

## Returning from the Dead His Secret Lover Chapter 1841

ran away from home

“Don’t worry, I won’t tell her, I just need to remind you that if you really want to pass, you must be careful.”

“How?”

Lu Jin retracted his gaze and looked at the boy two years older than him.

In fact, in terms of intelligence, the two of them are on a par, but each has a field that everyone is good at. For example, Lu Jin is good at arranging troops and attacking directly.

The person in front of him may be more proficient in analysis and speculation.

His mind is just like his father’s, a game of chess is placed in front of him, he doesn’t make a move, but he can always catch the most crucial breath in it after a glance.

“That’s Lan Yuan’s old nest. Daddy searched for so long and couldn’t find it. Why would Bai Muqing know? When his family was poisoned, how old was he, and such an important secret, the Bai family didn’t have a budget for him at that time. He will be wiped out, so how did he get it?”

Huo Yin explained the things he analyzed in his heart one by one.

When the words fell, Lu Jin frowned slightly.

“So, your father’s intention is to let me destroy it, so as not to be acquired by people with ulterior motives.”

“Well, that’s what you mean, then you have to be more careful. If something happens to Bai Muqing, I believe that there will be people behind it. If there are still people, they must have received news.” Remember the website

, Huo Yin reminded again.

Lu Jin raised his eyebrows.

He didn’t take these to heart, he was just worried that after he was about to leave, that little girl...

“Sixteen, what are you doing standing there? Come and help me find these beads, Wan Wan made them scatter them all. One place.” The

two were standing on the balcony.

All of a sudden, there was only an exclamation in the living room, followed by a bang, and a lot of beads were pulled off the coffee table by a little girl.

It’s all over the ground.

If you want to cry.

She doesn’t care about anything else, but she is very precious when it comes to making clothes.

Lu Jin saw it and hurried in to help pick it up.

The others also helped, but only Chi Wanwan was so frightened that she stood there so helpless that she didn’t dare to move at all.

“Little girl film, what are you doing here? Hurry up and stand aside.”

Mo Bao was bending over to pick up the beads. When he saw that the little culprit was still standing there motionless, it was very uncomfortable to lie on the ground because of his burly body. It was convenient for him to reach out and carry her to the sofa again.

Chi Wanwan: “...”

Immediately, those big watery eyes turned red.

Everyone disliked her, and no one here welcomed her.

The little girl was injured. She sat on the sofa with tears in her eyes and glanced at the people in the room. After seeing that no one really noticed her, she pursed her little mouth...

She actually jumped off the sofa and ran away out.

When everyone picked up all the beads, it was discovered that the little girl in the living room was gone.

“Where’s Wan Wan? Where did she go?”

“Ah? I don’t know.”

Everyone was at a loss.

In the end, it was Shen Shanshan's sharp-eyed discovery that the pair of small shoes placed at the door was gone.

OMG!

Everyone panicked, looking at the sky that was completely dark outside, how dare they stay in the apartment again, and immediately, everyone went out to find someone.

Shen Tianhao: "It's all Mobao's fault, you must be carrying her again, and she ran away."

Mobao: "I... how can I have it?"

He felt guilty and wanted to deny it.

But in fact, he didn't even remember whether he had taken that little girl's film at that time.

Because he seems to like this to children.

Shen Shanshan saw it next to them, and interrupted them quickly: "Okay, let's investigate this first, let's find someone quickly, by the way, Tianhao, you can call Xiner and try? They are familiar with them here. I know a lot of people, let them help you find them."

She suddenly thought of the Ning family.

Shen Tianhao made a phone call immediately.

Really, not long after, the police in this area were dispatched, so everyone also went to find it separately.

"Mobao, do you want to come with me?"

When they parted, Shen Shanshan, who was very attentive, already felt the boy's anxiety, so she specifically asked whether to go with her to find the child?

However, Mo Bao refused.

"No, I'm faster than you, so I'll find it myself." Then he left without stopping.

Seeing the god Shanshan here is a worry.

At this time, Huo Yin came over and saw that she had been standing there staring at her brother's back, he pursed his lips and said, "He feels guilty, so he wants to find the child in a hurry."

“Ah? Yin Yin, are you here?”

Shen Shanshan turned around and saw that it was him, so she recovered.

“I know, it’s because of this that I’m worried. Mo Bao definitely didn’t do it on purpose. He just likes to joke with Wan Wan. How could he be angry with a child when he is such a bright and cheerful person?”

Shen Shanshan sighed, Defend Mobao.

Huo Yin looked at her.

This seems to be the first time I have heard other people’s comments from her, and this person is still his own younger brother.

## Returning from the Dead His Secret Lover Chapter 1842

Shen Shanshan, what do you want to do?

Then, she discovered that the big tiger brother actually had a pair of crooked eyes, just like the moon in the sky, which was very beautiful.

“What are you looking at? I won’t eat you.” How does

Mobao know what this little girl is watching?

When he saw her being picked up, he kept staring at his face, thinking she was afraid again.

As a result, as soon as he finished speaking, the little girl didn’t look at it immediately, and hid in his arms and lowered her head, just like a cat who did bad things.

Calligraphy: “...” The

little boy is really hard to coax.

Mo Bao finally took the little girl to the supermarket and let her choose.

Chi Wanwan was finally happy. She sat in the cart and let the big tiger brother push her, and at once picked out a lot of snacks and toys that she liked.

“I want this, I want this.”

“And this and this, I want it too, big tiger brother, buy it for me...”

She was so excited that she called out the three words “big tiger”.

Mo Bao suddenly had black lines all over his face!

Is he a big tiger? Where does he look like a big tiger? He is so sunny and handsome, and he is clearly the Prince Charming that everyone loves.

Mo Bao finally carried a bag full of snacks and toys, while the other hand held the six-year-old girl with one hand, and the two returned to the apartment together.

“Oh my god, you two are really convinced!”

The other people who had been waiting for them in the apartment all night saw that they really wanted to kneel for Mobao.

But after all, it is a good thing that the child is found.

So the next morning, it would be another accident, Chi Wanwan asked Mo Bao and Ruoruo to take them back to the capital first, ready to hand them over to their mommy Wen Xuxu.

As for the others.

“I’ll go back to the company.”

Huo Yin said expressionlessly while standing on the balcony, watering the flowers.

Lu Jin nodded: “I’ll help you get the things over there, get it done, and then go back to the capital.”

This is an excellent reason.

The pure-minded Ruoruo really had no doubts.

Everyone’s whereabouts have been determined, then the next step is the Shen Shanshan sister and brother. The summer vacation is here. According to the habits of previous years, the sister and brother will both do summer jobs.

But this year things are a little different.

Shen Shanshan: "I...I also went to Huo's with Yinyin, and my internship application passed."

"Really?" As soon as the news came out, Ruoruo next to her jumped up happily.

"It's great that you want to go to the Huo family, I tell you, little aunt, with your talent, you are going to go to such a big company, don't worry, Daddy will take special care of you when you go. "

She also mentioned Daddy, believing that he would take special care of the people in his family.

But in fact, will Huo Sijue meet?

Shen Shanshan didn't think so much, and she didn't dare to hope that she was very happy that she could enter the Huo family.

Shen Shanshan looked towards the balcony.

However, what surprised her was that the boy who was watering the flowers on the balcony was not as happy as she imagined, but was still watering there expressionlessly.

Shen Shanshan's smile froze.

"Om... hum..."

Suddenly, the phone she put on the table rang.

"Hello?"

"Hello, is this Miss Shen Shanshan? I'm the XX police officer. I'm in the hospital now. Do you have time to come over? Cen Yu'an wants to see you."

It was the police who called.

Shen Shanshan was stunned.

Cen Yuan wants to see her? why?

After finally packing up, she went out with her bag and went straight to the hospital.

She actually learned about Cen Yu'an after she was sent to the hospital, when she learned that everything was settled, and those who wanted their siblings were also caught.

She had to admit that her heart really fell to the ground.

Finally, she doesn't have to worry about someone coming to kill their siblings all day long.

But, why does this Cen Yuan still see her?

Shen Shanshan came to the hospital very puzzled, but found that when she arrived at the hospital, a young girl who had changed her clothes was already waiting for her in the ward that was lit up by the sun. .

She is still beautiful.

Moreover, when she sat in the sun and looked up at the window, her profile was particularly beautiful in the dazzling golden color.

"You're here?"

Cen Yuan didn't turn his head when he heard her voice coming in.

Shen Shanshan walked in slowly, took off the bag on her shoulders, and looked at her.

"Look, how beautiful the sun is today. I can see such a bright sun before I go in. God is still good to me."

"...You are still young, and there are more beautiful days waiting for you to come out. You."

Shen Shanshan didn't know what to say, so she could only comfort her in the end.

Yes, it is not a death sentence for her to go in, there will always be a day when she will come out.

Cen Yuan was about to laugh.

For the first time, it was the kind of laughter that came out of the heart and was relieved.

"Yes, what about you? Have you figured out what to do?"

"Me?"

Shen Shanshan was stunned for a moment, not understanding the meaning of these words.

“What do I do?”

“Is it with Huo Yin? Or continue to be your aunt of the divine family?” She finally turned her head to the side, with calm eyes, very serious.

Shen Shanshan’s head “buzzed”...

Is she crazy?

## **Returning from the Dead His Secret Lover Chapter 1843**

Don't you like him?

“What nonsense are you talking about? What do you mean by continuing to be the little aunt of God’s family? Do I still need to continue?”

She stared at the woman in shock and anger, not understanding that she called her specifically to come over to listen to her. Nonsense.

At first, this Cen Yuan was still very calm after seeing her angry.

“You know that’s not what I said. Are you trying to tell me that after so long, you don’t even know what kind of feelings Huo Yin has for you? Do you think he really still treats you as a little aunt? ?”

Like a thunderbolt from the blue, she opened her mouth and threw out such a sentence.

Shen Shanshan’s pupils suddenly widened.

She stared at the woman for several seconds, without any thought in her mind.

“You’re crazy!”

“Am I crazy? You know best in your heart. At first, I thought that he was just a relationship between aunt and nephew, but it’s not. Many times, I see him looking at you. The eyes are all different.”

Cen Yu’an sat there thinking.

She remembered the first time she saw the two meet in the cafeteria. At that time, it was raining outside. In the cafeteria, thinking that Ning Xiner, who had driven her away from Cen Yu’an, happily ordered a table of dishes for the boy.

However, the young man did not appreciate it.

Until, seeing this girl appear, his eyes lit up.

Like a star, like the most dazzling gem...

In short, it was the first time she saw this indifferent person. It turned out that there would also be a scene of him blooming, so bright and so amazing.

That is, from the beginning, she didn’t like this god Shanshan very much.

“You’re talking nonsense, Yinyin... He is my aunt and nephew. We are relatives. He must be happy when he sees me, and he will protect me.”

Shen Shanshan finally spoke up.

She endured the turbulent waves in her heart, and clenched her fingers again to deny it.

Cen Yuan smiled.

“I’ll do whatever you want. I just remind you that if you really don’t want to have any other relationship with him, then I suggest you stop being nice to him. The more nice you are to him, the more he will be attached to you. , If his father really doesn’t agree with you being together, it should be even more devastating to him, right?”

She persuaded lightly.

Now, she has really put it down. This time, if she asks this girl to come over, she will remind her kindly.

Since she turned herself in, she also learned something from the boy named Lu Jin about what happened after her brother died.

He said that because of her brother's death, Huo Yin locked himself in the room for three days and three nights and almost failed to come out. Later, his father Huo Sijue woke up in time.

Then, with his help and enlightenment, he slowly returned to normal.

Shen Shanshan finally stopped talking.

Her face was terrifyingly white, as if something had finally been stabbed in the depths of her heart in just a few seconds.

She didn't want to admit it.

But at this moment, she really had nothing else to do but the coldness all over her body.

"Cen Yuan, it's time."

Outside, the police who had been waiting began to urge.

Seeing this, Cen Yuan stood up from the chair, stroked the hair in front of her forehead, and raised her feet to leave.

"Why did you tell me this?"

"Huh?"

The voice suddenly came from behind, and she had to stop.

"Because you are not the only one who likes him. I want to atone for the mistakes I made now, but I also hope that he will be happy in his future life."

The girl finally just gave her such a simple reason.

Sure enough, after people put it down, everything they say is candid.

Shen Shanshan finally watched her leave. After that, she went to the window and sat in her original position, looking at the bright sunshine outside, and sat for a long time.

This is really... ridiculous!

—A

week later, the school finally closed.

Huo Yin walked out of the teaching building and did not go back to the apartment immediately, but went to the place where the mopeds were parked and waited as usual.

He still can't ride.

In other words, he didn't want to ride at all, he just wanted to be carried.

After waiting for a while, sure enough, that pair of siblings came over, each of them holding a big book, it seemed that they would not come to study here again next semester.

"Yinyin, you've come out? How's the test?"

Shen Shanshan saw that he was already waiting there, and immediately smiled, while holding the book with difficulty, she asked with concern.

They all have to take the exam before the holiday, and Shen Shanshan herself just finished the exam.

Huo Yin raised his eyebrows.

Didn't say anything, just came over to help her take the book in her hand.

Shen Tianhao: "Hey, Xiao Yinyin, be good, give some to uncle too."

"..."

A sharp eye knife killed him, and immediately, the guy obediently shut up.

It was Shen Shanshan who drove the moped, Huo Yin sat in the back, and Shen Tianhao drove a moped alone, but just after the meeting when the three were about to set off, Ning Xiner ran over again.

stay away

"Where are you going? Are you going back to the apartment? I'm going too."

“What are you going to do? It’s already a holiday, and you haven’t gone home yet. Why are you running to our place?” Shen Tianhao is a straight man of steel, opening his mouth Just said that.

Ning Xiner was about to cry.

“If you want to take care of me, I’m going. I ordered a barbecue. It’s a holiday. Let’s get together and go again .

“

Generous, let this little girl get into the car.

So, the four of them went back to the apartment in a mighty manner.

When she arrived at the apartment, Shen Shanshan still cooked some meals. She was worried that Huo Yin would not eat those barbecues, which were not clean and tasted heavy, so she cooked a few dishes that he liked.

Everything was brought to the table, and everyone enjoyed the meal.

“By the way, it’s a holiday, what are your plans?”

Suddenly, Ning Xiner, the most lively character, first asked this topic at the dinner table.

Shen Tianhao was eating a piece of grilled fish, and when he heard this, he opened his mouth and said, “Of course I want to work on summer vacation. You think everyone is a young lady just like you, so you don’t need to do it.”

Ning Xiner: “You—”

“Okay, alright, Tianhao, why do you always act like a child? Xiner is a girl, so let it go.”

Seeing that the two were about to quarrel again, Shen Shanshan hurriedly advise.

Shen Tianhao didn’t play tricks anymore. Ning Xiner

: “Then where are you going to take summer jobs? If you don’t mind, you can come to our Ning’s hotel. I heard from my father that they are planning to recruit people.”

“Really?”

bright bright.

The Ningjia Hotel is quite a famous hotel in the local area. Otherwise, the Ningjia Hotel would not be so weighty here.

Shen Shanshan also thought that this idea was a good idea, and immediately, she looked at the little girl.

“If that’s the case, then it’s better. Tianhao originally said that he would go to an Internet cafe to work in the summer vacation. Those places have to work night shifts and the wages are not high. If he goes to your hotel, there is a suitable job for him. It’s really good. “Okay.”

“Yes, he has a computer. Our hotel has a security department, and we need someone who can handle the system. Before, my father always paid a high price outside.”

Ning Xiner heard these senior sisters and seniors actually agreed, She is also very happy.

If they all go to Ning’s house, then Huo Yin...

“Okay, then it’s decided. Tianhao will go to Ning’s hotel. I’ll go to the original place.”

“Where?” Ning

Xiner asked curiously. a sentence.

Huo Yin, who was next to him, didn’t speak, but his expression was very relaxed, and he cut the steak on the plate in front of him slowly.

“Ya’an, I’m going there.” Shen Shanshan said this place slowly, and after she finished speaking, she quickly glanced at the boy diagonally across from the corner of her eyes.

“Clang!” The

response was very direct.

Huo Yin threw the knife and fork in his hand directly, and for a second, a very terrifying blackness shrouded his cold and handsome face.

Both Ning Xiner and Shen Tianhao were immediately frightened.

And Shen Shanshan, after a while of scalp numbness, even her fingertips were cold.

“Why?”

“Ah?”

She watched in horror as the two beams finally stared at her, but their eyes were so terrifying that they lost their voices for a while.

“I... I have a senior over there who asked me to come over. It’s for the public good, so I just thought... I’ll try it in the past. I’m sorry, Yinyin, I didn’t tell you before, I can’t go to Huo’s.”

“Haha . . , whatever you want!”

When the disappointment reached the extreme, the young man finally just dropped this sentence.

Then he got up, walked to his room and slammed the door shut.

Ning Xiner: “...”

Shen Tianhao: “...”

Shen Shanshan: “...”

For a minute, the living room was dead silent, and everyone’s faces showed that expression. kind of frightened pale.

what happened to him? Why make such a big fire? If people don’t go, they won’t go. The interns are not free yet?

Ning Xiner and Shen Tianhao felt that they didn’t quite understand.

Only Shen Shanshan, after everyone left, when she took the tableware and chopsticks to the kitchen to wash, she broke a bowl because of too much force.

In the blink of an eye, blood gushed out after the sharp piece of porcelain cut into her hand.

It doesn’t matter, as long as the time passes.

She wiped her eyes fiercely, turned around to treat her wound at will, and then continued to wash the dishes.

That afternoon, Shen Shanshan left the apartment and went to Ya’an.

Before she left, she made a special call to Wen Xuxu at Guanhaitai, told her about it, and asked her to arrange for someone to pick up Huo Yin and go to Huo’s.

She can’t go over.

Wen Xuxu felt a little strange.

“This child, Shanshan, why did Huo go to a place like Ya’an instead of going for an internship?”

“I guess there is a grudge.”

Huo Sijue was reading a book next to him, and after hearing this, he thought of a reason.

## Returning from the Dead His Secret Lover Chapter 1845

The rebellious period is coming...

Indeed, there is a mustache.

Before, she was all thinking about going to the Huo family, but since Bai Muqing and Cen Yu’an were arrested, she began to change her mind. That doesn’t mean that she started to care about her identity, and what reason is there?

So, this kind of thing, she still has to figure it out on her own.

Huo Sijue didn’t take this matter to heart.

But he didn’t expect that the eldest son, who was able to manage the projects in his hand so beautifully when he was studying, came to the company after this holiday and started to be a fool.

“President, young master, he didn’t come today again. I went to Repulse Bay to see him, and found that he was still sleeping. It was eleven o’clock...”

“Yes, president, he is in the operation department now. The manager is going to take someone with me. How can I do this for three days of fishing and two days of drying the net? Sometimes even the phone is turned off.”

“Also... I play games in the office, it’s always like this when I come here...”

“...”

In less than ten days, all Huo Yin's complaints were received.

Huo Sijue's veins jumped.

"Is this stinky boy itchy? Did I let him play?"

"Okay, I'll call him to see what's going on?"

Wen Xuxu saw the man Temper, for fear of what he would do to his son, he quickly took over this matter.

This chapter is provided by [naijdate.com](http://naijdate.com). Visit [naijdate.com](http://naijdate.com) for daily update.

So, that evening, Huo Yin, who was in the dark with a group of teammates in front of the computer in Repulse Bay after waking up, received a video call from Mommy.

"Yinyin, you... Are you actually playing games? You don't go to work, you play games?"

"..."

Huo Yin finally turned off the computer with a "pop".

"Mummy, I don't want to go to work, it's boring, I want to go home."

"Ah?"

Wen Xuxu felt soft-hearted almost immediately after being told this.

This eldest son, he has always been independent and sensible. From childhood to adulthood, he seldom heard him begging her, and his tone was even stronger now.

Wen Xuxu wondered if there was something wrong with the child over there?

"I'd better go there and see what's going on with him? His situation is different from Mo Bao and the others. He suddenly entered the workplace, and you told him not to let people in the company open a small stove for him. I'm worried about adapting to it. No?"

After Wen Xuxu hung up the phone, he discussed with the man next to him.

Huo Sijue did not object.

But...

"Zhu Tingting, why don't you go away? She is now six months pregnant, and has a terminal illness. It's all up to you. Once you leave, what will happen to her?"

“ ... ”

Wen Xuxu He frowned, and didn't speak.

Yes, Zhu Tingting's situation is very bad now.

This person, when she first found out she was pregnant, she persuaded her not to have children, but she didn't want to fight, and she said she wanted to have a child for that man.

So, women are so stupid sometimes.

Wen Xuxu stayed in the end, and Huo Sijue went to City A in person.

When the news reached Repulse Bay, Huo Yin's whole body was not well. He thought that Mommy would come over and he could enjoy a few days, but now it's Daddy, and he has had a "good life".

Huo Yin could only cheer himself up.

Really, the next morning, Huo Sijue arrived at the Huo Group. He didn't even come to Repulse Bay. When he arrived at the company, he held a regular meeting and saw the figure without a son, and immediately asked Lin Ziyang to call him.

"Master Huo Yin, the president has arrived. He said that if you don't arrive in fifteen minutes, he will make you unable to go home this summer."

“ ... ”

It's crazy!

Where in the world is there such a father?

Huo Yin had to get up quickly and rushed to the company without even washing his face.

"Daddy."

"What are you doing? Who let you indulge like this?"

Sijue Huo was sitting in the office and saw the son who rushed over in a hurry, with a mess of hair and two faces on his face. A big black eye.

After the whole person was like that kind of passive and decadent bad boy, he was completely angry.

It's only been ten days, how did his son, who was personally trained by Huo Sijue, become like this?

However, he lost his temper. This son, who had the same temperament as him, was even more stubborn. When he saw that he was angry, fortunately, he walked over to the sofa and sat down, and collapsed again.

"Myself, Daddy, I don't want to do it anymore, let me go back."

"What did you say? I don't want to do it anymore?" Huo Sijue was so angry that his veins jumped.

"What do you think this is? Playing as a child? If you don't want to do it, don't do it. Huo Yin, you are eighteen years old. You are an adult. You should have your own sense of responsibility."

"What is sense of responsibility? I didn't choose it myself, but you imposed it on me. I don't like it, and you still make me take responsibility? What responsibility do I have?"

"You—"

Huo Sijue was so angry that he almost grabbed the ashtray on the table. smashed over.

Fortunately, Lin Ziyang was outside at this time. Seeing that the father and son were quarreling, he quickly came to persuade him.

"President, calm down, young master is really rebellious now."

"What did you say?"

Huo Sijue's righteous mind was dizzy, and when he heard this, he was stunned.

Rebellion period? Lin

Ziyang: "Yes, now that children are so old, they all have a period of rebellion, which means that they are in a transitional period of psychology, their sense of independence and self-awareness are increasing day by day, and they are eager to get rid of parental guardianship."

Look at the President.

This scene, if other people were present, would probably die of laughter.

Teach my son to do this.

Huo Sijue also saw the blue veins on his forehead jump, but in the end, he didn't get angry with the little bastard on the opposite side.

Afterwards, he was told to get out, and he gritted his teeth: "He still wants to get rid of Lao Tzu's guardianship?"

Lin Ziyang was madly sweating: "Then... that's a metaphor."

## Returning from the Dead His Secret Lover Chapter 1846

I heard that the little bastard broke up in love

Finally, with the reminder of this assistant, Huo Sijue flipped through several books about teenage rebellion overnight.

Then he learned that there are actually several types of this problem.

"1. The oppression of my parents; 2. I thought I could go to heaven; 3. Lost love!"

"..."

Wen Xuxu received this call in the middle of the night. Facing this man's rude and simple summary, he was really angry and funny. .

"Then Mr. Huo, do you know which category your son belongs to?"

"Exclusion method, firstly, we do not oppress him, secondly, although he is arrogant, in front of me, he still can't go to heaven. , So, I think it's lovelorn."

"Cough cough cough..."

Wen Xuxu, who was drinking water over there, choked.

Lovelorn...

She has another child who has started to fall in love, and it's still so embarrassing, it's lovelorn, is her son bad? Why do you fall in love?

dying!

Wen Xuxu couldn't sit still anymore, she immediately asked: "Then do you figure it out? Which girl is it? Why doesn't she look down on my Yin Yin? He is so handsome and so smart."

"..."

Huo Sijue was quite speechless.

Is this the brain structure of women and men? The same thing, but in his eyes, Huo Sijue, when he saw it, he couldn't help but want to go wild!

Lost what love?

You're only a little old, and you haven't grown up yet, so what kind of love is there?

When this man was angry, he forgot his little padded jacket that leaked the wind, and the person who kidnapped her was two years younger than his son!

Huo Sijue decided to investigate this matter carefully.

And that night, it might be that Huo Yin's matter became a little louder. In a younger family group they had established before, Shen Shanshan finally couldn't help bubbling over in Ya'an.

[Shen Shanshan: Good evening everyone, how are you doing lately? I'm so cold here. ]

Then, she casually posted a photo.

When the people in the group saw it, they all came out immediately.

[Ruoruo: Wow, little aunt, where are you? Why is it still snowing in the midsummer? is this real? ]

[Shen Shanshan: Yes, it's true, the altitude here is high, and I'm wearing down jackets today. ]

[Shen Tianhao: Let you go there and suffer! ]

[Shen Shanshan: ...]

[Calligraphy: The little aunt is called Gao Fengliangjie. She is doing public welfare, not her own work. We must be proud of her. ]

【Ruoruo: Yes, a few days ago, Shiliu also went to Fengcheng, saying that the water was rising there, so he went with Uncle Shuileng and the others. 】

【Mobao: Why don't I know about this? 】

【Huo Yin: What do you know? 】

He finally appeared.

As soon as Shen Shanshan saw it, she didn't even think about it, and she ate him in the group.

[Shen Shanshan: @Huo Yinyin, how are you? I heard them say that you are not feeling well recently. Did your father go to the company? 】

【Ruoruo: Yes, little aunt, my brother is angry again and doesn't want to go to work. 】

[Huo Yin: Huo Ruoruo! ! 】

It was like an angry shout in front of everyone in the group.

Seeing this, Ruoruo stuck out his tongue in the group and stopped talking.

After a while, when the group was quiet, she found a private chat window, clicked in and saw that it was the little aunt who sent her a message.

[Shen Shanshan: Ruoruo, what happened to your brother? What's his mood? 】

【Ruoruo: It's my little aunt, yes, my brother is losing his temper, he doesn't want to go to work, he stays at home all day and doesn't go to the company, Daddy is going to be pissed off, so let's go. 】

【Shen Shanshan: Huh? 】

She was taken aback.

At the same time, there was a deep worry in her heart.

Why is there such a big emotion all of a sudden? Is it because you don't fit in with the company? Or...he's still mad at her?

She suddenly thought of this, and suddenly, she was going to send a message from the past to this young man, but immediately deleted it, as if she had done something unforgivable.

She raised her hand and slapped herself.

“Shen Shanshan, what are you doing? Are you being a son of a bitch and setting up an archway?” She scolded herself extremely harshly.

After that, the message was never sent out again.

What she didn't know was that that night, since the group had cooled down, the young man hiding behind the phone had taken it out countless times to see what was going on inside.

But each time he was particularly disappointed.

It wasn't until the early hours of the morning that he finally endured to the limit. After throwing the phone to the ground, he started to get on the phone again, and this fight was one night.

Huo Sijue came here in the morning.

He pushed open the door and saw the computer that was still running in the room, and next to the computer, there was a jerk lying there crookedly.

He was so angry that his blood vessels almost burst!

“Huo Yin, you have stepped on my bottom line.” He only said this to his son.

An hour later, Leng Xu, who was staying at Longyin Pavilion, received the news that he received a task to bring someone to Repulse Bay and send it to his Longyin Pavilion to practice for two months.

## **Returning from the Dead His Secret Lover Chapter 1847**

Early love is not acceptable

people?

who? The president is looking for a new person again?

During this period of time in the Longyin Pavilion, I was in a panic, and after hearing the news, I was a little excited. After he explained it inside, he rode his big motorcycle and set off.

The result...

“President, are you kidding me? You asked me to take him there? Then you might as well kill me!

“

There is no way, this little ancestor is the real master of sick children. From childhood to adulthood, he was soaked in a medicine jar, and his personality was not very good, so he really wanted to bring him back.

I’m afraid I’ll be dead in two days.

However, Huo Sijue seemed determined to take care of this son.

“Okay, I can give you a shot now.”

“...” In the

end, Leng Xu could only obediently take the young master away.

And what about Huo Yin?

From the beginning to the end, he didn’t say a word. His expression was more like a broken jar. Uncle Leng wanted to take him away, so he sat on his motorcycle with a blank face.

This chapter is provided by [naijdate.com](http://naijdate.com). Visit [naijdate.com](http://naijdate.com) for daily update.

Soon, he was taken away.

Huo Sijue was so angry...

“President, I checked it out. It turned out that when they were at school, the young master had a good relationship with that Gen Yu’an at first.” At a

critical moment, Lin Ziyang came over and saw that the president was given to him by this little ancestor. After being so angry, he quickly took out the information he had checked overnight last night.

Gen Yuan?

Huo Sijue looked at the photos in his hand, his handsome face became more and more gloomy in the morning light.

It was indeed something he had never seen before. This little bastard would go to a milk tea shop to work with other girls when he was still so bright.

“He’s really promising, is this because of guilt?”

He still guessed this right away.

Lin Ziyang was also a little ashamed.

“I can’t rule it out. This girl is Tong Hui’s sister after all. Anyway, I haven’t seen Young Master Huo Yin smile like this for so long.”

The secretary who has been with him for many years finally said the same thing.

After Huo Sijue heard this, the cold and clear eyebrows became even more gloomy and ugly.

If it is because of this girl, there is absolutely no hope. He is indeed enlightened, but he is not generous enough to tolerate a woman who has killed people at a young age as his daughter-in-law.

Huo Sijue decided to give this son a good lesson.

At the same time, he has to prepare to find a new school.

“Transfer again? It’s only one semester, do you want Yinyin to go to another school again?”

“Otherwise?”

Huo Sijue frowned on the phone.

“Now that he is already like this, when he goes back to T University, he will inevitably see those familiar things and think of this Cen Yu’an again, so he will not be able to come out.”

“...”

Wen Xuxu was also silent.

It seems to be the case.

So in the end, she agreed, and that night, let the father choose a school for his son.

When Shen Shanshan knew about it, it was more than a week, and Ruoruo informed the group about it.

[Ruoruo: I have good news for you, my brother is going to study with us. ]

[Shen Tianhao: Why? ]

【Ruoruo: I don't know, Daddy decided, maybe because my brother has been too bad recently, he thinks it would be better to go to our place? 】

If Ruoruo explained it in the group.

Then, in this group, except for the two of them bubbling up, no one else appeared.

Including Shen Shanshan who is peeping at the screen.

Is that boy going to transfer?

It's still his father's decision, why? He must not be really because Huo Yin is not well behaved, he must have found something.

Shen Shanshan's hands and feet were cold, and her mind was buzzing. She panicked, she was in chaos... and even in the end, she actually stayed in her small dormitory.

The whole person is curled up in the blanket.

It was as if someone was afraid that someone would come over immediately, and after pulling her out of it, they found something about her.

Shen Shanshan didn't sleep well all night.

Until, the next morning, she was woken up by a knock on the door, and opened two dark blue eyes and looked out the window.

“Shanshan, are you up yet? We've had breakfast, and we're going to leave.”

It turned out that it was another college student from this village committee who came here to do charity work.

Shen Shanshan got up quickly.

Yes, the place where she came this summer vacation is a very backward village. The people here, supported by the state, have just established a village committee, and want to bring about a change in their poverty.

Therefore, Shen Shanshan and the other college students came here to teach the villagers for free.

Shen Shanshan came down from the upstairs.

“Nini, you’re looking at your boyfriend again.”

As soon as she saw the girl who had just called her, she was holding her mobile phone and giggling. She knew that she was chatting with her boyfriend again, and she couldn’t help joking.

Nini smiled embarrassedly.

“Yeah, he asked me if I had dinner? By the way, Shanshan, do you have a boyfriend?”

Suddenly, the girl asked Shen Shanshan curiously.

Shen Shanshan hurriedly shook her head: “No no...”

She really didn’t.

In fact, based on her conditions, there are many people who are chasing after her at school, but she has never agreed. She is also a girl with high aspirations, and she only thinks about these things when she gets ahead in the future.

## **Returning from the Dead His Secret Lover Chapter 1848**

He’s chasing after him...

Shen Shanshan bowed her head to eat breakfast.

Seeing that she was silent, Nini continued to get tired of her boyfriend.

“You said you thought I couldn’t sleep? Why didn’t you come to see me? You played games in the dormitory all day and didn’t come to see me.”

“That’s a different matter, dear...”

The boyfriend was coaxing her .

Shen Shanshan felt a little uncomfortable, because all fools knew that he was really “coaxing” this girl.

Shen Shanshan quickly finished breakfast and went out.

She originally wanted to go to work quickly, but as soon as she left the door of the village committee, she saw a person in the village with an ox cart squeaking from the village entrance.

Shen Shanshan: “...”

With just such a glance, after she saw the man lying motionless on the ox cart, her whole mind “hum” and completely turned blank.

Oh my God!

“God accountant, come here quickly and see if you know this bud? He said he was here to find you.”

The uncle who was driving saw her at this time, and immediately waved his hand at her excitedly.

Shen Shanshan shook again.

She just felt that the sun was really dazzling at the moment, and she didn't know whether it was because she didn't sleep well last night, or because she saw this sudden appearance now.

She was too stimulated.

That heart, and the blood that seemed to rush to the top of her head in an instant, made her whole body turn black even in front of her eyes.

However, she finally stumbled past.

Because she seemed to see that this guy was lying on the bullock cart and really didn't move.

“He... what happened to him?”

“I don't know. When I got to the intersection, I saw him staggeringly getting off a minibus. I saw that he was unsteady and gave him a hand. He said that he came to our

village and looked for him. The college student who came here to do support, I brought him.” The

uncle hurriedly explained.

Shen Shanshan listened, confused, and then quickly bent over to check.

As a result, it didn't matter what she saw, she not only found that the young man's beautiful face as cold and white as jade was hot, she also found a lot of bruises on his wrists and legs.

what happened?

what happened to him? ! !

For a second, the huge anger and distress spread in her heart, she immediately bent over to help him up from the ox cart without even thinking about it.

“Yinyin? Yinyin? Are you awake?”

“...”

After shouting several times, finally, the boy opened his eyes in front of her.

Seeing this, Shen Shanshan was overjoyed and was about to ask him what was going on, but when he saw that he suddenly loosened up, he immediately fell over to her.

In the blink of an eye, he leaned firmly against her arms and passed out.

Shen Shanshan: “...”

Really going crazy!

Who the hell did this? ! !

She had never been so angry.

Fortunately, there is also an infirmary in the village. After asking everyone to help send the boy there, after some examinations, the doctor came up with the result.

“There is no major incident, just some soft tissue skin trauma, and his fever is due to inflammation of the tonsils in his throat. It is estimated that he has not rested for a long time.”

“Okay, doctor.”

Shen Shanshan heard this, Finally he breathed a sigh of relief.

No big deal is fine.

Immediately, she stayed by the boy's side, and after he stabilized, in order not to worry his family, she took the initiative to contact Guanhaitai.

[Shen Shanshan: Ruoruo, do you know what happened to your brother? He suddenly came to me. ]

【Ruoruo: Ah? 】

The little girl was very frightened.

Because not long ago, she heard Mommy and Daddy talking on the phone downstairs, and she seemed to be crying. Mommy blamed Daddy for the wrong way of handling her brother and cried angrily.

Did your brother run away?

[Ruoruo: Little aunt, let me tell you, my brother escaped. ]

【Shen Shanshan: Huh? escape? 】

【Ruoruo: Yes, after my brother went to Repulse Bay to get angry, Daddy didn't change when he arrived, and then Daddy got angry, so he asked Uncle Leng to take him to Longyin Pavilion for punishment. 】

What?

Longyin Pavilion?

Isn't that where their Huo family trains killers? Sixteen came from there.

Shen Shanshan is going to be pissed off.

Especially when she turned her head and glanced at the young man lying on his back, still with shocking bruises, even more so.

[Shen Shanshan: How can your father do this? Your brother's health is so bad, and it's your brother Mo, how could he punish him like this? Are you not afraid of accidents? ]

【Ruoruo: No, Daddy is good for my brother. 】

This little girl still knows how to maintain Daddy.

Shen Shanshan saw it, and his expression softened.

[Shen Shanshan: I know, but we still have to start from the body. Look, your brother has come to me now, and he has a high fever, so he must be unable to stand it. ]

[Ruoruo: Well, what the little aunt said is right, don't worry, I will persuade Daddy, otherwise, during this time, let your brother stay with you first? you take good care of him? ]

[Shen Shanshan: Ah...]

The sudden change caught her off guard.

However, she couldn't deny that when she heard the news, she looked at the young man lying on the bed, and suddenly she felt that she had never been cheerful since she came here.

At this point, it's much better...

## **Returning from the Dead His Secret Lover Chapter 1849**

Hey! her little grandfather

Huo Yin only woke up in the afternoon.

When I woke up, I saw the fiery red pinnacles outside the window.

"Finally woke up, doctor, come and have a look."

It was an old lady who was sitting next to him and guarding him.

Huo Yin was even more at a loss.

In fact, when he came out, his mind was a little confused.

Because at that time, he was tortured by Uncle Leng until he collapsed a bit, but in reality, Leng Xu didn't act ruthlessly, but he didn't say anything out of anger during the practice.

Then Leng Xu thought he could bear it, and continued to increase the intensity.

By last night, when he returned to the dormitory, he fell down.

What happened afterward?

He didn't even remember, he only remembered that he had a crazy thought in his mind at that time, to leave this ghost place, and then he grabbed his mobile phone and ran out.

So, where is it now?

He stared blankly at the middle-aged woman dressed like a beggar.

"Wake up? Let me see."

This chapter is provided by [naijdate.com](http://naijdate.com). Visit [naijdate.com](http://naijdate.com) for daily update.

Soon, another middle-aged man with mud on his trouser legs came in. When he saw that he woke up, he reached out to his forehead.

As soon as Huo Yin saw it, he avoided it almost like a conditioned reflex.

"What are you doing?"

"..."

Both of them were stunned.

Why is this bud so fierce? If it wasn't for God's accountant's face, they wouldn't be too lazy to take care of him here.

"Young man, you're sick, I'm a doctor, I'll show you."

"Doctor?"

Huo Yin, with a gloomy pale face again, glanced at the man.

Doctor: "... In the

end, it was the aunt who was smart. After seeing this scene, she thought of calling someone.

"Doctor Li, I'm afraid this Yazi is sick and stupid. I'd better go and call the accountant." Then she hurried out and called someone.

God accounting?

Still lying on the hospital bed, Huo Yin finally paused there.

Sure enough, after Auntie went out, that is, five minutes later, there was only a sound of footsteps running fast outside. After a while, Huo Yin stayed in this room and saw a familiar person appear in front of him.

“Yinyin, are you awake? Are you okay?”

Shen Shanshan was very happy. As soon as she came in, she ran to the hospital bed and stood in front of Huo Yin excitedly.

Huo Yin: “...”

After realizing it, he finally knew where this place was.

I finally know what he did last night.

He stopped talking.

A cold and handsome face is embarrassed and embarrassed like never before, so that in the end he turned his head to look elsewhere, for fear of being seen out.

“Yinyin?”

Of course Shen Shanshan didn't know what he was thinking.

Seeing that he ignored her, she didn't even want to look at her. She thought that after being sick again, the child's temper came up.

“Okay, don't be angry, isn't the little aunt here? You are obedient, let the doctor take a good look at it, and after reading it later, aunt will bring it to eat delicious food.”

She really coaxed like a child. he.

In the end, it was fine that she didn't say such things, but when she said it, the young man's face became even more stinky.

“Shen Shanshan, pay attention to the way you speak, I'm not a three-year-old child!”

“Okay, no, you are an adult.” Shen Shanshan obeyed him without saying a word.

After about ten minutes, the doctor finally checked him out.

"I don't have a fever, but remember to take medicine. Also, remember not to eat cold and spicy things. For those injuries on his body, let him recuperate and stop exercising vigorously these days."

"Okay, doctor. "

Shen Shanshan hurriedly agreed.

Afterwards, she went to get the medicine, returned to this room, and was about to take him back to the village committee.

"Do you want me to help you?"

"No."

Huo Yin was stiff.

However, he was slapped in the face soon, and the moment he landed, the soreness of the overload made him unable to hold back a groan.

"Are you all right?" Shen Shanshan was so frightened that she quickly supported him.

This guy needs face, she must know that, so if she didn't force it just now, since he said no, he gave him enough face and let him go by himself.

However...

Shen Shanshan supported him, and began to comfort him softly: "Don't underestimate these injuries, the doctor said, this is a soft tissue contusion. Although it is not life-threatening, it is very painful."

"..."

Finally, the young man stopped talking, and was supported by her and walked slowly forward.

The evening in the countryside is very beautiful. The fiery red sunset, after being sprinkled from the sky that is so clear that it is like being washed, illuminates the green mountains and green waters here into a bright red. At a glance, it is as beautiful as a painting. the same.

The two walked on the path covered with green grass and grass, and their shadows were also dragged by the fiery red light.

“Yinyin, you... just ran away suddenly and didn’t tell your daddy. This is wrong. Next time if something happens, you must remember to tell your daddy and mommy, you know?”

Shen Shanshan still Open your mouth first.

She felt that the two of them didn’t speak, and the atmosphere was a bit embarrassing, which made even thin beads of sweat come out of her palms.

## **Returning from the Dead His Secret Lover Chapter 1850**

Do you believe in Feng Shui?

The voice fell, and the boy who was being supported by her turned his head to look at her.

The beautiful pupils like black jade, under such a magnificent light, actually revealed the luster of the color of glass, which was amazing.

Shen Shanshan looked up blankly, her heart skipping a beat.

“You told them?”

“Said...said...” Shen Shanshan replied blankly.

The young man stopped talking, he withdrew his gaze, and in that instant, it was obvious that his expression was very ugly.

Shen Shanshan didn’t dare to speak.

However, after she waited for a long time, the young man didn’t speak. He seemed to have brought out his disgust to talk to the fullest at this moment, which made Shen Shanshan go crazy after seeing it.

“You... don’t worry, they didn’t blame you, and let you have a good rest with me. So, I’ve decided for you, if you don’t want to go back, you stay here and I’ll show you a few days of fun. .”

She blurted out.

As a result, as soon as the voice fell, the guy's eyes looked again.

He is very tall, obviously three years younger than her, but his height is more than a head.

Then, she could only look up and see the two eyes of this little ancestor without any emotion, just like a gift to her, and finally reluctantly agreed.

“Well...”

This chapter is provided by [naijdate.com](http://naijdate.com). Visit [naijdate.com](http://naijdate.com) for daily update.

“...”

Really her ancestor!

So, from this day on, Huo Yin stayed in this small village.

Huo Sijue in City A knew, of course he was furious at first, but later, because of Wen Xuxu's persuasion, he turned a blind eye.

Wen Xuxu felt that his son would do such a thing purely to resist his father.

As for why go to Shen Shanshan?

“Shen Shanshan, a child, has always taken good care of Yin Yin when he was in school. He came out of Longyin Pavilion and couldn't find his younger brother and sister. Even more so when he was sixteen, he went to Xixiang. “

So, he can only go to Ya'an.”

She analyzed.

Indeed, in their opinion, Huo Yin would choose to flee to Ya'an, and only this reason makes sense.

Because, after so many years, he has no friends at all. After the Tong Hui incident, he closed his heart again. Therefore, in his current world, there are only those people in his family.

Huo Sijue did not refute his wife.

However, when she mentioned the word friend, it made him think of a problem to solve.

“Should we prepare for his future other half?”

“What?” Wen Xuxu was taken aback, “Aren’t you not interfering in the children’s marriages? Why do you have to arrange the other half for Yinyin? You want Backtracking?”

She was a little anxious.

Huo Sijue saw it on the video call and waved his hand to signal her to calm down first.

“I don’t want to intervene, but Huo Yin’s situation is rather special. You see, this time he met Cen Yu’an, and it became like this. It is difficult for us to guarantee what kind of girl he will meet next time?”

“..”

Wen Xuxu was on the other side of the camera, and he was speechless for a moment.

Yes, her child is not an ordinary person. He has grown up to now, and the world around him is still very small. He has enclosed himself in that castle that belongs to him.

Who knows who will meet next time?

“Then... Who are you planning to arrange?”

“Let the old man pay attention.”

Huo Sijue didn’t have any candidates right now, so he left this matter to Shenzongyu, the old man was too busy recently anyway.

And he also believed that if the old man checked, the girl’s character would be guaranteed.

Wen Xuxu also agreed.

The couple hung up the phone, and Sijue Huo was about to continue working, but suddenly, someone sent a message on his phone.

[Leng Xu: President, Shiliu just called and said that he found something in Meiling, Xixiang. ]

【Huo Sijue: What? 】

Lu Jin has been going to Xixiang for many days, and he has to send a lot of news one after another, but the progress has been relatively smooth, and Leng Xu did not specifically come to the door to report.

only today.

Huo Sijue opened the photo sent, and found that it was a clay pot, but there was a lot of dirt on the outside of the pot, as if it had just been dug out.

[Huo Sijue: What is this? ]

[Leng Xu: It was filled with bones, smashed into pieces, and buried at the door of this military supply storehouse. ]

【Huo Sijue: What do you mean? 】

【Leng Xu: I know if you believe in Feng Shui? Since Sixteen found this place, I took a look and found that it is actually an excellent dragon cave. 】

This person, unexpectedly, started talking nonsense all of a sudden.

Huo Sijue's head was full of black lines.

He interrupted him immediately to let him speak properly.

Feng Shui?

What is Feng Shui? He, Huo Sijue, was said by the old man of Wenqing Temple that he was the prince of the emperor. Isn't that the case now?

[Leng Xu: No, President, I'm telling you this, just to tell you that this clay pot is buried in the evil position of this military supply storehouse! ]

[Huo Sijue: ...]

[Leng Xu: So I think someone did this deliberately. This military depot is probably also the tomb of Lan Yuan's future, but this person actually buried these bones there. ]
