!”

Chapter 187

Heatherway’s hands were shaking.

She stared at Wayne, trying her best to see through him.

Something’s off with him...

Why did he suddenly say that he would give her the power to cancel the engagement?

"I've said all I need to say. Anything else you want to say?" Wayne stood up.

Maddie frowned, "Where are you going? Mr. Fabian's assistant is already on his way to H Country!"

"If he has something to discuss with me, tell him to make an appointment at the company first" Wayne replied, and without any hesitation, he strode out

Heatherway felt lost Maddie comforted her for a moment and then ran after Wayne. "Wayne, what the hell are you doing? Are you really going to offend the Rosso family and ruin the engagement?"

Though Wayne had been acting crazy lately, she knew her own son well. No matter how much Wayne liked Rosalynn, she didn't think it would affect his engagement with Heatherway

But now Maddie wasn't sure anymore

"How could I ruin the engagement? Wayne glanced at his mother and smiled, "Heatherway will be the one to cancel the engagement."

Maddie smelled some sort of scheme. "You.. what are you planning to do?"

"Don't worry, Mom I will prioritize the interests of the Silverman Group and Bane Corporation. I will never let them suffer any losses." Wayne paused, raising his hand to adjust Maddie's crooked diamond brooch. "By the way, I heard that you've suddenly got a few dirty things bought from the black market." Maddie felt a chill down her spine.

The so-called dirty things were several hired mercenaries. Maddie always thought that she had been very secretive, but she never expected it had long been noticed by Wayne

"I just wanted a few more bodyguards" Maddie defended herself

Wayne looked at her emotionlessly. "If you need bodyguards, why didn't you just tell me? I'll send some over later."

"No no need!"

"Do you think I'm asking for your opinion?" Wayne asked

Maddie suddenly felt scared. Looking at her tall and handsome son, she realized he was no longer the child who used to nag her for hugs.

“Prioritizing Bane Corporation and the Silverman Group’s interests. I think you’re prioritizing Rosalynn’s interests now, aren’t you?” Maddie sneered, “Son, do you really know whether you want Rosalynn or Olivia?”

Wayne didn’t answer Seeing this, Maddie wanted to provoke Wayne even more

But Wayne spoke first, “Does it matter?”

Maddie was stunned

“As long as she stays by my side forever, nothing else matters”

With that, Wayne left without looking back.

Maddie stood still, her body swaying for a moment before almost falling to the ground

After Wayne left, Rosso’s assistant Fabian arrived at the Silverman family Hearing that Wayne would never hand over Rosalynn, he went straight to the Silverman family

No one knew what happened exactly but the assistant left H Country frightened that night.

As for Enc’s whereabouts, about half a month later, someone found a naked, one-eyed madman in a filthy ditch.

That night, Wayne didn’t return to the mansion until late.

“President Silverman, Ms Tesdal and Ms. Owens have already gone to bed,” the old servant took Wayne’s coat.

He was cold from the winter night.

“How was Ms Tesdal’s appetite today?” Wayne asked

“Ms. Tesdal seemed very happy with Ms. Owens around. She ate quite a bit for both lunch and dinner,” the old servant answered “Good”

Wayne nodded in response

Chapter 188

He walked towards the room where Rosalynn was resting

Inside, Rosalynn and Paige were sleeping peacefully together.

Wayne approached them with care, lifting Rosalynn gently in his arms, and carried her to a different bedroom.

The events from the previous night had left Rosalynn restless, causing her to have a troubled sleep

The moment Wayne entered the room, she awakened from her slumber

However, she was worried that waking up Paige would be embarrassing.

When they were out of the room, she opened her eyes and said. "You you can put me down. I can walk by myself"

Her voice was slightly better, but still a bit hoarse

"No" Wayne refused. He insisted on carrying Rosalynn to another room, carefully put her down, and sat next to her.

Her swollen face had slightly improved, yet bruising was still evident

"How are things progressing with the Rosso family?" she inquired.

"Rosalynn, Wayne interjected

Rosalynn turned her gaze towards him. "What's on your mind?"

"When your face has healed completely, let's choose a date and tie the knot, Wayne expressed deliberately.

Rosalynn was stunned

"What did you say?"

Wayne cupped her cheeks and moved closer to her, "I said let's get mamed"

"Are you kidding? You and Heatherway..."

"It won't be long before she takes the initiative to break off our engagement," Wayne said indifferently.

Rosalynn was still very confused

Did Wayne just propose to her?

“What kind of expression is that? Wayne pinched her chin gently. “You don’t want to marry me?”

“But why?” Rosalynn asked in confusion.

Wayne had clearly warned her before to be a good substitute and not to have any improper thoughts.

Wayne didn’t know how to reply this stupid question.

“What motivates a man to marry a woman?” he pondered; his brows furrowed

“But I’m no tycoon, my savings won’t be enough for you to buy a diamond cufflink!”.

“Yeah, how did this happen? How did I end up wanting to marry you?” Wayne leaned in closer to Rosalynn and kissed her lips. “In a few days, go with Hilaria to L City, and by the time you return, things on my end should be mostly sorted out

Rosalynn’s heart trembled with intensity.

Reason urged her to decline

But emotionally

Rosalynn suddenly remembered the two babies she saw when she was close to death yesterday.

For children, having loving parents and a complete family is the best!

“Let’s wait until you break off your engagement first.”

If he really broke off the engagement, then of course she could trust his sincerity

By then She would tell him about her pregnancy

Thinking about Wayne’s recent obsession with children, Rosalynn thought he would be delighted, right?

“You’re pretty proud, huh?”

Wayne gently grasped her chin and kissed her once more.

“No matter what you decide, you can’t take reckless risks, okay?” Rosalynn remained deeply concerned about the impending clash between Wayne and the Rosso family

“Don’t worry.”

The next morning, as soon as the sky began to brighten, Wayne went out again

For the next three or four days, he was always out early and back late

Rosalynn, on the other hand, was well-fed and well-cared for at the mansion.

It wasn’t until Hilana had buried Baldrick and returned to H City that things changed.

That night, Hilaria called for a car to pick up Rosalynn and charter a flight to L City

Chapter 189

Since Wayne saved her a few days ago, Rosalynn’s life has felt incredibly surreal

Wayne had undergone some changes before the incident, but in the past few days, he had transformed into a completely different person. He was even willing to abandon his mamage alliance with the Rosso family for her! Rosalynn could hardly believe it.

Suddenly, Hilana’s voice broke through her thoughts. “Ms. Tesdal?” she called out. Rosalynn turned to face Hilaria and asked, “What’s going on, Old Mrs. Jared?” Hilaria seemed annoyed and asked, “What were you thinking about? I’ve been trying to get your attention for a while now!” Rosalynn felt a twinge of embarrassment

Hilana didn’t wait for her to answer, and then said: “When we get to L City, you don’t have to stick with me all the time. Just go and see your friends and classmates if you want

“I was just about to tell you the same thing” Rosalynn said slowly. “Actually, I do want to meet someone, but...”

Seeing that she hesitated to say more, Hilaria asked, “Is it someone Wayne doesn’t want you to see?” She hit the nail right on the head.

Rosalynn sighed helplessly, “Yes.”

“Is he your lover?” Hilana asked again.

Rosalynn hurriedly waved her hands, “No no, he’s not my lover, just a childhood neighbor”

“Is he someone you had a crush on before?” Hilaria teased with a smile.

Rosalynn still wanted to explain, but Hilaria patted her hand and said, “Alright, I’m just teasing you. Don’t you think I can see right through you with your little crush on Wayne?”

Rosalynn was stunned. So she wasn’t as good at hiding her feelings for Wayne as she thought?

I’ll help you cover it up, Hilaria reassured her.

“Thank you, Old Mrs. Jared, Rosalynn said sincerely.

“Thank you is not enough, you have to be my good tour guide” Hilaria pretended to be stern.

Rosalynn nodded sweetly with a smile, I promise I’ll do my best

Hilaria looked at her, really liking this girl. At first, when she learned about her granddaughter, Hilaria thought that even if she didn’t make Rosalynn her heir, she could still train her to be a capable assistant for her own granddaughter.

However, Hilana had recently discovered some questionable activities that Wayne had been involved in. It appeared that he had already forsaken the marriage alliance with the Rosso family. And the reason? It was painfully clear

This young man wouldn’t be by her side any longer.

She let out a sigh

When they reached L City, it was already midnight. They were met by a group of seven or eight muscular men who fortunately spoke English. After leaving the airport, their car headed directly to Hilaria’s luxurious seven-star hotel located in the heart of the city

After saying goodnight to Hilaria, Rosalynn went back to her room, and quickly took out her phone as soon as she lay down.

As she expected, there were loads of messages from Wayne, who seemed different lately. He didn’t get angry even after waiting so long for her reply. He even sent two pitiful emojis that she didn’t know where he got.

Rosalynn couldn’t help but smile

“I didn’t look at my phone because Old Mrs. Jared was here,” Rosalynn replied.

As soon as she sent the message, Wayne started typing.

“Didn’t you tell her that we’re getting married?” he asked.

Rosalynn stared at the text, unsure of how to reply.

Wayne had been acting too unusual recently. She still felt that the marriage thing was unreal, and she wouldn’t tell anyone about it until things were settled.

if things didn’t work out in the end, Wayne wouldn’t be affected.

### Chapter 190

He’ll still be the powerful President Silverman, and he’ll still have countless socialites and wealthy families trying their bests to marry him

But she’ll be even more miserable than she is now

“I’ll think about it later, I’m so tired. I wanna sleep”

In the early hours of the H City, within the summit chamber of Bane Corporation’s towering edifice, resides the executive office of the highest echelon

In the absence of Rosalynn within the confines of the H City, Wayne, bereft of the inclination to return home, opted instead to remain ensconced within the precincts of the corporation

Wayne was actually not very happy

He could feel that Rosalynn still didn’t trust him.

“Alright, good night”

Suddenly, as if a thought struck him, Wayne sent another message “Remember what you promised me yesterday?”

Rosalynn felt a sense of helplessness creeping in. Before she could respond, another message from Wayne appeared “Don’t meet Noah.”

Wayne was unaware of Rosalynn’s feelings towards Noah, but he was certain of Noah’s affection for her. Therefore, he believed it was imperative that they avoid any encounters

Understanding the gravity of the situation, Rosalynn replied, "Understood. Going to bed now."

After replying to Wayne, Rosalynn quickly turned off her phone, took a hot shower and curled up in her soft bed.

When Rosalynn woke up, it's already noon.

She felt a bit disoriented, and humedly turned on her phone, finding many unread messages.

Among them was one from Hilaria.

"Rosa, I made plans with a friend today, so I won't be available. After you've rested, feel free to meet your secret lover, I've already arranged everything for you"

Rosalynn experienced a pang of guilt as she woke up on her first day with Old Mrs. Jared, realizing she overslept.

She ran her fingers through her hair, rose from bed to freshen up by brushing her teeth and washing her face.

Though her face still displayed traces of bruising, she carefully applied some light makeup to alleviate any concerns Noah may have.

Once ready, she took a deep breath and opened the door to begin her day.

There were two bodyguards standing on the left and right of the entrance.

Seeing Rosalynn, they greet her respectfully: "Ms. Tesdal, lunch is ready. Would you like it brought to your room?"

Rosalynn shook her head.

"No thanks, let's just go to the hospital."

Apart from seeing Noah, Rosalynn also wanted to have a pregnancy check-up.

At 3:00 PM

Noah rushed to the maternity ward, already outside.

"Why are you running?" Rosalynn smiled, amused.

"Don't want to make you wait" Noah was panting, his eyes red. "So. lately how have you been?"

"I'm fine Rosalynn hesitated for a moment. "Noah, I'm really sorry about last time"

"What has it got to do with you? It's him. Noah said reluctantly is he still bothering you?"

"Yes" Rosalynn nodded

"What about the baby" Noah quickly asked.

"He doesn't know yet Rosalynn didn't want to talk to Noah about Wayne anymore. "Let's not talk about him now. I'm waiting for my pregnancy test results"

However, Noah didn't want to avoid this topic.

"Lynn, in two months, he will definitely find out about the child. I want to know what you're planning to do now."

What's the plan?

Rosalynn had made up her mind since Wayne proposed marriage.

If Wayne really broke off his ties with the Rosso family to marry her, she would stand by Wayne no matter what happens in the future.

If Wayne broke his promise, she would leave him immediately

"I can't wait that long Rosalynn smiled. I'll know what to do in half a month at the most"

Noah pondered for a moment.

"Lynn, if you want to leave, I can help you"
