

Returning from the Dead His Secret Lover Chapter 1811

Sister Shanshan, can you help my mother again?

Ning Xiner looked at this boy expectantly.

However, to her disappointment, even though he didn't come to class for two days, the boy didn't leave anything behind. He could keep up as usual, and sometimes he could even see a trace of impatience in him.

Well, I dislike the impatience of the teacher's slow progress.

Ning Xiner was completely defeated.

The crushing of high IQ, she really can't do anything.

However, the notes can't help, she has other things...

"By the way, Huo Yin, I took a seat for you in Professor Lin's lecture this Friday. I spent a lot of effort, but it's still in the front row."

"Professor Jin?"

Huo Yin, who was in class, finally turned his head to look at her.

Ning Xiner was so excited that she was hit by something.

"Yes, yes, it is the famous Professor Lynn of our school. He used to be the leader of the financial street in country M. It is said that he was very influential at that time."

She introduced this professor very exaggeratedly.

But in fact, this person is really powerful, because he was the boss of Wen Xuxu when he went to the Financial Street, and he still remembers that he dared to take action against the Huo Group at that time.

Even Huo Sijue had to deal with him personally.

Unexpectedly, he actually came back here to be a teacher.

Huo Yin remembered the history of Mommy, and became interested: "Okay, what time is Friday?"

"Ten in the morning!"

Ning Xiner stretched out two fingers and gestured, going crazy with joy.

agreed!

Her male god finally agreed.

After she got out of class, Huo Yin's attitude towards her was not so cold because he had accepted the girl's love after all. In the second market analysis practice class, he allowed her to sit next to him again.

But she was still too stupid.

"Huo Yin, I can't do this, can you teach me?" She was coquettish.

Of course Huo Yin ignored it.

However, Cen Yu'an also came to this class, so after she heard the delicate voice, two cold eyes swept over.

"Ning Xiner, what are you doing? It's class now, not when you're discussing. If you don't know what to do, ask the teacher." The

sentence was very stern.

When Ning Xiner heard this, she lost her face.

"How can I discuss it? I'm asking Huo Yin for advice. What's wrong with him willing to teach me? Are you not convinced? Cen Yu'an, if you don't like it, you can ask the teacher yourself."

"You—"

Cen Yu'an was annoyed Got livid.

However, Ning Xiner didn't care at all. After seeing her like this, she even made a face at her, showing a very proud expression.

They are all girls. Some time ago, because Huo Yin and Cen Yu'an approached, Ning Xiner naturally noticed something was wrong with this girl, so at this time, it was intentional.

A class passed quickly.

However, just when the class was about to end this afternoon, the news of the campus recharge card quilt suddenly spread from the school.

“Have you heard of it? The amount is as high as tens of thousands, and they are all girls from the finance department.”

“Really? How did they get it? Tens of thousands of sets are really scary.”

“Yes! “

The whole school forum blew up.

And when Shen Shanshan came to the Finance Department to find Huo Yin, what she saw was the picture of Ning Xiner and her best friends being taken away by the school leaders.

What happened?

She was in the Department of Commerce and Industry, and she had been making up classes in the afternoon. She didn't know the details. Seeing this, she hurriedly pulled a classmate.

“What's going on? Why did they get caught?”

“You don't know yet, that Ning Xiner, who borrowed their large credit card to set up campus recharge cards for those female students, has been exposed now. , take it to investigate.”

The classmate explained angrily.

Shen Shanshan was shocked.

Could there be such a thing? What is Ning Xiner thinking? With their credit card, is it not her who has to pay back in the end?

This is good, the reputation is gone, and the wool is still plucked from itself.

Shen Shanshan didn't know what to say, she was about to go in, but someone suddenly stopped her from behind.

“Sister Shanshan?”

“Huh?” She looked back at this person.

However, she found that it was a very beautiful and stand-out girl. She was wearing a pair of jeans and a black T-shirt with a few white stars on it. At first glance, her whole person had a clean, refreshing and particularly cool and gorgeous feeling.

Gen Yuan, she is really beautiful.

“Yuan, what’s the matter? Are you looking for something?”

“Well, I just wanted to ask, what happened when you suddenly went back yesterday?”

Cen Yuan stood in front of the girl and asked straight to the point, without being there at all. The prudence and concerns of that young man seemed to be taken for granted in front of her.

Shen Shanshan’s expression was a little light.

“Yes, something is wrong.”

“What’s the matter? Is it his family’s business? Then why didn’t you tell me yesterday? You know, after you left yesterday, he suddenly became very angry with me and ignored me. It made me anxious for two days.”

When Cen Yu’an said this, he still complained a little.

Returning from the Dead His Secret Lover Chapter 1812

Hate!

She was really angry.

Originally, she was a girl who never stopped for anyone. In her mind, she always remembered that she wanted to be a person who focused on learning, and other things had nothing to do with her.

However, since she was infected with that teenager, she found that she had changed.

She wanted their pattern to go back to the beginning, and she wanted everything he had to share only with her.

He saw her, and she was happy.

He left her in the cold, she was more uncomfortable than being stabbed by a needle, she really hated herself like this. Especially now that something happened, the young man just wanted to ask this aunt to go back with her for the first time.

Cen Yuan was in a bad mood.

“It’s nothing, by the way, you said, he got mad at you yesterday?”

“Yeah.” Cen Yuan showed a trace of grievance again.

“I thought he didn’t want me to accompany him to give gifts at first, but now it seems that he was in a bad mood because of an accident at home, right?”

she asked again.

Shen Shanshan did not speak.

As she stood there, she suddenly remembered that when she went back, the angry teenager smashed the phone in front of her with force!

“Sister Shanshan?”

This chapter is provided by naijdate.com. Visit naijdate.com for daily update.

“Cen Yu’an, you should not go near him in the future.” Suddenly, the girl stood there expressionlessly and dropped such a sentence.

Cen Yuan was stunned.

“You... What did you say? Say it again?”

“Cen Yu’an, Yinyin doesn’t like you, so don’t pester him anymore. In the future, when you meet him in the Finance Department, it’s best to stay far away, lest he Happy.”

Shen Shanshan said indifferently, turned around and left.

Yes, she confirmed that the boy didn’t like this girl, otherwise, he wouldn’t lose his temper at himself, smash his phone, and say she was in charge of him.

It turns out that he made such a big fire yesterday for this.

Shen Shanshan woke up and wanted to pat herself on the head. At the same time, I also decided in my heart that I can’t let this Cen Yu’an get close to that boy in the future.

But before two steps, a pair of hands suddenly rushed over and grabbed her arm!

“Shen Shanshan, what did you say? Do you repeat what you just said?”

It was a very sharp face.

In just a few seconds, the girl who rushed up to grab her was obviously very beautiful, but at this moment, she looked a little hideous.

Shen Shanshan stared at her fingers and frowned.

“Isn’t what I said clear enough?”

“I don’t know! You clearly said, let me let go and chase, you raised your hands in favor, you encouraged me, supported me, and suddenly it happened again, what the hell are you?”

” He asked sternly, word by word, and his tone was full of monstrous anger that was about to explode.

Yeah, what is this?

She was the one who said she was willing to fulfill her at the beginning, and she was the one who said she was given a chance.

Then, when Cen Yu’an finally made up her mind to abandon all her self-esteem and dreams, and made a desperate attempt to do this, she actually told her that she should stay away from him?

Why is she?

“Shen Shanshan, is this all of your Lan family? You always like to play with people? You can do whatever you want with them? My brother, me, and so many people in the world have been mutilated by your Lan family. Don’t everyone think that it’s your pawn?!!”

She pointed to the bottom of her feet and questioned hysterically, her whole expression going crazy.

People passing by on both sides saw it and began to look towards this side.

And when Shen Shanshan heard this sentence, her face quickly turned pale, and she even stumbled.

“No...not...”

“Isn’t it?” Cen Yu’an still stared at her sternly.

“No, then it’s none of your business who I like? Who am I going to chase, and what does it have to do with you Lan Shanshan? Or, you are hiding your dirty thoughts and want to occupy him.

” said it.

Shen Shanshan finally couldn't control it, and she trembled and shouted: "No! Don't talk nonsense, we are aunts and nephews, and we can't tolerate you slandering at will!"

"That's the best, then please step aside. , little aunt!"

Cen Yuan finally took her words.

Then, in front of everyone, she glanced at her with disdain in the attitude of an absolute winner, raised her foot, and left.

Shen Shanshan stared blankly.

It wasn't until this person was far away that she suddenly seemed to have something pulled from her body, her legs softened, and she fell directly on the flower base next to her.

This is her sorrow.

She never thought that she was very good from childhood to adulthood, but now, she will be forced to look up by a surname.

It humiliated her, made her panic all day long, and made her easily trampled into the dust...

What did she do wrong?

Shen Shanshan sat there for a long time, her body was hollow and cold, so that she didn't even have the strength to raise her head.

Until someone came in a hurry and stood in front of her.

Returning from the Dead His Secret Lover Chapter 1813

She is excellent

"What did she say to you?"

A cold voice like a wind sword and frost sword suddenly came from the top of Shen Shanshan's head, and she was so cold that she shuddered.

"Yinyin? Are you... out of class?"

She raised her head, seeing this young man who had come to her face at an unknown time, her bloodless face turned even paler.

"No...Nothing to say, since you're out of class, let's go back."

She didn't want to make the matter bigger, she just wanted to leave the place quickly.

However, after the young man saw that she didn't say anything, he only saw a very terrifying cold flash between his gloomy brows, and he turned around and left.

"Yinyin, where are you going? You're back!"

Shen Shanshan saw it, she stood up immediately, chased after him, and grabbed his arm.

"Let go!"

"Don't let go, Yinyin, it's really okay, don't go to her anymore, she already complained to me, it's normal to say a few words when I meet her, don't make it worse I'm done."

She pulled him to persuade, and her fingers turned white.

Huo Yin saw it, and in the end, he didn't insist on it any longer, but when he left the school, he just sent a message out.

A few minutes later, in the Huo Group in City A, the recruitment supervisor of the Human Resources Department came out of the office quickly.

This chapter is provided by naijdate.com. Visit naijdate.com for daily update.

"Who is in charge of this year's intern recruitment?"

"It's me, supervisor."

An old employee with glasses stood up.

The supervisor immediately waved his hand: "Is there a T big Cen Yu'an? Mark her name for me, and the intern from the finance department will arrange for a girl named Shen Shanshan."

"Yes, director!"

The old employee immediately deleted a name from that list.

The Huo Group does recruit a group of interns during the summer vacation every year. First, as a large enterprise, it should support the society. Another reason is that they also hope to find more talented people among these young people to contribute their strength to the Huo family.

And this Cen Yu'an, it was after she handed in her resume that they left after layers of screening.

Pity.

—

That night, the atmosphere in the apartment was the same as before.

“Tianhao, Yinyin, I made sugar water. Come to the kitchen and eat it yourself.”

Shen Shanshan tidy up the kitchen and boiled another pot of Tremella Sydney soup that her brother Shen Tianhao had been clamoring for. After shouting the two of them, they took off their apron and came out.

Shen Tianhao just came out. When he saw this scene, he asked, “Sister, don't you eat it?”

Shen Shanshan: “You guys eat first, I still have some review questions to finish.”

Then she dived in. In his own bedroom, when Huo Yin was about to come out, only Shen Tianhao was seen eating with a bowl at the dining table.

“You came out? Eat it, it's all packed for you.”

Shen Tianhao pointed to the bowl of sugar water that had been packed in front of him.

Seeing this, Huo Yin sat down there.

“Where's your sister?”

“As for the review, I went home in the past two days, and I have pulled a lot. I will take the exam in a few days. She is in a hurry.” Shen Tianhao said inarticulately with the sugar in his mouth.

Exam again?

What test?

Huo Yin looked at him and didn't understand much.

Shen Tianhao: "You don't know yet? Last time she failed the examination, she checked it later and found out that it was the question from the school, and then the teacher re-arranged it for her again.

"The matter was explained in detail.

Of course, he didn't know that Huo Yin really didn't know that Shen Shanshan failed the exam for the first time.

"Actually, she doesn't need to take the test."

"Huh?"

Shen Tianhao finally raised his head and looked at this person. Seeing that he was just hearing this, he would show a hint of surprise, and immediately dropped the sentence lightly. .

Shen Tianhao was surprised.

"You don't need to take the test? Young master Huo, what do you mean... can you call my sister to your place?"

"...Well."

Huo Yin was eating the bowl of sugar water with his head down, with a beautiful and handsome face that looked on the surface. It is calm and composed, but when Shen Tianhao's eyes looked over at that moment.

He immediately became a little unnatural.

"Tsk tsk, this little nephew is really caring." Shen Tianhao was really moved, he didn't even eat the sugar water, he reached out and patted him on the shoulder.

"However, it is estimated that my sister will not agree."

"Why?"

Huo Yin immediately raised his head.

"Why doesn't she agree?"

"You don't know her temperament. She's not the kind of person who likes to go through the back door. She prefers to win by her own efforts. Hey, you don't know how much

she hates her. She has been in school since she was a child. In this way, I end up winning the first place in the school every year.”

Shen Tianhao got a little angry when he talked about this.

Because it was this sister’s excellence that caused him to be suspected by his parents since he was a child, saying that he picked it up? Why are children born to the same parents so different?

Huo Yin: “...”

Although his kindness was not accepted, he was not angry.

Returning from the Dead His Secret Lover Chapter 1814

Do you try to touch her again?

Instead, after glancing sideways at the lamp that was on in the bedroom over there, there was a hint of respect in his eyes, and after eating three times or two, he also ran away.

Shen Tianhao: “Why are you going? Don’t wash the dishes?”

Huo Yin: “I’m not free, and I still have a lot of things to do.”

“...”

The two of them are so simple.

—The

next morning, Shen Shanshan still took Huo Yin to school.

And what about Huo Yin?

She was still sitting behind her and looking at the e-book leisurely. In the splendid morning light, the two of them were walking on the avenues of the campus. This scene was simply too beautiful.

“Huh? Shanshan, you’re here. Professor Sun is looking for you.”

“Really.”

Shen Shanshan stopped the car when she heard the good news from her classmate.

Professor Sun was the teacher who arranged the exam for her.

Seeing this, Huo Yin came down by himself.

This chapter is provided by naijdate.com. Visit naijdate.com for daily update.

“Then go over there, I’ll go to the Finance Department by myself.”

“Okay, then be careful!”

Shen Shanshan agreed with a smile, and then, riding a moped, she quickly drove the female student to their department. Female classmate: “Shanshan, your nephew is so handsome. I heard that he is already the department of their

finance department. No, it should not be the department, but the school, the whole school.”

The relationship is not bad, the female classmate joked behind him.

When Shen Shanshan heard this, she was a little dumbfounded.

“What’s the mess? Go to your school well.”

“No, I want to say, does your nephew have a girlfriend? If not, please introduce it to me. After all, I’m a good friend with you, and you can get the moon first.”

“GUN!”

Shen Shanshan deliberately grinds her teeth cut teeth.

Immediately, the cheerful laughter of the girls penetrated the tree-lined path. After a long time, the backs of the two of them could no longer be seen. Huo Yin, who was still standing there, seemed to be able to hear it. .

Yes, this is youth.

There is no intrigue, and there is no dark distortion. People of their age should be as clean and bright as the sun that has just risen in the sky.

Huo Yin turned around and prepared to go back to his teaching building.

But at this moment, another moped suddenly passed by him...

“Huo Yin? Why are you here?”

She stopped and was very surprised when she saw that it was Huo Yin.

Cen Yu’an, it was so coincidental that she met her again.

Huo Yin’s eyes turned gloomy and cold, he ignored her, but just regarded her as air with a blank face, and walked forward at a faster pace.

Cen Yu’an froze there immediately, a beautiful face that was a little pale.

However, after she glanced at the breakfast she had specially bought in her car basket, she bit her lip, and finally chased after her cheekily.

“Huo Yin, do you want me to take you for a ride? It’s still a long way from here to our teaching building. I also bought breakfast, that is... the fried buns you said were delicious, do you want to eat them? ?”

She drove the car and followed him slowly, trying to get him to respond to her.

However, she was very disappointed. After walking for four or five minutes, this young man with a face full of indifference still had no intention of opening his mouth. Instead, when he reached an intersection, suddenly, Ning Xiner came over.

“Huo Yin, early, how do you walk? Do you want me to pick you up?”

“ ... ”

Before getting into the car, Huo Yin finally shot two piercingly cold eyes at the girl who was following him.

“I don’t know why you still have the courage to talk to me? But, let me remind you, if you’re still hanging in front of me, you won’t be at school tomorrow.”

“ ... ”

It’s like a bolt from the blue . Same.

Cen Yuan looked at the young man who had no temperature in his eyes, staring at him like a blade, only to feel a basin of cold water poured down from the top of her head.

She was cold to the core.

“Why?”

“Why? Is there anyone else to tell you what you have done yourself? Cen Yu’an, don’t think that you can do whatever you want to Shen Shanshan if you have caught the secret of the Lan family. It can make you shut up forever.” The

boy’s voice seemed to come from hell.

Cold, terrifying, ruthless...

Almost as soon as the words fell, Cen Yu’an’s eyes darkened and he fell to the bottom of the valley.

“You... are you going to kill me?”

“I won’t kill you, you are Tong Hui’s sister, but I will let you stay in a range where activities are allowed, and never have future troubles!”

Huo Yin The last few words are very cruel and very absolutely.

The meaning of never having future troubles, usually speaking, is not to kill, that is, to be imprisoned forever.

Cen Yuan finally opened his eyes wide.

She stared at him, it seemed that at this moment, she finally believed what Shen Shanshan said yesterday, he didn’t like her, really didn’t like her.

And all the goodness he treated her before came from her brother.

In the end, Cen Yuan was in the ashes, watching this person get into Ning Xiner’s car and leave, until they all disappeared, and she didn’t move there for a long time.

Why?

She, Cen Yu’an, was the victim. Their Cen family was destroyed and they were all thanks to their Lan and Shen families.

Why did they treat her like this?

Little by little, her fingers dug into her palm, and her eyes began to gush out a burst of blood red.

A few minutes later, she took out her mobile phone and mechanically entered the mailbox. She found the email that had been waiting for her for a long time, and typed her own reply.

[Cen Yu’an: I agree to join you!]

Eat melon and eat yourself

Shen Shanshan's exam this time went very smoothly, almost getting a perfect score.

When the professor saw it, he was very happy for her.

"Student Shanshan, your grades are so good this time, have you decided where to intern?"

"Well, I submitted a resume to the Huo Group before."

Shen Shanshan did not hide it from the teacher.

Huo Group, that is a big company, it ranks first in the country.

The professor immediately gave her a favorable look: "He is an ambitious child, don't worry, I will also send a letter of recommendation to the Huo Group when I go back. You can definitely go there to exercise."

The teacher in the school, It is aimed at students who want to see their own achievements.

Shen Shanshan was very happy.

After coming out of the teaching building, she couldn't help but post the good news in the WeChat group of the three of them.

[Shen Shanshan: Let me tell you good news, I have passed the exam!]

[Huo Yin: Congratulations~~~]

[Shen Tianhao: Then what will you treat me to eat tonight? I want to eat KFC.]

Sure enough, it is my brother.

This chapter is provided by naijdate.com. Visit naijdate.com for daily update.

Shen Shanshan was in a very good mood and agreed.

[Shen Shanshan: Okay, let's eat this tonight, by the way, what are you two doing?]

[Shen Tianhao: I'm playing ball, playing with the management department next door, it's so cool!]

[Shen Shanshan: ...]

[Huo Yin: I'm listening to Professor Lin's lecture.]

Huh?

Professor Lin? Is that the teacher who came back from Financial Street?

When Shen Shanshan heard this, she became interested.

[Shen Shanshan: I'm going to listen too, do you have a place? I heard that the professor's class is full, and there are no seats left after arriving late.]

【Shen Tianhao: What broke the professor? 】

[Shen Shanshan: Shut up for me!]

[Shen Tianhao: ...]

[Huo Yin: Yes, come here.]

This simple sentence made Shen Shanshan's eyes lit up. Immediately, she brushed a shared bicycle with her schoolbag on her back, and quickly stepped on it towards the lecture hall on the other side of the school.

The Department of Business and Commerce is inherently related to finance, so there is nothing wrong with listening to the lectures of this legendary boss in the financial world.

Shen Shanshan came to this building at the fastest speed.

But I found out that it was true that when she came over, there was usually no people in the lecture hall. At this time, even the outside was crowded with people.

At this time, these students were holding their notebooks while sharpening their heads to listen to the lectures inside.

so hot?

Shen Shanshan could only squeeze in.

Fortunately, after entering, she saw at a glance in the crowded hall, the handsome young man with clear eyes and cold eyes was sitting in the first row, and next to him was a man with a ball head and a special dress on his body. Cute little girl in floral dress.

Ning Xiner?

Shen Shanshan was stunned.

“Sister Shanshan, here, we’re here.” In the blink of an eye, the girl who was also heartless had already waved her arms and gestured towards her.

Only then did Shen Shanshan come back to her senses.

Yes, such a masterpiece, I am afraid that only the eldest lady of the Ning family can do it.

Shen Shanshan walked over with a cat on her waist, squeezed next to the little girl and sat down.

“Sister Shanshan, you should have told me earlier, so that I can book three seats.”

“It’s alright, I just heard Yin Yin say that today is Professor Lin who is giving a lecture and wants to see Come on, we are so thin, we can squeeze.”

She was very happy to see this little girl who was full of blame and happiness for her.

She likes girls like this.

A bit noisy and a bit stupid, but her heart is kind and enthusiastic.

Shen Shanshan opened the notebook.

Huo Yin: “Look at this first.” He suddenly pushed himself over when he heard something.

Shen Shanshan saw it, and hurriedly took it and looked at it.

“God, he is really amazing. We have never heard of these things in class.”

“That’s right, why else would I book a seat for you?”

Ning Xiner said proudly.

Shen Shanshan rubbed her head and smiled.

Soon, with her cleverness, after reading this part of Huo Yin's record, she could understand what Lin En said on stage next, and began to record it.

"Everyone must remember that currency changes in the market are caused by many factors. Therefore, when we look at a market, investigation is clearly the first requirement, such as military, crude oil, disasters...etc., To analyze whether it will have an impact on the market? If there is, then you must stop immediately." As expected

of someone who came back from Financial Street, this Lynn's speech was very bold.

However, every word he said is a fact, whether it is gold or currency, once it is contaminated with those factors, it will plummet or skyrocket.

"Professor, I want to ask a question. Some of the factors you mentioned are beyond our ability to predict. How can we investigate this?"

Suddenly, a student in the lecture hall asked a question.

Shen Shanshan stopped immediately.

Yes, she also wanted to ask this question, because crude oil may be discovered from some market fluctuations, but military and disaster are things that ordinary people don't know.

The Youth Walk

How to prevent it?

However, this Lynn sat on it, but suddenly sighed.

"So, this involves another issue, talent!"

"I know it's not appropriate to talk about this topic in school, but we really have to admit it's a fact. Some people's eyes are very vicious, and they can see it at a glance. I can see clues, such as a friend I met before, that's it."

He suddenly mentioned his friend.

The students in the hall immediately began to talk about it. They were very eager to know who this talented financial god who could be recognized by this person was.

Shen Shanshan also stared intently.

“She is a woman, she is very young, she is a bit younger than me, but she is really powerful. She predicted the famous oil riot in the Middle East and made me a fortune. .”

When this person mentioned this past event, in front of so many students, he couldn't help showing an expression of admiration and admiration.

When the students heard this, they immediately became excited.

“Professor, who is that great god? Where is she working now? Can she come and give us a lecture?”

“She?” Lynn smiled.

“She has gone into seclusion now, and she is living the life of a husband and a child. Don't think about it, I can't even make an appointment.”

He joked again, leaving a hearty but helpless laughter.

This chapter is provided by naijdate.com. Visit naijdate.com for daily update.

Yes, is he qualified now? She's the first lady, and he doesn't deserve Lynn to lift her shoes.

I took a class for a full two hours, and when I came out, the sunset outside was already slanting to the west.

“Yinyin, this professor is really amazing. He talks about these things that our school doesn't have. Even me, a student of finance and accounting, listens with relish.”

After everyone came out, Shen Shanshan looked at the notebook in her hand and exclaimed again with emotion.

Huo Yin nodded lightly.

On the other hand, Ning Xiner, who had been dozing off during class, was a little speechless at this time.

“...Yes, I also find it interesting, especially the great god she mentioned. I was shocked when I heard it. There are still such powerful women in this world.”

“Well, yes.”

Shen Shan Shan also agreed.

Unexpectedly, as soon as he finished speaking, the young man next to him said lightly: “He exaggerated a bit, he did make a fortune in the oil riot back then, and the person who made him money was forced by him to do it. “

...

For a second, the two girls stared at him with their mouths wide open.

“How...how did you know?”

“Because that’s my mommy.” The expressionless boy threw out another sentence, and soon he walked forward with his schoolbag on his back.

Leaving the girls behind, it is a messy mess like five thunders!

My god, it’s his mommy! !

Shen Shanshan was completely lost, and it wasn’t until everyone went out of school and was about to go to KFC that she remembered and asked: “Then... Was your mum in the Huo family before?”

Huo Yin: “Of course, she used to be an operator. Department Director.”

Shen Shanshan: “...”

Kneeling!

Unexpectedly, her sister-in-law, in addition to her medical skills, has such great skills, no wonder this guy is so powerful, and she has done the project of that building so beautifully at the age of 17.

It turned out that it all came from the genes of his parents.

“Wait a minute, where are you going? Can you take me with you? I’ve reserved a seat for you today. There’s no credit or hard work, right?”

Suddenly, Ning Xiner saw that the two of them were going to go together. After going out to eat, she quit behind, stamped her feet, and followed.

Huo Yin frowned.

But when the god here saw it, he readily agreed.

“Okay, okay, we’re going to eat KFC, are you going? Are you not used to it?”

“No, I’m not picky eaters.” As

soon as she was invited, the little girl immediately said that she could do anything. If she could eat it, she drove their driver away, got on a bicycle, and set off with Shen Shanshan and the others.

The sunset in the evening, the scenery is also very beautiful, it is as gorgeous as fire, after shrouding the entire city, the shadows of these boys and girls are pulled by the elders.

It’s all youthful.

It’s just that they didn’t know that just after they left, a figure appeared behind them.

She also held a stack of books and stood there expressionlessly, watching these people leave, there was an extremely eerie aura lingering around her body, causing those who passed by to avoid them involuntarily.

Why does this girl look so scary?

“Student Cen Yu’an, why are you here? Are you going out to work and study again?”

Suddenly, someone called her from behind, and with a trace of concern, she quickly came to her side.

It is their group secretary.

Cen Yu’an then withdrew his gaze and looked at him lightly.

“Well, where is the senior going?”

“I’m going home, then... how about I take you for a while?”

The party secretary was a local and had a good family background. After hearing the girl said she was working an hourly job, he took great care of her and let her ride in his car.

Returning from the Dead His Secret Lover Chapter 1817

Destruction

People who can hold such positions in college are generally very caring and enthusiastic people.

Therefore, it is normal for him to make this suggestion.

Cen Yu'an tilted her head and thought for a moment. After a while, she agreed, "Okay, then I'll trouble the senior."

"You're welcome, everyone is classmates." The party secretary quickly opened the car door.

Cen Yuan got into the car and drove all the way forward, when she passed the famous bridge near their school, she only turned her head slightly, and saw the four people outside the car window.

"Senior, did the school not handle the matter of Ning Xiner?"

"Then how can we handle it? The Ning family is one of the school's shareholders. Besides, Ning Xiner made a mistake this time because she didn't know how to set cards. It's illegal. After the incident broke out, she ran to the school leader to admit her mistake, and took the family's money to make up for the school's loss." "

So, the school will definitely not pursue it."

Zhishu drove the car in front and explained to her patiently.

In fact, in his opinion, Ning Xiner's mistake this time is indeed forgivable. She didn't do it on purpose, and she has a good attitude in admitting her mistake, so she must give her a chance.

However, he didn't know that after those words fell, the girl sitting behind her stared at the window and became more and more cold.

Ten minutes later, the most prosperous commercial plaza in the city.

"Okay, that's it. Yu'an, you have to be careful at night and don't go back too late. If you have difficulties in your life, I can help you apply for a bursary again."

"Okay, thank you, senior. "

Cen Yu'an thanked him and came down.

bursary...

Yes, it's difficult for her Cen Yu'an to survive now, but what about the descendants of the monstrous murderer?

But they can sit there and enjoy the sunshine without worry, without worrying about their daily living expenses, let alone their own future.

Cen Yuan walked to the gate of this square.

But she didn't expect that she had just arrived at the milk tea shop to change her clothes when she saw the four people riding bicycles here.

Ning Xiner: "Is it that KFC? Then, should our bicycles be parked here?"

Shen Tianhao: "It's fine here too, it's not far anyway, let's walk over."

Then, the four of them parked their bicycles at on the square.

Shen Shanshan locked the car, came over, saw Huo Yin standing there frowning, and quickly took out his mobile phone and swiped on his bicycle. "

Yinyin, look, there is a QR code in this place. Let's scan it and it will automatically lock the car. " Come on. The car was all parked, and everyone was ready to go. Ning Xiner was so loud, she was a perfect match with Shen Tianhao, and they were arguing all the way over which KFC's spicy chicken wings are better? Or are the original chicken nuggets more flavorful? Just two naive ghosts! Shen Shanshan ignored them, but looked at the boy walking with her beside her. "Yinyin, you haven't eaten this, have you?" "...rarely." Huo Yin was very honest.

Because, in a prominent family like them, KFC is really not something that can get on the table, and Wen Xuxu pays attention to health, and the things that are fried are very hot.

So, I ate it a few times when I was a kid, but when I got older, I really didn't.

When Shen Shanshan heard this, she was a little worried.

"Then I'll buy you something else, go to the western restaurant and order you a steak, okay?"

"No, let's eat together." Huo Yin flatly refused.

Soon, all four of them arrived at KFC, and Ning Xiner and Shen Tianhao, as soon as they got there, really rushed to the front to order food.

When Shen Shanshan and Huo Yin saw it, they simply looked for the location.

“Yinyin, this way, let’s sit here.” She found a seat just right for four people, and hurriedly pulled the boy to occupy it.

Huo Yin obediently sat down.

This is a very strange feeling. He rarely comes to eat in such public places. Even if he does, it is with Daddy and Mommy. It is a very high-end and clean environment.

But now, when he was sitting here, with people coming and going, he suddenly realized that he didn’t seem to resist so much anymore.

Very calm and calm.

“Okay, we’re back, let’s report on the record, two hamburgers per person, five packs of spicy chicken wings, two packs of French fries, and a big glass of ice Coke, how about it?”

Ning Xiner came back, who was so loud. She excitedly announced what she had bought, and she was so generous as if this KFC was owned by her family.

Shen Shanshan clicked her tongue slightly.

“Xin’er, there are so many, I can’t finish it.”

“It’s okay, I can’t finish it. We can take it back to the classmates to eat, as well as the homeless people outside.” Miss Ning waved her hand, very satisfied. Bold.

Shen Shanshan couldn’t help crying.

And Huo Yin, who was next to him, also looked good after he raised his eyebrows.

However, when Shen Tianhao also came back, he also held a lot, and everyone couldn’t laugh.

These two losers!

In the end, after everyone was full, Ning Xiner called an errand to carry the whole table to school.

And when that person went out, Cen Yu’an, who was working in the milk tea shop next to the mall, saw this scene, she reached out and took off her apron.

“Cen Yu’an, what are you doing?”

“I have something to do, go out...”

Returning from the Dead His Secret Lover Chapter 1818

Something went wrong

After Shen Shanshan and the others finished eating, they went back soon, while Ning Xiner also went home after notifying the driver at home.

“Ring Ling Ling -” In the middle

of the night, after the harsh bell rang in the Ning family, it was like a sharp sword piercing the sky, and the servants who were worthy of the night were shocked.

Who is calling so late?

The maid opened her eyes and ran downstairs into the hall.

“Hello?”

“Something happened. There was a murder at the school. A student died. Before he died, it was said that they ate the KFC that the lady gave them. The police will come to Ning’s house soon.”

“What did you say? ?”

The servant was struck by lightning.

Ten minutes later, when Father Ning didn’t even have time to buckle his clothes and ran downstairs, he saw that a police car had arrived outside.

“Mr. Ning, I’m sorry, there was a murder case at T University tonight. It is said that the deceased once ate something sent by your daughter before her death. We need to take your daughter back to investigate.”

As soon as the police came in, they showed it in front of Ning's father. After the police officer's certificate, he immediately said that he would take Ning Xiner away.

Murder?

Father Ning had never encountered such a thing before, and his face suddenly changed.

This chapter is provided by naijdate.com. Visit naijdate.com for daily update.

"Mr. Police Officer, what do you mean? What do you mean when you eat what my daughter sent to you and then die? Could it be that my daughter still poisoned others?"

"Mr. Ning, don't get excited. After we finish investigating this matter, we will Understood." The

police still reassured him first.

At this time, Ning Xiner, who heard the movement, also came down. After seeing such a big battle in the living room and the menacing police uncles, she couldn't even stand.

"mom—"

"..."

Ning Xiner was finally taken away.

And the student who died, after an overnight autopsy by the forensic doctor, also confirmed that she died from a massive hemorrhage caused by an explosion in her stomach.

Why does my stomach explode?

When the Ning family heard the news, they were very incomprehensible.

"Because of a chemical found in her stomach called diethyl phthalate (DEP), that's the kind of thing that made her end up burning in her stomach after eating fried food. Explosion." The

forensic doctor put a piece of tissue that the deceased had burned to black and placed in front of the police.

Of course, it also includes Father Ning.

Diethyl phthalate?

Father Ning couldn't understand, and his daughter Ning Xiner even more.

Until, not long after, the forensic doctor mewed at her nails again. After seeing the beautiful and flickering manicures on them, he picked up tweezers and tore off a small piece.

"Ah, my manicure!"

Ning Xiner screamed.

A few minutes later, the forensic results came out again, confirming that the substance was on Ning Xiner's nails.

"Many of the nails made on the market are substandard, and those chemical substances are beyond the standard. Your daughter's product contains a high amount of organophosphorus. Do you know what organophosphorus does?"

"..."

"It's the thing that ignited the explosion!" The forensic doctor finally came to a conclusion.

In an instant, Father Ning stumbled and fell directly to the back, while Ning Xiner looked at the pair of handcuffs that were immediately cuffing her wrists, her mind completely turned blank.

No, she didn't kill, didn't...

—Apartment

.

The three of them, Shen Shanshan, didn't know about it until they got up in the morning and saw the bombardment of messages from several groups of classmates on their mobile phones.

"Ning Xiner murdered? How is this possible?"

The first person he saw was Shen Tianhao. When he first turned on his phone, he was brushing his teeth in the bathroom. After seeing the news, he spit out a mouthful of water. .

Shen Shanshan heard the movement and came over.

"Why? It's early in the morning."

“The group, look, they are saying that the school died last night. It was Ning Xiner who killed it. Look!”

Shen Tianhao immediately urged her to check her phone.

So, Shen Shanshan also returned to the room. When she finally saw what happened, her expression was exactly the same as that of her younger brother. She was extremely shocked and didn't believe it at all.

“Yinyin, what do you think about this matter?”

“Go over and find out first.”

Huo Yin, who came out after changing his clothes, didn't stand idly by, but after lightly dropped the sentence, he just said it back. I went to the door with my bag to change my shoes.

When Shen Shanshan saw it, she hurriedly urged her younger brother to follow, and the three of them went downstairs together.

Ning Xiner definitely couldn't kill someone. Although she likes to play a little bit of the eldest lady's temper, she has no bad intentions.

Besides, what good would killing her do? The dead student had nothing to do with her.

The three soon arrived at the school.

“Let's act separately. I'll go to the girls' dormitory. It's more convenient.”

“Well, I'll go to the school.” Huo Yin also nodded and took the most important channel directly.

The rest of Shen Tianhao can only go to the campus to find other people to understand the situation, especially the few people who first posted this news in the WeChat group.

A few minutes later, Shen Shanshan was the first to arrive at her destination.

“Hello, I'm Shen Shanshan from the Department of Business Administration. Excuse me, is there a real murder here?”

Returning from the Dead His Secret Lover Chapter 1819

Shen Shanshan, you are really a dog and a rat!

“Ah? Senior Sister Shanshan, you’re finally here!”

Unexpectedly, someone else knew her. As soon as she saw her appear, the girl in the bedroom immediately ran towards her with red eyes.

Shen Shanshan has an excellent memory, and after a brief period of stunned, she soon recognized this girl.

“It turned out to be you, I remember, you used to be with Xiner a lot.”

“Yes, we are good friends, Senior Sister Shanshan, I definitely don’t believe that He Qionghua is because Xiner bought us something and ate it. Then she died, so many of us ate and it was fine, why did she have an accident?”

“That is, everyone in our dormitory ate, and everyone is fine.”

“...”

Miss’s popularity is quite good, so many people speak for her.

Shen Shanshan looked at their anxious look and hurriedly comforted: “Okay, don’t worry, let’s understand the whole process of this incident first, and then analyze it.”

“Believe me, if Xiner is really innocent, then I must have a way to save her.”

She finally assured them.

When the girls heard it, they all quieted down, and then talked about what happened last night.

Last night, after they ate KFC, the errand runner packed the rest, but the girls were so happy that they ate it on the spot.

And what about the girl named He Qionghua?

This chapter is provided by naijdate.com. Visit naijdate.com for daily update.

In fact, she is not from their department, but a girl from the computer side. This time, she came here to find a friend.

“Sister Shanshan, you said, we are all eating, then she is here, we are embarrassed not to give it?”

“Well, indeed.” Shen Shanshan nodded.

“That’s right, so we gave it. As a result, after she ate it, it didn’t take long for her to go back and there was an accident. We had nothing to do with the few of us. Everyone is the same thing.”

The girls were excited again . up.

Shen Shanshan frowned.

It’s really hard to understand, it’s all the same thing, why did the only girl named He Qionghua have an accident?

Shen Shanshan came out of the dormitory.

Originally, I wanted to go directly to my brother and Huo Yin, but when I went downstairs, I ran into Cen Yu’an who just came back from outside.

She was carrying a schoolbag and holding a stack of review materials in her hand. As soon as she came over, she saw a gloomy expression on her beautiful, frosty face.

“Student Cen is here. It’s very early today.”

“Auntie, what happened? Why don’t we have classes today?”

Cen Yu’an stopped, looked at the auntie who greeted her, and asked very irritably .

The dormitory aunt heard it and immediately came over.

“You don’t know yet? You are dying.”

“What?” The girl heard this, and her face suddenly changed, and even her lips turned white at a speed that was visible to the naked eye.

“What... who died? Who died?”

“A girl from the computer department said that she ate the hamburger that Ning Xiner brought over last night, classmate Cen, luckily you were not in the dormitory last night, otherwise you would be in danger. “

While he was talking, he was actually happy for this girl.

Cen Yuan still didn’t speak.

She seemed to be frightened, and stood there holding the book tightly. No one moved for a long time, and her face was frighteningly white.

Shen Shanshan came over and stood directly in front of her.

“Cen Yuan, did you just come back from outside?”

“It has something to do with you?”

That’s what Zhang Mou said.

This girl, after the two completely torn her face two days ago, finally, she no longer has to wear that hypocritical mask, but shows her most hated and disgusting side.

But actually, is that a mask?

Cen Yuan didn’t think so, because she really thought there was hope in those days.

“My case in Zha Xiner, now there is a murder case here, everyone has doubts, and you are no exception.” Shen Shanshan explained patiently.

Unexpectedly, as soon as she finished speaking, the girl immediately showed a very sharp sneer.

“Doubtful? Shen Shanshan, do you think you’re a policeman? You’re still suspicious, and you’re asking me where I’ve been? You’re really a dog and a rat!”

“...”

Shen Shanshan frowned.

Finally, she stopped looking at her bitter and mean face, raised her feet and walked towards the dormitory aunt.

“Auntie, do you have a camera on it?”

She suddenly pointed to the small room behind the aunt, and asked a small black spot slightly exposed on the window.

The dormitory aunt’s expression changed suddenly.

“This...this...”

“Don’t worry, Auntie, I won’t tell you. I’m just borrowing your camera to see what happened last night when those things were brought in. ?”

Shen Shanshan is extremely smart, and as soon as she saw the aunt's expression, she immediately comforted her.

Needless to say, this camera was installed here secretly by this aunt just to be lazy. Because the school stipulates that girls' dormitory buildings cannot install surveillance.

involves their privacy.

But this aunt, not only did it, but also happened to aim at that building.

Returning from the Dead His Secret Lover Chapter 1820

No way!

The aunt finally gave this monitoring to Shen Shanshan, and when Cen Yu'an, who was standing not far away, saw it, an imperceptible change flashed on his face immediately.

After a while, Shen Shanshan came out with the copied monitor.

[Shen Shanshan: I have already received a bit of the goods, how about the two of you? How is it?]

【Shen Tianhao: After asking around, they all said that it was the girls who suddenly broke out. 】

[Shen Shanshan: ...]

[Shen Shanshan: What about Yin Yin? Did the school leader say anything?]

She specially gave this boy a special look.

Huo Yin appeared.

[Huo Yin: I asked, the police said that the hamburger was contaminated with organic phosphorus from Ning Xiner's nails, which caused the girl's stomach to burn and explode.]

[Shen Shanshan: ...]

[Shen Tianhao: ...]

Both siblings were shocked there.

Organophosphates on nails? That's nail polish, isn't it that powerful?

Both were in disbelief.

This chapter is provided by naijdate.com. Visit naijdate.com for daily update.

However, after the three of them met, Huo Yin took out a piece of hamburger brought from the school leader, but everyone smelled a very pungent smell on it.

“I understand, Ning Xiner ran out to a newly opened nail salon to have her nails done at noon yesterday. After we attended Lin En's lecture, we went to eat.”

Huo Yin investigated what he had found. All the photos, including the photos, were placed on the table.

Shen Shanshan looked at it and immediately sank to the bottom.

Those nails are the most popular crystal nails now, and although she has never done this kind of thing before, she has never done it before. A friend of mine has mentioned the reason why this kind of nails are so popular.

In fact, it is due to the accumulation of excessive transparent nail polish.

And this nail polish has more chemicals and is less dry.

Everyone's faces were very ugly.

“So, man, really died because of her?”

“You can say that.”

Huo Yin unscrewed the mineral water in front of him, took a sip, nodded, and acquiesced to this conclusion.

In fact, he rarely bothered about things that had nothing to do with him, but today, for a girl who had nothing to do with him, he ran upstairs and downstairs so many times.

He has really changed.

It has become flesh and blood, and it has become more flamboyant.

Shen Shanshan felt very sad. She sat there with her head lowered. As long as she thought about that heartless little girl, she would be thrown into hell immediately, and even the tip of her nose felt sore.

“Could it be... Is there no other way? Xiner is still so young, and she is very simple.”

“...”

He just sat there quietly.

Huo Yin looked at the girl for several seconds. He looked at her eyes that were shrouded in grief and couldn't open, and he just felt that the heart in his chest was going to become heavy all of a sudden.

Very uncomfortable.

That little girl has nothing to do with her, why is she so serious?

“...I can find my daddy.” He finally spoke, and mentioned his daddy.

Yes, at this juncture, the only person who can make the little girl's punishment lighter is his daddy who turns his hands for the clouds and turns his hands for the rain.

However, as soon as his voice fell, the girl opposite suddenly raised her head.

“No... No, this is a favoritism of the law, Yinyin, you have to remember that if you really break the law, you can definitely use the power in your hand to solve it. Our family of gods is standing in this world, and we must be worthy of everyone. Trust our people.”

Never expected that this girl in her early twenties would reject him immediately.

She solemnly told her that no matter what they did, they couldn't ruin the reputation of the God family, and they couldn't let this great family that already exists as a benchmark for everyone be destroyed by their juniors.

Huo Yin blushed.

He lowered his eyes, even Shen Tianhao felt that this elder sister had gone too far, but he didn't mean to blame anything except ashamed.

“Understood.”

“Well, I still think I need to check it out, but I always feel that something is not right. By the way, Yinyin, doesn't your family have a brother who is a genius in chemistry? Can we ask him for a test? The chemical content in the nail polish?”

“What do you mean...?”

“I’ll make a nail, just like Ning Xiner’s, and when it’s done, I’ll go to that brother right away, let’s see that Quantity, can it really be fatal?”

She suddenly thought of this, and her whole face flushed with excitement.

Huo Yin pondered for a while.

You can really try it, but if it doesn’t work, you can also have people do a carpet search of all the places where the burgers passed by last night.

The young man also made up his mind to come to a thorough inspection.

Half an hour later, Shen Shanshan, accompanied by Ning Xiner’s friend Zhang Yufang, came to the nail salon.

And as soon as they passed, in the invisible dark corner, someone started to panic.

“Shen Shanshan has already gone to the nail salon, did she find something?”

“Don’t worry, those things are scattered in the air. Even if she goes to check, she can’t find anything. Besides, there are people from us in the nail salon, so you don’t have to be afraid at all.”

This person hid in the dark to comfort her .
