The Secret Heir Return To Wealth And Love Chapter 871

Chapter 871

You 2”

The boy **stared at** Noah, his eyes **filled** with disbelief

Uncle, have you finished your protection mission?” Britney asked

Noah **nodded** with a **smile**, “**Yep**, mission accomplished!”

“Uncle, you’re amazing!” Britney clapped her hands.

The boy snapped out of it. Did you really go to complete the mission? I thought you.”

“You thought what?” Noah laughed, “Kid, you gotta start trusting people, you know? Always being suspicious. I’m hurt, you know.

To celebrate my mission accomplishment and officially adopting you **guys**, let’s have some cake.”

Noah placed the cake on the small table attached to the hospital bed.

The boy looked at Noah in surprise, “You’ve already adopted us?”

Noah took out a stack of neatly arranged documents and new ID cards for the siblings.

“All the paperwork is done”

As soon as he finished speaking, the boy, who had been very cautious of him, suddenly hugged him lightly.

Noah was taken aback for a moment before patting the boy’s head and laughing.

“What’s with you guys these days, always hugging me like this?”

I'll be obedient and help you with lots of things. The boy said, choking up. "Thank you"

Noah sighed.

You don't have to be that obedient, and you don't have to do so much for me. Just study hard, grow up well, fly high in the future. To explore the vast world and become the adult you want to be "Noah said

On this day, **just** before midsummer, the homeless children finally had **a** home, a legal identity, and **a** father who would influence their lives.

Giving up on his beloved, he landed smoothly in this new world.

Rosalynn officially took over as chairman of the Jared Group.

There were many people at the shareholders' meeting, and in any knew the **news**.

Naturally, the news leaked out.

Domestic and foreign **media** were buzzing.

Stories included the cruel father-daughter struggle, the daughter's ruthless tactics, and her successful counterattack.

Some talked about Latham's failed power grab, who once again descended into a life of a stray dog.

Some talked about Gabriella defeating her father, taking over as chairman of the Jared Group, becoming the world's youngest female billionaire.

Some were even more outrageous, saying that Gabriella becoming the youngest female billionaire with a net worth of billions, Wayne becoming a kept boy.

On the trending list, Gabriella Jared's name soared high.

Most comments were in awe of Gabriella's awesomeness.

“Her previous battle to become a Wall Street legend has already been included in the textbooks of financial professionals. I thought she would lose this time, but **she** ended up defeating her own father and becoming the world’s youngest female billionaire. Oh my god!”

“In this world, am I **the** only one concerned about how Hilaria Jared is doing right now? If we’re talking about gods, she’s the real **goddess**! She single-handedly created the legend of the Jared Group As a female role model I hope she’s doing well and lives a long life!”

“The media is ridiculous,
I just saw a domestic tabloid daring to mock Wayne as a kept boy!”

“Wayne went with her this time, and I think Gabriella’s comeback must have been thanks to him. How could she have done it on her own?”

“Speaking of Wayne, there’s another thing that hasn’t been cleared up yet. Whose illegitimate daughter was that? I’m so anxious!”

Discussions were heated on the internet, both domestically and internationally

At this **moment**, the Jared Group suddenly announced a media conference

It was scheduled for the next morning

Eight o’clock sharp

Jared Tower lobby

Chapter 872

Media from all over the world swarmed in

The newly appointed Chairman of the Jared Group, Gabriella, walked up to the podium in a killer black suit, looking fierce and **powerful**.

It was noisy down below.

As the young chairman glanced down

he noise gradually subsided

“Good morning my media friends,” Gabriella began

Her voice was naturally sweet and pleasant, and now that she was **serious**, it didn't affect her momentum at all.

“Considering the public's recent curiosity about the Jared Group, I will address some of the most frequently asked questions during this press conference.” Rosalynn said,

Firstly, some questions about Mr. Latham. As he is currently under investigation by the International Police for a major case, it is not suitable **to** answer any questions about him. **The follow up** will be answered by the International Police in charge of the case”

As soon as this was said, there **was** an uproar below

How did it end up with him going to jail after seizing power?

Rosalynn continued,

“Secondly, regarding Ms. Hilana's health, thank you all for **your** concern, she is doing well and I **believe** she will soon return to take charge of the Jared Group.” As expected, 1

here was another uproar below.

Wasn't it said that she was in a coma due to a serious illness and was about to die?

And she could return to the Jared Group soon?

“Ms Jared, didn't you take over **as** the chairman?” someone **asked** from below.

The person on the podium smiled faintly, I'm just temporarily taking over her duties. Once Ms. Hilaria recovers, she will continue to run the Jared Group.”

As soon **as** this **was said**, the media below exploded.

How big of a deal was the Jared Group's chairmanship?

Who would give it back after going through all the trouble to get ?

Next. Rosalynn answered questions about the Jared Group's business.

She addressed all the doubts and fears from the outside world in an orderly manner.

The press conference lasted for **an hour**

That's all for this press conference. Thank you for coming, the Jared Group has prepared delicious refreshments for you, please enjoy

With that said, Rosalynn prepared to leave.

But suddenly, someone from the media asked loudly, “Ms Jared, about the last time Mr Silverman was attacked, and the child by his **side**, many people questioned whether she was his illegitimate daughter with Ms Olivia Whaley, what do **you** have to say about that?”

Rosalynn stopped

Lola immediately scolded that person, “Sorry, we won’t answer personal questions.”

That’s fine”

Rosalynn gave Lola a faint smile

Then she looked at that reporter,

“You seem a bit out of the loop”

The reporter **was** slightly taken aback.

Ms Jared was smiling, but why **did** she give **an** eerie feeling?

“Didn’t you see the reports about me having **a** child in America’s media?” Rosalynn hooked her lips, “She’s my daughter, not someone else’s illegitimate **child**, got it?”

After answering she walked away directly. I

leaving a bunch of media, silent for a few seconds.

Then the scene immediately became lively

Compared to the situation of the **Jared** Group, who became the president, and what laws Latham had violated, they

they all knew that this was the focus of the news!

No one was eating dessert anymore.

Chapter 873

The reporters scrambled to grab their spots, eager to be the first to announce this explosive news.

#TheKidsGabiella’s trended on social media **right** away

“**See**, I told you! I analyzed it before it’s because Gabriella and Wayne did the deed, she got pregnant, ran **away**, and now they’re getting married for the sake of the kid!”

“Stop yapping! Our Gabriella said it’s her daughter, not someone else’s secret child. Your Wayne is probably the ‘someone else?’”

Is this the news from the R Country media that Gabriella mentioned?” Someone quickly dug up the news about Rosalynn having a child

In the photo, it was Hilaria with a two-year-old child.

Such a tiny little thing, with her hair all ruffled up. Even just with her back view, she was absolutely adorable

The paparazzi who took this photo must have been smitten, too.

They used quite a bit of space in the report to describe the child’s cuteness **and** playfulness.

“Wow! Those little feet **in** knit socks are just 100 cute!”

I’ve seen the little baby’s face before. Even when she’s crying her eyes out, she’s still so adorable. She must be off the charts cute in person!”

“Seriously though, don’t share the kid’s photo, okay?”

“So, the question is, who’s the kid’s dad?”

“She calls Wayne ‘daddy’ Are y’all **deaf** or what?”

“Don’t be stubborn! I’m asking about her biological father. Do you guys really think Wayne could be the kids **dad?**”

Wayne saw this comment and was so mad **he** wanted to smash his phone.

“Why not?! I’m her dad!” He said through gritted teeth.

Rosalynn took off her earrings, ignoring him with a cold expression.

Wayne looked **at** her and mumbled, “Honey, why don’t you say Ivy is our child?”

“No one asked,” Rosalynn didn’t even look at him “I just denied she’s Olivia’s”

No wonder his wife had been acting weird since earlier.

These media outlets just love to make up stories. Let me see which one asked that question, and I’ll make them go **bankrupt**,” Wayne said, grabbing his phone back.

Rosalynn, afraid he’d actually do it, stopped him, “Didn’t you let Olivia write articles lying you two together before? Why are you mad at the media now? Ivy’s age

and appearance are right there. If I were them, **Id** suspect she's yours and Olivia's too."

Wayne looked at Rosalynn, his eyes filled with a mix of sadness and pity

Rosalynn immediately tried to pull her hand back and check on Hilaria

But Wayne grabbed her hand and **pulled** her into his embrace. She lost her balance and seemed to hit Wayne's injured arm.

He **gasped** in pain, but his other hand didn't hesitate to wrap around her waist

"**Wayne!**" Rosalynn's eyes widened

Wayne's face was a bit pale. It seemed his arm really hurt

Rosalynn frowned and said, "Let go of me, let me check if the wound is open."

"No "Wayne **actually** tightened his grip.

"What do you want to do?" Rosalynn didn't dare to move, afraid of touching his arm again, so she helplessly asked

"How can we end this situation with Olivia?" Wayne asked. "If you want, you can beat me up, break **my** arms and legs."

Rosalynn **didn't say** anything

Wayne looked at her and added, "Life is so long, I don't want her to **be** between us forever"

"You're kidding," Rosalynn was speechless. From the beginning, I came **to** your side as her stand-
in to accompany you through **your** longing. She's destined **to be** between us in this life. **Even** if she dies, we cant turn **the** page"

Wayne's eyes gradually became heavier

He was at a loss with Rosalynn. Threats **didn't** work, and bribes She was a billionaire, what could she possibly need?

As he thought about it, Wayne became increasingly annoyed and **decided** to go all-in

He **lowered** his head **and** kissed Rosalynn's lips.

Chapter 874

To be honest, Rosalynn

had already become numb

But e

ven though she was numb, when Wayne bit her, she couldn't take it anymore

"Wayne, you're going too far!" Rosalynn turned her head, put her hands on Wayne's chest, and finally widened the distance between them. Wayne's mind was all warm and fuzzy.

His thinking was a bit slow.

He lowered his head, approached Rosalynn's blushing ear, and gently kissed it.

Rosalynn shivered slightly.

Afterward, Wayne buried his head in her neck and sighed helplessly.

Rosa, what am I going to do with you?" With that, he loosened the hand he **had** around her.

Rosalynn sat up and straightened her clothes.

Then she got up, walked a few steps, and looked back at Wayne, "I want to ask you the same thing, what am I going to do with you!"

With that **said**,

Rosalynn set off to accompany Hilaria.

Wayne was half lying on the sofa,

staring at the crystal lamp above his head, his eyes unblinking.

Then,

as if he suddenly thought of something, h

e immediately sat up straight.

He grabbed his phone, and a cunning smile appeared on his face.

Netizens

were giggling while watching gossip.

No one noticed a newly registered account arriving at the battlefield, countering those who were certain Wayne wasn't the biological father of the child.

“Your analysis is wrong from beginning to end, Wayne is the child's real dad”

Under the post predicting Gabriella would soon break up with Wayne, h

e replied, “No, never”

Because he posted many comments, h

e also got attacked a lot

The more he got attacked, the more he fought back

As they argued, s

omeone asked. “You know so much, it's like you're Wayne himself.”

He **replied**. “I am Wayne”

Now, the gossip field was even more lively

No one believed that this bare new account was Wayne himself

How could the aloof CEO personally come out to argue with others?

Soon

Wayne's new account received a large number of concentrated reports

Among **them** were Wayne's fans and his various shipping fans

As Wayne's account was on the verge of being shut down, s

omething jaw dropping happened

Twitter quickly verified the new account

The verification information was Bane Corporation CEO Wayne

A moment later

The account verified **as** Bane Corporation CEO Wayne posted its first tweet

“Thanks for your concern, my wife and I are very much in love and we have a lovely pair of twins a son and a daughter”

With a photo of the family of four under the beautiful fireworks

However, Wayne blurred the kids faces

Now

Twitter completely crashed

Chapter **875**

Wayne's name suddenly skyrocketed to the top of the trending topics, setting the internet ablaze.

Probably because so many people were flocking to Twitter for this news, it wasn't long before Twitter crashed

Rosalynn was in the hospital scrolling through Twitter

Seeing Twitter crash, she was just speechless

This Wayne has the **CEO** of such a big company, but he's got no strategy at all. Shouldn't he discuss this with both PR teams before making such a big announcement?" Lola frowned, quite unhappy with Wayne's actions

"He's always been the type to do things his own way." Rosalynn said nonchalantly "Anyway, this isn't Jared Ventures business. **You've** worked hard this time, FreshBite still needs **you** to help me keep an eye on things"

I've already bought my return ticket, Lola nodded. "You just focus on looking after President Jared, and as to Jared "

With an admiring look on her face, Lola said to Rosalynn "You were so wise to bring Alyssa Brandon on board. She's only been here for a **couple** of days and has already been a huge help. I was worried she'd be difficult and keep causing us trouble, but she's been nothing but great"

Rosalynn smiled

It was all within her expectations

"She's always been a strong talent, she just was suppressed before. Now that she's been given a chance to shine, she's definitely pushing herself to the limit."

"Right" Lola nodded vigorously "Well then Gabriella Jared, I'll be going first"

"Alright" Rosalynn nodded and gave Lola a hug "Thank you."

When Lola left, her footsteps were noticeably lighter.

Her cheeks were flushed, and she couldn't hide the smile on her **face**

Hehe, Gabriella hugged me

She was so soft and sweet!

After Lola left,

Rosalynn went into the hospital room and sat beside Hilana

Twitter crashed for a while but was soon fixed by the programmers.

She talked to Hilaria for a bit, then went **back** to check on Twitter.

Wayne was still posting on Twitter

In his free time, he was chatting with netizens in the comment section.

The comments he had replied to were now at the top of the popular **section**.

Netizen A Is the child really yours?

Wayne replies Yes!

Netizen B Looking at the child's age, were you dating Secretary Tesdal, Gabriella, and **Olivia** at the same time?

Wayne replies Ive only ever had one partner.

This reply set off **a** storm among netizens

"Wayne, have you redefined what one partner means? We can forget about Olivia, but did you forget Rosalynn? What about your love confession? Did you forget that too?"

"You're worse than scum, Wayne I hope Secretary Tesdal never meets you again in her next life!"

"Next life *sob* My friend saw the child's face the other day and asked me if Secretary Tesdal couldn't bear to part with **Wayne**, so she reincarnated to be with him again. So heart-wrenching"

"Wayne you're really too cruel!"

Comments like these were blowing up the comment section

Wayne was speechless looking at these comments

He thought for a moment and decided to call Rosalynn, **b**

ut his call got rejected

He texted her instead

“Honey should I tell them that Gabriella is Rosalynn? I’ve become the poster boy for scumbag now “He attached a crying emoji at the end.

The message got rejected **too**

Wayne knew this was coming but he was still feeling down

He went back to Twitter

He commented on his own post. Not saying anything else the wife’s angry”

Immediately a flood of comments accusing him of being a scumbag appeared below his **comment**

Chapter 876

Wayne helplessly commented on his own post ‘Whatever, just say what you want, time will tell you the truth’

After saying that, h

e left his followers confused, a

nd logged out of Twitter

Rosalynn couldn’t help but laugh when she saw his two self–talking tweets

Paige, worried that Rosalynn hadn’t seen the tweets, screenshotted Wayne’s comments and sent her a 30–second voice **message** with it

As Rosalynn played it. There was no **talking**, just Paige laughing for **30** seconds straight.

Rosalynn laughed along with her

Then Paige sent another voice message. “But seriously, your hubby has changed a lot. If someone had chewed him out like that before, he would definitely track them down through the internet and get his revenge, right?”

Although that was an exaggeration,

Wayne was indeed a vengeful person in the past

Even if he was in the wrong, if someone provoked him, they would most likely face a bad outcome.

Rosalynn thought for a moment

then typed on her phone. "Well, he's a dad now, so he should be a bit more mature"

After a while.

Paige replied "Nah, Wayne changed for love. To be more precise, he changed for you."

Rosalynn hesitated for a moment, 1

then she smirked

She had given up hope on that a long time ago.

Instead of hoping Wayne would change for her, she'd rather continue working hard to prevent any harm Wayne's sudden outbursts might cause her and those around her "Alright, get some rest, tomorrow you have to accompany Baillie to his reunion. Stay in good shape. Rosalynn replied.

Paige rolled around in bed twice

She was still a bit nervous about the event

Over the years, she had experienced all kinds of ups and downs

It was rare for her to be nervous about attending a gathering.

At this moment, s

omeone knocked on her door

Paige went to open it, a

nd saw Ivy holding her teddy bear, looking pitifully at her.

"Aw, my baby, what's wrong?" Paige quickly picked **up** Ivy

Ivy snuggled up in her arms, "Godmother, I miss mommy"

Paige patted Ivy's back "Good girl mommy and daddy will be back when they're done"

Ivy sobbed on Paige's shoulder

Hearing the noise upstairs, Baillie came **up**

"What's going on?" he asked, seeing the situation

She misses her mom "Paige patted Ivy's back and said sympathetically

Page comforted by for a while before she fell back asleep

by was much heavier now than when she was smaller

Paige's arm was sore Seeing this Baillie carefully took Ivy and carried her back to the children's room, gently putting her back into bed

Tears still hung from Ivy's eyes, and

Paige gently wiped them away

She also checked on Cory

He had taken his medicine before bed and was sleeping more heavily than usual

As they left the children's room, Baillie stood by the door and massaged Paige's arm

I'm a bit nervous Paige suddenly said to Baillie

Baillie gently. They're just some students who recently returned to the country You're not nervous when dealing with big shots in business, so what's there to be **nervous about?**"

Paige gently poked Baillie's arm, a

and whispered. "I'm worried I might accidentally embarrass you"

Baillie gently touched Paige's head: "How could that be?"

Chapter 877

Paige pouted 'Do they know I'm so much older than you?'"

In her relationship with Logan, Paige had gotten used to being controlled by him in various ways. So when entering another relationship, she still couldn't change some of her thinking unconsciously

She would always put herself down without realizing it

"Don't worry about what others think I think you're the best." Baillie said, leaning in and giving **Paige** a gentle kiss.

Paige's heart was filled with sweetness

Her inexplicable anxiety was mostly cured by a few simple words from Baillie

"Okay" Paige nodded

The dinner party was in the evening

Paige got up early and even went to the construction site

Balle seemed to have nothing to do these days He took Ivy to the park, checked Cory's physical condition, accompanied them in their studies, and went to the pet store to see Max. Baillie took care of all the trivial things

At noon, he picked up Paige with Ivy and Cory, and the four of them had a big meal together.

Ivy, who had been sulking, finally cheered up after playing outside all afternoon.

Back home, Ivy went to video chat with her mom and **dad**, holding her phone

Paige quickly took a shower, put on makeup, and did her **hair**.

The clothes had been matched a few days in advance, with some suggestions from Baillie. When she had changed her clothes and came downstairs,

she excitedly exclaimed in her sweet voice, "**Mommy**, look! Godfather and godmother are **wearing** matching outfits!"

Paige was stunned.

She looked at Baillie, who was dressed neatly and waiting for her

Baillie wore a black suit **and** a white shirt

Her dress was a simple white mini dress with a pair of black high heels

Baillie looked at her and smiled with bright **eyes**

She walked over

Gently holding her waist, she said, 'Mrs. Scott, you look so beautiful'

Paige had always heard that the look in one's eyes when they like someone can't be hidden

She looked at **Baillie**, and as she met his gaze, she saw a sparkle in his eyes and a smile on his **face**. It was easy for her to sense Baillie's fondness and admiration for her.

This was something she could never feel with Logan

•

who always seemed to be belittling her worth.

Page also laughed, “Mr Scott is very handsome too!”

Ivy lay on the couch with her phone, laughing happily, “Mommy, look, look!”

Rosalynn, don’t you think your daughter is a little too nosy?” Paige called out to the other side of the phone, holding Ballie’s **hand** and peeking over his shoulder.

Babe took the opportunity to wrap one arm around her waist, lift her over the steps, and gently put her down.

Ivy laughed even harder

its you two who are **too** lovey dovey,” Rosalynn replied from the video call

“Hmph Page knew that she and Baillie were lovey–dovey, but who wasn’t in a new relationship?”

She let go of Baillie’s hand and ran to Ivy “We’re going out now and might **be** back late. Can you take care of yourself and your brother?”

Ivy nodded firmly “Yes!”

“Good **gr**

Paige happily kissed Ivy on the forehead.

“Lipstick ‘Cory tried to remind her but failed

He sighed, took out two wet wipes, walked over to his sister, and **wiped it off**

Page seized the opportunity

and quickly lussed Cory’s face too

Chapter 878

After the kiss, Paige grabbed Bale’s hand and ran outside, “Let’s go1

Ivy was rolling with laughter on the sofa

Cory sighed.

Then he took out two wet wipes, picked up the phone that had fallen on the sofa, wiped his face, and asked Rosalynn. When are you guys coming back? **My** sister almost cried missing you last night”

“No way!” Ivy immediately sat up and denied it

Cory

helplessly changed his words, “Okay, she didn’t **cry**

“If he doesn’t get better in these two days. I’ll let him go back first” Rosalynn pointed to Wayne next to her

Wayne

Has he considered that he didn’t want to be apart from his wife?

And how can he be at ease leaving her here alone?

Before Wayne could speak, h

is considerate son spoke up, ‘Actually, there’s no need Your relationship has never been good, so it’s better not to live separately.’ Why did this sound so unpleasant?

Rosalynn was drinking water and almost spat it out

“Son, you

Don’t feel embarrassed, it’s a fact. Look at how affectionate our godfather and godmother were just now”

The family of four was having an awkward conversation

Baile and Paige got on the car and set off towards the hotel where the gathering was taking place

Meanwhile, m

ost people had already arrived at the **party**.

The hotel where the gathering was taking place was provided by a student, and this cha in hotel was his family’s business.

So this time, they booked a luxurious party venue on the top floor with a swimming pool to hold the international student party.

Taylor, you’re really generous, Lennon said, dressed in a champagne-colored strapless dress, looking gorgeous and standing out in the crowd.

Taylor’s eyes never left Lennon, “As long **as** you like d

As they were talking.

Lennon saw Keaton

She immediately waved him over

Keaton smiled and walked over, "The prodigy has arrived"

Please be mindful of your words. The real prodigy will be here soon. If you **keep** calling me a prodigy in front of him, I want to crawl into a hole! Lennon said helplessly.

Keaton checked the time. "Baillie left half an hour ago, so it'll probably be another ten minutes or so."

As she finished speaking, t

here **was a** sudden commotion in the crowd

The chatting people immediately looked over, and they saw a girl running towards them.

Keaton, you said before that Baillie got married Have you met his wife?"

Keaton frowned and replied, "He posted on his Facebook, everyone knows"

"OMG The girl threw her phone in front of Keaton, "Look at this Someone posted about Baillie's wife on the school forum not long ago saying she's **6** years older than him, was kept **by a**

rich man, and even has an degitimate child with him She even brazenly raises the illegitimate child in the same community where she and Baie **vel**

"That's impossible, right?"

Keaton couldn't help but frown

ladle shouldn't have such bad judgment when it comes to **people**, right?

"There are pictures and evidence!"

The girl quickly scrolled down the screen

Keaton indeed saw a woman who looked very similar to the one who was publicly dating Baillie, holding the hand of a little boy

What's even more outrageous is that she's also keeping a younger boyfriend! Check out the video at the bottom" The girl became more and more angry as **she** spoke

In many people's hearts, Hailee was a highly respected and admired figure

How could he be tied down by such a terrible woman?

Chapter 879

Keaton clicked to open the video

Lennon glanced at it and then lowered her eyelids.

The video was the one she had taken earlier, showing Paige getting cozy with a handsome young guy

This doesn't really look like a couple, more like siblings interacting," Taylor commented bluntly after watching the video "That's how **my** sister and I play around, too **She'd** jump on me from behind, put me in a chokehold, and try to pin me down

Lennon shot him a glance

Taylor could tell she seemed a bit unhappy, b

ut he had no idea what he said wrong

This matter involved Baille

And recently, the school forum was buzzing with stories about Baillie bragging about his wife to an almost annoying extent.

So, after the post was made.

its popularity skyrocketed, and the discussion took off.

The spread of the post at the party **was** even faster

Didn't Keaton say that Prodigy was bringing his girl?" someone looked at Keaton Looks like we'll have some drama tonight...

Some guys who didn't like Bailie were **also** sarcastically saying. Who would've thought that even Prodigy **would** have a **day** of being **cuckolded!**"

As everyone was discussing heatedly.

Lennon, who had been silent, finally spoke up: "Actually, I live in the same neighborhood as them and have seen her a few times I thought she was just a little bossy, but I didn't expect this" Taylor was surprised "Bossy? Did she bully you?"

"Not exactly. It's normal for girls to be a little jealous. Maybe she didn't like it when I talked to Prodigy too much."

Now, a

n image of a flirtatious, narrow-minded, and jealous girl appeared without even meeting her in person.

“Ah “Keaton also looked awkward. “I didn’t expect such a sweet girl to be like this Balle really...”

Just as he was talking t

he elevator dinged

The murmurs vanished instantly, and silence filled the room.

The elevator doors opened

Balle was just helping Paige remove a piece of fluff from her eyelashes.

If it weren't for the forum incident, s

eeing this scene, everyone would exclaim how sweet it was

But with the forum incident in mind, this scene became quite delicate

“The elevator is here **Page** reminded **Baille**

Then she walked out of the elevator, holding Baille’s hand

Huh?

Page looked at everyone with a natural smile

Why was the atmosphere a bit strange?

“Prodigy you’re finally here! We’ve been waiting for you for a long time!” Keaton was the first to break the silence, laughing and striding towards Baillie. Then he looked **at** Paige . This must be your girlfriend?”

“Page my wife Baillie introduced, then gently told Paige. “Keaton, my classmate*

“Hello“**Page** said politely

Hello, hello You’re even prettier in person than in photos Prodigy **needs** to improve his photography skills,” Keaton said, trying to hide his embarrassment.

Baile also sensed, that t

he atmosphere at the scene was a bit strange

His handsid down and held Paige's hand tightly

"Since everyone is here, let's have dinner first There are more activities later Keaton **led everyone** to the dining room

Bae and Paige were the last to leave

"Why do I feel like somethings off? Paige asked Baillie

Bale glanced at the crowd, his eyes a bit cold. He gently rubbed Paiges hand with his thumb, it's nothing"

Upon arriving at the restaurant,

everyone took ther seats according to the names on the chairs

Baie left side was Lennon, and his right side was Paige

Just as they were about to sit downs

omeone, looking for trouble, sarcastically **said**, "Lennon, do you want to **switch** seats **w** **ith** me? I'm afraid Mrs. Scott **might** not be **happy if** you sit next to the top **student**"

What's it got to do with Lennon sitting there?

Chapter 880

Well Mrs. Scott defintely wouldn't mind "Paige said gently and tactfully, looking at the person.

Paige, dont bother with him. He always talked annoyingly when we were in school!" Lennon quickly chimed **in**, "Keep talking nonsense, and **you'll** have to drink three glasses" "Exactly you're almost 30, how could you still fuss over these trivial things?" Taylor said, her **tone was** full of sarcasm and barely concealed

Taylor didn't mean any harm at first, b

ut now she heard that Paige had once bulled Lennon, and that was **just** intolerable.

Paige just sat down, and u

pon hearing this, s

he finaly understood

So the wasn't Baillie's reunion, but a trap for her?

If they meanti

then there was no need for her to be nervous, right?

“Yeah, your classmates are right “Paige said with a grin, “At my age, I’ve become more open–minded and don’t fuss over small stuff anymore. **Even** if someone here pisses me off to day. I won’t talk sarcastically, I just curse them straight up”

Taylor’s face stiffened.

Bailes face had been gloomy just now

As soon as Paige said this.

he even had a smile on his lips

Lennon took in his amusement completely

She really didnt understand what Baille saw in such a low–class, impolite middle–aged woman.

Seeing the tense atmosphere, Keaton hurriedly asked the waiter to serve the dishes and officially started the dinner

During the meal t

here were quite a few people talking to Baillie

Baillies attitude towards everyone was not enthusiastic

Most of the time, he was busy serving his wife, picking up dishes and peeling shrimp for her

Lennon had her nails done on purpose, and now they were digging deep into her palm.

At this point, she raised her eyes and signaled to a girl sitting across from her, who was also upset at Baillie and his wife.

This girl was well–known as Babe’s avid pursuer.

The jealousy of the girls was burning high, and upon receiving Lennon’s **eye** signal s he immediately took out her phone and made a few taps.

There **was** already a big screen in the private room.

After a few taps from the girl the big screen suddenly lit up, and

everyones eyes were drawn to it

Then, the content of the post appeared on the screen with a video and mechanical voiceover

“Prodigy deceived by trashy girl, exposing the real ugly face of Mrs. Scolli!”

As soon as the mechanical voice came out, the restaurant fell into an instant silence, where even the sound of a pin dropping could be heard.

Everyone **was** familiar with the following content

Page looked at Baile

whose face looked extremely gloomy

Page blinked and gently tugged at Baillie’s sleeve

Bale frowned at her

Page didn’t look angry at all and even whispered to him, “Baillie, you can get mad, huh?”

Since they got married.

Page had rarely seen Bailler get angry

Especially when dealing with her,

he was always very gentle and considerate

Seeing Paiges sing face Bale’s rage which was about to explode, unknowingly dissipated a bit
