

Returning from the Dead His Secret Lover Chapter 1801

Complete?

“No, come in, come in quickly!”

She warmly invited her in.

Cen Yu’an’s appearance is indeed very famous in T University, otherwise, she would not be known as a cold beauty in the financial department.

Shen Shanshan brought the girl to the table.

“Yinyin, Yu’an is here, she bought us breakfast on purpose, she...”

“No need!”

Unexpectedly, Shen Shanshan only opened her mouth, and the teenager sitting opposite very rudely refused, He had a cold and handsome face, and in just a few seconds, after this Cen Yu’an appeared, a layer of penetrating chill shrouded him.

Shen Shanshan’s palms suddenly sweated, not knowing what to say.

“Yinyin, she...”

“Huo Yin, I actually came here today to apologize to you. I know I did something wrong in the past. After you let me go, I’m very grateful. So, I’m here today. , I came here to assure you that I will never make such mistakes in the future, Huo Yin, I hope you can forgive me.”

Suddenly, Cen Yu’an, who was standing beside him, interrupted Shen Shanshan’s words and started to explain. stand up.

She lowered her head, her expression full of remorse and guilt. When she said that she would definitely reform herself, she was afraid that the young man in front of her would not give her another chance, and she actually took a step towards him.

Shen Shanshan was stunned again.

She heard her ambitious vow to strike last night, but she didn’t expect her to be so brave.

Is this still the legendary cold beauty from before? Why does it seem like she’s completely changed today, she is so active and sharp that she feels a little ashamed.

She looked at the boy.

But he found that he was stunned there too.

He stared blankly at the girl, as if completely shocked. For several seconds, he didn't make any movement.

"Huo Yin, are you not willing to forgive me? Well, I can call the police station now and ask them to arrest me. As long as you can forgive me, I'm fine."

After that, the girl took off her body again. I took out my phone, ready to call 911.

Huo Yin: "..."

Finally, he moved, stretched out his hand, snatched her phone, and threw it on the table.

"Have you had enough trouble?"

"Huo Yin, I..."

"I tell you, if you want to repent, you can't just rely on your mouth. If you really want to change, then be honest in the future. Don't make any crooked ideas."

Huo Yin finally spoke.

His tone was still stern, and his expression did not soften much.

But from the moment Shen Shanshan who was standing here saw him snatching her cell phone away, she knew that this Cen Yuan's first step today was a success.

She is really good, and she deserves to be an elective in law. In the law section, there is a subject of criminal psychology, so she should also be very good at trying to figure out others.

Including his weaknesses.

And Huo Yin's weakness is nothing more than her brother.

Cen Yuan successfully stayed in the apartment this morning, and finished the breakfast with Shen Shanshan and the others.

"Sister Shanshan, today is the weekend, do you have any plans?"

"No plans, originally I received a call from Yin Yin's mother, saying that a friend here was opening, and asked Yin Yin to send gifts instead of them. I'll take him there."

Shen Shanshan said casually about the day's arrangements.

This was indeed sent by Wen Xuxu not long ago. Their status is noble, and it is not surprising that they can have friends in such a place.

And she deliberately sent it, it should be for the question that Shen Shanshan said in the morning, and then let her take her son to get used to it more.

Banquet again?

When Cen Yu'an next to him heard it, his eyes suddenly lit up.

Yesterday, she heard that this boy had gone to the banquet at Ning's family. In fact, she felt very uncomfortable. Ning Xiner's family was rich, but at that time, she never thought that she would have the opportunity to be close to this boy.

But, in the student union office yesterday, before Shen Shanshan found her, she was in a very low mood.

But now...

"Then... Senior Sister Shanshan, do you want me to accompany him? Didn't you say let me take the initiative? I think... this is a good opportunity, can you give it to me?"

"Inside, Cen Yuan, who was helping to clean up together, suddenly made a straightforward request.

Shen Shanshan was shocked!

She turned her head to look at her, and for a few seconds even forgot to move the bowl she was washing.

How can she be straight? She...

"What's the matter? Senior Sister Shanshan doesn't think it's right? But, didn't you tell me last night that he also likes me, so you are his little aunt, and you have such a good chance, don't you? Should it fulfill us?"

Cen Yu'an spoke again.

And this time, in her anxious eyes, in addition to her undisguised desperation, she also showed a trace of incomprehension.

It's as if the girl in front of her, as an elder, is unwilling to fulfill the personal affairs of the younger generation, which is a very incomprehensible thing.

Shen Shanshan was finally defeated in such eyes.

She withdrew her gaze, and after a while, she lowered her head to wash the dishes and nodded, "Okay, it's not that I don't want you to accompany him, considering that your legs are inconvenient."

"It's alright, it's been so long, Besides, my legs are inconvenient, so I can let him take care of me."

Cen Yu'an finally got the approval, and she thought of this again when she was happy, and she was even more happy...

Returning from the Dead His Secret Lover Chapter 1802

I have no obligation to help you

Shen Shanshan came out of the apartment.

She was carrying a schoolbag and a parasol in her hand. After she came out of the building, she looked at the bright sun above her head. For a moment, she supported it and stepped into this sultry weather.

Yeah, it's hot.

Therefore, it is best for her to stay at school and study obediently today. After the last exam was clarified, the school has agreed to let her retake the exam.

Shen Shanshan went to school.

In the apartment, Cen Yuan was still staying to continue cleaning. She looked at the apartment where only the two of them were left, and after breathing a sigh of relief, she began to think in her mind, how to chat with the boy next.

Did you tell him directly? Said her little aunt asked her to accompany him to give gifts?

Let's find another excuse so that this teenager will be easier to introduce.

She struggled for a long time.

Finally, when Huo Yin changed clothes and came out of the bedroom, she bit her silver teeth and finally made up her mind.

“Huo Yin, your aunt just left. She said that the school agreed with her to retake the exam, and she went to review.”

“...”

Just like that, the boy wearing a blue and white striped plaid immediately stood there with facial features. The gloom went down, and a pair of eyes stared at her, and a chill burst out in an instant!

“Then why are you still here?”

This chapter is provided by naijdate.com. Visit naijdate.com for daily update.

“Ah?” Cen Yu’an was so frightened that his scalp was numb for a while.

“I... I was asked by your aunt to stay. She said you were going to give gifts to your parents’ friends later, didn’t she? She asked me to accompany you and even gave me the taxi fare.”

She Carefully speaking, he took out two hundred from the bag.

She can only say so, otherwise, she is afraid that this young man will reject her.

As a result, just after she finished speaking, the young man in front of her suddenly saw her staring at the two banknotes in her hand and shrinking, and his expression became even more frightening.

“Haha...”

“?”

Cen Yu’an didn’t understand what these two sneers meant?

However, after these two beeps, she saw that the teenager turned around and returned to her room, and then “bang”, she never came out again.

Cen Yuan: “...”

She just stood there dumbfounded, and after a long time, she fell down in the chair behind with a thud.

And that pretty little face was gray.

Is he unwilling to go with her?

However, he was not like this before. In the past, as long as she invited him to go, he would agree, and he would accompany her even when she did hourly work.

How has it become like this now?

She was so remorseful that at one point she sat there with tears streaming down her face.

—

In school.

Shen Shanshan was studying in the library. Most of the students didn't come to the school on weekends. The library seemed to be her private. The quiet environment made her study very seriously.

"Om... hum..."

Suddenly, the phone in the bag vibrated.

She heard it, and hurriedly took it out of her bag for fear of disturbing other classmates.

"Hello?"

"Sister Shanshan, that... Huo Yin doesn't agree to go with me, he should still be blaming me, Sister Shanshan, can you come and take him there? I'll just follow you, I'll take it slow first."

It was actually Cen Yu'an's voice.

After she couldn't figure it out, she came to her Shen Shanshan again.

As soon as Shen Shanshan heard it, she was in the mood to be disturbed in the middle, but after hearing such excessive demands, she finally couldn't help it.

"Cen Yu'an, this is your business. Since you have vowed to get him back, you should work hard on your own instead of coming to me. I am an elder, but I am not his parent!

" He threw this sentence to her mercilessly, and then hung up the phone.

Hearing that, Cen Yu'an over there finally seemed to be slapped in the face, and his face was blue and white for a while, not to mention how wonderful.

She was a little too self-righteous indeed.

I don't know if it's because my father died early and didn't receive a good tutor, or she did it on purpose.

Shen Shanshan could no longer calm down.

When I was disturbed again, even Wen Xuxu came to her phone and asked her why she didn't take Huo Yin to her friend's place? Now the other party has called her.

"Ah?" Shen Shanshan finally couldn't sit still when she heard this.

"That...sister-in-law, today Yinyin said he went alone, so I'll go back and have a look."

"Well, go back and see him, the child's favorite thing is to experience unhappiness again. After the experience, lock yourself in the room, go and have a look, if you are still at home, persuade him and take him to Li's house in person."

"Okay, I see."

Shen Shanshan hurriedly He agreed, and then he grabbed his schoolbag and left the school.

She must not tell them about Cen Yu'an, otherwise, she is afraid that they will be angry.

Shen Shanshan rides the bicycle very fast.

Returning from the Dead His Secret Lover Chapter 1803

Shen Shanshan, you are so talented!

Twenty minutes later, the apartment.

Really, when she got here, out of breath, she climbed up and saw at a glance outside the closed apartment, where the iconic pair of handmade sneakers for boys were still there.

It's over, it's still there.

Shen Shanshan's palms became more and more sweaty.

She quickly took out the key and opened the door. After she walked in, she glanced around the room. When she saw that there was no one else, she swallowed and cautiously came over to the bedroom whose door was being tightly closed.

“Knock-knock-“

“Yinyin, I’m a little aunt, are you still inside?”

She pressed against the door and whispered softly.

No sound.

In this room, the pair of white slippers could clearly be seen at the door, but after she shouted twice, there was no response at all, as if no one was there.

This is really over, is this little guy angry?

Shen Shanshan even had cold sweat on her forehead.

However, there is no way, she still has tasks to complete. Shen Shanshan took another deep breath and continued knocking on the door outside.

“Yinyin, you open the door, your mommy has called just now, and said that I should take you to Li’s house quickly, otherwise it will be too late, will you be obedient?”

“ ... ”

“Yinyin, you If you can’t open it, then the little aunt will go get the key, don’t be angry then.”

Shen Shanshan looked at the door that was still closed, and finally got discouraged, she decided to go directly to the key to open the door.

As a result, just as she turned around, the bedroom door suddenly opened with a “click” at the door.

Shen Shanshan: “ ... ”

This is a teenager she has never seen so terrifying.

He appeared in front of her, his blue and white striped shirt set off his 18-year-old’s youthful and handsome face as if he came out of a cartoon. However, the chill that shrouded him, and the beautiful eyes staring at her with no trace of light, were like the huge darkness before the coming storm.

He said nothing.

But when she saw it suddenly, she couldn't control it and shivered violently.

"Yin... Yin Yin..."

"Shen Shanshan, you are really good!"

He finally spoke.

However, the screams with their first and last names, and the ghostly voice that seemed to come out of hell, made Shen Shanshan's scalp go numb again.

He... why is he so scary? Didn't he just ask Cen Yu'an to accompany him to the banquet? Then if he doesn't want to, he won't go. Isn't she back?

Shen Shan swallowed her saliva, and after a long time, she heard herself say: "You... are you angry? I'm sorry, Yin Yin, I saw that you got along well with Yu An before, and she This time, she really regretted it, she..."

"Crack!"

Suddenly, something smashed towards her.

In an instant, Shen Shanshan covered her ears and screamed, and the thing shattered into several pieces next to her feet, a lot of them, and even splashed onto her body.

"Shen Shanshan, you have heard it clearly, it's not your turn to be the master of Huo Yin's affairs, don't take yourself too seriously!"

He roared furiously, and went back with a bang. the bedroom.

The door was closed again.

Shen Shanshan: "..."

After a long time, she stood in this mess, looked down at the phone that was broken into pieces by her feet, and then squatted down with the redness in her eyes.

Indeed, she shouldn't take herself too seriously.

who is she?

Now she is just desperately trying to catch their gods to protect her little worm. She should not go beyond anything, let alone ask for anything extravagantly.

With tears in her eyes, she picked up the shattered mobile phone little by little. Seeing the marks on the feet under the skirt were scratched by these fragments, she just took a tissue and wiped it, and then went to the bathroom .

After finishing everything, she calmed down and sent a message to the person who was waiting at Guanhaitai with her mobile phone.

[Shen Shanshan: I'm sorry, sister-in-law, I failed to persuade Yinyin, it's all my fault.]

【Wen Xuxu: It doesn't matter, he has such a temper, sister-in-law has to thank you for your hard work. 】

This sister-in-law is very generous and very reasonable.

Shen Shanshan looked at these few lines, her eyes froze for a while, she hurriedly raised her head, put down the phone, and it took a while for her emotions to calm down.

That day, she did not go out again.

In the same way, Huo Yin, who closed the door, never came out.

In the evening, when it was almost time for dinner, Shen Shanshan came out and went to the kitchen to see. After seeing that there was no food, she took her baby out and went to the supermarket to buy food.

That is, the moment she went out, the door in the apartment that had been closed all afternoon was also opened.

The boy who came out looked around in the apartment, although his handsome and delicate face was still tense, but his eyes were obviously searching for some traces of the place where he smashed the phone before.

Until, he saw what seemed to be a little bloodstain there.

Suddenly, his beautiful facial features turned white...

Returning from the Dead His Secret Lover Chapter 1804

My sister is gone...

After Shen Shanshan finished shopping, she went to a shop selling mobile phones near the supermarket.

"Hello boss, may I ask, which mobile phone has better performance?"

"Performance, these models are all good, with large memory, and playing games is very smooth, but the price will be a bit expensive."

Boss Picked up a few from the counter.

However, after seeing the girl, he judged that she should still be a student, so he kindly reminded her.

However, Shen Shanshan heard that playing games would be smooth, but she didn't care so much.

"Okay, Boss, just take this. By the way, there is still a phone number. Can I use the original one? But my SIM card is broken."

"Okay, just take the ID card." A quick reply.

ID card?

But this phone was not bought for her, and if he went back to find that guy, he would definitely not be willing.

Shen Shanshan struggled for a while, and finally, she took out her ID card and retrieved her mobile phone number. After she paid the money, she took it home with her.

"Tianhao, are you back?"

Just after returning to the apartment, he ran into her brother Shen Tianhao, who came back from the capital.

"How's it going? Is Mom okay?" She was so excited that she ran over and asked immediately.

This chapter is provided by naijdate.com. Visit naijdate.com for daily update.

However, Shen Tianhao's expression was a little tired, and the whole mood looked very depressed.

"Sister, Mom is not very optimistic. I heard from the third aunt that she had been bleeding in the stool before, but she didn't go for the examination. After I went back this

time, I managed to coax her to go for an examination once, and the result... The doctor said..."

"What?"

Shen Shanshan immediately grabbed him tightly.

She can't let her family have trouble anymore. They have no father and no mother.

However, in the next second, the younger brother directly sent her to hell.

"Say it's rectal cancer, sister, is mom dying too?" The older boy, who was about 1.8 meters tall, stood in front of his sister and cried after he finally said this.

Shen Shanshan's mind was empty.

She staggered a step, and the things she was holding in her hands no longer had the strength to hold, and all fell to the ground with a "pop".

"Sister..."

"No! Mom won't die. I'll go back right now. You pick up the things, and I'll take Mom to the hospital to see a doctor."

Then, the twenty-one-year-old girl She didn't even go upstairs, just grabbing a mobile phone, she left the city and rushed back to the capital in a hurry.

In their house, it is true that God always makes up his mind.

Although Shen Tianhao is a boy, she has been loved by her family since she was a child. Since Shen Rong died, her mother Zhou Xiuying is a person who has no opinion. The family affairs have become the girl to make decisions. .

It is equivalent to her carrying it.

In the apartment, Huo Yin didn't go back to the bedroom again. He moved his laptop out to work.

However, he did not expect that after waiting for more than an hour, instead of waiting for the person he wanted to see, he saw Shen Tianhao who had been back for several days suddenly appear.

"Why are you back?"

"Well, I'm here to tell my sister that my mother is ill, very serious, and my sister has left."

Shen Tianhao put his things on the dining table with a face full of frustration, and walked to the kitchen. Just got a bottle of water in the fridge.

Huo Yin was stunned.

Perhaps it was so sudden that he sat there unresponsive for several seconds.

“Your sister went back? Just go back like this?”

“Yeah, I just met downstairs. I told my mother’s situation, and she left. By the way, she said that this phone was bought for you, what do you do? Change your phone again?”

The

heartless Shen Tianhao, after handing over the family affairs to his sister, suddenly focused his attention on this phone.

Huo Yin: “...”

For a moment, he grabbed the phone on the table and chased after him.

The rest of Shen Tianhao looked at his back with a completely inexplicable expression.

What is he doing?

—

Airport.

Shen Shanshan had already arrived here, but when she was about to buy a plane ticket, she found that the wallet in her mobile phone was simply not enough to pay for a plane ticket.

“Sister, please, can you give me a discount? I’m a student.”

She begged the airport conductor’s sister.

However, after the conductor glanced at her, he just said a routine: “The student wants a student ID card, bring your student ID card.”

Shen Shanshan: “...”

Student ID?

She came out without even going home, where would she have a deep learning certificate? Fortunately, I only brought my ID card when I wanted to buy a mobile phone.

Shen Shanshan was so anxious that she almost cried.

“Sister, I came out in a hurry, I didn’t bring it. I’m really a student. If you don’t believe me, check my ID card. I beg you, just give me a discount. My mother is sick. I need to hurry up immediately. Go back.”

She begged bitterly.

However, the airport staff were completely indifferent.

“How can I check it for you? If every passenger is like this, do I still need to do my work? You should go and find your own documents first, the next one.

“

All hope was extinguished.

Shen Shanshan squeezed her cell phone tightly, her eyes filled with tears, she looked back at the ticket window one step at a time, not to mention more distressing.

“Little girl, are you short of money to buy a plane ticket? Let me tell you, as long as you do me a favor, I can give you money.”

Suddenly, a well-dressed man appeared in her room. In front of her, she was very concerned and asked if she needed help.

Shen Shanshan looked at him...

Returning from the Dead His Secret Lover Chapter 1805

I cried when I hugged him, like a child...

“What do you want to help?”

Shen Shanshan still let go, she desperately needed the money to buy her a plane ticket.

The man then introduced it enthusiastically: "It's not a big deal, it's just that you see so much luggage, I can't walk away, can you help me buy a cup of coffee in that coffee shop?"

He pointed A shop selling coffee on the bottom floor of this waiting hall.

It's that simple?

Shen Shanshan relaxed her vigilance and readily agreed.

She took the money the man gave, turned around and went down to buy him coffee.

Buying a coffee is not a big deal. However, when she took the money, it was probably because of her mother that she was already in a mess. She didn't think about it carefully. This is the airport. If you want someone to help him look at his luggage, those airport staff can also.

Moreover, she didn't even pay attention to the fact that on the negative floor below, many shops were newly opened.

"Boss, I want a cup of coffee."

"Coffee, okay." In the

deserted cafe, a middle-aged clerk saw her coming and took the order.

Seeing this, Shen Shanshan stood beside him anxiously looking at the watch on his wrist while waiting.

"Little girl, do you want to drink a glass of water first? Seeing that you are sweating profusely, I will have to wait a while for the coffee here, or you can sit down first."

Suddenly, the boss saw that she was there all the time . After standing, he was very considerate and brought her a glass of water.

When Shen Shanshan saw it, she was indeed a little thirsty. She didn't think much about it at all, she picked it up and drank it.

After ten seconds, she felt a little dizzy.

"you....."

"Little girl, are you tired? Take a good rest when you are tired. Uncle will definitely find a very comfortable place for you." The

grinning face pushed towards her step by step.

Shen Shanshan suddenly trembled.

She wanted to escape, but all of a sudden, her strength disappeared, and with a thud, the person fell off the stool.

“No... No, you don't come here, you... do you know who I am?”

“It doesn't matter who I am, I tell you, when you come to us, even if you are the daughter of the King of Heaven, you have to listen to us obediently. If so.”

The owner of the coffee shop came over, holding a disposable syringe in his hand.

God Shanshan is desperate.

She shrank back in vain on the ground, and big tears rolled down from her eyes filled with fear.

She never thought that she would end up like this in the end. So, it's really because the Lan family has committed too many crimes. Are their descendants destined to live in this world?

She watched the sharp needle point towards her little by little, and finally, she slowly closed her eyes.

In the nick of time!

“Boom!”

Something suddenly smashed through the door of the coffee shop.

In an instant, the beast who was holding the syringe only heard a muffled sound, and the chair that was thrown over actually hit him on the head, and even the terrifying sound of skull shattering could be heard in the blink of an eye.

Shen Shanshan opened her eyes immediately!

But at this moment, with a sound of “poof—”, the warm liquid was sprayed on her face. In an instant, after a shock, she looked at the beast that fell heavily in front of her, and would never move again. .

That is blood.

Splashed from the head of the owner of this coffee shop.

Shen Shanshan's chest heaved violently until someone quickly ran to her side and grabbed her arm.

"..."

For more than a minute, she looked up at the boy who was anxiously saying something with his lips folded in front of her. After a shudder, she regained consciousness.

"Wow~~Yinyin!!"

After she hugged his thigh, she burst into tears.

She had never been so frightened.

She had never been so wronged and embarrassed before. At this moment, she was holding this young man, what age, what restraint, what etiquette rules...

She forgot all about it, she just wanted to hold him and cry. It felt as if the saplings that had been blown away in the storm for a long time had finally found a safe haven.

"Yinyin, you're finally here, woo~~~ I thought I'd never see you again, I'm going to die..."

She cried so hard, her tears and snot even covered the boy's trousers.

The boy is a little stiff.

After all, the two of them had never been in such close contact before, which made him very uncomfortable for a while.

However, when he lowered his head and saw this girl crying like a child at his feet, she completely lost the dignified and calm elder look that the vice president liked to show on weekdays.

He felt amazing again.

"No, I won't let anything happen to you."

He finally spoke, reaching out and patted her back while holding him.

Shen Shanshan: "..."

It was at this time that the girl finally woke up.

what is she doing?

is crying?

Still holding this... her nephew who is a whole generation younger is crying?

Shen Shanshan looked up at the young man who was staring down at her, and the cry in his throat was so vivid.

Returning from the Dead His Secret Lover Chapter 1806

Domineering President's Unbridled Pampering

"I...I..."

"I'll hold you up."

Then, the tall and handsome young man bent down towards her again, and after a while, he saw her being hugged from the ground, clearly looking at her. He is a rather frail person.

It was so easy to pick her up Shen Shanshan! !

Shen Shanshan's pupils widened.

With tears in her eyes, she stared blankly at the young man until he came out of the cafe with her in his arms, and she couldn't take her eyes back.

Even more utterly stupid.

"Little young master, what's wrong?"

"There are human traffickers, tell the police here, if you don't want to lose your job, you'd better dig out all the people behind, otherwise the airport will be named Huo in the future!

" When he got up in the elevator, facing several men in black who quickly appeared in front of him, he only gave an expressionless command.

The words fell, and after these men in black all froze behind their backs, they looked at it, and a feeling appeared in their minds by coincidence.

This tone and momentum...

If they hadn't seen with their own eyes that this was a young man, they would almost have thought that their president was here in person.

Sure enough, this young master is most like his father!

This chapter is provided by naijdate.com. Visit naijdate.com for daily update.

The man in black will do it soon.

Shen Shanshan was also in a daze, and finally regained her clarity. She found that she had sat in the waiting room, and in her hand, she also held a cup of warm milk tea.

"The plane ticket has been bought, and it's half an hour before boarding. You should have a good rest first."

Huo Yin, who sat down next to her, also took out a bottle of water.

However, instead of drinking, he put away the ticket he just bought, and returned the ID card in his hand to the girl sitting next to him.

Shen Shanshan was stunned.

When did he take her ID card from himself? Why doesn't she know at all?

"What's wrong? It doesn't taste good?"

"...No, it tastes good, I'm just...just a little dizzy." Shen Shanshan quickly turned her gaze back under the sight of this young man.

She lowered her eyes, it was the first time she was so flustered in front of this young man.

Dizziness?

Unexpectedly, after she said this, Huo Yin next to her thought that she had been drugged before, and he immediately stood up.

Shen Shanshan: "Where are you going?"

"I'm going to buy some medicine for you, sit here and don't run around." Then he went out and quickly disappeared at the door of this waiting room.

Shen Shanshan looked at his back. After a long time, she retracted her gaze, lowered her head, bit the milk tea straw, and sucked. Suddenly, she felt that the milk tea was really sweet.

After half an hour, the two finally boarded the plane.

“By the way, why did you come here? Did Tianhao tell you something after he went back?”

After sitting down, Shen Shanshan, who had calmed down, immediately looked at the teenager sitting next to him and asked.

Huo Yin nodded.

He was fiddling with the new mobile phone in his hand, and the delicate and handsome face measurement, under the sunlight outside the cabin glass window, was so unreal that it looked like it was completely drawn.

“Well, he said that your mother is ill, you don’t have to worry, I’ll go back to find my mother.”

He replied lightly, those dark eyes, under the thick long eyelashes, never left his hands. new phone.

Shen Shanshan saw it, and suddenly felt a little uncomfortable.

She bought this for him, and I don’t know if he likes it or not? The one he used before, but his daddy and mommy helped him prepare it. There should be few in the world, and it is a limited edition.

Shen Shanshan was a little nervous.

But fortunately, after fiddling with it for a while, when it was normal, he took it and started playing.

“That... I have to turn off my phone when I take the plane.”

“?”

Finally, Huo Yin’s eyes came over.

Are you going to turn off your phone?

Why is it so troublesome?

This pampered and pampered child has always traveled by his own private jet, or by means of transportation arranged by Daddy, and he has never heard of this rule.

Huo Yin finally turned off the phone with a frown.

Shen Shanshan: "You can...read books, I have an e-book in my bag, do you want to read it?"

"E-book? What is that?"

"That's it."

Shen Shanshan saw that he was interested, busy From her small bag, she took out a simple e-reader that she usually likes to watch, and handed it to him.

When she came out this time, she did not bring a student ID or anything, but the girl would definitely have a bag to carry with her to hold the phone keys.

There was more of this thing in Shen Shanshan's bag.

Huo Yin took it.

He had never seen this thing before. He read books, and Daddy taught him to read paper since he was a child, because their family has a lot of books and a large library.

Huo Yin opened it, but found that the title of the book that appeared on the first page was "Domineering President's Presumptuous Pet"...

Huo Yin: "..."

"This... this is not what you saw, wait a minute, I'll find it for you."

Shen Shanshan blushed so much that she could not wait to find a hole to burrow in, and quickly grabbed it and deleted this one she saw, and then found a male Book frequently.

I really lost my face!

Returning from the Dead His Secret Lover Chapter 1807

Abide by Duties

Later, Shen Shanshan didn't have the embarrassment to say a word to this guy, so she leaned back on the chair and pretended to be asleep.

It's really a large social death scene.

Fortunately, Huo Yin guessed that he had never read an e-book before. After finding the male channel, he saw a book that suited his taste, and sat aside to read it.

Along the way, did not disturb her.

Two hours later, the capital.

"Dear passengers, our flight has arrived at the destination, please prepare to get off the plane." As soon as

the plane reached the sky over the city, the gentle voice of the flight attendant sounded on the radio, accompanied by the landing. weightlessness.

Shen Shanshan was in a trance for a moment, and suddenly opened his eyes, only to realize that he was actually asleep, and leaned on the shoulder of the boy next to him crookedly.

You can see a wisp of wetness on his blue and white striped shirt.

Shen Shanshan's mind went blank for a second.

"Boom!"

The moment the plane finally touched the ground, the entire fuselage was turbulent.

Suddenly, she wanted to look at the hand that wiped away the water marks from the corner of her mouth, but she was caught off guard, and the saliva was not wiped off, but the whole person fell off the shoulders of this young man.

Just right, it fell into his arms! !

...

Is this deliberately trying to get along with her?

Shen Shanshan's face was as red as blood, and she smelled the faint fragrance of this young man's body between her nose and mouth. She instantly bounced off him as if she had been electrocuted.

"That... I'm sorry, Yin Yin, I just... just fell asleep."

"...It's okay."

Huo Yin, who also lowered his eyes, besides his body that has been tensed all the time, also has a very beautiful crimson on the roots of his white jade-like ears.

This young man has lived in an environment of fine clothes and food since he was a child. Because of his health, his parents did not let him strengthen his training outside like his younger brother.

Therefore, his skin, even some girls may not be as good as him.

After the two got off the plane and came out of the airport, Shen Shanshan's embarrassment eased a lot.

"Yinyin, then let's take a taxi back."

"No, my mom already knows that I'm back, and Adjutant Shen is waiting for us outside."

Huo Yin said lightly again, and went straight forward.

Seeing this, Shen Shanshan followed behind.

If Wen Xuxu knew about this matter, then basically she wouldn't have to worry about it, because she knew that this sister-in-law was very good.

With her around, she will definitely help her mother.

Sure enough, when the two returned to the capital, Adjutant Shen did not take them back to Haitai, but went directly to the General Hospital.

"After receiving your call, your mommy has already brought someone to the hospital. Now President Chen is arranging for someone to examine her. Let's go up and have a look first."

"Well."

Huo Yin nodded.

And Shen Shanshan, who followed behind, was almost moved to tears after hearing this.

Ten minutes later, several people arrived at the internal medicine department. Shen Shanshan saw her mother coming out of the examination room at a glance, and she ran over immediately.

“Mom, are you alright? How is it?” After all

, she was still young. At this time, after seeing such a haggard mother, the girl couldn't help but redden her eyes again, and her pale face couldn't be hidden. worries and fears.

Zhou Xiuying: “...”

“Shanshan is back? You don't have to worry, President Chen just said that the cancer is not at an advanced stage, we just need to wait for the test results to come out and do an operation.”

Wen Xu Xu also came out.

After seeing that her son and the girl had come back, she came over and comforted the little girl who was indifferent.

Hearing this, Shen Shanshan felt relieved.

“Sister-in-law, thank you so much this time, otherwise, my brother and I don't know what to do?”

“What are you talking about, we are all family, even your mother, you are not feeling well, so don't tell us. , Are we outsiders? You call me sister-in-law, and I call her auntie, so close, so she sees outsiders!”

Wen Xuxu got a little angry when she talked about this.

Shen Shanshan paused.

For a moment, she supported her mother and lowered her eyes in front of this sister-in-law who was caring about their mother and daughter.

“What my sister-in-law said is that my mother is like this, and she always thinks about not bothering you too much. Don't worry, I will persuade her in the future. They are all a family, so how can they be so living?”

“Yeah, that's right. .”

Wen Xuxu then showed a very satisfied smile.

Soon, the test results came out. As Chen Jinghe and Wen Xuxu expected, Zhou Xiuying's condition was not that bad, so everyone added up and quickly set the date for the operation.

"Then... I'll go back to school after my mother's surgery."

Seeing the decision, Shen Shanshan immediately stated that she would stay to take care of her mother's surgery.

However, as soon as she finished speaking, Wen Xuxu, the current mistress of the Shen family, bluntly refused.

"What are you waiting for? Is there no one at home? We are such a big family in God's family. We can take two people out and take care of your mother. You student, don't join in here, and go back with Yinyin tomorrow. "

Two worlds

"But..."

"Okay, that's it, Yinyin, go home with Mommy, and have an early rest tonight."

Wen Xuxu didn't give the little girl a chance. He greeted his son and asked him to go back with him.

Huo Yin has been standing by the side without making a sound.

It wasn't until Mommy told him to go, that he took out the e-book reader from his body and handed it to the girl in front of him.

"Give it back to you."

"Huh?" Shen Shanshan looked up at him.

However, he found that the teenager withdrew his gaze, turned around and left behind Mommy.

Shen Shanshan: "..."

Holding the reader, she kept her eyes on the backs of the mother and son. After a long time, her mother came over and called her, and her thoughts were recovered.

"Shanshan, you must remember the kindness of your brother and sister-in-law in the future, you know? We really have accumulated virtues in our past lives to meet such a good person in this life."

Zhou Xiuying kept on nagging . admonish her.

Shen Shanshan did not speak.

However, the light-white little hand holding the e-reader tightened involuntarily, and even the knuckles were slightly pale.

However, when the mother and daughter finally entered the elevator, her hand had been released.

"Understood, Mom, I will definitely repay them."

"Well, listen to them and don't make them angry. At the school, as an elder, remember to take good care of Yinyin. This is a human being. Basic requirements, do you know?"

"Understood..." The

girl's voice, when the last three words came out of her mouth, was light without any waves.

Yes, she remembered, she will definitely do her duty as an elder, take good care of the boy, and repay the couple's kindness to their family.

Shen Shanshan took her mother home.

That night, after a simple meal, Shen Shanshan went into the room to pack her mother's luggage in the hospital.

"Ding-" The

phone suddenly rang.

Who is it? Sending a message so late.

She put down what was in her hand and came over.

But I found that after I opened the screen, it turned out that it was sent by a person with a black and white avatar. There was nothing else, just a screenshot of the booking information.

Huo Yin!

The corners of her mouth bent subconsciously, her fingers touched the keyboard, and she typed a series of greetings on the keyboard, ready to send it.

For example, what is he doing? Have you eaten yet? What did you eat at night?

A lot...

but just as she was about to send, all of a sudden, her fingers stopped again.

She remembered her mother's instructions...

[Shen Shanshan: Yes, thank you Yinyin.]

In the end, she just sent this sentence in an official way.

On the other side of Guanhaitai, in the castle that was already quiet at night, only the bedroom on the second floor was still lit. At this time, Huo Yin was sitting in front of the computer, playing games while waiting for a reply.

Hearing the sound, he stopped playing the game, grabbed it and took a look.

...

The boy's handsome and handsome eyebrows darkened, and his mood suddenly became extremely bad.

As a result, in this night's game, everyone in it was killed by him, and the corpses were all over the place.

—

The next day.

Wen Xuxu got up early, remembering that her son was going back to school.

Huo Sijue, who was woken up next to him, said, "Why are you getting up so early?"

"Prepare breakfast for your son. He's going to school today, so he has to be early, otherwise he won't be able to catch the flight." Wen Xuxu answered this while getting dressed. man.

However, as soon as she finished speaking, she was pushed back to the bed by the man.

“What flight to catch? Just let Leng Xu drive the helicopter over there. You can sleep with me for a while. I didn’t sleep well last night.”

Then he hugged her and got into the bed, and went back to sleep.

Wen Xuxu was so angry...

After eight o’clock, Huo Yin finally woke up. He glanced at the watch on his wrist. Seeing that it was getting late, he got up.

“Young Master Huo Yin, are you up?”

“Well, what about Mummy and the others?”

Huo Yin sat down at the dining table and asked while picking up his chopsticks.

The servant is too embarrassed to say that the adults have not yet woken up, so he can only deceive the child...

“Grandma Sun and Young Master Sun, they went out to buy food, these are all made by Grandma Sun, saying that when the young master is full, the cold The captain will come to take the young master back to school.”

“?”

Huo Yin raised his head.

Uncle Leng sent him to school? Didn’t he reject Daddy yesterday? Why should he send it?

He put down the breakfast he just got in his hand, grabbed the schoolbag behind him, and left.

Maid: “...”

“Where are you going? Why did you leave before you finished breakfast?”

Suddenly there was a majestic scolding, which made Huo Yin, who was about to leave, stand there and had to stop.

“Grandpa, good morning.”

He turned around and saw the old man come in angrily with a cane, and had to say hello to him.

Shenzongyu then showed a smile.

“Sit down and eat breakfast, how can I always skip breakfast when I’m old?” He directly ordered the great-grandson to sit down and let him eat breakfast with him obediently.

This old man, in fact, I really want to see them more now.

Returning from the Dead His Secret Lover Chapter 1809

Called Little Aunt!

He’s getting older, and it’s coming every day, but these little bastards, as they grow up, are like birds with growing wings, but they are getting farther and farther away from this home.

So, at this moment, he really wanted to stay with this child for a while.

Huo Yin was also sensible, and sat down obediently.

“Yin Yin, are you not used to going to the new school? Is the homework heavy?”

“Not heavy.”

Huo Yin answered frankly, holding the bowl and giving the old man a bowl of porridge.

Shenzongyu was even more satisfied when he saw it.

His great great-grandson is filial to him.

Shenzongyu drank a few mouthfuls of porridge, and then continued to ask: “How about with your classmates? How are you getting along? I heard that you were in school this time, and you were working on a project for the Huo family. Can you eat? Can you bear it?”

"It's fine, it's been dealt with, and it will be put into use immediately. If...the grandfather is free, I can ask Uncle Shen to show you on the opening day."

This young man suddenly invited This great grandfather asked him to watch the achievements of his first foray into the business world in his life.

"Really?"

Shenzongyu, who was bored every day, immediately lit up.

Huo Yin nodded: "Of course it's true. Because that building is in the old city, I also specially designed an entertainment place for the elderly, and grandpa can play with them at that time."

"Hahahahaha..." The old man smiled very happily.

"My eldest baby great-grandson is too capable. Yes, it's very good. You wait. On the day of the unveiling, I'll pull an old friend who helped your great-grandfather from the capital to cheer for you."

"Okay!"

Huo Yin also smiled . .

Finally finished breakfast with the old man, Leng Xu had already arrived outside.

"Little Master Huo Yin, the helicopter is ready, let's go."

" . . . "

Huo Yin's face changed.

——Shen

Shanshan took a flight back to City T today.

She waited for a long time at the airport, but the boy who gave her the plane ticket never came. Later, when she was about to board the plane, she finally couldn't help calling him.

"Hello, the number you dialed is temporarily unavailable."

" . . . "

Shen Shanshan looked at her phone, and after a while, she suddenly remembered what her mother said to her when she left in the morning.

Mom said, "Shanshan, you should just take a flight. Don't do other people's private jets. We've already troubled others so much, so don't understand your sense of proportion."

Shen Shanshan put away her phone and put it back. bag.

Fifteen minutes later, the plane took off, and she sat in that position, looking at the empty place next to her, silent all the way.

When she arrived in T City, she had already arrived in the southern city during the rainy season. After she got off the plane, she saw fine threads of rain floating in the sky again, making the whole city shrouded in gray.

"Miss, can you take a taxi?"

"No, I'll take the bus."

Shen Shanshan carried the few hundred dollars in her bag. After leaving the airport, she went to the nearby bus stop.

The rain was really heavy, so big that she didn't bring an umbrella. When she came out, although it was only a kilometer away from the bus stop, it made her clothes half wet.

Fortunately, after arriving at the bus station, there will be a bus to the city soon.

So, after she bought the ticket, not to mention, she took the car to the city.

"Hello? Tianhao, are you in class? If not, come and pick me up. I didn't bring an umbrella."

When she was about to get to school, she saw that the rain had not stopped, so she called her brother and asked him to Come and pick yourself up now.

And what about Shen Tianhao?

Although he is not very in charge and is very nervous, he still cares about his sister. When he heard that her sister was back, he immediately borrowed a moped from his classmate and drove to pick her up.

"Sister, why are you the only one? Where's Huo Yin?" In

the pattering rain, the younger brother saw Shen Shanshan's first glance, and sure enough, he also asked about Huo Yin.

Shen Shanshan pursed her lips.

First climbed into his moped, put on his raincoat, then grabbed his brother's clothes and replied, "His family sent him over, by the way, I'm not here for the past two days, you didn't cause an accident, right?"

"You What are you talking about? How could I get into trouble? I am in class every day and I am very diligent."

"Okay, Huo Yin will be back later, go back to the apartment first, I'll clean up, you can buy some food and come back, I'll take After the meal is done, the three of us will go to class in the afternoon."

Shen Shanshan ordered.

The siblings went back to the apartment, and Huo Yin, as she expected, arrived at the apartment half an hour later.

"Yinyin, you're finally back? Why is your helicopter so slow? My sister is back, and you're here."

Shen Tianhao, who was mopping the floor in the living room, was straight and cheerful when he saw this young man. He immediately straightened up and complained to him with a hint of a joke.

When Huo Yin, who had just arrived, heard it, his expression changed again.

"Where's your sister?"

"...I'm cooking in the kitchen, you just came back, she's almost ready, she'll be waiting for you." Shen Tianhao pointed to the kitchen where the range hood was on.

Huo Yin: "..."

Returning from the Dead His Secret Lover Chapter 1810

Huo Yin, are you back?

“Yinyin, are you back? Just now, the rice is ready, wash your hands and sit down to eat.”

When Shen Shanshan saw Huo Yin coming back from the kitchen with the dishes, her expression was surprised, and she immediately He smiled happily and greeted him to sit down for dinner.

Huo Yin was stunned when he saw it.

Is she not angry?

He looked at her with a pair of astonishingly black eyes, fixed on her face, as if to stare at something from above.

However, what surprised him was that she really didn't mean to be angry at all, her smiling face, just like in the past, was full of warmth and concern for him.

Huo Yin slowly let go of his heart.

“Yeah.”

He finally nodded, and after putting down the bag, he went to the bathroom.

On that day, the three aunts and nephews seemed to have regained their former atmosphere, but in the afternoon, after the rain stopped, when everyone went to school together, because Shen Tianhao was in a hurry to participate in a competition, Shen Shanshan rode a moped to take Huo. Yin took it to school.

“Yinyin, when you go back this time, did your father say anything about the project you were in charge of? Are you satisfied?”

Shen Shanshan carried him and asked about it on the way in the past.

Huo Yin had already gotten used to the tool of a moped at this time. He sat leisurely behind his back with his schoolbag on his back, and looked at it casually with the red e-book reader in his hand.

“I didn't ask.”

This chapter is provided by naijdate.com. Visit naijdate.com for daily update.

“Ah? I didn't ask? Why didn't he ask you? Are you dissatisfied?” When

Shen Shanshan heard this, she became a little anxious, and even slowed down, just because she wanted to Inquire clearly.

Huo Yin felt that the two rows of thick long eyelashes that left a nice shadow on his eye sockets like small fans under the sun moved and lifted them up.

“Don’t ask, there is another result.”

“What?”

“He doesn’t have to worry at all!” The eighteen-year-old replied domineeringly.

Shen Shanshan: “...”

Okay, great, this stinky boy, she doesn’t ask.

The two went back to school.

“Sister Shanshan, Huo Yin, you are finally coming to class? I heard someone say yesterday that you have something to ask for leave to go home. How is it? Are things done?”

As soon as they arrived at school, they met Ning Xin. Son, suddenly, this little girl screamed in surprise.

God Shanshan smiled.

Stopping the moped, she asked Huo Yin who was behind to get down.

“Yinyin, then you should go to class first. I will also go back to the Department of Business and Industry. After class is over, if Tianhao is not available to pick you up, then you can call me and I will come.”

“Well.”

Huo Yin pointed Nodding, he politely agreed.

It’s just that Ning Xiner next to her, after Shen Shanshan left, she was full of shriveled lips.

“Why do you want her to pick you up? Huo Yin, I have a car. I can take you back. What’s so good about that moped? Huo Yin? Huo Yin, don’t go.

” The boys who ignored her cut off even more.

He chased and followed him all the way to the Finance Department, and by coincidence, he ran into Cen Yu'an and the Secretary of the League Branch, who also came with books.

"Huo Yin? Are you back?"

Seeing Huo Yin, he has always taken care of his league secretary, and immediately came over with concern.

Huo Yin could only stop because of his face.

"Um."

"Then there's nothing wrong with your family? You're in such a hurry to leave, and even the leave was requested by classmate Cen Yu'an." The Party Secretary asked again eagerly, and his eyes were on Cen Yu'an next to him.

When Cen Yu'an heard this, a blush flashed across her fair and beautiful face.

"It's just a small matter, I..."

"Is there anything else? If it's all right, I'll go to class."

No one thought that this young man would suddenly drop this sentence indifferently, without giving them any face at all.

Cen Yu'an: "... The

group secretary: "..."

Even Ning Xiner, who was following next to him, was stunned for a few seconds, until the cold and handsome boy left them and went into the classroom, which was like a dream for her. Waking up, he chased after him.

"Huo Yin, wait for me, Huo Yin!"

"..."

After a long, long time, Cen Yu'an's expression was red and white, and holding those books in both hands, it was even more pale.

"That... Student Cen Yu'an, don't take it to heart. I heard that classmate Huo Yin's character used to be like this. He is relatively cold and not good at sociability, so you should bear with me.

" After the appearance, quickly persuaded.

However, Cen Yuan couldn't hear it at all, she just stood there for a while, turned around and left.

League Party Secretary: "..."

This breath is even more frightening!

——Huo

Yin did well in this class, but Ning Xiner kept making a noise.

Ning Xiner: "Huo Yin, look, in the few classes you were away, I took notes and I'm here."

As if offering a treasure, she handed over the notes she had made in the past two days to the young man at the beginning.

To be honest, this is her first time.

You know, she is a person who fishes in troubled waters in class, and it is truly unprecedented to be able to take notes.
