

## Returning from the Dead His Secret Lover Chapter 1881

Retribution

Huo Yin stopped talking at all.

His face turned red and white, as if he had done something shameful, so that he couldn't refute it at all, and then Lan Shanshan saw him entering the apartment almost as if he had escaped.

Lan Shanshan's last ray of light dimmed.

She didn't know how to describe this feeling. If it was just when he was carrying her on his back, it was in heaven, at the top of the happiness she had never had in her life.

Well, it's hell right now.

She has never been so embarrassed in the depths of the icy valley.

"Lan Shanshan, your tactics tonight are really brilliant, but did you see that, you lost, he cares about that, you said it doesn't matter, but he doesn't think so."

Lian Xiling stared at her, and finally did not forget to sprinkle a handful of salt in her wound and stab her with a knife.

Lan Shanshan was even more dehumanized.

She didn't even remember how she got back that night and how she spent the night. She only knew when it was bright outside.

She was still sitting in that chair, staring at the window in a daze.

Wrong, in the past, he didn't care, and the person who cared was her Lan Shanshan.

She was afraid, she flinched, and it was because of this that the two finally separated, and this young man also chose to forget everything.

So, now that she's here, it's him who cares, right? Does this count as retribution? The retribution for her Lan Shanshan not being brave enough to take that step?

Lan Shanshan's fingertips were still cold.

"Auntie, are you up yet? We're going to have breakfast and go to school."

Outside, Ruoruo saw that she hadn't come out for a long time, so she knocked on the door in a hurry.

Lan Shanshan's empty eyes that had been sitting in the chair all night moved.

"Ruoruo, I have something to do today. I have to go to school later. You should go there first.

"Half an hour later, when everyone in the apartment left, Lan Shanshan got up from the chair. She got into the bathroom like a walking corpse. She doesn't know what to do? If his memory is blocked, and he is now taboo about their aunt and nephew relationship, then she Lan Shanshan has no chance. She lowered her head and poured cold water on her face. At this moment, she finally deeply realized the feeling in this young man's heart when she said that. It really hurts. Lan Shanshan also went out. However, instead of going to school that day, she went to the embassy here. "Miss Lan Shanshan, you're here, I'm sorry, I received a call from the White House yesterday, and I just found out that you came here to go to school. Look, your accommodation and transportation have been arranged for you. Now, are you satisfied?" It turned out that the embassy, after suddenly receiving a call from the White House, deliberately arranged for her a place to stay and a vehicle. Lan Shanshan was a little dazed. It turned out that her identity has really changed, and these people will come to take the initiative to pay attention to her. "Uncle, I want to think about it, can I?" "Of course, but is it convenient for you to meet the foreign minister's wife here today? You are a descendant of the Lan family, and that wife especially admires your grandfather, she thinks I want to see you." The head of the embassy made another request. Mrs. Foreign Minister? Lan Shanshan was shocked. She had never seen such a big man before, and she didn't know how to make up her mind.

"She...why does she want to see me? I'm still a student and don't understand anything."

"It doesn't matter, you can just go and have a meal with her." The embassy said with a smile.

Lan Shanshan had no choice but to agree in the end.

That day, Lan Shanshan was at the foreign minister's wife's house all the time. She didn't go back to school, and they didn't even say Ruoruo, because the embassy said they would send her back in the afternoon.

But in the afternoon, something happened to the foreign minister's wife.

"Lan, do you want to go to the museum with me? I heard that there is something belonging to your grandfather there. If you want to go, I can take you there."

"Really?"

Lan Shanshan's eyes suddenly lit up.

She has never seen her grandfather, but as a great man, she admires and respects, and as her own relatives, she naturally wants to be close to everything about him.

Lan Shanshan finally agreed, and at the moment, Madam left a second lieutenant officer from the Ministry of Foreign Affairs to lead her.

"Miss Lan, this way, please." The

second lieutenant was about twenty-five or six, and he looked very handsome and handsome. I heard that he was born very noble, and he was a noble here.

However, after being left behind to take Lan Shanshan, he was very polite the whole time.

Lan Shanshan got into the car obediently.

"Well, is the place we're going to be far away? I might have to go home later. If it's too late, my friends will be anxious."

"About half an hour, don't worry about Miss Lan. After visiting the museum, I will I'll take Miss Lan back myself."

The second lieutenant who was driving in front of him looked at this dignified and beautiful oriental girl in the rearview mirror, and comforted her again.

Huo Yin, are you going to pick her up?

Lan Shanshan breathed a sigh of relief.

Since it will be delivered, don't worry.

She didn't ask anything else, and she didn't send a message to the Ruoruo at the school, she just thought that after visiting the museum, she would go back immediately.

But just because she didn't contact them, Ruoruo they were already looking for her at noon that day.

"Strange, little aunt? Where did she go? Why didn't she come to eat at noon?"

"It seems that the embassy is looking for her."

Lu Jin's news was still well-informed, and when he heard the question, he returned at the dining table. sentence.

embassy?

As soon as these words were said, everyone was shocked, including Huo Yin, who was sitting opposite, who immediately raised his head and frowned at him.

Ruoruo: "Why is it the embassy? What are they looking for?"

The little girl was still quite worried. In comparison, it was very rare for students like them to have access to such an institution.

Lian Xiling was the same, she also pricked up her ears to listen.

"I should have known her identity. Her grandfather Lan Ling used to study abroad in this place. Maybe there are old people here who want to see her."

Lu Jin explained again lightly.

This chapter is provided by [naijdate.com](http://naijdate.com). Visit [naijdate.com](http://naijdate.com) for daily update.

OMG!

Now, after these words were spoken, everyone in the restaurant had different expressions on their faces.

For example, Ruoruo, it must be a surprise. She didn't expect that the little aunt would have such an opportunity here, so that's a good thing for her.

She was very happy for Lan Shanshan.

But the other girl did change her face immediately after hearing it. She was shocked and angry, and in just a few seconds, the jealousy that was like vines in her eyes couldn't hide.

Identity is the symbol of her growing up in a noble family.

And this blue Shanshan?

Obviously she was only a nominal descendant of the Lan family at the beginning, but she never thought that she could get such a courtesy when she went abroad.

In this way, it is simply raised up not only by the same level as her.

Lian Xiling is going crazy with jealousy.

After dinner, everyone went to rest. When Lu Jin saw that Huo Yin was going upstairs, he came over.

“Are you going down to pick her up?”

“...Understood.”

He actually agreed.

Lu Jin’s thin lips curled into an arc, and when he saw the car key on his body, he took it out and threw it to her.

Walking to the side of the little girl, the little girl still had a blank expression.

“Sixteen, who did you ask your brother to pick up?”

“Your little aunt.”

“Ah?” The little girl scratched her head, even more incomprehensible.

“Why do you want to pick me up, little aunt? Wouldn’t someone send it over? Didn’t you say that in the past, people from the embassy also came to pick me up?”

“Don’t always cause trouble for others, don’t you think?”

Lu Jin I can only explain to her patiently.

Then, he carried the long bunny-eared hat on the back of her clothes, and took the video of the little girl who wanted to keep asking about it to rest in the room upstairs.

No way, find the little aunt by yourself.

Time passed quickly, and in the blink of an eye, the sun was about to set in the afternoon.

Lan Shanshan saw that it was getting late, so she planned to go back.

“Ma’am, it’s getting late, I have to go back first.”

“Ah?” The Foreign Minister’s wife heard this and quickly got up from her seat.

“Is it in such a hurry? I still want to leave you here for dinner and then go back. Look, that pen was used by your grandfather, didn’t you just look at it for a long time? I just inquired and said that tonight There will be an auction, and this pen will also be auctioned.”

She pointed to the pen that Lan Shanshan had just seen, and began to keep it again.  
sky!

This news really moved Lan Shanshan’s heart.

Because, although they have now moved back to the Lan family’s ancestral house, that house has been used as a scenic spot for exhibitions before, where will there be anything left of the Lan family?

So, now that she saw this relic, she really wanted to take it back.

Lan Shanshan stayed again.

The second lieutenant officer met, and continued to travel with her duties, and began to take her to the auction to understand the process first.

“Miss Lan, don’t be nervous, this is almost a charity auction, and it won’t cost a lot of money.”

“Really?”

Lan Shanshan was really worried.

The second lieutenant nodded. After he arrived at the venue, he picked up a list of products for sale and showed it to Lan Shanshan. At the same time, he believed in introducing the rules.

Because Lan Shanshan participated in this kind of activity for the first time, she really put all her attention on it for a while.

At six o’clock sharp, it was time for everyone to eat. When the lady saw it, she came over to take Lan Shanshan to the banquet scene, and she intended to introduce her to her friends.

“Shanshan, can I call you that?”

“Of course I can.”

Lan Shanshan hurriedly said that it was absolutely fine.

The lady smiled happily and brought her over. Immediately, Lan Shanshan saw a lot of people in suits and leather shoes in a resplendent hall.

There are also ladies and daughters who are dressed in expensive clothes, and they are also there holding wine glasses and staggering, and at first glance, they are people with status.

Hehe, she is very happy outside

“Miss Lan, let’s go over.”

“Okay.”

Lan Shanshan became even more nervous.

It was at this time that someone actually discovered them, and suddenly, only to see the graceful and luxurious lady, with a surprise on her face, she came over with a glass of wine.

“Wells, who are you?”

“Mom...”

The second lieutenant officer who accompanied Lan Shanshan suddenly felt a little unnatural.

Lan Shanshan was stunned for a while, and then she realized that this lady was his mother.

“Wow, this girl is so beautiful, Oriental girl, can you introduce me to my mother? Is she a girl from there?”

Madam was really happy, and pestered her son to ask him to introduce her.

The second lieutenant officer could only explain embarrassingly: "This is my aunt's distinguished guest. Her surname is Lan. She is the descendant of the great leader Lan Ling on their side. She was specially invited here today." Remember the website

"Oh my god!

" Speaking out, it wasn't just the mother who was shocked.

Even the other people in this banquet hall looked towards this side one after another.

This chapter is provided by [naijdate.com](http://naijdate.com). Visit [naijdate.com](http://naijdate.com) for daily update.

Lanling.

This name is not unfamiliar to them. It is a famous leader of other countries. Even in the museum now, there are still his items. This is a person who is respected by the whole world.

Everyone gathered around, and the second lieutenant's mother was even more excited.

"Wells, your aunt did a great job this time."

"Mom, what are you talking about?" The

second lieutenant officer was so bluntly said by his mother that the back of his ears suddenly turned red, and he was embarrassed to let her Mom, don't talk nonsense, for fear that Lan Shanshan here will hear it.

In fact, since he saw this beautiful oriental girl, his eyes really haven't left her very much.

Lan Shanshan didn't find this, she was still waiting for the auction to start.

"Om..."

Suddenly, the phone vibrated.

She heard it and quickly took it out to take a look.

[Ruoruo: Little Aunt, haven't you come back yet? It's getting dark. ]

[Lan Shanshan: Ruoruo, I'm not finished here, maybe I'll go back later, by the way, don't worry, someone will send me back. ]

In order not to worry them, she also specially told them that someone would send her back.

Ruoruo over there: "..."

She put down her phone and looked at the person behind her who was waiting for her news.

"My aunt said someone would send her back, so does my brother want to pick her up?"

"..."

"That's not necessary, since someone sent her, maybe it was arranged by the embassy. We went there, but it would destroy it. Our itinerary, this is not very good."

Lian Xiling suggested.

When the voice fell, several people in the apartment did not say anything, and even Lu Jin didn't say anything this time.

However, they didn't pick them up. Lan Shanshan over there didn't come back at eight o'clock, and they didn't know what she was doing there, and there was no news.

Lu Jin was still waiting for someone in the room to act, but when he saw this point, he still didn't move. Finally, his eyes darkened and he passed.

"Huo Yin, won't you pick it up?"

"?"

The boy who was playing games in the room turned around.

His current thinking is actually a bit weird, because Lu Jin found that he never seems to take the initiative to do something, and he always moves when others say it.

It was as if he had completely lost the ability to think for himself.

"Huo Yin, aren't you worried about her accident? It's so late."

"..."

Finally, you can see that on his handsome face with headphones, his handsome eyebrows are frowning there.

However, in the next second...

"You can go too."

"..."

Lu Jin was about to get angry.

He didn't say anything else, just stepped forward and took off the pair of headphones on his ears, grabbed his arm and dragged him out of the chair.

"Come on, I'm not even 18 years old. If I go to the main street, the car will be impounded, so hurry up."

He was completely commanding.

Huo Yin had no choice but to go out with the car keys in the end.

Lian Xiling heard the movement in the bathroom, and wanted to come out to stop her, but unexpectedly, just after she came out, she met Lu Jin who was full of coldness and blocked her.

"Ten... Sixteen?"

"It's already so late, hurry up and rest, don't worry about things that shouldn't be yours."

He reminded her coldly, and finally didn't give her any more face.

Lian Xiling was taught a lesson, and her face flushed immediately. She looked at this seventeen-year-old boy in fear, and didn't dare to say a word at all.

Huo Yin finally drove out.

By the time we arrived at the museum, it was almost nine o'clock, and at this time, the auction inside had finally ended.

"Miss Lan, today you finally got what you wanted. You didn't come here for nothing to get your grandfather's relics." In the

brightly lit museum hall, just right, when Huo Yin arrived here, he saw a familiar petite figure appeared there.

However, there was also a very handsome young officer in military uniform standing in front of her.

Huo Yin's pupils shrank.

## Returning from the Dead His Secret Lover Chapter 1884

He is angry...

"Thank you very much. If you hadn't helped me just now and lent me a sum of money, I'm afraid I wouldn't be able to get my grandfather's things."

Lan Shanshan looked at the second lieutenant named Wells very gratefully. Officer, thank him again and again.

That's right, at the auction just now, this pen was finally shouted at 50,000 pounds. This is because she Lan Shanshan is a descendant of the Lan family, otherwise it will be even higher.

But even if it was fifty thousand, Lan Shanshan couldn't come up with it.

In the end, it was the second lieutenant officer who paid for her.

"Mr. Wells, don't worry, I will pay you back the money soon." Lan Shanshan said again, a little unnaturally, that she would definitely return the money as soon as possible.

But the lieutenant officer smiled.

"Miss Lan, don't take it to heart. You are still a student now. You can talk about this when you come out to work later."

"No, no, I will work while going to school, and I will pay it back to you soon."

Lan Shanshan Again quickly said.

As a result, as soon as she finished speaking, the second lieutenant officer suddenly saw a trace of incredible expression on his handsome face.

"Can I still work when I go to school?"

"Of course I can."

Lan Shanshan smiled lightly, thinking about leaving.

This chapter is provided by [naijdate.com](http://naijdate.com). Visit [naijdate.com](http://naijdate.com) for daily update.

It was really too late, she was afraid that the people over there would be worried.

However, after listening to this, the second lieutenant immediately opened his mouth again: "If this is the case, Miss Lan can come to our Ministry of Foreign Affairs. I heard my wife say that you are majoring in accounting, and it happens that our Ministry of Foreign Affairs needs such personnel. "

Ah?"

Is this happiness coming too fast?

Lan Shanshan forgot how to react for a while.

At this time, in her ears, she seemed to hear the sound of a sports car engine starting.

"Wow—"

She immediately looked out.

As a result, at a glance, she saw a flaming red Lamborghini rushing out of her sight. The speed was so fast that she didn't have time to react. What was going on?

It had disappeared in front of her.

Lan Shanshan: "..."

This is...?

"Security, what happened just now?"

"Mr. Wells, that's someone who just arrived here. He seems to be here to pick him up. He also asked me when the auction will end? In the end, why did he leave? "The security guard looked at the shadow that had disappeared, but also showed a trace of daze.

Lan Shanshan heard it, and suddenly, her head was empty.

Yin Yin?

She rushed out of it immediately and looked in the direction where the car disappeared.

However, at this time, it was completely invisible. The only way to prove that this sports car appeared here is that there is still its smell in the air.

Lan Shanshan's face turned pale.

He quickly took out his mobile phone and dialed it, only to find that there was a voice that the phone could not be connected.

Lan Shanshan: "..."

"Miss Lan, what's wrong? Did something happen?" Later, Wells also came over. Seeing that she had been frantically dialing her phone by the side of the road, Hastily asked inquiries.

But now Lan Shanshan, where is she still in the mood to pay attention to him?

"I'm sorry, Mr. Wells, I have something to do. I'll go first. We'll contact you later when we have time."

Then she lifted her foot and left.

Seeing Wells, he hurriedly chased after him: "It's so late, I'll take you back, it's too dangerous."

Lan Shanshan: "No need, someone has come to pick me up, right in front, Wei Sir, really, go back, I beg you."

At last she began to plead with the second lieutenant in order to get the second lieutenant back quickly and not bother her anymore.

She can't help it, she's really going crazy now.

If it was the young man who saw her just now, then he must be angry. He has a very small heart. When she was in Ya'an, she couldn't even say a word to the uncle in Gen Village.

In order to let this person leave, Lan Shanshan finally had to get into a taxi.

When he finally left, she came back and went to wait in a cafe opposite the museum that was still open.

She is betting, will he turn back?

Lan Shanshan sat quietly in the coffee shop for fifteen minutes, half an hour, an hour...

The people in the coffee shop were all gone, and the boss was about to close, she glanced at the empty outside, still No shadow was seen.

So, he's not coming back, is he?

Lan Shanshan finally lowered her head, and the moment she lowered her eyes, she couldn't hold back after all, and a hazy mist came out of her eyes.

"Squeak—"

At this moment, in the cafe that was about to proof, someone pushed the door and came in.

"I'm sorry, sir, we have to close..."

"..." The

waiter's half sentence was swallowed in his throat.

Because, he saw this handsome boy who came in from the outside with a chill all over his body, and went to the place step by step, in front of the girl who had been sitting here for several hours.

"Clang!"

The voice of the car key thrown on the table was very loud in the silent and empty cafe.

Lan Shanshan was also frightened, she raised her head suddenly, a pair of hazy almond eyes with long eyelashes still stained with tears, and stared blankly at this person.

## **Returning from the Dead His Secret Lover Chapter 1885**

Why is he so angry?

Lan Shanshan got into the car.

The moment the car door was closed, she felt the chill that hadn't dissipated on this person, and she didn't dare to open her mouth, so she sat obediently in the back and looked at the scenery outside the window.

The car is terribly quiet.

Speeding all the way, in this top-level luxury car with excellent sealing, you can only hear the slow flow of heating.

Lan Shanshan clenched her fingers before she knew it.

“That, the person who just dropped me off at the museum is an officer from the Ministry of Foreign Affairs, and his wife specially asked him to protect my safety.”

“...”

Still no response.

This person, it seems that after coming here to study, his ability to say no half a word if he doesn't want to speak, is even more outrageous.

Lan Shanshan had no choice but to continue: “Also, he sent me down just now because...because I was at the auction and wanted to take my grandfather's stuff, but the money wasn't enough, and then he...he just...”

Crack!”

Finally, the car stopped on the side of the road.

Lan Shanshan hasn't finished her words yet.

Why did this guy stop suddenly?

This chapter is provided by [naijdate.com](http://naijdate.com). Visit [naijdate.com](http://naijdate.com) for daily update.

She could only cover her frightened chest and look at the person in front of her with a look of fear, not even breathing too loudly.

“I lent it to you?”

“...Yes.”

Lan Shanshan replied tremblingly after hearing the voice that seemed to seep out of the ice cave.

Sure enough, as soon as the voice fell, the aura on this person became even more terrifying.

“Are you out of your mind? There are so many people in the family here, and there is not enough money to call?”

"I... I wanted to call at the time, but... but he has already taken it out, and I have also participated in that auction. When he was raising his placard, then... the money was taken from his account. I've been deducted."

Lan Shanshan was about to cry.

She stammered to explain, the grievances on that little face were just about to shed tears.

This really has nothing to do with her.

The auction started with a starting price of 100 pounds, because it was a public welfare event, so when the lady invited her, she agreed.

But who would have thought that as soon as the filming started, this person would increase the price in units of ten thousand. At that time, even if she quit, it was too late.

Huo Yin was so angry that his face was ashen.

He didn't even understand why he was so angry? He sat there, staring at the front of the car, and felt like his chest was about to explode.

"How much?" In the end, he could only ask this question.

Lan Shanshan quickly took out the pen: "Five... 50,000 pounds."

Huo Yin: "..."

He didn't say anything. After he lowered his head and took out his mobile phone, he only saw that he was operating on it. Twice, and soon, a sum of money was debited from his account.

Lan Shanshan watched carefully from behind.

Until, not long after, her mobile phone vibrated, and when she looked down, she found that she had received a message that the payment had arrived.

And the amount...

"500,000!! Yinyin, are you crazy? What are you giving me so much money for? I only need 50,000!!"

"Shut up!"

Another very irritable sentence.

After the teenager threw the phone aside, he started the car and sped out again.

Lan Shanshan: "..."

Crazy, he's really crazy.

Forget it, don't mess with him tonight, and then return the money to him tomorrow when he's out of his anger.

Lan Shanshan didn't bother him anymore, but bowed her head and compared the money she received. After quickly transferring 50,000 yuan, she first returned it to the second lieutenant officer.

[Lan Shanshan: Mr. Wells, this is the money returned to you, thank you very much for your help. ]

【Wells: So fast? Didn't you say you have to work to make money? Why did it suddenly exist? Did something happen to you? 】

This second lieutenant officer is still very good. When he saw the money coming so quickly, he immediately wondered if there was any danger here?

Danger?

There must be, it scared her to death just now.

However, Lan Shanshan raised her head and glanced at it, and found that the young man driving the car in front of him was fully focused on the front in the dark night, and the breath on his body was indeed much calmer.

The corners of her mouth relaxed.

[Lan Shanshan: No, my family came here. When I was in the museum, I actually wanted to call them. ]

【Wells: ... Well, then you still come to work in the Ministry of Foreign Affairs? 】

[Lan Shanshan: ...]

"Have you had enough of the chat? Are you still addicted to chatting after paying back the money?"

"..."

Lan Shanshan immediately pressed the phone and sat in the back.

Isn't this guy driving? How do you know she's paying back? Still chatting with people? Does he have eyes behind him?

Lan Shanshan no longer dared to have small things.

In the later time, because she had been tossing for a day, and she hadn't slept well last night, Lan Shanshan actually fell asleep after sitting in the back and getting more and more sleepy.

The girl's even breathing sounded.

The young man driving the car in front of him glanced in the rear-view mirror with those eyes that were still brilliant in the dark. After a while, the speed of the car slowed down.

Forty minutes later, outside the apartment complex.

"Yinyin..."

In her sleep, she suddenly felt someone move her Lan Shanshan. After opening her hazy eyes, she saw a familiar person, and she opened her arms subconsciously.

## **Returning from the Dead His Secret Lover Chapter 1886**

Yin Yin, shall we get along well?

The man was stunned for a moment.

Seeing that he didn't move, Lan Shanshan simply jumped over her body, hugged him, and buried a small head, which was drowsy, into his neck.

"Yinyin, I was wrong, you don't... don't run away, okay? It's all my fault, I won't back down anymore, let's be good... be good together, okay?"

She was like a cat , fell asleep, and were still pleading beside his ear.

Huo Yin's brain "buzzed".

It was as if he had been acupuncture. After the whole set was there, his mind became blank, and all the voices and movements seemed to be incomprehensible.

What is she doing?

Also, what does she mean by that? Why did she let him not run? Want to keep them together?

They...are they not aunts and nephews? !! ‘

The boy without that memory, at this moment, is like a tenth-level storm in his mind, he can't believe such a thing at all.

“Yinyin, you are finally back?” Remembering the

key moment of the website, a familiar voice sounded from behind.

It was Lian Xiling who came down, but she still hadn't slept and was still waiting for them.

As soon as the boy who was rolling in the stormy sea heard this, he was about to pull the girl who was really holding him tightly in his arms, and threw her back into the car.

“Huh? What is this little aunt doing? Is she asleep? Then I'll help her up.”

Lian Xiling saw their backs and vaguely guessed what was going on?

Immediately, after she said a word, she endured her anger and came over.

Huo Yin: “...”

Just for a second, I don't know what happened, and he hugged the hand he was about to let go.

“No!”

He coldly refused.

Then, after taking the girl out of the car, he closed the door and went upstairs.

Seeing Lian Xiling in the back, she was angry and hated, and even her pretty little face that had told her countless times to keep her demeanor all the time became crooked at this moment.

Blue Shanshan! You are so shameless! !

——Lan

Shanshan slept very well that night, and slept until dawn.

“Little aunt, are you finally awake? Breakfast is ready. I heard that you went to your grandfather’s old friend’s house yesterday and auctioned off your grandfather’s belongings.”

Ruoruo is the little sun in this apartment.

As soon as she saw that the little aunt was awake, she immediately ran in and began to ask about yesterday’s events with a smile.

Lan Shanshan slept well, and she was naturally full of energy.

Getting up from the bed, she gave the little girl the pen she got back from the auction yesterday.

“That’s it.”

“Wow, it really looks very different. If my great-grandfather saw this, he would be very happy.”

Ruoruo looked at this very historical pen, and sincerely felt for the little one. Aunt is happy.

Lan Shanshan put it away.

“By the way, are you going to school? Then I’ll go wash up quickly.”

“Auntie, you’re sleepy, today is the weekend, you don’t need to go to school, we have already decided, we’ll go fishing today, do you want to go? Go?” The

little girl suddenly came with such a proposal.

fishing?

Lan Shanshan scratched her head.

She doesn’t seem to have time to play now. Apart from her homework, she has to make money. Isn’t that a loan of 50,000 pounds from someone?

Lan Shanshan refused.

When the news reached the restaurant, Lian Xiling was secretly overjoyed.

“That’s it, let’s go over there. When we catch the fish, we can bring it back to the little aunt to eat.”

“Then what is your little aunt going to do?”

Lu Jin asked.

Ruoruo stood there and thought for a while: “She seems to say that there is still work to do at the school. She has just arrived, so it’s hard to relax, and I’m afraid that when I return to T University, I won’t be able to make a difference.”

Lu Jin didn’t say anything.

Half an hour later, when everyone had packed up and was about to leave, Ruoruo suddenly found that his brother didn’t seem to come out of the room.

“Brother, you’re leaving now, what are you doing?”

“I’m not going.”

These three words were very neat and tidy.

Ruoruo was stunned.

And Lian Xiling in the living room came over immediately after hearing this sentence.

“Yinyin, why didn’t you go all of a sudden? Didn’t we have a good talk at breakfast? When we went fishing together, I made an appointment with the farm.”

“You can go by yourself.

” Huo Yin, who was in front of the computer, didn’t even turn his head back, so he bluntly refused again.

Lian Xiling’s fingers were clenched tightly.

Lu Jin: “If he doesn’t go, he won’t go. If he goes, he won’t be able to fish. Whenever we are not playing, he will sit next to him.”

“Well, this sentence makes sense, forget it, Sister Ling, If my brother doesn’t go, don’t worry about him, the three of us go, it’s just as lively.”

Ruoruo also ran over, grabbed the elder sister’s arm and dragged her away.

Lu Jin saw it and walked away with the fishing gear.

Lan Shanshan was in the bathroom and didn't know about it yet. When she came out and saw that there was no one in the apartment, she hurriedly tidied up and prepared to leave with her bag on her back.

## Returning from the Dead His Secret Lover Chapter 1887

His little secretary...

"Hello, may I come over for an interview now?"

"..."

"Okay, I'll be there soon."

She confirmed the news that she could go to the interview, and was so happy that she ran out of the bedroom after changing her shoes. .

As a result...

"Yin...Yinyin? You...you didn't go fishing?"

She covered her nose that was hurt by the bump, and suddenly raised her head to see the young man who appeared in front of her, and even said something in a panic. Not complete.

Why is this guy silent at home?

All right now, let him know all about her going to work.

"Where are you going?"

Sure enough, after stopping her, Huo Yin's face was quite ugly, such a handsome and handsome face, but at this time, it was like eating people.

Lan Shanshan swallowed.

"...I'm going to class..."

"...I'm going for an interview and looking for a job."

She honestly lowered her head, and under the pressure of this person's powerful momentum, she persuaded faster than ever.

Huo Yin: "To repay my money?"

Lan Shanshan: "Yes... Yes, I lent you 50,000 pounds."

She immediately raised her head again, her eyes as clear and translucent as lake water, Don't take it too seriously.

However, just after she finished speaking, this guy actually stood in front of her and sneered: "Is it fifty thousand? I clearly passed five hundred thousand to you last night!"

Lan Shanshan: "..."

Although she did not evidence.

However, she really doubted that at this moment, this guy was trying to blackmail her.

In the end, Lan Shanshan was honestly taken away by him and went to a local securities company.

"Remember, when I talk to someone later, you will write down all the important data, and I will look at it when I go back."

"Oh..."

Lan Shanshan immediately said that she remembered it.

Afterwards, the two entered the building. After Lan Shanshan saw a Western man in a suit, he soon took them to a conference room.

"Everyone, this is the person in charge of the Huo Group here. If you have any questions about securities, you can talk to him now."

"Okay, Mr. Huo."

"Mr. Huo, very It's an honor to meet you!"

“ ”  
... ”

A big scene that has never been seen before.

Lan Shanshan was completely dumbfounded, but in her chest, when she saw that this young man was able to cope in front of so many people, it was like a replica of his daddy.

She was adored from the bottom of her heart again.

Lan Shanshan finally sat down beside him, and when she calmed down, she quickly entered the working state.

She wasn't weak at all.

The meeting lasted for more than an hour, and when it finally ended, Lan Shanshan had written down a dozen or so pages in her notebook, and marked it very clearly.

“Do you remember?”

“Remember, you see, the red lines are the stocks they said they hoped the Huo Group will acquire, and the blue ones are currently unstable.”

Lan Shanshan hurriedly He handed over the book and placed it in front of this young man.

She came out in a hurry this time and had no work experience, so she didn't bring a computer and could only write in a notebook.

However, when Huo Yin saw the handwriting on this book, he found that this person is obviously a girl, but her handwriting is very beautiful and grand.

It was very pleasing to see him.

“Yinyin?”

“...Understood, put it away, it's almost twelve o'clock now, let's go to eat first, and then go back after eating.”

Huo Yin calmly retracted his gaze, and after giving a light command, he He packed his notebook and stood up from his chair.

Seeing this, Lan Shanshan quickly followed.

The two went downstairs and were about to leave the company when suddenly, Huo Yin's cell phone rang.

“Hello?”

“Yinyin, are you in a securities company? I seem to have seen you just now.”

It was Lian Xiling’s voice again.

Lan Shanshan didn’t hear it. After she saw him on the phone, she stood aside and waited for him. It must be rude to be around when others call.

Unexpectedly, when this person finally finished the call, the moment she walked over, she heard him say: “Lian Xiling is here, let’s go to dinner together later.”

Lan Shanshan: “...”

One morning The good mood, just like that, has been destroyed by seven or eight.

She is not the Virgin again, and she must be unhappy that someone has come to hinder the time between the two of them alone.

Besides, she and that Lian Xiling both made it clear, and they both knew each other’s intentions. After hearing this, wouldn’t they understand that she came here on purpose?

In the end, Lan Shanshan had to go to the restaurant together.

Really, when she went there, she found that the restaurant that Lian Xiling had booked was a very high-end western restaurant. At this moment, she was smilingly waiting for them at a window seat.

“Yinyin, here, I’ve already ordered them, all of which you like to eat.”

“...”

Lan Shanshan pretended not to see it.

The three finally sat down, Lian Xiling finally looked at her and asked with a concerned look: “Little aunt, what do you want to eat? I’m sorry, I don’t know what you like to eat, just give Yinyin some. Now .”

“It’s okay, I’ll take a look.”

Lan Shanshan picked up the menu on the table very generously.

## Returning from the Dead His Secret Lover Chapter 1888

She is not a light bulb

“By the way, little aunt, why did you follow Yinyin here today? Today is Saturday, Yinyin, isn't the securities company not working? Why are you here too?”

Just when Lan Shanshan was ordering food , Suddenly, Lian Xiling, who was sitting opposite, chatted again.

Lan Shanshan looked up at her.

“I don't know very well, it was Yinyin who brought me here.”

“Ah?”

This was too clever, and he directly kicked the ball to the teenager among them.

Lian Xiling choked, that pretty face was really not very good-looking.

How could she not know?

Since Huo Yin came to study here, Qiao Shiqian, on the side of the Huo Group, gave him some of the business here in order to train him.

However, it is common for him to be busy when he is not in school. Moreover, some companies will deliberately adjust the time to weekends in order to wait for him.

But even so, he didn't say that he would bring someone else. It's been so long, but she Lian Xiling really wanted to come with him and help him out.

But never almost.

Lian Xiling felt extremely uncomfortable again.

“Have you ordered yet?”

Huo Yin said.

However, instead of answering Lian Xiling's question, the beautiful ink pupils lifted slightly and swept towards Lan Shanshan who was still looking at the menu.

Lan Shanshan: "..."

Actually, it hasn't been ordered yet.

She is a very traditional domestic girl. She grew up eating food made by her parents. She is really not used to Western food and rarely eats it.

"Then... have a steak and a glass of juice."

She ended up ordering a simpler one.

The waiter is ready to go.

"Then are you still busy after dinner? Yinyin?" Lian Xiling spoke again, looking directly at the boy opposite.

Huo Yin raised his eyebrows.

"No." He finally answered her.

no need?

As soon as these words were said, the haze in Lian Xiling's heart was swept away. She thought that a friend had just asked her to go to a party in the afternoon, and she was immediately excited.

"Let's go play in that afternoon, okay? Ha Na's family will hold a new product launch this afternoon. There are a lot of fun and delicious food. They invite us to go, Yin Yin, will we go together?"

She looked at the boy with hope.

If Huo Yin had nothing to do before, he would accompany her there.

But today, he sat there unresponsive.

Lian Xiling: "..."

She had to look at the girl directly opposite, she asked again: "Little aunt, are you going?"

"Ah?"

Lan Shanshan, who was looking at her phone, looked up. .

“Are you a friend? I won’t go, it’s not good, I still have classes in the afternoon, I’m going to school, you go over.”

“But...”

“What classes do you have in the afternoon? As an exchange student like you, you still have to go to school. Is there a teacher who specially opened a small stove for you?”

Suddenly, this guy interrupted Lian Xiling next to him, he stared at Lan Shanshan coldly, and his tone was full of merciless ridicule.

Lan Shanshan: “...”

Do you need to be so mean?

What happened to the exchange student? Exchange students are not worthy of preferential treatment by teachers?

Lan Shanshan was a little angry.

However, she did not dare to refute this person at all, because she had a ghost in her heart, she did not go back to school, but after looking at her mobile phone, she found that the company that asked her to interview in the morning sent a message. .

She wanted to try again.

Lan Shanshan pursed her lips: “In short, I just have something to do, you can go by yourself when you want to go.”

She also took a hint of anger at the end.

This guy finally stopped talking, but it was obvious that his handsome face was dripping with water after his eyes became cold.

After eating, Lan Shanshan came out carrying her small bag.

She is not so generous. Since they are going to the party, what is she going to join in the fun? Go be a light bulb.

Lan Shanshan reached out and stopped a car, and soon, she left here and set off towards the company she contacted.

That company, of course, is not the Ministry of Foreign Affairs, but she found a trading company online. It is not very large, but it can hire short-term student workers like them.

This made her very satisfied.

Lan Shanshan came to this trading company called MR.T.

“Hello, my name is Lan Shanshan. I came from Atlanta University to apply for a job. I contacted you at noon.”

“So it’s you, come with me.” The

front desk clerk heard her introduction. Immediately afterwards, she took her to the interview.

Lan Shanshan was fully prepared.

Half an hour later, when she was confident in the rest area that she had got the job, suddenly, the boss of this company came out and gave her a strange look.

“Sorry, Miss Lan, our boss said you don’t meet our requirements.”

“Huh?”

Lan Shanshan’s hopes were all in vain.

“Why? Did I fail the interview just now?”

“No, no, Miss Lan is very good, but our company’s requirement is to work from Monday to Friday, and Miss Lan is still a student, so I’m sorry.”

The clerk quickly explained.

## **Returning from the Dead His Secret Lover Chapter 1889**

Pull him into the world

Lan Shanshan was stunned again.

Monday to Friday?

How did it become this time again? When she applied for the job, wasn't it on weekends? Or else she wouldn't send her resume?

Lan Shanshan thought it was very strange, but since everyone had already stated the request, she was a little suspicious, did she see it wrong? In the end, I can only leave disappointed.

“Buzz...buzz...”

Just then, the phone rang.

When Lan Shanshan heard it, she took out the phone from her bag.

“Hello?”

“Auntie, where are you? We came back from fishing, there are a lot of fish, come back soon, Sixteen said we can make fish hot pot tonight.”

It turned out that it was Ruoruo who called.

As soon as Lan Shanshan heard this little girl, the corners of her mouth raised unconsciously. She likes this heartless, but very enthusiastic little girl.

Lan Shanshan put the matter behind her for a while, took a taxi, and hurried home.

In this cold spring season, it is true that it is more comfortable to eat a little hot pot, and this fresh fish is even more delicious if it is cooked.

When Lan Shanshan was about to arrive at the apartment, she went to the supermarket to buy some vegetarian dishes that could be used to make hot pot, and then went upstairs.

This chapter is provided by [naijdate.com](http://naijdate.com). Visit [naijdate.com](http://naijdate.com) for daily update.

“Little aunt, you’re back, Sixteen has already killed all the fish.”

Ruoruo opened the door and saw that it was her, she was really happy.

Lan Shanshan also smiled.

She came in with the things in her hand, she originally wanted to help in the kitchen, but she didn’t expect that when she came in, she actually saw a familiar figure on the balcony outside the living room holding a carbon stove there.

“he.....”

“Oh, you mean brother? You don’t need to worry about him, you have to let him do some work. I’ll leave the stove tonight to him. You go and get the fish for Shiliu, and I’ll get the vegetables.”

Ruoruo thought that the little aunt was When he was saying that her brother shouldn't mess with that stove, he interrupted her quickly and told her to leave it alone.

That's right, my brother is too lazy. When they went out to play, they always ate ready-made food. This time, he must be allowed to work.

Ruoruo carried the vegetables in her little aunt's hand and jumped to the balcony to accompany her brother.

"Brother, I'm here to accompany you, hurry up, I'll fold the vegetables."

"..."

Even across the distance, Lan Shanshan could feel the boy's irritability.

However, she was actually quite happy.

Lan Shanshan came to the kitchen and saw that Lu Jin was killing the fish there. She also skillfully brought the killed fish and started slicing and marinating it with a knife.

"Where did you guys go today?"

"Follow him to a securities company, and after dinner, I went for an interview."

"Interview?"

Lu Jin looked at her in surprise when he heard these two words. at a glance.

Lan Shanshan nodded: "Well, I took pictures of my grandfather's pen yesterday and borrowed Yinyin fifty thousand pounds. I have to make money to pay it back to him."

Lu Jin: "..."

After a few seconds of silence, he heard He asked again: "Then what?" And then?

Lan Shanshan showed a very depressed expression, "It didn't work, that company said it didn't want students, but when I submitted my resume last night, I saw him being hired."

"..."

This time, the next The boy was silent longer.

That's for sure.

fifty thousand pounds.

Who would dare to ask for the person Xiao Huo likes? Don't say fifty thousand pounds, even if it's five thousand pounds, five hundred...

No one in Atlanta would dare to ask for this girl.

Lu Jin continued to kill the fish silently.

Several people worked on it for more than an hour, and when the sun was about to go down in the evening, the hot pot was finally ready, and the moment the pot was opened, the fragrance overflowed and the whole apartment could smell it.

"Okay, it's time to eat."

If Ruoruo smelled it, she was already hungry and ran over immediately.

Lu Jin brought out the hot pot.

Lan Shanshan took the side dishes and some fish fillets that were marinated and ready to be grilled.

The result...

"Brother, what's the matter with you? Why hasn't this stove been cooked yet?" Ruo Ruo was about to jump, because when she went to hold the charcoal stove where she wanted to grill fish fillets, she found that it still wasn't ready.

Brother is an idiot.

Huo Yin was a little embarrassed, but he was still reluctant to admit that he couldn't do it himself.

"It doesn't work, what does it have to do with me?"

"..."

Awesome!

In the end, Lan Shanshan came over. After she looked at the stove that had been emitting blue smoke, she turned her head and saw the smoky red eyes of the young man next to her.

The good ink pupil was smeared with a little water light, and it was also reddish with a hint of red.

This picture is rare.

He has always been cold and indifferent, with a withdrawn personality, so that he rarely has a fierce expression, just like being isolated from this world, he always gives people a kind of distance that rejects people thousands of miles away.

But now this smear of red seems to have pulled him back to this mortal world.

“Look, if you want to burn charcoal, you have to put the charcoal above it first, and then we ignite the fire and put it under this, and they will be able to catch on.”

Lan Shanshan retracted her gaze and began to teach him how to burn the charcoal.

Huo Yin did not show impatience either.

She is so daring!

He just stood there quietly, watching how she lit the fire, until the dark charcoal was really burning red little by little under the girl's breath.

“Crack—”

A spark suddenly exploded.

Lan Shanshan's head was empty, and before she could react, a hand had already blocked her face, and she quickly pulled her back.

It happened so suddenly, Lan Shanshan, who was dragged back, was blank for several seconds.

“Brother? Brother, what's the matter with you? Are you okay?” In the

living room, Ruoruo, who really set the table and chopsticks, also carefully noticed this, so she ran out immediately.

Only then did Lan Shanshan wake up.

Immediately, when she saw the situation in front of her clearly, she stood up straight from the arms of the man behind her like a conditioned reflex. She turned around and grabbed the arm that he had withdrawn.

“Yinyin, are you okay? Show me your hand.”

“It’s okay.”

Huo Yin bluntly refused.

Moreover, he didn’t let these two girls see, a big man, this little injury is nothing.

However, these two dead girls usually look weak and weak. When the critical moment comes, the younger sister who comes behind will forcefully grab his body. The woman here is even more extreme! !

This chapter is provided by [naijdate.com](http://naijdate.com). Visit [naijdate.com](http://naijdate.com) for daily update.

She actually hugged his arm directly, and her whole body was about to hang on his arm.

“Quick, show me.”

“ ... ”

What kind of creature are these?

He glanced at the guy in the living room who didn’t come to help, but he actually showed an expression of watching a good show, and the blue veins on his forehead jumped even more.

In the end, his hand was finally shown to the public.

And when he showed it to the public, he realized that it was really not light, and it was bubbling.

“God, it’s so serious, hurry up, I’ll take you to see a doctor.”

Lan Shanshan became anxious when she saw it was so serious, and dragged him away without a word.

If you want to follow.

As a result, as soon as he arrived at the door, he was brought back by Lu Jin who was behind.

“Ah, Sixteen, what are you doing?”

“I asked you to come back for dinner. With your little aunt with you, what are you worried about? Eat quickly, or the fish won’t taste good.”

Lu Jin didn’t mean the slightest bit of guilt. After pulling the little girl back to the restaurant, he let her sit down and gave her a bowl of steaming soup.

Let her eat quickly.

Well, when we’re full, they’re going to play games...

——Downstairs

.

After Lan Shanshan brought Huo Yin down, she also drove a bicycle very quickly.

Huo Yin, who was standing in the dusk: “...”

“Come up? Why are you still standing there? It’s very close to the clinic near our school. You can just ride a bicycle. If you want to go to a big hospital, you need to make an appointment. It’s so troublesome.”

Lan Shanshan urged him again when she saw that he was still moving.

Fortunately, after explaining it, this person finally came over, and then, sitting on her back seat, Lan Shanshan stepped on it and set off.

In the evening of early spring, after this point, the gorgeous sunset is no longer so brilliant, it seems to have lost its dazzling luster, leaving only the moon-white twilight.

A little dark.

But still very beautiful.

Huo Yin was sitting behind the girl, and for a moment, something appeared in his mind, and it was fleeting, so that he couldn’t even catch it.

what is that?

He was a little dazed, so much that he didn’t realize when his hands grabbed the girl’s skirt.

“Yinyin, don’t touch my skirt, be careful to break the bubble on your hand, hug me.”

“?”

He suddenly widened his eyes, thinking he heard it wrong.

But with such a stunned effort, this daring dead girl has already grabbed his other hand and placed it directly on her slender waist.
