

## Returning from the Dead His Secret Lover Chapter 1871

Is he going to be engaged?

Because, in the half year she spent with him, she had never seen him distracted in class, even if she came, as long as she came across him in class or when he was doing his homework.

He will ignore her.

Lian Xiling walked in with great joy.

“Yinyin, here, I bought you water.” She took out a brand of mineral water he liked from her schoolbag.

“Well, let it go.”

But the young man took his eyes back and turned back to his indifferent and alienated look, as if the two sets of his eyes just now were just the illusion of practicing Xiling.

Lian Xiling was a little lost.

But she soon became calm again. As usual, she also took out her book and prepared to accompany him to do his homework here.

“Yinyin?”

Suddenly, someone outside the classroom shouted.

Lian Xiling was stunned for a moment, and when he raised his head, he found that the teenager sitting next to him had gotten up and walked quickly to the door of the classroom.

“What’s the matter?”

“Yinyin, that...that teacher wanted to assess me, saying that all exchange students are like this. Only after passing the assessment can they decide which level of courses to take for me. I took a look, and many...all are in English. .”

Lan Shanshan, who was all embarrassed, came here with her schoolbag on her back, holding the paper in her hand, and she almost lowered a small head into her chest.

Disgraceful indeed.

She considers herself an excellent student when she was at T University.

However, when she came here, she found that she could not speak many English professional words, not to mention some accounting knowledge here.

Huo Yin glanced at it, and for a moment, he brought her in.

“You sit here.”

“Oh, good.”

Lan Shanshan sat down and cast an apologetic look at Lian Xiling next to her.

A few minutes later, the two started to make this paper. Lian Xiling was watching from the side. She suddenly realized that the teenager who had accompanied him for half a year had always been cold and reserved.

But at this moment, he was talking about the topic for his little aunt, but he was very patient, and the speed of his speech was very gentle.

“Have you done it?”

“Well, this one will do, what about this one?”

“I’ll take a look.”

“...”

For half an hour, the rest time after class was all used here.

When Lan Shanshan finally left, her whole expression was happy. She put away the papers, put the schoolbag on her back, and looked at the boy beside her with a bright smile.

“Yinyin, thank you so much, I’ll invite you to dinner at noon.”

“?”

“To thank you, and Xiling, come with you too. You can decide where to eat. After class, I’ll come to you, I It’s class now.”

Then she ran away with her schoolbag on her back.

Lian Xiling sat there and looked at her back, until she couldn’t see it, and then she set her eyes on the young man beside her.

“Yinyin, are you going?”

“Whatever.”

Huo Yin threw a light sentence.

Lian Xiling: “...”

Whatever?

In half a year, I haven't seen him go out to eat. Either Ruoruo sent someone to bring it over, or they went back to the apartment to eat, and when did they go to eat outside this school.

Lian Xiling suddenly felt uncomfortable.

And when Lan Shanshan here returned to her classroom, she also dived in, clutching her beating heart, as if she had done something amazing.

She was agitated.

It's good, her Yinyin didn't reject her, he even gave her a topic.

She carefully turned out the test paper that he had explained. At this moment, she seemed to smell his breath on it.

Mild, minty scent, nice smell.

At noon, when the get out of class bell rang, she couldn't wait to rush out, ready to find Huo Yin and the others for dinner.

However, when she arrived at the Department of Finance, she found that there was no one in the classroom for a long time, and after asking those students, she realized that he had already left.

“You said Yin, he's gone, his girlfriend will come to pick him up for dinner every day at noon, and his girlfriend is very kind and considerate to him,”

the students said.

Lan Shanshan listened, and suddenly, she was full of enthusiasm as if being poured down by a basin of cold water, she stood there, and the glimmer of hope that had just risen disappeared again.

girlfriend?

Is that the girl named Lian Xiling?

By the way, that day, she forgot to ask Sixteen, what is the origin of this girl named Lian?

She introduced herself as the granddaughter of the General Staff of the Ministry of Oceans, but she forgot to ask, why did she come here? The two brothers and sisters, plus one sixteen, are already accompanied.

Then what is the meaning of the existence of this practice Xiling?

“Tell her, she is the great-granddaughter-in-law found by your grandfather. It was given to Yinyin. I heard that after choosing for a long time, this one is the most satisfying at present. It seems that her grandfather and the old man are comrades-in-arms.

” Zhou Xiuying, who arrived at her daughter’s phone, answered in China.

Great-granddaughter-in-law?

Lan Shanshan’s head “buzzed”.

She couldn’t believe her ears at all. It’s only been half a year, and the family of God has already set a marriage for him. Then...then they have no chance at all?

The girl holding the phone once again seemed to be driven into the abyss.

After thinking about it, don’t let go!

In the Countess’ dining room, Ruoruo frowned when she saw that there were only the four of them after the meal.

“Where’s the little aunt? Why didn’t she come?”

“Huh?”

Lu Jin, who was setting the tableware, looked at her: “Didn’t you tell her?”

“No, isn’t she with her brother and the others? Brother Yin, Didn’t you tell the little aunt that you are going to eat here at noon?”

Ruoruo looked at the elder brother who had already sat down opposite.

Huo Yin didn’t speak, but his eyes naturally turned to Lian Xiling next to him.

Indeed, these things have always been arranged by her.

Lian Xiling suddenly dodged a little.

“I... I thought you already said it, but it turns out that you didn’t, so I’ll call her now.”

Then she immediately took out her mobile phone.

But Ruoruo was already a little angry at this time. She didn’t expect that on the first day when the little aunt came to school, they were like this. What if the little aunt found out?

She will be sad.

Ruoruo got up and decided to pick up her little aunt in person.

This chapter is provided by [naijdate.com](http://naijdate.com). Visit [naijdate.com](http://naijdate.com) for daily update.

As soon as she left, Lu Jin naturally followed, so only Huo Yin and Lian Xiling were left on the table.

“Yinyin, I...”

“Didn’t she tell you to order a restaurant in the morning? Why didn’t you do it?”

The boy whose eyes were still indifferent said.

However, what Lian Xiling never expected was that he actually brought up the matter in the morning. She thought that he would, as usual, not take these things to heart.

But he still remembers it clearly.

Lian Xiling’s face turned pale.

“Yinyin, I... I’m sorry, I just thought that you didn’t want to go out to eat, so I didn’t order it. Then, when I came here, I thought if Ruoruo they would notify.”

“...”

No more words.

This young man, only to see the gloom in his eyes rise up, and soon, he also got up and left.

Finally, for lunch at noon that day, after Ruoruo found Lan Shanshan in the school, they and Lu Jin took her to the school cafeteria to eat, a relatively simple restaurant, although not as rich as the Countess's.

However, at noon that day, Lan Shanshan still had a heart that fell into the ice cave, as if a little warmer.

"Little aunt, you can come to me if you have anything in the future. My brother doesn't care about anything. I'll let Sister Ling take care of everything, just with a child who doesn't grow up... um..."

..."

Before he could finish speaking, the boy across from him suddenly cut a piece of steak in his mouth.

Ruoruo: "..."

This annoying guy, didn't you see that she was talking to the little aunt?

The little aunt can only eat obediently.

Lu Jin didn't say a word, and it wasn't long until the little girl went to wash her hands and walked away, then he raised his head and glanced at the girl who was still very depressed.

"Lian Xiling is the person the old man found for him. She has been taking care of him for the past six months."

"...Then, what about him?"

Lan Shanshan finally heard herself ask.

She raised her head and looked at the boy, a small face as white as paper.

Lu Jin raised his eyebrows: "He? How do I know?"

Lan Shanshan: "..."

"Maybe, just like when you took care of him, you slowly entered his heart, but maybe, just because you are used to her care, how can I know what he is thinking?"

Lu Jin's tone was very light, and he even said With a hint of coldness.

It seems that at this moment he is very impatient to answer this question, and if he really wants to save it, what if he has a marriage relationship? Could this be the reason for her to back down again?

If this is the case, then he hopes that Lian Lingxi will take care of that guy for the rest of his life.

At least, after some things are forgotten, he will be much happier when he meets someone who will not back down.

Lan Shanshan looked at him blankly. She didn't know how to describe her mood, but the only thing she could feel was when the feeling of being stripped away rose.

She found that the various discomforts in her heart were nothing.

Yes, how could she give up because of these things, isn't she not married yet? No, she still has hope, she will let him know that she is the girl who entered his heart at the beginning.

Lan Shanshan wiped away the tears from the corners of her eyes and ate with her head down.

In the afternoon, when she saw the boy again, sure enough, although he didn't ask her about the noon, Lan Shanshan clearly saw a trace of apology in his beautiful ink pupils.

"In the future, come to me directly if you have anything."

"Okay!"

Lan Shanshan was cured immediately.

After that, for several days, she ran back and forth between the Accounting Department and the Finance Department, and this young man was just as he promised, as long as she came, no matter what he was doing, he would put it down.

Lan Shanshan is very happy.

But after seeing her happy, one person became unhappy.

"Grandpa, after that Lan Shanshan came, she has been pestering Yin Yin. Although she is an aunt, she always stays by his side. How can I fall in love with Yin Yin? Grandpa, can you remove her from this school? Get it away?"

"Okay, I'll arrange it right away."

Old Master Lian, who was very distressed for his granddaughter, agreed to this matter right away.

However, after hanging up the phone, the old lady Lian who also heard him reminded him: "This Lan Shanshan is also the descendant of President Lan Ling, and her identity is not simple. You can touch her casually?"

"What are you afraid of? Even if it is the descendant of the Lan family, it is only a nominal thing and has no real power. Besides, how can I touch her? Why don't I find a better school for her?"

Master Lian didn't think about this at all. things to mind.

## **Returning from the Dead His Secret Lover Chapter 1873**

Forced away

When Lan Shanshan learned that she had not passed the test, it was Thursday.

When she received the news, she was so anxious that she didn't tell Ruoruo them, and immediately ran to the school to find a teacher.

"Mr. Eric, I want to ask, where did I fail to pass the test? Can you tell me?"

"Oh, it's you, too bad, what you learned, tell us about it in our school. It's so different, Lan, I suggest you go to another school, I recommend you to go to Flanders."

After seeing her, the teacher actually told her to drop out of this school.

How could she drop out of school?

She worked so hard to get an exchange student qualification in China just to come here to study. What's the point of not staying here?

Lan Shan was in a hurry, she begged the teacher: "Mr. Eric, I don't want to go to another school, can you see where I am different from yours? I'll study again and take the test, okay? "

she begged the teacher bitterly.

However, the teacher was indifferent, and finally gave her a business card of that Flanders school, and then she left.

Lan Shanshan's heart suddenly fell to the bottom.

What to do now?

She came out of the teaching building in despair.

"Huh? Auntie, what's wrong with you? Why do you seem to be in a bad mood?"

This chapter is provided by [naijdate.com](http://naijdate.com). Visit [naijdate.com](http://naijdate.com) for daily update.

As soon as she came out, she ran into Lian Xiling.

When Lan Shanshan saw it, it was as if she had grabbed a life-saving straw: "Miss Lian, the teacher just said that I failed the exam. What should I go to Flanders University? What should I do?"

"Ah?"

Lian Xiling heard this, and immediately, her pretty face showed a hint of anxiety.

"How about that? You're not familiar with the place, so let me tell you that I'm better than you."

"Okay."

Lan Shanshan is very grateful.

However, what made her very frustrated was that even if the girl went to find the teacher again, it would have no effect. The teachers here were very insistent.

"Sorry, we think a student should find her a suitable school, which is also a good thing for her."

"But..."

"Okay, I'm going to class, that's all." The

teacher rudely rejected the two of them . . . , took her book and went to class to the students.

When Lan Shanshan saw her, the spark of hope that had just risen suddenly disappeared.

Lian Xiling: "..."

After a while, she tried to persuade: "Then... or you should go to that school? It's not far from there, to us, if it's a bus. If so, maybe two hours."

Two hours, isn't that far?

Lan Shanshan would never agree to this.

She returned to the apartment, stayed in the room and thought for a while, and finally opened her notebook and began to look up some local accounting knowledge points, as well as test paper questions.

She wanted to work hard on her own and try again.

So, this weekend, she didn't go anywhere, just stayed in the room to study. If they asked, she just said she was going to read, and didn't tell them about it.

She was sad to find out about them.

Especially that young man, she didn't dare to imagine his reaction after he found out.

is happy?

Will you still help her?

No, she didn't dare to gamble. In any case, she had to seize this opportunity and stay by his side.

Lan Shanshan studied hard for a few days, and on Monday next week, she went to school and found the teacher again. "Mr. Eric, I'm sorry, I still want to ask

you to give me another chance to take the test again. If I still fail this time, don't worry, I'll go back to my school."

The teacher agreed, and finally said such cruel words.

The teacher looked at her, and finally, probably because of her words, she agreed.

Lan Shanshan was instantly overjoyed.

At the moment, she took the test paper and went in to do it, and this time, she really brought out all the knowledge she had learned and the new things she had absorbed in the past two days.

She handed in the papers confidently.

However, this time, it still surprised her very much, she still hadn't passed the papers.

"Now you can go back to China, your grades do not meet the standards of our school!" The teacher handed her the grades bluntly.

Lan Shanshan was stunned.

This is impossible, she is so serious, how can she be unqualified? Even if she has not learned the knowledge here, but in the profession of finance and accounting, no matter where she goes, she will settle accounts. Where is the difference?

Lan Shanshan began to wonder if this teacher was deliberately targeting her?

"Teacher, are you sure there is something wrong with my paper?"

"Yes." The

teacher is still very sure.

Seeing this, Lan Shanshan didn't say anything, and just took the paper she had made just now.

"Okay, then I'll show it to others. If it really proves to be my problem, then I won't break my promise." After that, she took the paper and left.

When the teacher saw it, he finally panicked and lied.

## **Returning from the Dead His Secret Lover Chapter 1874**

Did you move her?

She thought that this girl was a student and was easy to deal with, but she didn't expect that this girl was quite difficult to get rid of, and she still had to ask others about this paper.

The teacher spoke again from behind: "It's useless for you to show others, each school has different standards for recruiting students, what's more, you are only an exchange student, if our school must reject it, even if there is no reason, you can also refuse directly."

"..."

Just like that, the girl who was full of grievances grabbed the paper and turned her head to look at the teacher who couldn't move anymore.

Her face was full of disbelief, and her eyes quickly turned sour red, which made her look particularly distressed.

But the teacher still left.

She didn't even explain a word to him, she just left an indifferent back to her.

Lan Shanshan slowly sat down on the bench behind.

There is definitely a difference between an exchange student and an international student. No matter how outstanding the exchange students have learned in school, they still have to return to the school in the end.

But the international student is different. It's just that he is a student of this school. During his studies in the school, if he has created very impressive results, then the school will also enjoy such glory.

Therefore, at this time, the teacher's attitude has no room for negotiation, and Lan Shanshan has no doubts.

She ended up going to that Flemish university.

She has no choice. If Atlantis can't get on, then she can only go to Flanders. Two hours, at least it's better than returning home without seeing anyone.

Lan Shanshan is here.

"Hello, I'm from Atlanta. Teacher Eric said, I can come to school here."

She handed over her student ID.

The people from the school met, and after looking at the documents, they did not embarrass her, so they directly took a form for her to fill out.

“When you’re done, go to the teacher to report to the class. The teacher Eric you introduced has already said hello.”

“...Okay.”

Lan Shanshan was a little surprised.

Because she had just come over and let her go to class, which seemed too fast.

However, she was still a girl who cared about her studies very much. After hearing that she was going to be in class, she really went into the school with her schoolbag on her back. At this time, it was already past three o’clock in the afternoon.

After class, it was almost five o’clock when I came out of school.

When she saw it, she hurried to the bus stop with her schoolbag on her back, wanting to rush back to Atlanta.

“Om...”

When she finally caught up with the bus, she seemed to hear the phone vibrate in her bag.

Did they call?

She took it out quickly.

But she was very frustrated to find that her mobile phone was out of power. She came out in a hurry, and she never thought that she would come to this school halfway, and she forgot to bring her mobile phone power bank.

Lan Shanshan just waited for the car to hurry up.

At this time, what she didn’t know was that in the Atlanta school, which had been dismissed, Ruoruo heard about the little aunt after they got together, and she was about to die of anxiety.

“Sister Ling, why didn’t you tell us about such a big thing? She came here alone, and she didn’t know her place well. She suddenly ran to such a far place. What should I do if something went wrong?”

Ruoruo stared at the girl in front of her. Very angry for the first time.

When Lian Xiling saw it, he was immediately aggrieved.

“I thought she would tell you. That day, I helped her find a teacher, but the teacher said that she failed the assessment and the things she studied were different from the school here, so she recommended her to go there.”

“you.....”

“Okay, don’t blame it for now, it’s more important to find someone, I’ll go back and drive.”

Lu Jin, whose face was not very good-looking, pulled the little girl next to him who was about to speak, and the two quickly left the school and went back. drive.

They have a car here, which is the Lamborghini that Huo Sijue gave to Lu Jin.

Lian Xiling breathed a sigh of relief when he saw that they had finally left.

“Yinyin, I really didn’t mean it, I...”

“Are you trying to tell me that you don’t understand the rules for exchange students? Or do you want to say that as a business administration student who has been studying here for half a year, I am very concerned about accounting Don’t know anything about it?” The

two beams of cold and indifferent eyes swept over like this.

Huo Yin stared at her solemnly. There was no emotion on his cold and handsome face, but Lian Xiling saw him standing in the mottled tree shadow with just one glance.

It brought a chill.

Lian Xiling’s face suddenly turned pale.

He actually... saw through this at a glance? Then...then he...

she was completely panicked and wanted to explain, but the young man was unwilling to talk to her any more, so he rode back with the canvas bag on his back.

At seven o’clock in the evening, Lu Jin and the others finally brought Lan Shanshan back.

“Huh? The food is ready? Sister Ling, did you make the meal?”

As soon as the three of them came back and saw the food on the table, Ruoruo, who had been hungry for a long time, immediately jumped up happily.

However, after shouting twice, Lian Xiling did not appear. Instead, a tall figure in off-white furniture walked out of the bedroom. He was wearing a pair of slippers and his hands were casually inserted into his trouser pockets.

The whole person is lazy and casual.

## Returning from the Dead His Secret Lover Chapter 1875

It's Instinct to Like You

“Brother? This...isn't you doing it?”

Ruoruo saw this person, a pair of dark and moist grape eyes suddenly turned round.

Huo Yin's face stiffened.

“Do you think I can cook?”

“Cough cough...No.” Ruoruo stuck out her tongue and admitted it honestly.

Only then did Huo Yin look elsewhere, and briefly explained that these were sent by him.

As for Lian Xiling...

“She made a mistake today, I asked her to reflect on it for a few days at school.”

When everyone sat down to move chopsticks, Huo Yin explained slowly, why Lian Xiling didn't appear here tonight s reason.

As soon as the words fell, Ruoruo and Lan Shanshan immediately raised their heads and looked at him with wide eyes.

make a mistake?

What's wrong with Lian Xiling?

Only Lu Jin didn't react much, and was still eating his meal casually, as if he had known it for a long time.

After everyone finished eating, Lan Shanshan cleaned up and returned to her bedroom.

This chapter is provided by [naijdate.com](http://naijdate.com). Visit [naijdate.com](http://naijdate.com) for daily update.

She tossed for a day today and was a little tired. She wanted to rest early. Otherwise, she was worried that she would not be able to get up in the morning if she had to go to such a far school tomorrow.

"Knock knock knock –"

"Come in."

Lan Shanshan, who was looking for clothes in the closet in the room, came over immediately to open the door.

"Yinyin?"

Never would have thought that the person who took the initiative to knock on her door was actually the person she was thinking of.

Huo Yin nodded lightly. This withdrawn boy rarely has a rich expression. He is like the snow lotus on the top of the ice front, and he is always cold and indifferent.

However, he would laugh in front of her before, and would look at her and speak very gently.

"I'm just here to tell you, you don't have to go to Flanders tomorrow."

"Huh?"

Lan Shanshan was pleasantly surprised.

"Really?"

"Well, that teacher doesn't know much about the rules of exchange students. I found another teacher in charge today. It's all right. You can continue to go to school in Atlanta tomorrow." The

boy stood at the door Dangdang explained again.

Lan Shanshan heard it, and finally, after a trace of ecstasy rose from the bottom of her heart, she got excited and reached out and hugged the boy's arm.

“Yinyin, you are really kind! Now, I don’t have to leave you again!”

She was so happy.

So much so that, after not paying attention, not only did she hug him, she even said her truest thoughts in her mouth.

The air froze.

It was as if the freeze button was suddenly pressed. At this moment, not only Lan Shanshan, who was sober, was too scared to move as if struck by lightning, but even the young man was stiff.

Very awkward, very weird atmosphere.

I can’t wait to find a hole to dig into.

In fact, Lan Shanshan did the same. After she let go of the boy’s arm like an electric shock, the next second, she retracted into her room, “Bang——” The

door was closed.

Not even a single explanation.

Huo Yin stood blankly at the door. For a long time, he turned around mechanically, and when he returned to his room, he found that his heart was beating wildly.

what the hell?

This woman is his little aunt! !

——

the next day.

Everyone got up.

Ruoruo was still noisy as usual, until Lu Jin carried her into the bathroom and told her to wash up before the little girl came down to have breakfast with her schoolbag on her back.

Then, she found that the atmosphere was a little wrong.

“Sixteen, did you find the atmosphere this morning very strange?”

“Where is it?”

After Lu Jin led her out, when he heard her ask this, he put her icy little hands in his down jacket pockets. , asked while walking forward.

Ruoruo: "It's the little aunt and the elder brother. They don't seem to be talking." The little girl held a carton of milk in the other hand and said vaguely while drinking.

Lu Jin gave a faint "Oh".

"It's normal etiquette not to talk during mealtime."

"..."

"Then they both act like thieves without looking at each other. Didn't you see that?"

"No."

Lu Jin had a headache.

In order to prevent this little girl with a strong gossip spirit from continuing to ask, he finally took out a mouthful of her favorite toffee from his pocket and stuffed it into her mouth.

"Well..."

"Eat quickly, you can't eat it when you get to school. By the way, your little aunt stayed at school. When you go to eat at noon, remember to call the restaurant."

"Wow!

" The eyes finally lit up.

Without asking any further, she opened a pair of spring-like little hands and climbed up behind this guy, so happy that even the spring breeze on both sides seemed to smell their sweet smell.

Lan Shanshan was also in a good mood this morning.

At first, after getting up, she was really embarrassed when she saw the boy.

But soon, after they finished their breakfast and rode their bicycles to the school, Lan Shanshan sat behind the man and saw the golden morning light falling on them in the morning.

Her heart, like this bright sunshine, is warm.

“Yinyin, will you accompany me when we arrive at school later?”

“Yeah.”

There was no need to explain so much, the teenager who was riding a bike in front agreed.

The girl bathed in the Morrowind smiled even brighter.

She remembered the days when they were in T, but when he couldn't ride a bike, she Lan Shanshan took him with him.

But now, it's his turn to carry her.

So can she get him back? This is her boy...

The best way is to make her collapse

Accompanied by Huo Yin this morning, Lan Shanshan returned to the Accounting Department smoothly, and she found that the teacher who had been embarrassing her before seemed to be gone.

Lan Shanshan is very happy.

At noon, after class in the morning, she received a call from Ruoruo on her mobile phone.

“Little aunt, let's go to dinner, we'll wait for you at the school gate.”

“Okay.”

Lan Shanshan readily agreed.

She packed her schoolbag and came out of the classroom. She was planning to go to the Finance Department to find Huo Yin and have dinner with him.

However, she found that as soon as she came over, she saw Lian Xiling accompanying the teenager out of the teaching building of the Finance Department.

“Yinyin, let’s go to the little aunt first, find her, and go to the restaurant to eat together.”

“Yeah.” The

boy agreed, and it seemed that he was very satisfied with her arrangement.

When Lan Shanshan saw it, her footsteps stopped there.

Practicing Hilling?

She suddenly felt that she was full of joy, but after being poured down by a basin of cold water, her mood fell to the bottom.

She knew that this girl was his current girlfriend in name. They were approved by both families, and Lan Shanshan had already told herself not to care about it.

However, what if she saw it, she was still sad?

She stood there blankly for a while, until the two of them finally found her.

“Little aunt? You’re here!”

Lian Xiling was very surprised when she saw her. Immediately, she even ignored the teenager next to her and ran towards her.

“Little aunt, we just said we’d go to the accounting department to find you first, but you actually came here, then all right, let’s go out as soon as we go, if Ruoruo they are already waiting for us at the school gate.”

She was very enthusiastic He hugged Lan Shanshan’s arm.

Lan Shanshan is very uncomfortable.

But she couldn’t say anything. In the end, she could only glance at the teenager who had come over, and the three of them walked towards the school gate together.

In Atlanta in early spring, the ice and snow have melted, and the trees on both sides of the campus have begun to sprout tender green shoots. At first glance, it is full of the breath of spring.

Lan Shanshan was hugged by this Lian Xiling until she reached the school gate.

“Wow, you guys are finally here, then get on the bus, I’m hungry.” Ruoruo, who had been waiting at the school gate for a while, saw that everyone had finally come, she greeted and got on the bus quickly.

When Lian Xiling heard it, she pulled Lan Shanshan over.

However, when she got to the front of the car, she suddenly glanced at the sports car and said, “Little aunt, get in the car and sit by the window to see the scenery outside.”

This seemed like a very considerate arrangement.

Lan Shanshan also went up.

As a result, as soon as she went up, the girl followed and sat down next to her.

Since she is next to her, the rest of Huo Yin can only sit next to her, near the other window.

Lu Jin glanced in the rearview mirror and said nothing.

“Sixteen, drive quickly, I’m hungry.”

Ruoruo was even more unlikely to find out about this. After she sat in the passenger seat, she clutched her grunting stomach and urged.

Lu Jin started the car.

Speeding all the way to the countess’ house, it’s not too far away, but when this Lamborghini drove out of the campus, it was going to pass a road paved on a light track.

“Boom—“

Very slight fluctuations.

Lian Xiling in the back actually slanted and fell to Huo Yin next to him.

Lan Shanshan: “...”

Lu Jin, who was driving in front of him: “...”

“Ah, I’m sorry, Yin Yin, I just bumped a bit, are you all right.” Lian Xiling also sat up quickly, she was very Apologetically explain to the young man.

Huo Yin frowned, and for a moment, heard him shaking his head lightly: “It’s okay.”

Lian Xiling smiled happily.

She took out her mobile phone from her body again, taking advantage of the atmosphere: "Yinyin, I haven't passed the game I played yesterday, can you teach me, I have died several times."

She handed over the mobile phone. In the past, a head was of course very close together.

Huo Yin took it.

In such a second, Lan Shanshan, who was sitting next to the two, had a clear look of depression on her white face, and she turned her head and looked away.

This young man is a person with a very obsessive cleanliness disorder, and he is withdrawn, and most people can't enter his heart.

But now, this Xi Ling asked him to teach her to play games, and he really agreed.

Moreover, he was willing to hold her cell phone...

Lan Shanshan felt even more uncomfortable. Several times, she looked out the window, and even her breathing felt painful, and her eyes were sore and unbearable.

Finally got to the countess's house.

A few people got off the car, and Lan Shanshan went to the bathroom, where she stayed quietly for a long time.

"Huh? Where's my little aunt? Where did she go? Why didn't I see her?"

"Really, I'm going to look for it, so I can't be lost."

Lian Xiling quickly stood up again and went to find Lan Shanshan.

"Little aunt, are you here? What's wrong with you? Why is your face so ugly? Is it sick?" She finally found Lan Shanshan in the bathroom. Seeing that her mental state was very poor, she asked hurriedly.

His socks are reversed

Lan Shanshan would definitely not say it.

She made a random excuse, said she was a little motion sick, and then she came out of it.

Unexpectedly, she just came out, this Lian Xiling actually said something in her ear: "By the way, little aunt, my birthday is next week, I have something to ask you first."

"You Say."

"That's it... A friend of mine told me to ask Yin Yin how he wanted to celebrate this birthday for me, do you think I can ask?"

She looked at Lan Shanshan seriously. , asked a question that made her even more stinging.

Lan Shanshan's ears were buzzing a little.

For the first time, she felt like she wanted to run away from a place immediately, preferably one that could let her hide and never hear such a voice again.

On her birthday, I have to ask the boy how to help her?

Could it be that he gave it to her before?

No, they have only known each other for half a year, and the date is wrong, but since she would say such a thing, it means that the relationship between them is really unusual.

Lan Shanshan finally heard herself ask: "Did he... used to celebrate festivals for you?"

Lian Xiling nodded: "Yes, he accompanied me to the playground for a day at Christmas last year. , and also sat with me on the Trojan horse, and we had a good time." The

corners of her mouth were full of smiles, as if she saw the scene of that day again.

Lan Shanshan's face was completely bloodless.

Just when she felt that she was about to be tortured to death by this girl, someone appeared behind her.

“Why are you still here? The dishes are cold.”

It turned out to be Lu Jin.

Lian Xiling quickly stopped the conversation and ran back to the restaurant.

Lan Shanshan also walked over slowly.

Lu Jin: “Are you alright?”

Lan Shanshan: “It’s alright, it’s just... a little dizzy, maybe it’s motion sickness.”

In order not to let others see the secret in her heart, she still had this reason.

Lu Jin didn’t pierce her.

However, when he was about to arrive at the restaurant, he asked, “What happened to you and Huo Yin this morning?”

Lan Shanshan: “...”

She suddenly turned her head to look at him, and she turned around in just a few seconds. Zhong, was asked this question so much that he forgot all the things he had thought in his mind just now, and all that was left was a burst of crimson that quickly rose from the back of his ears.

“He... what’s the matter with him?”

“Well, the socks are reversed.”

This guy who had been silent for a long time, suddenly threw a very deadly bomb out of this pass.

Lan Shanshan was stunned!

She quickly ran back to the dining room, and when she saw the young man who was already sitting in the dining chair, a pair of feet that were sitting upright on the table, as expected, were exposed on the edge of the socks outside the trouser legs, which were of different patterns and colors.

She couldn’t say a word for a long time.

Choked.

He was warmed by the warm blood in his chest.

Ruoruo: "Little aunt, what are you doing standing there? Come and eat."

Lan Shanshan: "Okay."

She smiled again, walked over, but didn't go anywhere. This time, she was next to this young man. sat down on the other side.

In this regard, Huo Yin, who was already eating, really had no objection.

Lian Xiling's expression darkened again.

"Yinyin, don't eat so much mustard, you have a bad stomach, eat this."

Lan Shanshan handed over a prepared bibimbap with cod sauce.

Huo Yin glanced at it and didn't say anything. He took the spoon and ate it one bite at a time.

This meal was finally delicious.

Half an hour later, everyone had finished their meals. According to the previous habit, they would rest here for a while before going to school. Lan Shanshan came here for the first time, and Ruoruo wanted to arrange a room for her to rest.

But at this time, Lian Xiling came again.

"Little aunt, let me get you a room."

"No, you all go to bed, I'll just go to the housekeeper." Lan Shanshan rejected this girl for the first time, she turned around and went out, looking for her own. housekeeper.

Seeing Lian Xiling at the back, he was embarrassed for a while.

But this was not the beginning, because not long after, when Lian Xiling was drowsy in the room, she suddenly seemed to see a familiar figure walking out of the room in the corridor.

Huo Yin?

As soon as she saw it, her sleepiness disappeared immediately.

That's right, this person is Huo Yin.

He took his mobile phone, and after seeing the message, he came out and found the girl in the garden who was sending a distress signal to him.

“Yinyin, you’re finally here, I’m sorry, I... This is my first time doing this, no, I can only ask you for help.” In the

garden, on the grass with green shoots, he sprayed his face. At this moment, Lan Shanshan of the water was standing there in a daze, holding the water faucet that she accidentally broke.

She really didn’t mean it.

Just now, she just wanted to wash her hands and then go up to rest, but who knows, the faucet will be broken.

Lan Shanshan watched the boy come over.

“Why are you washing your hands here?”

“Ah?”

Lan Shanshan felt even more embarrassed when she said this.

“I... I’m embarrassed to go to the bathroom here. Look at that room. It’s the master bedroom. That should be the Countess’s room, right? The master’s bathroom, it’s not very good for us outsiders to use it.”

She explained with a flushed face . road.

Lan Shanshan, you are so shameless

However, from her words, it can be seen that this is really a very well-bred girl.

Huo Yin stopped talking and took the broken faucet from her hand.

Fortunately, although it is broken, the bridle can still be used. After Huo Yin took out the inner section, he only saw that his slender and well-proportioned fingers fiddled with the faucet.

Actually, it was installed by him.

Lan Shanshan was stunned.

A person who is an idiot in life and who is also an idiot in dealing with people, how could he still do this? !!

She was so shocked that a pair of watery clear eyes stared round!

Huo Yin: "what's the matter?"

He was not very happy.

Because, he clearly saw a hint of unbelievable meaning in this exaggerated expression.

Is he Huo Yin bad?

"No...nothing, I just think you are amazing." Lan Shanshan finally explained quickly, but when she finally praised him, her eyes really lit up.

Huo Yin suddenly felt a little unnatural.

However, when he retracted his gaze, even he himself was reluctant to admit it, and he was in a good mood.

—

Afternoon.

Everyone went back to school. Lan Shanshan had just arrived here and needed to adapt to this school as soon as possible, so she started to work hard at school, and did not leave the classroom much all afternoon.

But even this afternoon, I don't know what happened. In her department, many people knew that she was the aunt of the pair of twins from the finance department and the design department.

"Aunt? Don't they have a similar age? How can they be aunts?"

"That's how their country is. Parents have a lot of children, and the youngest is about the same age as the oldest."

"Hahaha..."

The whole department was laughing at this matter.

By the time Lan Shanshan knew about it, it was almost already known to everyone.

“Lan, I heard that the beautiful boy from the finance department is your nephew?”

“Yeah, Lan, I saw you always looking for him before, and thought you liked him. It turns out that you are here. A kind of relative relationship, Na Lan, is the relationship between your nephew and his girlfriend a certainty?”

“Is there any need to say that? Even the aunt is here. By the way, Lan, are you here to supervise the two of them? “

...”

Many people came to Lan Shanshan to inquire about Huo Yin and Lian Xiling.

And their tone, when they questioned her, was a lot more respectful than her peers, as if she was not only the aunt of the two of them, but also of all of them.

Lan Shanshan looked at them with a pale face.

She wanted to explain it to them, but suddenly she remembered what the people at the White House told her when she came out.

They said that her current identity is no longer the same as before. For safety reasons, she must not disclose it at will, otherwise, in this foreign country, no one can guarantee what will happen.

Lan Shanshan finally ran away.

“Little aunt, what’s wrong with you? Why are you sweating profusely? Did something happen?”

Lian Xiling appeared again, just right when she ran out of the accounting department.

Lan Shanshan stopped.

She looked at the girl, and suddenly, something flashed in her mind.

Yes, she hadn’t doubted the people and things around her for a long time. Ever since the matter between Cen Yu’an and Bai Muqing was resolved, and she recognized her ancestors and returned to her family, she thought that danger would not arise again.

Then, she never used her brain properly again.

Lan Shanshan stared at her.

“You did this?”

“What?”

Lian Xiling’s expression changed suddenly.

“What did I do? Auntie, what are you talking about?”

“I’ve always wondered why every time I have something to do? You will appear in front of my eyes, as if you had expected it.”

Lan Shan Shan stared at her and asked coldly.

Yes, she finally found out that every time this girl appeared, it was a coincidence.

Especially when she failed the exam last time, thinking about it now, it was like she was guiding her.

“I...I don’t know what you’re talking about? Auntie, I just happened to meet you when I appeared in front of you. You can’t slander me casually. If you don’t like it, then I’ll be fine.”

Lian Xiling As soon as the situation turned against her, she immediately seemed to run first as the best policy.

Lan Shanshan saw it and didn’t stop her.

However, when she turned around, she still said something behind: “I hope this is the last time, if there is another time, I will not bypass you.”

“...”

“Also, since you both The matter has been sorted out, then I will officially inform you, yes, I am here for Huo Yin, he is mine!”

She actually declared her sovereignty over the boy behind her back without hesitation!

Lian Xiling stopped abruptly.

She stopped and looked back quickly, her entire expression was unbelievable, like a violent storm.

“What are you talking about? He’s your nephew!”

“No, his surname is Huo, and my surname is Lan. We have nothing to do with each other.”

“However, he also called your aunt for more than ten years. This relationship is obvious to all. How can you be so shameless? Your nephew is here?”

She burst out, pointing to Lan Shanshan’s face and yelling angrily.

Lan Shanshan’s face suddenly turned pale...

Pattern

“Yes, he is the aunt who has called me for more than ten years, but it doesn’t matter, it doesn’t matter, you have done something wrong yourself, and now you want to force this moral shackle on my head?”

Lan Shanshan said, with a tone of voice. It was very calm.

Practice Xiling was blocked immediately.

“Lian Xiling, if it wasn’t for the war that year, I, Lan Shanshan, would be like you, a treasure held by the Lan family. As a victim, I have no way to choose the environment in which I grew up. But I can’t Become the reason for you to attack me, if you do this, if Yinyin finds out, it will only hate you more and stay away from you.”

After she calmed down, instead of accusing the girl, she was analyzing for her, and at the same time Reminding her that doing this will not do her any good.

Lian Xiling was stunned.

Is she...?

“What do you mean? You don’t blame me?”

"I didn't say it, but if you really like him, don't let yourself become a hated person. Your uncompromising means may get what you want at first, But it's been a long time, can you guarantee that he won't be discovered by him for the rest of your life?"

Lan Shanshan reminded her again.

The voice fell, this time, Lian Xiling, who was standing in front of her, really couldn't say a word, she just looked at her with red face, as if someone had slapped her in the face.

No girl has ever been so generous.

In other words, her pattern.

Doesn't she like that boy too? Just now, she was still swearing her sovereignty to her, but why tell her this now?

This chapter is provided by [naijdate.com](http://naijdate.com). Visit [naijdate.com](http://naijdate.com) for daily update.

She pointed her, isn't she afraid that she will take him away?

Lian Xiling looked at her, and after a long time, she heard herself ask: "If you do this, you won't be afraid that I will gain his heart in the future?"

Lan Shanshan smiled.

"This kind of thing, you can't get what you say, he is not an item, he is a person, if he likes you, even if I entangle him in every way, I can't get into his eyes, on the contrary, you Same, isn't it?"

"..." There

was no sound.

At this moment, whether Lian Xi Lingcheng admits it or not, she knows that she is indeed inferior to the other party.

She finally watched the girl leave.

Half an hour later, when she returned to the dormitory, she finally found some news about the two.

"You said that Shen Shanshan and her nephew, yes, they had a good relationship at the time. Now, it seems that it should be a couple relationship."

"A couple?"

After hearing this, Lian Xiling immediately clenched his fist again. .

Although she had already told herself to be generous, but at this time, when she heard the real relationship between the two, she still couldn't control her jealousy.

“Yes, because there was a girl named Cen Yu'an who liked Huo Yin very much. Later, when she saw that Shen Shanshan had a close relationship with her nephew, she turned from love to hatred and wanted to kill her. Fortunately, she was finally caught by the police and turned herself in. But this incident also caused a sensation in the whole school. Later, Huo Yin's father found out, and seemed to be quite angry, so he took his son back.”

“What about this Lan Shanshan? What happened to her later?”

” She went to a small remote mountain village in Ya'an to do charity work, so she must have been punished as well, this kind of incestuous love between aunt and nephew will definitely not be accepted by adults.”

The friend said on the phone.

In an instant, after Lian Xiling heard it, she only felt that one breath came out of her chest, and her whole body relaxed.

It turned out that the Shen family did not agree with this matter. In fact, it was like this. Although it was said that the two were not related by blood, after so many years, they were aunts and nephews in the eyes of the world.

Then this Lan Shanshan, she doesn't care, as the god family of the first family in the capital, how can she not care about her face?

Lian Xiling was completely relieved.

At the moment, after she moved back to the apartment, she no longer embarrassed Lan Shanshan, but in addition to being nice to Huo Yin, she still loved Wu and Wu, and even Lan Shanshan took special care of her.

“Little aunt, you're cooking, I'll help you.”

“Little aunt, let me wash the dishes.”

“Little aunt...”

The little aunt is called sweetly every day.

Lan Shanshan Bingxue is smart, of course she knows what's going on, so she doesn't pierce her, she likes to express herself, she's left to her, except to touch the dog she brought back.

"Little Lotus, shall we go for a walk?" On

this day, after washing the dishes, she was going out to walk the dog.

When Lian Xiling saw it, he came over immediately: "Little aunt, can I go with you? I also want to go."

Lan Shanshan: "... " She wants to get to know

this dog Bar.

After all, during this time, Huo Yin seemed to be more and more interested in this dog.

Lan Shanshan refused: "No, I've already made an appointment with Yinyin. There are too many people, and the little lotus will not be used to it. You should go and do your job."

Then, she hugged her little lotus downstairs, She raised her head and shouted at the window that was lit with orange lights: "Yinyin, let's go, we're going to walk the dog."

" ... "

When Lian Xiling also raised her head, she had already seen a The boy's figure appeared by the window upstairs.

throbbing

He glanced down and said nothing.

But soon, Lian Xiling downstairs heard footsteps coming downstairs.

After about ten minutes, the two led the pastoral dog who kept wagging their tails and went out. From a distance, they could see the lights on both sides of the road pulling their backs long.

“Yinyin, where are we going for a walk today? We went to the east side yesterday.”

“Then let’s go to the west side.” The

boy’s cold and cold voice came, which was never gentler than before.

Lan Shanshan smiled happily.

She took the dog leash in her hands, touched the head of the dog walking happily beside her, and called out, “Little Lotus, come, let’s play, who will go first?”

Huo Yin: “…”

Dog: “

Wang——” As soon as the four feet were happy, it slipped out and went out.

Lan Shanshan, who was dragged behind her, screamed, “Ah—Little Lotus, how can you do this? Just run without saying hello, stop, stop!!”

She could be heard in the entire community in a hurry. Coquettish voice.

Huo Yin saw the veins jumping on his forehead.

How can there be such a stupid woman?

He followed, only to find that when he finally caught up with the two of them, the dog had long since disappeared, and the woman was standing there bent over and embarrassed, rubbing her knees constantly.

“What’s wrong? I fell?”

“Ah?”

Lan Shanshan didn’t dare to look up at all.

Embarrassing!

However, at the moment when she lowered her head, the light suddenly dimmed in front of her, and this tall and straight teenager had squatted down in front of her and looked at her trouser legs.

Lan Shanshan: "..."

"Hold it up."

He stretched out those very beautiful hands, carefully pulled up her trouser legs, and at a glance, he saw where the skin on Lan Shanshan's knee was torn.

Don't say it, it's serious.

While Lan Shanshan was in so much pain that she gasped for air, she saw a hint of gloom flashed across the handsome brows of this young man.

"Are you a pig?"

"Ah?"

Lan Shanshan was stunned, a little unresponsive.

pig?

He actually called her a pig? Isn't she his little aunt? He hasn't woken up yet, how dare he call her a pig?

Lan Shanshan looked down at him, and suddenly her heart skipped a beat.

"Okay, let's go back first, it's important to deal with the wound." Then, the young man stood up, ready to help her back.

"..."

At such an instant, Lan Shanshan suddenly made a very bold decision.

"Go... I can't go anymore, it hurts..."

"?" The

young man raised his head suddenly, his eyes were unbelievable, as if he heard something incredible.

Just a little injury, can't you go?

He didn't believe this nonsense.

However, after hitting his line of sight, the girl immediately turned her head and looked away. Under the dim light, she could only see a blush on her cheeks like white porcelain, and her watery and clear almond eyes. , actually dodged in this night like a lake with ripples gently blown by the breeze.

Huo Yin paused slightly.

Before he could react, he had already bent down in front of her.

“Come up.”

“Okay.” The

girl was instantly ecstatic.

She stretched out a pair of slender wrists like white jade, hugged the boy’s shoulders, and then climbed up behind him.

This is the first time she has had such close contact with him.

When she was finally carried on his back, she clearly felt the body temperature from him, her heart was about to jump out of her chest, and she had a beautiful little face.

It was red enough to bleed.

But she is happy.

“Yinyin, thank you...”

“Well.”

Huo Yin didn’t know what he answered.

The same is true for him. When he wakes up, his head is all messed up. He doesn’t even know why he did such a thing. Is he crazy?

But soon he found out that he was shocked and shocked, but he didn’t hate it at all.

How crazy!

The two walked slowly forward on the quiet sidewalk of the community at night. In the early spring season, it was still a little cold at night, and there were almost no people on the street.

So, along the way, there are almost only two people.

Lan Shanshan wanted to talk behind her back, but couldn't find a topic, so in the end, she could only hold his neck with both hands, and put her head on his back.

Feel his hot body temperature.

And she could hear his heartbeat, which made her very content.

"Yinyin, are you back? You..."

After all, the beautiful peace was broken.

Lian Xiling appeared. After she saw this scene, she lost control all of a sudden to the point that she couldn't even speak a word when she pointed at them.

Huo Yin's expression changed slightly.

He let go of his hand and put the girl on his back down as quickly as possible.

"She... was injured."

"..."

Lan Shanshan didn't speak.

She looked at this young man who was trying his best to distance himself from her. In just one second, the heart that was in the clouds began to sink little by little until it fell to the bottom.

"You can't carry her even if you get hurt. She's your little aunt. You... you can call me, otherwise, there's Sixteen, and Sixteen is also in the apartment."

Lian Xiling was excited, It was blurted out again.
