The beauty of first love

Lu Jin: "..."

"Ruoruo, is this... not very good?"

"What's wrong? That's Aunt Jing, we have to help her check, let me tell you, people in the capital, how many of us are I've known each other very well, as long as my grandfather says this name, I will definitely know who he is!!"

Then the little girl dragged the boy's arm and hid under the window of the study together without saying a word, worried that he would not Obedient, she also deliberately pressed him against the wall.

Lu Jin's forehead jumped violently.

Shenzongyu: "Is there any problem? If there is no problem, we will meet today." On the phone: "Ah? See you today?"

Shenzongyu: "Yeah, do you still want to wait for tomorrow? I'll tell you, okay Girl, you lost all your time, so I just said, I'll see you in Jingtai Building at twelve o'clock today."

Then, the resolute old man hung up the phone with a "snap".

Hearing Ruoruo from outside called a Le...

"Sixteen, look..."

She lowered her head, originally wanting to tell the young man who was eavesdropping on the corner with her how capable her grandfather was.

But when she lowered her head, she suddenly met a pair of beautiful eyes that looked straight at her.

This young man, at this time, was forcibly pressed by her on the chest against the wall. The distance was so close that when the two looked up, they could clearly smell each other's breathing, not to mention the position where the two were close to each other.

Ruoruo blushed.

She stared blankly at this young man's scorching gaze, her whole heart skipped a beat, blood rushed to the top of her head, and the little girl's delicate white face immediately turned as red as a drop of blood.

"Yes... I'm sorry, I..."

She panicked, and immediately ran away first.

But at this moment, the boy who was forced to press on her chest suddenly grabbed her with those strong arms, and when she was about to escape, he held her tightly in his arms.

Ruoruo: "!!!"

"The old man came out..." The

young man's voice was hoarse. After he hugged her and quickly hid under the evergreen tree next to him, his hot breath was in her ear, almost all Could burn her.

Ruoruo didn't dare to move.

She listened to the clear heartbeat in this man's chest. She had never been afraid. For the first time, in this guy's arms, it was as stiff as being acupuncture.

A small face, not to mention how red it is.

Fortunately, not long after, they heard the hearty laughter of the old man and walked away.

If she saw this, she wanted to come out, but unexpectedly, the hands that were wrapped around her slender waist still remained motionless.

"Ten... Sixteen, you let go..."

"..."

After a while, the young man finally let go of his hand slowly.

A bit of a loss,

but also shame and hatred for myself.

How old is he now...

But the moment he let go, the girl who hadn't left suddenly blushed and gathered up great courage, and kissed him on the cheek.

Lu Jin: “!!!”

In an instant, there was a “hum” in his head, he raised his head suddenly and looked at the little girl as if stupid.

She is...

the relationship between boys and girls is actually the purest and purest. They are youthful and budding, and they secretly like them, but they will never be full of strong Y-looking like adults.

Between them, a light kiss is enough.

Shocking waves, unforgettable.

For a lifetime, no matter who they meet in the future, this will be a deep imprint on their life.

Lu Jin finally woke up. When she came out of the Wannianqing, Ruoruo didn't know where she was going. This was the first time this little girl was so bold. At this time, she would definitely find a place to hide.

Just calm down.

Nige came over to find her brother. Seeing that he was very calm, she asked with a smile, “Brother, have you done something bad?”

Lu Jin's body froze again.

“What's wrong?”

“I saw you and your sister-in-law just now...”

“Is that a bad thing? You said she was a sister-in-law, and you forgot that it was chosen by your elder brother?”

” : “ ... ”

It seems to be oh...

## Returning from the Dead His Secret Lover Chapter 1752

Zhu Tingting is missing

Jing Yufei's blind date was not completed in the end.

Because on this day, she was in a hurry to find her younger brother and sister, as well as her failed brother.

However, after searching for a whole day, I still couldn't find it.

"Mom, hurry up and look for it. It's a big New Year's Eve, and neither of you will go home, so aren't you in a hurry?"

After Jing Yufei came back after a day of searching, she saw her mother at home, and two others. The younger sister is still watching TV and eating melon seeds like a normal person.

Immediately, she didn't get angry.

Jing Yulan sat there leisurely with Erlang's legs crossed, "What are you looking for? I won't say anything about Jing Qin, when did he stay at home?"

Jing Yufei: "..."

Jing Yu Lan: "And Zhu Tingting, if you don't mention it, I don't even want to talk about her. I greeted my mother all the guests who came to my house today. She won't say anything if she doesn't stay home and do her part Now, I want to find her now? Where did she get her face?"

Mother Jing said, "That's it!"

This mother and daughter actually looked like Zhu Tingting was ignorant.

Jing Yufei was blown up when she heard it!

"Get out of here and find me. If you can't find them today, don't even think about entering this house. Get me as far as you want!"

She was so angry that she took the broom and turned towards the two of them. waved over.

This chapter is provided by [naijdate.com](http://naijdate.com). Visit [naijdate.com](http://naijdate.com) for daily update.

She is not Zhu Tingting, she is Jing Yufei, the boss of the Jing family. If she gets angry, no one dares to say her if they are beaten to death.

Only then did Jing Yulan stand up from the sofa in embarrassment and quickly fled to the outside of the living room.

“Jing Yufei, are you ill? They are gone, and they even beat me.”

“It’s you who beat me, are you going? I’ll tell you Jing Yulan, I’ve been away from home for the past two years and I’ve gotten used to you. From now on, if you eat a piece of rice at home, I’ll treat you to me. My legs are all broken.”

Jing Yufei dared to talk back when she saw this bastard, grabbed the bowl on the table that was still there after eating it at noon, and smashed it hard.

“Clang!”

No one dared to stay at home anymore.

Soon, Jing Yulan and Jing’s mother went out to find someone.

It was also the first time that Jing Yuqiong, who was carrying her child, saw the eldest sister make such a big fire, and she watched with trepidation.

“Sister...”

“Sister, what is it? You go home right away for me too. People who have already married off to their parents’ house every three days. Does the mother’s family owe you or what? Take the child, why don’t you go to heaven?”

Jing Yufei glared at the eldest sister, opened her mouth and cursed again.

That’s right, this is Jing Yuqiong, and she is not a good person. She finally got married, but because she developed that lazy and cunning character in the Jing family.

At her mother-in-law’s house, she couldn’t get along with her mother-in-law at all.

So since she gave birth to the child, she has been in the Jing family.

And Zhu Tingting, in order to take care of her, had to invite a servant to help her take care of the children and cook for everyone.

Is this like talking?

Jing Yuqiong was also scolded and her face was red, and immediately, she took the child and walked away in despair.

The house finally became quiet, and Jing Yufei took out his mobile phone and started to call again, to see if he could still find the two of them?

She was in such a hurry to find them, in fact, because of what Wen Xuxu told her when she left last night, she said that Zhu Tingting was already ill, so she should pay attention.

She was so eager to find them.

However, since the two drove away from Eoshen's house last night, until now, Jing Qin can't find it, and Zhu Tingting is even worse. It's only the second day of the new year, and neither of them has been seen.

Jing Yufei called the bastard again.

"Om... hum..."

Fortunately, this time, the call finally got through.

Jing Yufei stood there. As soon as she heard the voice inside, she immediately asked, "Where have you been? Do you know that Tingting hasn't come back all day?"

Jing Qin: "... "

He had just played poker with a few friends for a day, and when he heard this, he had already lost a lot of money, and his eyebrows flashed with displeasure.

"She didn't come back, why are you looking for me? You won't call her?"

"If I could get through to her, I would call you? Jing Qin, let me tell you, you'd better call her right now. Get it back, otherwise, something big will happen!"

When Jing Yufei heard this bastard brother's reaction, he was so angry that he warned him fiercely on the spot.

Then she hung up the phone.

Jing Qin listened to the busy beep on the phone, and then stopped at the poker table.

Something big?

What's the big deal? Could it be because he saw that the two of them didn't have the love he imagined, or because he hadn't seen the birth of a child yet. After this woman came back, she wanted to give him another class, right?

Jing Qin's face was not very good-looking.

“Yeah, Young Master Jing, are you here at home? Are you going back?”

“Afraid of you?” The

card friends were all joking there.

When Jing Qin saw it, he was annoyed, and he had no more thoughts of going back. He opened a new card and played a few more laps. It was almost twelve o'clock in the evening when he came back slowly.

He panicked

Back at Jing's house, he thought that all those people in the family should have slept.

Unexpectedly, when he went in, he found that the light was still on in the living room, and when he finally got inside, he saw his sister who was still waiting for him inside.

“You—”

“Are you finally willing to come back?” Jing Yufei, who had waited for him all day, slowly stood up from the sofa.

She stared at him, her face was ashen as she had never seen before, and her eyes were also unfamiliar to the extreme disappointment, anger, and cold.

Jing Qin was stunned.

Probably because he had never seen her like this before, he felt a little empty for no reason.

“What on earth are you looking for from me?”

“What is it? What are you asking me now?”

Jing Yufei was so angry that she picked up a few thin sheets of paper from the coffee table in front of them and threw them away. in front of him.

“Jing Qin, I really didn’t expect that a person can be so cruel. Zhu Tingting lives under the same roof with you, don’t you have any clues? Even if it’s a cat you keep. A dog, if they are sick or lost, they will also notice, don’t they?”

She looked at the younger brother and asked word by word.

Jing Qin: “...”

Finally, he began to realize that something was wrong.

This chapter is provided by [naijdate.com](http://naijdate.com). Visit [naijdate.com](http://naijdate.com) for daily update.

Grabbing the sheets of paper in front of him, he immediately looked down, only to find that the first line of font that flashed into his eyes was the words “late stage of liver cancer” on the inspection report.

Who has advanced liver cancer?

He was so confused that he didn’t even pay attention to his name.

Jing Yufei: “Do you see clearly? It’s already late. For so many years, Jing Qin, as long as you treat her a little bit better and make her live a little better in this family, she won’t get this disease. How long do you think she has been surviving? ?”

“...”

For a long, long time, this person stood there without speaking.

He just stared blankly at the medical record and examination report in his hand.

How can you get cancer all the time?

Isn’t that woman alive every day? When he opened his eyes in the morning, he could see her, and when he came back at night, he could see her. He sometimes complained, why did she keep up with the clockwork alarm clock?

But it appeared in front of his eyes all the time.

Unexpectedly, there will be a day when she will no longer appear in front of him.

“Jing Qin? Did you hear me? Jing Qin?” Seeing that he hadn’t spoken, Jing Yufei became impatient, and began to urge again.

However, after this person was called by her, he came back to his senses, but he didn’t pay any attention to her at all, but rubbed the sheets of paper in his hand.

Immediately, he turned around and went out.

Jing Yufei, who was so anxious at the back, called out, "Where are you going? Come back to me!"

She thought that he still didn't care about it and was going out to play again.

But this time, this person is not. After he left the door, he drove the car towards Zhu's house at a high speed. In the middle of the night, he drove all the way and stepped on the accelerator above 150 degrees.

Advanced cancer?

Jing Qin really never thought that this would happen to that woman.

They have been married for five years, even if he doesn't love her anymore, but in five years, as people living together under the same roof, he really can't be as indifferent as he was at the beginning.

He came to Zhu's house at the fastest speed.

However, what made his heart sink again was that he actually saw that the gate of Zhu's house was locked.

On the second day of the first lunar month, they even locked the door.

Where did it go?

Standing at this door, he finally began to feel a coolness coming out of his heart. Little by little, in the end, even his fingers became astonishingly cold.

"Hello, the phone you dialed is turned off."

"Hello, the phone you dialed..."

"..."

Pop!

He hung up the phone again.

Finally, the neighbor who lived next door to Zhu's house came out of the bedroom after hearing the movement below.

"Isn't this the son-in-law of Lao Zhu's family? Why are you still here so late? Didn't you send Lao Zhu and the others over?" he asked loudly upstairs.

Jing Qin was stunned.

“Where are you going?” “Go see a doctor for Lao Zhu. Hey, how did you become a son-in-law? Could

it be that you don’t even know that your father-in-law is going abroad for treatment?”

A little pissed off.

Jing Qin was stunned again.

Treatment abroad?

He really didn’t know about it, but wasn’t that woman sick?

Why did he become Zhu’s father again?

No, it seems that when he and the woman woke up in the apartment in the morning, when she handed her the divorce agreement uncharacteristically, she did tell herself.

Her father is ill.

Therefore, she wants to divorce and take care of her father.

Jing Qin’s mind was even more confused.

But anyway, he also got a piece of information, so after driving out of here immediately, he asked someone to check the airport booking information.

It turned out to be true, just this afternoon, on a plane to M country, the names of this family of three appeared.

Return

” Wen

Xuxu , you say, the blood of the Huo family is all shed. How can this bastard give birth to such an obedient son?" He picked up the child who had been hungry for a long time without saying a word.

My genes are all like that, and I hope to give birth to how well-behaved children.

Huo Yuye is so well-behaved, probably because of his father Qiao Shiqian's temperament.

Wen Xuxu took Huo Yuye back to Repulse Bay.

"Brother, the fifteenth will be over soon. Are we going back to the capital? If they want to go to school, there will be a lot of things at home.

" Turn."

Huo Sijue, who was reading the book, said lightly about his plans for the next two days.  
go to company?

Wen Xuxu put Huo Yuye down and walked to the man.

"Didn't you tell him to study before, but just wanted him to get in touch with more people? Why did you really go to the company?"

"Because after I came back this time, I took a look at Huo's business, although it was profitable. The state, but the growth is extremely slow, Qiao Shiqian is a good lawyer, but he lacks a little talent in business."

After the man opened his mouth, he actually rudely disparaged Qiao Shiqian.

But in fact, the Huo family has been really stable over the years, and it has grown rapidly without him, Huo Sijue. If it continues like this, it will be replaced sooner or later.

This chapter is provided by [naijdate.com](http://naijdate.com). Visit [naijdate.com](http://naijdate.com) for daily update.

Wen Xuxu understood, and now, she didn't ask about it again.

the next day.

When Huo Yin got up, he was taken to the company by his father.

"Have you heard? Mr. Huo is coming to the company today."

Early in the morning, I received the wind and said that their former president was coming to the company. Everyone in the Huo's building was very pleasantly surprised, and everyone came earlier than usual for work.

These people still miss Huo Sijue very much. After all, he led them to create Huo's unprecedented glory.

At 7:30 in the morning, sure enough, after a familiar black Bentley car parked at the door of the company, everyone saw a mature and steady man, but his appearance and temperament remained unchanged, and walked down. .

It's Mr. Huo!

The president, whom they hadn't seen for a long time, really came.

The crowd couldn't help but want to cheer.

But after a while, as the door of the co-pilot position opened, another tall and straight handsome, but the facial features were simply the miniature version of their president when they came down.

They were simply stunned!

God, is that... their young master Huo Yin? How could he have grown so big?

The people in the building were all dumbfounded.

Until, the father and son took the same steps, as if the king came, walked into the building.

"Welcome Mr. Huo, welcome to Young Master Huo Yin!" The thunderous cheers finally sounded in the hall.

Huo Sijue was used to it.

But when Huo Yin saw it, he was a little nervous at first, but he was taken aback by such a battle.

"Daddy, they..."

"It's okay, they are very happy to see you coming, let's go, let's meet the company's top management first, you just came, Daddy will bring you familiar with the company first. It works."

Huo Sijue, who doesn't like nonsense very much, took his son directly into the elevator.

Half an hour later, at the Huo Group's shareholders meeting, Huo Sijue announced that in addition to temporarily taking over some of the work in Qiao Shiqian's hands, he also arranged Huo Yin to the company's operation department.

"Although Huo Yin still has to go to school to study, he can run the company part-time, and he can work remotely. I wonder if you have any opinions?"

"Do you plan to let Huo Yin come to the Huo family in the future?"

A shareholder still asked about Huo Sijue's arrangement.

For Huo Sijue, for the Huo Group, in fact, the shareholders in the company know that Qiao Shiqian did not take back his shares for a while these years, which means that he still has a share in this Huo Group.

However, since Huo Sijue recognized his ancestor and returned to the family of God, he has rarely intervened in the Huo family.

On the one hand, he thinks that he is not the real heir to the Huo family, and it is no longer appropriate to ask for these things. On the other hand, he has a lot of things to do himself, which he cannot take care of.

But now, he suddenly let his son come to the Huo family, which makes these shareholders begin to wonder if he is going to return to the Huo family?

And this doubt, the person who really wants him to return, is naturally happy.

However, there are some people who feel that this person is much more powerful than Qiao Shiqian, the current power holder of the Huo family, in both means and brains, and it will get in their way when they get here.

Certainly not so happy.

Huo Sijue glanced at everyone in the conference room, and for a moment, he casually said: "Just let him exercise, this child has been studying in a scientific research institute before, and he has been out of society for too long. As for the future, he will graduate. Would you like to stay here? Whatever you want."

"..."

In a word, it was obvious that several people in this conference room breathed a sigh of relief.

Manga Beautiful Boy

Huo Sijue did not see it.

After the meeting, he took Huo Yin back to Qiao Shiqian's office and handed him over to Lin Ziyang himself.

Lin Ziyang: "Don't worry, President, I will definitely arrange for Young Master Huo Yin."

Huo Sijue: "Well, don't be too deliberate, he is here to exercise, just follow the rules of ordinary employees."

Huo Yin: "..."

Seeing Daddy's arrangement, he felt nervous again for no reason.

So that day, Huo Yin stayed in the Huo family. On the first day he stepped into this kind of workplace, he really showed serious discomfort.

After Huo Sijue went home, according to Lin Ziyang's later feedback, Huo Yin stayed in the operation department that day, and basically didn't talk to anyone on his own initiative. He did whatever people in that department told him to do.

When they communicated, someone spoke to him, and he said something.

"What can I do?"

Wen Xuxu's heart clenched after hearing this.

But Sijue Huo was much calmer. He sat at the desk, slowly browsing some reports sent to him by Lin Ziyang in the company, while comforting her.

"Don't worry so much, he just came out of the base, there will always be an adaptation process when he goes to this kind of environment, and he will get used to it slowly."

"I'm not afraid that his interpersonal relationship will not be handled well, which will make him more resistant. Is that kind of environment?"

This chapter is provided by najidate.com. Visit najidate.com for daily update.

Wen Xuxu also expressed his concerns.

However, she didn't know that the current Huo Yin was no longer the child she wanted to protect back then.

At that time, Huo Yin was only a few years old and needed her mommy to take care of him and support him with that big umbrella to protect him from the wind and rain, but now Huo Yin is 18 years old after the new year, and he is already an adult.

When he is an adult, he is an adult, and he needs to be independent.

Parents, it is impossible to protect him forever.

Moreover, in a situation like his, in fact, a little more twists and turns would be better.

Huo Sijue didn't care about him anymore, and Huo Yin, who came back that night, was a very strong person because he had the same personality as him, even if he had a very hard day in the company.

However, he didn't tell Daddy half a word of bitterness.

After three days and the fifteenth day of the first lunar month, he finally went to the school to sign up.

Lin Ziyang: "Director Xiao, Young Master Huo Yin will be leaving soon, so please arrange his follow-up work."

Xiao Cheng of the Operations Department: "Yes."

Then, he quickly asked the secretary to draft a copy The work schedule was given to Huo Yin, and the person in charge of connecting with Huo Yin was a manager with excellent work ability in the operation department.

"Young Master Huo Yin, remember to keep in touch at school after that. After you arrive at school, I will arrange your first project."

"Well."

Huo Yin held the worksheet in his hand. nodded.

That night, he left City A.

He smiled again. It was when he arrived in the city of the university that he met Shen Shanshan who came to pick him up, as well as his younger brother Shen Tianhao. This lonely boy finally saw his beautiful eyes light up. .

“Little aunt...”

“Well, you’re finally here, we’ve been here for two days, so let’s take you to sign up now?”

Shen Shanshan was also very happy when she saw him.

At the moment, after she asked her brother to pack the suitcase for this nephew, she took him to the university where she was studying. On the way, Huo Yin rarely asked them a lot about the school.

Shen Tianhao: “You don’t have to worry, your finance department is not far from us, and I can often go to you to play.”

Shen Shanshan: “Well, your daddy also called me, you won’t live in the dormitory anymore, I found you a house outside, my brother lives with you, not far from the school, when the time comes, you guys You can go to school by bicycle.”

“Okay!”

After listening to this, Huo Yin finally settled down in his uneasy eyes for a long time.

He agreed, and his beautiful and handsome face was full of happiness that could not be hidden.

In fact, no one knows that people with flawed personalities are more eager for the warmth around them, which will make them feel particularly safe, and Huo Sijue has long thought of this for him.

Huo Yin entered the university smoothly.

On the first day of class, Shen Tianhao took him to the classroom. When he appeared at the door with his schoolbag on his back, everyone in the classroom looked at him in an instant.

This is a boy who seems to have stepped out of a manga.

He has a perfectly beautiful face that is almost suffocating. Because of his withdrawn personality since he was a child, he is filled with a gloomy temperament, just like that dark and mysterious forest, which makes people want to explore , but fearful.

As soon as he appeared, the entire classroom was silent for a few seconds.

“Classmates, let me introduce to you. This is a newly transferred student from our department. His name is Huo Yin. Everyone applauds and welcomes you.”

Fortunately, the teacher came in and saw everyone staring blankly at the boy, He immediately introduced it to the classmates in the classroom.

The voice fell, and the classroom finally burst into warm applause.

Huo Yin’s whole body was even more tense.

He stared at these people stiffly.

“Since it’s a new classmate, classmate Huo, come and sit with me, I just have a vacancy here.”

Suddenly, a clear and enthusiastic girl’s voice rang in the classroom, and she took the initiative to invite Huo Yin to sit with her.

Huo Yin’s eyes turned towards her...

### **A New Beginning**

It was a pretty cute looking girl.

She had a ball on her head and was wearing a short beige skirt. At this time, after seeing Huo Yin, her round face was full of bright smiles, and she waved at him vigorously.

Huo Yin retracted his gaze.

He didn’t want to do it with anyone, and if he could, he would rather sit alone.

“Student Huo Yin, then you can go and sit with classmate Ning Xiner.”

After seeing this scene, the teacher didn’t know how to arrange it, but he pushed the boat with the flow and directly asked Huo Yin to sit at the female classmate’s place.

Huo Yin frowned, and finally passed.

“Sit here, I’ll clean it for you.”

When he got to that seat, the girl who was waiting for him to come over was already so happy that she cleaned the seat next to her.

Huo Yin nodded and sat down beside her.

Seeing this, the other girls suddenly let out a sigh of remorse.

I thought that this beautiful cartoon boy would reject people for thousands of miles, but I didn’t expect that he was so obedient, the teacher asked him to go there, and he really went to sit at Ning Xiner’s place.

Huo Yin opened his schoolbag.

Ning Xiner: “Student Huo Yin, this is what we have in this class. You have just arrived at our school. Do you have any books? Would you like me to lend it to you?”

This chapter is provided by [naijdate.com](http://naijdate.com). Visit [naijdate.com](http://naijdate.com) for daily update.

She handed over her textbook.

Huo Yin, who was flipping through her schoolbag, lifted it slightly, and those beautiful eyes under the long eyelashes fell on the book in her hand.

“Microeconomics”?

He didn’t bring it.

However, it’s just a lesson, he doesn’t need it.

Huo Yin took out a pen and an unopened notebook, and placed it on the table upright. With his indifferent gaze, he looked towards the podium.

Ning Xiner: “...”

He really is such a cold boy.

She was a little embarrassed.

However, with her optimistic nature, she quickly felt nothing after taking the book back.

On the contrary, in this class, as long as she encountered the teacher lecturing on a topic, she carefully noticed that the boy had a frowning expression, and she would patiently remind him by the side.

I heard that this new classmate named Huo Yin is only 17 years old, and he has not even celebrated his 18th birthday.

That is to say, according to the normal college admissions, he was still in high school at his age, but suddenly came to their school to study, this girl had to make her wonder if he had any special circumstances before.

Ning Xiner thought so, and paid more attention to this young man.

A class was finally over, and the students in the classroom also stood up and left. When Ning Xiner saw this scene, she didn't plan to leave, but after glancing at the teenager sitting next to her who hadn't gotten up yet, she took the initiative again. strike up a conversation.

"Student Huo Yin, you just came today, do you want me to introduce you to the course schedule of our department?"

"...Okay."

Huo Yin looked sideways at her and finally agreed.

He really needs this.

He has never attended this kind of formal school, and he needs to take a good look at its time and arrangement.

Huo Yin waited for the girl to introduce him.

Unexpectedly, the girl took out her mobile phone after seeing his agreement. Immediately, she called up the WeChat QR code in her mobile phone.

"Then let's add a WeChat first, and I'll send you the course schedule."

"..."

For a second, Huo Yin felt a trace of disgust in his heart.

He doesn't like when someone tries to get close to him, especially in a clumsy way like this.

Huo Yin stood up with a gloomy expression on his schoolbag.

“Are you Huo Yin, a new student in our department? I’m the secretary of the Communist Youth League. Just now, Teacher Jiang asked me to come to you, mainly to introduce you to our finance department. Do you have time?”

Just as he was about to go out, this At the door of the classroom, another young boy suddenly came.

When the boy saw him, he immediately asked with concern.

Huo Yin was silent for a while, and after a while, he nodded: “Well.” The boy smiled.

“Okay, then let’s go. By the way, classmate Ning Xiner, why are you still here? There will be classes later, so don’t be late.”

When the group secretary took Huo Yin away, there was no He forgot to remind the girl behind him, and only made this girl named Ning Xiner so angry that her round face turned red and annoyed.

What’s going on with this guy named Huo Yin? She is a girl who personally brings him to familiarize himself with the environment and he is still not happy?

Do you have to be brought by a big man?

She left the classroom angrily.

And Huo Yin here, under the leadership of the League Party Secretary, finally figured out what he needs to do in this school for a day, what the time arrangement should be like.

League Party Secretary: “Student Huo Yin, I heard from the teacher, did you not study in a regular high school before?” The

two were getting acquainted with each other in the department, when suddenly, the League Party Secretary asked Huo Yin such a question.

Huo Yin’s expression was light: “Well.” The

Party Secretary: “God, then you are...?”

“My health is not very good. My parents asked a teacher to teach at home.” Huo Yin made another excuse.

## Returning from the Dead His Secret Lover Chapter 1757

He can treat anyone as air

The base at the base is classified as a high-level state secret, and he definitely can't say it. I believe that Daddy sent him here to study this time, and he didn't tell the teacher the real situation.

When the group secretary heard it, he suddenly realized.

It turned out that it was only self-study. No wonder the teacher told him that he must take good care of this new student. It turned out that he was worried that his foundation was too poor and he would not be able to keep up.

At the moment, the party secretary was even more enthusiastic about Huo Yin. When he was in the second class, he also specially found a student with excellent grades in their finance department to take Huo Yin with him.

"Student Huo Yin, this is classmate Cen Yu'an. Her grades are very good in our department. You just arrived. During this period of time, shall I let her take you with me first?"

"The tall and slender girl introduced to Huo Yin.

Cen Yuan?

Huo Yin glanced at her without emotion.

She looks pretty, but her character looks just like his, very cold, she is standing in front of him, she just looked at him and nodded with no expression.

Then, there is no text.

She is cold, and Huo Yin will not have any communication.

The two entered the classroom. Although they were sitting in the same seat in this class, they did not communicate at all during the entire class. When the get out of class was about to end, Cen Yuan finally glanced sideways at the young man.

Very quiet, very quiet...

This boy, his attention was hardly diverted throughout the class, and he kept staring at the teacher who was lecturing in front of him.

During this period, he might have something he didn't understand, because he could see his handsome and beautiful eyebrows slightly wrinkled, but he never thought of asking her about Cen Yu'an.

Instead, he picked up the pen in his hand and quickly wrote it down on the snow-white notebook.

The dragon and the phoenix dance, vigorous and graceful.

That word, just like his people, is very beautiful.

Cen Yu'an retracted her gaze, and five minutes after class ended, she finally said, "If there is anything you don't understand, you can ask me."

Huo Yin: "..."

Between the fair and slender fingers, she turned unconsciously. The ball-point pen in his hand paused for a moment, and he said "um".

Cen Zian frowned again.

Just this attitude?

She felt a little unhappy in her heart, because in the finance department, she was known as an iceberg beauty and a scholar, and she was always the object of the boys in the department.

But this young man didn't seem to take her seriously at all.

After class, Cen Zian left with the book in hand.

And Huo Yin glanced at the watch on his wrist and saw that there would be no classes for the next morning, so he also left the classroom and went to the Department of Business Administration to find his little aunt and the others.

"Huo Yin, how are you after class? Are you still getting used to it?"

Halfway through, she happened to meet Shen Shanshan who also came to look for him. As soon as she saw him, she ran over happily.

When Huo Yin saw his family, he finally smiled a little on his handsome face.

“Well, it’s okay, little aunt, have you finished class?”

“After class, let’s go to dinner. Your father told me before that, in addition to school, you also took on some of the company’s work. Is it?”

Shen Shanshan asked with concern.

Huo Yin nodded: “Well, he said he will give me a project.”

Shen Shanshan: “Okay, let’s go to dinner, I looked at your courses, you only have one class this afternoon, We can go to the library after dinner and you work there and no one will bother you.”

This girl is really a very careful person. After Huo Sijue explained these things to her, she has arranged everything for this boy.

Of course Huo Yin will listen to her arrangement.

So, the two went to the school’s cafeteria, and when they got there, they knew that this nephew was used to being pampered since he was a child, and he must not be used to eating ordinary food.

She deliberately brought out the other meals she had told the cafeteria aunt to cook earlier.

“Look, I asked them to make these separately, you should like to eat them.”

Shen Shanshan brought the meal in front of this nephew.

Of course, she also prepared separate tableware for him.

Huo Yin pursed his lips and smiled, lowered his head and picked up the chopsticks.

“God, isn’t that... the freshman in our department? Why is he sitting with a girl? And... Was he laughing just now?”

While eating, suddenly someone looked at the cafeteria. When it was the two of them, suddenly, there was an exclamation.

Especially a little round-faced girl with a ball head.

Yes, he was actually laughing.

This new boy, from him to their department, his expression has always been cold, as if wrapped in a layer of ice for a thousand years, and she Ning Xiner took the initiative to please him many times.

However, his expression did not change at all.

Including later they were the famous iceberg beauty sitting next to him, and so did he.

So who is this girl holy? Why let him sit down and eat with her? Are you still smiling at her?

Miss Ning's family, who was also raised by the stars at home since she was a child, began to be a little unconvinced. She didn't even line up with the bowl in her hand, so she came directly here.

Anger

“Huo Yin, it turns out that you are eating here too, can I eat with you?”

“ ... ”

The boy who was eating turned cold, and the disgust of being disturbed came up, and he was about to have a seizure.

Fortunately, Shen Shanshan was here at this time. After she saw the girl who suddenly came over, she quickly spoke up before this guy got angry.

“Are you Huo Yin's classmate? All right, come and sit with me.”

Then she greeted the girl next to her and sat down.

He even went to help her make a new meal.

Next to Huo Yin, people he doesn't know are absolutely not allowed to sit. His meals are even more strictly prohibited from being touched by others. Even Shen Shanshan is alone.

Fortunately, after she arranged it like this, the boy on the opposite side temporarily endured it.

Ning Xiner looked a little stunned.

This girl, how did she...

“What’s the matter? Don’t you like to eat?”

“No... No, I just see that you and him seem to know each other. Didn’t he come to our school today? Then you are...?”

Ning Xiner hesitated for a while, and finally couldn’t help but ask.

Shen Shanshan smiled and said: “I, don’t get me wrong, I am his little aunt. Today is his first day at school. I was afraid that he would not be used to it, so I came over and brought him to dinner in person.”

She looked at this The girl was hesitant to say anything and explained it with a smile.

Everyone is a girl. Seeing her look like this, Shen Shanshan must know what she is thinking.

Originally, she knew that this nephew was very good, and it was normal to attract girls. Another point was that her cousin also told her that letting this guy go to school here is for him to better integrate into the society.

So, she wouldn’t do that kind of thing that pushes people away.

Sure enough, after she said this, the little round face immediately became brighter.

“It turns out to be like this. You don’t have to worry about that little aunt. I thought I could bring classmate Huo Yin with me. I told you that I took him with me in the first class today.”

“Really . ?”

Shen Shanshan was a little confused when she heard the words “little aunt”.

However, she was still in a good mood.

Because, on the first day that my nephew came to school, he met friends and helped him so enthusiastically. She was sure that when the news was passed on to her cousin, he would also be happy.

Shen Shanshan intends to have a good chat with this girl.

But after Huo Yin, who was on the opposite side, saw this scene, finally, he didn't even bother his aunt, put down his chopsticks with a "pop", and left with his schoolbag.

Shen Shanshan: "..."

Ning Xiner: "... —Huo

Yin

found the school library with his schoolbag on his back.

The time in college is so generous. There are only a few courses that can be taken in a day. The rest is done by the students themselves. If they like it, they will go to the library or self-study room to study on their own.

If you don't like it, just play games and so on.

Huo Yin came to the library.

But I saw that there were quite a lot of students in the on-campus library with three floors up and down, and almost all the desks there were occupied.

Seeing this, Huo Yin could only go inside. Finally, when he reached the third floor, he found a vacant seat by the window.

However, there was also a student sitting opposite the vacant seat.

"It's you?"

The girl who was studying raised her head and saw that it was him coming over. There was a rare hint of surprise on that beautiful face that was as cold as ice.

Cen Yuan, that's right, it's her.

However, she soon discovered that this boy named Huo Yin didn't seem to see her again.

He came to the seat and sat down. Soon, he took out his notebook from his schoolbag, and he sat there and studied seriously.

Cen Yu'an: "..."

Haha, I'm pretending to be her.

A trace of sarcasm crossed her mouth, and she continued to study.

He was disturbed by the movement on the other side again, because the boy stared at the things on the screen and frowned for a while, then he suddenly stood up and went to the bookshelf.

What is he doing?

Cen Yuan felt a little strange.

However, she never liked to meddle in these nosy things, so she finally lowered her head and continued to study.

Until, the voice of the video call connected suddenly came from the laptop on the opposite side. In the quiet library, such a voice suddenly appeared, which was particularly harsh.

Cen Yuan frowned and looked towards the bookshelf.

However, she didn't see the boy, but because of the sound of the notebook, there were already many people staring at him dissatisfiedly.

Cen Yuan: "..."

Finally, after gritting her teeth, she got up and walked over.

Sure enough, someone was making a video call.

When Cen Yuan saw it, she was about to hang up the call in the touch screen area, but unexpectedly, she paid close attention and found that the contact name was "Xiao Cheng, Director of Operations"!

Cen Yuan hesitated for a second.

"What are you doing? Who told you to touch my computer?"

A stern scolding sound suddenly sounded above her head.

Cen Yu'an's expression changed in an instant, and when she raised her head quickly, she saw a handsome face full of iron and blue at a glance. At this time, her eyes full of sinister eyes stared at her, full of terrifying anger!

## Returning from the Dead His Secret Lover Chapter 1759

People who are too good will always be disliked

Cen Yuan has never been so humiliated.

She stared at the boy who rudely reprimanded her in public, and the astonished eyes that were immediately cast at her in the library, making her want to find a hole in the ground to burrow into.

Didn't he just glance at his computer, as for?

Cen Yu'an was very angry.

"I didn't touch your computer because someone made a video call on your computer, which affected the students studying in the library, so I came to help you close it."

"You can just close it!"

I never thought that this The boy who was still angry, opened his mouth and said another sentence.

In an instant, the library was quiet.

Yes, if the laptop is annoying, just close the computer, why bother to touch his computer, is this girl too stupid? Or did she really want to spy on something?

Everyone stared at her again.

Cen Zian finally turned so red that even the roots of his neck were thick.

Without speaking, she stared at the young man and clenched her fists hard, then returned to her place to quickly tidy up the table. Soon, she carried her schoolbag and left.

Huo Yin, very good!

——Huo

Yin did not pay attention to this matter.

After he found those books on finance that afternoon, he took over a project handed over by Huo in his notebook. I wonder if it was deliberately arranged?

That project happens to be in this city.

[Director Xiao: Young Master Huo Yin, according to the observation of the market, the development of that building is still ok. Next, in addition to discussing it, you also need to plan its development plan. any questions? ]

[Huo Yin: Yes. ]

He stared at the map of the business district around the building sent by the other party, and replied two words.

[Director Xiao: Well, if you need anything here, you can come to me at any time. Also, I have arranged for Manager Mo and the others to come to your side to assist you with your work. ]

【Huo Yin: Hmm. 】

After Huo Yin added the contact information of those people, he saw that it was time for the afternoon class, and he left the library.

The class in the afternoon was an ordinary basic class. For Huo Yin, he didn't need to take it to heart, but this afternoon, when he entered the classroom, he found that the huge classroom was obviously not very crowded, but A lot of people were sitting in one piece.

And when he came in, he only saw a large vacant seat at the back.

“Are you saying that he is the one who scolds us in the library?”

“Yes, the whole library has seen it. Who is our Iceberg Beauty? That's our goddess, and we can't hold it in our hands. , he's a newly transferred student, why?”

“That's it!”

As soon as these people saw him coming in, they immediately stared at him with angry expressions.

Huo Yin: “...”

He didn't pay attention to these things at all. He went to the empty seat with his schoolbag on his back and sat down.

Happy to be quiet.

“Look, he really sat down there alone.”

“Yeah, do you feel that he is strange? He doesn’t talk, and he doesn’t get along with us. Is there something wrong with him?”

“Generally this Most of the students who transfer schools in the middle have problems. When he was in the two classes today, I deliberately observed it, as if he didn’t even know how to attend the class.”

Suddenly, someone was there again . said a word.

Suddenly, the group of people looked at Huo Yin again, and their eyes were even more strange.

“What are you talking about? I warn you, don’t talk nonsense!”

Suddenly, at the door of the classroom, a round-faced girl with a ball-shaped head came in. After seeing the students inside talking about Huo Yin, she immediately frowned. He reprimanded.

It turned out that Ning Xiner came.

When everyone saw her, they finally didn’t dare to make a sound.

Only then did Ning Xiner come to the cold and beautiful young man with a smile while carrying her schoolbag.

“Huo Yin, you’re coming to class. Look, what did I bring you? It’s noon. I went to the supermarket with my aunt, and she bought it for you.” The

girl sat down happily without taking her own The book, but the first time he handed over a box in his hand.

It’s a box of cakes, Huo Yin’s favorite chocolate coconut.

It turned out that when Shen Shanshan saw that he hadn’t finished his meal, he was worried that he was hungry, so he went to the supermarket to buy a box of cakes for him.

When Huo Yin heard that the little aunt bought it, his expression finally became less indifferent, and he brought the cake.

Ning Xiner was very happy when she saw this.

After a while, the teacher also came over. In the morning, Ning Xiner asked Shen Shanshan a lot about the boy's likes and dislikes, and knew that the thing he hated the most was being disturbed when he was about to do something.

So, in this class, she listened obediently beside him without making a sound.

It's just...

"Students, this question will be more complicated. I don't know what the teacher said just now. Do you understand? If there is, remember to ask actively."

"Teacher, I think the main thing is to Talk to Huo Yin, a new student in my department, and see if he doesn't understand anything?"

## Returning from the Dead His Secret Lover Chapter 1760

He is so poor

Suddenly, someone in the group of students mentioned Huo Yin again.

And when he mentioned it, everyone else started to boo, and asked the teacher to "focus on" Huo Yin.

Seeing this, the teacher could only look at Huo Yin here.

"Then...Student Huo Yin, do you know this question?"

"..."

In just a few seconds, everyone's eyes were fixed on this young man, and the expressions on their faces were all different. It is very obvious that the words "Watch a good show" are hung.

They were indeed waiting for Huo Yin's joke.

His words and deeds didn't seem normal, and once he got here, Ning Xiner, and Cen Yu'an, the two representative beauties in their department, the two representative beauties, all jumped on him.

Naturally, these people felt even more uncomfortable.

“Teacher, Huo Yin he...”

“Yes.”

No one thought that before Ning Xiner finished her words, the teenager next to her interrupted her. He looked at the teacher in front of him expressionlessly and nodded. .

The teacher smiled happily: “That’s good, then...”

“Teacher, why don’t you let Huo Yin show us? Actually, we didn’t understand a little bit. If you let Huo Yin go up, if there is something wrong , the teacher can also explain it to us.”

This chapter is provided by [naijdate.com](http://naijdate.com). Visit [naijdate.com](http://naijdate.com) for daily update.

“This...” The

teacher was embarrassed.

But just when he was hesitating, the boy on this side had already come out. There was still no emotion in his dark eyes, and his handsome face was as beautiful as he had been drawn, with his usual indifference.

Until, he came to the podium.

“Give me the chalk.”

“...Oh, good.” The teacher was a little unresponsive.

He hurriedly handed over the chalk in his hand, and under everyone’s astonished gaze, the young man began to analyze the question on the blackboard like flowing clouds and water.

Two minutes, just two minutes passed! !

That question was indeed a bit difficult for a freshman, and it was perfectly resolved under his slender fingers.

“Okay, there are two places. There is something wrong with what you just said. I have corrected it with you.” After Huo Yin finished writing, he gave the chalk to the teacher.

The teacher was stunned.

And the students sitting on the desks were stunned after seeing this scene, and finally the entire classroom fell silent.

Actually... still correcting the teacher's mistakes?

God, they heard it right, this young man...he's not...the person with problems?

All were slapped hard.

After that, in this class, no one dared to say a word, and the teacher, after class, immediately returned to the teacher's office, and then went to the school leader.

"Principal, the newly transferred student from the Department of Finance, didn't he say he didn't go to a regular high school? How could he even solve the problems in college? He...he even corrected me." The

teacher also A little blush, this is the first time he has been corrected by a student since teaching.

The headmaster gave him a cool look.

"What's so strange about this? If you haven't been to a regular high school, is that a bad person?"

"..."

"Do you know what his relationship is with Shen Shanshan from the Department of Business Administration?" The principal suddenly asked this question .

The teacher was taken aback.

God Shanshan? Isn't that the two kids in their school who will be the focus? And her younger brother Shen Tianhao, because their surname is Shen! !

"Are they...?"

"He called her aunt, think about it yourself, figure it out, and then decide your attitude toward that child in the future." The

principal picked up a lesson plan and stuffed it into the teacher's hand superior.

The teacher was stunned.

When he reacted, finally, after his eyes suddenly widened, all the discomfort in his heart for the child to correct himself disappeared.

Yes, the descendants of God's family can point out their mistakes, what's so strange?

The teacher happily went to class again.

In the classroom, Huo Yin, who had finished the class, was also ready to go back.

He also asked Manager Mo and the others to talk about the project at his residence at night, and he needed to go back early.

"Huo Yin, where are you going? Are you going home? Do you want to give you a ride?"

Just after he came out of the teaching building, he heard someone calling him from behind. After a while, Ning Xiner appeared again and asked enthusiastically. Do you want to send him back?

The Ning family was quite rich in this city, and could be said to be a wealthy family.

However, Ning Xiner has a special car and is responsible for picking her up to school every day, and about this, there are not many people in the finance department who want to please him and hug her daughter's legs.

But this day, she was ruthlessly ignored.

Huo Yin walked to the shared bicycle, took out his mobile phone, and read the operation method sent by his little aunt in detail, then he scanned the code and rode away.

Ning Xiner, who was so angry at the back...

"Xiner, he ignores you? Why is he so overbearing? What is there to ride on a broken bicycle? I really don't know happiness in the midst of happiness."

"I guess the family is too poor, People who have never ridden in a luxury car don't know how to do so."

The two girls who also ran over from behind saw this scene and immediately complained dissatisfied next to Ning Xiner.
