

## Secret Love 2041

### Chapter 2041: The truth comes to light

“Feng Xuanyi?”

Nameless Nie turned to Feng Xuanyi. “What in the world is going on? Hurry and explain!”

“Captain, no need to hurry. Allow me to slowly explain this whole story,” Feng Xuanyi replied.

“Slow your a\*\*! Make the long story short!” Nameless Nie shouted urgently.

“Hmph, what right do you have to testify for someone else? Don’t tell me... you’ve been bribed by the Fearless Alliance?!” “Worriess Nie” asked harshly, looking at Feng Xuanyi.

“Heh, whether I was bribed or not, facts speak louder than words. The truth can only come to light if there’s proof, am I right?” Feng Xuanyi said in good spirits.

“Tangtang, I’m your true Mommy.” Ye Wanwan softly asked him, “Do you trust Mommy?”

Tangtang looked at her and didn’t hesitate at all before giving a firm nod and shrugging off “Worriess Nie’s” hold. He sprinted toward Ye Wanwan.

“Mommy...” Tangtang called, looking up at Ye Wanwan.

“Good child... Tangtang, this impostor pretended to be Mommy and bullied you, so Mommy will definitely get justice for you. If Mommy can’t do it, then I’ll have your Daddy come here to get justice for you!” Ye Wanwan immediately knelt down and kissed Tangtang on the cheek.

“Mommy... Daddy?” Surprise flashed in Tangtang’s eyes.

“D\*mn, I’m not dreaming, right? What in the world happened? Boss Famous is saying she’s Miss Worriess...?”

Taoist Devotee was stupefied.

“Not just that but even Feng Xuanyi attested to Boss Famous’ identity. I might doubt other people, but there’s no reason for me to doubt Feng Xuanyi’s words... right?” Brick-moving Foreigner wore an identical expression to Taoist Devotee.

“What proof do you have?” Nie Linglong aloofly asked.

“I am proof.”

Spray of Flowers stepped out of the crowd.

“You...” Nie Linglong narrowed her eyes at him.

“Impostor, I’ve killed all of those confidants you left at the prison. You didn’t expect it, right? You freaking... a b\*stard impostor like you has the guts to trick me?!” Spray of Flowers loudly cursed while pointing at “Worriess Nie.”

“What a joke. I have no idea what you’re saying... Oh, I get it. You must’ve been bribed by the Fearless Alliance... But that’s fine. Since you’re saying I’m an impostor, then show us your evidence,” the fake Worriless Nie retorted frigidly.

“No need for the rush.” Feng Xuanyi turned to Brick-moving Foreigner and instructed, “Little Sweetie, go and turn on the projector.”

Brick-moving Foreigner nodded and the projector started several minutes later.

Feng Xuanyi quickly went up and inserted an SD card into the projector.

A second later, a video started playing on the projector screen.

...

Inside a prison, “Worriless Nie” looked at Ye Wanwan and snorted. “So you know everything... but so what? Indeed, I impersonated your identity, but those two old farts from the Nie family are blind and muddle-headed and are set on the fact that I’m Worriless Nie. There’s nothing I can do. From now on, the Nie family will be mine, your son will be mine, everything of yours will be mine... And you—you have to be tortured to death here today...”

As the guests of the ceremony watched this video, they all became flabbergasted.

Even the members of the Fearless Alliance were utterly stupefied. What was this? Their President Fearless... was actually a daughter of the Nie family?!

Madam Nie and Patriarch Nie incredulously stared at the projector screen.

“Mommy... you’re my mommy!”

Tangtang was emotional as he looked at Ye Wanwan and fiercely hugged Ye Wanwan’s legs, unwilling to let go.

#### **Chapter 2042: This world is too insane**

Ye Wanwan looked down at Tangtang and said indulgently, “Aside from me, who else could be my darling Tangtang’s mommy, right?”

“En...” Tangtang resolutely nodded. Everything Mommy said was right.

...

“D\*mn, am I dreaming?”

Nameless Nie looked at the projector screen then turned to examine Ye Wanwan. “I can’t accept this! You’re actually my real younger sister... This world is too insane!”

Nie Linglong ferociously glared at “Worriless Nie.”

This idiot actually abducted Ye Wanwan without asking her and even got recorded by Ye Wanwan!

What was more infuriating was that this idiot didn't mention this matter to her at all! If Nie Linglong knew, how would things have played out like this?!

"You're actually a fake!"

Madam Nie's icy gaze landed on "Woriless Nie."

A tinge of panic finally surfaced on "Woriless Nie's" face.

"Impossible... The prison has metal detector equipment inside. There's no way you could've possessed recording and surveillance devices!"

"Woriless Nie" turned to Ye Wanwan.

"Indeed. But it wasn't me who recorded this." Ye Wanwan snorted.

"It was me." Spray of Flowers looked at "Woriless Nie" and nonchalantly said, "I turned off the devices when I entered the prison, so these devices naturally went undetected. After I left the detectable area, I turned them back on. What did you think happened, you idiot?"

Ye Wanwan glanced at Spray of Flowers. Other people calling "Woriless Nie" an idiot was excusable. Spray of Flowers though... what right did he have to call someone an idiot?

It wasn't that "Woriless Nie" was stupid. She was merely too blindly arrogant and Feng Xuanyi was too clever.

Anti-surveillance and recording devices were installed in the prison, so "Woriless Nie" felt very emboldened and secured. What she never imagined was Spray of Flowers defecting. This was her biggest and most fatal failure.

"Dad... Mom..."

The panicked "Woriless Nie" immediately turned to Madam Nie and Patriarch Nie.

"You impostor, you've deceived us for so long, yet you still have the nerve to call me your father?!"

Patriarch Nie shouted coldly.

"You freaking dare to hit my nephew?! I can forgive you for that, but you used so much money from our Nie family during this time?! You're dead!" Nameless Nie yelled and promptly punched "Woriless Nie" in the face.

A loud \*bang\* resounded and "Woriless Nie" flew back horizontally like a snapped kite before heavily crashing onto the floor.

After "Woriless Nie" landed, her body spasmed for a moment before losing all movement.

"She didn't die, right?"

Ye Wanwan frowned, reflexively covering Tangtang's eyes.

She soon walked toward the impostor and inspected her, only to discover...

That freaking Nameless Nie seriously killed her with a punch!!!

"She stopped breathing? From that alone? How could someone like that possibly be my Sister Worriless? Blah!" Nameless Nie said.

Ye Wanwan: "..."? *This dim-wit...*

Nie Linglong couldn't help but smile. This Nameless Nie was truly stupid but he did help her. If this impostor didn't die, Nie Linglong was afraid her own identity would also be uncovered. Now though, dead men told no tales.

Everyone involuntarily gasped when the impostor was killed by Nameless Nie. This was such a plot twist!

"D\*mn, Sis Feng, you're a member of the Nie family? You're actually Worriless Nie? My brain wasn't prepared for this—wait, no, my brain is about to explode!" Big Dipper stared at Ye Wanwan, stunned.

Chapter 2043: Too great a leap in identities

The subordinates that Ye Wanwan brought from the Fearless Alliance were all dumbstruck. Their President was actually the princess of the Nie family, the leader of the four great clans. Wasn't this leap in identities a little too great?

No one expected the Nie family's succession ceremony today to devolve into this. That Worriless Nie was actually an impostor.

Everyone's eyes landed on Ye Wanwan.

"No way, right... The President of the Fearless Alliance is actually Worriless Nie? How's that possible?"

"Indeed. The Fearless Alliance's notorious reputation has spread far and wide in the Independent State for so many years, so how can President Fearless Bai Feng be Miss Worriless from the Nie family?!"

A higher-up from another faction turned to Madam Nie and Patriarch and cupped his fists as he said, "Patriarch, Madam Nie... Could this be a deception...?"

Madam Nie glanced at the speaker and aloofly replied, "We'll naturally determine whether or not this is deception ourselves. None of your input is necessary."

"Um... fine."

Since Madam Nie said that, he'd be acting out of line if he continued vocalizing his doubts. It wasn't a joking matter to offend both the Nie family and the Fearless Alliance at the same time.

First Elder pensively studied Ye Wanwan. He finally understood why the President kept making him conduct DNA tests earlier... Those DNA samples probably came from the Nie family.

"D\*mn, Sis Feng, you're actually Worriless Nie... The Second Miss of the Nie family, the demon instructor from Scarlet Flames Academy!" Big Dipper stared at Ye Wanwan in shock. This world was too crazy, right?!

"You're my real sister?"

Nameless Nie was dazedly looking at Ye Wanwan. "My foster sister became my real sister?"

Ye Wanwan: "..."

"Mommy..."

Tangtang intently stared at Ye Wanwan, his warm hand unwilling to loosen its grasp on Ye Wanwan.

Ye Wanwan quickly picked up Tangtang into her arms.

"Patriarch, Madam... how about we cancel today's succession ceremony for now and discuss this at home?" Feng Xuanyi suggested quietly.

Patriarch Nie and Madam Nie were a bit lost in their stares of Ye Wanwan. It wasn't until Feng Xuanyi repeated himself that they regained their composure and announced the cancellation of the succession ceremony today.

After everyone left, Madam Nie's first reaction was to look at Nie Linglong.

Before Madam Nie could speak, Nie Linglong took the initiative and guiltily said, "I didn't expect... I was also deceived by that impostor... Mom, Sister Worriless, it's all my fault..."

Ye Wanwan apathetically glanced at Nie Linglong. *What decent acting. I was almost fooled by that guilty and grievous expression myself.*

However, now wasn't the time to target Nie Linglong. They also didn't have any proof.

Nie Linglong might've found an impostor, but her single line "I was also deceived" shut everyone's mouths.

No wonder this woman could conceal herself inside the Nie family for so long...

As she expected, although Madam Nie and Patriarch Nie didn't look too happy, they didn't say anything more. Currently, their attention was wholly focused on Ye Wanwan.

"Child... you... you really are... really are Worriless..." Madam Nie was trembling lightly as she clutched Ye Wanwan's hand.

Feng Xuanyi stepped forward at this moment and started to explain, "Madam, Patriarch, I apologize deeply for not informing you of the truth in advance. By that time, the fake miss had obtained your trust with Nie Linglong's help already, and the Nie family obviously had an insider or else her DNA test wouldn't have come back positive."

#### **Chapter 2044: Official roast**

"Hence, in order to divulge the truth to Madam and Sir, Miss Worriless and I designed this plan and made her reveal her plan herself and publicize the recording to expose that impostor's true face," Feng Xuanyi continued.

When Patriarch Nie heard this, his expression turned grim. "Who could've pulled off this trick under the Nie family's noses?"

Nie Linglong's eyes turned in thought. "Dad, Mom, it's my fault for not being cautious enough and allowed someone to exploit our loophole. I'll definitely thoroughly look into this matter!"

"I'll investigate this matter myself," Patriarch Nie said.

Right now, he didn't trust anyone, so he had to investigate it himself.

"Xuanyi, how did you find Worriless?" Madam Nie asked.

"Madam, I found Miss Worriless back in China. At that time, she had drifted to China's Imperial City and seemed to have lost her memories, so I never acknowledged her. I had to investigate for a long time before I could confirm Miss Worriless' identity."

Spray of Flowers guiltily said, "Back then, I wholeheartedly thought the woman at home was the real Miss Worriless, so I told that impostor how Feng Xuanyi seemed to have found Miss Worriless. That impostor deceived me and said the real Miss Worriless was an impostor from the Direct Line and sent people to assassinate Miss Worriless many times..."

Spray of Flowers then proceeded to spill everything else.

Madam Nie and Patriarch Nie were shaken to the core by the tale, and Madam Nie grasped Ye Wanwan's hand, her eyes red and her expression brimming with heartache.

No wonder. No wonder she felt particularly intimate to Ye Wanwan the first time they met and wanted to get close to her. Madam Nie never imagined she would've mistakenly lead a ravenous wolf inside her home and nearly harmed her real daughter.

Madam Nie embraced Ye Wanwan with a sob. "Worriless... I've done you wrong... I've caused you to suffer..."

Ye Wanwan was a bit unaccustomed to Madam Nie's proximity. "You don't need to blame yourself. Those people were too cunning."

Nie Linglong watched this family tearfully reuniting while she stood on the side by herself, as though she was an outsider. A chilliness flickered through her originally calm and placid gaze, and her fingernails dug into her palms.

*I knew it. I knew that as soon as the real Worriless Nie returned, this Nie family... probably wouldn't have a spot for me anymore!*

The position of the Nie family's Second Miss and even the position of the Nie family's head was almost, \*almost\* hers. But then, this b\*tch actually returned at the last minute...

Feng Xuanyi! The person sent by the Ling family!

She actually forgot about this person.

"Child, how have you been these past years? Just what happened? Why did you lose your memories? No wonder... no wonder you didn't come home for so many years!" Madam Nie launched question after question.

Ye Wanwan concealed the fact that Si Yehan masked her memory. "I don't know either. Perhaps I hit my head in an accident. It's only recently that I started recovering a fraction of my memories, but there are still many things I don't remember..."

Madam Nie glared at Nameless Nie and said, “That unreliable brother of yours. I don’t know whether I should say he’s dumb or he’s lucky. He casually found someone to impersonate Tangtang’s mom and actually found you...”

Patriarch Nie snorted. “He didn’t realize the long-missing sister he had been searching for for so many years was by his side. Does his brain look fine to you?”

Ye Wanwan: “...”? *An official roast is the deadliest!*

Nameless Nie grumbled, “What right do you have to talk about me, Dad? Didn’t you also fail to recognize her?!”

### **Chapter 2045: Won’t allow Tangtang to lack a father**

“You...” Patriarch Nie was nearly infuriated to death. Nameless Nie quickly dodged before he was hit.

Madam Nie and Patriarch Nie were overwhelmed with guilt. They couldn’t recognize their real daughter and nearly caused her to be harmed by an impostor. They truly didn’t deserve to be parents, allowing her to undergo so much suffering.

“Sister Worryless, thank goodness you’re back. Otherwise, I wouldn’t be able to remedy my wrongs even if I died!” Nie Linglong kept apologizing but her words suddenly took a sharp turn. “However, I didn’t expect you to be the President of the Fearless Alliance, Sister Worryless! No wonder we couldn’t find you no matter what!”

Ye Wanwan coolly glanced at Nie Linglong. This woman’s words might appear fine but she was obviously using underhanded tactics by purposefully bringing up her identity as the President of the Fearless Alliance. Nie Linglong wanted to drive a wedge between her and her parents.

“Dad, Mom, will me being the President of the Fearless Alliance affect the Nie family?” Ye Wanwan asked hesitantly.

Patriarch Nie promptly responded, “What effect could it have? The daughter of me, Nie Huaili, can do whatever she wants! Who would dare to criticize you?!”

Ye Wanwan: “...”

Her dad uttered “Nie Huaili” rather smoothly! If it weren’t for the fact that Feng Xuanyi informed her that his father had married into the Nie family and changed his surname from Ling to Nie, she wouldn’t be able to tell.

However, from this, it could be seen that Father truly loved Mother very much.

Madam Nie also agreed. “Dad and Mom already told you that you’d be fine to do whatever you wanted! Whatever you want to do, whatever you want, whoever you like—it’s all good as long as you’re happy. You don’t need to worry about the world’s judgments! Now that you’re back, Dad and Mom are here regardless of what happens!”

Ye Wanwan: “...”

Based on how strictly they treated Nameless Nie normally, she thought she'd get scolded, but...

When Nie Linglong saw that her parents didn't care at all, her lips were a little stiff and she took a moment to regain her faint smile. "Dad and Mom are right."

Nameless Nie was flabbergasted. "Dad, Mom! That's not what you said to me! Isn't this preferential treatment too much?! Honestly tell me—I'm actually adopted, right?"

"D\*mn punk, do you want to die?!"

What followed was Madam Nie and Patriarch Nie drowning Ye Wanwan in pampering and inquiries about her wellbeing. Ye Wanwan only reported the good and avoided the bad, briefly telling them about her life in China these past years.

At that moment, Baby Tangtang looked at Grandma to the left of Mommy and Grandpa to the right of Mommy and Uncle to the front of Mommy. He finally couldn't endure it anymore and called out, "Mommy!"

*Can't they return Mommy to me?!*

Only then did Ye Wanwan realize she forgot about her darling Tangtang. She quickly picked up the little fella and said, "What a good baby! Come here and let Mommy hug you!"

Baby Tangtang grievously shoved Nameless Nie aside and sprang into his mom's arms.

Madam Nie's face was full of loving-kindness and comfort as she looked at her daughter and grandson. "No wonder... no wonder Tangtang likes you so much and feels so close to you... You're related by blood, after all..."

Patriarch Nie sighed. "It's a pity that Xiuran went missing. Otherwise, your family of three could reunite!"

When Ye Wanwan, who has happily hugging Tangtang, heard that, she was startled. "Huh?"

Patriarch Nie hastily comforted her. "Worriless, don't worry. I'll definitely find Xiuran and absolutely won't allow Tangtang to go without a father!"

#### **Chapter 2046: Not Ji Xiuran**

"Pft! Cough cough cough..." Ye Wanwan was nearly choked by her own spit. "No... Dad, Mom... You've misunderstood!"

Patriarch Nie and Madam Nie looked at each other, baffled. "Misunderstood? What do you mean?"

Ye Wanwan patted Tangtang's head and exasperatedly asked, "Dad, Mom, who told you Tangtang's father is Emperor Ji?"

Madam Nie retorted, "It's not?"

Ye Wanwan cleared her throat. "It really isn't..."

Madam Nie and Patriarch Nie were stunned.

They both knew how much their daughter liked Ji Xiuran back then. Moreover, Ji Xiuran had always treated Tangtang very kindly, and they shared a close relationship. Hence, Ji Xiuran never said anything, but they tacitly agreed that Tangtang had to be the son of their daughter and Ji Xiuran.

Who would've expected that to be false?

"D\*mn! Tangtang's dad isn't Ji Xiuran?" Nameless Nie was also astonished. "Then who's Tangtang's father?"

"..." Ye Wanwan wondered how her parents and Nameless Nie would react if she told them it was Lord Asura...

*Forget it, I should give them a breather.*

Ye Wanwan glanced at Darling Tangtang's nearly identical features to a certain someone before saying, "Either way, it's not Ji Xiuran. Don't misunderstand! When there's time, I'll bring Tangtang's dad here to meet you!"

Madam Nie deliberated her next words for a moment. She grasped Ye Wanwan's hand and heavily said, "Ah, Worriless, although you can't be with Xiuran, you absolutely can't abandon yourself and get with a random man, alright?"

"That's right! Don't tell me the daughter of me, Nie Huaili, would need to fret about finding a good man! That punk from the Ji family is blind for not liking you!"

Ye Wanwan didn't know whether to cry or laugh. "Dad, Mom, don't worry! How could I have possibly found a random man?! You just need to look at Tangtang's perfect genetics to know his dad is very outstanding and especially handsome! More importantly, we're mutually and genuinely in love, so don't worry!"

Her parents finally relaxed after hearing that.

However, Ye Wanwan's heart suddenly raised.

*Sh\*t, now that everyone knows I'm Worriless Nie, Si Yehan must also know...*

*He knows I'm Worriless Nie, he knows Worriless Nie has an engagement with Ji Xiuran, he knows I have a son—an out-of-wedlock son with Ji Xiuran...*

At the same time, at a hot-springs resort in the Independent State:

Si Yehan, Jiang Lihen, Xie Qianchuan were discussing business while sitting at a stone table under a tree when the sound of urgent footsteps was heard.

Lin Que dashed toward Si Yehan, gasping for air. "Ninth Brother! Some.. something happened... something serious happened!"

Si Yehan frowned lightly. "What is it?"

Jiang Lihen and Xie Qianchuan also reflexively turned to Lin Que.

Jiang Lihen disdainfully looked at Lin Que's face, which turned average-looking after his disguise, and asked, "Tsk tsk, say, Second Lin, when can you fix your ruckus-causing personality?"

"Something heaven-collapsing really happened this time, alright?!" Lin Que ignored Jiang Lihen and caught his breath before swiftly continuing, "Ninth Brother, everyone in the Independent State is saying that the President of the Fearless Alliance, Bai Feng, is the true Second Miss of the Nie family, Worriless Nie!"

"That girl crashed the Nie family's family head succession ceremony today and supposedly broadcast a telling video that proved the Worriless Nie in the Nie family right now is a fake and she's the real one! The fake one was killed on the spot by Nameless Nie!"

### **Chapter 2047: You got cheated on?**

After Lin Que dumped everything in one breath, the surroundings sank into a deadly silence...

Ye Wanwan... the President of the Fearless Alliance, Bai Feng... was the Second Miss of the Nie family, Worriless Nie?

This news was considered explosive no matter the audience.

Jiang Lihen was the first to react. He jumped up and exclaimed, "Ahhh! It really is a serious matter this time! Ah-Ye, your wife is actually the princess of the Nie family?"

Xie Qianchuan mulled over it for a second before he hesitantly asked, "Don't they say... Worriless Nie has an engagement with Ji Xiuran?"

Jiang Lihen immediately replied, "That's not all! She not only has a fiancé but also has a son who's four or five years old now and has been raised in the Nie family this whole time!"

Xie Qianchuan added, "Rumors say this child is the son of Worriless Nie and Ji Xiuran?"

Jiang Lihen clicked his tongue in glee, leaned close to Si Yehan and clapped the man's shoulder as he said, "So, allow me to summarize. Ah-Ye... you got cheated on?"

Si Yehan: "..."

...

At the Nie residence:

Madam Nie and Patriarch Nie kept engaging Ye Wanwan in conversation while they had the kitchen prepare a table full of dishes.

At the table, the young steward who once forcefully restricted Tangtang's freedom and blocked Ye Wanwan from bringing Tangtang out of the Nie residence had completely altered his attitude toward Ye Wanwan.

This young male steward was obviously working for Nie Linglong.

“Sir, Madam, it’s truly a joyous affair that Miss Worriless was able to safely return and reunite with you!” The young steward cheerfully lauded, completely avoiding the mention of the fake Worriless Nie he vehemently protected before.

Although the young steward had some misgivings about Ye Wanwan suddenly recovering her identity, he felt secured by the fact that he had Nie Linglong’s backing, so he wasn’t worried about Ye Wanwan seeking retribution from him.

“It’s all my fault for being deceived by that impostor and being so blinded that I wasn’t able to recognize you! However, your identity was truly a bit unusual at that time, so I really couldn’t connect you to Miss Worriless...” the steward continued guiltily.

Madam Nie and Patriarch Nie were in a good mood right now and kept offering food to Ye Wanwan. Patriarch Nie was the one who responded. “Enough, it’s a happy day today. Don’t bring up other matters again.”

He, the father, was the biggest failure for mistaking his daughter.

“Yes yes yes...” The young steward enthusiastically agreed. “Madam, I will go and prepare a new room for Miss Worriless now!”

Tangtang frowned when he heard this and immediately refused. “No need. Mommy can sleep with me.”

The young steward countered with a smile, “Little Young Master, that is improper. It’s more appropriate for me to prepare a new room for Miss Worriless.”

Tangtang’s face turned colder.

Ye Wanwan watched how the steward acted like he was the lord of the household and mockery flickered across her face. She patted darling Tangtang’s head before saying, “Since even the Little Young Master can’t command you, then let’s replace you with one he can command.”

The young steward was startled and his expression stiffened. “Miss Worriless... what... what do you mean?”

“What? Am I not clear enough? I want to change stewards. Do you understand me now?”

Malice flitted through the young steward’s eyes, and he instantly turned to Nie Linglong, who was sitting across the table. “Miss Linglong, I’m unsure what I did wrong. Why does Miss Worriless want to fire me?”

Nie Linglong was secretly despising Ye Wanwan’s unreasonable demeanor.

## **Chapter 2048: Conquer their favor**

As expected of someone who grew up wildly outside and was devoid of any manners. Even though she had returned, she probably wouldn’t win Madam Nie and Patriarch Nie’s favor.

Nie Linglong magnanimously and amiably spoke up, "Sister Worryless, the steward is just acting on the wellbeing of Tangtang and didn't do anything wrong. If he's made you unhappy, you can just mildly punish him. You truly don't need to be so angry."

Ye Wanwan mockingly glanced at Nie Linglong. "Who said I'm firing him because of this?"

"Then...?"

Ye Wanwan smiled. "Because I don't like him."

Nie Linglong started. A tinge of anger appeared on her face, but she quickly concealed the emotion and turned to Madam Nie and Patriarch Nie with a troubled expression. "Dad, Mom, Steward Li has performed his duties properly and never did anything wrong since he came to the Nie family. If we fire him just like this, I'm afraid it'd be inappropriate..."

As Patriarch Nie served some food to Ye Wanwan's bowl, he uncaringly said, "Since Worryless doesn't like him, we'll replace him. It's nothing serious."

Madam Nie promptly said to the young steward, "Go to the finance department and settle your salary."

The young steward couldn't believe how easily he was fired. He was fired simply because of an "I don't like him" from Ye Wanwan? He turned to look at Nie Linglong pleadingly.

Nie Linglong's pupils contracted. Previously, although Madam Nie and Patriarch Nie treated the impostor indulgently, they still had a limit. Who would've expected them to lose all principles when faced with the real Worryless Nie? They obeyed and agreed with her every word basically...

Anything she said would probably be useless under these circumstances and might even provoke their ire.

This interlude quickly concluded. Nie Linglong was unable to plead for leniency and the young steward was fired directly.

Madam Nie turned to Ye Wanwan. "Ah, Worryless, don't be angry. Since you don't like this one, I'll go call a group of people here another day and you can choose one you like."

Ye Wanwan hugged Madam Nie by her arm and happily said, "Thank you, Mom!"

Although Ye Wanwan's actions contained some acting, her intimacy toward her real mother was earnest.

She was able to win over even Si Yehan, so how could she possibly not win her real parents' favor?

Today was Ye Wanwan's first time calling her "Mom" and in such an intimate manner too! Madam Nie was wild with joy and a grin spread across her face. "Silly child, why do you need to thank your mom? If there's anything else you want in the future, just tell me, okay?"

"Yes yes, I got it, Mom."

The stern-faced Patriarch Nie also couldn't hold back and hastily said, "If you're bullied on the outside, come back here and tell Dad, alright? Dad will stand up for you."

On the side, Nameless Nie, who was neglected and only had a plate of plain vegetables in front of him, interjected, "I'm full. Bye-bye."

*Can I keep eating this meal?! Can I?!*

Patriarch Nie promptly rebuked, "Sit back down! Your sister is finally back, so where do you want to go party, huh?!"

Nameless Nie: "..."

*What you are doing is domestic abuse! Outright abuse!*

...

Due to her real parents' over-enthusiasm, Ye Wanwan didn't get any free time, and she had to spend time with Baby Tangtang at night.

Hence, it wasn't until the next morning that Ye Wanwan rushed to Asura's headquarters.

However, she didn't see Si Yehan and ran into Jiang Yan, who bristled every time he saw her.

Si Yehan probably knew she and Jiang Yan didn't get along, so he kept Lin Que by his side most of the time lately while Jiang Yan stayed back guarding the headquarters.

#### **Chapter 2049: Your Lord's precious wife**

As soon as Jiang Yan saw her, he entered battle mode, prepared to defend his master's chastity. "Vixen, why are you here again?!"

*"..."?He seriously never changes his lines.*

"Help me tell your Lord that I have something to discuss with him." Ye Wanwan originally wanted to wait until nightfall to sneak inside but she truly couldn't wait.

She had to explain this matter face-to-face.

"Our Lord isn't here! Moreover, you've had a fiancé since long ago and even have a child, but you still keep harassing my Lord! You seriously don't have any shame! I'm telling you—give up this delusion already!" Jiang Yan was outraged, as though the one cheated on was him.

Ye Wanwan's face darkened. How wretched! Everyone really knew already!

Ye Wanwan smiled faintly. "It's none of your business! Don't you know your Lord likes me when I'm this shameless? Otherwise, how do you think your Lord cured his gu poison?"

"Nonsense! It was clearly because I found the antidote for my Lord! Vixen, you... you... you simply..."

In contrast to Liuying, Jiang Yan's vocabulary was pitifully minute, and he had no idea how to insult someone. He uttered "You..." for half a day without any follow up, so he lost it and directly attacked Ye Wanwan.

"Vixen, I'm definitely going to kill you today!"

Ye Wanwan dodged and taunted him with raised brows, “Eh, you’re so courageous, lad! Do you know who you’re attacking? You’re attacking your Lord’s precious wife!”

“Prepare to die, vixen!” Jiang Yan couldn’t breathe because of his rage and even his movements were disrupted.

Ye Wanwan was about to continue her squabbling with Jiang Yan when her phone started ringing. It was a call from Seven Star.

“Sis Feng, the headmaster has returned,” Seven Star said.

Ye Wanwan’s expression turned joyous. “What? That’s great! Help me prepare my ring and my little precious! I’ll head to Scarlet Flames Academy immediately!”

“Little precious?” Seven Star asked.

“The school monument! The school monument!”

“Yes...”

Ye Wanwan lost her desire to play with Jiang Yan the second she heard about the headmaster’s return. “Forget it, forget it. Since your Lord isn’t home, I won’t keep playing with you. Bye-bye! You’ll definitely have to obediently call me ‘Madam Asura’ when I’m back!”

“You!!!” Jiang Yan yelled.

Ye Wanwan had run off already.

She hastily rushed back to the Fearless Alliance and donned some make-up before bolting toward Scarlet Flames Academy with Emperor Ji’s ring and Scarlet Flames’ school monument in tow.

She had thought about it. It would probably still be very difficult to explain herself if she sought out Si Yehan now. The best method right now was to recover her memory and prove that she was sincere toward him from the start then bring the product of their love, Tangtang, with her to see him and explain everything.

*Great! Perfect!*

...

Ye Wanwan returned to Scarlet Flames Academy in the shortest amount of time possible and submitted both missions.

When Ye Wanwan handed over Emperor Ji’s personal ring, the observing students were astonished. When she pulled off the red cloth and revealed the Scarlet Flames Academy monument she brought back, everyone was stupefied.

This time, no one made any sarcastic remarks.

What did it mean for her to snatch back Scarlet Flames Academy’s monument from the hands of Jiang Lihen?

This was something that no one in the Independent State was able to do!

Moreover, this school monument represented the entire Scarlet Flames Academy. What Ye Wanwan obtained through this mission wasn't solely honor points but actual honor!

"D\*mn! Wow!"

"Jiang Lihen's kept a tight watch over this school monument in order to humiliate the headmaster, so how in the world did she do it?"

"I really bow to her this time!"

"This woman is seriously the devil!"

...

### **Chapter 2050: The third hypnosis session**

Ye Wanwan ignored the discussion and bolted off to find the old headmaster with her fresh-out-of-the-oven honor points.

*BANG!*?Ye Wanwan slammed the door open.

The headmaster seemed to have known she would come and find him, so he was waiting in his office.

Ye Wanwan plopped down on the chair in front of the desk as she said, "Sir Headmaster, I've gathered enough honor points."

"Nice, nice! The rising generation is truly to be reckoned with!" The headmaster seemed to be in a good mood, and his face glowed with happiness.

Ye Wanwan buoyantly responded, "Look, Sir Headmaster. This time, I've stolen back Scarlet Flames Academy's school monument! This is such a great meritorious service! Shouldn't you gift me with a free hypnosis session?"

"You little fox, you're rather cheeky. Agreeing to hypnotize you was already an exception to the rule. Every session costs 50,000 honor points, not a single point less. As for your merit, consider it as a payback of my generosity," the headmaster replied while combing his beard.

Ye Wanwan ground her teeth, rendered speechless. This old fox was actually more shameless than her! He knew she was in a hurry to recover her memories, so he was basically extorting her to finish more missions, right?!

"If you're ready, let's begin."

Ye Wanwan's focus was drawn away, and she impatiently lay down on the armchair. "Let's begin."

Like before, the headmaster drew her into a hypnotized state.

Ye Wanwan closed her eyes, and the world gradually dimmed to black.

She felt like she was traversing through the endless corridor of time before her sight eventually broadened and brightened, light rushing into her vision.

In the scene, a group of people were dining together, and Ye Wanwan saw many familiar faces—all people from the Fearless Alliance.

“President, look, this is my grandson, Fu Mingxi! That punk is bad at everything, but his looks are decent and his personality is docile and obedient, so I think you’d take a liking to him, President!” Based on the speaker’s appearance, he looked to be Second Elder.

“Your grandson?”

“That’s right, that’s right. What do you think President?”

Ye Wanwan’s expression turned absent-minded when she accepted the photo and took a look.

Fu Mingxi’s looks were indeed first-class, but she’d journeyed north and south these past years, so she’d seen all varieties of beautiful men. What caught her attention was that Fu Mingxi’s features actually held some similarities to a certain someone.

Even though it was only vaguely similar, it still dazed her.

Sensing hope, Second Elder hastily said, “If you don’t mind him, I’ll let him follow you after he graduates, President! After all, you know his roots, so you don’t need to worry about his personality and character at all!”

“Sure!” Ye Wanwan accepted.

Second Elder was elated with joy. “Great! Then we’ll settle this engagement here!”

The memory ended at that spot...

The hypnotized Ye Wanwan inexplicably felt an urge to spit up blood.

Why the heck did she recall her dark history first in this third hypnosis session that she obtained after great ordeal?!

It really was her who directly agreed to the engagement with Fu Mingxi back then.

Although she said it in an intoxicated state, it still came from her mouth without question.

Seriously, how sinful...

She was better off forgetting this memory right now. She didn’t want to recall it.

At the same time, she noticed that she seemed to have substituted herself in that mood. When she conversed with Second Elder, her feelings felt empty and she couldn’t raise her spirits toward anything...

She speculated that she must’ve been rejected by Ji Xiuran not too long ago and clearly still couldn’t get over him yet, which was why she was dazed by Fu Mingxi’s microscopic similarity to Ji Xiuran.
