

Chapter 165: Soak It Up

Lottie POV

Knox kissed and nibbled at my thighs for several minutes, letting me adjust to Kane's movements as he began to rock against my mouth.

"Good girl." Kane moaned moments later as Knox began tracing my outer lips with his tongue, dragging it slowly from bottom to top, purposely avoiding my clit.

"You do like to tease Brother, Sorry princess, but he likes to drag it out until you're a squirming mess." Kane laughed as I found myself unable to form words and gave up trying, because I WAS already a mess!

"You taste like heaven!" Knox groaned as he flattened his tongue and laid it on top of my entire pussy and held it there for a few moments. Letting the warmth and wetness envelop my sex for a few seconds. Then, without breaking contact, he closed his lips together and in the process dragged them across my pussy like he was eating an ice cream cone. Repeating the movement a couple more times until I could no longer contain the moan around

Kane's thick cock.

Kane whined hungrily at the sight of Knox and I, while his movements sped up on my mouth. I knew that move, how it felt and what it meant for the moments to come. He was enjoying this more than anyone could imagine, and I was undoubtedly about to feel the proof of that as it exploded in my mouth at any moment.

"Here goes!" Kane declared while he jammed his dick all the way down my throat. Too many inches to count in while his balls hit me gently in the nose, and he held my head in place.

I couldn't lift my head to look up at Knox, I was too occupied by Kane's amazing dick and the way Knox was teasing my pussy to do much of anything. Knox toyed with me a bit more before he placed the heel of his palm against my clit, pressing ever so gently while rocking it back and forth.

Given the chuckle that left Knox's lips, he knew I was primed and ready as he lowered his head and went about getting me ready to orgasm. Kane, so absorbed in the way he was thrusting in and out with reckless abandonment, added to my arousal, which only had Knox moaning desperately against

my pussy.

Kane's pace began to quicken as he fucked my face like my mouth was a cunt. There wasn't even a chance to gag as he drove it down my throat over and over again.

"You love it." Sage purred. She was right, I did.

"I swear it feels like he is hitting me in the lungs!" I uttered to my wolf.

"He may very well have been doing just that." She laughed as the sounds coming out of me could not be reproduced or explained, they simply didn't sound like something I ever imagined myself capable of, instead, it sounded like some kind of gurgly animal.

I was literally stunned to the point of near paralysis. Kane's huge cock began thrusting again and again and all I could think about was that my face was a pussy, and I was getting fucked by a horse-hung beast. Over and over again, he drove into my mouth as his balls continued to bounce off my nose in what had to be the most undignified moment of my life.

I felt Knox's warm tongue part the folds of my

pussy, and I was in paradise. I arched my back and began to lose control. I didn't know what to do with my hands. They went from my hair, to the sheets and back again.

Finally, I reached forward and found Knox's head and pulled on his hair, utterly overwhelmed with passion brewing between my mates and I. Knox plunged his tongue into me as Kane did the same with his cock. The three of us were one now, at least for this moment.

Kane gripped me by the throat as Knox licked slowly up one side of my pussy, paying special attention to my inner lip, which I could tell was becoming engorged with blood. Each time he would get close to my clit I knew he could feel my body tensing in anticipation of possible contact because he chuckled darkly and pulled away only to give the other side the same attention.

I couldn't help but begin to whimper as Knox had me almost close to begging. Almost, but not quite.

Knox slid down and placed his tongue inside my body, making me scream his damn name like the weakling I was. The sound had Kane quietly chuckled, enjoying the lecherous torture show far

too much for my liking.

Knox finally moved back up, placing two fingers inside me and for the first time touching his lips to my on clit. I felt the slightest hint of suction, then nothing, until his flat wet tongue enveloped my clit finally.

Kane growled as my aroused scent filled the room. Shit, it felt like I was being choked internally by his dick and I just hoped to ride it out. I could feel him holding my head tighter as he pushed in as far as possible.

"I am gonna cum." He groaned as he ejaculated hard into my throat. I could literally feel the cum being expelled as he practically shot it directly into my stomach. After a few shudders from his cock, he removed it with a deep moan.

"Good girl." He whispered as he sat down next to me, stroking my hair while I panted and begged for air.

"Oh, Goddess! Holy shit!" I whispered as Knox began to lick and feast upon me like I was his last meal. Unable to remain quiet a moment longer, I screamed into the hot air as Kane whispered in my ear.

"Oh yes. Enjoy. Soak it up. Let go completely, Princess."

And I did,

Once, twice, three times until I was spent, sore and utterly satisfied by my glorious mates.
