The Secret Heir Return To Wealth And Love Chapter 1896

Chapter 1896

And Jennifer's case finally ended.

When Rosalynn brought Ivy home, they bumped into Frederic's family by chance.

Shockingly enough, they were not the picture of grief that Rosalynn had expected.

They were a young couple, who didn't seem the least bit upset as they chatted with Kate.

"We ran into them yesterday when we got back" Erica told Rosalynn. "They're Frederic's son and daughter-in-law. Apparently, Frederic lost his wife early on and raised his son all by himself. But the son was ungrateful, always just asking Frederic for money. His daughter-in-law wasn't much better to

Frederic."

Erica's brow furrowed as she spoke. "Every time Frederic came home, they treated him like dirt. Yet, the house they lived in and the car they drove were all bought by Frederic. Now that Frederic's gone, they've got a big fat compensation check. They couldn't even fake being upset about their father's

death."

Erica was getting more and more worked up.

"Why on Earth would Kate give them compensation knowing what kind of people they are?" Erica stamped her foot in frustration.

Rosalynn rubbed her back in consolation, "Frederic died while working for the Scott family, they were legally obliged to compensate to his family. Also..."

She glanced at Kate.

Kate's face wore a heavy expression too.

"Kate was just trying to do the last thing possible for Frederic, for his son."

The relationship between parents and children can be the most complicated of all.

Rosalynn had encountered Frederic before, he was a man of strong principles and high self-discipline.

By any normal standard, he should have stopped caring about his son after being treated like that.

But year after year, he kept giving them money.

Maybe, his biggest worry before he died was still his child

So, no matter how much Kate disliked them, she would still give the money to Frederic's son.

Not for anything else, but to give Frederic some peace in the afterlife,

"Alright..."

Mo

Erica heaved a helpless sigh.

Chapter 1897

Over there, Frederic's son and daughter-in-law had received the compensation and were preparing to go to the

funeral home to claim Frederic's body.

"Kate, we deeply appreciate all the care you've given my dad over the years. If you ever need anything, don't hesitate to ask, Frederic's son said, his face all buttered up.

His business investments had tanked over the years, and he'd lost quite a bit of cash.

If he could have a job at the Scott family, their life would be a bit more bearable.

Just looking at this man made Kate's skin crawl.

But

“Sure, Kate nodded. “You two are still young and might not understand everything. I’ll have one of my staff accompany you later. She’ll help you with your father’s funeral. She knows her stuff and can help you pick a good burial site.”

“Burial site?” The wife’s face paled.

The price tag for a burial site these days could punch a big hole in your wallet.

“Ah, Kate, we were actually thinking of taking my father’s remains to the countryside, to be buried with my mother,” the man stuttered.

Kate’s gaze turned icy.

“Buried together? You mean scattering his ashes in the river?” Kate’s patience was wearing thin. “Your hometown was flooded 20 years ago when they built the hydroelectric dam. Can you even find your mother’s grave now?”

Kate’s stern tone made the couple shiver.

They didn’t dare admit that was precisely what they had in mind.

When someone dies, it’s like turning off a light. Isn’t it just a waste of money to go through all the fuss?

But they didn’t dare voice such thoughts in front of Kate.

After all, they hadn’t received the compensation Kate had promised yet,

Chapter 1898

They’d already asked a lawyer. The usual death compensation and funeral expenses were peanuts compared to the fat chunk of money they were getting.

“I will pay for the grave!” Kate was visibly peeved.

But for the sake of giving Frederic, who had been by her side for so many years, a decent burial, she had no choice but to do so.

Upon hearing this, Frederic’s daughter-in-law immediately chimed in, “I looked into some graves before I came too. You can give us the money. We’ll shop around some more, pick something that suits dad’s tastes!”

This only served to piss Kate off even more.

The man gave his wife a nudge with his elbow and shot her a look.

“Let’s just let Mrs. Scott handle it!”

Kate turned her gaze towards a middle-aged woman standing not far away.

The woman quickly approached. “You go with them, and if there’s any problems, don’t forget to let me know with me in a timely manner.”

“Yes, ma’am.”

“Alright, off you go” Kate waved them off.

Once the two of them were gone, she picked up her cup and took a sip of water.

Ever since Frederic’s passing, she’d had no appetite and couldn’t sleep.

Thinking of those two greedy individuals just now, the anger in her heart flared up.

She slammed her cup down violently.

“Why are good guys always getting the shaft?!” Kate felt a profound heartache.

Erica and Rosalynn exchanged a glance.

Having wasted an entire day, it was time for Rosalynn and her group to head back to H City.

Once Kate had calmed down a bit, Rosalynn and Erica walked over.

“You’re here.” Kate smoothed her hair. When she looked up at them again, her expression had softened. “I wanted you guys to have a lovely summer, but I didn’t expect such an unpleasant thing to happen.”

Chapter 1899

“The person bothered us was Jennifer. Other than that, this summer has been pretty good for us,” Rosalynn said.

Erica nodded in agreement, “This has been the most relaxing time of my life! I’d love to do it all over again!”

Hearing their words, a smile finally crept onto Kate’s face. “Next time, next time you come, I promise there won’t be any of this chaos!”

Kate took a deep breath, “Are you guys leaving soon?”

“Mhm.” Rosalynn nodded, “We are going to visit Paige first, then we’re headed back to H City.”

“Alright, let’s meet in H City once Paige is feeling better,” Kate said softly, “you guys being here made a huge difference for Paige, she was so much happier. I’ll always remember that.”

“I should be thanking you,” Rosalynn sincerely said, “Thank you for treating Paige like your own daughter.”

To be honest, Kate’s love for Paige even surpassed that of her own mother.

“No need to be so formal!” Kate said, a bit embarrassed, “Don’t forget to take the gifts I’ve prepared for you!”

“Mhm.”

They chatted a bit more before Rosalynn and Erica left.

By the time they returned to their yards, their luggage had already been loaded into the car.

Rosalynn gently pinched her daughter’s chin, examining her from side to side.

Despite all the drama, there was not a single scratch on Ivy’s face..

“Thank goodness your face isn’t hurt, your godmother would be super worried if she saw,” Rosalynn said, letting go of Ivy’s chin and gently caressing her cheek, “Let’s go say goodbye to your godmother and her lovely girl.”

Ivy really messed up big time, nearly put herself in great danger.

Ivy’s a pretty obedient kid.

Chapter 1900

She obediently held her mom’s hand, heading towards the parking lot.

By the time they arrived, there were already people waiting.

Luna and her husband were there with Cain and Carney, waiting for them.

“Ivy, you okay?” Cain saw Ivy and ran over. Tears were already streaming down his face before he could even steady himself.

Ivy, looking helpless, said, “Don’t cry! Real men don’t shed tears that easily!”

The adults all laughed.

But Cain kept crying, “Just wait, I’ll save up and come visit you in H City!”

“Okay Ivy nodded.

She took out a tissue from her bag and handed it to Cain to wipe his tears, “Listen to your mom more, get scolded less.”

Cain was even more upset, he kept nodding, saying. “I will listen to her!”

“We have to go now, my godmother’s waiting.”

As Cain was wiping his tears, he nodded, “I...I still have some homework left, can’t go send you off, I’m gonna miss you guys!” Saying this, he emotionally hugged Ivy, then Liam.

When he wanted to hug Molly, he was stopped by her glare..

So he turned to hug Cory, even though they weren’t that close.

Cory just silently watched him.

He didn’t understand why Cain was crying so much, and thought it was a bit ridiculous. But he didn’t push Cain away.

However, once he got in the car, he slowly took out a sanitizing wipe and cleaned off the snot and tears Cain had left on his clothes.

Rosalynn made sure all the kids were in the car, safely buckled in.

Then she prepared to get in the car herself.
